Laware, Thomas Rollins, Skip

and the majority committee report was adopted.

HB 1481, relative to the qualifications of jurors. INEXPEDIENT TO LEGISLATE.

Rep. Kurt Wuelper for Judiciary. This bill would require jurors to be citizens of New Hampshire, citizens of the United States and to have read the New Hampshire Constitution. The majority believes that the change in citizenship wording is redundant as a citizen of New Hampshire is already defined as a citizen of the United States residing in New Hampshire, and that the requirement to have read the New Hampshire Constitution would be ineffective in giving jurors any significant understanding of it. Vote 15-2.

Committee report adopted.

HB 1493, relative to ownership of DNA. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Gary Hopper for the Majority of Judiciary. This bill as amended codifies in law the idea that your genetic information, the code that exposes all your predispositions both good and bad, is yours to control. The first human genome sequencing took 13 years. It now takes one day. The majority of the committee believes that this information is so personal it should be your choice whether or not to share it. The only exception to that would be for a criminal investigation. Vote 11-9.

Rep. Charlene Takesian for the Minority of Judiciary. This bill is a good idea and the minority agreed with the concept but were concerned about retaining DNA acquired at a crime scene and the usage of DNA during criminal trials. It also cuts out medical and genetic research that could result in medical advancements by requiring consent for the research.

Majority Amendment (0712h)

Amend the bill by replacing section 3 with the following:

3 New Section; Genetic Testing; Individual Right to Genetic Information. Amend RSA 141-H

by inserting after section 2 the following new section:

141-H:2-a Individual Right to Genetic Information. An individual's genetic information and DNA sample are the property of the individual, and, except as expressly otherwise provided in statute, shall not be acquired, retained, or disclosed without the written consent of the individual or his or her legal representative or, after the individual's death, his or her executor or other legal representative. This section shall not apply to the identification of individuals in criminal investigations.

AMENDED ANALYSIS

This bill provides that an individual's genetic information and DNA sample are the property of the individual and, with limited exception, shall not be acquired, retained, or disclosed without consent. Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

HB 1496, relative to the expectation of privacy in personal materials. INEXPEDIENT TO LEGISLATE.

Rep. Paul Berch for Judiciary. This bill seeks to extend privacy protections to physical items owned or possessed by an individual, whether or not abandoned. It would require warrants or court orders

in most circumstances to allow governments and governmental contractors to collect such material. The committee was sympathetic to the goal of this proposed legislation, but felt the bill had significant problems. It would include seizures by the federal government, thus creating federal-state problems. It includes all those who contract with the government, which makes the scope of this bill extremely large. It would allow individuals to make privacy claims even to materials that the individual had abandoned or discarded at times in the recent or distant past. The exception for law enforcement activity was too narrowly drawn, applying only to materials collected at the actual crime scene, and not found in other relevant locations. The bill would also potentially affect the operations of the Judicial Branch and state regulatory agencies in the performance of their statutory functions. Given the protections already established by law, the committee felt this was a solution in search of a problem. Vote 14-6.

The question being adoption of the committee report of Inexpedient to Legislate. Rep. Osborne requested a roll call; sufficiently seconded.

SULLIVAN

Laware, Thomas Rollins, Skip and the committee report was adopted.

HB 1522, adopting the Federal Rules of Civil Procedure as law. INEXPEDIENT TO LEGISLATE. Rep. Paul Berch for Judiciary. This bill would seek to supplant the rules of practice and procedure in all state courts of New Hampshire with the Federal Rules of Civil Procedure. At the present time, state court rules, whether governing civil trials, family law matters, probate or other aspects of civil law are promulgated by the New Hampshire Supreme Court, based upon recommendations and input from interested parties including the Advisory Committee on Rules, the New Hampshire General Court, practitioners and the public. In part, these rules may be based on federal experience as well as the experience of courts in other states. All are examined through the lens of what works in the Granite State. This bill would eliminate these finely crafted rules and substitute hundreds of federal rules. An almost unanimous Judiciary Committee, on a bipartisan basis, recommends against this idea. The committee felt that the Federal Rules were designed to mostly operate in one court, while our rules cover multiple courts. Even more importantly, the federal rules were seen to govern mostly complex litigation, such as class action lawsuits, while New Hampshire civil rules govern mostly smaller, day-to-day litigation. The committee found there was no evidence that federal rules are any better in operation than the New Hampshire rules and had further concern that requiring our state to follow federal rules in our courts raised a state sovereignty issue. The bill made no provision for what would happen if the federal rules were amended, which happens frequently. Vote 16-1. Committee report adopted.

HB 1555-FN, relative to the manner in which New Hampshire takes possession of land. INEXPEDIENT TO LEGISLATE.

Rep. Joseph Hagan for Judiciary. This bill purports to be a reform of the eminent domain process. However, this bill would allow the condemnee (property owner) to refuse that compensation after a "value of the property" is made and force the comdemnor (government entity) to wait 180 days to make a new offer. Furthermore, this bill makes no limitations on subsequent referrals. This bill, if enacted, could halt needed takings for roads and other necessary public purposes. Vote 15-3. Committee report adopted.

HB 1570-FN, repealing the law governing access to reproductive health care facilities. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Kurt Wuelper for the Majority of Judiciary. This bill seeks to repeal the law governing citizens' access to public property in front of reproductive health care facilities. The majority believes the current law is an unconstitutional restriction on the people's right to freedom of speech and access to public property. Keeping the law commits the state to years of legal expense defending a law that purports to resolve a problem never substantiated by any documented offense. Vote 11-9. Rep. David Woodbury for the Minority of Judiciary. This bill seeks, for a second time, to repeal RSA 132:37 through 132:40, passed in 2014. The statute is dissimilar to a Massachusetts statute found unconstitutional in 2014 because the buffer zone is smaller and subject to modification as conditions require. The statute strikes a fair balance between the interests of these lawfully using the sidewalks and access ways and those wishing to express their opposition to the abortion procedure. The statute is on hold until the federal court rules and should not be repealed, if at all, until the court rules.

The question being adoption of the majority committee report of Ought to Pass.

Reps. Heffron and Wall spoke against.

Rep. Wuelper spoke in favor.

and the majority committee report was adopted and ordered to third reading.

HB 1575-FN, prohibiting certain court filing fees. INEXPEDIENT TO LEGISLATE.

Rep. Claire Rouillard for Judiciary. This bill seeks to prohibit filing fees in all courts for all civil cases, including appeals, in actions against government entities, official or employees. Current law provides a waiver to individuals who do not have the ability to pay these fees. Additionally, current law provides that the prevailing party in a lawsuit is entitled to recover filing fees paid. Also, as worded, this bill would allow all entities, including corporations that bring actions against our government or its employees to avoid filing fees, even if they have the ability to pay. Vote 14-3. Committee report adopted.

HB 1623-FN, prohibiting an abortion based on genetic abnormalities. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Paul Berch for the Majority of Judiciary. This bill seeks to ban abortions based upon prenatal genetic testing. The committee understood the difficult decisions when women and their partners are confronted with a prenatal diagnosis of serious genetic defects. Understanding that women make different decisions based upon their own values, abilities and wisdom, the bipartisan majority of the committee felt it was the right of New Hampshire women to make these difficult decisions themselves, in consultation with medical professionals, rather than by politicians. By making doctors into criminals in certain circumstances, there was a concern that women would be reluctant to have full and candid conversations, jeopardizing doctor-patient relationships. The committee felt that some of the provisions of this bill were of doubtful constitutionality, and other provisions would not work in real life circumstances. Vote 14-5.

Rep. Kurt Wuelper for the Minority of Judiciary. The minority believes that a baby should not be aborted just because she has a genetic marker for an inherited abnormality. Children who carry markers for Down Syndrome should be allowed to grow and become the person they can, not killed by abortion as roughly 90% of those so diagnosed are today. We believe every child has the inalienable right to life and aborting them because of a genetic screening is the ultimate discrimination and should be illegal.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Cordelli spoke against. Rep. Berch spoke in favor.

Rep. White requested a roll call; sufficiently seconded.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Hopper moved that the House reconsider it action whereby, on a roll call vote of 160-152, the House adopted the majority committee report of Ought to Pass on **HB 1570-FN**, repealing the law governing access to reproductive health care facilities. Rep. Hopper spoke against.

On a division vote, with 120 members having voted in the affirmative, and 195 in the negative, the motion failed.

REGULAR CALENDAR CONT'D

HB 1625-FN, relative to banning abortion after viability. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Kurt Wuelper for the Majority of Judiciary. This bill as amended prohibits abortions on babies after viability, except when necessary to save the life of the mother or to protect her from "serious risk of substantial and irreversible physical impairment of major bodily function." This language has been vetted through the US Supreme Court and has been in effect in other states for many years. Ever since Roe v. Wade was decided, states have been allowed to prohibit these late term abortions, and at least 17 other states already do. The majority believes that babies who can live outside the mother's womb should be given every opportunity to do so. This bill takes great care to protect the mother's well-being and, in case of criminal proceedings, her anonymity, while doing all we can to give babies the chance to live the lives of which they are capable. Vote 9-8.

Rep. David Woodbury for the Minority of Judiciary. This bill, as amended, seeks to limit and criminalize post-viability abortion, notwithstanding that such abortions are not performed in this state, at least presently. The main defects in this bill are that a second physician's opinion must be obtained if such an abortion is to be performed to protect the life or health of the mother. Such second physician may not be available or willing, with tragic results to mother or child. Secondly, there are onerous and intrusive records to be kept for no discernible reason. Rather than legislate the practice of medicine, it is better to leave the practice of medicine to those best able to do it.

Majority Amendment (0869h)

Amend RSA 132-B:1, X as inserted by section 2 of the bill by replacing it with the following: X. "Unborn child" means the offspring of human beings in the womb.

Amend RSA 132-B:2, II(b) and (c) as inserted by section 2 of the bill by replacing it with the following:

(b) If the physician determines that the gestational age of the unborn child is 21 weeks or more, prior to performing or inducing an abortion upon the woman, the physician shall determine if the unborn child is viable by using and exercising that degree of care, skill, and proficiency commonly exercised by a skillful, careful, and prudent physician. In making this determination of viability, the physician shall perform or cause to be performed such medical examinations and tests as are necessary to make a finding of the gestational age, weight, and lung maturity of the unborn child and shall enter such findings and determination of viability

(c) If the physician determines that the gestational age of the unborn child is 21 weeks or more, and further determines that the unborn child is not viable and performs or induces an abortion upon the woman, the physician shall report such findings and determinations and the reasons for such determinations to the health care facility in which the abortion is performed and to the board of medicine, and shall enter such findings and determinations in the medical records of the woman and in the individual abortion report submitted to the department under paragraph III.

Amend RSA 132-B:2, II(f) and (g) as inserted by section 2 of the bill by replacing it with the following:

- (f) Before a physician proceeds with performing or inducing an abortion upon a woman when it has been determined that the unborn child is viable, the physician who is to perform the abortion shall obtain the agreement of a second physician with knowledge of accepted obstetrical and neonatal practices and standards who shall concur that the abortion is necessary per RSA 132-B:2, II(e). This second physician shall also report such reasons and determinations to the health care facility in which the abortion is to be performed and to the board of medicine, and shall enter such findings and determinations in the medical record of the woman and the individual abortion report submitted to the department. The second physician shall not have any legal or financial affiliation or relationship with the physician performing or inducing the abortion, except that such prohibition shall not apply to physicians whose legal or financial affiliation or relationship is a result of being employed by or having staff privileges at the same hospital, physician network, or hospital network.
- (g) Any physician who performs or induces a termination of pregnancy upon a woman when it has been determined that the unborn child is viable shall utilize the available method or technique of the termination of the pregnancy most likely to preserve the life or health of the unborn child. In cases where the method or technique of the termination of the pregnancy most likely to preserve the life or health of the unborn child would present a greater risk to the life or health of the woman than another legally permitted and available method or technique, the physician may utilize such other method or technique. In all cases where the physician performs an abortion upon a viable unborn child, the physician shall document the method or technique employed.

Amend RSA 132-B:2, III by deleting subparagraph (d) and renumbering the original subparagraph (e) to read as (d).

Amend RSA 132-B:4 as inserted by section 2 of the bill by replacing it with the following:

132-B:4 Penalty. Any person who intentionally or recklessly performs or attempts to perform an abortion in violation of RSA 132-B:2 of this chapter shall be guilty of a class A misdemeanor. No penalty shall be assessed against the woman upon whom the abortion is performed or attempted to be performed. The anonymity of any woman upon whom an abortion has been performed shall be preserved from public disclosure unless she consents.

Amend section 2 of the bill by deleting RSA 132-B:5 and RSA 132-B:6.

On a division vote, with 156 members having voted in the affirmative, and 155 in the negative, the majority committee amendment was adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Marjorie Smith spoke against.

Rep. Wuelper spoke in favor and yielded to questions.

Rep. White requested a roll call; sufficiently seconded.

REGULAR CALENDAR CONT'D

HB 1636-FN, prohibiting abortions once an unborn child can feel pain. WITHOUT RECOM-MENDATION.

Statement in support of Ought to Pass: This bill prohibits abortions after the child can feel pain. Per the US Supreme Court, states may regulate procedures when the medical community is in doubt as they are regarding when the pre-born can feel pain. Given the possibility that babies could suffer severe pain at this stage of life we believe the state should err on the side of protecting them from it. Knowing that anesthesia is common in surgery performed on babies in the womb, we believe that those babies who might experience pain even more than born people should be protected from abortion. Since medical research has indicated that babies may feel pain as early as 20 weeks of age, this bill prohibits abortions after that age. Despite the fact similar laws in the Ninth Circuit have been ruled unconstitutional, we believe that the US Supreme Court might accept a new standard, such as this one, for when states can prohibit abortion if a federal appeals court should do so.

Rep. Kurt Wuelper

Statement in support of Inexpedient to Legislate: This bill seeks to ban abortions at or after 20 weeks except in the case of a medical emergency. It seeks to justify this restriction based upon a claim that a fetus can feel pain at that point in time, a belief disputed by many in the medical profession. The committee heard testimony that this bill is identical in all-important respects to similar laws that have been held to be unconstitutional, including a decision by the United States Supreme Court on January 13, 2014 not to lift a block imposed by the Ninth Circuit of a similar law. Not only did the Supreme Court refuse to allow this kind of statute to be enforced, it also refused to reconsider Roe v. Wade and similar decisions post-Wade requiring "viability" and not gestational age to be the only critical factor in determining constitutionality of this kind of legislation. Other federal and state courts have similarly struck down 20-week bans. Testimony was also received that this bill's reporting requirements impermissibly invade the privacy rights of women; that the health exception as drafted has constitutional issues; and that women faced with the serious and often dangerous complications of late term problems need the best health care possible from their medical providers.

Rep. Paul Berch

Rep. Wuelper moved Ought to Pass.

Rep. Berch spoke against. Rep. Groen spoke in favor.

Rep. White requested a roll call; sufficiently seconded.

Gottling, Suzanne Irwin, Virginia Converse, Larry Cloutier, John

Rollins, Skip and the motion failed.

Rep. Eaton moved Inexpedient to Legislate. Motion adopted.

HB 1660-FN-L, relative to eminent domain for gas pipelines and relative to assessment of the land use change tax for eminent domain takings for energy infrastructure. OUGHT TO PASS WITH AMENDMENT.

Rep. Robert Rowe for Judiciary. This bill will bring land being taken by eminent domain for a pipeline in line with land taken by eminent domain for transmission lines by a public utility (RSA 371:5-a) by allowing an owner of land to require a pipeline company to take an entire parcel of land under eminent domain. It also requires the consent of a legislative body in the affirmative vote at a special meeting to take land belonging to a municipality, the state or any political subdivision. Additionally this bill requires that entities taking land under eminent domain will pay the Land Use Change Tax (LUCT). Under current law, land taken under eminent domain is exempt from paying the LUCT (RSA 79-A:7, VI). Vote 16-4.

Amendment (0677h)

Amend the bill by replacing section 2 with the following:

2 New Paragraph; Eminent Domain; Residential Owner Option. Amend RSA 371:15 by inserting after paragraph VI the following new paragraph:

VII. When private real property which is used for residential purposes is proposed to be acquired in part, temporarily or permanently, for the construction of a high pressure gas pipeline or appurtenance thereto, the owners of the residential property shall have the option to require the pipeline company to condemn and take in fee the entire tract of land impacted by the proposed partial taking including all buildings and improvements thereon if all owners, excluding lienholders and mortgagees, of the private real property make such an election and provide the commission and the pipeline company with written notice of their election within 30 days after receipt of the notice under paragraph II. Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Backus spoke against and yielded to questions.

Rep. Flanagan spoke in favor and yielded to questions.

Rep. Abramson requested a roll call; sufficiently seconded.

and the committee report was adopted.

HB 1684-FN, prohibiting the use of public funds, employees, and facilities in assisting or performing abortions. **WITHOUT RECOMMENDATION**.

Statement in support of Ought to Pass with Amendment: This bill prohibits the use of public funds, employees, and facilities in the assisting or performing of abortions. While the right to an abortion is guaranteed following the 1973 Roe v Wade case, the current public disagreement on the matter has led to the barring of federal and, in many cases, state funds to pay for abortion. These restrictions on funding have been held up as constitutional for almost 40 years. New Hampshire, like 32 other states, follows the federal standard established by the current version of the Hyde Amendment and bans the use of Medicaid funds to pay for abortions except in limited cases. This bill expands the funding ban from Medicaid to all public funds and it eliminates the involvement of state employees and facilities in

abortion except in the case of preserving the life of the mother. Abortions are currently performed in over a dozen facilities throughout the state, all of which are private hospitals or clinics. As a result of this fact, a large portion of the committee felt that this bill would not limit a woman's access to abortion, but that it would insulate taxpayers who object to having to fund a procedure they do not condone. Rep. Mark McLean

Statement in support of Inexpedient to Legislate: This bill would restrict the use of public funds for abortion when in fact the use of public funds for abortion is already limited to very rare and narrow circumstances. It also would disqualify New Hampshire from receiving nearly \$750,000 per year in federal family planning funds and funds for preventive care like cancer screenings, access to birth control and annual well-woman exams. This bill would result in the defunding of family planning providers such as community health centers who provide critical and important care that actually reduces unintended pregnancy and the need for abortion. It also would prevent public employees from fulfilling their responsibilities when working with teens in foster care or female inmates, all who may need information about pregnancy options and providing such information or support would be outlawed under this bill.

Rep. Charlene Takesian

Rep. McLean moved Ought to Pass and offered floor amendment (0874h).

Floor Amendment (0874h)

Amend RSA 132:43 as inserted by section 1 of the bill by replacing it with the following:

132:43 Public Employees; Certain Activities Prohibited. It shall be unlawful for any public employee within the scope of his or her employment to perform an abortion not necessary to save the life of the mother. It shall be unlawful for a doctor, nurse, or other health care personnel, a social worker, a counselor, or a person of similar occupation who is a public employee within the scope of his or her public employment to encourage or counsel a woman to have an abortion not necessary to save her life.

AMENDED ANALYSIS

This bill prohibits the use of public funds and public facilities for the purpose of performing or assisting in an abortion which is not necessary to save the life of the mother. The bill also prohibits the use of public employees for the purpose of performing an abortion which is not necessary to save the life of the mother.

The bill also prohibits such funds, employees, and facilities to be used to encourage or counsel a woman to have an abortion not necessary to save her life.

The bill further requires a second opinion from a licensed physician before any abortion is performed when a mother's life is deemed to be in danger.

The bill includes penalty provisions for violations of this law.

Rep. McLean spoke in favor.

On a division vote, with 134 members having voted in the affirmative, and 139 in the negative, floor amendment (0874h) failed.

The question now being adoption of the motion of Ought to Pass.

Rep. Takesian spoke against.

Rep. McLean spoke in favor.

Rep. White requested a roll call; sufficiently seconded.

and the motion failed.

Rep. Rosenwald moved Inexpedient to Legislate.

Motion adopted.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. White moved that the House reconsider it action whereby, on a voice vote, the House adopted the motion of Inexpedient to Legislate on HB 1663-FN, prohibiting buying, selling, and experimenting on unborn infants or bodily remains resulting from abortion. Rep. White spoke against.

Motion failed.

REGULAR CALENDAR CONT'D

HB 1687-L, relative to governmental liability for personal injury on playground structures. INEX-PEDIENT TO LEGISLATE.

Rep. Linda Kenison for Judiciary. This bill would hold that a municipality or a school district, which without charge permits any person to use playground structures operated by the municipality or school district, may be held liable for damages in an action to recover for bodily injury, person injury or property damage. This bill greatly expands municipal liability for personal injury claims. There was overwhelming opposition to this bill, including representatives of school boards, school administrators, municipalities, and recreation programs. This bill would eliminate longstanding municipal and school district immunities. It would undoubtedly increase lawsuits for just about any injury that could occur at a playground. This would then result in higher insurance costs and legal expenses and would likely cause some municipalities and schools districts to consider eliminating some programs and services. Vote 19-1. Committee report adopted.

HB 1688-FN-L, relative to governmental liability for negligence claims. INEXPEDIENT TO LEGISLATE.

Rep. Claire Rouillard for Judiciary. This bill was a request of a study committee that studied governmental immunity. The amendment to current law would allow suits against town or municipal employees or officials. It would expand current law which limits suits for injuries when the injury arises out of the operation of a motor vehicle or an injury occurring on a premises. This bill may hinder volunteers' willingness to sit on town boards for fear of being sued. It may also increase suits against schools for anything that may go wrong. Vote 18-2. Committee report adopted.

RESOLUTION

Rep. Hinch offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet, Thursday, March 10, 2016 at 9:00 a.m.

LATE SESSION

Third Reading and Final Passage

HB 1430-FN, relative to registration of compact utility tractors.

HB 1118, relative to the determination of parental rights and responsibilities and establishing a presumption in favor of shared residential responsibility.

HB 1165, changing "incapacitated" to "vulnerable" in the adult protective services laws.

HB 1237, establishing a committee to study the establishment of a default conflict management and resolution system for parents and children.

HB 1279, relative to grounds for termination of parental rights.

HB 1105, establishing a committee to study third party mortgage processors.

HB 1152, relative to the definition of specialty beer.

HB 1195, relative to prepayment contracts for petroleum products.

HB 1211, relative to requirements for certain alcoholic beverage licenses.

HB 1264, relative to carnival or amusement ride inspections.

HB 1307, relative to the procedure for amendment of condominium instruments.

HB 1316, relative to hospital rates for self-pay patients.

HB 1403, relative to reinsurance.

HB 1409, relative to life, accident, and health insurance.

HB 1410, relative to motor vehicle coverage.

HB 1450, relative to risk-based capital for insurers.

HB 1459, relative to commercial coverage.

HB 1579, relative to regulation of the practice of out-of-state brokers by the real estate commission.

HB 1601, relative to certain continuing care communities.

HB 1618, relative to debt adjustment services.

HB 1113, requiring a performance audit of the sex offender treatment program in the department of corrections.

HB 1266, legalizing firecrackers.

HB 1287, repealing a provision of the harassment statute.

HB 1305, relative to the use of an ignition interlock device.

HB 1353, relative to the notice required of a law enforcement officer prior to making an audio recording of a routine stop.

HB 1381-FN, relative to the sale of smoke bombs.

HB 1415, relative to escape from official custody.

HB 1426-FN, relative to earned time credits for prisoners participating in educational programming.

HB 1586-FN, prohibiting the impersonation of an emergency medical technician or firefighter.

HB 1628-FN, relative to human trafficking involving persons under 18 years of age.

HB 1654-FN, relative to flying a drone above a correctional facility.

HB 1121, relative to the academic areas that comprise the statewide assessment.

HB 1145, establishing a committee to study suspensions and expulsions in licensed preschools and in kindergarten through grade 3.

HB 1239, relative to certain terminology in the education statutes.

HB 1283, relative to school notification of a change in placement.

HB 1303, establishing a commission to study issues relating to pre-existing districts withdrawing from a cooperative school district.

HB 1372, permitting a child with a disability to use audio or video recording devices in the classroom.

HB 1408-FN, relative to a school building inventory.

HB 1114, relative to the number of inspectors of election.

HB 1220, relative to disqualification of election officers.

HB 1223, relative to changes of address on election day.

HB 1377, relative to receipt of absentee ballots.

HB 1378, relative to disabled voters requiring assistance.

HB 1467, relative to notice of village district elections.

HB 1503, relative to distributing campaign materials at the polling place.

HB 1515, requiring persons sending absentee ballot applications to comply with identification requirements for political advertising.

HB 1534, relative to reports of death of voters.

HB 1624-FN, relative to electioneering by public employees.

HB 1141, defining "agritourism."

HB 1171, relative to appeals heard by the waste management council.

HB 1354, establishing a committee to study livestock and meat inspection.

HB 1355, relative to poultry producers exempted from meat inspection requirements.

HB 1226, relative to administration of pharmaceutical agents by optometrists.

HB 1245-FN, relative to petitions for adoption of rules under the administrative procedures act and incorporation of documents by reference.

HB 1246-FN, relative to speech-language assistants.

HB 1294, relative to exemptions from licensure as a massage therapist.

HB 1357, relative to the duties of the department of cultural resources.

HB 1588, repealing certain prohibitions on employment of state employees.

HB 231, relative to the criteria for evaluating school building aid applications. SB 155-FN-A, establishing the Financial Resources Mortgage (FRM) victims' contribution recovery fund for victims of the FRM fraud and continually appropriating a special fund.

HB 1267, relative to the family hike safe card for fish and game search and recovery expenses.

HB 1268, relative to liability for payment of expenses of search and rescue recovery by the fish and game department.

HB 1286, relative to days when fishing without a license is permitted.

HB 1388-FN, expanding crossbow use into muzzeloader season.

HB 1124, relative to the membership of the occupational therapy governing board.

HB 1138, relative to access to investigational drugs, biological products, and devices.

HB 1210, relative to prescriptions for controlled drugs by telemedicine.

HB 1269, extending the New Hampshire health care quality assurance commission and relative to the membership of the commission.

HB 1285, relative to the donation of food that has passed its expiration date.

HB 1394, relative to the appropriation for developmental services.

HB 1423-FN, relative to rulemaking for prescribing controlled drugs.

HB 1490, relative to collaborative practice between pharmacists and health care practitioners.

HB 1664-FN, relative to contracts between carriers or pharmacy benefit managers and certain pharmacies.

HB 1665-FN, adopting the interstate medical licensure compact.

HB 1680-FN, extending the suspension of prior authorization requirements for a community mental health program on drugs used to treat mental illness.

HB 1204, relative to payment of rent pending the stay of an eviction proceeding.

HB 1418-L, relative to the minutes of nonpublic sessions of public bodies.

HB 1419, relative to voting records in nonpublic sessions of public bodies.

HB 1569-FN, relative to volunteers under the department of resources and economic development.

HB 1331, relative to the membership of the compensation appeals board.

HB 1633-FN, relative to the use of the Family and Medical Leave Act time as it applies to workers' compensation.

HB 1486, relative to membership of the state house bicentennial commission.

HCR 12, urging support of the 65/25 initiative in New Hampshire.

HB 1164, relative to contributions by a city to the county or state. HB 1181, relative to designating an alternate cemetery trustee.

HB 1202, relative to applications submitted to a planning board.

HB 1203, relative to voting on variances.

HB 1244-L, relative to municipal cemeteries.

HB 1293, relative to the procedure for charter amendments. HB 1315, adding mixed-use development to the definition of business and industrial facility.

HB 1395, relative to municipal electronic records.

HB 1587, relative to limitations on capital reserve funds of counties.

HB 1397, establishing a committee to study improvements to the Hannah Duston Memorial.

HB 1147, requiring a report on federal landholdings within the state.

HB 1170, relative to special permits for OHRV operation in Jericho Mountain State Park.

HB 1172, relative to corrective action implementation of audit findings concerning Cannon Mountain. HB 1332, adding a member to the aquatic resources compensatory mitigation site selection committee.

HB 1461, relative to the definition of and criteria for protection instream flow.

HB 1589-FN, prohibiting the transport of aquatic plants and aquatic weeds.

HB 1595-FN, relative to the rivers management and protection program.

HB 1156, relative to interference with traffic devices.

HB 1161, relative to the traffic safety commission.

HB 1186, repealing the law prohibiting coasting of vehicles.

HB 1271, making certain length and width exemptions concerning commercial vehicles. HB 1302, relative to driver's license requirements for operation of a mixed use school bus.

HB 1396, relative to OHRV operation on certain highways in Grafton County.

HB 1313-FN, relative to eligibility to vote and relative to availability of voter information.

HB 1356, relative to construction of the terms "resident," "inhabitant," "residence," and "residency."

HB 1468, relative to sessions for correction of the checklist.

HB 1482, relative to the Interstate Voter Registration Crosscheck Program.

HOUSE JOURNAL NO. 9

Thursday, March 10, 2016

The House assembled at 9:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord. O God, our Creator, Redeemer and Sanctifier, out of the depths of Your love You chose to set Your people free from the bonds of archaic laws. You blessed our ancestors with free will and gave them the insight to use it wisely. As we navigate our way through life's challenging terrain, help us to remember that we too have that freedom; we too have been blessed with the ability to use it wisely. Deliver us from the temptation to be self-serving in our endeavors. When we are weary, strengthen our resolve so that we finish what we begin. Hold us back from choosing the easy way and sacrificing the quality of our work. Keep us focused on the life purpose You have inspired in each of us, never forgetting that everything we do affects the lives of countless people - many of whom rely on us as their advocates and champions. As we respond to their trust and strive to meet their needs, protect us from arrogance and false pride, and give us the joy of using our divine gift of free will and knowing that we have chosen well. Amen.

Representative Thomas Buco, member from Conway, led the Pledge of Allegiance.

The member from Walpole, Representative Lucy Weber and the member from New London, Representative Karen Ebel, led the singing of the National Anthem.

MOTION TO SUSPEND HOUSE RULES

Rep. Hannon moved that House Rules be so far suspended as to permit late drafting and introduction of a Constitutional Amendment Concurrent Resolution relating to alcohol abuse and prevention and treatment. Providing that no less than 5 percent of the gross profits of the liquor commission be appropriated to alcohol education, and abuse prevention and treatment programs, past the deadline for reporting from committee.

Rep. Hannon spoke in favor.

Rep. Lynne Ober spoke against and yielded to questions.

On a division vote, with 81 members having voted in the affirmative and 203 in the negative, the motion failed.

LEAVES OF ABSENCE

Reps. Allen, Ronald Belanger, Bridge, Chris Brown, Comtois, Emerson, Forest, Gardner, Gargasz, Gordon, Kellogg, McClarren, Moody, Oxenham, Phillips, Priestley, Sanders and Straight, the day, illness. Reps. Bennett, Goulette, Hagan, Hirsch, Lundgren, Nordgren, William O'Brien, O'Hearne, O'Neil, Sherman, Souza, Whitehouse and Woodbury, the day, important business.

Reps. Booras and Rebecca Brown, the day, illness in the family.

INTRODUCTION OF GUESTS

Alec Drummond, student at Littleton High School, and Cailee Griffin, student at Timberlane Regional High School, Pages for the day.

The Honorable Lenette Peterson, former member from Merrimack, guest of Rep. Notter.

REGULAR CALENDAR CONT'D FROM MARCH 9, 2016

HB 1252, permitting employers to pay wages to employees weekly or biweekly. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE. Rep. Leonard Turcotte for the Majority of Labor, Industrial and Rehabilitative Services. This bill would allow, but not require, employers to pay their employees on a bi-weekly basis without the necessity of requesting an exemption from the Department of Labor (DOL). Current law requires the payment of wages on a weekly basis unless a waiver is requested. Employers would see a reduction in administrative costs due to less time being required to process payroll and they would no longer have to file paperwork for waivers. There would also be a reduction in administrative workload at HB 1529-FN, relative to reporting of felony convictions for voter checklist updates.

HB 242, relative to the statewide improvement and assessment program.

HB 1428-FN-A-L, establishing the clean water state revolving fund non-program fund account in the department of environmental services for the purpose of funding eligible and completed wastewater projects under the state aid grant program.

HB 1591-FN-A, relative to the health care premium contribution for retired state employees who are eligible for Medicare Parts A and B due to age or disability, relative to funding of retiree health benefits, and making an appropriation to the department of administrative services.

HB 1696-FN, requesting a modification of the New Hampshire health protection program.

HB 1453, relative to qualifying medical conditions for purposes of therapeutic cannabis.

HB 1605-FN, prohibiting the use of latex gloves and utensils in the food service industry.

HB 1175-FN, relative to post-judgment real estate liens.

HB 1270, relative to a jury's determination as to the applicability of a law.

HB 1493, relative to ownership of DNA.

HB 1570-FN, repealing the law governing access to reproductive health care facilities.

HB 1660-FN-L, relative to eminent domain for gas pipelines and relative to assessment of the land use change tax for eminent domain takings for energy infrastructure.

RECESS MOTION

Rep. Hinch moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports. Motion adopted.

The House recessed at 8:10 p.m.

RECESS

(Speaker Jasper in the Chair)

Rep. Hinch moved that the House adjourn. Motion adopted.

the DOL since they would no longer need to process the thousands of waiver requests. Currently, there are only three other states that require the payment of wages on a weekly basis, and some states allow the payment of wages at intervals as long as a month. The committee amendment to allow the DOL to impose stricter, weekly payment of wages after showing good cause was introduced to ensure employers remain compliant and current on wage payments to employees. Reducing unnecessary regulations and red tape make this bill extremely attractive. Additionally, allowing the employer and employee to determine their business relationship maintains our state's free market principles. Vote 13-9.

Rep. Douglas Ley for the Minority of Labor, Industrial and Rehabilitative Services. The proposed bill makes biweekly pay the default or standard for employees and employers, rather than the existing weekly pay standard. At present, employers can seek permission to adopt a biweekly pay system, and unless there is a problem, the request is invariably approved by the Department of Labor. Therefore, this bill solves a non-existent problem, but will encourage more employers to pay biweekly, which will make budgeting more difficult for low-wage workers currently living paycheck to weekly paycheck. To protect such individuals, the minority opposes this bill.

Majority Amendment (0763h)

Amend the bill by replacing all after section 3 with the following:

4 New Paragraph; Payment of Wages; Weekly. Amend RSA 275:43 by inserting after paragraph IV-a the following new paragraph:

IV-b. The commissioner may, on a temporary basis and after showing good and sufficient reason, require payment of wages weekly. The commissioner shall prescribe to the employer the terms, conditions, and duration of such temporary payments. Such restrictions shall only be in effect until the employer rectifies any deficiencies prescribed by the commissioner.

5 Effective Date. This act shall take effect 60 days after its passage.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. On a division vote, with 176 members having voted in the affirmative, and 112 in the negative, the majority committee report was adopted and ordered to third reading.

HB 1301, relative to the issuance of youth employment certificates. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Gregory Hill for the Majority of Labor, Industrial and Rehabilitative Services. Parents of children who attend private schools or home school find it counter intuitive for the public school principal of their local school district to determine a satisfactory level of academic performance by the student in order to issue a work certificate for youths under age 16. The majority of the committee agreed that with roughly 10% of our student population attending school other than their local school district, allowing parents the option of being the authorizer of the work certificate is the right option. The amendment requires the parent or guardian to provide 48 hour notice to the Department of Labor and employer when a certificate is revoked; all certificates shall be notarized; and employers in violation of this provision shall be subject to a \$100 civil penalty. Vote 11-8.

Rep. Andrew White for the Minority of Labor, Industrial and Rehabilitative Services. The bill as amended permits parents or legal guardians to authorize any student between 14 and 16 years old to enter the workforce. Current law requires this certification to be issued by school principals, all testimony concluded the current system is working extremely well for the vast majority of our students, with some complications being encountered by home schooled students. The minority does not object to a parent or guardian approving a work certificate for home schooled students; in fact that makes perfect sense. However, passage of this bill as presented could allow students in public schools with poor academic performance to work, potentially further complicating their academic difficulties with no ability of the school to revoke the work certificate until the student's academic performance improves. There is also the potential for an unscrupulous parent or guardian to essentially compel a student to work. The minority amendment would allow a parent or guardian to authorize a home schooled student to work and would place the academic head of a private school in the same standing as the principal of a public school for these purposes.

Majority Amendment (0587h)

Amend the bill by replacing section 1 with the following:

1 Youth Employment Law; Certificates. Amend RSA 276-A:5 to read as follows: 276-A:5 Certificate.

I. Certificates shall be issued by principals of schools or persons authorized by them, or by a parent or legal guardian, only after the determination of a satisfactory level of academic performance by the student, except that responsibility for supervision and coordination with the department in matters pertaining to this chapter shall rest upon superintendents of schools. If a student does not continue to meet a satisfactory level of academic performance after the issuance of the certificate, the principals of schools or persons authorized by them, or a parent or legal guardian, may revoke the certificate. In the event principals of schools or their designees revoke a certificate, notification of the revocation shall be made to the parent or legal guardian, the employer of the student, and the department of labor within 48 hours. In the event a parent or guardian revokes a certificate, notification of the revocation shall be made to the employer of the student and the department of labor within 48 hours. Upon receiving the notice of revocation, the department of labor shall investigate the compliance of the revocation within 90 days.

II. Certificates shall in all cases include a *notarized* signature line for the parent or legal guardian of the youth and shall show proof of (1) age and (2) adequate health.

III. Certificates shall not be issued unless age and adequacy of health have first been verified except as in paragraph I of this section.

IV. [Certificates shall not be issued except during vacations or as a result of written parental protest, if employment is deemed to interfere seriously with school work.

V-] Certificates shall be obtained by an employer within 3 business days of the first day of employment. Copies of certificates shall be kept on file by all employers of youths.

V. Any employer not in compliance with the requirements of RSA 276-A:4 or this section shall be assessed a minimum civil penalty of \$100.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. White offered minority committee amendment (0672h).

Minority Amendment (0672h)

Amend the bill by replacing section 1 with the following:

1 Youth Employment Law; Certificates. Amend RSA 276-A:5 to read as follows: 276-A:5 Certificate.

- I. Certificates shall be issued by principals of schools or their equivalent in private or religious schools, or persons authorized by them, or by a parent or legal guardian in the case of a home schooled student, only after the determination of a satisfactory level of academic performance by the student, except that responsibility for supervision and coordination with the department in matters pertaining to this chapter shall rest upon superintendents of schools. If a student does not continue to meet a satisfactory level of academic performance after the issuance of the certificate, the principals of schools or their equivalent in private or religious schools, or persons authorized by them, or a parent or legal guardian in the case of home schooled student, may revoke the certificate. In the event principals of schools or their equivalent in private or religious schools, or their designees revoke a certificate, notification of the revocation shall be made to the parent or legal guardian, the employer of the student, and the department of labor within 48 hours. In the event a parent or guardian revokes a certificate, notification of the revocation shall be made to the employer of the student and the department of labor within 48 hours. Upon receiving the notice of revocation, the department of labor shall investigate the compliance of the revocation within 90 days.
- II. Certificates shall in all cases include a *notarized* signature line for the parent or legal guardian of the youth and shall show proof of (1) age and (2) adequate health.
- III. Certificates shall not be issued unless age and adequacy of health have first been verified except as in paragraph I of this section.
- IV. [Certificates shall not be issued except during vacations or as a result of written parental protest, if employment is deemed to interfere seriously with school work.

V.] Certificates shall be obtained by an employer within 3 business days of the first day of employment. Copies of certificates shall be kept on file by all employers of youths.

V. Any employer not in compliance with the requirements of RSA 276-A:4 or this section shall be assessed a minimum civil penalty of \$100.

AMENDED ANALYSIS

This bill permits parents or legal guardians to issue youth employment certificates for home schooled children.

Rep. White spoke in favor.

Rep. Infantine spoke against.

On a division vote, with 145 members having voted in the affirmative, and 150 in the negative, the minority committee amendment failed.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Sylvia requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HB 1322, relative to reports to the public employee labor relations board. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Gregory Hill for the Majority of Labor, Industrial and Rehabilitative Services. The majority understands that transparency in government is a laudable endeavor. Testimony indicated that some employees throughout state service have had difficulty locating demographics of how many fellow employees participate in the applicable union and how many pay the agency fee. The amendment requires that information is to be posted semi-annually within each bargaining unit in a place accessible to each employee, rather than just quarterly reports as proposed in the original bill. Vote 13-9.

Rep. Andrew White for the Minority of Labor, Industrial and Rehabilitative Services. The bill as amended places an unnecessary burden on public employers to compile and report data that they may or may not have access to. The bill is premised on the notion that all public employers deduct from every employee's wages, union dues, or agency fees, which is simply false. Many public employees elect to pay the representative union dues or agency fees directly by check or through a direct debit from their personal bank accounts; transactions the public employer would have no knowledge of. A person could simply ask the organization they are represented by for the information, relieving the public employer of the unnecessary burden of compiling reports, which for the reasons stated above are not going to be accurate in all instances.

Majority Amendment (0666h)

Amend the bill by replacing section 1 with the following:

1 New Paragraph; Public Employee Labor Relations; Records and Reports. Amend RSA 273-A:16 by inserting after paragraph V the following new paragraph:

VI. Each public employer of each bargaining unit, as determined by the board under RSA 273-A:8, shall calculate and report semiannually, on January 1 and July 1 of each year, to the board, the board of the public employer, and each employee within the public employee's bargaining unit by email and a notice posted in a place accessible to the employee, the total number of public employees within the bargaining unit paying union dues, the total number of public employees within the bargaining unit paying agency fees, and the ratio, expressed as a percentage, of the number of those public employees paying union dues to the total number of public employees in the bargaining unit.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Ley spoke against and yielded to questions.

Rep. Infantine spoke in favor and yielded to questions. Rep. White requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HB 1346, relative to minimum wage for tipped employees. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Leonard Turcotte for the Majority of Labor, Industrial and Rehabilitative Services. There are two House bills the Labor Committee has heard this session regarding proposed changes to both the hourly minimum wage and minimum wages for tipped employees. The committee has decided to consolidate the two as part of HB 1480. Vote 10-8.

Rep. Douglas Ley for the Minority of Labor, Industrial and Rehabilitative Services. The minority believes that an increase in the minimum wage is long overdue in New Hampshire. However, there is potentially a second bill which may begin to address wage issues, and the minority will focus their efforts thereupon.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Cilley spoke against and yielded to questions. Rep. Murphy spoke in favor and yielded to questions.

Rep. Hoell requested a roll call; sufficiently seconded.

Cloutier, John Converse, Larry Gagnon, Raymond Gottling, Suzanne Irwin, Virginia Laware, Thomas Oxenham, Lee Schmidt, Andrew and the majority committee report was adopted.

HB 1376, relative to temporary workers. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Leonard Turcotte for the Majority of Labor, Industrial and Rehabilitative Services. This bill would mandate that after a period of six months, the employer of a "temporary worker" would be required to offer permanent work status to that worker. There are multiple problems contained

within the intent of this bill. Currently, there are no other states in our country that have this musthire mandate making New Hampshire a "test case." The requirement to hire after six months would interfere with the employer/employee business relationship. Some employers need or want the flexibility that temporary workers sometime provide. Other employers frequently utilize temporary workers to assess those workers for long-term employment opportunities. The bill might also have the adverse effect of employers dismissing temporary workers as the six-month deadline approached. The testimony of the Business and Industry Association noted that there are currently no existing problems between temporary agencies, their employees and the employers they serve. Adding additional mandates and regulations into an already overly burdensome business environment would make New Hampshire's business climate less competitive in comparison to other states. Vote 10-8. Rep. Michael Cahill for the Minority of Labor, Industrial and Rehabilitative Services. We have a duty to balance the needs of employees and employers. Permitting the use of temporary staff on an indefinite basis is contrary to the worker's interests. If there is work to be done, hire someone to do it.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Cahill spoke against.

Rep. Leonard Turcotte spoke in favor.

Majority committee report adopted.

HB 1480-FN, establishing a state minimum wage. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Leonard Turcotte for the Majority of Labor, Industrial and Rehabilitative Services. This is the second minimum wage bill introduced this session. This particular bill would step up the hourly minimum wage to \$9.50 over the next three years. Testimony given indicated that only about 1% of workers in our state make current minimum wage. All state employees make more than the new minimum wage rates in this bill. A recent statement by Walmart indicated that as of February 1, 2016, their part time employees in NH are making an average of \$10.95 an hour, and their full time employees \$14.29 an hour. Walmart has had to increase their wages due to an "employee's market," proving the economic laws of supply and demand indeed work. "Tipped" employees minimum wages would also increase to \$5.00 an hour and only apply to restaurants, eliminating hotels, motels, inns, cabins and ballrooms from current statutory language. Testimony given by some representing the restaurant businesses confirmed that current base rate plus tips average between \$16 and \$22 an hour, with some even higher depending on the venue. There were no tipped employees who testified in favor of either of the two bills introduced. As with the many bills that have come before this committee regarding minimum wage rate hikes, we find that allowing the free market to work is preferable to instituting another government mandate setting arbitrary and artificial minimum wage rates. Vote 12-10.

Rep. Douglas Ley for the Minority of Labor, Industrial and Rehabilitative Services. New Hampshire currently has the lowest minimum wage amongst the six New England states. The minority believes it is time to move to increase the New Hampshire minimum wage, even by small increments. The number of workers earning minimum wage may have declined in New Hampshire, but their needs are real, and the current minimum wage is far too low. Those paid the minimum are not primarily teenagers but adults working two jobs or struggling to make ends meet. Therefore, we believe it is time for New Hampshire to move forward and improve the lives and working conditions of the citizens of New Hampshire.

The question being adoption of the majority committee report of Inexpedient to Legislate.

(Rep. Packard in the Chair)

Rep. Murphy spoke in favor.

Rep. White spoke against and requested a roll call; sufficiently seconded.

HB 1112, relative to subdivision of land. OUGHT TO PASS.

Rep. James Coffey for Municipal and County Government. This proposal amends RSA 674:36, II, which contains a list of items that should be addressed by a municipality's planning board when compiling their subdivision regulations, by adding a statement that as a condition of subdivision approval the applicant clean up any existing environmental contamination. As with all the other items listed in this statute, the details of how this is accomplished needs to be completed by the local planning board. This proposed change to RSA 674:36 is to ensure that any known environmental contamination on a site is addressed if the parcel is being subdivided. It does not preclude the subdivision of any property that meets all other local requirements and within the context of the existing statute there are provisions for waivers when appropriate. This simply adds to an optional list of conditions a planning board may impose and is not a mandate. Vote 12-5.

MOTION TO LAY ON THE TABLE

Rep. Azarian moved that **HB 1112**, relative to subdivision of land, be laid on the table. Rep. Coffey requested a roll call; sufficiently seconded.

REGULAR CALENDAR CONT'D

HB 1129, relative to approval of fees established by the register of deeds. INEXPEDIENT TO

Rep. Benjamin Tilton for Municipal and County Government. This legislation would require the county commissioners and the county convention to approve all fees collected by the Office of the Register of Deeds. The county commissioners and county convention have the responsibility of review and approval of the Register of Deeds budget annually. Therefore, the majority felt this was unnecessary legislation. Vote 11-4. Committee report adopted.

HB 1180-L, relative to the authority of towns to issue bonds for the expansion of Internet service. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Catherine Cheney for the Majority of Municipal and County Government. The intent of the bill is to solve the problem for the 7% of the NH population that do not have high speed Internet. Communities would be able to expand their own coverage by providing the necessary infrastructure and maintenance independently of cable companies through bonding. Cases from other states include Vermont, where the bond ratings were downgraded on the City of Burlington, Burlington International Airport, and Burlington Electric Department as well as assignment of a negative outlook from Moody's. "Bad judgment" was one of the charges filed by state and federal investigators. Burlington's taxpayers ended up owing the bank \$33.5 million. The debt was settled for less but they still owe \$17 million. Other places where this was tried include Groton, Connecticut where monies spent were \$10 million more than estimated. Costs between 2000 and 2008 went from \$7 million to \$35 million. Now that Groton has sold off the failing asset, the community is paying the remaining \$27 million debt and the transfer of \$11 million in losses. Moody's downgraded the rating of Groton. Their market study relied on a survey of citizens that would like cable, though cautioned of the risk and a changing marketplace. Service changes in the early and mid-2000s proved too fast for the government to compete with advanced communications, and the city officials failed to account for this in the business model. Marketplace and organic market forces overcame all attempts to provide a "fix" to the shortcomings. Kentucky also has its own government broadband and assumptions made for award of school contracts placed them head to head with AT&T where the state had an unfair advantage. A shortfall in projected income, resignations and placing taxpayers at risk were the results. (Otts, Chris, Newscast, WDRB News, 2016). Technology in this area is still rapidly changing. What is considered broadband access today will be very much different tomorrow. When looking at using taxpayer dollars to build out and provide broadband Internet, television, and other infrastructure, many events such as storms and outages will have to be addressed. This bill could hurt private investment in a no-win regulatory scheme and would slow private sector job growth. Two years ago, not all public schools had broadband, now they do. Connect America Fund Phase II (CAFII) will be spending \$30 million dollars over the next few years to extend coverage into 13,000 areas identified in New Hampshire to provide coverage where it is weak or non-existing. Companies are investing in provision of services to all areas of New Hampshire. AT&T invested \$100 million last year in New Hampshire. Even if the state permitted a community to take on the outfitting and bonding of this service, there would (more than likely) still be some in areas, where bonding was done for the purpose of providing service for those that are not served. The majority of the committee felt this is not a good risk for any community to place on the state, municipalities or taxpayers. Vote 9-7.

Rep. Marjorie Porter for the Minority of Municipal and County Government. This is enabling legislation. There are still pockets in many communities that do not have access to broadband services. In some places dial up connections are still all that are available. Current statute allows municipalities that have no service at all to issue bonds to pay for broadband infrastructure in their communities. HB 1180 will allow towns that are only partially served to issue these bonds as well, so broadband service may be made available to all.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Gregory Smith spoke in favor and yielded to questions.

Rep. Porter spoke against and yielded to questions.

Rep. Cheney spoke in favor.

Rep. Gladys Johnsen requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 1219-FN-L, relative to the repurchase of tax-deeded property by the former owner and the costs therefor. OUGHT TO PASS WITH AMENDMENT.

Rep. James Coffey for Municipal and County Government. This bill in its original form seeks to eliminate a penalty that is imposed when the former owner of a tax-deeded property seeks to repurchase their property during a three-year window from the date of the tax deeding. The present penalty being addressed is 15% of the equalized property, which is added to all interest, fees, taxes, administrative, maintenance and legal costs. It also changed the time frame from 15 to 30 days for a former owner or lienholder to respond with intent to repurchase the property, if the municipality intended to sell the property within the three-year window. After committee discussion, the bill was amended to reduce the penalty to 10% and eliminate it totally if the property was a primary residence and was being repurchased by the former owner. The proposed 30-day window for repurchase remains in the amendment. Vote 10-5.

Amendment (0522h)

Amend the bill by replacing all after the enacting clause with the following:

1 Real Estate Tax Liens; Repurchase by Former Owner. Amend RSA 80:89, II to read as follows:

II. Within 30 days after the notice required by paragraph I, or if no such notice is received, at any time within 3 years after the date of recording the tax deed, any former owner of the property may give notice by certified mail, return receipt requested, of intent to repurchase the property from the municipality, and stating that such owner is ready, willing, and able to pay all back taxes, interest, costs and penalty, as defined in RSA 80:90, except that if the property is the former owner's principal residence, or was the former owner's principal residence at the time of execution of the tax deed under RSA 80:76, the additional penalty under RSA 80:90, I(f) shall not apply. If all such back taxes, interest, costs and penalty have not been actually tendered within [15] 30 days of such notice of intent to repurchase, the municipality may proceed with its offering and dispose of the property without any interest by the former owner.

2 Real Estate Tax Liens; Definitions; Penalty. Amend RSA 80:90, I(f) to read as follows:

(f) An additional penalty equal in amount to [15] 10 percent of the assessed value of the property as of the date of the tax deed, adjusted by the equalization ratio for the year of the assessment.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill extends the time for a former owner to pay the costs of repurchasing a tax deeded property from the town. The bill also reduces the penalty charge added to such costs and exempts the penalty charge for certain owners.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 1382, relative to the referendum procedure for public water systems. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Catherine Cheney for the Majority of Municipal and County Government. The intent of the bill is to change the requirement for the number of signatures needed to place the question on the ballot of whether communities served by a water system would want to add fluoride to the drinking water or not. The current law sets the number of signatures required to 10% of the number of registered voters in each community served by the water system. For Manchester, where they serve Bedford, Hooksett and Auburn, that would be well over 7,000 signatures. The change would be to have the number of signatures required to be at 20% of the voters voting in the last municipal election. For

Manchester the new requirement for the petition signatures would mean well over 5,000 signatures would need to be collected. In other communities such as Dover, the count goes from over 2,000 to over 800 signatures, in Raymond from over 600 to over 150 signatures, in Rochester from over 2,000 to over 800, in New Boston from over 380 to over 200, in Portsmouth from over 1400 to over 800. This just changes the number of petition signatures required to place the question on the ballot for all communities served by the water system to choose whether to add fluoride to the drinking water or not. Vote 12-4.

Rep. Jane Beaulieu for the Minority of Municipal and County Government. This bill will decrease the number of signatures to pass a petition for a ballot question regarding public water systems and fluoridation. The minority believes the number of signatures should not be reduced and that there is no imperative to change the rules surrounding community water fluoridation. The imperative should be on us as a state to increase public awareness of the benefits of water fluoridation.

Majority committee report adopted and ordered to third reading.

HB 1401, relative to public libraries. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: **OUGHT TO PASS.**

Rep. Patricia Cornell for the Majority of Municipal and County Government. This bill would require all libraries to appoint a library director with a term of one year in place of a librarian and added wording to the reasons for the removal of library employees. The majority of the committee felt that this was an unnecessary bill that addresses policy issues that are not a problem for most of the over 230 New Hampshire public libraries. There are vast differences between libraries, small and large, town and city, and all have the ability to pass policies that fit their individual needs. Vote 12-4. Rep. David Bickford for the Minority of Municipal and County Government. This bill's primary purpose was to add, "or documented violations of the library's personal polices" to the list of reasons for cause to dismiss an employee. There was evidence that the cost of dismissal without this has cost towns tens of thousands of dollars. The New Hampshire Library Trustees Association favored this bill. Majority committee report adopted.

HB 1455, relative to membership of a municipal budget committee. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. David Bickford for the Majority of Municipal and County Government. This bill removes the requirement that a municipal budget committee have a resident of a village district as a member. Since residents of a village district are also residents of the municipality, a seat on the budget committee is already available to any resident running for election. Having a requirement that a small area of a community have a seat on a budget committee representing the entire community appears to fly in the face of equal representation. The committee felt this bill had merit. The amendment corrected a missed reference to village district in the bill as introduced and made no change to the intent of the bill. Vote 11-3.

Rep. Clyde Carson for the Minority of Municipal and County Government. This bill as amended solves one problem, but creates another. There are municipalities with village districts, where village district membership on the municipal budget committee is desired by the village district and the process works well. If this bill passes, this process will no longer be allowed. The option for someone from the village district to run for the municipal budget committee is no guarantee that the person would be elected, nor is it a guarantee that a person from the village district, if elected, would represent the desire of the district commissioners.

Majority Amendment (0644h)

Amend the title of the bill by replacing it with the following:

relative to the application of the municipal budget law to village districts wholly within AN ACT

Amend the bill by replacing all after section 1 with the following:

2 Municipal Budget Law; Application. Amend RSA 32:2 to read as follows:

32:2 Application. RSA 32:1-13, shall apply to all towns, school districts, cooperative school districts, village districts, municipal economic development and revitalization districts created under RSA 162-K, and any other municipal entities, including those created pursuant to RSA 53-A or 53-B, which adopt their budgets at an annual meeting of their voters, except RSA 32:5-b, which shall apply only in those towns or districts adopting that section pursuant to RSA 32:5-c. RSA 32:14-23, concerning budget committees, shall apply only in those towns or districts adopting that subdivision pursuant to RSA 32:14, I, and shall apply automatically in school districts [or village districts] located wholly within towns adopting that subdivision.

3 Municipal Budget Law; Duties and Authority of the Budget Committee. Amend RSA 32:16, I

to read as follows:

I. To prepare the budget as provided in RSA 32:5, and if authorized under RSA 40:14-b, a default budget under RSA 40:13, IX(b) for submission to each annual or special meeting of the voters of the municipality, and, if the municipality is a town, the budgets of any school district [or village district] wholly within the town, unless the warrant for such meeting does not propose any appropriation.

4 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill deletes village districts that are wholly within a town from provisions of the municipal budget law.

Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

HB 1500, relative to default budgets for the purpose of setting tax rates. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. James Coffey for the Majority of Municipal and County Government. This bill directs the Department of Revenue Administration (DRA) to review all default budgets in official ballot towns, school districts and village districts for compliance with RSA 40:13, X. A compliant default budget approved by the DRA would then be necessary for the setting of the tax rate. A bipartisan majority of the committee believes that this procedure would place a significant responsibility on the DRA that they have indicated they are not prepared to undertake and remove local control from the process. Vote 12-4. Rep. Keith Ammon for the Minority of Municipal and County Government. The Department of Revenue Administration (DRA) provides oversight on budgets adopted at regular town meetings as well as proposed budgets of SB2 towns and school boards, but seems to provide zero oversight on SB2 default budgets, which could very well become the actual budget if voters reject the proposed budget. Default budgets are supposed to be calculated according to a formula in state statute. This simple bill would 1) add a reporting requirement for SB2 towns and school districts to send their default budget calculations to the DRA (as they are already required to do) with their proposed budget, and 2) require the DRA to ensure all "appropriations, reductions, increases to a default budget comply" with current statute, the same way they already ensure "all calculations are correct" with proposed budgets. The main argument against this bill is that we shouldn't add a task to a town or school administrator's workload, or to the DRA's workload, which appears to be an argument against transparent and accountable government.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Carol McGuire requested a roll call; sufficiently seconded.

Cloutier, John Laware, Thomas Rollins, Skip and the majority committee report was adopted.

HB 1508, allowing public libraries to run certain privacy software. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Keith Ammon for the Majority of Municipal and County Government. This bill, as amended, makes it clear that libraries in New Hampshire have the prerogative to run software used to protect privacy on the Internet. The amendment eliminated a provision in the original bill that required written notice to persons prior to records relative to use of cryptographic privacy software being given to a government agency. Internet privacy in the digital age is fundamental to the sacred right of free speech; this includes the right to open inquiry without having the subject of one's interest examined or scrutinized by others, including governments, corporations, or bad actors. Librarians have historically been very sensitive to the issue of patron privacy. The American Library Association has protected and upheld patron privacy as one of their core values since 1939. This bill does not mandate that libraries run privacy software but simply clarifies their ability to do so. Much of the software is free and open source and costs pennies a month to run if it costs anything. The American Civil Liberties Union of NH testified in favor of this bill. Vote 9-6.

Rep. Patricia Cornell for the Minority of Municipal and County Government. This bill would allow libraries to run software to protect the privacy of patrons using their Internet connections. Libraries already have this authority and are adamant about protecting patron privacy making this law unnecessary.

Majority Amendment (0625h)

Amend RSA 202-A:26 as inserted by section 2 of the bill by replacing it with the following:

202-A:26 Cryptographic Privacy Software. Public libraries may allow the installation and use of cryptographic privacy platforms on public library computers for library patrons use. Cryptographic privacy software shall include Tor or other privacy software that encrypts user's information to protect it from surveillance or collection. Public libraries may also support infrastructure for cryptographic software that helps to promote a free and open Internet, such as running Tor relays.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. On a division vote, with 268 members having voted in the affirmative, and 62 in the negative, the majority committee report was adopted and ordered to third reading.

HB 1678-FN, relative to the information statement contained on a property tax bill. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Franklin Sterling for the Majority of Municipal and County Government. The purpose of this bill is to add additional language to appear on all property tax bills informing taxpayers of exemptions, credits or abatements that may be available to them to lower their assessment or total tax due. The committee is of the opinion that there is sufficient information on property tax bills currently. Vote 13-3. Rep. Catherine Cheney for the Minority of Municipal and County Government. Our committee had a similar bill last year. This bill would add language pertaining to mistakes or questions of value to the list of existing criteria to clarify circumstances whereby an exemption or abatement may be sought. Though there was testimony that it would cost too much, there was also testimony that it would not cost much at all to add a few words. We felt it would help create greater awareness for the taxpayers. Majority committee report adopted.

(Speaker Jasper in the Chair)

HB 1349, relative to the location of the Merrimack county superior court. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Mark McConkey for the Majority of Public Works and Highways. The 2015 Capital Budget approved \$16.6 million for the construction of a new Merrimack County Superior Court facility on Hazen Drive. Subsequent to that action the city of Concord and Merrimack County made another last minute attempt to move the approved location to the current site of the Merrimack County Superior Court. This new proposal would have Merrimack County constructing the court facility and upon completion selling it to the state for \$15.7 million. Since the approval of the Capital Budget work has continued on building the facility on Hazen Drive, including choosing an architectural firm to work

on the project. Newly refined figures show an estimated cost for the state to construct the facility to be \$14.5 million. Even taking into account the factors of lost time dealing with this bill and the distinct possibility of losing a construction season, the estimated savings to the state over the county plan would be in \$700,000 range. While great strides were made to have a firm proposal for the committee to review, all we have is the amendment before you which stipulates the state's position, but there is nothing signed between the state and the county even on these issues and testimony was given that there was more that had to be in any agreement. Additionally, the committee had asked that the residential neighbors be consulted about the proposed location and work schedules and that was not done. There was also concern that should there be cost overruns the county delegation would have to appropriate the funds and if that did not happen, the courthouse would sit substantially complete perhaps, but the state could not buy it. The Merrimack County Superior Court issue has been before the legislature for many years and the committee and legislature has bent over backwards and been given ample opportunity to locate a facility downtown. Construction of a new facility has been and still continues to be of critical importance and the bipartisan majority of the committee is unwilling to risk further delays with approving legislation which still has many unanswered questions. Vote 10-6. Rep. Mario Ratzki for the Minority of Public Works and Highways. This bill, as amended, provides a win-win opportunity for the state and our capital city of Concord. The amendment will make the county responsible for the construction of the Merrimack County courthouse downtown location. It also guarantees that the state will not be responsible for cost overruns. \$15.7 million is allocated to the county. This reflects a saving of \$900,000 from the original capital budget allocation. The city of Concord, as well as the bipartisan Merrimack County delegation supports the downtown location. The alternate location of Hazen Drive presents logistical problems for the county attorney and the county sheriff. Access for the public is also problematic for people who depend on public transportation. A Concord downtown location would enhance the vitality and economic well-being of our capital city. Therefore, we ask the House to vote OTP as amended.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. Dan McGuire, Schuett and Shurtleff spoke against. Reps. Erin Hennessey, Irwin and McConkey spoke in favor. Rep. Chandler requested a roll call; sufficiently seconded.

and the majority committee report failed.

Rep. Schuett moved the minority committee report of Ought to Pass with Amendment and offered minority committee amendment (0847h).

Minority Amendment (0847h)

Amend the title of the bill by replacing it with the following:

relative to the Merrimack county superior court.

Amend the bill by replacing all after the enacting clause with the following:

- 1 2015 Capital Budget; Merrimack County Superior Court; Location. Amend 2015, 220:1, II, D to read as follows:
 - (D) Court Facilities

(1) Merrimack County Superior Court New Courthouse [*]

(2) Hampton Circuit Court, Architectural/Engineering

[16,600,000]\$*15,700,000* 300,000

(3) Milford Circuit Court, Architectural/Engineering

255,500

* The location for the siting of the Merrimack county superior court facility shall be in Concord on [state lands adjacent to the supreme court] a parcel appropriate to contain the court building and associated parking.

2 2015 Capital Budget; Merrimack County Superior Court; New Courthouse. The appropriation

made in 2015, 220:1, II, D, 1 shall be subject to the following:

I. Notwithstanding any other provision of law, the state, through the department of administrative services, shall be permitted to enter into an agreement to acquire property from Merrimack county on North Main Street in the city of Concord, containing a new courthouse and no less than 150 dedicated parking spaces, by warranty deed, for no more than \$15,700,000.

II. The courthouse shall be constructed in compliance with the current division of public works design and construction standards and the minimum standards for all courts, adopted by the New Hampshire court accreditation commission, and at a minimum, shall satisfy the Merrimack County Courthouse Design and Space Planning study by SMRT, Inc., dated May 29, 2014.

III. The state shall have the right to review and reject the design plans and specifications provided by the county, or its designee, at regular intervals agreed to by the state and county.

IV. The price of the new courthouse shall include compensation to the department of administrative services, or its designee, in the amount of \$175,000 to support 2 full-time clerk of the works positions for the project, \$25,000 to support an on-call architect for the project, \$25,000 to pay the current architect, SMRT, Inc., for its work on the project, and \$350,000 for furniture and equipment. Said amounts shall be held back from the final purchase price paid by the state to the county.

V. Until the new courthouse is completed and the existing courthouse is fully renovated, the clerk of the Merrimack superior court, or designee, shall have the authority to order a stop to any and all construction activities that, in the opinion of the clerk, interfere with the regular operation of the court. The county shall be solely responsible for any costs and delays associated with stop work orders issued pursuant to the clerk's authority.

VI. Merrimack county shall provide a property description and title history for the property to be transferred to the state within 90 days of the execution of an agreement. The county shall be responsible for all surveys, subdivision approvals, and all other approvals necessary to effectuate

the transfer of the property from the county to the state.

VII. The plans and specifications for this project shall be reviewed and approved by the state fire marshal.

VIII. The state shall have the right to terminate the agreement without penalty prior to the state's acceptance of the final design documents and specifications; provided that the state shall not be arbitrary or capricious in exercising such right, and shall act in accordance with the implied covenant of good faith and fair dealing.

IX. During the construction of the courthouse and associated activities, the county shall provide the state with full access to the construction site and project meetings and shall allow the state the

opportunity to review and reject any work performed.

X. The county shall provide a one-year warranty on the work performed related to the court-

house and shall transfer all product warranties to the state.

XI. The state's payment obligations under the agreement shall be as follows: 95 percent of the purchase price set forth in paragraph I, less compensation to the state set forth in paragraph IV, shall be due to the county on the date of substantial completion of the entire project, including the demolition of the so-called registry building. The remaining 5 percent of the purchase price shall be due at the time of the state's final acceptance of the project. For purposes of this section, the date of substantial completion shall mean the date on which the county conveys its property to the state.

XII. The county shall defend and indemnify the state from any and all claims arising out of or alleged to have arisen out of the construction project.

XIII. In the event that the state and county do not come to an agreement for the purchase of the courthouse and property or in the event that the agreement is terminated prior to acceptance of the final design, the state may use this appropriation to construct the courthouse facility on state lands next to the supreme court.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill reduces a capital budget appropriation for a new courthouse for the Merrimack county superior court and eliminates the capital budget requirement that the Merrimack county superior court be sited on state lands adjacent to the supreme court.

The bill also establishes certain requirements for the acquisition of courthouse property and construction of the courthouse.

Minority committee amendment adopted.

Minority committee report adopted and ordered to third reading.

HB 2016, relative to the state 10-year transportation improvement program. OUGHT TO PASS WITH AMENDMENT.

Rep. Gene Chandler for Public Works and Highways. HB 2016 is the Ten-Year Transportation Improvement Program (TYP) for the State of New Hampshire, covering the period from 2017-2026. The plan is fully financially constrained at a total of \$3.74 billion and contains projects in the following categories and estimated amounts: highway funding - \$2.68 billion; turnpike improvements - \$461 million; airports - \$260 million; rail - \$10 million; and federal transit - \$324 million. The TYP was vetted with input from the municipalities via the regional planning commissions and with the public through a series of 16 GACIT (Governor's Advisory Commission on Intermodal Transportation) public hearings. GACIT consists of the Governor's Executive Council and the Commissioner of the Department of Transportation. GACIT submitted their proposal to the Governor, and subsequently the Governor submitted her proposal to the Public Works and Highways Committee, which held several hearings and work sessions on the TYP. The TYP includes a focus on pavement preservation, red listed bridges and bridge preservation; pledges work on rural roads and bridges; includes the completion of I-93 from Salem to Manchester and provides funding for Exit 4A in Londonderry. The plan includes a heightened financial constraint for an increased level of accountability and predictability in program delivery. The plan includes an assumed inflation factor of 3% and relies on the utilization of turnpike toll credits for the state fund share instead of a cash contribution for federally funded projects. An amendment was proposed to remove the \$4 million rail study money from the plan, but the vote was 10-10 whereby the project remained in the plan. The amendment to the bill/plan deals with authorizing the further issuance of GARVEE bonds for the reconstruction/rehabilitation of two Connecticut River bridges, one on I-89 and one on Route 119. Several projects that were previously unfunded in previous ten-year plans include continuing projects on I-89 and I-93 in Concord and Exits 6 and 7 in Manchester, including interchanges. The amendment also addresses increased funds for improvements to the central turnpike and enhanced study of Exit 10 on the Spaulding Turnpike; approval for a new loan financing structure under TIFA C Transportation Infrastructure Finance and Innovation Act to complete the widening of I-93 from Salem to Manchester. The loan will be structured to require revenue from SB 367 to be used for improvements to approximately 1160 miles of rural roads and approximately 23 red listed bridges during the first nine years of the loan. These improvements are over and above the normal programs for these areas. Subsequent to the ninth year the funds collected for SB 367 will be used to make interest and principle payments on the loan. Also included is language to provide for additional funding for TIGER grants should any be available. Since the Department anticipates at least \$9 million of savings due to the light winter, the committee unanimously agreed to allocate these savings to increase by \$2.5 million the Capital Equipment Program, 85% of which is to be used for large trucks and heavy equipment, and 15% for light trucks and passenger vehicles; \$2.5 million of excess funds to bolster the municipal state aid bridge program; and \$4 million for the highway betterment account for bridge work and resurfacing throughout the state's highway districts. The final portion of the amendment deals with a project in Littleton whereby the state pays for 2/3 of the project and the town pays for 1/3. There is still money left in this account after approval of this project should any town wish to avail themselves of these funds. These are projects on state roads that the towns feel are important enough to use town funds as a 1/3 match. Vote 18-2.

Amendment (0903h)

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 12:

2 Issuance of Revenue Bonds. Amend RSA 228-A:2 to read as follows:

228-A:2 Issuance of Revenue Bonds. The state may issue bonds under this chapter to be known as "federal highway grant anticipation bonds." The bonds may be issued from time to time for the purpose of financing project costs related to the widening of Interstate 93 from Manchester to the Massachusetts border, the replacement of the Sarah Mildred Long Bridge in Portsmouth, New Hampshire, and any other federally aided highway project hereafter authorized by the general court to be financed under this chapter. Bonds issued hereunder shall be special obligations of the state and the principal of, premium, if any, and interest on all bonds shall be payable solely from the particular funds provided therefor under this chapter. The issuing of bonds shall be contingent upon the availability of sufficient anticipated federal aid over the term of the bonds. The bonds shall be issued by the treasurer in such amounts as the fiscal committee of the general court and the governor and council shall determine, and shall not exceed \$490,000,000. Debt service for federal highway grant anticipation bonds (GARVEE bonds) for the projects shall be paid from a portion of future federal funds. Bonds of each issue shall be dated, shall bear interest at such rate or rates, including rates variable from time to time as determined by such index, banker's loan rate, or other method as may be determined by the treasurer, and shall mature at such time or times as may be determined by the treasurer, except that no bond shall mature more than 15 years from the date of its issue. Bonds may be made redeemable before maturity either at the option of the state or at the option of the holder, or on the occurrence of specified events, at such price or prices and under such terms and conditions as may be fixed by the treasurer prior to the issue of bonds. The treasurer shall determine the form and details of bonds. Subject to RSA 93-A, the bonds shall be signed by the treasurer and countersigned by the governor. The bonds may be sold in such manner, either at public or private sale, for such price, including above or below par value, at such rate or rates of interest, or at such discount in lieu of interest, as the treasurer may determine. The state may further issue GARVEE bonds for the purpose of financing the project costs related to the replacement and/or rehabilitation of 2 Connecticut river bridges, located in Lebanon, New Hampshire and Hinsdale, New Hampshire, pursuant to the issuance process in this paragraph.

3 Turnpike System; Authority Granted. Amend RSA 237:2, VII(b) and (c) to read as follows:

(b) Plan [and], engineer, and construct improvements [to], and acquire land as necessary for the central New Hampshire turnpike, including, but not limited to the addition of a traffic lane or lanes in each direction from the junction of interstate 89 in the city of Concord to the northerly expansion joint of the Interstate 93 bridge over Loudon Road and N.H. Route 9 (bridge no. 163/106).

(c) Plan [and], engineer, and construct improvements [to], and acquire land as necessary for the central New Hampshire turnpike, including, but not limited to the addition of a traffic lane or lanes in each direction from exit 6 to exit 7 in the city of Manchester, as well as the reconstruction of the exit 6 and exit 7 interchanges.

4 Turnpike System; Funds Provided. Amend RSA 237:7, I(h) to read as follows:

(h) Improvements to central New Hampshire turnpike.

\$697,000,000 RSA 237:2, IV(h), VII, VII(b), VII(c), IX. [\$574,900,000]

5 Turnpike System; Funds Provided. Amend RSA 237:7, I(j) to read as follows:

(j) Study of exit 10 on Spaulding turnpike. \$3,500,000 [\$1,100,000]RSA 237:2 II-a.

6 Department of Transportation; Transportation Infrastructure Finance and Innovation Act. In accordance with RSA 6:13-d, the department of transportation anticipates securing a loan of \$200,000,000 through the federal Transportation Infrastructure Finance and Innovation Act (TIFIA), 23 U.S.C. sections 601-609, to complete the widening of Interstate 93 from Salem to Manchester. It is anticipated that the loan will be structured to require revenue collected under 2014, 17 (SB 367-FN-A), to be used for the improvement of approximately 1,160 miles of rural roads (\$12,000,000 per year) and approximately 23 red list bridges (\$8,000,000 per year) during the first 9 years of the loan. Subsequent to the ninth year, funds collected under 2014, 17 shall be used to make interest and principal payments on the loan. Consequently, the department will no longer be able to invest in rural roads and red list bridges at the same levels. The state 10-year transportation improvement plan sets forth projects to improve roads and bridges in accordance with the conditions of the loan.

7 Department of Transportation; Grants. If the department of transportation or any municipality is successful in obtaining additional grant funding (such as TIGER grants) for projects in the state 10-year transportation improvement plan, the department may modify and/or advance project funding, as practical, for such projects in order to leverage these additional grant funds.

8 Department of Transportation; Purchase of Fleet Vehicles. The department of transportation may expend up to \$2,500,000 in excess funds from the winter maintenance accounting unit (2928) from fiscal year 2016 for the purchase of fleet vehicles. Eighty-five percent of said funds shall be appropriated for trucks and heavy equipment. Fifteen percent of said funds shall be appropriated for light trucks and passenger vehicles. Said funds shall be appropriated from the undesignated highway surplus account and shall be continually appropriated and nonlapsing.

9 Department of Transportation; Expenditure for State Bridge Aid Program. The department of transportation may expend up to \$2,500,000 in excess funds from the winter maintenance accounting unit (2928) from fiscal year 2016 for the state bridge aid program under RSA 234:5. Said funds shall be appropriated from the undesignated highway surplus account and shall be

continually appropriated and nonlapsing.

10 Department of Transportation; Highway Bridge and Betterment. Pursuant to the intent of 2014, 17 (SB 367-FN-A), excess funds in highway maintenance accounting unit (3007) should be spent on roads and bridges. Notwithstanding any law to the contrary, any lapsing funds up to \$4,000,000 in the highway maintenance accounting unit (3007) from fiscal year 2016 shall be appropriated to the department of transportation from the undesignated highway surplus account and shall be continually appropriated for use in class 400 in accounting unit 8910 for highway bridge and betterment district resurfacing and district rehabilitation programs. Said funds shall be nonlapsing.

11 Department of Transportation: Transfer of Funds: \$200,000 of the undesignated programmatic funds under the State Aid Highway Program (SAH) in 2018 shall be designated to the Littleton Saranac Street project.

Amend the bill by replacing section 12 with the following:

12 Effective Date.

- I. Sections 8, 9, and 10 of this act shall take effect July 1, 2016.
- II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

- I. Adopts the 10-year transportation improvement plan for 2017-2026.
- II. Adds purposes for which the state may issue GARVEE bonds.
- III. Modifies funding for projects on the central New Hampshire turnpike and the Spaulding turnpike.
- IV. Authorizes the department of transportation to expend certain funds for the purchase of fleet vehicles, for the state bridge aid program, and for highway bridge and betterment district resurfacing and rehabilitation programs.

V. Transfers certain funds under the state aid highway program to the Littleton Saranac Street project. Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Kurk offered floor amendment (0941h).

Floor Amendment (0941h)

Amend the bill by inserting after section 11 the following and renumbering the original section 12 to read as 13:

12 Department of Transportation; Nashua-Manchester-Concord. Funding for the Nashua-Manchester-Concord Capitol Corridor Rail project, project number 40818, is deleted from the "10year Transportation Improvement Plan 2017-2026 submitted by the Governor to the Legislature Pursuant to RSA 228:99 and RSA 240 of the Laws of New Hampshire."

AMENDED ANALYSIS

This bill:

- I. Adopts the 10-year transportation improvement plan for 2017-2026.
- II. Adds purposes for which the state may issue GARVEE bonds.

III. Modifies funding for projects on the central New Hampshire turnpike and the Spaulding turnpike.

IV. Authorizes the department of transportation to expend certain funds for the purchase of fleet vehicles, for the state bridge aid program, and for highway bridge and betterment district resurfacing and rehabilitation programs.

V. Transfers certain funds under the state aid highway program to the Littleton Saranac Street project.

VI. Deletes the Nashua-Manchester-Concord Capitol Corridor Rail project, project number 40818, from the 10-year transportation improvement plan 2017-2026.

Rep. O'Connor spoke in favor.

Rep. Sprague spoke against.

Rep. Chandler yielded to questions.

Rep. Cloutier requested a roll call; sufficiently seconded.

and floor amendment (0941h) was adopted.

Committee report adopted and ordered to third reading. Rep. Seaworth voted Nay and intended to vote Yea.

HB 1517, relative to temporary seasonal docks. REFER FOR INTERIM STUDY.

Rep. John Mullen for Resources, Recreation and Development. The intent of this bill was to reduce the lot line setback for temporary seasonal docks. The 20-foot setback requirement was originally set forth by administrative rules in 1997 and codified in statute the following year by the legislature in 1998. In 2002, the legislature simplified the process for putting in a seasonal dock by eliminating the need for a permit from the Department of Environmental Services (DES). Instead the property owner had only to notify DES of the installation and certify that certain conditions were met, including the 20-foot setback. Testimony on this bill was presented by a variety of state agencies, including DES and the Department of Safety, as well as other stakeholders including individual owners. A subcommittee explored the many aspects of the setback issue in regards to safety as well as protecting individual property rights. During the executive session on the bill, concerns were brought up about the details of the bill, how its implementation would affect state agencies, and its long-term effect on property owners' rights. After much discussion it was determined that a more thorough examination of the bill was needed. Vote 15-3. Committee report adopted.

The House recessed at 12:07 p.m.

RECESS

The House reconvened at 1:15 p.m.

(Speaker Jasper in the Chair) MOTION TO REMOVE FROM THE TABLE

Rep. Vose moved that **HB 297**, protecting individual customer data from disclosure by a public utility, be removed from the table.

Motion adopted.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Vose spoke against.

On a division vote, with 66 members having voted in the affirmative, and 244 in the negative, the majority committee report failed.

Rep. Vose moved the minority committee report of Ought to Pass and offered floor amendment (0295h).

Floor Amendment (0295h)

Amend RSA 363:38, II as inserted by section 1 of the bill by replacing it with the following:

II. Service providers shall:

(a) Collect, store, use, and disclose only as much individual customer data as is necessary to accomplish primary purposes.

(b) Use individual customer data solely for primary purposes.

Amend RSA 363:38, V(b) as inserted by section 1 of the bill by replacing it with the following:

(b) Nothing in this section shall preclude a service provider from disclosing a customer's individual data to a third party for system, grid, or operational needs, or the implementation of demand response, energy management, or energy efficiency programs, provided that the service provider for contracts entered into after January 1, 2017, has required by contract that the third party implement and maintain reasonable security procedures and practices appropriate to the nature of the information, to protect the personal information from unauthorized access, use, destruction, modification, or disclosure, and prohibit the use of the data for a secondary commercial purpose not related to the primary purpose of the contract without the express consent of the customer.

Rep. Vose spoke in favor and yielded to questions.

Floor amendment (0295h) adopted.

Minority committee report of Ought to Pass with Amendment adopted and ordered to third reading.

REGULAR CALENDAR CONT'D

HB 1104, relative to electric renewable energy classes. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Herbert Richardson for the Majority of Science, Technology and Energy. The bipartisan majority of the committee felt that this bill, which allows hydropower for renewable portfolio standards (RPS) compliance in lieu of developing local renewables, could harm New Hampshire's renewable energy industries which are providing value to our economy, our municipalities, and our ratepayers. The committee heard from the Department of Environmental Services that this bill would promote instability and lack of certainty in the state's renewable portfolio law. The committee also had testimony from the Public Utilities Commission stating that the bill could have the unintended consequence of increasing ratepayer rates due to Federal Energy Regulatory Commission (FERC) Order 1000. The RPS has created and continues to support many jobs in New Hampshire. For example, in the biomass industry, thousands of jobs related to the forests and timber industry have driven an overall economic benefit of over \$173.8 million annually to the state. Vote 14-7.

Rep. David Murotake for the Minority of Science, Technology and Energy. The minority is concerned the rapid increase of Class I renewable energy goals that began in 2015, established in RSA 362-F:3, will result in higher energy costs for consumers given the failed expectations of industrial wind in NH. Class I is the largest of the Renewable Portfolio Standard (RPS) classes and includes a variety of renewable sources, including wind and incremental new production from large hydro put into operation after 1/1/2006. The sharp increase of 0.9% per year in Class I may not be achievable. This bill proposes that electricity providers be allowed to use the production from older large hydro facilities to satisfy their Class I requirements when there is a shortage of Renewable Energy Credits (RECs). Neighboring ISO New England states, like Massachusetts, permit older large hydro, placed into operation after 12/31/1997, to be used to satisfy their Class

Hirsch, Geoffrey

1 requirements. New Hampshire cannot use this clean, renewable source under current statute. While emotional testimony claims this legislation will hurt the biomass (wood) industry, expert testimony shows this is untrue. RPS, though complex, has numerous "carve outs," and this legislation leaves all such protections for other classes intact.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Richardson spoke in favor.

Rep. Murotake spoke against and requested a roll call; sufficiently seconded.

SULLIVAN

Laware, Thomas and the majority committee report was adopted.

Welch, David

HB 1116, relative to net metering. OUGHT TO PASS WITH AMENDMENT.

Rep. Herbert Vadney for Science, Technology and Energy. This bill addresses issues that arise from distributed power generation, such as from rooftop or community solar, and the resale of that energy back into the power grid. This bill includes solutions to the problems of (1) legislative production caps that threaten to shut down a growing New Hampshire industry employing over 750 people, and (2) concerns about reimbursement rates paid for energy sold back into the electric grid. The bill both keeps the jobs in New Hampshire and creates a transition plan that will bring us to a systemic solution for the rate structure, eliminating the need for production caps in the future and addressing equitable treatment between those that install solar and those that choose not to install solar. Vote 19-0.

Amendment (0601h)

Amend the bill by replacing section 1 with the following:

Weyler, Kenneth

1 Purpose Statement. To meet the objectives of electric industry restructuring pursuant to RSA 374-F, including the overall goal of developing competitive markets and customer choice to reduce costs for all customers, and the purposes of RSA 362-A and RSA 362-F to promote energy independence and local renewable energy resources, the general court finds that it is in the public interest to continue to provide reasonable opportunities for electric customers to invest in and interconnect customer-generator facilities and receive fair compensation for such locally produced power while ensuring costs and benefits are fairly and transparently allocated among all customers. The general court continues to promote a balanced energy policy that supports economic growth and promotes energy diversity, independence, reliability, efficiency, regulatory predictability, environmental benefits, a fair allocation of costs and benefits, and a modern and flexible electric grid that provides benefits for all ratepayers.

Amend RSA 362-A:9, I as inserted by section 3 of the bill by replacing it with the following:

I. Standard tariffs providing for net energy metering shall be made available to eligible customergenerators by each electric distribution utility in conformance with net metering rules adopted and orders issued by the commission. Each net energy metering tariff shall be identical, with respect to rates, rate structure, and charges, to the tariff under which a customer-generator would otherwise take default

generation supply service from the distribution utility. Such tariffs shall be available on a first-come. first-served basis within each electric utility service area under the jurisdiction of the commission until such time as the total rated generating capacity owned or operated by eligible customer-generators totals a number equal to [50 megawatts multiplied by each such utility's percentage share of the total 2010 annual coincident peak energy demand distributed by all such utilities as determined by the commission] 100 megawatts, with 50 megawatts of the 100 megawatts allocated to the 4 electric distribution utilities that were subject to the commission's jurisdiction in 2010 multiplied by each such utility's percentage share of the total 2010 annual coincident peak energy demand distributed by those 4 utilities, and 50 megawatts of the 100 megawatts allocated to the state's 3 investor-owned electric distribution utilities, multiplied by each such utility's percentage share of the total 2010 annual coincident peak energy demand distributed by those 3 utilities, all to be determined by the commission and to be utilized by eligible customer-generators located within each such utilities' service territory. Eighty percent of each utility's share of the 50 megawatts shall be apportioned to facilities with a total generating capacity of not more than 100 kilowatts and 20 percent to facilities with a total generating capacity in excess of 100 kilowatts, but no greater than one megawatt. The 50 megawatts of capacity shall be made available to eligible customer-generators until such time as commission approved alternative net metering tariffs approved by the commission become available. No more than 4 megawatts of such total rated generating capacity shall be from a combined heat and power system as defined in RSA 362-A:1-a, I-d. Amend RSA 362-A:9, XVI-XVIII as inserted by section 5 of the bill by replacing it with the following:

XVI. No later than 3 weeks after the effective date of this paragraph, the commission shall initiate a proceeding to develop new alternative net metering tariffs, which may include other regulatory mechanisms and tariffs for customer-generators, and determine whether and to what extent such tariffs should be limited in their availability within each electric distribution utility's service territory. In developing such alternative tariffs and any limitations in their availability, the commission shall consider: the costs and benefits of customer-generator facilities; an avoidance of unjust and unreasonable cost shifting; rate effects on all customers; alternative rate structures, including time based tariffs pursuant to paragraph VIII; whether there should be a limitation, on the amount of generating capacity eligible for such tariffs; the size of facilities eligible to receive net metering tariffs: timely recovery of lost revenue by the utility using an automatic rate adjustment mechanism; and electric distribution utilities' administrative processes required to implement such tariffs and related regulatory mechanisms. The commission may waive or modify specific size limits and terms and conditions of service for net metering specified in paragraphs I, III, IV, V, and VI that it finds to be just and reasonable in the adoption of alternative tariffs for customer-generators. The commission may approve time and/or size limited pilots of alternative tariffs.

XVII. The commission shall issue an order initially approving or adopting such alternative tariffs, which may be subject to change or adjustment from time to time, within 10 months of the effective date of this paragraph.

XVIII. If any utility reaches any cap for net metering under paragraph I before alternative tariffs are approved or adopted pursuant to paragraph XVII, eligible customer-generators may continue to interconnect under temporary net metering tariffs under the same terms and conditions as net metering under the 100 megawatt cap, except that such customer-generators shall transition to alternative tariffs once they are approved or adopted for their utility pursuant to paragraph XVII. Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 1133, relative to the maximum amount of a customer deposit which may be required under rules of the public utilities commission. INEXPEDIENT TO LEGISLATE.

Rep. Michael Vose for Science, Technology and Energy. This bill seeks to limit the amount of money utilities can require for a security deposit. Utilities typically require a security deposit for new customers and for customers who have fallen behind in paying their bill. Under current Public Utilities Commission rules, utilities can require an amount equal to the two of the three highest bills incurred during the previous 12 months. For venues that heat with electricity, that can amount to as much as \$1,600 to \$1,800. This bill would cap that deposit amount at \$250. While this bill would potentially help some consumers, it would decrease utility revenues for delinquent accounts and those costs would be passed along to other ratepayers. In addition, decreasing a ratepayer's exposure to just \$250 might encourage an increase in account defaults. Vote 17-3. Committee report adopted.

HB 1140, relative to financial responsibility for gas transmission pipelines. MAJORITY: INEX-PEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Herbert Vadney for the Majority of Science, Technology and Energy. This bill would require owners of gas transmission pipelines to procure and maintain insurance against any loss resulting from failure or malfunction, and must be maintained in cases of abandonment. It also requires annual proof of adequate insurance to the Public Utilities Commission (PUC). While the intent is wellplaced and the need for property owner protection is understood, testimony revealed that the newly adopted Site Evaluation Committee (SEC) rules do consider insurance and decommissioning plans as part of the certification process. Testimony also revealed that some pipeline companies currently self-insure in amounts well positioned to meet the concerns, while others already carry third party insurance. The committee felt the bill is unnecessary and would put an undue burden on the SEC and the PUC. Additionally, there was some concern that since interstate pipelines fall under the final authority of the Federal Energy Regulatory Commission, such state directives could be preempted. For these reasons, the committee is not able to support the bill. Vote 15-6.

Rep. Marjorie Shepardson for the Minority of Science, Technology and Energy. The minority believes the owners of gas transmission pipelines should have to annually provide proof of insurance to the Public Utilities Commission.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Vadney spoke in favor.

Rep. McConnell spoke against and requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 1146, relative to certificates of site and facility. INEXPEDIENT TO LEGISLATE.

Rep. Herbert Richardson for Science, Technology and Energy. This bill, by changing "may" to "shall," attempts to ensure that a certificate issued by the Site Evaluation Committee (SEC) includes terms and conditions, such as bonding, and provisions for monitoring as the SEC deems necessary. The SEC has recently adopted rules that address these issues and so the committee feels this bill is unnecessary. Vote 15-5.

Committee report adopted.

HB 1148, relative to pipeline capacity contracts. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Herbert Vadney for the Majority of Science, Technology and Energy. The Public Utilities Commission (PUC) has broad powers to evaluate all manner of energy issues including needs for future capacities for fuel transportation via pipelines. The committee believes that nothing is gained by specifying a long list of specifics which, in effect, would be telling the PUC how to do its job. Current law (RSAs 374:1, 374:2 and 378:7) already requires the PUC to review pipeline capacity contracts for prudence and to determine whether the terms of such an agreement are reasonable. Vote 11-10.

Luneau, David

McGuire, Dan

Seaworth, Brian

Rep. Howard Moffett for the Minority of Science, Technology and Energy. The minority believes this bill raises an important concern that deserves far more attention than it has received: why should New Hampshire electric ratepayers be asked to pay for long-term capacity contracts on gas pipelines? Even those of us who feel that New England needs new interstate gas pipeline capacity, to reduce high winter wholesale and retail electric rates and price volatility, question whether retail electric ratepayers should be asked to guarantee payment on 20 year gas capacity contracts like default service ratepayers were asked to do for the mercury scrubber installation at Merrimack Station.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Reps. Moffett and McConnell spoke against.

Rep. Vadney spoke in favor.

Rep. Baber yielded to questions.

Rep. McConnell requested a roll call; sufficiently seconded.

HB 1174, relative to energy sources for new natural gas transmission compressor stations. INEXPEDIENT TO LEGISLATE.

Rep. Michael Vose for Science, Technology and Energy. This bill would require that natural gas compressor stations use another source of power rather than the gas in the pipeline itself. Using pipeline gas to power a 41,000 horsepower compressor creates noise and poses the risk of air emissions in the area around the compressor station. Periodic gas releases, called blowdowns, are necessary to perform compressor maintenance and risk further contamination around the station. However, the Department of Environmental Services testified that a preliminary application for a gas compressor in Temple showed emission levels would be low. A pipeline engineer testified that using electricity rather than gas to power the compressor would require the construction of an 11-mile power distribution line from a substation in Rindge. This engineer further testified that geography and pipeline fluid dynamics require siting the pipeline in the Temple/New Ipswich area. Ultimately, the bill's negatives outweighed the positives, leading to the committee's disapproval of the bill. Vote 14-7. Rep. Vose spoke in favor.

Rep. Williams spoke against, yielded to questions and requested a roll call; sufficiently seconded.

INTRODUCTION OF SPECIAL GUEST

Representative-elect Michael A. Edgar, guest of the House.

REGULAR CALENDAR CONT'D

HB 1320, relative to assignment or transfer of an operating permit issued by the department of environmental services. INEXPEDIENT TO LEGISLATE.

Rep. Herbert Vadney for Science, Technology and Energy. This bill was narrowly crafted to single out a particular parcel of land in a way that would unduly restrict the property rights of the landowner. The Department of Environmental Services testified that the permits that were given to the landowner and the function approved for that parcel remain and any new owner of the property could operate under that permit as long as the same conditions of trained operators, safety procedures, environmental constraints, and emissions monitoring were followed. Vote 14-5. Committee report adopted.

HB 1374, relative to rebates to ratepayers from the renewable energy fund. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Herbert Richardson for the Majority of Science, Technology and Energy. The bi-partisan majority of the committee felt that this bill, which essentially defunds the Renewable Energy Fund which is used to develop renewable energy, promote in-state jobs and diversify our sources of energy, will harm the rapidly growing renewable energy industry in the state. The committee heard extensive testimony against the bill, expressing that the bill was anti-business. Reports have shown that the Renewable Energy Fund investments in energy projects have totaled \$7 million and have generated \$30 million in private investment in our state. Vote 18-3.

Rep. Jeanine Notter for the Minority of Science, Technology and Energy. However small the rebate to ratepayers may have been, it would help some in lessening the redistribution in wealth that the minority opposes in principle. All of the little fees here and subsidies there add up to a sizable amount of money out-of-pocket. Chipping away at subsidies and fees is a way to reverse course.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Notter spoke against.

Rep. Shepardson spoke in favor.

Rep. Tucker requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 1470-FN, permitting additional site evaluation committee membership from towns or cities affected by an application. INEXPEDIENT TO LEGISLATE.

Rep. Glen Aldrich for Science, Technology and Energy. This bill would add an indeterminate and varying number of new members to the Site Evaluation Committee depending on how many municipalities a proposed project passes through. However, estimates projected as many as fifty or more could qualify for membership, thereby making it difficult to get things done. Two years ago we reduced the number on the committee from fourteen to nine, partly because it was unwieldy at the larger number. Also, since the additional members would qualify for mileage reimbursement for multiple meetings, they would add cost to the operations of the committee. For these and other reasons the committee felt this bill unnecessary. Vote 18-1.

HB 1479, establishing a broadband study committee. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Douglas Thomas for the Majority of Science, Technology and Energy. This bill would establish a broadband study committee. Though there is a need for better access to broadband, particularly in rural areas, this is not new news and studies have already been done on the same issue. The Telecommunications Planning and Development Advisory Committee, with input from the Information Technology Council, has produced a report with some 37 recommendations. These committees should be allowed to progress with their study and possible implementation of recommendations. The majority felt that establishing another study to study the report would not produce anything new. To avoid "beating a dead horse," the committee opposes passage of this bill. Vote 13-8. Rep. Charles Townsend for the Minority of Science, Technology and Energy. Legislation is needed to move ahead on the 37 specific recommendations in the report, Broadband 2015: The Connection to New Hampshire's Future. This 84-page report was the result of years of work by

the NH Geographically Referenced Analysis and Information Transfer System (GRANIT), UNH Earth Systems Research Center, the Office of Energy and Planning, the Department of Economic Development, UNH Cooperative Extension, regional planning commissions, and other partners.

The report, released in the fall of 2015, documents the opportunities that broadband provides to small businesses, public safety, health care, and education. It also documents areas in which broadband availability is limited and the work that remains to be done to bring broadband to all areas in our state. A broadband committee will be able to study the recommendations, interview the report contributors, and determine legislation that will be successful in enacting the recommendations of this important report.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Ratzki spoke against.

Rep. Douglas Thomas spoke in favor.

On a division vote, with 184 members having voted in the affirmative, and 128 in the negative, the majority committee report was adopted.

HB 1659, relative to the implementation of the clean power state implementation plan. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: REFER FOR INTERIM STUDY.

Rep. Jeanine Notter for the Majority of Science, Technology and Energy. This bill would have prohibited the Department of Environmental Services (DES) from spending money to develop a plan to implement the US Environmental Protection Agency's (EPA) Clean Power Plan (CPP) until the courts ruled on its legality. The bill's sponsor argued that it also provided a way for the state to protest the continued unchecked rise of the administrative state and its mandate to create rules that seriously impact our citizens without the accountability of the ballot box. DES testified that the bill could possibly affect its ability to accept and expend federal grant dollars. With the state already in compliance with the CPP's emission caps due to participation in the Regional Greenhouse Gas Initiative (RGGI) program, coupled with the US Supreme Court's early February stay of the CPP, the committee felt the bill was not necessary at this time. Vote 20-1.

Rep. Michael Vose for the Minority of Science, Technology and Energy. This proposed legislation directed the state to delay action on a state implementation strategy to comply with the EPA's Clean Power Plan (CPP) until the rule's constitutionality was established. Many legal scholars had predicted that the EPA had exceeded the legislative authority granted by the federal Clean Air Act. In early February, the US Supreme Court halted the implementation of the CPP pending the resolution of legal challenges, making this bill less urgent. The EPA, meanwhile, stated that states could "voluntarily" develop their own compliance plans.

Majority committee report adopted.

HB 1691-FN, making certain changes to the renewable portfolio standard. MAJORITY: INEXPE-DIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Herbert Richardson for the Majority of Science, Technology and Energy. This bill seeks to revise the Renewable Portfolio Standard (RPS), ostensibly to reduce ratepayer cost. However, the majority of the committee determined that the bill had serious unintended consequences and could raise rates. The RPS is the cornerstone of New Hampshire's clean energy policy, providing a strong market signal that New Hampshire is receptive to and encourages electric and thermal energy development. Among the serious issues in the bill was the fact the bill actually repealed the RPS in 2020. In addition, the committee learned through testimony, which was later documented and supported by the Public Utilities Commission, that the bill could significantly increase ratepayer costs by the changes suggested in the thermal requirements of the law. Finally, we heard from an overwhelming number of stakeholders that the bill was flawed as it would subsidize out-of-state renewable facilities and would send the wrong signal to investors and the markets. The RPS is working to achieve its goals, including job creation and retention, and helps to position New Hampshire as a leader in clean energy development. Efforts to terminate or weaken the program send the wrong message to the industry. The majority believes the RPS functions as it was originally intended, helping New Hampshire reduce its dependence on imported fossil energy over which we have no control, keeping energy dollars in-state, and moving our economy towards more sustainable, local, and cleaner sources for electricity and heat. Vote 13-8. Rep. Michael Vose for the Minority of Science, Technology and Energy. This bill, as amended, sought to lower electricity costs in our state by making some small adjustments to the Renewal Portfolio Standard (RPS) statute. The adjustments include: (1) increasing the number of renewable energy credits (RECs) available for purchase by NH utilities, and (2) keeping more of the RECs generated by in-state suppliers inside our borders. Keeping RECs inside our borders is an often-overlooked issue. Today, utilities in Massachusetts, Rhode Island, and Connecticut are buying RECs from NH-based generators and claiming them as their own. When these RECS are sold out-of-state, the renewability benefit belongs to the state where the REC is counted. It is no coincidence that the nine states in the US with the highest electric rates are all RPS states. This bill provided an opportunity to bend the cost curve of RPS in New Hampshire in a downward direction while allowing the state to move closer to its renewable energy goals. Majority committee report adopted.

HB 1288, relative to the National Guard force protection policy. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Alfred Baldasaro for the Majority of State-Federal Relations and Veterans Affairs. This bill was introduced to give the Adjutant General greater powers to arm certain military personnel at various state military installations, to assist in the state's force protection policy. Right now, the Law Enforcement Officer's Safety Act of 2004 authorizes the arming of federal military installations, but not our National Guard and Air National Guard area state installations. We believe that under Article 10 of the US Constitution (states' rights) we have the authority to make changes to our New Hampshire laws pertaining to state owned bases. In Part 2 of the NH Constitution, the Senate and House have the supreme power to enact laws to ensure that our National Guard and Air National Guard have the tools necessary for the protection of all state bases. Part 2, Article 51 gives the power to the Governor, who is the Commander in Chief, to execute the laws of the state and of the United States. This legislation seeks to put this responsibility in state law, to ensure our Adjutant General has the tools necessary to be sure that he identifies members of the military (state) to be armed so they can protect themselves in case of a terrorist attack. Vote 10-3.

Rep. Kris Roberts for the Minority of State-Federal Relations and Veterans Affairs. The minority believes that this bill is an over stepping of the constitutional separation of powers. The National Guard and Air National Guard fall under the command and control of the Governor as Commander in Chief. When a citizen becomes a member of the armed forces he or she gives up some rights. It is up to the facilities commander to determine if he or she will allow service members to bring personal weapons upon such facilities. If the commander allows service members to bring personal weapons on military facilities he or she must develop a force protection plan in case that service member choses to use that weapon on another service member(s). As history has shown, even the best training shooters have problems keeping bullets on target during firing. Just allowing someone to carry a weapon does not ensure safety. All military commanders have a force protection plan.

Majority Amendment (0241h)

Amend RSA 110-B:28, VII as inserted by section 1 of the bill by replacing it with the following: VII. Any force protection policy adopted by the adjutant general shall permit members of the guard to carry a concealed pistol or revolver upon their person in accordance with the rules, regulations, and training requirements prescribed by the adjutant general.

AMENDED ANALYSIS

This bill provides that any force protection policy adopted by the New Hampshire national guard shall permit members of the guard to carry concealed weapons at national guard facilities in accordance with rules prescribed by the adjutant general.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Kris Roberts spoke against.

Rep. Baldasaro spoke in favor and yielded to questions.

(Rep. Packard in the Chair)

Rep. Murphy requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HB 1132, relative to carrying a rifle or shotgun in certain vehicles. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Steven Smith for the Majority of Transportation. This bill allows hunters and sportsmen to have ammunition in their guns in their vehicles. This bill enhances safety by reducing the number of times the weapon is unloaded and reloaded. The committee amendment requires the safety to be on, and the chamber empty. Vote 11-9.

Rep. George Sykes for the Minority of Transportation. This bill, as amended, changes an existing Fish and Game law which currently prohibits a loaded rifle or shotgun in a vehicle. The amendment allows a rifle or shotgun in the vehicle when there is ammunition in the magazine, none in the chamber and the safety is on. NH Fish and Game, NH Department of Safety and the NH Guide Association were all opposed to the original bill, and they had no opportunity to comment on the amendment. There was no compelling testimony showing why this change was necessary.

Majority Amendment (0701h)

Amend the title of the bill by replacing it with the following:

relative to carrying a loaded rifle or loaded shotgun in certain vehicles.

Amend the bill by replacing section 1 with the following:

1 Hunting From a Motor Vehicle, OHRV, Snowmobile, Boat, or Aircraft. Amend RSA 207:7 to read as follows:

207:7 Hunting From Motor Vehicle, OHRV, Snowmobile, Boat, or Aircraft.

I. No person shall take or attempt to take wild birds or wild animals from a motor vehicle, OHRV, snowmobile as defined in RSA 215-C:1, boat, aircraft or other craft propelled by mechanical power.

II. No person shall have or carry, in or on a motor vehicle, OHRV, snowmobile, or aircraft, whether moving or stationary, a cocked crossbow, or a loaded rifle or loaded shotgun[, or a rifle or shotgun with a cartridge in a magazine or clip attached to the gun] that has a round in the chamber and the safety in the off position.

III. No person shall have in or on a boat or other craft while being propelled by mechanical power, or in a boat or other craft being towed by a boat or other craft propelled by mechanical power, a cocked crossbow, or a loaded rifle or loaded shotgun[, or a rifle or shotgun with a cartridge in a magazine or clip attached to the gun] that has a round in the chamber and the safety in the off position.

IV. The provisions of this section shall not apply to law enforcement officers carrying guns in the line of duty.

AMENDED ANALYSIS

This bill prohibits carrying in a motor vehicle, OHRV, snowmobile, aircraft, or boat, a loaded rifle or loaded shotgun that has a round in the chamber and the safety in the off position.

Rep. Steven Smith spoke in favor. Rep. Hoell spoke against and requested a roll call; sufficiently seconded.

SULLIVAN

Rollins, Skip and the majority committee amendment was adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Proulx offered floor amendment (0939h).

Floor Amendment (0939h)

Amend the title of the bill by replacing it with the following:

relative to carrying a loaded rifle or loaded shotgun in certain vehicles.

Amend the bill by replacing section 1 with the following:

1 Hunting From a Motor Vehicle, OHRV, Snowmobile, Boat, or Aircraft. Amend RSA 207:7 to read as follows:

207:7 Hunting From Motor Vehicle, OHRV, Snowmobile, Boat, or Aircraft.

I. No person shall take or attempt to take wild birds or wild animals from a motor vehicle, OHRV, snowmobile as defined in RSA 215-C:1, boat, aircraft or other craft propelled by mechanical power.

II. No person shall have or carry, in or on a motor vehicle, OHRV, snowmobile, or aircraft, whether moving or stationary, a cocked crossbow, or a loaded rifle or loaded shotgun[, or a rifle or shotgun with a cartridge in a magazine or clip attached to the gun] that has the safety in the off position.

III. No person shall have in or on a boat or other craft while being propelled by mechanical power, or in a boat or other craft being towed by a boat or other craft propelled by mechanical power, a cocked crossbow, or a loaded rifle or loaded shotgun[, or a rifle or shotgun with a cartridge in a magazine or clip attached to the gun] that has the safety in the off position.

IV. The provisions of this section shall not apply to law enforcement officers carrying guns in

the line of duty.

AMENDED ANALYSIS

This bill prohibits carrying in a motor vehicle, OHRV, snowmobile, aircraft, or boat, a loaded rifle or loaded shotgun that has the safety in the off position.

Rep. Proulx spoke in favor.

Rep. Steven Smith spoke against.

Floor amendment (0939h) failed.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Sykes spoke against.

Rep. Proulx spoke in favor.

Rep. Hoell requested a roll call; not sufficiently seconded.

On a division vote, with 183 members having voted in the affirmative, and 129 in the negative, the majority committee report was adopted and ordered to third reading.

(Speaker Jasper in the Chair)

HB 1154-FN, authorizing and regulating the use of license plate scanning devices. OUGHT TO PASS WITH AMENDMENT.

Rep. Werner Horn for Transportation. The practice of checking license plates to determine if the vehicle has been involved in a crime exists currently. This legislation allows law enforcement officers to utilize technology to become more efficient in this practice. The plate readers only capture an image of the plate. The database it is compared to is locally controlled, and if the plate being read isn't in the database the image is deleted after three minutes. The amendment adds a reference to the state police and it changes references to vehicles, rather than persons. The amendment also adds additional safeguards to prevent captured data from being transmitted anywhere and ensures that such data is destroyed after purging and not used or shared for any other purpose. The ability to utilize this technology will make law enforcement more efficient and increases their ability to respond to critical incidents. Vote 13-4.

Amendment (0418h)

Amend RSA 261:75-b, II as inserted by section 2 of the bill by replacing it with the following:

II. Authority to obtain and issue LPR devices and to administer a documented training process for acquiring proficiency in their operation and compliance with federal and state regulations and other appropriate legal mandates shall be vested in the head of the state police or the chief of police, director, county sheriff, or other head of a law enforcement agency or his or her designee. Only devices authorized by the head of the law enforcement agency shall be approved for its use by its officers and the devices shall be maintained in accordance with the manufacturer's recommendations. Such policy or policies shall conform to the requirements of this chapter.

Amend RSA 261:75-b, V as inserted by section 2 of the bill by replacing it with the following:

V. LPR operation and access to LPR collected data shall be for official law enforcement purposes only. LPR devices shall only be used to scan, detect, and identify license plate numbers for the purpose of identifying:

(a) Stolen vehicles.

(b) Vehicles associated with wanted, missing, or endangered persons.

(c) Vehicles registered to a person against whom there is an outstanding warrant.

(d) Vehicles registered to persons whose drivers' licenses, driving privileges, or vehicle registrations are under suspension or revocation.

(e) Vehicles registered to persons suspected of criminal or terrorist acts, transportation of stolen items or contraband, or motor vehicle violations.

(f) Vehicles in violation of commercial trucking requirements.

(g) Vehicles involved in case-specific criminal investigative surveillance.

(h) Vehicles involved in homicides, shootings, and other major crimes or incidents.

(i) Vehicles in the vicinity of a recent crime that may be connected to the crime.

Amend RSA 261:75-b, VIII as inserted by section 2 of the bill by replacing it with the following: VIII. Records of number plates read by each LPR shall not be recorded or transmitted anywhere and shall be purged from the system within 3 minutes of their capture in such a manner that they are destroyed and are not recoverable, unless an alarm resulted in an arrest, a citation, or protective custody, or identified a vehicle that was the subject of a missing person or wanted broadcast, in which case the data on the particular number plate may be retained until final court disposition of the case. Captured license plate data obtained for the purposes described in paragraph V shall not be used or shared for any other purpose.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Rep. Sylvia spoke against.

Rep. Horn spoke in favor.

Townsend, Charles

Rep. Burt spoke against and yielded to questions.

Rep. Carol McGuire requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.

HB 1358, regulating engine idling of certain vehicles. INEXPEDIENT TO LEGISLATE.

Rep. Chris True for Transportation. While the majority of the committee does understand the desire to save on fuel usage by limiting excessive idling, this would be an unenforceable law that does not have any penalty for failure to obey the law. Vote 14-3. Committee report adopted.

HB 1257, relative to revocation or suspension of a driver's license because of physical impairment. INEXPEDIENT TO LEGISLATE.

Rep. Thomas Walsh for Transportation. This bill would delay the DMV's ability to suspend a driver's license for a medical reason. A doctor would have to recommend suspension before DMV could act, bringing liability issues into play for the physician. The current practice allows for suspension with a prompt hearing and review of the medical circumstances. The majority of the committee believes changing this method could result in dangerous delays in responding to unsafe driving conditions. Vote 18-1. Committee report adopted.

HB 1445-FN, relative to tinted windows on motor vehicles. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Larry Gagne for the Majority of Transportation. This bill allows aftermarket tinting of side windows, subject to an annual fee. The majority of the committee feels that the time has come for tinted side windows. Forty-six other states have allowed this and there have been no issues regarding the safety of law enforcement because the tinting (no more than 35%) is such that you can readily see inside the vehicle. This bill allows no more tint than our law enforcement officers currently encounter from the thousands of tourists coming to our state. Vote 12-6.

Rep. Michael O'Brien for the Minority of Transportation. This bill would allow aftermarket tinting of a vehicle's side windows (driver and passenger) up to a 35% limit of light transmittance. For years such a bill has come before the Transportation Committee to allow more tinting than what comes from the factory. The main opponents to this novelty are the New Hampshire Department of Safety and the New Hampshire Association of Chiefs of Police. Their objection is one of officer safety. Therefore in support of the men and women who serve and protect, the minority opposes this bill as a matter of safety by not placing our law enforcement officers in a situation that could be deadly. Currently there is a system that would allow window tint for medical necessity at zero cost to the citizens. This bill upon passage will increase the consumers' cost to \$10 annually for each vehicle.

Majority committee report adopted and ordered to third reading.

HB 1509, relative to the definition of "houseboat." INEXPEDIENT TO LEGISLATE.

Rep. Michael O'Brien for Transportation. This bill would have changed the definition of a houseboat to eliminate a sailboat used by maritime youth training. This would have allowed such designated training craft overnight mooring. Current law does allow a vessel to be moored at night with a person awake and on watch. Vote 15-3. Committee report adopted.

HB 1192-FN, repealing the education tax credit. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Bill Ohm for the Majority of Ways and Means. This bill represents a third attempt at repeal since the Education Tax Credit Scholarship program went into effect. The bill sponsors continue to contend that the program is unconstitutional which flies in the face of national legal outcomes with similar programs. Nationally, no court (up to and including the US Supreme Court) has ever ruled the programs violate the Constitution and that includes many who have the similar Blaine Amendment the NH Constitution contains. The committee heard testimony from the NH Department of Education and the NH Department of Revenue Administration each who reported that the program works smoothly, does not require additional personnel, and costs little to nothing to operate. Low-income parents have reported high satisfaction and, best of all, 238 children to date have received scholarships and are attending to their schooling in places that fit their needs. As with ANY student in NH, rich or poor, with or without a scholarship, who attends a school other than the public school assigned to him/her, the state does not provide adequacy payments to that school district AND SO this program statewide has saved the NH state budget over \$300,000 since inception. The majority sees NO reason for the program to be discontinued. Vote 11-8.

Rep. Mary Cooney for the Minority of Ways and Means. This law has been in effect since June 27, 2012 with the passage of SB 372 (Ch. 287, Laws of 2012). The committee heard positive testimony from one of the families that had been able to utilize these small tax credits. Because the municipalities lose adequacy grants when they lose students due to this program, the net result is that the state has not seen a loss of revenue so far, but the towns have. The law was challenged in Superior Court on the basis of separation of church and state, but on appeal to the NH Supreme Court it was dismissed due to the plaintiffs having "no standing." Since there was no ruling on the constitutionality of the education tax credit that question still remains unchallenged. The minority believes this law is a backdoor to funding religious schools with New Hampshire business tax revenue. The other consideration is that businesses which take advantage of this law can deduct 85% of their donation amount directly from the Business Profits Tax and/or Business Enterprise Tax that they owe to the State of New Hampshire. They can also claim that same amount as a charitable deduction on their federal tax return. The result can be a net gain to the businesses, leaving them with no skin in the game. This tax credit essentially allows businesses to choose where their tax money goes, not the legislature. Even though the amount of scholarships used at the present time is low, the law allows up to \$5.1 million to be used. When asked how the public schools could be improved to meet the needs of her other children, a participating mother replied, "Teachers should receive more respect, and the state should put more funding into the public schools."

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Hoell requested a roll call; sufficiently seconded.

and the majority committee report was adopted. Rep. Ticehurst voted Yea and intended to vote Nay.

HB 1198-FN-L, relative to the valuation of poles and conduits owned by telephone utilities. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Patrick Abrami for the Majority of Ways and Means. The majority amendment replaces the bill and builds on the work of the Assessing Standards Board (ASB) to develop a methodology for assessing telecommunication poles and conduits. The original bill was merely a framework that the ASB used to develop recommendations. The legislature allowed, for the first time, municipalities to treat telecommunication poles and conduits as real property and be taxed as such starting in 2011. The only problem was that no guidance was given as to how that should be done. The result was numerous methodologies being employed by different assessors throughout the state with average pole assessments in communities ranging from \$107 to \$2,100 based upon Department of Revenue Administration (DRA) scrubbed data. These wide-ranging assessment values have led to hundreds of lawsuits each year between municipalities and the various telecommunication companies that operate in New Hampshire at great legal expense to all involved. After months of study the full ASB had no choice but to vote that there was a problem and that a solution was required. It became clear that a legislative solution was required to a problem in part created by the legislature. An ASB subcommittee concluded that telecommunication poles and conduits are a specialty property and should be stated as such in RSA 75:1, which lists exceptions to real property being assessed based upon market value. Such an exception was added in the amendment. In addition, research of this issue showed that other states have grappled with this issue and concluded that a simple formula be adopted: the replacement cost new (RCN) of the telecommunication pole and conduit, less depreciation calculated on a straight-line basis for a period of a certain number of years with a residual value of a certain percent. The amendment also calls for the DRA to publish by July 1 of each year the RCN for all height poles using a national published telecommunications standard cost data guide (which includes installation cost) calculated using a five-year rolling average. The ASB subcommittee, the ASB full board, and the sponsors of this bill all agreed upon these principles and that the residual value of a pole be set at 20 percent. Further research found that the Federal Communications Commission uses 25-35 years as depreciation lengths for poles and many other states come in close to a length of 30 years. Based upon this evidence, a depreciation of 30 years was chosen based upon fact. This bill will provide the much-needed guidance to municipalities so that pole and conduit assessments are done in a fair and consistent basis across all our communities. This bill will put an end to all the hundreds of lawsuits that are costing the municipalities and the industry thousands of dollars in legal fees and clogging the courts with these cases. Vote 18-5. Rep. Susan Almy for the Minority of Ways and Means. Six years ago the legislature ended years of battle by voting to allow the towns to include telephone poles and conduits in local property tax. Existing law clearly states that the poles and conduits should be assessed as real estate, not as personal property. In other states, because they are treated as personal property, equivalent to machinery rather than land and buildings, they are assessed using the normal business depreciation methods, which reduce an asset's useful value to zero or near zero well before the asset is junked. In our statewide utility property tax, each regulated utility business is assessed as a whole by the income and expense method, which calculates all assets according to business accounting; buildings, transfer stations, poles and conduits among them; and assigns property value according to the firm's net profit. When the legislature decided to let the municipalities tax telephone poles, it left in place in RSA 72:8-a this structure: "The valuation of such property shall be based on its value as real estate." This bill and both majority and minority amendments comply. Real estate value is based on market value, the useful value left in the building or land. Poles last between 50-75 years

the owner.

on average in our state. The majority amendment would reduce the poles' taxable value to 20% of replacement value within 24 years (a nominal 30-year standard), and leave it at that during the next 25-80 years. But they are fully functional poles. The legislatively created Assessing Standards Board was asked to review the issue and come up with recommendations, and it voted for a 50-year standard. The minority amendment says 40 years, because half of that board's subcommittee voted for that as a compromise. The board wanted to be kept in the process, writing the JLCAR rules and holding an annual public hearing on the values; the majority amendment removes them, the minority one restores them. The board wanted specific information on the poles provided to each town; the majority amendment makes it optional, the minority one requires it. These differences are significant to the appropriate real estate assessing of poles. The minority amendment creates the same stable playing field that the majority amendment aspires to, and may well better avoid continuing lawsuits. It allows the large number of municipalities that have been assessing in the middle of the pack to retain their property tax revenue under the new system, but it requires the assessing outliers to lower their assessments. And it has a better chance of final passage and durable life.

Majority Amendment (0528h)

Amend the bill by replacing all after section 1 with the following:

2 New Section; Property Taxation; Valuation of Poles and Conduits Owned by Telephone

Utilities. Amend RSA 72 by inserting after section 8-b the following new section:

72:8-c Valuation of Telecommunications Poles and Conduits. The value of poles or conduits employed in the transmission of telecommunication owned in whole or in part by telephone utilities, as defined in RSA 362:7, or providers of Voice over Internet Protocol ("VoIP") service or IP-enabled service, each as defined in RSA 362:7, or commercial mobile radio services for purposes of tax assessment against said entity, shall be determined by the following formula: the Replacement Cost New (RCN) of the telecommunications pole or conduit, less depreciation calculated on a straightline basis for a period of 30 years with a residual value of 20 percent. On or before July 1 of the tax year, the department of revenue administration shall provide to every municipality a schedule of telecommunications pole and conduit RCN, using national published telecommunications standard cost data guides calculated annually using a 5-year rolling average.

3 New Section; Taxable Property; Inventory; Telecommunications Poles and Conduits. Amend

RSA 74 by inserting after section 18 the following new section: 74:19 Inventories of Telecommunications Poles and Conduits.

I. In order to properly determine the value of property under RSA 72:8-c, an inventory of telecommunications poles and conduits shall be filed with the department of revenue administration and with the municipality where the property is located by each owner of telecommunications poles and conduits. Each form may include the following information:

(a) Names and addresses of a contact person if the owner is a trust or corporation.

(b) Detailed description of the telecommunication poles using most recent readily available information held by the owner.

(c) Description of conduits using most recent readily available information held by

(d) The filer's dated signature certifying that the information indicated on the form

is true. II. The inventory of telecommunications poles and conduits required by this section shall be filed with the department of revenue administration and with the municipality where the property is located by the owner of telecommunications poles and conduits no later than July 1. Persons required to file the inventory of telecommunications poles and conduits who willfully fail to file or willfully make false statements on the forms shall be guilty of a violation.

III. Any person or corporation required to file an inventory of telecommunications poles and conduits shall be subject to the provisions of RSA 74:12.

4 Reference Change. Amend RSA 75:1 to read as follows:

75:1 How Appraised. The selectmen shall appraise open space land pursuant to RSA 79-A:5, open space land with conservation restrictions pursuant to RSA 79-B:3, land with discretionary easements pursuant to RSA 79-C:7, residences on commercial or industrial zoned land pursuant to RSA 75:11, earth and excavations pursuant to RSA 72-B, land classified as land under qualifying farm structures pursuant to RSA 79-F, buildings and land appraised under RSA 79-G as qualifying historic buildings, qualifying chartered public school property appraised under RSA 79-H, residential rental property

subject to a housing covenant under the low-income housing tax credit program pursuant to RSA 75:1-a, renewable generation facility property subject to a voluntary payment in lieu of taxes agreement under RSA 72:74 as determined under said agreement, telecommunications poles and conduits pursuant to RSA 72:8-c, and all other taxable property at its market value. Market value means the property's full and true value as the same would be appraised in payment of a just debt due from a solvent debtor. The selectmen shall receive and consider all evidence that may be submitted to them relative to the value of property, the value of which cannot be determined by personal examination.

5 Effective Date. This act shall take effect upon its passage.

Rep. Almy offered minority committee amendment (0830h).

Minority Amendment (0830h)

Amend the bill by replacing all after section 1 with the following:

2 New Section; Property Taxation; Valuation of Poles and Conduits Owned by Telephone Utilities. Amend RSA 72 by inserting after section 8-b the following new section:

72:8-c Valuation of Telecommunications Poles and Conduits. The value of poles or conduits employed in the transmission of telecommunication owned in whole or in part by telephone utilities, as defined in RSA 362:7, or providers of Voice over Internet Protocol ("VoIP") service or IP-enabled service, each as defined in RSA 362:7, or commercial mobile radio services for purposes of tax assessment against said entity, shall be determined by the following formula: the Replacement Cost New (RCN) of the telecommunications pole or conduit, less depreciation calculated on a straightline basis for a period of 40 years with a residual value of 20 percent. On or before July 1 of the tax year, the department of revenue administration shall provide to every municipality a schedule of telecommunications pole and conduit RCN, using national published telecommunications standard cost data guides calculated annually using a 5-year rolling average.

3 New Section; Taxable Property; Inventory; Telecommunications Poles and Conduits. Amend RSA 74 by inserting after section 18 the following new section:

74:19 Inventories of Telecommunications Poles and Conduits.

I. In order to properly determine the value of property under RSA 72:8-c, an inventory of telecommunications poles and conduits shall be filed with the department of revenue administration and with the municipality where the property is located by each owner of telecommunications poles and conduits. Each form shall at a minimum include the following information:

- (a) Names and addresses of a contact person if the owner is a trust or corporation.
- (b) Detailed description of the telecommunication poles using most recent readily available information held by the owner.
- (c) Description of conduits using most recent readily available information held by the owner.
- (d) The filer's dated signature certifying that the information indicated on the form is true.

- II. The inventory of telecommunications poles and conduits required by this section shall be filed with the department of revenue administration and with the municipality where the property is located by the owner of telecommunications poles and conduits no later than July 1. Persons required to file the inventory of telecommunications poles and conduits who willfully fail to file or willfully make false statements on the forms shall be guilty of a violation.
- III. Any person or corporation required to file an inventory of telecommunications poles and conduits shall be subject to the provisions of RSA 74:12.
 - 4 Reference Change. Amend RSA 75:1 to read as follows:
- 75:1 How Appraised. The selectmen shall appraise open space land pursuant to RSA 79-A:5, open space land with conservation restrictions pursuant to RSA 79-B:3, land with discretionary easements pursuant to RSA 79-C:7, residences on commercial or industrial zoned land pursuant to RSA 75:11, earth and excavations pursuant to RSA 72-B, land classified as land under qualifying farm structures pursuant to RSA 79-F, buildings and land appraised under RSA 79-G as qualifying historic buildings, qualifying chartered public school property appraised under RSA 79-H, residential rental property subject to a housing covenant under the low-income housing tax credit program pursuant to RSA 75:1-a, renewable generation facility property subject to a voluntary payment in lieu of taxes agreement under RSA 72:74 as determined under said agreement, telecommunications poles and conduits pursuant to RSA 72:8-c, and all other taxable property at its market value. Market value means the property's full and true value as the same would be appraised in payment of a just debt due from a solvent debtor. The selectmen shall receive and consider all evidence that may be submitted to them relative to the value of property, the value of which cannot be determined by personal examination.
- 5 New Subparagraph; Assessing Standards Board; Rulemaking; Poles and Conduit. Amend RSA 21-J:14-b, I-a by inserting after subparagraph (d) the following new subparagraph:
- (e) The annual determination of a schedule of telecommunications pole and conduit current use values pursuant to RSA 72:8-c, and the local use thereof. Such schedule shall include the appropriate total depreciation based on actual age of poles and conduit.
 - 6 Assessing Standards Board; Public Forum. Amend RSA 21-J:14-b, II to read as follows:
- II. All standards and practices developed or identified by the board, pursuant to this section, shall be reviewed and updated annually. The board shall hold at least one public forum annually to receive general comment through verbal and written testimony on assessing standards and practices, and one public forum dedicated to the annual determination of telecommunications pole and conduit values. A quorum of the board shall not be required to hold such public forum.
 - 7 Effective Date. This act shall take effect upon its passage.

Ticehurst, Susan

Schmidt, Stephen

AMENDED ANALYSIS

This bill establishes the valuation for purposes of the property tax assessment of poles or conduit employed in the transmission of telecommunication owned in whole or in part by telephone utilities. The bill also grants rulemaking authority to the assessing standards board concerning telecommunications pole and conduit current use values and depreciation.

Rep. Abrami spoke in favor and yielded to questions.

Rep. Almy spoke in favor and requested a roll call; sufficiently seconded.

and the minority committee amendment was adopted.

Rep. Cooney offered floor amendment (0956h).

Floor Amendment (0956h)

Amend the bill by inserting after section 6 the following, and renumbering the original section 7 as section 8:

7 Applicability; Valuation of Telecommunications Poles and Conduits. With respect to poles or conduits that are the subject of any action for abatement under RSA 76 or any appeal under RSA 76:16-a or 76:17 that remains pending as of the effective date of this act, the provisions of RSA 72:8-c as inserted by section 2 of this act shall apply only after all such actions, including all associated claims relative to the taxation of the poles and conduits, have been withdrawn or voluntarily dismissed with prejudice.

Rep. Byron spoke in favor.

Rep. Abrami spoke against and yielded to questions.

Rep. Almy requested a roll call; sufficiently seconded.

Smith, Steven and floor amendment (0956h) failed.

The question now being adoption of the minority committee report of Ought to Pass with Amendment. Rep. Kappler requested a roll call; not sufficiently seconded.

HB 1247, relative to permitted gambling by private individuals. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Jordan Ulery for the Majority of Ways and Means. The original bill was too open and it was amended in committee. In 2013, Ways and Means retained and then amended and unanimously passed HB 459, which was in turn passed by the House in early 2014. That bill then stalled in the process. The amendment to HB 1247 is the previously passed HB 459 as amended. Currently NH law creates criminals of homeowners and their guests who happen to gather for an evening of recreational poker. Enforcement is done on a completely subjective basis. The committee report on HB 459 stated, "This [amended] bill legalizes home poker games as long as the "house" takes no rake, no admission can be charged, odds can't favor any [single] player, there is not a house bank and the games cannot be advertised to the public." If HB 1247 as amended passes, privacy and rights of every person in the state are protected. The state can no longer subjectively criminalize what is essentially recreational behavior of New Hampshire residents in their own homes (including many senior members of law enforcement and the judiciary). Vote 13-6. Rep. David Hess for the Minority of Ways and Means. This bill as amended is a solution looking for a problem. Despite allegations of potential selective enforcement of current law, the committee received no such evidence. Moreover, as amended the bill creates a massive loophole for unlimited gambling. There are no limits on the amount that may be bet on one evening, one game, or even one hand. There is no definition of what constitutes "poker games." There is no provision which prevents a "host" or third party from making money from concessions on ancillary services provided at the same location to game players. There is no definition as to what "not advertised to the public" means. In short, the amendment is literally a sieve for unintended consequences, and is most certainly the opening round of a slippery slope leading to expanded, unregulated gambling completely bereft of legislative or administrative regulation and oversight. Finally, the amendment received no public hearing, no public input nor meaningful discussion and analysis by and within the Ways and Means Committee.

Majority Amendment (0443h)

Amend the title of the bill to read as follows:

AN ACT relative to poker in private residences.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; Poker in Private Residences. Amend RSA 647:2, V by inserting after

subparagraph (c) the following new subparagraph:

(d) Poker games held in a private residence so long as there is no rake, the house takes no compensation from the prize pool, no admission fee or seat fee is charged, no one receives any money or anything of value for conducting the game except their own winnings as a player, the game's odds do not favor a "house" or any player, there is no house bank, and the game is not advertised to the public.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill allows the playing of poker games in a private residence.

Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

HB 1360-FN, establishing a credit against business profits taxes for media production expenditures in New Hampshire. INEXPEDIENT TO LEGISLATE.

Rep. Gary Azarian for Ways and Means. This bill calls for a tax credit for media productions filmed in New Hampshire. The committee has heard this proposal in the past and there is no change in this bill as introduced. While such tax credits may work in other states, there would be no offset to business tax revenue lost due lack of an income or sales tax in New Hampshire. The committee strongly objected to the provision that allowed these tax credits to be sold to other companies for their use. If a film is made in NH and creates no profits, no Business Profits Tax is generated. However, a profitable company who purchased the tax credits can utilize them and thus the result is a loss in revenue to the state. The result is all loss to the state and no gain, which is not acceptable. The committee recommended that the sponsor seek to present the proposed tax credit model to an existing study commission that has a reporting date of November 1, 2016 (Chapter 122, Laws of 2015). Any further study findings could be duly considered after the completion of that study. Vote 20-1.

MOTION TO LAY ON THE TABLE

Rep. Azarian moved that **HB 1360-FN**, establishing a credit against business profits taxes for media production expenditures in New Hampshire, be laid on the table.

On a division vote, with 227 members having voted in the affirmative, and 79 in the negative, the

motion was adopted.

REGULAR CALENDAR CONT'D

HB 1443-FN, relative to the reasonable compensation deduction from gross business profits under the business profits tax and requiring the department of revenue administration to prepare draft rules relative to auditing. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS. Rep. Patrick Abrami for the Majority of Ways and Means. This bill attempts to roll back a bill passed back in 2011 that resolved the issue of burden of proof related to reasonable compensation for Limited Liability Companies (LLCs). Back in 2011, SB 125 passed the Senate 24-0 and passed the House 340-9 (Ch. 207, Laws of 2011). That bill placed the burden of disapproving the compensation deduction with the Department of Revenue Administration as opposed to the taxpayer proving the compensation deduction. This current bill places the burden of proof back on the taxpayer. SB 125 provided a comprehensive clarification supported by the business community in response to overly aggressive audits. The main argument for this current bill is that business tax revenues have suffered. Given that the business tax revenues are surpassing everyone's estimates this year and have steadily rebounded from 2011 levels, there is no evidence that this argument can be utilized. The business community does not support a reversal back to the pre-2011 approach which everyone recognized as being fraught with problems. The majority of Ways and Means concurred with the view that this approach has been working well and that there is no reason to revert back. Vote 11-8.

Rep. Susan Almy for the Minority of Ways and Means. What do you call it when a taxpayer, knowing he owes a certain amount of tax, manipulates his return to hide the profits he is being taxed on? Tax fraud? What do you call it when a law is passed to let him do that without any fear of being caught by audit? Enabling tax fraud? We have such a law, passed in 2011, which provides this special dispensation to any non-incorporated business that wishes to use it. This law reversed the burden of proof doctrine. Instead of the taxpayer having to prove upon audit that what they reported as compensation was reasonable, now the burden of proof is on the state to prove it is unreasonable. To make matters worse the only way the state auditors have access to the records they would need is to subpoena the records; so effectively the Department of Revenue Administration no longer audits the amount claimed as compensation. A corporate hedge fund manager's salary is declared to the federal government and deducted with other costs from the firm's profits before Business Profits Tax (BPT) is paid. An unincorporated hedge fund firm can declare all of its profits as the earned income of the owner, and there is nothing to tax. Some businesses may think we have changed the law to allow partnerships and proprietorships to no longer pay BPT; but if we had done that, there would be a well-justified lawsuit by corporate filers. This unequal and unprecedented treatment has caused massive losses: \$1.3 billion of new earned income was declared in the first year it could not be audited, or over \$100 million in tax revenue lost. This hurts the honest business owners, leaving them less competitive. It enables businesses to avoid any kind of audit changes; some have told the auditors that if the audit changes another part of their filing, they will simply restate the filing to show the reported expense as earned income, and untaxable. It hurts our state, which has lost significant revenue it could have put into the rainy day fund, opioid treatment, the lawsuits we have had to settle, or other legislative priorities. No other state, and no other New Hampshire tax, has this backward burden of proof doctrine. The law needs to be repealed. This is the only bill to date that our esteemed and apolitical Revenue Commissioner has supported or opposed, because reversing burden of proof undermines the very existence of a tax system. The other two sections clarify, in the businesses' favor, a minor issue in auditing, and provide for putting into administrative rules some of the many procedures the department has adopted in recent years to prevent future over-auditing.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Lovejoy spoke against.

Rep. Abrami spoke in favor.

Rep. Hoell requested a roll call; sufficiently seconded.

CACR 16, relating to parental rights. Providing that parents have the natural right to control the health, education, and welfare of their children. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Daniel Itse for the Majority of Children and Family Law. This constitutional amendment makes parental rights, which our state supreme court has recognized as implicit in Part I, Article 2, explicit in a separate Part I, Article 2-b. Though these rights are implicit in Part I, Article 2, this legislature, the executive and even the judicial branches have all too often failed to recognize them. Therefore, the people ought to have the opportunity to make their parental rights explicit in our constitution, just as they made their right to keep and bear arms explicit in 1984 for the same reasons. This amendment would not prevent the state from intervening in cases of abuse or neglect, just as our right to liberty does not prevent being put in jail for a crime. Vote 8-5.

Rep. Skip Berrien for the Minority of Children and Family Law. The United States and New Hampshire Supreme Courts have consistently recognized the natural rights of parents to raise their children. This constitutional amendment presents unintended consequences regarding the rights of parents and the best interest of children. RSA 461-A establishes the best interest of the child in parents' rights and responsibility divorce court orders when parents cannot agree. This constitutional amendment will cause confusion at the expense of children. This amendment erodes protections (RSA 173-B) for victims and children in domestic violence. Protection of children in child abuse and neglect proceedings (RSA 169-C) would be jeopardized by this amendment. The House has previously defeated this amendment on four occasions.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Patrick Long spoke against and yielded to questions.

Rep. Itse spoke in favor, yielded to questions and requested a roll call; sufficiently seconded.

MOTION TO LAY ON THE TABLE

Rep. Patrick Long moved that **CACR 16**, relating to parental rights. Providing that parents have the natural right to control the health, education, and welfare of their children, be laid on the table. Motion adopted.

REGULAR CALENDAR CONT'D

HB 1117, establishing a child support maximum under the guidelines based on the parents' combined income. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE. Rep. Kimberly Rice for the Majority of Children and Family Law. The majority of the committee agreed that this bill increases the cap in the child support guidelines in cases where the parents' combined income exceeds \$150,000. The bill does not make changes to the child support calculations. There is still judicial discretion if cases arise. This bill makes progress to address some long-standing concerns regarding child support issues facing New Hampshire families. Vote 9-7. Rep. Skip Berrien for the Minority of Children and Family Law. This bill is intended to make a single correction in child support statutes. The minority supports a comprehensive review of modifications to the child support statutes. In addition, the Department of Health and Human Services (DHHS) is required to undertake a review of child support allocations in 2017. This bill was created in isolation of a comprehensive process and includes formulations which appear overly complicated, potentially confusing and potentially restrictive to some children.

On a division vote, with 177 members having voted in the affirmative, and 128 in the negative, the majority committee report was adopted and ordered to third reading.

HB 1236, relative to hearings on modifications of parental rights and responsibilities. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE. Rep. Paul Ingbretson for the Majority of Children and Family Law. This bill as amended provides that when the parties agree to a modification of parental rights and responsibilities, the court shall not hold a hearing on the modification unless requested by both parties. Individuals testified before the committee that their mutually agreed-upon parenting plans were arbitrarily changed by the court leading to enormous unnecessary expenses, losses to children's time with one or more of their parents, and increased conflict, none of which benefits families or children. This bill keeps un-coerced parenting agreements in the control of cooperating parents, avoiding unnecessary litigation and concomitant suffering. Vote 10-4.

Rep. Cynthia Chase for the Minority of Children and Family Law. The minority feels that the bill has the potential for serious unintended consequences. It has not been vetted with many of those who have expertise in this area. This bill is not ready for prime time.

Majority Amendment (0546h)

Amend the bill by replacing section 1 with the following:

1 Modification of Parental Rights and Responsibilities; Agreement of the Parties. Amend RSA 461-A:11, I(a) to read as follows:

(a) The parties agree to a modification. The court shall not hold a hearing on the modification if so requested by both parties, who also assert they have not been coerced.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. On a division vote, with 202 members having voted in the affirmative, and 108 in the negative, the majority committee report was adopted and ordered to third reading.

The House recessed at 5:45 p.m.

RECESS

The House reconvened at 6:40 p.m.

(Speaker Jasper in the Chair) SPECIAL ORDERED

Without objection, the Speaker made all bills without debate Special Orders as the next order of business.

HB 1238, relative to income for purposes of child support. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Kimberly Rice for the Majority of Children and Family Law. The majority of the committee concluded that putting a displaced homemaker into the child support statute as defined in the labor statute RSA 275-D: 2, I was too broad and promoted more discretion with the judge, therefore potentially creating more conflict. Vote 10-5.

Rep. Paul Ingbretson for the Minority of Children and Family Law. Our labor laws define "displaced homemaker" for the purpose of granting welfare support. This bill seeks to protect the maternal base for younger children in divorce cases by use of the same definition by reference in the child support statute. This bill was brought by the representative of a woman who was forced into the marketplace against the best interest of her minor children when her husband divorced her. Majority committee report adopted.

HB 1248, relative to the waiver of counsel in juvenile delinquency proceedings. OUGHT TO PASS. Rep. Daniel Itse for Children and Family Law. This bill corrects a deficiency in RSA 169-B:12. Currently, the law requires the judge to write specific findings if they grant a waiver of counsel in delinquency hearings. This adds the requirement that the judge write specific findings if they deny the family's request to waive counsel, so that the family can appeal the denial. Vote 9-5. Committee report adopted and ordered to third reading.

HB 1280, relative to grounds for modification of parental rights and responsibilities. **OUGHT TO PASS.** Rep. Alethea Froburg for Children and Family Law. This bill provides for modification of a parenting order based on a change in travel time required for the parent's allocation of time, or a change in the parent's work schedule, or the age of the child. The bill also permits the court to modify a parenting order or schedule based on the relocation of a child's residence. Vote 10-1. Committee report adopted and ordered to third reading.

HB 1188, relative to the brew pub license. MAJORITY: OUGHT TO PASS. MINORITY: IN-EXPEDIENT TO LEGISLATE.

Rep. Pamela Tucker for the Majority of Commerce and Consumer Affairs. This bill adds six words to the statutes covering brew pub licensing to permit brew pubs to manufacture cider as well as beer. The processes for fermenting beer and cider are very similar and, rather than create yet another specialty license with the same verbiage, adding cider to the existing license accomplishes the same task. Vote 12-7.

Rep. Rebecca McBeath for the Minority of Commerce and Consumer Affairs. This bill authorizes NH brew pub licensees, presently only authorized to produce beer, to add cider production and sales to their business without paying for a cider manufacturing license. All other categories of liquor licensees remain required to apply and pay for the \$1,200 to \$1,692 cider manufacturer's license. The minority of the committee believes that providing this special exception to statutory requirements to brew pubs is unwarranted. In addition, the minority had concerns regarding this bill's effect of further eroding the "black lines" separating the three tiers (1) manufacturing, (2) distribution and (3) sales of New Hampshire's control of and revenue production from the sale of alcoholic beverages. Majority committee report adopted and ordered to third reading.

HB 1227, repealing provisions of law regulating Sunday business activities. OUGHT TO PASS WITH AMENDMENT.

Rep. Laurie Sanborn for Commerce and Consumer Affairs. As amended, this bill repeals outdated laws regulating business activities on Sundays and changes allowable Sunday hours for games of chance and bingo, to bring them in line with other days of the week. Vote 16-4.

Amendment (0812h)

Amend the bill by replacing section 1 with the following:

1 Repeal. RSA 332-D, relative to Sunday business activities.

AMENDED ANALYSIS

This bill repeals the law prohibiting Sunday business activities and removes differing Sunday hours for bingo and games of chance.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 1339, relative to the corporate governance annual disclosure act. OUGHT TO PASS WITH AMENDMENT.

Rep. Edward Butler for Commerce and Consumer Affairs. Corporate governance is a framework of systems, policies and procedures through which an insurer provides for sound and prudent management and oversight of the insurer's business while creating security and long-term value for stakeholders and holding its board members and senior management, accountable. This National Association of Insurance Commissioners (NAIC) model law requires insurers to provide the Insurance Commissioner with an annual summary that will permit the commissioner to gain an understanding of the insurer's corporate governance framework and is required for accreditation. Vote 16-4.

Amendment (0594h)

Amend RSA 401-D:3, IV as inserted by section 1 of the bill by replacing it with the following:

IV. For purposes of completing the CGAD, the insurer or insurance group may provide information regarding corporate governance at the ultimate controlling parent level, an intermediate holding company level, and/or the individual legal entity level, depending upon how the insurer or insurance group has structured its system of corporate governance. The insurer or insurance group is encouraged to make CGAD disclosures at the level at which the insurer's or insurance group's risk appetite is determined, or at which the earnings, capital, liquidity, operations, and reputation of the insurer are overseen collectively and at which the supervision of those factors are coordinated and exercised, or the level at which legal liability for failure of general corporate governance duties would be placed. If the insurer or insurance group determines the level of reporting based on these criteria, it shall indicate which of the 3 criteria was used to determine the level of reporting and explain any subsequent changes in the level of reporting.

Amend RSA 401-D:5, I as inserted by section 1 of the bill by replacing it with the following:

I. The insurer or insurance group shall have discretion over the responses to the CGAD inquiries, provided the CGAD shall contain the material information necessary to permit the commissioner to gain an understanding of the insurer's or group's corporate governance structure, policies, and practices. The commissioner may request additional information that he or she deems material and necessary to provide the commissioner with a clear understanding of the corporate governance policies, the reporting or information system, or controls implementing those policies.

Amend RSA 401-D:7, I as inserted by section 1 of the bill by replacing it with the following:

I. The commissioner may retain, at the insurer's expense, third-party consultants, including attorneys, actuaries, accountants, and other experts not otherwise a part of the commissioner's staff as may be reasonably necessary to assist the commissioner in reviewing the CGAD and related information or the insurer's compliance with this chapter.

Amend RSA 401-D:8 as inserted by section 1 of the bill by replacing it with the following:

401-D:8 Sanctions. Any insurer failing, without just cause, to timely file the CGAD as required in this chapter shall be required, after notice and hearing, to pay a penalty of \$100 for each day's delay up to a maximum of \$2,500, to be recovered by the commissioner. The penalty so recovered shall be deposited in the general fund. The commissioner may reduce the penalty if the insurer demonstrates to the commissioner that the imposition of the penalty would constitute a financial hardship to the insurer.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 1340, relative to producer licensing. MAJORITY: OUGHT TO PASS. MINORITY: INEX-PEDIENT TO LEGISLATE.

Rep. Edward Butler for the Majority of Commerce and Consumer Affairs. This is a bill that repeals certain insurance producer fees and explicitly codifies the continuing education requirement for those producers. The fees being removed are those that had been imposed for obtaining qualification and clearance letters and for paper licenses for insurance producers. The licensees may now obtain these documents on-line for free. The second portion of the bill is based on a request from the Joint Legislative Committee on Administrative Rules (JLCAR). The joint committee has asked that the statutory language that implies the long-standing requirement that insurance producers take continuing education to maintain their licenses should be stated more explicitly in the statute. Vote 12-7.

Rep. Bart Fromuth for the Minority of Commerce and Consumer Affairs. This bill was written and introduced at the request of the Insurance Department after an audit revealed they have been enforcing rules they had no authority to promulgate regarding continuing education for licensed insurance agents. To correct this "oversight" they have asked this legislature to grant them the necessary authority to legitimize and continue the practice of the last 10 years. The minority felt that passage of this bill inappropriately condones the past improper actions of the department and fails to deter such actions in the future. Further, the department testified that even though they realize that their current rule may not be legal, they continue to enforce compliance.

Majority committee report adopted and ordered to third reading.

HB 1342, prohibiting the use of certain information to underwrite insurance. INEXPEDIENT TO LEGISLATE.

Rep. John Bordenet for Commerce and Consumer Affairs. This bill makes it a discriminatory and unfair insurance trade practice to charge higher premiums for automobile and homeowners insurance based on credit rating. Current law allows the use of credit reports for such purposes if it is not the sole reason for higher premiums. This bill also prohibits insurers from requesting certain information to underwrite casualty insurance coverage. Credit scoring to determine premium rates is practiced by most insurance carriers. If we forbid the use of this tool, carriers would have to reformulate their rate structure, the Insurance Department would have to evaluate those structures, and premiums have to be adjusted upwards to cover expected returns. Vote 15-4. Committee report adopted.

HB 1478, establishing a commission to develop a structure for the implementation of an alternative contract for health care payments. OUGHT TO PASS.

Rep. Kermit Williams for Commerce and Consumer Affairs. This bill establishes a commission which will create a framework for alternative medical payments contracts. Alternative contracts that are used by an insurance company to pay for medical services are slowly evolving from the traditional fee-for-service model, but progress in New Hampshire is slow. Alternate payment methods can reduce health care costs while improving outcomes for the patients. The commission will give all stakeholder groups a say in how such contracts should be structured, rather than having a government agency impose one on them. Vote 11-6. Committee report adopted and ordered to third reading.

HB 1540-FN, relative to direct shipments of beer. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Barbara Biggie for the Majority of Commerce and Consumer Affairs. This bill addresses the distribution of beer labels requested by consumers and licensees that are not currently available through state-licensed beer distributors by utilizing direct shippers. Shippers can deliver not more than 20 barrels (approximately 610 gallons) before they must offer to sell a matching amount to a New Hampshire wholesale distributor. It is understandable that the small quantities requested may not be economically feasible to distribute, thereby the reason to pass this bill. Building interest generated in new beer labels may perhaps lead to the New Hampshire beer distributors adding them in their deliveries. This would increase beer sales and tax revenues. Vote 13-5.

Rep. Richard Abel for the Minority of Commerce and Consumer Affairs. The minority believes this bill, no matter how well intentioned, proposes an impractical approach that will not work and that creates the unintended consequence of threatening the 'three tier system' by which the New Hampshire Liquor Commission has successfully regulated alcoholic beverages in the state. Testimony heard by the committee indicated that direct shipment of beer products to licensed businesses would be so expensive that few, if any, businesses in New Hampshire would choose this option. A much better solution is available through the existing beer distributors who already distribute beer throughout the state under existing state regulation. Stakeholders including distributors and the hospitality industry are working on a system to make specialty and other beers available that are currently unavailable in New Hampshire. They should be given time to implement their solution that accords with federal and New Hampshire laws.

Majority committee report adopted and ordered to third reading.

HB 1297, relative to harm to unalienable rights of inhabitants. INEXPEDIENT TO LEGISLATE. Rep. Latha Mangipudi for Criminal Justice and Public Safety. This bill would have allowed an individual to file an affidavit of complaint of trespass against any public servant who the individual feels has wronged them, which must be prosecuted by the county attorney and which carries the effect of a prima facie case. This would create a heavy burden on the county, no matter if the public servant was a state, county or municipal employee. The committee felt that the bill was unnecessary. Vote 10-3.

Committee report adopted.

HB 1321, relative to transportation of alcoholic beverages by a minor. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Len DiSesa for the Majority of Criminal Justice and Public Safety. The Attorney General's Office and the NH Liquor Commission strongly opposed this bill. The current language in the statute allows for the transportation of alcohol in a vehicle or boat by a minor when she or he is accompanied by a parent, legal guardian, or legal age spouse. This bill would eliminate the word "spouse" and substitute instead "family member." It would apply to the operation of both a motor vehicle and a boat. The committee heard testimony from the Attorney General's Office that concluded this change would be create a rabbit hole and make it that much more difficult for police officers to do their jobs. Under the Weldy v. Kingston decision, police were held liable for the death of a female juvenile who was killed as a result of an alcohol-related motor vehicle accident. In that decision, police initially stopped a motor vehicle with several juveniles in it who were transporting alcohol. The police confiscated the alcohol and let the juveniles go. The juveniles acquired more alcohol, drank some of it, and were involved in a fatal motor vehicle accident later that evening. Under the "Kingston Decision," police have no leeway when it comes to seizing alcohol and placing the underage driver (and other juveniles in the vehicle) under protective custody. By adding the term "family member" to the existing statute, it creates a whole range of issues that would be difficult to enforce. For example, does family member include cousins? Is it a blood relation or a legal relation? Stepbrothers or stepsisters? The committee discussed a range of problem areas that this bill would create, and the majority of the committee - considering the nexus of alcohol to motor vehicle-related accidents and deaths - felt that the current statutory language more than sufficed to allow a minor to transport alcohol. Vote 12-5.

Rep. John Burt for the Minority of Criminal Justice and Public Safety. The minority wished to remove the potential for arrest and the resultant legal fees for innocent situations such as when a grandchild

drives a grandparent home from grocery shopping that included a bottle of wine or beer. The minority understood that the legislation and the amendment fixed a situation that may occur rather frequently. The amendment delineated the specific family members who may drive with the underage driver legally. On a division vote, with 190 members having voted in the affirmative, and 93 in the negative, the majority committee report was adopted.

HB 1330, appointing a former prisoner to the interbranch criminal and juvenile justice council. INEXPEDIENT TO LEGISLATE.

Rep. Laura Pantelakos for Criminal Justice and Public Safety. This bill would have added one former prisoner to the Interbranch Criminal and Juvenile Justice Council. The committee felt that there was no place for a former prisoner on the council. The council discusses many different issues and the meetings are open to the public so anyone can come to the meeting and speak to the council about any issues concerning the prison or the juvenile system. Vote 12-3. Committee report adopted.

HB 1335-FN, relative to state testing of law enforcement officers for steroid use. INEXPEDIENT TO LEGISLATE.

Rep. Laura Pantelakos for Criminal Justice and Public Safety. The committee felt that random testing of law enforcement officers for steroids by Police Standards and Training was unworkable. There is no money in the bill for this testing. The committee felt that this issue is better addressed at the local level. Vote 12-3. Committee report adopted.

HB 1435, relative to enforcement of the prohibition on the use of mobile electronic devices while driving. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Geoffrey Hirsch for the Majority of Criminal Justice and Public Safety. This bill cuts the legs out from under existing law by limiting the prohibition on the use of mobile electronic devices while driving to a secondary action when another offense is cited or charged. The three big contributors to fatal car crashes are DUI, speed, and distracted driving due to hand held devices. The committee heard opposition from the AAA of Northern New England, the NH Auto Dealers Association, the NH Department of Safety, and the NH Attorney General's office. The Live Free or Die Alliance offered survey data that showed over 60% of NH citizens polled support leaving current law alone. This proposed legislation moves NH backward in trying to keep our roads and highways safe. Vote 13-5. Rep. Ed Comeau for the Minority of Criminal Justice and Public Safety. The bill makes changes to the current statute regarding the use of mobile devices while driving. The existing law allows police to pull over a driver if they observe them using a mobile device as a primary reason for the stop. This bill modifies the statute to be a secondary action when another offense is cited or charged. For example, speeding, erratic operation, or defective safety equipment. The Fourth Amendment requires some minimal level of objective justification for making the stop. It is the minority opinion that making a stop primarily due to the observed use of a mobile device does not meet the level of suspicion that the operator is not in control of the vehicle and therefore it is not justified as a primary reason for the stop.

Rep. Hoell requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 1448, relative to contact between a plaintiff and defendant subject to a protective order. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Len DiSesa for the Majority of Criminal Justice and Public Safety. The language of this bill would effectively level the playing field between a defendant (the abuser in a domestic abuse restraining order) and the plaintiff (the victim in the relationship). It would place similar contact restrictions on both parties in a domestic situation where the defendant is a threat to the health and safety of the plaintiff. If one looks at the current statute as a whole, the first line states "... a finding of abuse shall mean the defendant represents a credible threat to the safety of the plaintiff." The restraining order is put into effect by the courts to restrain the defendant/abuser, not the plaintiff/ victim. This amended version of the statute would make the restraining orders mutual relief orders, and RSA 173:B-5, V, (a) specifically prohibits those types of orders. The purpose of enacting domestic violence laws and, in particular, restraining orders is to make the victims feel more safe, to hold abusers accountable and to give families the support they need to be safe. The majority of the committee felt that there was no need to amend a statute that is already working well. By passing this bill it would effectively remove the interstate enforcement of restraining orders, as it would no longer be able to be entered into the interstate compact due to federal regulations, leaving the victim without the protection of the domestic violence restraining order out of state. Vote 13-5. Rep. John Burt for the Minority of Criminal Justice and Public Safety. The adoption of this bill would provide further protection to the victims by preventing contact from either party to the other through any means of communication, unless communicating through a third party. How many citizens realize that when you ask for a protective order that it only protects just one side? This bill is not only about domestic violence, but any victim that asks the court for a protective order. Protective orders are to protect the victim, if a victim is afraid, fearful for their life, why should they be calling, emailing, texting, provoking, etc. to their alleged abuser? The majority stated that protective orders are hard to get; this is not true, what judge would risk this liability? Protective orders are not upheld across state lines; again, not true - in his or her new state of residency, the police must uphold the protection order from another state. Why it is ok for a victim to get a protective order and still have the right to contact that plaintiff with no ramifications, yet the accused abuser can be arrested for responding or answering? Why are we enabling victims instead of teaching them to protect themselves? This bill is just common sense. Regardless of gender, the victim should be protected from their abuser by forbidding contact from either side. Majority committee report adopted.

HB 1451-FN, allowing persons convicted of certain nonviolent first offenses to petition for an annulment of the criminal record. OUGHT TO PASS WITH AMENDMENT.

Rep. David Welch for Criminal Justice and Public Safety. This bill as amended allows any person who was convicted of a criminal offense whose conviction was subsequently vacated by a court may petition for annulment of the arrest record or court record or both. Vote 18-0.

Amendment (0138)

Amend the title of the bill by replacing it with the following:

relative to the annulment of certain criminal offenses.

Amend the bill by deleting section 1 and renumbering the original sections 2-3 to read as 1-2, respectively.

AMENDED ANALYSIS

The bill allows a person to petition for an annulment if the person's criminal conviction was subsequently vacated.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 1474, requiring the collection of data relative to firearm related deaths and injuries. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. John Martin for the Majority of Criminal Justice and Public Safety. This bill would have required yet another report on firearms-related crimes in New Hampshire. This was seen as unnecessary, as any crime, theft, or incident regarding firearms is already reported, investigated, tabulated and reported by the Department of Safety. It is available by a few keystrokes to access it. It was even demonstrated in one case before the committee where a vague estimate was offered regarding a firearms specific statistic, citing the unknown nature of the exact figure, when it was inadvertently included in the documentary evidence presented. Further, all this information is also contained in the FBI Uniform Crime Report, an annual compendium of crime in the United States. This bill had the possibility of being a "red herring" in regards to furthering an anti-Second Amendment agenda. Vote 11-4.

Rep. Geoffrey Hirsch for the Minority of Criminal Justice and Public Safety. When a car kills a person in the United States, the details all go into a massive database. It is called the Fatality Analysis Reporting System, and it records the number of deaths, the type of car, weather conditions, speed, seatbelt use, age, sex, seating position, and drug use of every single occupant - over 100 variables in total. Those numbers are the backbone of car safety standards. Since the National Highway Traffic Safety Administration started capturing that data in 1975, car deaths have fallen by 27 percent. This bill simply requires the Department of Safety to release in one report the number and types of convictions for firearm-related crimes committed in New Hampshire on a yearly basis to the Speaker of the House, President of the Senate, and the Chairs of the House Criminal Justice and Senate Judiciary Committees. Additionally the department would report on the number of deaths and injuries occurring from firearms in New Hampshire. All of this data does already exist but is spread out in various locations, making it cumbersome to assemble. Reporting can be done with little to no additional expense by the Criminal Records Division of the State Police. While not every town and city reports all information to the State Police, the majority do, and this data would be of great assistance to legislators in making informed decisions regarding firearms and public safety. It is unfortunate that attempts to accumulate this kind of data are met with such resistance. It is time to close the data gaps and understand more about how firearms impact public health and safety.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Ammon requested a roll call; sufficiently seconded.

Converse, Larry Irwin, Virginia Oxenham, Lee

and the majority committee report was adopted.

HB 1543-FN, relative to prosecutorial misconduct. INEXPEDIENT TO LEGISLATE.

Rep. Dick Marston for Criminal Justice and Public Safety. This bill would have subjected an attorney acting as a prosecutor for the state, county, or a municipality to a class B felony if he or she knowingly prosecuted a person knowing that the person was not guilty of the crime. The ability to determine whether or not someone knew with certainty that a person was not guilty is subjective and would open a prosecutor to excessive complaints from defendants. The Attorney General's Office testified against the bill and pointed out that there are already remedies within the law to address the problem. For these reasons, the committee felt that the bill was not necessary. Vote 11-1.

On a division vote, with 256 members having voted in the affirmative, and 49 in the negative, the committee report was adopted.

HB 1547-FN, prohibiting beastiality. OUGHT TO PASS WITH AMENDMENT.

Rep. Laura Pantelakos for Criminal Justice and Public Safety. Our statute on the crime of bestiality was repealed in 1975. Under this bill, the crime of having sex with an animal will once again be a criminal act. The amendment satisfies concerns expressed by NH's farmers and the veterinarian community. Vote 15-0.

Amendment (0775h)

Amend the title of the bill by replacing it with the following:

AN ACT prohibiting bestiality.

Amend the bill by replacing section 1 with the following:

1 New Subdivision; Bestiality. Amend RSA 632-A by inserting after section 24 the following new subdivision:

Bestiality

632-A:25 Bestiality.

I. A person commits, bestiality by knowingly committing any of the following acts:

(a) Engaging in copulation with an animal.

(b) Offering or accepting the offer of an animal for consideration with the intent that it be subject to sexual contact or sexual penetration by a human.

(c) Photographing or filming or distributing such photographs or films, for the purpose of sexual arousal or gratification, of a person engaged in sexual contact or sexual penetration with an animal.

II. Any person convicted of a violation of this section shall be guilty of a class A misdemeanor for a first offense and a class B felony for a second or subsequent offense.

III. In addition to any other penalty imposed for a violation of this section, the court shall order that the convicted person:

(a) Submit to a psychological assessment and participate in appropriate counseling at the convicted person's own expense.

(b) Reimburse an animal shelter for any reasonable costs incurred for the care and maintenance of any animal that was taken to the animal shelter as a result of conduct proscribed by this section.

(c) Shall not own, harbor, exercise control over, or reside in the same household with any animal for a period of time deemed reasonable by the court.

IV. This section shall not apply to:

(a) Accepted veterinary medical practices.

(b) Insemination of animals for the purpose of procreation.

(c) Accepted animal husbandry practices that provide necessary care for animals.

V. For purposes of this section, "animal" means a nonhuman mammal, bird, reptile, or amphibian, either dead or alive.

AMENDED ANALYSIS

This bill establishes the crime of bestiality.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 1549-FN, requiring the department of safety to establish a database cataloging certain law enforcement activities. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS. Rep. David Welch for the Majority of Criminal Justice and Public Safety. This bill as introduced requires the Department of Safety to create and maintain a database cataloging law enforcement activities. This would mandate compliance by local and county law enforcement. Since we cannot mandate or pass on to local communities according to the NH Constitution Part I, Article 28-a, the committee voted to find the bill Inexpedient to Legislate. Vote 10-4.

Rep. Ed Comeau for the Minority of Criminal Justice and Public Safety. Law enforcement utilizes the Intelligence Analysis Center to report crime statistics. They report their statistics to this entity. According to its mission statement, "The Center provides an integrated, all-crimes/all-hazards, information sharing network to collect, analyze and disseminate information derived from multiple sources to stakeholders in a timely manner, in an effort to protect the citizens and the critical infrastructure of New Hampshire, while ensuring the protection of civil rights and civil liberties." At present, the actions taken by law enforcement are compiled at the local level and not forwarded to the IAC. The mission statement reads, "While ensuring the protection of civil rights and civil liberties." This bill would establish that this "Law Enforcement Action Data," that is already compiled at the different levels of enforcement be forwarded to the IAC. The public could then acquire information that may be properly redacted when a public right to know request is submitted. At present, a citizen must access hundreds of different departments to compile Law Enforcement action data. It is the minority opinion that improperly redacted data could be inadvertently released and it would be more secure to have this data and the requests for it in one place. Rep. Ammon requested a roll call; sufficiently seconded.

Amendment (0212h)

Amend the bill by replacing all after the enacting clause with the following:

1 Correction of Checklist; Notice. Amend RSA 654:27 to read as follows:

- 654:27 Session for Correction. In cities and towns, the supervisors of the checklist shall be in session for the correction of the checklist at some suitable place in the city or town on the Saturday 10 days prior to the election and upon which all hearings shall be finally closed; provided that if the Saturday falls on a holiday weekend, that session shall be held on Tuesday, 7 days prior to the election, between 7:00 p.m. and 7:30 p.m. and at the discretion of the supervisors for extended hours. Notice of the day, hour, and place of each session of the board of supervisors shall be given upon the checklists first posted in 2 appropriate places one of which shall be the city or town's Internet website, if such exists, or [and] shall be [published] printed in a newspaper of general circulation in the city or town at least 7 days prior to each such session. The reconvening of any session which has been adjourned shall not require the publication of notice.
 - 2 Verification of Checklist; Notice. Amend RSA 654:38, I to read as follows:
- I. Between April 1 and August 1 in the next even-numbered year, the supervisors shall [advertise] post notice of their sessions in 2 appropriate places one of which shall be the town or city's Internet website, if such exists, or printed at least twice in a newspaper of general circulation in the town or city and hold sufficient sessions for verification of the checklist as in their opinion will enable all eligible voters in said town or ward to appear before them and register or reregister as the case may be. Whenever a person is reregistered, his or her party designation, if any, on the checklist undergoing revision shall not be changed except as provided in RSA 654:34.
 - 3 Verification of Checklist; Notice. Amend RSA 654:39, II to read as follows:
- II. Between April 1 and August 1 of 1981 and thereafter in each year ending with a one, the supervisors shall [advertise and] post notice of their sessions in 2 appropriate places one of which shall be the town or city's Internet website, if such exists, or published at least twice in a newspaper of general circulation and at the office of the town or city clerk or at the town hall and hold sufficient sessions for verification of the checklist as in their opinion will enable all eligible voters in said town or ward to appear before them and register or reregister as the case may be. Whenever a person is reregistered, his or her party designation, if any, on the checklist undergoing revision shall not be changed except as provided in RSA 654:34.
 - 4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill modifies requirements for notice of sessions for the correction or verification of the checklist. Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Bates offered floor amendment (0403h).

Floor Amendment (0403h)

Amend the bill by replacing sections 2 and 3 with the following:

- 2 Verification of Checklist; Notice. Amend RSA 654:38, I to read as follows:
- I. Between April 1 and August 1 in the next even-numbered year, the supervisors shall [advertise] post notice of their sessions in 2 appropriate places one of which shall be the town or city's Internet website, if such exists, and printed at least twice in a newspaper of general circulation in the town or city and hold sufficient sessions for verification of the checklist as in their opinion will enable all eligible voters in said town or ward to appear before them and register or reregister as the case may be. Whenever a person is reregistered, his or her party designation, if any, on the checklist undergoing revision shall not be changed except as provided in RSA 654:34.
 - 3 Verification of Checklist; Notice. Amend RSA 654:39, II to read as follows:
- II. Between April 1 and August 1 of 1981 and thereafter in each year ending with a one, the supervisors shall [advertise and] post notice of their sessions in 2 appropriate places one of which shall be the town or city's Internet website, if such exists, and published at least twice in a newspaper of general circulation and at the office of the town or city clerk or at the town hall and hold sufficient sessions for verification of the checklist as in their opinion will enable all eligible voters in said town or ward to appear before them and register or reregister as the case may be. Whenever a person is reregistered, his or her party designation, if any, on the checklist undergoing revision shall not be changed except as provided in RSA 654:34.

Danielson, David

Estevez, Eric

Rep. Bates spoke in favor.

Rep. Gray spoke against.

On a division vote, with 271 members having voted in the affirmative, and 71 in the negative, floor amendment (0403h) was adopted.

Committee report adopted and ordered to third reading.

HB 1661-FN, relative to conversion therapy seeking to change a person's sexual orientation. OUGHT TO PASS WITH AMENDMENT.

Rep. John Fothergill for Health, Human Services and Elderly Affairs. This bill as amended prohibits licensed counselors to engage in conversion therapy with a person under 18 years of age. It also allows unlicensed counselors to be sued over conversion therapy. The committee heard overwhelming testimony as to the harms of conversion therapy and no evidence that it is even effective. Vote 17-0.

Amendment (0067h)

Amend the introductory paragraph of RSA 332-L:3, I(b) as inserted by section 2 of the bill by replacing it with the following:

(b) Advertise for the provision of conversion therapy for monetary compensation in exchange for such services where such advertising claims:

Amend the bill by deleting RSA 332-L:4 as inserted by section 2 of the bill.

MOTION TO LIMIT DEBATE

Reps. Hinch and Shurtleff moved to limit debate on **HB 1661-FN**, relative to conversion therapy seeking to change a person's sexual orientation, to 15 minutes on each side, including questions.

MOTION TO LAY ON THE TABLE

Rep. Ohm moved that **HB 1661-FN**, relative to conversion therapy seeking to change a person's sexual orientation, be laid on the table.

Rep. Schleien requested a roll call; sufficiently seconded.

Donovan, Daniel

Ferreira, Elizabeth

SULLIVAN

Laware, Thomas Rollins, Skip

and the committee report was adopted and ordered to third reading.

Rep. Eastman voted Nay and intended to vote Yea.

HB 1701-FN, relative to specialty care in drop-in or walk-in clinics. INEXPEDIENT TO LEGISLATE.

Rep. Donald LeBrun for Health, Human Services and Elderly Affairs. This bill clarifies licensure for facilities offering specialty care for drop-in or walk-in patients. This bill presented extensive controversy in the committee debate that it decided the best course of action was to ITL the bill rather than possibly do unexpected harm. Vote 16-1.

MOTION TO LAY ON THE TABLE

Rep. Joe Sweeney moved that **HB 1701-FN**, relative to specialty care in drop-in or walk-in clinics, be laid on the table.

Motion adopted.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Marple moved that the House reconsider it action whereby, on a roll call vote of 180-177, the House adopted the majority committee report of Inexpedient to Legislate on **HB 1393**, requiring the department of education to report statewide assessment results for school districts receiving certain state aid.

On a division vote, with 117 members having voted in the affirmative, and 211 in the negative, the motion failed.

REGULAR CALENDAR PART III CONT'D

HB 1126, limiting the authority of delegates to Article V conventions. INEXPEDIENT TO LEGISLATE.

Rep. Russell Ober for Legislative Administration. This bill establishes a procedure for the selection of delegates to an Article V Convention. An Article V Convention is a convention called by the states for the purpose of proposing amendments to the US Constitution. The bill is premature and unnecessary. There would be adequate time, if an Article V Convention were called, for determining the authority of delegates. The language of the bill places restrictions on delegates that may or may not be appropriate at that time. We should not be forcing our representatives into positions which could change if, or when, such a convention is called. Vote 7-1.

MOTION TO LAY ON THE TABLE

Rep. Hinch moved that **HB 1126**, limiting the authority of delegates to Article V conventions, be laid on the table.

Motion adopted.

REGULAR CALENDAR PART III CONT'D

HB 1263, authorizing municipalities to use form-based codes as an alternative zoning regulation. INEXPEDIENT TO LEGISLATE.

Rep. James Belanger for Municipal and County Government. This bill attempts to provide boilerplate zoning codes that would fit all communities from Vallejo, California, to Hollis, New Hampshire. Although the codes can be modified to fit local needs and desires, they are simply suggestions and communities in New Hampshire are already using them as suggested wording for their zoning regulations. If this bill passed and was adopted into our statutes, it would send a message to communities that this was the preferred method of adopting zoning which would conflict with their local authority. The committee felt there was no need to send suggestive language to communities who are very capable of developing their own language and are able to use the suggested codes without language from the state. Vote 14-0.

MOTION TO LAY ON THE TABLE

Rep. James Belanger moved that **HB 1263**, authorizing municipalities to use form-based codes as an alternative zoning regulation, be laid on the table.

On a division vote, with 306 members having voted in the affirmative, and 17 in the negative, the motion was adopted.

REGULAR CALENDAR PART III CONT'D

HB 1359, relative to the tax credit for service-connected disability. INEXPEDIENT TO LEGISLATE. Rep. James Belanger for Municipal and County Government. The intent of this bill is something most would support as it recognizes the sacrifice our veterans have made for our freedom. But the bill ignores the financial status of veterans who qualify. It allows surviving spouses to be tax exempt if they enter into a civil union with a partner. It does not allow for veterans who are terminally ill from Agent Orange. The committee awaits the arrival of SB 348 on the same subject which addresses concerns over this House bill. Vote 16-0.

MOTION TO LAY ON THE TABLE

Rep. James Belanger moved that **HB 1359**, relative to the tax credit for service-connected disability, be laid on the table.

Motion adopted.

REGULAR CALENDAR PART III CONT'D

HB 1134, relative to open access to broadband infrastructure. INEXPEDIENT TO LEGISLATE. Rep. Herbert Vadney for Science, Technology and Energy. This bill posited that towns are blocking passage of high-speed internet cables from passing through their towns and thereby hindering the expansion of broadband internet access to citizens. The promoters of the bill could not cite any actual cases of such hindrance, but were basing the need on what they had heard from other people. Vote 20-0.

MOTION TO LAY ON THE TABLE

Rep. Hinch moved that HB 1134, relative to open access to broadband infrastructure, be laid on the table.

Rep. Abramson requested a roll call; not sufficiently seconded.

On a division vote, with 286 members having voted in the affirmative, and 33 in the negative, the motion was adopted.

REGULAR CALENDAR PART III CONT'D

HCR 10, requesting an investigation on whether benzodiazepines contribute to suicides by veterans. INEXPEDIENT TO LEGISLATE.

Rep. Peggy McCarthy for State-Federal Relations and Veterans Affairs. This resolution recommends a very small investigation limited to one segment of the population. Benzodiazepines are prescribed to more than veterans and any investigation should look at all who have taken the drug plus the variety of other drugs being taken at the same time by this population. Testimony given said this is not a problem in New Hampshire. The Veteran's Association both nationally and in New Hampshire is already taking proactive steps to address the issues of prescription drug use and suicides by veterans. The decision made about drugs should be between a doctor and his or her patient. Vote 13-0.

MOTION TO LAY ON THE TABLE

Rep. Russell Ober moved that HCR 10, requesting an investigation on whether benzodiazepines contribute to suicides by veterans, be laid on the table.

Rep. Abramson requested a roll call; not sufficiently seconded.

On a division vote, with 277 members having voted in the affirmative, and 44 in the negative, the motion was adopted.

BILL REMOVED FROM THE CONSENT CALENDAR

HB 1699-FN-A-L, establishing a licensed alcohol and drug counselor in the bureau of emergency medical services to develop a training program for fire and emergency medical services personnel and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**.

Rep. Peter Leishman for Finance. This bill proposed to establish a new position of licensed alcohol and drug counselor (LADC) in the Department of Safety (DOS), Bureau of Emergency Medical Services. DOS revised its original request. The bill originally asked for one new staff position but requested funding for five new staff positions. DOS then asked for one consultant in FY 17 whose responsibilities would be to produce a written list of treatment resources for first responders to have. The list has already been developed and published by the Department of Health and Human Services and is available now. DOS will develop a well-thought-out plan for the consultant and submit it as part of the next budget. Consequently, the committee believes it would be more effective to use the state's limited funds for additional drug treatment programs as opposed to establishing these positions and/or hiring this consultant. Vote 26-0.

MOTION TO LAY ON THE TABLE

Rep. Lynne Ober moved that **HB 1699-FN-A-L**, establishing a licensed alcohol and drug counselor in the bureau of emergency medical services to develop a training program for fire and emergency medical services personnel and making an appropriation therefor, be laid on the table.

On a division vote, with 267 members having voted in the affirmative, and 52 in the negative, the motion was adopted.

RESOLUTION

Rep. Hinch offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet, Wednesday, April 6, 2016 at 10:00 a.m..

LATE SESSION

Third Reading and Final Passage

HR 20, memorializing State Representative Robert Luther of Laconia.

HB 1594-FN, relative to emergency medical services.

HB 1130, relative to placement on school property of a memorial or memorial plaque honoring those who have died during military service.

HB 1404-FN, relative to certain director positions in the insurance department.

HB 1644-FN, relative to screening and intervention for dyslexia and related disorders and establishing a reading specialist position in the department of education.

HB 1695-FN, relative to a health system public data resource plan for New Hampshire and establishing a special fund and relative to cost effectiveness of programs implemented within state agencies.

HB 1298, relative to damage to private property.

HB 1292, relative to the use of abandoned agricultural property.

HB 1182-FN, establishing a committee to study fees for sales of wine by manufacturers.

HB 1584-FN, relative to the discharge of a person committed for nonpayment of a fine.

HB 1590-FN-A-L, relative to the regulation and taxation of short-term rental businesses.

HB 1655-FN, relative to the municipal registration fee for an agricultural/industrial utility vehicle.

HB 1685-FN, relative to mortgage bankers, brokers, and servicers.

HB 280-FN, authorizing multi-use decal plates, multi-use veterans decal plates, and relative to special motorcycle number plates for disabled veterans.

HB 626-FN-A, authorizing energy infrastructure development and designating energy infrastructure corridors and requiring the department of transportation to adopt an updated and revised utility accommodation manual.

HB 636-FN, relative to forfeiture of property.

HB 1527-FN-A, authorizing additional part-time positions at the department of administrative services and making an appropriation therefor.

HB 1531, permitting the legislature to open the state house on weekends.

HB 1553-FN, transferring the administration of the telecommunications accounting unit.

HB 602-FN, relative to the use of drones.

HB 1681-FN, relative to hypodermic syringes and needles containing residual amounts of controlled drugs.

HB 1229, prohibiting the inclusion of statewide assessment results in a student's transcript without consent.

HB 1231, relative to school district policy regarding objectionable course material.

HB 1300, relative to the content of patriotic exercises in public schools.

HB 1338, relative to student exemption from the statewide assessment.

HB 1637-FN, relative to school attendance in towns with no public schools.

HB 1153, prohibiting a political subdivision from adopting residency restrictions on sex offenders.

HB 1497, relative to the limits on disclosure of information used on college entrance exams.

HB 1144-L, relative to notice for sessions of correction of the check list.

HB 1661-FN, relative to conversion therapy seeking to change a person's sexual orientation.

RECESS MOTION

Rep. Hinch moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports.

Motion adopted.

The House recessed at 5:10 p.m.

RECESS

(Rep. Chandler in the Chair) ENROLLED BILL AMENDMENT

SB 110-FN, establishing the administrative supervision act. (Amendment printed SJ 3-24-16) Adopted.

RECESS

(Rep. Russell Ober in the Chair) ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bill numbered 301.

Rep. Hinch, Sen. Prescott for the Committee

ENROLLED BILL AMENDMENT

SB 380, establishing the drinking water and groundwater trust fund and establishing the New Hampshire drinking water and groundwater advisory commission. (Amendment printed SJ 3-24-16) Adopted.

SENATE MESSAGES CONCURRENCE

HB 1438-FN-L, relative to the registration of antique trailers.

NONCONCURRENCE

HB 661-FN, relative to record keeping for sold or transferred animals and making certain technical corrections to the law governing the sale or transfer of animals.

RECESS

(Speaker Jasper in the Chair) RESOLUTION

Rep. Packard offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 308, 324, 326, 336, 337, 341, 342, 345, 347, 348, 362, 374, 376, 379, 381, 387, 391, 394, 401, 402, 404, 415, 416, 417, 421, 423, 430, 431, 432, 439, 452, 456, 466, 475, 481, 482, 488, 491, 492, 494, 495, 496, 503, 506, 509, 510, 515, 519, 521, 527, 532, 533, 535, 539, 540, 541, 544, 546, 547, 552, 553, Senate Concurrent Resolution numbered 3 and 4, and Constitutional Amendment Concurrent Resolution numbered 27 shall be by this resolution read a first and second time by the therein listed titles and referred to the therein designated committees. Motion adopted.

INTRODUCTION OF SENATE BILLS, SCRS AND CACR

First, second reading and referral

- SB 308, relative to the definition of small loans and relative to certain fees on small loans. (Commerce and Consumer Affairs)
- SB 324, eliminating the land use board and requiring approval of federal land acquisitions by the governor and executive council. (Executive Departments and Administration)
- SB 326, relative to the membership of the community college system of New Hampshire board of trustees. (Education)
- SB 336, relative to the qualifications for obtaining a license to carry a concealed pistol or revolver. (Criminal Justice and Public Safety)
- SB 337, establishing a committee to study the immunity of court-appointed special advocates. (Judiciary)
- SB 341, establishing a committee to study guardianship in New Hampshire. (Judiciary)
- SB 342-FN, making certain changes to business profits tax provisions affecting a business organization when owners sell or exchange ownership interests in the business. (Ways and Means)
- SB 345, relative to the definition of agritourism. (Environment and Agriculture)
- SB 347, enabling the state and municipalities to adopt laws and ordinances regulating attire on state and municipal property. (Municipal and County Government)
- SB 348, allowing municipalities to adopt a property tax exemption for certain disabled veterans. (Municipal and County Government)
- SB 362, requiring notice to planning boards of placement of signs on scenic byways. (Transportation)
- SB 374, requiring the department of environmental services to update coastal flooding trends. (Resources, Recreation and Development)
- SB 376-FN, relative to wildlife corridors. (Fish and Game and Marine Resources)
- SB 379, relative to additional tests to determine alcohol concentration. (Criminal Justice and Public Safety)
- **SB 381,** relative to the combustion of the wood component of construction and demolition debris. (Science, Technology and Energy)
- SB 387, relative to the disposition of ward accounts. (Judiciary)
- SB 391, relative to annulment of certain misdemeanor offenses. (Criminal Justice and Public Safety)
- SB 394, relative to criminal history record checks of nursing home administrators. (Criminal Justice and Public Safety)
- **SB 401-FN**, relative to insurance coverage for prescription eye drops. (Commerce and Consumer Affairs) **SB 402**, relative to procedures related to the disclosure of exculpatory evidence by police officers. (Judiciary)
- **SB 404**, relative to the burden of proof for a divorced parent's petition to relocate children of the marriage. (Children and Family Law)
- SB 415, requiring appropriate hydration be made available to certain animals and establishing a committee to study harmful weather conditions for dogs. (Environment and Agriculture)
- **SB 416,** relative to flexible working arrangements in employment. (Labor, Industrial and Rehabilitative Services)
- SB 417, relative to employment contract restrictions upon physicians. (Health, Human Services and Elderly Affairs)
- SB 421, relative to liability of governmental units. (Executive Departments and Administration)

SB 423, relating to the right of 17-year olds to register to vote. (Election Law)

SB 430, establishing a commission to study long-term peer-to-peer recovery services in New Hampshire. (Health, Human Services and Elderly Affairs)

SB 431, relative to data submission by insurers. (Commerce and Consumer Affairs)

SB 432, relative to itemized bills for medical services. (Commerce and Consumer Affairs)

SB 439, establishing a commission to study the shortage of nurses and other skilled health care workers for home health care services and post-acute care services. (Health, Human Services and Elderly Affairs)

SB 452-FN, requiring certain state agencies to conduct an audit of laws governing coastal regions to enable authorities to take appropriate actions. (Executive Departments and Administration)

SB 456-FN, relative to reporting of receipts and expenditures by candidates and candidate committees. (Election Law)

SB 466-FN, relative to the detention of a minor while waiting for the disposition of his or her case. (Children and Family Law)

SB 475-FN, requiring law enforcement agencies to file crime reports with the department of safety. (Criminal Justice and Public Safety)

SB 481-FN, relative to a special health care service license and establishing a fund. (Health, Human Services and Elderly Affairs)

SB 482-FN-L, establishing a committee to study the effect of short-term rentals on municipalities. (Municipal and County Government)

SB 488-FN-L, relative to breastfeeding. (Commerce and Consumer Affairs)

SB 491-FN, relative to Medicaid home health care services and relative to the scope of practice of licensed nursing assistants. (Health, Human Services and Elderly Affairs)

SB 492-FN, relative to expenditures from the energy efficiency fund. (Science, Technology and Energy)

SB 494-FN-A, limiting an exemption from the road toll. (Ways and Means)

SB 495-FN-A, relative to state retiree health plan costs and funding. (Finance)

SB 496-FN, relative to personal care attendant services. (Health, Human Services and Elderly Affairs)

SB 503-FN-A, relative to pre-kindergarten education using "pay for success" financing. (Education)

SB 506, clarifying who may adopt. (Judiciary)

SB 509-FN, relative to voter registration forms and relative to voter identity verification. (Election Law)

SB 510-FN, relative to parking at state park parking meters. (Transportation)

SB 515-FN, relative to child neglect and other changes to the child protection act. (Children and Family Law)

SB 519, relative to highway signs. (Transportation)

SB 521-FN, relative to an OHRV registration fee for persons who are members of an OHRV club. (Resources, Recreation and Development)

SB 527-FN-A, making an appropriation to the police standards and training council, repealing the police standards and training council training fund, making an appropriation to the department of safety for the purchase of state police cruisers. (Finance)

SB 532-FN, relative to prior authorization for substance abuse treatment. (Commerce and Consumer Affairs)

SB 533-FN-A-L, relative to the governor's commission on alcohol and drug abuse prevention, treatment, and recovery and making supplemental appropriations to the commission, the department of justice, and the department of health and human services. (Health, Human Services and Elderly Affairs)

SB 535-FN-A, establishing a grant program for high schools for heroin and opiate prevention education. (Health, Human Services and Elderly Affairs)

SB 539, relative to access to records under the child protection act. (Criminal Justice and Public Safety) SB 540-FN, relative to the possession, use, or sale of kratom by any person under 18 years of age.

(Criminal Justice and Public Safety)

SB 541, establishing a commission to study provider rates. (Health, Human Services and Elderly Affairs)

SB 544, establishing a committee to study funding options for the Internet crimes against children task force. (Criminal Justice and Public Safety)

SB 546-FN, relative to petitions for verification of checklists. (Election Law)

SB 547, establishing a commission to study if current force protection measures provide adequate safeguards for New Hampshire national guard personnel, facilities, and equipment. (State-Federal Relations and Veterans Affairs)

SB 552-FN, relative to application of the Internal Revenue Code to provisions of the business profits tax. (Ways and Means)

SB 553, relative to implementation of the Medicaid managed care program. (Health, Human Services and Elderly Affairs)

SCR 3, applying to the United States Congress to convene a limited convention for the exclusive purpose of proposing amendments to the federal Constitution concerning election reform that do not abrogate or amend the first amendment to the federal Constitution. (State-Federal Relations and Veterans Affairs)

SCR 4, applying for an Article V convention to propose an amendment to the Constitution of the United States that imposes fiscal restraints on the federal government. (State-Federal Relations and Veterans Affairs)

CACR 27, relating to the operating budget. Providing that the state shall not spend more from any fund than such fund receives in revenue, nor use the proceeds of any bond to fund its annual operating expenditures. (Finance)

RECESS

(Rep. Bates in the Chair) ENROLLED BILL AMENDMENT

SB 238-FN, relative to the workers' compensation appeals board. (Amendment printed SJ 3-31-16) Adopted.

RECESS

(Rep. Andrew Christie in the Chair) ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled Senate Bill numbered 380.

Rep. Hinch, Sen. Prescott for the Committee

RECESS

(Rep. Rosenwald in the Chair) ENROLLED BILL AMENDMENT

HB 1696-FN, requesting a modification of the New Hampshire health protection program.

Amendment (1246-EBA)

Amend RSA 404-G:2, X-c as inserted by section 9 of the bill by replacing line 2 with the following: to RSA 126-A:5, XXV. Adopted.

SENATE MESSAGE CONCURRENCE

HB 242, relative to the statewide improvement and assessment program.

HB 295, correcting a reference in the housing law to municipal agreements regarding the construction of parking facilities.

HB 1145, establishing a committee to study suspensions and expulsions in licensed preschools and in kindergarten through grade 3.

HB 1171, relative to appeals heard by the waste management council.

HB 1199, allowing adults to play children's bingo at private campgrounds or hotels.

HB 1315, adding mixed-use development to the definition of business and industrial facility.

HB 1355, relative to poultry producers exempted from meat inspection requirements.

HB 1388-FN, expanding crossbow use into muzzeloader season.

HB 1418-L, relative to the minutes of nonpublic sessions of public bodies.

HB 1419, relative to voting records in nonpublic sessions of public bodies.

REFERRED FOR INTERIM STUDY

HB 183, relative to voter registration forms.

NONCONCURRENCE

HB 110, relative to placement of political advertising.

HB 1113, requiring a performance audit of the sex offender treatment program in the department of corrections.

COMMITTEE ASSIGNMENTS

The Speaker made the following changes to committee assignments:

Rep. Edgar assigned to the Committee on Labor, Industrial and Rehabilitative Services.

RECESS

(Rep. Emerson in the Chair) ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bill numbered 1696.

Rep. Hinch, Sen. Soucy for the Committee

SENATE MESSAGE CONCURRENCE

HB 1696-FN, requesting a modification of the New Hampshire health protection program.

COMMITTEE ASSIGNMENTS

The Speaker made the following changes to committee assignments:

Rep. Edgar is off the Committee on Labor, Industrial and Rehabilitative Services and on the Committee on Fish and Game and Marine Resources.

Rep. Zaricki is off the Committee on Labor, Industrial and Rehabilitative Services.

RECESS

(Speaker Jasper in the Chair)

Rep. Hinch moved that the House adjourn.

Motion adopted.

HOUSE JOURNAL NO. 11

Wednesday, April 6, 2016

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord.

A Scottish Blessing for Tartan Day

May the blessing of light be on you - light without and light within.

May the blessed sunlight shine on you like a great peat fire,

So that strangers and friends may come and warm themselves at it.

And may light shine out of the two eyes of you,

like a candle set in the window of a house,

bidding the wanderer come in out of the storm.

And may the blessing of the rain be on you,

may it beat upon your spirit and wash it fair and clean,
and leave there a shining pool where the blue of heaven shines,

and sometimes a star.

And may the blessing of the earth be on you,

soft under your feet as you pass along the roads,

soft under you as you lie out on it, tired at the end of day;
and may it rest easy over you when, at last, you lie out under it.

and may it rest easy over you when, at last, you lie out u
May it rest so lightly over you
that your soul may be out from under it quickly;
up and off and on its way to God.
and now may the Lord bless you,
and bless you kindly. Amen.

Representative Peter Leishman, member from Peterborough, and Representative Dan Eaton, member from Stoddard, led the Pledge of Allegiance.

The National Anthem was sung by Elizabeth Fortin of Peterborough.

LEAVES OF ABSENCE

Reps. Barry, Ronald Belanger, Bridge, Chris Brown, Chirichiello, Comtois, Cote, DiFranco, Gargasz, Gonzalez, Gladys Johnsen, Kellogg, LeBreche, Massimilla, Carol McGuire, Milz, Moody, Phillips, Priestley, Chip Rice, Sanders, Shaw, Joe Sweeney and Verschueren, the day, illness.

Reps. Ammon, Duane Brown, Dumais, Friel, Heath, Jones, Douglas Long, Lundgren, O'Hearne, O'Neil, Oligny, Parison, Seaworth, Marjorie Smith, Suzanne Smith, Soucy, Spillane, Sprague, Tamburello, Gerald Ward and Webb, the day, important business.

Reps. James Belanger, Rebecca Brown and Harvey, the day, illness in the family.

Rep. O'Connor, the day, death in the family.

INTRODUCTION OF GUESTS

Eric Scheuch and Charlotte Perkins, students at Kearsarge Regional High School, Pages for the day.

John Fortin, husband of the singer, guest of Rep. Leishman. Jim and Mary Wojdylak, Seamus and Buddy Sullivan, parents and sons of Rep. Victoria Sullivan. Lynda Hunt, Katelyn and Ella Churchhill, Gloria Sweeney, Terri Wiltse, Lois Meredith, Ellen Avery, Sue Butman, and David Bruce; wife, step-daughter, granddaughter, mother-in-law and guests of Rep. Hunt. Ken Dassau, guest of Rep. Gallagher. Chris Roundy, guest of Rep. Southworth. Melissa Cunliff, guest of Rep. Stevens. John Lunn, guest of Rep. Irwin. Scott Webster, and Sherry Thompson, guests of Rep. Joanne Ward. Marcus Hermansen, guest of Rep. Rosenwald. Bethany Leak, and Matt Dustin, guests of Rep. Ratzki. Allyson Zacker, guest of Rep. Mangipudi. Charlene Lovett, Middleton Goodwin, and Susan Johnson, guests of the Claremont Delegation. Students from Bud Carlson Academy, guests of the Rochester Delegation. Students from Saint Mary Academy, guests of the Dover Delegation.

The Clerk read the following:

A PROCLAMATION NEW HAMPSHIRE TARTAN DAY APRIL 6, 2016

WHEREAS, the Declaration of Arbroath, pronouncing Scottish independence, was signed at Arbroath Abbey on April 6, 1320, by Bernard de Linton, Chancellor of Scotland; and

WHEREAS, helping to expand freedom for all people, Scotland abolished slavery in 1777 by freeing African-born slave Joseph Knight, who had been sold in Jamaica and brought to Scotland; and

WHEREAS, the United States Declaration of Independence was modeled, in part, after the Declaration of Arbroath; and

WHEREAS, nearly half the signers of the Declaration of Independence and nine of the country's original governors, including New Hampshire's governor, were of Scottish descent; and

WHEREAS, Scots and Scottish-Americans have made outstanding contributions to both the United States and the State of New Hampshire in the fields of science, math, medicine, education, politics, business, and the arts; and

WHEREAS, the United States Senate has passed a resolution designating April 6th of each year as National Tartan Day; and

WHEREAS, the Saint Andrew's Society of New Hampshire, along with many other Scottish organizations, including the New Hampshire Gathering of the Scottish Clans, the Scottish Club of the Twin States, the Strathspey & Reel Society of New Hampshire, the New Hampshire School of Scottish Arts, and thousands of citizens who claim Scottish heritage in the state support Scottish Heritage Day;

NOW, THEREFORE, I, MARGARET WOOD HASSAN, GOVERNOR of the State of New Hampshire, do hereby proclaim APRIL 6, 2016, as NEW HAMPSHIRE TARTAN DAY and call upon the citizens of the state to commemorate the great struggles of freedom and historical achievements of Scottish Americans in New Hampshire.

Given this 5th day of April, in the year of Our Lord two thousand and sixteen, and the independence of the United States of America, two hundred and forty.

Margaret Wood Hassan, Governor

TARTAN DAY PROGRAM

Rep. Hunt introduced special guests who performed for the House in honor of New Hampshire Tartan Day: Marielle Webster, Sveta Gerace, Anna Gordon, Hazel Dellario, Laura and Sebastian Benedetto and Campbell Webster. Pipers from the NH Pipe & Drums played the lament in memory of Representatives Robbie Parsons and Robert Luther.

Rep. Joanne Ward offered a Scottish blessing.

May there always be work for your hands to do.

May your purse always hold a coin or two.

May the sun always shine upon your window pane.

May a rainbow be certain to follow each rain.

May the hand of a friend always be near to you and,

May God fill your heat with gladness to cheer you.

MOTION TO VACATE

Rep. Andrew Christie moved that the House vacate the reference of SB 324, eliminating the land use board and requiring approval of federal land acquisitions by the governor and executive council, to the Committee on Executive Departments and Administration.

Motion adopted.

The Speaker referred SB 324 to the Committee on Resources, Recreation and Development.

MOTION TO VACATE

Rep. Rowe moved that the House vacate the reference of SB 506, clarifying who may adopt, to the Committee on Judiciary.

Motion adopted.

The Speaker referred SB 506 to the Committee on Children and Family Law.

MOTION TO VACATE

Rep. Tholl moved that the House vacate the reference of SB 539, relative to access to records under the child protection act, to the Committee on Criminal Justice and Public Safety. Motion adopted.

The Speaker referred SB 539 to the Committee on Children and Family Law.

SENATE MESSAGES REQUESTS CONCURRENCE WITH AMENDMENTS

HB 499, permitting New Hampshire farmers to sell farm-raised bison directly to the public. (Amendment printed SJ 3-17-16)

Rep. Haefner moved that the House concur and spoke in favor.

Motion adopted.

HB 216-FN, relative to recovery of certain investigatory costs by regulatory boards and commissions, and applying certain general administration provisions to the mechanical licensing board. (Amendment printed SJ 1-14-16)

Reps. Andrew Christie and Kurk moved that the House concur.

Rep. Andrew Christie spoke in favor.

Motion adopted.

HB 377, establishing a state geographic information system committee. (Amendment printed SJ 3-24-16)

Rep. Andrew Christie moved that the House concur and spoke in favor.

Motion adopted.

HB 1397, establishing a committee to study improvements to the Hannah Duston Memorial and the feasibility of connecting a portion of the rail trail system in Boscawen. (Amendment printed SJ 3-31-16)

Rep. Chandler moved that the House concur and spoke in favor.

Motion adopted.

HB 351, exempting historically significant vehicles from emission control requirements. (Amendment printed SJ 3-24-16)

Rep. Steven Smith moved that the House concur and spoke in favor.

Motion adopted.

HB 353, relative to the governance of condominium unit owners' associations. (Amendment printed SJ 1-14-16)

Rep. Hunt moved that the House nonconcur and request a Committee of Conference.

Motion adopted.

The Speaker appointed Reps. Hunt, Harold French, Biggie and Williams.

HB 427, relative to the definition of the New Hampshire fire code and establishing a committee to study the 2015 edition of the Uniform Fire Code NFPA1. (Amendment printed SJ 2-4-16)

Rep. Andrew Christie moved that the House nonconcur and request a Committee of Conference. Motion adopted.

The Speaker appointed Reps. Sytek, Andrew Christie, Beaudoin and Gagnon.

HB 285, relative to discussion with legal counsel under the right-to-know law. (Amendment printed SJ 1-14-16)

Rep. Rowe moved that the House nonconcur and request a Committee of Conference.

Motion adopted.

The Speaker appointed Reps. Rowe, Rouillard, Woodbury and Wuelper.

HB 606-FN-L, relative to costs for public records filed electronically. (Amendment printed SJ 1-14-16)

Rep. Rowe moved that the House nonconcur and request a Committee of Conference.

Motion adopted.

The Speaker appointed Reps. Rowe, Rouillard, Woodbury and Wuelper.

HB 458, revising the legislative ethics laws and the guidelines of the legislative ethics committee. (Amendment printed SJ 1-21-16)

Rep. Hinch moved that the House nonconcur and request a Committee of Conference.

Motion adopted.

The Speaker appointed Reps. Hinch, Packard, Russell Ober and Weber.

CONSENT CALENDAR

Rep. Hinch moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

SB 498-FN, relative to penalties for possession of certain controlled drugs, removed by Rep. Sylvia. SB 460, authorizing the state board of education to adopt rules relative to child sexual abuse and healthy relationships, removed by Rep. Ladd.

SB 441-FN, relative to discounts and admission without charge at state parks, removed by Rep. Horrigan. Consent Calendar adopted.

SB 25-FN, relative to the administration of epinephrine. OUGHT TO PASS.

Rep. Victoria Sullivan for Education. This bill establishes procedure for the administration of epinephrine, which is a life-saving medication that is administered at the onset of anaphylaxis, by certain authorized entities. This bill also provides immunity to school personnel who administer the epinephrine. Vote 17-0.

SB 312, relative to epinephrine administration in independent schools. OUGHT TO PASS.

Rep. John Balcom for Education. This bill extends the placement of auto-injectable epinephrine to independent and postsecondary educational institutions. Vote 17-0.

SB 314, relative to the membership of the higher education commission. OUGHT TO PASS. Rep. Robert Elliott for Education. This bill simply changes the name already in law as the NH Council for Professional Education to the American Council for Professional Education and Training. Vote 16-0.

SB 316, relative to placement decisions by a child's individualized education program team. OUGHT TO PASS.

Rep. James Grenier for Education. This bill addresses potential concerns arising from the passage of HB 610 (Chapter 125, Laws of 2015, relative to a school board vote on the reassignment of a pupil) passed last year. That bill amended RSA 193:3, III to require school boards of both receiving and sending school districts to approve placement for a change of school assignment. Placement of a child with a disability is the responsibility of the IEP team and not the sending school board. This bill clarifies this difference. Vote 17-0.

SB 322, relative to the provision and administration of bronchodilators, spacers, and nebulizers in schools. OUGHT TO PASS.

Rep. Ralph Boehm for Education. This bill allows school districts, at their discretion, to have bronchodilators, spacers or nebulizers on hand in the schools. These will most likely be provided by the drug companies, as are EPI-Pens. Students currently have the ability to carry their own and/or leave them in the nurse's office. This bill protects students with asthma who forget their inhaler, or fail to provide one to the school nurse for protection in an emergency situation. Vote 17-0.

SB 328-L, relative to school districts and school administrative units exercising joint powers with other public agencies. OUGHT TO PASS.

Rep. Barbara Shaw for Education. This bill allows for the possibility of cost saving efforts through a shared business administrator among school districts in transportation, maintenance, purchasing and many other areas. Efficiency and best use of taxpayers money is always a plus. Passing this legislation will give municipalities and schools options which will allow savings in financial administration of the towns funds. Vote 19-0.

SB 370, establishing a committee to study real time threat notification systems to link schools with law enforcement when schools are under direct threat. OUGHT TO PASS.

Rep. John Balcom for Education. This timely bill establishes a committee to address problems and potential solutions with current threat notification systems linking schools under threat to law enforcement using dependable communications. The committee unanimously supported the bill. Vote 19-0.

SB 371, relative to school lunch meal payment policies. OUGHT TO PASS.

Rep. Mary Gile for Education. This bill proposes standards that hold parents responsible for payment of their child's school lunch, not children. Some schools have introduced practices that force students whose parents are delinquent to go to the principal's office, or stand in a different line for a lunch of lesser appeal and quality, or limit the participation in school activities e.g. field trips, etc. Such practices can demean, embarrass and humiliate students and should not be allowed. Although this bill is not a mandate; it does however, set forth criteria for districts to follow in the implementation of school lunch payment policies. Vote 19-0.

SB 373, relative to the information technology infrastructure in public schools. INEXPEDIENT TO LEGISLATE.

Rep. Christopher Adams for Education. This bill establishes a committee to study the feasibility of using school building aid funds to upgrade the information technology infrastructure in the public schools for the purpose of enabling the establishment of virtual classrooms. Current funding for school building aid is frozen in the current budgeting cycle and if funding begins in future budgeting cycles there are numerous districts with multiple school buildings greatly in need of support to address safety and physical plant issues. While the committee fully recognizes the importance of having adequate broadband access for educational purposes, this bill is not the vehicle needed to satisfy this issue. Vote 19-0.

SB 453-FN, relative to comprehensive criminal background checks for individuals in registered and licensed child day care agencies, child care institutions, and child care agencies. OUGHT TO PASS. Rep. Barbara Shaw for Education. This bill requires background checks to conform with federal law as required by CCDBG Act (Child Care and Development Block Grant). This new process is more comprehensive and provides additional safety measures for children within these institutions. A government card will be issued as verification of background check completion. In order to receive the CCDBG funds, states must comply by September 30, 2017. Vote 19-0. Referred to the Committee on Criminal Justice and Public Safety.

SB 129-FN, allowing retired members of the retirement system to change an optional allowance election in certain circumstances. OUGHT TO PASS WITH AMENDMENT.

Rep. Steven Beaudoin for Executive Departments and Administration. This bill allows any retired member of the NH Retirement System (NHRS) to terminate the election of a single non-spouse beneficiary past the current 120-day statutory limit. If this option is exercised, the retiree's pension benefit would change to the amount that would have been paid if no beneficiary had been selected. The amendment allows a retiree to terminate the election of a former spouse as a beneficiary based on the terms of a final divorce decree in which the former spouse renounces any claim to the benefit. Vote 17-1.

Amendment (1109h)

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

- 2 Retirement System; Optional Allowances; Divorce. Amend RSA 100-A:13, II(a)(1) to read as follows:
- (1) Terminate such elected option upon the issuance of a divorce decree and subsequent remarriage of the former spouse, or in accordance with the terms of the final divorce decree or final settlement agreement which provides that the former spouse shall renounce any claim to a retirement allowance under RSA 100-A. Upon termination, the allowance received under the elected option shall be converted to the retirement allowance that would have been payable in the absence of such election. Any supplemental allowance, or COLAs, granted to the retiree and effective before the date of termination of the option shall continue in effect and shall not be adjusted as a result of the termination. Notice of such termination shall be given by the retiree on a form designated by the board. Payment of the converted allowance shall commence on the first day of the month following receipt of termination by the board. For any retiree whose divorce and the subsequent remarriage of the former spouse occurred on or before July 1, 1990, the notice shall be given to the board on or before October 1, 1990. Said termination action shall become effective on the first day of the month following receipt of such notice by the board. If the retiree dies after giving valid notice of such termination but before the effective date, the option shall terminate as of the date of the retiree's death.

AMENDED ANALYSIS

This bill allows a retired member of the retirement system to terminate the designation of a single, non-spouse beneficiary to receive an optional allowance. The bill also allows for the termination of an optional allowance in accordance with a final divorce decree or final settlement agreement.

SB 237-FN, establishing a reporting requirement for gubernatorial inauguration contributions. **OUGHT TO PASS.**

Rep. Jacalyn Cilley for Executive Departments and Administration. This bill requires the governorelect to appoint an inaugural treasurer and report expenditures and contributions related to the inauguration. As the prime sponsor of this bill explained, the core purpose of this legislation is to ensure transparency and permit public access to information about these contributions. Vote 13-0.

SB 313, relative to requirements for licensed estheticians. OUGHT TO PASS WITH AMENDMENT. Rep. J.R. Hoell for Executive Departments and Administration. This bill, as amended, will allow required training credit hours accumulated in order to be licensed as a massage therapist to count toward training credit hours required for an esthetician's license. Coursework may only be applied to the requirements for an esthetician's license as long as the content of the courses has been determined to be equivalent by the Board of Barbering, Cosmetology, and Esthetics. Vote 13-0.

Amendment (1096h)

Amend RSA 313-A:13 as inserted by section 1 of the bill by replacing it with the following:

313-A:13 Qualifications; Estheticians. To be issued an esthetics license by the board, an applicant shall, in addition to satisfying the requirements of RSA 313-A:11, I(a), (b), and (e), have completed a course of at least 600 hours of training in a school approved by the board and have passed an examination conducted by the board. An apprenticeship approved by the board may substitute for the required training. Estheticians who have practiced professionally in this state for a period of at least 3 years prior to July 1, 1989, and who have satisfied the requirements of RSA 313-A:11, I(a), (b), and (e) and the training requirements of this section shall not be required to take the examination provided for in this section to be eligible for licensure under this chapter. Credit towards the hours requirement for esthetician training may be given to a licensed cosmetology or barber program in a school approved by the board upon certification of the training by the school. *Credit towards the hours requirement for esthetician training may be given to a licensed massage therapist for massage therapy training deemed equivalent by the board.* Cosmetologists licensed by the board may obtain the training hours in subjects required by the board in increments at separate schools but must present certifications to the board for all required hours and curriculum subjects.

AMENDED ANALYSIS

This bill allows a licensed massage therapist to satisfy training requirements for licensure as an esthetician with training deemed equivalent by the board of barbering, cosmetology, and esthetics.

SB 319-FN, relative to survivor benefits for families of police officers and firefighters killed in the line of duty. OUGHT TO PASS WITH AMENDMENT.

Rep. Jacalyn Cilley for Executive Departments and Administration. This bill adds the definitions of "adult child," "dependent child," and "stepchild" for the purposes of determining survivor benefits for families of police officers and firefighters killed in the line of duty. The committee heard testimony of a recent situation involving two daughters of a police officer who died in the line of duty. One daughter was under the age of 18 and the other was over the age of 18. Both, however, were still dependent upon their father's financial assistance. Because the law relative to survivor benefits referenced only dependent children under the age of 18, only one of his children was eligible to receive these benefits. The committee felt that this was clearly not the intent of the law. Vote 17-1.

Amendment (1210h)

Amend the bill by replacing section 1 with the following:

1 Survivor Benefits. Amend RSA 21-I:29-a, I to read as follows:

I. In this section:

(a) "Adult child" means a child, whether by blood or adoption, of the police officer or firefighter, age 18 or older at the time of death of such police officer or firefighter and who does not meet the definition of a dependent child.

- (b) "Dependent child" means a child, whether by blood or adoption, or stepchild of the police officer or firefighter who:
- (1) Is under the age of 25 and was dependent on the earnings of the police officer or firefighter at the time of death. For the purposes of this subparagraph, a child is not considered dependent if the child provides more than half of his or her own support, is married, or is legally adopted by another; or

(2) Is any age and is physically or mentally incapacitated and was dependent on the earnings of the police officer or firefighter at the time of death.

- (c) "Family" means the surviving spouse of the police officer or firefighter who was wholly or partially dependent, in fact, upon the earnings of the police officer or firefighter; or, if there is no surviving spouse, the surviving dependent child or dependent children, of such police officer or firefighter or, if there is no surviving dependent child, a surviving person qualifying as a common-law spouse pursuant to RSA 457:39, or if there is no surviving common-law spouse, the surviving adult child or adult children, or if there is no surviving adult child or adult children, the surviving parent or parents of such police officer or firefighter. [A surviving dependent child shall include a dependent step-child whose expenses of daily living were substantially paid for by the decedent at the time of the death.]
- [(b)] (d) "Firefighter" means any firefighter, including auxiliary, intermittent, special, parttime, volunteer, call, or reserve firefighters who are employed by a city, town, village district, or precinct within the state of New Hampshire, any firefighter employed by the state of New Hampshire, or any firefighter who is a volunteer for or employed by a non-profit corporation which is the primary provider of fire protection for all or part of a New Hampshire municipality.
- [(c)] (e) "Killed in the line of duty" means a death of a police officer or firefighter while in the performance of his or her duties as a result of incident, accident, or violence causing death or injuries which are the direct or proximate cause of death. "Incident" shall include any death that is determined to be occupationally related by the worker's compensation insurance carrier, a self-insured worker's compensation plan, or by the labor commissioner for workers' compensation purposes pursuant to RSA 281-A.
- [(d)] (f) "Police officer" means any law enforcement officer with the power of arrest, including auxiliary, intermittent, special, part-time, or reserve police officers, or sheriffs and their deputies who are employed by a city, town, village district, county, or precinct within the state of New Hampshire, police officers employed by the university system of New Hampshire, and any state law enforcement officer employed by the state of New Hampshire who has power of arrest as determined by state law.
- (g) "Stepchild" means an individual who is the legally adoptive or biological first generation offspring of the police officer's or firefighter's current, deceased, or former spouse conceived before the marriage of the police officer or firefighter and the spouse.

 Referred to the Committee on Finance.

SB 332, relative to state procurement of goods and services. OUGHT TO PASS.

Rep. J.R. Hoell for Executive Departments and Administration. The bill does four separate things: first, the bill increases the spending that can be done via a debit card or field purchase order from \$500 to \$1,000. This is in keeping with the costs for a project where a debit card or field purchase order would be used. The administrative costs for some of these low dollar purchase orders add up quickly. Secondly, the bill establishes an Advisory Committee on State Purchases. This is an ongoing committee looking for ways to improve the efficiency of government. The committee is required to issue a report yearly with their findings. Thirdly, the bill updates the ethics section on bidding and disqualifies someone who violates the statutes from bidding on future proposals. Lastly, the bill keeps bid packages confidential until the bid is awarded either via the Governor and Council or the agency/department. This way, competitors cannot obtain a copy of their competitor's proposal and seek to undercut them on the bid without doing the work of creating a bid package. Vote 13-0.

SB 390-FN, relative to the procedure in retirement system hearings concerning qualification for disability retirement benefits. **OUGHT TO PASS**.

Rep. Jacalyn Cilley for Executive Departments and Administration. This bill allows the Board of Trustees of the retirement system to designate a presiding officer in an appeal of an initial determination relative to a member's qualification for ordinary or accidental disability benefits. The presiding

officer may not be the same person who made the initial determination. Currently, if a member is deemed not eligible for disability benefits, the hearing officer who makes that determination is the same individual who hears an appeal, if one is made. While there was no evidence presented that this process was materially unfavorable to applicants of disability benefits, the committee agreed with the sponsors that on its face the process had the potential to be unfair to the applicant. Vote 17-0.

SB 397, relative to the membership of the post-traumatic stress disorder and traumatic brain injury commission. OUGHT TO PASS.

Rep. Peter Schmidt for Executive Departments and Administration. This is a pure housekeeping bill brought to add two members to the Commission on Post-Traumatic Stress Disorder and Traumatic Brain Injury. It also updates the name of one of the organizations represented on the commission from the NH Deployment Cycle Support Program to the Care Coordination Program of NH. Vote 13-0.

SB 398, relative to renewal of licenses issued by the board of funeral directors and embalmers. OUGHT TO PASS.

Rep. Peter Schmidt for Executive Departments and Administration. This bill changes the fiscal year of the Board of Embalmers and Funeral Directors from a calendar year basis to align it with the NH state government fiscal year that ends in June. It also converts the licenses issued by the board from one year to two years. There is no increase in the cost to licensees on an annualized basis. Thus, this is essentially a housekeeping bill. Vote 13-0.

SB 400, relative to executive branch ethics. OUGHT TO PASS WITH AMENDMENT.

Rep. Andrew Christie for Executive Departments and Administration. This bill makes several modifications to the Executive Branch Code of Ethics. It clarifies the definition of executive branch official, modifies the restrictions on appointees to the Executive Branch Ethics Committee by permitting them to hold non-partisan elected office, and adds a provision permitting any person to request an interpretive ruling on the applicability of laws under the jurisdiction of the committee. Vote 16-0.

Amendment (1193h)

Amend the bill by replacing section 8 with the following:

- 8 Executive Branch Ethics Committee; Jurisdiction. Amend RSA 21-G:29, I and II to read as follows:
- I. There is hereby established an executive branch ethics committee to issue guidelines, interpretive rulings, and advisory opinions relative to standards for ethical conduct in the executive branch and to resolve, through procedures established under RSA 21-G:32, issues, questions, or complaints involving executive branch officials [who are not classified employees].
- II. The jurisdiction of the committee shall consist of matters arising under the executive branch code of ethics, RSA 21-G:21-27, RSA 15-A, RSA 15-B, and rules or guidelines adopted thereunder, as applied to current or former executive branch officials [who are not classified employees], provided that the committee may only consider a complaint against a former executive branch official if the complaint is filed no later than 180 days after the day the official resigned, retired, or otherwise left his or her position.

Amend the bill by replacing section 10 with the following:

10 Duties; Ethics Committee. Amend RSA 21-G:30, I to read as follows:

- I. The committee shall be authorized to:
- (a) Issue guidelines consistent with the executive branch code of ethics, RSA 21-G:21-27, RSA 15-A, and RSA 15-B, relative to proper and appropriate conduct for individuals relating to the performance of their duties as executive branch officials. Such guidelines shall be consistent with statute.
- (b) Issue interpretative rulings explaining and clarifying any law, guideline, or rule[, or regulation] within the jurisdiction of the committee.
- (c) Render [an] advisory [opinion, in writing within a reasonable time, in response to a written request by a person subject to any law, guideline, rule, or regulation concerning the application of any law, guideline, rule, or regulation within the committee's jurisdiction to a specific factual situation pertinent to the conduct or proposed conduct of the person seeking the advisory opinion. Any advisory opinion concerning any person subject to the provisions of this subdivision who acted in reliance thereon, shall be binding upon the committee, and it shall be an absolute defense in any complaint brought under this subdivision or prosecution under RSA 15-A or RSA 15-B that the

person complained against acted in reliance upon such advisory opinion. The name of the person seeking an advisory opinion and any information in the opinion that would identify such person shall be nonpublic. A redacted version of the advisory opinion shall be public] opinions in accordance with RSA 21-G:31-a.

- (d) Receive sworn complaints, investigate allegations of violations of this subdivision [or guidelines adopted thereunder] by executive branch officials and make appropriate findings of fact and conclusions with respect to such conduct.
- (e) Investigate any unauthorized disclosure of information by any committee member or assistant and report to the appropriate authority any allegation which it finds to be substantiated. Amend the bill by replacing section 12 with the following:
- 12 New Sections; Advisory Opinions; Interpretive Rulings. Amend RSA 21-G by inserting after section 31 the following new sections:
 - 21-G:31-a Advisory Opinions; Procedure.
- I. Any executive branch official may request, in writing, an advisory opinion regarding the application of any law, guideline, or rule within the committee's jurisdiction to a specific factual situation pertinent to the requester's conduct or proposed conduct. Notwithstanding any other provision of law, all proceedings, information, communications, materials, papers, files, and transcripts, written or oral, received or developed by the committee in the course of its work in response to a request for an advisory opinion, except for the opinion itself, shall be confidential. The advisory opinion shall be made public but the name of the person seeking the opinion and any information in the opinion that would identify such person shall be nonpublic.
- II. Any advisory opinion concerning any person subject to the provisions of this subdivision who acted in reliance thereon, shall be binding upon the committee, and it shall be an absolute defense in any complaint brought under this subdivision or prosecution under RSA 15-A or RSA 15-B that the person complained against acted in reliance upon such advisory opinion.
- 21-G:31-b Interpretive Rulings; Procedure. The committee may initiate or any person may request an interpretive ruling explaining or clarifying a law, guideline, or rule of general applicability within the committee's jurisdiction. If the committee determines that a requested interpretive ruling will be helpful to those individuals under the committee's jurisdiction, it shall take up the request in public, receive testimony and other information that it deems helpful on the issue, and render a public ruling.

SB 406-FN, relative to classification of certain state employee positions. OUGHT TO PASS. Rep. Peter Schmidt for Executive Departments and Administration. This bill is housekeeping legislation to implement and codify certain previous decisions of the Joint Committee on Employee Classification (JCEC), as required by statute and requested by the JCEC. This is the final step in the process for designating or reassigning salary grade levels for unclassified positions. Vote 17-0. Referred to the Committee on Finance.

SB 467-FN, relative to private investigators, security guards, and bail enforcement agents, and relative to unsworn falsification on agency forms. OUGHT TO PASS WITH AMENDMENT. Rep. Mark Proulx for Executive Departments and Administration. This bill makes housekeeping changes to laws governing private investigators, security guards and bail recovery agents. In order to simplify the regulatory structure, it puts the regulation of bail recovery agents solely under the jurisdiction of the Department of Safety. It adds a new member to the advisory board to make it more balanced and representative of the regulated professions. The bill also streamlines and updates continuing education and firearm qualification requirements. The amendment extends the term of the license for bail recovery agents from one year to two years. Vote 15-1.

Amendment (1152h)

Amend RSA 597:7-b, II as inserted by section 12 of the bill by replacing it with the following:

II. Any person who operates as a bail recovery agent in this state, excluding licensed private detectives, shall be trained and certified through a program approved by the Professional Bail Agents of the United States or other training program approved by the commissioner of safety and shall [register annually] be licensed with the [secretary of state] department of safety under RSA 106-F. Licensees shall also meet proficiency requirements under RSA 106-F:8-a. The [secretary of state] department of safety shall issue to each [registered] licensed bail recovery agent proof of such [registration] licensure. [Effective July 1, 2000.] Each bail [agency] recovery agent operating in this state shall [annually] provide to the [secretary of state] department of safety proof of liability

insurance coverage in the amount of \$300,000 for bail recovery activities [of the agency's bail agents and bail recovery agents]. This proof of insurance coverage shall be provided before the [agency's] bail [agents are] recovery agent is licensed or relicensed[, and before the agency's bail recovery agents are registered or reregistered] by the department of safety. [Bail recovery agents acting as independent contractors shall provide proof of liability insurance coverage in the amount of \$300,000 to the secretary of state before registration or reregistration.] Licenses shall be valid for 2 years after the date of issuance and shall be renewed every 2 years thereafter, upon application and payment of the fee and submission of continuing proof of the required liability insurance coverage. The application for renewal shall be submitted at least 15 days before the expiration of the previously granted license. Any person who operates as a bail recovery agent in this state without meeting [such certification, insurance, and registration] the licensure and relicensure requirements shall be guilty of a class [A] B misdemeanor for the first offense and a class A misdemeanor for a second offense within a 7-year period.

SB 257-FN, relative to membership in the judicial retirement plan of judges appointed at age 63 or older. OUGHT TO PASS.

Rep. Kurt Wuelper for Judiciary. This bill allows judges who could never become eligible for retirement to opt out of the judicial retirement system. The committee thought it good to offer them this option. Vote 16-0.

SB 318, permitting the state to enter into a lot line agreement with a private abutter to the Bradford Pines Natural Area. OUGHT TO PASS.

Rep. Judith Spang for Resources, Recreation and Development. This lot line adjustment was examined and brought to us by the Department of Resources and Economic Development. The Bradford Pines area was established as a state Natural Area which means it is to be retained by the state for future generations. However, an abutter discovered that a previous owner had intruded upon the Natural Area with a corner of a building, driveway and utilities. The landowner has agreed to swap the encroaching land for an equal amount of more valuable land along the Warner River, through a process set forth in RSA 4:40. Vote 15-0.

SB 378, relative to the availability of net metering tariffs. OUGHT TO PASS WITH AMENDMENT. Rep. Douglas Thomas for Science, Technology and Energy. This bill will prevent an entity from reserving an undue portion of the new net metering capacity created by HB 1116, as already passed by the House, prior to the Public Utilities Commission (PUC) making a decision on a new net metering tariff and possible cap. It amends RSA 362-A:9 to limit the amount of reserved net metering interconnections that a single entity can hold to 20 percent of the total net metering utility-specific allocation. It requires the PUC to review group net metering agreements, requires each electric utility to make certain information on net metering allocation and capacity available on its website, and requires all persons involved in a net metering interconnection queue application for a project greater than 100 kilowatts to sign a certificate of compliance relative to the 20 percent limit. It contains a non-specific sunset provision that goes into effect upon a final decision by the PUC that sets a tariff and eliminates any cap on net metering. Vote 19-0.

Amendment (1199h)

Amend the bill by replacing all after section 1 with the following:

2 New Paragraph; Net Energy Metering. Amend RSA 362-A:9 by inserting after paragraph I the following new paragraph:

I-a. No person, owner, developer, installer of an eligible customer-generator facility, business organization, or any subsidiary thereof, shall reserve capacity space in the net metering interconnection queue more than 20 percent of the total net metering utility-specific allocation pursuant to this section, and the creation of multiple business organizations, including a person, as defined in RSA 366:1, I, by the same shall not defeat this requirement. On a weekly basis each utility shall make public on its website its total net metering allocation, its reserved net metering capacity, and its installed and operating net metering capacity. For project applications of greater than 100 kilowatts, each utility net metering interconnection queue application shall include a certification of compliance with the 20 percent requirement, all persons involved in such an application shall sign the certification of compliance, and no application shall be processed where one or more persons involved in the application did not sign the certification of compliance.

- 3 Repeal. RSA 362-A:9, I-a, relative to net energy metering, is repealed.
- 4 Applicability. Section 3 of this act shall take effect upon a final decision of the commission which is not subject to appeal that sets a tariff and eliminates any cap on net metering as certified to the director of legislative services and the secretary of state.
 - 5 Effective Date.
 - I. Section 3 of this act shall take effect as provided in section 4 of this act.
 - II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

- I. Requires the public utilities commission to review net metering agreements between group hosts and group members.
- II. Requires an electric utility to make certain information on net metering allocation and capacity available on its website on a bi-weekly basis.
- III. Requires all persons involved in a net metering interconnection queue application to sign a certificate of compliance.

MOTION TO SPECIAL ORDER

Rep. Cloutier moved that SB 152, relative to criminal history records checks for school employees and designated school volunteers, be made a Special Order as the first order of business on the Regular Calendar.

Rep. Cloutier spoke in favor.

Motion adopted.

SPECIAL ORDER

SB 152, relative to criminal history records checks for school employees and designated school volunteers. MAJORITY: OUGHT TO PASS. MINORITY: OUGHT TO PASS WITH AMENDMENT. Rep. John Balcom for the Majority of Education. This bill provides that information relating to any crime committed by a school employee or a designated school volunteer may be used in making a hiring decision. The majority of the committee believed that this legislation is similar to a bill passed by the House in the 2015 session; and for the safety of our students, we need to pass this senate bill. The bill's intent is to prevent known predators or criminals from accessing our schools by allowing the release of information regarding convictions of applicants for any felonies and misdemeanors, Vote 17-2. Rep. Christopher Adams for the Minority of Education. This bill addresses a critical issue in the hiring of school district staff and ensuring these individuals are properly vetted and have no criminal history that may indicate a danger to students and staff that they will come into contact with on a daily basis. Last year, the House passed a similar bill that would have enacted these protections by widening the scope of reported incidents from felony convictions to both felony and misdemeanor convictions being reported. Unfortunately, this bill narrows the dispersion of the information reported and the scope of decision making process to only the superintendent in a district thus causing potential overwork and an avenue for personal bias in the decision making process. The bill also muddies the water in the application of this law to non-public schools that may not have a superintendent or chief executive officer as defined in the legislation even though they may wish to perform these criminal history checks. If they choose to perform these checks they must comply with the legislation despite not having the prescribed official. They may have a qualified staff professional or agency that is bonded and insured to perform such evaluations do this work for them. This legislation would prohibit that. Last, the legislation broadens discretionary application of this law beyond being convicted of a felony or misdemeanor to any crimes that may potentially have been of a civil or commercial nature, such as being convicted of breach of peace for protesting at a political event or in opposition to building a pipeline through your property.

The question being adoption of the majority committee report of Ought to Pass. Rep. Adams offered minority committee amendment (1105h).

Minority Amendment (1105h)

Amend RSA 189:13-a, I-V as inserted by section 1 of the bill by replacing it with the following:

I.(a) The employing school administrative unit, school district, or chartered public school shall complete a criminal history records check on every selected applicant for employment in any position in the school administrative unit, school district, or chartered public school prior to a final offer of

employment. A public academy approved by the New Hampshire state board of education shall submit a criminal history records check on applicants for employment pursuant to this section. [A school administrative unit, school district, chartered public school, or public academy] The superintendent of the school administrative unit, or the chief executive officer of the chartered public school or public academy, or designee, may extend a conditional offer of employment to a selected applicant, with a final offer of employment subject to a successfully completed criminal history records check. No selected applicant may be extended a final offer of employment unless the school administrative unit, school district, chartered public school, or public academy has completed a criminal history records check. The school administrative unit, school district, chartered public school, or public academy shall not be held liable in any lawsuit alleging that the extension of a conditional or final offer of employment to an applicant, or the acceptance of volunteer services from a designated volunteer, with a criminal history was in any way negligent or deficient, if the school administrative unit, school district, chartered public school, or public academy fulfilled the requirements of this section.

(b) A nonpublic school may elect to require a criminal history records check on selected applicants for employment or selected volunteers. A nonpublic school that elects to conduct a criminal history records check shall comply with the procedures and requirements set forth in this section. With respect to a nonpublic school, as used in this section, "superintendent of the school administrative unit, or the chief executive officer of the chartered public school or public academy, or designee" means the person or persons designated by the nonpublic school to fulfill the duties set forth in this section.

II. The selected applicant for employment or designated volunteer with a school administrative unit, school district, chartered public school, or public academy shall submit to the employer a notarized criminal history records release form, as provided by the division of state police, which authorizes the release of information regarding the presence or absence of any record of convictions of the applicant of felonies *or misdemeanors*, or of charges pending disposition for or convictions of the applicant of the crimes listed in paragraph V. The applicant shall submit with the release form a complete set of fingerprints taken by a qualified law enforcement agency or an authorized employee of the school administrative unit, school district, chartered public school, or public academy. In the event that the first set of fingerprints is invalid due to insufficient pattern and a second set of fingerprints is necessary in order to complete the criminal history records check, the conditional offer of employment shall remain in effect. If, after 2 attempts, a set of fingerprints is invalid due to insufficient pattern, the school administrative unit, school district, chartered public school, or public academy may, in lieu of the criminal history records check, accept police clearances from every city, town, or county where an applicant has lived during the past 5 years.

III. The school administrative unit, school district, chartered public school, or public academy shall submit the criminal history records release form to the New Hampshire state police which shall conduct a criminal history records check through its records and through the Federal Bureau of Investigation. The state police shall examine the list of crimes constituting grounds for non-approval of employment, or non-acceptance of volunteer services in that school administrative unit, school district, chartered public school, or public academy, and shall report the presence or absence of any such crime to the [school administrative unit, school district, chartered public school, or public academy] superintendent of the school administrative unit, or the chief executive officer of the chartered public school or public academy, or designee. [Under no circumstances shall the criminal records be released to the school administrative unit, school district, chartered public school, or public academy. The school administrative unit, school district, chartered public school, or public academy] The superintendent of the school administrative unit, or the chief executive officer of the chartered public school or public academy, or designee, shall maintain the confidentiality of all criminal history records information received pursuant to this paragraph. If the criminal history records information indicates no criminal record, the [school administrative unit, school district, chartered public school, or public academy superintendent of the school administrative unit, or the chief executive officer of the chartered public school or public academy, or designee, shall destroy the information received immediately following [its] review of the information. If the criminal history records information indicates that the applicant has been convicted of [a felony] any crime or has been charged pending disposition for or convicted of a crime listed in paragraph V, the [school administrative unit, school district, chartered public school, or public academy] superintendent of the school administrative unit, or the chief executive officer of the chartered public school or

public academy, or designee, shall review the information for a hiring decision, and the division of state police shall notify the department of education of any such charges pending disposition or convictions. The [school administrative unit, school district, chartered public school, or public academy] superintendent of the school administrative unit, or the chief executive officer of the chartered public school or public academy, or designee, shall destroy any criminal history record information that indicates a criminal record within 30 days of receiving such information.

IV. The school administrative unit, school district, chartered public school, or public academy may require the selected applicant for employment or designated volunteer to pay the actual costs of the criminal history records check.

V. Any person who has been charged pending disposition for or convicted of any violation or attempted violation of RSA 630:1; 630:1-a; 630:1-b; 630:2; 632-A:2; 632-A:3; 632-A:4; 633:1; 639:2; 639:3; 645:1, II or III; 645:2; 649-A:3; 649-A:3-a; 649-A:3-b; 649-B:3; or 649-B:4; or any violation or any attempted violation of RSA 650:2 where the act involves a child in material deemed obscene; in this state, or under any statute prohibiting the same conduct in another state, territory, or possession of the United States, shall not be hired by a school administrative unit, school district, chartered public school, or public academy. [By decision of the appropriate governing body, a school administrative unit, school district, chartered public school, or public academy] The superintendent of the school administrative unit, or the chief executive officer of the chartered public school or public academy, or designee, may deny a selected applicant a final offer of employment if such person has been convicted of any [felony] crime in addition to those listed above. The governing body of a school district, chartered public school, or public academy may adopt a policy stating that any person who has been convicted of any felony, or any of a list of felonies, shall not be hired. Rep. Adams spoke in favor.

Rep. Ladd spoke against.

Minority committee amendment failed.

Majority committee report adopted and referred to the Committee on Criminal Justice and Public Safety.

REGULAR CALENDAR CONT'D

SB 464-FN-A, establishing a statewide drug offender grant program and making appropriations therefor, and relative to transferring certain revenues to the revenue stabilization reserve account. OUGHT TO PASS.

Rep. Patrick Abrami for Ways and Means. This bill establishes the statewide drug offender grant program. At the hearing it was determined that the bill title referenced revenue issues. Upon thorough review of the bill the committee concluded that there were no references to taxes or fees required to accomplish the goals of the program. The bill requires expenditure approval in order to implement the drug offender grant program. The vote of the committee is a procedural vote only. The vote of the committee should not be construed as a policy decision because the policy addressed by the bill is not within the jurisdiction of the House Ways and Means Committee. Vote 17-0.

Committee report adopted and referred to the Committee on Finance.

SB 339-FN, relative to required DNA analysis for certain offenses. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Len DiSesa for the Majority of Criminal Justice and Public Safety. Current law requires that the collection of a DNA sample (a cheek swab) be taken and analyzed upon a person's intake or prior to the release of a person from the state prison. The collection and analysis are allowed under current statute for any person convicted of any sexual offense, or any offense against a child, or any other felony offense prohibited by NH laws, or "...another state or federal law, whether on probation, conditional or unconditional release, completion of sentence, or release for any other reason." This bill adds the language "... or any person declared not guilty by reason of insanity or civilly committed to the department of corrections." This addition closes a loophole in the statute and would allow the Department of Corrections to collect and analyze a DNA sample if a person committed a felony offense but was found not guilty by reason of insanity. DNA is only collected at the state prison, not at any county jail or other lockup facility. Currently, there are less than 20 persons incarcerated who would fall into this category, as well as a much smaller number of persons who have been civilly committed to the state prison because they are a danger to either themselves or others. It costs about \$100 for collecting and analyzing each DNA swab, but there is

a federally funded program that pays for this so there is no cost to the state. Further, all fifty states have a variation of this law, with some states like California collecting DNA samples upon arrest rather than upon conviction. Both the Department of Corrections and the Department of Safety supported this bill. Tim Pifer, the NH State Police Forensic Laboratory Director, testified that given the substantial recidivism rate of persons who are found not guilty by reason of insanity for serious crimes, this bill would serve both as a deterrent and a useful investigative tool for unsolved crimes. NH Department of Corrections Commissioner William Wrenn also appeared before the committee to voice strong support for this bill. The committee debated the balance between public safety and individual rights to privacy, but the majority of the committee felt this to be a minimal intrusion to an individual with the greater good to society to be of stronger benefit. Over the years, with the perfecting of DNA analysis, many cold cases have been solved and many wrongly convicted persons have been exonerated. Vote 10-3.

Rep. Robert Cushing for the Minority of Criminal Justice and Public Safety. The minority recognizes that this bill would impact some people who have never engaged in, committed, or been charged with a crime, but who have severe mental illnesses that resulted in them being involuntarily committed to state institutions. Under RSA 135-C, people with mental illnesses are involuntarily committed to the state hospital, and under RSA 622:45 some of those acute patients, those whose illness pose a threat to themselves or others, are transferred to and civilly committed to the Department of Corrections Secure Psychiatric Unit. Mental illness is a medical condition, not a crime. The minority believes that, notwithstanding the current practice of the state comingling people civilly committed with those who have been convicted of crimes in the Secure Psychiatric Unit, the legislature should not require those who have never been accused of or committed a crime to submit to have a DNA sample be taken for DNA analysis to determine identification characteristics specific to that person. We should treat all patients the same when it comes to DNA testing for identification characteristics, and singling out those with mental illness for testing violates the concept of health care parity and equal treatment under the law.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Cushing spoke against.

Rep. Tholl moved Recommit and spoke in favor.

Motion adopted.

Recommitted to the Committee on Criminal Justice and Public Safety.

SB 389-FN, relative to the penalty for possession of multiple firearms. INEXPEDIENT TO LEGISLATE.

Rep. Dick Marston for Criminal Justice and Public Safety. This bill is a very narrow piece of legislation to amend the armed career criminals statute (RSA 159:3-a). If this change was to be enacted, it would negatively affect the prosecutor's discretion in prosecuting armed career criminals. There was no testimony other than a co-sponsor. The NH Supreme Court has recently upheld the constitutionality of this statute. The majority of the committee, after much deliberation, came to the conclusion that the prosecutor is the best person to decide how to proceed in the prosecution of individual cases of armed career criminals. This bill is looking to solve a problem which does not exist in current law. Vote 8-3.

Committee report adopted.

SB 320, relative to non-academic surveys administered by a public school to its students. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Ralph Boehm for the Majority of Education. This bill changes current law to require parents, or guardians to give permission (opt-in) on all non-academic surveys or questionnaires except for the Centers of Disease Control and Protection (CDC) risk survey which requires an opt-out by parents or guardians. The amendment fixes language and makes it clear that only the CDC survey is opt-out. The bill also makes it clear that students under 18 cannot give permission for taking the survey. Vote 11-9.

Rep. June Frazer for the Minority of Education. The minority on this bill feel strongly that this matter is an issue of local control and a policy would more appropriately be left to local school districts. The bill also creates confusion in making one exception to the rule opt-in and another opt-out. Finally, it is feared that such a law might interfere with important research.

Majority Amendment (1143h)

Amend RSA 186:11, IX-d as inserted by section 1 of the bill by replacing it with the following:

IX-d. Require school districts to adopt a policy governing the administration of non-academic surveys or questionnaires to students. The policy shall require school districts to notify a parent or legal guardian of a non-academic survey or questionnaire and its purpose. The policy shall provide that no student shall be required to volunteer for or submit to a non-academic survey or questionnaire, as defined in this paragraph, without written consent of a parent or legal guardian unless the student is an adult or an emancipated minor. The policy shall include an exception from the consent requirement for the youth risk behavior survey developed by the Centers for Disease Control and Prevention. The policy shall also allow a parent or legal guardian to opt-out of the youth risk behavior survey developed by the Centers for Disease Control and Prevention. The school district shall make such surveys or questionnaires available, at the school and on the school or school district's website, for review by a student's parent or legal guardian at least 10 days prior to distribution to students. [The policy shall also allow a parent or legal guardian to opt out of the non-academic survey or questionnaire either in writing or electronically.] In this paragraph, "nonacademic survey or questionnaire" means surveys, questionnaires, or other documents designed to elicit information about a student's social behavior, family life, religion, politics, sexual orientation, sexual activity, drug use, or any other information not related to a student's academics. Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Horrigan offered floor amendment (1240h).

Floor Amendment (1240h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the duties of the state board of education regarding health and sex education, exceptions to specific course material, and administration of non-academic surveys or questionnaires.

Amend the bill by replacing all after the enacting clause with the following:

- 1 State Board of Education; Duties. Amend RSA 186:11, IX-b, IX-c, and IX-d to read as follows: IX-b. Health and Sex Education. Require school districts and chartered public schools to adopt a policy allowing an exception to a particular unit of health or sex education instruction based on religious objections. Such policy shall include a provision for alternative learning sufficient to enable the child to meet state requirements for health education.
- IX-c. Require school districts and chartered public schools to adopt a policy allowing an exception to specific course material based on a parent's or legal guardian's determination that the material is objectionable. Such policy shall include a provision requiring the parent or legal guardian to notify the school principal or designee, or designated chartered public school official in writing of the specific material to which they object and a provision requiring an alternative agreed upon by the school district or the chartered public school and the parent, at the parent's expense, sufficient to enable the child to meet state requirements for education in the particular subject area. The name of the parent or legal guardian and any specific reasons disclosed to school officials for the objection to the material shall not be public information and shall be excluded from access under RSA 91-A.
- IX-d. Require school districts and chartered public schools to adopt a policy governing the administration of non-academic surveys or questionnaires to students. The policy shall require school districts and chartered public schools to notify a parent or legal guardian of a non-academic survey or questionnaire and its purpose. The school district or chartered public school shall make such surveys or questionnaires available, at the school and on the school or school district's website, for review by a student's parent or legal guardian at least 10 days prior to distribution to students. The policy shall also allow a parent or legal guardian to opt out of the non-academic survey or questionnaire either in writing or electronically. In this paragraph, "non-academic survey or questionnaire" means surveys, questionnaires, or other documents designed to elicit information about a student's social behavior, family life, religion, politics, sexual orientation, sexual activity, drug use, or any other information not related to a student's academics.
 - 2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill adds references to include chartered public schools in the duties of the state board of education regarding health and sex education, exceptions to specific course material, and administration of non-academic surveys or questionnaires.

Rep. Horrigan spoke in favor and yielded to questions.

Rep. Ladd spoke against.

Rep. Hoell requested a roll call; sufficiently seconded.

and floor amendment (1240h) failed.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Victoria Sullivan spoke in favor and yielded to questions. Majority committee report adopted and ordered to third reading.

SB 330-FN, relative to licensure of medical imaging professionals and radiation therapists. OUGHT TO PASS.

Rep. Peter Schmidt for Executive Departments and Administration. This bill establishes the Board of Medical Imaging and Radiation Therapy for the licensure and regulation of magnetic resonance technologists, nuclear medicine technologists, radiation therapists, radiographers, radiologist assistants, and sonographers. The committee heard testimony about the potential dangers and risks to patient health that could result from the practice of inadequately trained operators. This, coupled with a likely increase in the number of independent radiology clinics, led members to support this bill in order to ensure that appropriate training and continuing education are completed and that disciplinary action can be taken for unprofessional or unethical conduct. Vote 16-2.

Rep. Hannon spoke against.

Dumnia Duscell

Rep. Sherman spoke in favor and yielded to questions.

Rep. William O'Brien requested a roll call; sufficiently seconded.

Laware, Thomas

and the committee report was adopted and ordered to third reading.

Reps. McLean and Vose declared conflicts of interest and did not participate.

SB 392, relative to the special training licenses issued by the board of podiatry. OUGHT TO PASS. Rep. Jacalyn Cilley for Executive Departments and Administration. This bill allows the Board of Podiatry to issue special training licenses to persons enrolled in an accredited residency program in NH. The committee heard testimony that this bill is needed to address the growing shortage of podiatrists in NH. Our neighboring states currently offer residency for a podiatrist in training, giving them an edge in the recruitment of these medical professionals and greater certainty of these individuals remaining in state to practice following their residency. The license established by this bill provides NH with the same advantage. Vote 11-2.

Committee report adopted and ordered to third reading.

SB 446, relative to requirements of the state building code. OUGHT TO PASS.

Rep. J.R. Hoell for Executive Departments and Administration. The bill adds a small provision to the statutes so that when the Building Code Review Board adopts new rules about the permit application process, the new rules are "reasonable." The committee heard testimony that some building inspectors have asked for extensive information during the application process and this slows down and or delays the issuance of permits. The only process in place to appeal is through the local zoning board and this could take a month or more creating real issues for getting a project started before a deadline. For example, if a permit is issued late enough in the fall to delay construction, it may not be possible to construct a foundation before the frost sets in. The balance of the process remains the same and the renovation or construction still needs to meet all necessary codes and still goes through the same inspection process, this bill just affects the ability to get the permit issued in a timely manner so construction can begin. Vote 9-6. Committee report adopted and ordered to third reading.

SB 545, proclaiming August as Cure all Cancer month. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Raymond Gagnon for the Majority of Executive Departments and Administration. The goal of this bill is to reinforce that an ounce of prevention is worth a pound of cure. The legislation serves as a tool in raising the public's attention in combating cancer. Testimony in support of this bill stressed how increasing the public's knowledge and awareness about cancer can have an effective impact and that statistics indicate enhanced education and awareness could reduce cancer by 50%. Proclaiming February as Cancer Prevention Month and February 4 as Cancer Prevention Day will complement federal cancer prevention efforts thus providing coordinated national, state and local efforts. Cancer prevention/education events provide added opportunities for anti-cancer groups to reach out to the general public. Lastly, this bill also recognizes August as Cure all Cancer Month in honor of the many people who have lost their lives to cancer or who are battling this dreaded disease. The rising incidence of cancer needs to be met with increased efforts both to implement prevention practices now and to find a cure as soon as possible. New Hampshire has demonstrated that it can be a leader in promoting cancer prevention and should do so with the passage of this legislation. Vote 9-8.

Rep. J.R. Hoell for the Minority of Executive Departments and Administration. The bill as amended sets aside two different months and one particular day for cancer awareness. The minority applauds the purpose behind the bill and has no concerns regarding the desire to encourage people to live happier and healthier lives. The minority also has no concerns about promoting cancer awareness. However, we felt that this bill will not yield the intended results. The ED&A Committee sees a plethora of requests for special days and events and we felt that designating two months for this purpose would water down the message and in the end hurt the cause more than help it. The result of all of these requests is that every day will be a "special" day for some cause and then none of those days will be considered special as every day or month will be devoted to some cause and the importance of the individual issues will be lost in the noise.

Majority Amendment (1107h)

Amend the title of the bill by replacing it with the following:

AN ACT proclaiming February as Cancer Prevention month, February 4th as Cancer Prevention day, and August as Cure all Cancer month.

Amend the bill by replacing sections 1 and 2 with the following:

1 Statement of Intent. The general court recognizes that October is Breast Cancer awareness month which is laudable. The general court further recognizes that there should be a focus on cancer prevention and finding a cure for all cancers and that having only one month for a specific

cancer may detract from many other deadly cancers. Therefore, the general court hereby proclaims February as cancer prevention month, February 4th as cancer prevention day, and August as Cure all Cancer month in honor of the many people who have lost their lives to cancer or who are battling cancer. The general court specifically dedicates this act to Tierra Brewster VanCise who lost her battle with lung cancer in October of 2010.

2 New Section; Cancer Prevention Month, Cancer Prevention Day, and Cure all Cancer Month. Amend RSA 4 by inserting after section 13-u the following new section:

4:13-v Cancer Prevention Month, Cancer Prevention Day, and Cure all Cancer Month. The governor shall annually proclaim February as Cancer Prevention month, February 4th as Cancer Prevention day, and August as Cure all Cancer month and shall urge cities and towns throughout the state to observe these dates in an appropriate manner in recognition of the thousands of citizens of this state affected by all types of cancer and the need for public awareness, research, and support for victims and their families.

AMENDED ANALYSIS

This bill proclaims February as Cancer Prevention month, February 4th as Cancer Prevention day, and August as Cure all Cancer month.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. On a division vote, with 174 members having voted in the affirmative, and 156 in the negative, the majority committee report was adopted and ordered to third reading.

BILLS REMOVED FROM THE CONSENT CALENDAR

SB 498-FN, relative to penalties for possession of certain controlled drugs. OUGHT TO PASS. Rep. David Welch for Criminal Justice and Public Safety. This bill is a result of a study of stakeholders such as law enforcement, public defenders, the courts and substance abuse organizations. They determined that reducing the penalty for possession of small amounts of marijuana and hashish to an unclassified misdemeanor with a minimum fine of \$500 would enable the court to treat first time offenders as a violation, enable substance abuse counseling or establish a criminal record based on the individual's conduct or record. Vote 13-0.

Rep. Tholl moved Recommit and spoke in favor.

Motion adopted.

Recommitted to the Committee on Criminal Justice and Public Safety.

SB 460, authorizing the state board of education to adopt rules relative to child sexual abuse and healthy relationships. OUGHT TO PASS WITH AMENDMENT.

Rep. Ralph Boehm for Education. This bill authorizes the state board of education to adopt rules relating to preventing child sexual abuse and promoting healthy relationships. The amendment removes the terms child sexual abuse and healthy relationships and replaces it with the reference to existing law, RSA 169-C, which covers and defines sexual, psychological and physical child abuse. Vote 20-0.

Amendment (1196h)

Amend the title of the bill by replacing it with the following:

AN ACT authorizing the state board of education to adopt rules relative to abused children.

Amend RSA 189:10 as inserted by section 1 of the bill by replacing it with the following:

189:10 Studies. The school board shall ensure that health education and physical education are taught to pupils as part of the basic curriculum. The school board shall ensure that all studies prescribed by the state board of education are thoroughly taught, especially physiology, hygiene, and health and physical education as they relate to the effects of alcohol and other drugs, child abuse under RSA 169-C, human immunodeficiency virus (HIV)/acquired immunodeficiency syndrome (AIDS), and sexually transmitted diseases on the human system.

AMENDED ANALYSIS

This bill authorizes the state board of education to adopt rules relative to child abuse pursuant to the child protection act.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Ladd offered floor amendment (1241h).

Floor Amendment (1241h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to a school board's duty to ensure the teaching of health and physical education as it relates to abused children.

Amend RSA 189:10 as inserted by section 1 of the bill by replacing it with the following:

189:10 Studies. The school board shall ensure that health education and physical education are taught to pupils as part of the basic curriculum. The school board shall ensure that all studies prescribed by the state board of education are thoroughly taught, especially physiology, hygiene, and health and physical education as they relate to the effects of alcohol and other drugs, child abuse as established in the definition of "abused child" under RSA 169-C:3, II, human immunodeficiency virus (HIV)/acquired immunodeficiency syndrome (AIDS), and sexually transmitted diseases on the human system.

AMENDED ANALYSIS

This bill requires a school board to ensure that health and physical education as it relates to abused children is taught in schools.

Rep. Ladd spoke in favor.

Floor amendment (1241h) adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Hoell offered floor amendment (1270h).

Floor Amendment (1270h)

Amend RSA 189:10 as inserted by section 1 of the bill by replacing it with the following:

189:10 Studies. The school board shall ensure that health education and physical education are taught to pupils as part of the basic curriculum. The school board shall ensure that all studies prescribed by the state board of education are thoroughly taught, [especially] including physiology, hygiene, and health and physical education as they relate to the effects of alcohol and other drugs, child abuse under RSA 169-C, human immunodeficiency virus (HIV)/acquired immunodeficiency syndrome (AIDS), and sexually transmitted diseases on the human system.

Rep. Hoell withdrew floor amendment (1270h).

Majority committee report adopted and ordered to third reading.

SB 441-FN, relative to discounts and admission without charge at state parks. OUGHT TO PASS. Rep. John Mullen for Resources, Recreation and Development. The bill was brought forth to modify the Division of Parks and Recreation's ability to offer admission without charge to persons 65 years of age and older to state parks and other areas, and repeals a requirement for the division to issue discount coupon books for state parks in the summer months. The premise behind this bill is to resolve a conflict between two statutes. RSA 218:5-c describes who and what park activities shall provide those 65 years and older free admission to state parks, historical sites, beaches and state operated ski areas. RSA 216-A:3-g instructs the division to charge fees that are comparable with fees for use of similar privately owned ski and campground facilities and should be according to market conditions. In addition, the fees are to be used to offset expenses to maintain these state facilities and be able to adjust to market conditions. This bill gives the division the ability to set limited fees for those over 65 subject to approval of the Fiscal Committee. These fees would allow the division to ensure the continued operation and improvement of state parks, historical sites, beach and ski areas while not violating the intent of current legislation to not unfairly compete with private facilities. Vote 17-0.

Rep. Bailey spoke against.

Rep. Mullen spoke in favor and yielded to questions.

Rep. Horrigan spoke against, yielded to questions and requested a roll call; sufficiently seconded.

RESOLUTION

Rep. Hinch offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet, Wednesday, April 20, 2016 at 10:00 a.m.

LATE SESSION

Third Reading and Final Passage

SB 25-FN, relative to the administration of epinephrine.

SB 312, relative to epinephrine administration in independent schools.

SB 314, relative to the membership of the higher education commission.

SB 316, relative to placement decisions by a child's individualized education program team.

SB 322, relative to the provision and administration of bronchodilators, spacers, and nebulizers in schools.

SB 328-L, relative to school districts and school administrative units exercising joint powers with other public agencies.

SB 370, establishing a committee to study real time threat notification systems to link schools with law enforcement when schools are under direct threat.

SB 371, relative to school lunch meal payment policies.

SB 129-FN, allowing retired members of the retirement system to change an optional allowance election in certain circumstances.

SB 237-FN, establishing a reporting requirement for gubernatorial inauguration contributions.

SB 313, relative to requirements for licensed estheticians.

SB 332, relative to state procurement of goods and services.

SB 390-FN, relative to the procedure in retirement system hearings concerning qualification for disability retirement benefits.

SB 397, relative to the membership of the post-traumatic stress disorder and traumatic brain injury commission.

SB 398, relative to renewal of licenses issued by the board of funeral directors and embalmers.

SB 400, relative to executive branch ethics.

SB 467-FN, relative to private investigators, security guards, and bail enforcement agents, and relative to unsworn falsification on agency forms.

SB 257-FN, relative to membership in the judicial retirement plan of judges appointed at age 63 or older.

SB 318, permitting the state to enter into a lot line agreement with a private abutter to the Bradford Pines Natural Area.

SB 378, relative to the availability of net metering tariffs.

SB 320, relative to non-academic surveys administered by a public school to its students.

SB 330-FN, relative to licensure of medical imaging professionals and radiation therapists.

SB 392, relative to the special training licenses issued by the board of podiatry.

SB 446, relative to requirements of the state building code.

SB 545, proclaiming February as Cancer Prevention month, February 4th as Cancer Prevention day, and August as Cure all Cancer month.

SB 460, relative to a school board's duty to ensure the teaching of health and physical education as it relates to abused children.

UNANIMOUS CONSENT

Rep. Notter requested Unanimous Consent of the House regarding memorial remarks for the former member from Amherst, the Honorable Carol Holden.

Rep. Notter addressed the House.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the former member from Amherst, the Honorable Carol Holden.

MOTION TO PRINT REMARKS

Rep. Shurtleff moved that the remarks made by Rep. Notter during Unanimous Consent be printed in the Permanent Journal.

Motion adopted unanimously.

REMARKS

Rep. Notter: Thank you, Mr. Speaker. I would like to invite the Representatives who were involved with the Vesta Roy Series, or the Federation of Republican Women, to stand with me at the podium to remember and honor our friend, Commissioner Carol Holden. Mr. Speaker, when I first got involved with New Hampshire politics I felt a bit "star struck," I guess is the term, when I met elected officials. I was nervous the first time I met with Commissioner Holden. A television show called, "The Commish," came to mind while I was having coffee at a Dunkin Donuts, in Merrimack, with an actual commissioner. Somehow our conversation led to a discussion of passing the time while waiting in line at the grocery store. When Commissioner Holden told me that she also enjoys reading the tabloid headlines, I felt more at ease and began to realize that perhaps, just maybe, elected officials are also just regular people. This past Friday, April 1, 2016, Commissioner Carol Holden died peacefully at her home after a brief illness. The news left many of us shocked and saddened, especially for her husband, Don. I just saw Carol, what seems like, days ago. She was wearing one of her signature hats and looked just fine. Yesterday, at the viewing, I saw the hat before I noticed her family in the receiving line. I'm happy to report that Carol Holden went to her eternal rest sporting a pink straw hat with a good Republican elephant pin at the top. She looked like she was sleeping. Several of us knew Carol through Vesta Roy. Vesta Roy was the NH State Senate President when Governor Hugh Gallen died in office in 1982. Vesta succeeded him, making her the first female governor of NH. Her portrait is at the base of the stairs that leads to the Senate Gallery. The first female Speaker of the NH House of Representatives was Donna Sytek. Speaker Sytek was one of the founders of a political educational program called, "Vesta Roy Excellence in Public Service." Carol Holden was on the Vesta Roy Board of Directors and a mentor to several of us serving in the House today. We call ourselves, "Vesties." Sometimes we wear a specific gold star to identify ourselves. It was Carol who taught me to how to politic a room. She taught me the proper wording when asking for an endorsement. She stressed what is essential when running for office. And when things were not to her liking, she let me know. In addition to the Vesta Roy Series, Carol had a long history with the Federation of Republican Women. The National Federation is based in Washington, D.C. Each state has its own chapter. Carol is a past President. We have five federated groups in our state. I think she supported them all. When I was a club president, Carol was my parliamentarian. It was her job to make sure that I ran the meetings the way that Donna Sytek taught me to in Vesta Roy. Carol gave me booklet of notes on Robert's Rules for Parliamentary Procedure, to refer to as needed. Honestly though, if Carol was at one of our meetings, it was a lot easier to just look her way for a nod of approval than it was to look at my notes. A few weeks ago I was informed that as the current state president of the NH Federation of Republican Women, I had to fill the positions required by Nationals. Wasn't it just days ago that I received an email from Carol accepting the position of, you guessed it, Parliamentarian? Carol's obituary had a long list of Republican boards and activities that she ran or served. She was one of three commissioners for Hillsborough County. Merrimack was one of the towns in her district. She always marched in our 4th of July parade. She worked the Republican booth at county fairs and was always seen at various Republican events, the like the Federation's annual Lilac Luncheon. Did you know that she was related to President George

Bush? Yeah, both of them, #41 and #43. Carol is from the Walker branch of the family. We had coffee with Doro Bush this past December. For those who don't know, Jeb is not George W's only sibling. There is also Neil, Marvin, and Doro. When I introduced Carol to Doro, Doro called her "Cousin" for the rest of the visit. Carol held many offices. She was a NH State Rep from 1984-1997. She chaired and co-chaired committees and served as Assistant Majority Leader in her last two years, Female legislators are automatically members of the Order of the Women Legislators. I believe you know them by the term, "The OWLS." Sometime last fall I was browsing in the Capitol Visitor's Center. Debbie Rivers pointed to a stack of books on the floor, in the corner, that were being given away. She handed me one. I took it home and added it to a stack of books sitting on the floor, in the corner, of my room. It was a book about the OWLS. I didn't know what to do with it. At Christmas time, the Merrimack Town Republican committee had a fundraiser. Carol was there, because Carol went to most Republican meetings. When she saw the book on the table with giveaways and political literature, she asked me about it. When I told her that she could have it, I saw her face light up like I've never seen before. The book covered the years that she served in this House, and her name was in it. I will always remember how happy and pleased she looked that evening. I can't believe she is gone. Her friend, local photographer Glynis Citarelli, posted the following on Facebook: "Madam Commissioner, you truly wore many hats. A tireless public servant. Godspeed my dear friend." To that I'd like to add, "May her memory be eternal." Thank you, Mr. Speaker.

RECESS MOTION

Rep. Hinch moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports.

Motion adopted.

The House recessed at 12:20 p.m.

RECESS

(Rep. Barbara French in the Chair) ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 527, 1145, 1438 and Senate Bills numbered 110 and 238.

Rep. Hinch, Sen. Prescott for the Committee

(d) If no state qualifies under subparagraph I(a), (b), or (c), the state designated as Motion adopted.

SB 330-FN, relative to licensure of medical imaging professionals and radiation therapists. (Amendment printed SJ 4/14/16)
Motion adopted.

RECESS

(Speaker Jasper in the Chair)

Rep. Hinch moved that the House adjourn. Motion adopted.

HOUSE JOURNAL NO. 12

Wednesday, April 20, 2016

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by Guest Chaplain, Father Thom Duston, Pastor of St. Theresa's Parish in Henniker and Wing Chaplain of Pease Air National Guard Base.

Would you pray with me? Good and gracious God, You are the source of all life, and of our natural rights. Our ancestors recognized this in our state's constitution. They also acknowledged that when we come together in society, we must be willing to surrender up our rights to it for the protection of others. Lord God help us. Help us to appreciate the lives You have given us. Help us to acknowledge our natural rights and protect them for all. Help us to willingly sacrifice of ourselves for the good of others and of all. Lord bless each of us with the wisdom and courage we need to sacrifice for and serve well all citizens of our beloved state. Amen

Representative Sad, member from Walpole and Representative Haefner, member from Hudson, led the Pledge of Allegiance.

The National Anthem was sung by the member from Manchester, Representative Larry Gagne.

LEAVES OF ABSENCE

Reps. Ronald Belanger, Bridge, Chris Brown, Pamela Brown, Bush, Comtois, Kellogg, Moody, Pantelakos, Parison, Phillips, Priestley, Rappaport, Ratzki, Russell, Sanders, Stevens, Tatro, Verschueren and Wright, the day, illness.

Reps. Andrew Christie, Cook, Deloge, DiSesa, Edwards, Fisher, Pamela Gordon, Ingbretson, Introne, Ley, McNamara, O'Neil, Oligny, Carol Roberts, Schleien, Timothy Smith, Tamburello, Varney and Thomas Walsh, the day, important business.

Rep. DeSimone, the day, illness in the family.

INTRODUCTION OF GUESTS

Brendan Sica, student at Bishop Brady High School, Page for the day.

Allison O'Neil and students, guests of Representative Cordelli. The Honorable Sylvia Gale, former member from Nashua, and Catherine Sofikitis, guests of Representative Rosenwald. George and Phyllis Weimann, Uncle and Aunt of Representative Ticehurst. David Woolpert, guest of Representatives Hirsch and Barbara French. Roger Dontonville, guest of Representative Piper. Susan McKevitt, guest of Representative Irwin. Chris Heath, Master of the state Grange, and members of the state Grange; Bob and Jane Trombi, Josie Best, Esther Herrick and Andrew Savage, guests of Representative Haefner. The Honorable Carolyn Brown, former member from Conway, Jim Umberger, husband of Representative Karen Umberger, and John Edgerton, guests of the Mount Washington Valley Representatives.

SENATE MESSAGES

REQUESTS CONCURRENCE WITH AMENDMENTS

HB 231, relative to the criteria for evaluating school building aid applications. (Amendment printed SJ 3/31/16)

Reps. Ladd and Kurk moved that the House concur and spoke in favor.

Rep. Ladd spoke in favor.

Motion adopted.

HB 1121, relative to the academic areas that comprise the statewide assessment. (Amendment printed SJ 4/7/16)

Rep. Ladd moved that the House concur and spoke in favor.

Motion adopted.

HB 1164, relative to contributions by a city or town to the county or state. (Amendment printed SJ 4/14/16) Rep. James Belanger moved that the House concur and spoke in favor. Motion adopted.

HB 560-FN, including a viable fetus in the definition of "another" for the purposes of certain criminal offenses. (Amendment printed SJ 1/14/16)

Rep. Tholl moved that the House nonconcur and spoke in favor. Motion adopted.

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 242, 1388, 1397 and 1419 and Senate Bill numbered 318.

Rep. Hinch, Sen. Prescott for the Committee

CONSENT CALENDAR

Rep. Hinch moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

SB 466-FN, relative to the detention of a minor while waiting for the disposition of his or her case, removed by Rep. Lynne Ober.

SB 465-FN, relative to the nonconsensual dissemination of private sexual images, removed by Rep. Lynne Ober.

SB 418, relative to obtaining a ballot to vote and adding National Guard members to the absentee voting laws, removed by Rep. Hoelzel.

SB 481-FN, relative to a special health care service license and establishing a fund, removed by Rep. Dan McGuire.

SB 491-FN, relative to Medicaid home health care services and relative to the scope of practice of licensed nursing assistants, removed by Rep. Hinch.

SB 496-FN, relative to personal care attendant services, removed by Rep. Hinch.

SB 535-FN-A, establishing a grant program for high schools for heroin and opiate prevention education, removed by Rep. Duane Brown.

Consent Calendar adopted.

SB 543-FN, relative to private transferring of adopted children. OUGHT TO PASS.

Rep. Carolyn Gargasz for Children and Family Law. This bill prohibits unauthorized advertising for adoption purposes. This especially is of concern for ads through the Internet. It also prohibits transfer of a child through a power of attorney document without going through the state adoption process. Vote 13-0. Referred to the Committee on Judiciary.

SB 450, relative to investments by insurance companies. OUGHT TO PASS.

Rep. Donald Flanders for Commerce and Consumer Affairs. This bill replaces some of the existing life insurance and property and casualty insurance investment statutes with the latest National Association of Insurance Commissioners' (NAIC) model language. It applies general principles and sets specific investment standards appropriate to those insurers. Investments made by insurers are critical to their solvency and are highly regulated. The New Hampshire Insurance Department is required to "require a diversified investment portfolio for all domestic insurers both as to type and issues and include a requirement for liquidity" as part of the NAIC's accreditation process. Vote 18-2.

SB 488-FN-L, relative to breastfeeding. OUGHT TO PASS WITH AMENDMENT.

Rep. John Hunt for Commerce and Consumer Affairs. As introduced in the Senate, this bill required employers to provide reasonable accommodations to women who are breastfeeding and included a provision exempting nursing mothers from jury duty. Prior to passage, the Senate amended this bill by adopting a House Commerce Committee amendment to a similar bill, that was retained in the committee last year. This similar bill, SB 219, was tabled in the House in January. After a long subcommittee work session, the House Commerce Committee, with a strong bipartisan majority (18-2), amended this bill to establish an Advisory Council on Lactation. The council's duties are to consider the goals of the Office of the Surgeon General and the US Breastfeeding Committee and to examine best practices in New Hampshire for, not only breastfeeding, but also expressing breast milk at work. The advisory council is required to file an interim report by November 1, 2016 and a final report by December 1, 2017. Vote 19-1.

Amendment (1372h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing an advisory council on lactation.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; Advisory Council on Lactation. Amend RSA 275 by inserting after section 75 the following new subdivision:

Advisory Council on Lactation

275:76 Advisory Council on Lactation.

- I. There is hereby established an advisory council on lactation. The advisory council shall consider the goals of the United States Surgeon General and the United States Breastfeeding Committee. The advisory council shall be comprised of, but not limited to:
- (a) One member of the house of representatives, appointed by the speaker of the house of representatives.
 - (b) One member of the senate, appointed by the senate president.
 - (c) The commissioner of the department of labor, or designee.
- (d) A representative from the women, infants, and children program (WIC), appointed by the commissioner of the department of health and human services.
 - (e) A certified midwife, appointed by the midwifery council established in RSA 326-D:3.
- (f) A member of the New Hampshire Business and Industry Association, appointed by the association.
 - (g) The president of the New Hampshire Breastfeeding Rights Coalition, or designee.
 - (h) The chairperson of the New Hampshire Breastfeeding Task Force, or designee.
 - (i) A hospital administrator from a certified baby-friendly hospital, appointed by the governor.
 - (j) A transportation representative, appointed by the governor.
 - (k) A currently breastfeeding mother, appointed by the governor.
- (1) An attorney with experience in human rights issues, appointed by the New Hampshire commission on human rights.
- II. The advisory council may examine best practices in New Hampshire, including but not limited to the Baby Friendly Hospital Initiative, Family and Sick Leave, Childcare Trainings on Breastfeeding, Milk Banks, Lactation Spaces in Public Accommodations, and the World Health Organization's International Code of Marketing of Breastmilk Substitutes.
- III. Legislative members shall receive mileage at the legislative rate while attending to the duties of the commission.
- IV. The advisory council may meet as often as necessary to effectuate its goals and meetings may be held by conference call. A minimum of 3 meetings per year shall be open to the public.
- V. The advisory council shall make an interim report commencing on November 1, 2016 and a final report on December 1, 2017 on its activities and findings, together with any recommendations for proposed legislation, to the president of the senate, the speaker of the house of representatives, and the governor.
 - 2 Repeal. RSA 275:76, relative to an advisory council on lactation, is repealed.
 - 3 Effective Date.
 - I. Section 2 of this act shall take effect December 1, 2017.
 - II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes an advisory council on lactation.

Referred to the Committee on Judiciary.

SB 468-FN, relative to changes to the sex offender registry. OUGHT TO PASS WITH AMENDMENT. Rep. Robert Cushing for Criminal Justice and Public Safety. In March of 2015 the New Hampshire Supreme Court ruled in the case of John Doe v. State of New Hampshire that a group of sex offenders convicted of crimes before the sex offender registry was created in 1992 and placed on the registry as a Tier III offender had been denied their right to due process to have their names removed from the registry. The court ruled that a group of convicted sex offenders who were not aware at the time of their conviction that they would be placed on the sex offender registry were entitled to petition to have their names removed from the registry altogether if they could prove that they were no longer a risk to the public. The court left it

to the legislature to determine how to assess the dangerousness of this group before allowing them to be removed from the registry. This bill establishes a procedure that will improve public safety for all New Hampshire residents by utilizing an effective risk assessment to ensure that the current danger of an offender is assessed. It also ensures that the victims of these serious offenders have notice that their victimizer is attempting to come off the sex offender registry and provides the opportunity for the victim to have input into this decision. This amended bill was supported by the Coalition Against Domestic and Sexual Violence, the New Hampshire Civil Liberties Union, and the Attorney General. Vote 19-0.

Amendment (1232h)

Amend the bill by replacing all after the enacting clause with the following:

- 1 Registration of Criminal Offenders; Duration of Registration. Amend RSA 651-B:6, III(a)(1) to read as follows:
- (1) Except as provided in paragraph V, all tier III offenders shall remain on the public list contained in RSA 651-B:7 for life.
- 2 New Paragraph; Registration of Criminal Offenders; Duration of Registration. Amend RSA 651-B:6 by inserting after paragraph IV the following new paragraph:
- V.(a) Any tier II of tier III offender who was convicted prior to the establishment of the sex offender registry may petition the court to be relieved from the registration requirements under this chapter. The petition shall include the petitioner's current address and information about each conviction for which he or she is required to register, including the nature of the offense, the sentence imposed, and the court and the jurisdiction in which the petitioner was convicted. The petition shall be accompanied by a certified copy of the petitioner's criminal history record from each jurisdiction in which he or she is required to register. The petition shall not be filed prior to the completion of all the terms and conditions of the sentence, including any period of supervised release. The petition shall also be accompanied by a risk assessment prepared by a qualified psychiatrist or psychologist at the offender's expense, which indicates that the petitioner is not a danger to the public and no longer poses a risk sufficient to justify continued registration. The petition shall be filed in the county where the most recent predicate conviction occurred, except if the most recent predicate conviction occurred in another state or jurisdiction, the petition shall be filed in the county where the petitioner resides. Such petition shall not be filed as or addressed as part of a criminal case.
- (b) Prior to granting any petition to relieve an offender from the registration requirements under this chapter, the court shall hold a hearing on the petition. The court shall provide notice of the hearing at least 60 days prior to the hearing to the county attorney, the department of safety sex offender unit, and the department of corrections. The county attorney shall use reasonable efforts to notify the victim or victim's family. The court shall permit those parties to be heard on the petition. The victim may appear personally, or through a representative, or may provide a written statement expressing his or her views concerning the offense, the person responsible, and the need for maintaining the registration requirement. The judge shall consider the statements of the victim when making a decision regarding the petition.
- (c) The court may grant the petition if the offender has not been convicted of any subsequent offense requiring registration, has successfully completed any period of supervised release, probation, or parole, has successfully completed an appropriate sex offender treatment program as determined by the court, and has demonstrated that he or she is no longer a danger to the public and no longer poses a risk sufficient to justify continued registration. If the court denies the petition, the offender shall not file another petition for 5 years from the date of denial.
 - 3 Registration of Criminal Offenders; Hearing. Amend RSA 651-B:10, I to read as follows:
- I. Any offender required to register for an offense committed in another state, country, territory, or tribal territory, or under federal law that is determined to be a reasonably equivalent offense to an offense listed *in* RSA 651-B:1, V(a) or RSA 651-B:1, VII(a) or (b) may appeal that determination to the commissioner. The offender shall, within 10 days of notification, request a hearing on the matter before the commissioner. If such a request is made, the commissioner shall promptly schedule and conduct a hearing pursuant to rules adopted under RSA 541-A. [The offender] Either party shall have the right to appeal the commissioner's decision in superior court.
 - 4 Effective Date. This act shall take effect upon its passage.

SB 475-FN, requiring law enforcement agencies to file crime reports with the department of safety. OUGHT TO PASS.

Rep. John Martin for Criminal Justice and Public Safety. This bill would require all law enforcement agencies in the state to file reports in accordance with the FBI's Uniform Crime Reporting Program. Currently, there are 53 localities that do not report this information. Only nine of those localities do not have the records management system to comply with this requirement. The bill states that those agencies will have the means to report provided to them by the Department of Safety, eliminating any prohibitions under Part I, Article 28-a of the NH Constitution. Currently, the state is spending millions of dollars in the face of the opioid crisis and these 53 agencies are not reporting data which could be used in assessing the effectiveness of these new expenditures. This bill closes a hole in the reporting system and adds to the database reporting the effectiveness of state spending. Vote 16-3.

SB 517-FN, increasing the amount deducted from a fine for each day of a person's incarceration. OUGHT TO PASS.

Rep. David Welch for Criminal Justice and Public Safety. This bill increases the amount credited to a fine when the defendant is incarcerated for non-payment of a fine. The amount of jail time is reduced and therefore the county and county taxpayers are well served. Currently the amount to be deducted is \$50 per day, and this bill increases the amount to \$150 per day. Vote 13-0.

SB 326, relative to the membership of the community college system of New Hampshire board of trustees. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Robert Elliott for Education. This bill adds an employee to the Community College System of New Hampshire Board of Trustees. The bill further establishes a process by which 3 employees, other than personnel on the system leadership team (SLT), are elected to a slate of three potential candidates from which the Governor selects on for consent of the council. Community College leadership and employees support this bill as it strengthens system participation, communication and transparency. Lastly, the bill contains a "conflict of interest" clause. Vote 19-0.

Amendment (1353h)

Amend RSA 188-F:4, II(1) as inserted by section 1 of the bill by replacing it with the following:

(l)(1) One member shall be an employee of the community college system of New Hampshire. Such trustee position shall rotate among the institutions within the community college system of New Hampshire, proceeding in alphabetical order beginning with the college that is first alphabetically. The institutions within the community college system of New Hampshire, through an election at all-college/institutional forum, shall nominate a slate of 3 employees, that shall not include members of the community college system leadership team (SLT), whose names shall be forwarded to the governor who shall choose one for the nomination. The employee-trustee shall serve a 2-year term. In the event the employee-trustee is unable for any reason to serve the entire term, the chairman of the board of trustees shall declare a vacancy in that employee-trustee position. Upon expiration or vacancy of such term, the next institution in order shall nominate a slate of 3 employees, not to include a member of the SLT, whose names shall be forwarded to the governor for consideration.

(2) For purposes of this paragraph, "community college system leadership team (SLT)" means and is comprised of the chancellor, vice chancellor, president of each community college, and the chancellor's senior staff associated with statewide policy and operational coordination as identified in the handbook for administrative, managerial, professional and operating support staff exempt from the collective bargaining process, as approved by the community college system of New Hampshire board of trustees.

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4: 3 New Paragraph; Conflict of Interest. Amend RSA 188-F:4 by inserting after paragraph VII the

following new paragraph:

VIII. Board members shall not be eligible to participate in a vote when the board member has recused himself or herself from participation because he or she has a pecuniary or personal interest or other conflict of interest.

AMENDED ANALYSIS

This bill adds a member to the community college system of New Hampshire board of trustees who is also an employee of the community college system of New Hampshire.

This bill also requires members of the community college system of New Hampshire board of trustees to recuse themselves from voting when there is a conflict of interest.

SB 353, relative to names on ballots. OUGHT TO PASS.

Rep. William Gannon for Election Law. This bill seeks to level the playing field so that all names on the ballot receive no undue preference due to one candidate using a change in font, capitalization, or other means to make his name stand out, making its' appearance inconsistent with that of the names around him. Vote 17-0.

SB 456-FN, relative to reporting of receipts and expenditures by candidates and candidate committees. OUGHT TO PASS.

Rep. William Gannon for Election Law. This bill amends the process for reporting of receipt and expenditures by candidates and candidate committees by authorizing an electronic system for uploading reports to the Secretary of State's website. This will simplify and expedite this administrative process. Vote 17-0.

SB 121-FN-L, relative to exceptions from the land use change tax for removal of certain materials. INEXPEDIENT TO LEGISLATE.

Rep. Christy Bartlett for Environment and Agriculture. The committee heard compelling and extensive testimony on this bill. It appears to have been introduced to address a specific situation, but could have unintended consequences. This bill was written to address an individual's request who wanted to sell material from his land now in current use, but did not want to incur a land use change tax event. It was agreed by the committee that the current use law is quite specific and that the landowner gets a large tax credit in exchange for agreeing to the current use restrictions. Both the NH Municipal Association and the NH Farm Bureau are opposed to this bill. Vote 14-0.

SB 345, relative to the definition of agritourism. OUGHT TO PASS WITH AMENDMENT.

Rep. John O'Connor for Environment and Agriculture. This bill, as amended, corrects an ambiguity in the statutory definition of agriculture that currently does not include agritourism. The term "agritourism," to be defined by the bill within the definition of agriculture in RSA 21:34-a, II(b) (5), means to attract visitors to a farm for the purpose of eating a meal, making overnight stays, enjoyment of the farm environment, education about farm operations, or active involvement in the activity of the farm, all of which are considered accessory uses to the primary farm operation. As the result of the recent Supreme Court ruling which pointed out the ambiguity within the law, a roundtable of stakeholders, including NH Municipal Association, legislators, the Department of Agriculture, Markets and Food, and the NH Farm Bureau, among others, spent months developing this legislation which is a reasonable balance between competing interests and will preserve local control. The bill will allow our farmers to contribute to both the economic viability and long-term sustainability of our New Hampshire farms. Vote 13-0.

Amendment (1286h)

Amend RSA 21:34-a, II(b)(5) as inserted by section 1 of the bill by replacing it with the following:

(5) The marketing or selling at wholesale or retail, [on-site and off-site, where permitted by local regulations,] of any products from the farm, on-site and off-site, where not prohibited by local regulations. Marketing includes agritourism, which means attracting visitors to a farm to attend events and activities that are accessory uses to the primary farm operation, including, but not limited to, eating a meal, making overnight stays, enjoyment of the farm environment, education about farm operations, or active involvement in the activity of the farm.

SB 415, requiring appropriate hydration be made available to certain animals and establishing a committee to study harmful weather conditions for dogs. INEXPEDIENT TO LEGISLATE. Rep. Peter Bixby for Environment and Agriculture. This bill would have added a requirement for hydration for domestic animals to statute, and would have created a committee to study harmful weather conditions for dogs. Current law requires that sustenance be provided, which includes hydration, making this change in law redundant. The Governor's Commission on the Humane Treatment of Animals has studied and continues to study all aspects of animal welfare and provides a manual of standards and training for local police. A study committee is unnecessary. We also heard testimony that the variability in dog breeds and acclimatization makes it impossible to develop a blanket statement concerning weather that is harmful to dogs. Vote 14-0.

SB 524, relative to state procurement card rebates. OUGHT TO PASS.

Rep. Jean Jeudy for Executive Departments and Administration. This bill removes a reference from RSA 9-D:2 that permitted a portion of state procurement card rebates be used to reduce the unfunded liability of the NH Retirement System. It also corrects a problem created by an amendment added to SB 191 last year that provided for the deposit of such rebates in the general fund. Vote 16-0.

SB 323, relative to the use of force by employees of hospitals or other health care facilities. OUGHT TO PASS.

Rep. Lucy Weber for Health, Human Services and Elderly Affairs. This bill adds hospitals and health care facilities to an existing statute which authorizes the use of force by persons with special responsibilities. It allows an authorized hospital employee to use non-deadly force when it is reasonably believed to be necessary to maintain decorum or safety, and allows deadly force only when reasonably believed to be necessary to prevent death or serious bodily injury. The bill is critically necessary because of the number of violent situations which occur in health care settings. The committee heard testimony that hospital security personnel employees must undergo rigorous hospital specific training programs. Vote 16-0. Referred to the Committee on Criminal Justice and Public Safety.

SB 417, relative to employment contract restrictions upon physicians. OUGHT TO PASS.

Rep. Joanne Ward for Health, Human Services and Elderly Affairs. This bill eliminates non-compete clauses in physician contracts to the hospital. Non-compete clauses limit competition and when a physician leaves a hospital, or practice they have to leave their patients without their doctors. With the MD shortage in the state, more physicians may be enticed to move to New Hampshire if they do not have to commit to a non-compete. Doctors can be an important person to their patients once relationships are formed and this can be devastating to a patient when the doctor is forced to move out of town. Vote 19-0. Referred to the Committee on Commerce and Consumer Affairs.

SB 420-FN, relative to aid to the permanently and totally disabled. OUGHT TO PASS.

Rep. Mary Freitas for Health, Human Services and Elderly Affairs. This bill ensures that applicants who have been denied eligibility for cash assistance as part of aid to the permanently and totally disabled be treated in the same manner as persons who were terminated. The bill also authorizes the Department of Health and Human Services to adopt rules relative to the continuation of cash assistance pending appeal of a termination or denial decision. Vote 12-0.

Referred to the Committee on Finance.

SB 427, establishing a committee to study the use of restraints when transporting a person subject to involuntary admission proceedings. **OUGHT TO PASS**.

Rep. John Fothergill for Health, Human Services and Elderly Affairs. This bill establishes a committee to study the use of restraints when transporting a person subject to involuntary admission proceedings. The committee heard considerable testimony regarding this matter and all agreed a study to determine best practice was warranted. Vote 15-0.

SB 193-FN-L, establishing a committee to study the duties of the attorney general and the county attorneys. **INEXPEDIENT TO LEGISLATE.**

Rep. Frank Heffron for Judiciary. The committee heard testimony that the office of the attorney general meets regularly with all county attorneys in a collegial manner to discuss their respective responsibilities in criminal cases. Accordingly, the committee concluded that it is not necessary to establish a study committee. Vote 17-0.

SB 341, establishing a committee to study guardianship in New Hampshire. OUGHT TO PASS WITH AMENDMENT.

Rep. Linda Kenison for Judiciary. Regulations differ for court appointed public versus private guardians, raising questions regarding caseloads, compensation, jurisdiction, and requirements for becoming a guardian. These and other related issues are in need of review and will be studied under this bill. Vote 16-1.

Amendment (1281h)

Amend subparagraph I(b) as inserted by section 2 of the bill by replacing it with the following:

(b) Four members of the house of representatives, one of whom shall be a member of the children and family law committee, 2 of whom shall be members of the judiciary committee, and one of whom shall be a member of the health, human services and elderly affairs committee, appointed by the speaker of the house of representatives.

Amend the bill by replacing sections 3 and 4 with the following:

- 3 Duties. The committee shall study guardianship in New Hampshire to determine:
 - I. Whether guardians should be registered and licensed by the state.
 - II. Who should have jurisdiction over guardians.
- III. The number of guardians in New Hampshire and how the work of a private guardian differs from that of a public, court appointed guardian.
 - IV. The requirements, if any, for someone to become a guardian.
- V. Whether New Hampshire should adopt, or adopt with amendment, the National Guardianship Association Standards of Practice.
- 4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the senate member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Three members of the committee shall constitute a quorum.

SB 352, naming a cove in Lake Winnipesaukee as Ritson Cove. OUGHT TO PASS.

Rep. Ted Wright for Resources, Recreation and Development. Currently unnamed, this bill would name a cove at the south end of Governor's Island in Gilford after Ted Ritson who built a camp on the site in 1938. Over the last several decades, several generations of the Ritsons have been active in local conservation efforts and other community service. In particular, Ted Ritson, who died eight years ago, was very involved in water quality protection in the area. The committee feels this is a fitting tribute and, according to testimony, neighbors are in agreement. Vote 17-2.

SB 374, requiring the department of environmental services to update coastal flooding trends. OUGHT TO PASS.

Rep. Frederick Rice for Resources, Recreation and Development. The Coastal Risks and Hazards Commission recommended that their final report be updated every five years by collecting data on coastal flooding trends. Since the Department of Environmental Services was deeply involved in preparing the report and is familiar with the information involved, it is the most appropriate agency to perform this function and is therefore given this responsibility by the bill. Data will be used to update regional plans to protect the seacoast from damage due to storm surge, sea level rise, or flooding. Vote 19-0.

SB 375, establishing the coastal marine natural resources and environment commission. OUGHT TO PASS WITH AMENDMENT.

Rep. Frederick Rice for Resources, Recreation and Development. One of the requirements of the Coastal Risks and Hazards Commission, which expires at the end of this year, is to recommend rules and regulations that will protect New Hampshire's coastal resources. In order to do this, data must be collected on a periodic basis to determine what steps must be taken. This bill forms a commission that will review the data collected and make further recommendations to the legislature and Governor on an annual basis for actions to be taken. The amendment adds sedimentation as a concern to be monitored by the commission. Vote 17-0.

Amendment (1204h)

Amend RSA 485-F:3 as inserted by section 1 of the bill by replacing it with the following: 485-F:3 Duties. The commission shall:

- I. Investigate, monitor, and propose prevention and mitigation strategies for emerging environmental threats in coastal and Great Bay waters, including but not limited to warming of waters, ocean acidification, sedimentation, and nutrient loading, which impact fish, shellfish, and the food chain thereof.
- II. Identify gaps and recommend improvements in water quality monitoring, including monitoring pH and evaluating its impact on the impaired waters designation of water bodies.
 - III. Recommend strategies for enhancing capacities for improving water quality.
 - IV. Examine the Blue Carbon credit program for sea grass promotion and oyster bed restoration.
- V. Report annually on November 1 to the chairs of the house and senate committees with jurisdiction over issues affecting coastal marine resources and the environment, the senate president, the speaker of the house, and the governor.

SB 461-FN, relative to expenditures of the Winnipesaukee River Basin control program funds. OUGHT TO PASS.

Rep. James McConnell for Resources, Recreation and Development. This bill expands the purposes for which the Winnipesaukee River Basin Program funds collected from local member communities may be expended to include authority to fund studies to improve its operations. Vote 17-0.

SB 484, relative to the role of the Winnipesaukee River advisory board. OUGHT TO PASS. Rep. James McConnell for Resources, Recreation and Development. This bill requires the Winnipesaukee River Advisory Board, which is composed of appointees from the towns and cities whose

pesaukee River Advisory Board, which is composed of appointees from the towns and cities whose sewage is processed by the Winnipesaukee River Basin Program, to make a recommendation to the Governor and Council on each request for a contract to plan, design or construct capital improvements under RSA 485-A:49. Vote 17-0.

SB 309, relative to sulfur limits of certain liquid fuels. OUGHT TO PASS.

Rep. Glen Aldrich for Science, Technology and Energy. This bill will lower sulfur limits of certain fuels in New Hampshire to levels already adopted by all of the other New England states. Passing this bill not only helps the environment but our constituents as well. Oil burners that use low sulfur content fuel do not need to be cleaned as often. The Oil Heat Council of NH requested and supports this legislation. Vote 16-0.

SB 321, relative to incentive payments to certain churches which are owners of small renewable energy generation facilities. **INEXPEDIENT TO LEGISLATE.**

Rep. Glen Aldrich for Science, Technology and Energy. Only four towns in New Hampshire distribute their own electricity. This bill would require the Public Utilities Commission to make a one-time incentive payment to churches in those towns that install solar panels. Electricity users in those four towns do not contribute any funds to the Renewable Energy Fund, so the committee felt the churches should not be eligible to receive benefits from it. Vote 18-0.

SB 377, relative to emission levels of municipal waste combustion units. OUGHT TO PASS.

Rep. David Murotake for Science, Technology and Energy. This bill lowers the limits on certain emission levels of municipal waste combustion units. The bill amends RSA 125-C:10-a by placing new limits of emissions for municipal waste combustors of rated capacity between 35-250 tons of solid waste per day. Pollutants limited include particulate matter, cadmium, lead, mercury, sulfur dioxide, hydrogen chloride and dioxins. This change should improve the health of people and animals living near municipal waste combustors and reduce damage to the state's environment. Vote 17-0.

SB 357, relative to driver's license examinations. OUGHT TO PASS.

Rep. Steven Smith for Transportation. This bill adds specific items to be included in driver's license examinations covering changes to New Hampshire traffic law, driver road knowledge, and safety. These items are already in the examination and are being added to the statute. In addition to protecting drivers from tickets this will qualify NH for federal safety grants. Vote 13-2.

SB 359, relative to funding electric vehicle charging stations with municipal registration permits. OUGHT TO PASS.

Rep. Thomas Walsh for Transportation. This bill simply adds electric vehicle charging stations to the list of allowed projects that can be funded using the municipal and transportation improvement fund. Electric vehicles will start becoming more popular. Vote 14-0.

SB 362, requiring notice to planning boards of placement of signs on scenic byways. OUGHT TO PASS.

Rep. Thomas Walsh for Transportation. This bill simply requires the Department of Transportation to notify local planning boards of plans to add traffic signs in the state's historic and scenic areas. Testimony given mentioned new technology and requirements for road curve signs that spurred this change. Vote 15-2.

SB 519, relative to highway signs. OUGHT TO PASS.

Rep. Gladys Johnsen for Transportation. Essential motorist service signs regarding food, fuel, and attractions are permitted within limited distances on limited access highways. This bill extends the permissible zone from the Massachusetts border to Concord, and north of Concord on I-93 and I-89. Vote 17-0.

SB 343, establishing a commission to study apportionment of gross business profits under the business profits tax. OUGHT TO PASS WITH AMENDMENT.

Rep. Brian Gallagher for Ways and Means. This proposal establishes a commission to study apportionment of gross business profits under the Business Profits Tax (BPT). Testimony highlighted the need for examination of our BPT apportionment factors as other states shift to systems that negatively impact New Hampshire based businesses engaged in cross-border commerce. The amendment increases the number of House members on the committee from 2 to 3. Vote 20-0.

Amendment (1275h)

Amend RSA 77-A:22, I(b) as inserted by section 1 of the bill by replacing it with the following:

(b) Three members of the house of representatives, appointed by the speaker of the house of representatives.

SB 344-FN, relative to tax credits applicable to client companies of employee leasing companies. OUGHT TO PASS.

Rep. Brian Gallagher for Ways and Means. This bill clarifies the application of business tax credits based on employment to client companies of employee leasing companies. This bill is a result of work done last year which allowed companies utilizing the employee leasing model to be able to use the Business Enterprise Tax (BET) credit allowed against the Business Profits Tax (BPT) liability. This proposal addresses a language issue identified by the Department of Employment Security for a credit for taxes to cover unemployment. This language also fixes an oversight relating to the application for credits in calendar or fiscal years. The Department of Revenue Administration worked with the Department of Employment Security to create a solution. All New Hampshire companies using leasing companies will be able to use the credit for BET they pay starting January 1, 2016. Vote 20-0.

SB 442-L, establishing a commission to study the taxability of lease interests in public property. OUGHT TO PASS WITH AMENDMENT.

Rep. Patrick Abrami for Ways and Means. This bill calls for a commission to study taxability of lease interests in public property. The committee agrees that this commission is required to develop suggested changes that would be uniform and fair and that could become the basis of future legislation. In section IV, the committee amended the bill to have the Senate member call the first meeting of the commission rather than the first named House member. Vote 18-2.

Amendment (1289h)

Amend RSA 72:79, II as inserted by section 1 of the bill by replacing it with the following:

- II. The members of the commission shall be as follows:
 - (a) One member of the senate, appointed by the president of the senate.
- (b) Two members of the house of representatives, appointed by the speaker of the house of representatives.
 - (c) The commissioner of the department of revenue administration, or designee.
- (d) One representative of the New Hampshire Municipal Association, appointed by the association.
- (e) One representative of the New Hampshire Association of Assessing Officials, appointed by the association.

Amend RSA 72:79, IV as inserted by section 1 of the bill by replacing it with the following:

IV. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the senate member. The first meeting of the commission shall be held within 45 days of the effective date of this section. Four members of the commission shall constitute a quorum.

SB 552-FN, relative to application of the Internal Revenue Code to provisions of the business profits tax. REFER FOR INTERIM STUDY.

Rep. Robert Nigrello for Ways and Means. The committee has heard multiple bills this session dealing with the application of the United States Internal Revenue Code of 1986 applicable to the Business Profits Tax, subject to certain adjustments. NH business tax limits for 179(a) capital deductions (\$25,000) and the gap between the recently passed increase in the Federal Internal Revenue Code (\$500,000) 179(a) deductions are important to our business community. The unanimous vote of the Ways and Means Committee was to do additional work on SB 239, one of the similar bills already in committee, and place this

bill in interim study. Both SB 552 and SB 239 and the already passed HB 668 seek to increase the NH capital deduction for business and seek to have the Department of Revenue file a report informing the House and Senate of changes to the United States Internal Revenue Code, related Treasury regulations, and administrative rulings which would impact New Hampshire. Vote 20-0.

REFERRAL DECLINED

Rep. Rowe, Chairman of the Committee on Judiciary, under the provisions of House Rule 46 (f), declined the referral of **SB 488-FN-L**, establishing an advisory council on lactation, and **SB 543-FN**, relative to private transferring of adopted children.

REGULAR CALENDAR - PART I

SB 515-FN, relative to child neglect and other changes to the child protection act. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: SEZYPEDIENT TO LEGISLATE. Rep. Frank Edelblut for the Majority of Children and Farmer Daw. Under current law, the definition of a neglected child is one who is without proper parental care or control, subsistence, education as required by law, or other care or control necessary for physical, mental or emotional health, when it is established that health has suffered or is very likely to suffer serious impairment. This bill as amended creates, as a probable cause circumstance, to initiate an investigation of possible neglect because of an opioid abuse or dependence. This probable cause provides parental protections of a rebuttable presumption and participation in treatment for such dependence is a legitimate reason for rebuttal. There is no provision in this bill regarding prenatal care. Currently, this issue is being addressed by hospitals developing best practices procedures. This bill is specifically targeting the opioid crisis even though the committee recognizes there are other harmful drugs. The Division of Children, Youth and Families (DCYF) is flexible about treatment, especially where there is a scarcity of treatment; for example, there are Family Resource Centers and Licensed Alcohol and Drug Counselors in each county. There is a sunset provision in the bill of July 2020. Vote 11-3. Rep. Elizabeth Ferreira for the Minority of Children and Family Law. Although the minority recognizes the good intentions behind the bill, significant concerns were raised during the public hearing about unintended consequences if the bill were to become law. OB/GYN doctors and nurses, as well as educators and advocates working against addiction, testified that the bill would discourage pregnant women with substance use disorder from seeking prenatal treatment. For example, a pregnant woman in recovery who slipped back into drug use might not be forthcoming with her health care provider about the relapse, or might avoid prenatal checkups altogether, to avoid legal consequences. This would endanger her unborn child. Some experts questioned why the bill was limited to opioids, and why the use of other substances would not also be considered neglect. In their view, this would create an incentive to use other drugs instead. Another concern raised was that the bill would require a level of treatment not available in certain parts of our state, and that, even where treatment programs are available, some have long waiting lists, making compliance difficult. There were also concerns that this law would add a lot of cases to an already burdened division of DHHS. Moreover, it was unclear what, precisely, would define compliance with the law. Therefore, the minority believes that the proposed legislation would cause more harm than good.

Majority Amendment (1354h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the child protection act.

Amend the bill by replacing section 2 with the following:

- 2 New Section; Child Protection Act; Rebuttable Presumption of Harm. Amend RSA 169-C by inserting after section 12-d the following new section:
- 169-C:12-e Rebuttable Presumption of Harm. Evidence of a custodial parent's opioid drug abuse or opioid drug dependence, as defined in RSA 318-B:1, I or RSA 318-B:1, IX, shall create a rebuttable presumption that the child's health has suffered or is very likely to suffer serious impairment. The presumption may be rebutted by evidence of the parent's compliance with treatment for such use or dependence.

Amend the bill by replacing all after section 4 with the following:

- 5 Repeal. RSA 169-C:12-e, as inserted by section 2 of this act, is repealed.
- 6 Effective Date.
 - I. Section 5 of this act shall take effect July 1, 2020.
 - II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill provides that evidence of a custodial parent's opioid drug abuse or dependence creates a rebuttable presumption of harm under the Child Protection Act. The bill also permits the court to order periodic alcohol or drug testing and provides that the parent may be responsible for the cost of such tests.

The bill is a request of the department of health and human services.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Itse offered floor amendment (1481h).

Floor Amendment (1481h)

Amend the bill by replacing section 2 with the following:

2 New Section; Child Protection Act; Rebuttable Presumption of Harm. Amend RSA 169-C by inserting after section 12-d the following new section:

169-C:12-e Rebuttable Presumption of Harm. There shall be a rebuttable presumption that evidence of a custodial parent's opioid drug abuse or opioid drug dependence, as defined in RSA 318-B:1, I or RSA 318-B:1, IX, is evidence that a child's health has suffered or is very likely to suffer serious impairment or to issue an ex parte order. The presumption may be rebutted by evidence such as the parent's participation in treatment for such use or dependence or another responsible adult in the home acting as a caretaker.

Amend the bill by replacing all after section 4 with the following:

- 5 Repeal. RSA 169-C:12-e, as inserted by section 2 of this act, is repealed.
- 6 Effective Date.
 - I. Section 5 of this act shall take effect July 1, 2020.
 - II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill provides that evidence of a custodial parent's opioid drug abuse or dependence creates a rebuttable presumption of harm under the child protection act. The bill also permits the court to order periodic alcohol or drug testing and provides that the parent may be responsible for the cost of such tests. Rep. Itse spoke in favor.

Rep. Berrien spoke against.

Floor amendment (1481h) failed.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Simmons requested a roll call; sufficiently seconded.

REFERRAL DECLINED

Rep. Tholl, Chairman of the Committee on Criminal Justice and Public Safety, under the provisions of House Rule 46 (f), declined the referral of SB 323, relative to the use of force by employees of hospitals or other health care facilities.

REGULAR CALENDAR PART I CONT'D

SB 500-FN, relative to student health insurance plans. OUGHT TO PASS.

Rep. Donald Flanders for Commerce and Consumer Affairs. The purpose of this bill is to establish a mechanism to provide formal authorization for Dartmouth College and the University of New Hampshire to continue to operate student health insurance plans on a self-funded basis. Both institutions have been operating such plans for several years. There is a need to provide for oversight of the plans by the New Hampshire Insurance Department, since they are currently not regulated with respect to financial solvency or consumer protections by any other state or federal regulator. The bill is the result of a collaborative discussion with the affected entities as to the best way to proceed on this issue. The Insurance Department has made it clear that they would like to continue to collaborate as the bill moves forward in the legislature, to ensure that its objectives are clear and that the contemplated process works smoothly. Vote 16-4. Rep. Fromuth requested a roll call; sufficiently seconded.

Laware, Thomas O'Hearne, Andrew Rollins, Skip and the committee report was adopted and referred to the Committee on Finance.

SB 503-FN-A, relative to pre-kindergarten education using "pay for success" financing. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Ralph Boehm for the Majority of Education. This bill establishes a commission to extend a request for proposals to provide pre-kindergarten education services to 4 year olds in New Hampshire by creating a "pay for success" partnership between providers of pre-kindergarten education services and investors. Although the bill indicates that program costs will be paid by private investment, at some point costs will ultimately be paid by the taxpayer. The question must be asked, "At what age will we allow the state to take over the job of parenting young children because the state knows best?" Studies from the National Institute of Child Health and Human Development show that children who spend time in non-maternal care before age 5 have more behavior problems later in life. The bill supposes that pre-kindergarten programming will result in less remedial or special education services in third grade, but these results may not be proven for at least four years from now. Further, with the way that success is measured or set up by the commission or third party evaluator, results data supporting an investment return to investors could be manipulated. Success of this program relies on private investments which could lead to lawsuits against the state should the investment return associated with the measures of student growth be questioned showing little or no student improvement. There are many variables in education associated with student growth. To say growth is a result of one variable such as pre-kindergarten programming would be difficult to prove. This bill has too many unanswered issues. Vote 16-4.

Rep. Mary Heath for the Minority of Education. The minority finds this bill establishes a commission to extend invitations to establish pilot pre-kindergarten education services in New Hampshire to improve educational outcomes for its youngest children utilizing a "pay for success" model to finance the pilot program. This tool allows for philanthropic funders and impact investors to provide the initial capital to implement the programs. This bill aims to improve third grade reading proficiency and to reduce the need for special education remediation. To accomplish these goals this bill provides for an impact study project to expand proven, quality pre-kindergarten services without risking local or state dollars to determine if the proposed program will result in the promised goal attainment. Through pay for success, the commission will establish contracts between: (1) One or more providers of pre-k services, who will provide pre-k services to expand cohorts of 4-year olds in NH; (2) Third party investors will provide the upfront capital to expand and deliver those services. These investors may include investors seeking a return of both principal and interest, philanthropic investors seeking only a full or partial return of the principal and/or grantors and federal agencies that do not seek a financial return; and (3) The state would agree to repay investors only if the evaluator determines the services did improve the third grade reading and special education outcomes. This bill will help providers to identify quality pre-k programs using rigorous longitudinal data regarding student outcomes so that proven quality practices can be shared and implemented in NH by those providers wishing to offer such programs. Majority committee report adopted.

SB 210-FN, relative to regulation of septic system evaluators. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: REFER FOR INTERIM STUDY.

Rep. Jacalyn Cilley for the Majority of Executive Departments and Administration. This bill establishes a Board of Septic System Evaluators for the licensure and regulation of persons engaged in the practice of septic system evaluations. The bill is proposed as a consumer protection measure. The committee heard testimony that 50% of NH homes are on individual septic systems, the second highest in the country. Yet, there are currently no state standards or guidelines for those engaged in the practice of septic system evaluation. This shortcoming in the practice can potentially lead to a cost exceeding \$10,000 for the unnecessary replacement of a septic field. The licensure and regulation proposed by this bill will help to ensure a more uniform set of standards by which septic evaluators provide their service. The legislation itself was proposed by the septic system trades. The amendment to the bill made several technical corrections and revised penalties to be in line with other statutes on certain criminal practices. The amendment also ensured liberal, yet functional, grandfathering provisions for those currently providing septic evaluations. This will permit practicing and qualified practitioners to continue to do their work without undue hardship. Vote 13-5.

Rep. J.R. Hoell for the Minority of Executive Departments and Administration. The bill seeks to create a new license for those that evaluate or inspect septic systems. These inspections are typically done when there are issues with the system or when there is a real estate transaction and the potential buyer wants to know if the septic system is in good working order. The draft of this bill was based on the home inspectors license and there were numerous issues found with that "boiler plate" language that was used as the basis for this potential law. After multiple subcommittee hearings and several executive sessions a significant rewrite of the bill took place. The issues with the proposed licensure system are as follows: current DES rules, Chapter Env-Wq 1000 Subdivision and Individual Sewerage Disposal System Design Rules, Env-Wq 1003.22, already require that an inspector get written confirmation from the town health inspector or building inspector when the inspector is stating the septic system is in "failure." With a state license the consumer may be lulled into a false sense of security. For example, it has been reported by government studies and as well the AMA that in one of the most regulated fields, that of medicine, that between 210,000 and 440,000 injuries including death occur in the US annually and this is a completely licensed set of professions. Furthermore, the training may indicate a level of classroom and field training, but with this license, there is no indication of efficiency, reliability, or honesty, nor is there any level of guaranteed competence. The consumers will still need to count on free market solutions to know the quality of the inspector that they are hiring. Lastly, the license system creates larger but not better government. Although the joint board overseeing this new license will be self-funding under this statute, there is no liability to the state if the individual licensed by the state fails to do a good job and therefore the consumer is paying for something that they are not getting. The minority recommends this bill be held for interim study to make sure the bill is ready to be turned into a statute.

Majority Amendment (1273h)

Amend RSA 310-A:203, III as inserted by section 2 of the bill by replacing it with the following: III. "Code of ethics" means the code of ethics described in RSA 310-A:205 that is followed by septic system evaluators who are licensed as septic system evaluators by the board.

Amend RSA 310-A:205, V as inserted by section 2 of the bill by deleting subparagraph (f).

Amend RSA 310-A:206, I(e) as inserted by section 2 of the bill by replacing it with the following:

- (e) An employee of the department of environmental services, appointed by the commissioner of the department of environmental services.
- Amend RSA 310-A:206, V as inserted by section 2 of the bill by replacing it with the following:
- V. Members shall be appointed for 5-year terms. Appointments for terms of less than 5 years may be made in order to stagger the appointments. No member shall be eligible to serve more than 2 full consecutive terms, provided that for this purpose only a period actually served which exceeds 1/2 of the 5-year term shall be deemed a full term. Upon expiration of a member's term, the member shall serve until a successor is qualified and appointed. Vacancies occurring prior to the expiration of a specific term shall be filled by appointment for the unexpired term. Appointees to the unexpired portion of a full term shall become members of the board on the day following such appointment. A board member may be removed for cause by the governor and council under RSA 4:1.

Amend RSA 310-A:206, VIII and IX as inserted by section 2 of the bill by replacing them with the following:

- VIII.(a) The board shall keep a record of its proceedings and a register of all applications for licensure, which shall show:
 - (1) The name, age, and residence of each applicant.
 - (2) The date of application.
 - (3) The place of business of such applicant.
 - (4) The applicant's educational and other qualifications.
 - (5) Proof of passing the septic system evaluator exam.
 - (6) Whether the applicant was rejected and the reasons for such rejection.
 - (7) Whether a license was granted.
 - (8) The date of the action of the board.
 - (9) Such other information as may be deemed necessary by the board.
- (b) The records of the board shall be prima facie evidence of the proceedings of the board, and a transcript of such records certified by the secretary of the board under seal shall be admissible in evidence with the same force and effect as if the original were produced. Biennially, as of December 31, the board shall submit to the executive director of the office of professional licensing and certification a report of the transactions of the preceding biennium, and a complete statement of the receipts and expenditures of the board.
- IX. The secretary of the board shall maintain and regularly update a roster listing the names and addresses of all septic system evaluators certified under this subdivision by the board on the board's website. The board may include in such roster any other information it deems appropriate. Amend RSA 310-A:210 as inserted by section 2 of the bill by replacing it with the following:
 - 310-A:210 Eligibility Requirements for Licensure as a Septic System Evaluator.
- I. Each applicant for licensure as a septic system evaluator shall meet the following minimum requirements:
 - (a) Completion of classroom and field training at a board-approved evaluator course.
 - (b) Proof of passing the board-adopted examination required for licensure.
 - (c) Be at least 18 years of age.
- II. A person who currently holds a Granite State Septic System Certified Evaluator designation or other recognized designation determined to be acceptable by the board shall be eligible for licensure by the board without completion of the requirements of subparagraph I(a) or I(b). An applicant under this paragraph shall be issued a license by providing evidence satisfactory to the board of such designation.
- III. A person who was actively engaged in the business of septic system evaluation in this state as a means of his or her livelihood for at least 5 years and who provides the board with a sworn affidavit that he or she has performed a minimum of 25 septic evaluations preceding the effective date of this subdivision shall be eligible for licensure by the board without completion of the requirements of subparagraph I(a) or I(b). An application for licensure under this paragraph

shall be made within one year following the effective date of this subdivision. The applicant shall be issued a license by providing evidence satisfactory to the board of the knowledge and experience equivalent to the requirements of subparagraphs I(a) and I(b).

- IV. A person who currently holds a New Hampshire septic designer permit and who provides the board with a sworn affidavit that he or she has performed a minimum of 25 septic evaluations preceding the effective date of this subdivision shall be issued a license by the board without completion of the requirements of subparagraph I(a) or I(b) upon request of the applicant. An application for licensure under this paragraph shall be made within one year following the effective date of this subdivision.
- V. All applicants shall meet the requirements of subparagraphs I(c) and (d), pay an initial fee, and fulfill all other license application requirements.
- VI. The board shall approve all education programs under subparagraph I(a) of organizations or education institutions providing acceptable education and training.
- VII. The board shall have the discretion to reject an applicant who is not of good professional character, as evidenced by:
 - (a) Misstatement of facts by the applicant in connection with the application;
- (b) Violation of any of the standards of practice or code of ethics as they are set forth in this subdivision or in rules adopted by the board; or
- (c) Practicing septic system evaluations without being licensed in violation of laws of the jurisdiction in which the practice took place.
- Amend RSA 310-A:215, II as inserted by section 2 of the bill by replacing it with the following:
- II. All licenses issued by the board shall expire on the last day of the license holder's month of birth in the second year following the year of issuance, or upon such other biennial date as the board may adopt. If the renewal fee is not submitted within 12 months after the expiration date, the license holder's name shall be removed from current status, and application for reinstatement shall be required to return to current status provided that the license holder provides satisfactory proof that all required continuing education requirements have been met. The board shall charge a 20 percent late fee for each month or fraction of a month the renewal is late, up to 12 months, in addition to the renewal fee. Any renewal application received 12 months after the expiration date shall be rejected, unless accompanied by proof of successful completion of the examination required by the board. If a license holder fails to renew such license within the 12 months after the date of expiration, it shall become null and void and the license holder shall be required to reapply and to be re-examined for licensure.

Amend RSA 310-A:216 as inserted by section 2 of the bill by replacing it with the following:

310-A:216 Disciplinary Action.

- I. The board may undertake disciplinary proceedings upon written complaint of any person which charges that a person certified by the board has committed misconduct under paragraph II and which specifies the grounds therefor.
 - II. Misconduct sufficient to support disciplinary proceedings under this section shall include:
- (a) The practice of fraud or deceit in procuring or attempting to procure a license to practice under this subdivision.
- (b) Any unprofessional conduct, or dishonorable conduct unworthy of, and affecting the practice of, the profession.
- (c) Unfitness or incompetence by reason of negligence or other causes; or negligent or willful acts performed in a manner inconsistent with the interests of persons relying on the expertise of the license holder.
 - (d) Mental or physical incompetence to practice under this subdivision.
 - (e) Willful or repeated violation of the provisions of this subdivision.
- (f) Suspension or revocation of a license, similar to one issued under this subdivision, in another jurisdiction and not reinstated.
- (g) Violations of the code of ethics for septic system evaluators, or any other rule adopted by the board.
 - (h) Providing false testimony before the board.
- (i) Failure to provide, within 30 calendar days of receipt of notice by certified mail, return receipt requested, information requested by the board as a result of any formal complaint to the board alleging a violation of this subdivision.
- (j) Knowingly making or signing any false statement, license, or affidavit in connection with the practice of septic system evaluations.

Amend RSA 310-A:217, II as inserted by section 2 of the bill by replacing it with the following:

- II.(a) The board shall have the power to administer oaths or affirmations and preserve testimony.
- (b) The board may subpoena witnesses, and compel, by subpoena duces tecum, the production of all books, records, files and documents, whether originals, copies, or in electronic or other form, and other materials, relevant to its investigation of any grievance, complaint, or disciplinary proceeding before the board with the approval of the office of the attorney general.
- (c) A minimum of 10 business days' notice shall be given for compliance with a subpoena under this subdivision.

Amend RSA 310-A:219 - RSA 310-A:221 as inserted by section 2 of the bill by replacing them with the following:

310-A:219 Violations; Penalty.

- I. It shall be a class B misdemeanor, for the first offense, and a Class A misdemeanor for the second and any subsequent offense, for any natural person to:
 - (a) Present or attempt to use the license of another as one's own;
- (b) Give any false or forged evidence of any kind to the board or to any board member in obtaining a license;
 - (c) Attempt to use a revoked license;
- (d) Beginning January 1, 2017, practice septic system evaluations or to offer, advertise, or hold oneself out to the public as being in the practice of septic system evaluation in this state without a license; or
 - (e) Violate any of the provisions of this subdivision.
 - II. It shall be a violation for any natural person to attempt to use an expired license.
- 310-A:220 Restraint of Violations. The superior court shall have jurisdiction in equity to restrain violations of RSA 310-A:219 on proceedings brought by the attorney general, or the board.
- 310-A:221 Exemptions. Nothing in this subdivision shall be construed to prevent or affect the following persons from evaluating septic systems:
- I. A person who is employed by a governmental entity if the inspection is within official duties and responsibilities.
- II. A septic system designer holding a current valid permit issued under RSA 485-A:35. Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Reps. Hoell and Beaudoin spoke against and yielded to questions.

Rep. Cilley spoke in favor.

Rep. William O'Brien requested a roll call; sufficiently seconded.

Laware, Thomas Rollins, Skip Smith, Steven and the majority committee report was adopted and referred to the Committee on Finance.

SB 533-FN-A-L, relative to the governor's commission on alcohol and drug abuse prevention, treatment, and recovery and making supplemental appropriations to the commission, the department of justice, and the department of health and human services. OUGHT TO PASS WITH AMENDMENT.

Rep. Lucy Weber for Health, Human Services and Elderly Affairs. As amended, the bill changes the appointment process for members of the commission and removes the requirement that appointees be approved by the Governor and Council. It adds additional reporting requirements to the governor's commission, including biannual reports on financial expenditures for substance abuse related work, and presentations once each legislative session to the Finance Committees of the House and Senate, the Health and Human Services Committees of both bodies, and the Joint Fiscal Committee. The bill appropriates the additional sums of \$3,000,000 to the governor's commission for contracts for program services, \$2,000,000 for funding supportive housing projects for persons with substance abuse disorders in fiscal year ending June 30, 2017. The bill appropriates \$20,830 for fiscal year ending June 30, 2016 and \$104,492 for the fiscal year ending June 30 2017 to the department of justice for an additional assistant attorney general to prosecute drug cases. All sums appropriated will come from excess appropriations. Vote 18-0.

Amendment (1356h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the governor's commission on alcohol and drug abuse prevention, treatment, and recovery and making supplemental appropriations to the commission, the department of justice, and the New Hampshire housing finance authority.

Amend the bill by replacing section 10 with the following:

10 Supplemental Appropriation for Governor's Commission on Alcohol and Drug Abuse Prevention, Treatment, and Recovery; Supplemental Appropriation for Supportive Housing Projects for Persons with Substance Abuse Disorders.

I. In addition to any other sums appropriated for fiscal year 2017, \$3,000,000 for the fiscal year ending June 30, 2017 is hereby appropriated to the governor's commission on alcohol and drug abuse prevention, treatment and recovery for the purpose of contracts for program services, within the department of health and human services. Additionally, \$2,000,000 for the fiscal year ending June 30, 2017 is hereby appropriated to the New Hampshire housing finance authority for the purposes set forth in RSA 204-C:56 through RSA 204-C:62, relative to the affordable housing fund, provided the appropriated funds are used for the purpose of funding supportive housing projects for persons with substance abuse disorders. The New Hampshire housing finance authority shall prepare a report on the status of projects funded, in whole or in part, by this appropriation to be delivered to the house health and human services and elderly affairs committee by December 31, 2017 and annually thereafter until the appropriated funds have been fully allocated.

II. For the purposes of funding the appropriation made in paragraph I, the governor shall identify excess appropriations from sums appropriated pursuant to 2015, 275 and 276, and shall transfer said sums to the appropriate class lines. Any transfers made pursuant to this section shall not require the prior approval of the fiscal committee of the general court and the governor and council and shall not be subject to the provisions of RSA 9:16-a, 9:17-a, and RSA 9:17-c.

Amend the bill by replacing all after section 11 with the following:

12 Health and Human Services; Prevention Services Appropriations. Amend 2015, 275:1, accounting unit 05-95-49-491510-2988 by inserting a class note immediately following such accounting unit as follows:

CLASS NOTE

102 F. This appropriation shall not lapse until June 30, 2017.

13 Health and Human Services; Clinical Services Appropriations. Amend 2015, 275:1, accounting unit 05-95-49-491510-2990 by inserting a class note immediately following such accounting unit as follows:

CLASS NOTE

102 F. This appropriation shall not lapse until June 30, 2017.

14 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill makes changes in the membership, organization, duties, meetings, and reports of the governor's commission on alcohol and drug abuse prevention, treatment, and recovery, and establishes that the commission serves in an advisory capacity to both the governor and the general court.

The bill also makes supplemental appropriations to the commission, the department of justice, and the New Hampshire housing finance authority.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Dan McGuire spoke against.

The Speaker ruled the debate by Rep. Dan McGuire out of order.

Rep. Weber spoke in favor.

Rep. Hoell requested a roll call; sufficiently seconded.

Laware, Thomas

and the committee report was adopted and referred to the Committee on Finance.

SB 409-FN, relative to the first responder's critical injury benefit. OUGHT TO PASS WITH AMENDMENT.

Rep. William Infantine for Labor, Industrial and Rehabilitative Services. This bill amends a prior law enacted in 2014 (SB 204, Chapter 242) that created a temporary workers' compensation-type benefit program for first responders injured in the line of duty. The law was temporary to give the legislature time to review this benefit for all workers and not just first responders. The bill that came from the Senate made this temporary benefit permanent even though a thorough study making this benefit for all workers was not completed. The committee amended the bill to continue the benefit for one additional year through June of 2017 and established a study committee made up of three House members and one Senator. Vote 15-1.

Amendment (1330h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the first responder's critical injury benefit and establishing a committee to study soft tissue injuries under workers' compensation.

Amend the bill by replacing all after the enacting clause with the following:

- 1 First Responder's Critical Injury Benefit. Amend RSA 281-A:32-a, II to read as follows:
- II. Payments awarded under this section shall be subject to all other provisions of RSA 281-A. Total compensation payments for all additional compensation claims paid under this section shall not exceed \$125,000 per claimant. No payments shall be made after July 1, [2016] 2017. Benefits paid under this section for all claimants shall not exceed \$500,000.
 - 2 Prospective Repeal Extended. Amend 2014, 242:4, I to read as follows:
 - I. Paragraph I of section 2 of this act shall take effect June 30, [2016] 2017.

- 3 Committee to Study Soft Tissue Injuries for Purposes of Workers' Compensation Established.
- I. There is established a committee to study soft tissue injuries for purposes of workers' compensation.
 - (a) The members of the committee shall be as follows:
 - (1) One member of the senate, appointed by the president of the senate.
- (2) Three members of the house of representatives, appointed by the speaker of the house of representatives.
- (b) Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.
 - II. The committee shall study soft tissue injuries for purposes of workers' compensation.
- III. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the senate member. The first meeting of the committee shall be held within 45 days of the effective date of this section.
- IV. The committee shall report its findings and any recommendations for proposed legislation to the president of the senate, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library on or before November 1, 2016.
 - 4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill extends the prospective repeal of the first responder's critical injury benefit. This bill also establishes a committee to study soft tissue injuries for purposes of workers' compensation. Committee amendment adopted.

Committee report adopted and referred to the Committee on Finance.

SB 480-FN-A, relative to the state house visitor's center revolving fund. OUGHT TO PASS WITH AMENDMENT.

Rep. Lucy Weber for Legislative Administration. Currently, all funds from the special markups on the sale of commemorative bottles are deposited in the Historical Fund for the sole purpose of restoring the Civil War battle flags. Because some important preservation measures such as work on the display cases or preventing ultraviolet light from the windows are not done to the flags themselves, the bill, as amended, broadens the permitted use of markup revenue to allow for the preservation of the Hall of Flags and the battle flags on display there. Secondly, the bill abolishes three special accounts; the Bicentennial Diorama Account, the Historic Flag Restoration Account, and the Flag Restoration and Care Account and consolidates the sums contained in those accounts, along with the remaining sum in the already repealed Civil War Memorials Fund, in the Historical Fund. Finally, the bill as amended provides that sums over \$50,000 in the State House Visitor's Center Revolving Fund on June 30th of any fiscal year shall be deposited in the Historical Fund, instead of the General Fund. Vote 8-0.

Amendment (1350h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the historical fund.

Amend the bill by replacing all after the enacting clause with the following:

1 State House Visitor's Center Revolving Fund. Amend RSA 17-E:7 to read as follows:

17-E:7 State House Visitor's Center Revolving Fund. There is hereby established in the office of the state treasurer a nonlapsing fund to be known as the state house visitor's center revolving fund which shall be kept separate and distinct from all other funds. The state house visitor's center revolving fund shall be within the oversight of the joint legislative facilities committee established in RSA 17-E:1. Moneys received from the sale of merchandise at the state house visitor's center, including online sales, shall be deposited in such fund and used to purchase merchandise for the visitor's center. The amount in the fund shall not exceed \$50,000 on June 30 of any fiscal year and any moneys in excess of said amount shall be deposited in the [general fund as unrestricted revenue] historical fund, established in RSA 177:8.

2 Historical Fund; Preservation of the State House Hall of Flags. Amend RSA 177:8, II to read as follows:

II. All revenue from these special markups shall be reported separately by the commission and, after the cost of the pamphlets is subtracted, shall be credited to the legislative appropriation and kept as a special nonlapsing fund to be known as the historical fund. The historical fund shall be within the

oversight of the joint legislative historical committee established in RSA 17-I:1. No part of the fund shall be transferred or expended for any purpose except by the joint legislative historical committee in carrying out its responsibilities under RSA 17-I. The joint legislative historical committee shall use the revenue from the special markups exclusively for the preservation of [Civil War battle flags displayed at the state house | the state house hall of flags and the battle flags displayed in the hall of flags.

3 Department of Administrative Services; Certain Special Legislative Accounts Abolished. The commissioner of administrative services shall abolish the following special accounts and transfer any balance remaining in the accounts as of June 30, 2016 to the historical fund, established in RSA 177:8:

I. The four bicentennial dioramas account (account organization code 1471).

II. The historic flag restoration account (account organization code 1479).

III. The flag restoration and care account (account organization code 1485).

4 Civil War Memorials Fund. On June 30, 2016, any balance remaining in the civil war memorials fund (account organization code 8875), established in RSA 21-K:22 and repealed December 31, 2010, by 2010, 368:1(38), shall be transferred to the historical fund, established in RSA 177:8.

5 Effective Date. This act shall take effect June 30, 2016.

AMENDED ANALYSIS

This bill:

I. Provides that funds over \$50,000 in the state house visitor's center revolving fund shall be deposited in the historical fund.

II. Directs the joint legislative historical committee to use the funds from special markups on commemorative bottles for the preservation of the state house hall of flags and the battle flags displayed in the hall of flags.

III. Directs the commissioner of administrative services to abolish the bicentennial dioramas account, the historic flag restoration account, and the flag restoration and care account.

IV. Transfers any funds remaining in these accounts and in the civil war memorials fund on June 30, 2016 to the historical fund.

Committee amendment adopted.

Committee report adopted and referred to the Committee on Finance.

SB 368-FN-A, making a capital appropriation for department of environmental services monitoring equipment. OUGHT TO PASS.

Rep. Martin Jack for Public Works and Highways. This bill repurposes \$260,000 of the \$600,000 appropriated in HB 25 to purchase land for the Hampton Circuit Court. The funds are available since the land will cost substantially less than appropriated. Under the auspices of the department of environmental services, the bill proposes to use the funds to fill gaps in the state's ability to generate and analyze scientific data in the Great Bay and Hampton Harbor in order to better understand water quality trends and support local and state decision-making. There is a detailed plan for how the funds will be spent, including additional areas of the Great Bay; a pH sensor, and new surface sensors for existing stations, and other items. The location is one of 28 nationally significant sites in the federal estuaries program. Monitoring is done by a formally organized partnership involving UNH and about 200 other stakeholders. Among other issues, it is important to keep the clam and oyster habitats and the eelgrass population vibrant to preserve the estuaries. Because the estuaries are economically significant and can be fragile, and new EPA rules have recently taken effect, it is advisable to take this action outside the normal capital budget cycle. Because the bill repurposes an existing appropriation, there is no impact on total bonded indebtedness. Vote 8-7. Rep. Porter requested a roll call; sufficiently seconded.

and the committee report was adopted and referred to the Committee on Finance.

SB 521-FN, relative to an OHRV registration fee for persons who are members of an OHRV club. OUGHT TO PASS WITH AMENDMENT.

Rep. John Mullen for Resources, Recreation and Development. This bill was brought forth from a study committee to provide needed revenue to help maintain OHRV trails in NH. Currently snowmobilers, both club members and non-members, pay at registration a trail maintenance fee of \$30 which is payable to the Department of Resources and Economic Development, Bureau of Trails for the bureau's grant-in-aid program which provides for trail improvement and maintenance. Having good trails is an economic benefit to all of New Hampshire. This bill parallels the snowmobile statute and applies it to OHRV trail users who up until now have had little support for trail maintenance, repair, and construction. The new \$30 user fee attached to the registration fee is the same as is currently applied to snowmobile registrations. These OHRV funds will be administered the same way as with snowmobiles and the Bureau of Trails. Additionally, the bill instructs the Department of Fish and Game, Bureau of Trails, and the NH Off Highway Vehicle Association to study registration alternatives for OHRV users who do not use organized trail systems. Vote 17-2.

Amendment (1333h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to an OHRV registration fee for persons who are members of an OHRV club, and requiring a report on registration alternatives for OHRV users who do not use organized trail systems.

Amend the bill by replacing all after section 3 with the following:

4 Fish and Game Department; Report on Registration Alternatives. The executive director of the fish and game department shall work in conjunction with the New Hampshire Off Highway Vehicle Association to study registration alternatives for OHRV users who do not use organized trail systems. The executive director shall report any findings or recommendations resulting from the study to the president of the senate and the speaker of the house of representatives on or before December 1, 2017.

- 5 Effective Date.
 - I. Section 4 of this act shall take effect upon its passage.
 - II. The remainder of this act shall take effect May 1, 2018.

AMENDED ANALYSIS

This bill establishes an OHRV registration fee for persons who are members of an OHRV club which is reduced \$30 from the increased fee paid by other registrants. The bill also requires the executive director of the fish and game department to report on registration alternatives for OHRV users who do not use organized trail systems.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Sylvia requested a roll call; sufficiently seconded.

and the committee report was adopted and referred to the Committee on Ways and Means.

SB 492-FN, relative to expenditures from the energy efficiency fund. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Herbert Richardson for the Majority of Science, Technology and Energy. This bill creates close to \$40 million in new energy savings each year. The bill directs the business allocation from the Energy Efficiency Fund to go to rebates for business, thereby driving down electrical costs for our businesses, especially those large energy users. It directs the residential allocation from the Energy Efficiency Fund to support high demand, cost effective energy efficiency programs, all of which are privately managed, award winning statewide programs run by the utilities and overseen by the NH Public Utilities Commission within the so-called CORE docket. Unlike previous proposals, this bill increases money going to low-income weatherization from the current 15% to 35%. This will service over 400 additional low-income renters and homeowners across the state and will cut their household energy bills by up to 30%, allowing them to afford other basic necessities, avoid springtime evictions and foreclosures, and reduce reliance on local welfare. Importantly, the low-income energy efficiency waitlist of over 10,000 households across our state will finally begin to be chipped away at. Hundreds more middle income residential customers falling above the qualification for the low-income program will also receive energy efficiency assistance. Moreover, aging school district and municipal buildings across our state will receive needed upgrades to significantly reduce their energy bills, which directly reduces operating expenses and thereby property tax liability. Finally, our manufacturing sector on the LG electric rate (greater than 1,000-kilowatt demand) will receive an average reduction of \$200 per month. The minority argues we should socialize the residential allocation and give an average of between \$1.30 and \$1.70 per month to every residential customer from the Energy Efficiency Fund, rather than supporting high quality energy efficiency for hundreds of residential households, municipalities, and school districts across the state that are clearly struggling to get their energy bills under control. The majority believes it is a much better return on investment to support hundreds of jobs, provide property tax relief, create about \$40 million in new energy savings each year, and drastically reduce energy and grid demands that drive down prices for all ratepayers. This bill is supported by a wide array of stakeholders, including the Business and Industry Association, the Office of Consumer Advocate (which represents residential ratepayers), NH Legal Assistance which represents low-income residential ratepayers, the NH Municipal Association, and Community Action Programs which provide services to low-income clients across our state. Vote 12-5.

Rep. Michael Vose for the Minority of Science, Technology and Energy. This bill provides language that duplicates an amendment that the Senate applied to HB 208 last year. It eliminates the ratepayer rebate of \$10 million of Regional Greenhouse Gas Initiative (RGGI) auction proceeds. Instead, it spends those funds to expand energy efficiency projects for low-income residents and local government buildings. This income redistribution will cost the average NH ratepayer \$1.70 per month or \$20 per year. It discourages civic responsibility by allowing towns and school districts

Aldrich Clan

Stepanek, Stephen

Ulery, Jordan

Zaricki, Nick

to postpone energy efficiency projects while waiting and hoping for a state grant. It redistributes ratepayer monies to a narrow group of favored recipients. It requires seniors struggling to pay for food and medicine to pay higher electricity costs to support energy efficiency projects for others. The bill rebates funds to commercial/industrial customers at the expense of residential customers. Two local government representatives who testified said that energy efficiency projects in their towns did not lower the local tax rate.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Vose spoke against and yielded to questions.

Rep. Mann spoke in favor and yielded to questions.

MOTION TO LAY ON THE TABLE

Rep. Carol McGuire moved that SB 492-FN, relative to expenditures from the energy efficiency fund, be laid on the table.

Rep. Baber requested a roll call; sufficiently seconded.

and the motion was adopted.

Rep. Murotake declared a conflict of interest and did not participate.

REFERRAL DECLINED

Rep. Kurk, Chairman of the Committee on Finance, under the provisions of House Rule 46 (f), declined the referral of SB 210-FN, relative to regulation of septic system evaluators. The Speaker referred SB 210-FN to the Committee on Ways and Means.

REGULAR CALENDAR PART I CONT'D

SB 510-FN, relative to parking at state park parking meters. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Thomas Walsh for the Majority of Transportation. This bill adds a set of restrictions from existing law regarding free parking by state park motor vehicle plate holders. The intent is to end the practice of these plate holders occupying prime parking during peak and weekend times with no limitations or fees, thus allowing more parking for all. A new paragraph does allow the commissioner to assess an increased rate during peak times, however the Fiscal Committee of the General Court can deny such a plan. Vote 14-3.

Rep. Chris True for the Minority of Transportation. The minority feels giving authority to the Commissioner of the Department of Resources and Economic Development to raise rates on weekends and holidays, with approval of the Fiscal Committee, unfairly hits the working man in the wallet. Many working people can only go to the beach on weekends and holidays, and those days may be subject to higher parking fees.

The question being adoption of the majority committee report of Ought to Pass. Rep. Steven Smith spoke in favor.

Rep. True spoke against and requested a roll call; sufficiently seconded.

Rollo, Deanna

O'Hearne, Andrew

Knowles, Robert Wuelper, Kurt

and the majority committee report was adopted and referred to the Committee on Ways and Means.

SB 444-FN, relative to lottery retailer incentive awards. OUGHT TO PASS.

Rep. Bill Ohm for Ways and Means. The advent of large lottery jackpots has caused neighboring states to increase their seller incentives to promote sales. Awards of \$75,000 to \$100,000 for selling a winning ticket are now commonplace. New Hampshire currently caps the incentive at \$30,000. This bill would increase the cap to \$75,000 for an event likely to occur no more than once every year or two. Vote 20-0.

Committee report adopted and referred to the Committee on Finance.

Leeman, Don

SENATE MESSAGES REQUESTS CONCURRENCE WITH AMENDMENTS

HB 1616-FN, relative to drivers' licenses and identification cards that are compliant with federal identification law. (Amendment printed SJ 4/14/16)

Rep. Steven Smith moved that the House concur and spoke in favor. Motion adopted.

REGULAR CALENDAR - PART II

SB 509-FN, relative to voter registration forms and relative to voter identity verification. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. James Gray for the Majority of Election Law. This bill incorporates changes to the Voter Registration form including the removal of existing wording requiring compliance with motor vehicle laws. The second section of this bill, as amended, changes the procedure for investigating voters who did not confirm their status after being sent a letter of identity verification. Vote 10-7.

Rep. Wayne Moynihan for the Minority of Election Law. As justification for this change to the law it was reported that, over the course of several elections, a "large" number of voter identification letters have accumulated in the office of the NH Secretary of State. Under the current law, it is the duty of the Attorney General's (AG's) Office to investigate these returned letters, and determine whether any voter fraud has occurred. The AG's Office states that it does not have the available staff or budget to enable the process of investigation to be completed. This bill proposes to expand the power of investigation from the AG's Office to the Secretary of State and to town clerks and checklist supervisors. It would become the duty of the town clerks and checklist supervisors to undertake the time and effort to scrutinize the letters and investigate the circumstances, and then compile a "list" of "not...legal voters." The bill's fis-

cal note states that it would require additional staff time at the local level and could result in increased local expenditures. Even with this downshifting of investigation expenses to the local towns and cities, the Department of Justice further anticipates that some "temporary full-time" investigators and paralegals would be needed to implement the bill, at a cost to the department of at least \$167,000.00 per year. Over the years, the department's regular reports with respect the investigation of verifying letter has rarely if ever exposed any voter fraud. This bill downshifts unnecessary and burdensome state expenses onto cities and towns. It is opposed by the New Hampshire City and Town Clerks' Association. It creates expenses and personnel requirement upon the Department of Justice with no appropriations therefore, and no explanation as to the source of funding for the cities and towns.

Majority Amendment (1317h)

Amend the bill by replacing section 2 with the following:

2 Letters of Identity Verification. RSA 659:13, IV(b) is repealed and reenacted to read as follows:

(b) The secretary of state shall prepare a list of voters from any letters mailed pursuant to subparagraph (a) that are returned as undeliverable by the United States Post Office and of voters who were mailed letters under subparagraph (a) and have not responded to the secretary of state. The secretary of state shall revise the list based on input solicited from city and town clerks and supervisors of the checklist. The secretary of state shall forward the revised list of names to the attorney general for investigation.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Ohm offered floor amendment (1478h).

Floor Amendment (1478h)

Amend the bill by replacing section 2 with the following:

2 Letters of Identity Verification. RSA 659:13, IV(b) is repealed and reenacted to read as follows:

(b) The secretary of state shall prepare a list of voters from any letters mailed pursuant to subparagraph (a) that are returned as undeliverable by the United States Post Office and of voters who were mailed letters under subparagraph (a) and have not responded to the secretary of state. The secretary of state shall revise the list based on input solicited from the supervisors of the checklist. The secretary of state shall forward the revised list of names to the attorney general who shall cause an investigation to be made to determine whether fraudulent voting occurred.

Rep. Ohm spoke in favor.

Rep. Moynihan spoke against.

Rep. Shurtleff requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

HB 1552-FN, extending the penalty of death to acts of terrorism and civil rights offenses. **INEX-PEDIENT TO LEGISLATE.**

Rep. Shawn Sweeney for Criminal Justice and Public Safety. This bill would grow NH's relatively narrow death penalty law to be one of the broadest in the country by adding an expansive definition of "weapon of mass destruction" to include nearly any weapon, device, or drug, and expanding the class of victims to include any person enjoying a right or privilege protected by the constitution (i.e. life.) Not recommending passage of this bill still leaves in place NH's death penalty statute for a list of heinous acts against vulnerable victims and law enforcement. Vote 11-4. Committee report adopted.

HB 1599-FN, relative to shining a laser pointing device at an aircraft or vessel, or at another person. **OUGHT TO PASS WITH AMENDMENT**.

Rep. John Martin for Criminal Justice and Public Safety. This bill as amended establishes penalties for offenses involving shining a laser pointing device at an aircraft or vessel, or at another person. The committee heard testimony from an active multi-engine aircraft pilot who described the experience of being illuminated on landing approach and explained the even greater dangers from the potential blinding of a lone pilot in a multi-engine cargo plane, or even a smaller private aircraft. This is a dangerous practice that has even occurred in New Hampshire and the perpetrators are difficult to locate from a fast moving aircraft. Previously, the only recourse was to notify federal authorities who would not be in a position to respond quickly. The bill also exempts the legal use of lasers used in training classes, construction sites, medical personnel, and law enforcement. Vote 13-0.

Amendment (0252h)

Amend the bill by replacing section 1 with the following:

1 Assault and Related Offenses; Conduct Involving Laser Pointing Devices. Amend RSA 631:3-a to read as follows:

631:3-a Conduct Involving Laser Pointing Devices.

- I.(a) Any person who knowingly shines the beam of a laser pointing device at an occupied motor vehicle, vessel, or window, or at a person shall be guilty of a violation and the laser pointing device shall be seized and forfeited upon conviction.
- (b) Any person who knowing \bar{l}_y shines the beam of a laser pointing device at an occupied aircraft shall be guilty of a misdemeanor and the laser pointing device shall be seized and forfeited upon conviction.
- II. [Notwithstanding the provisions of paragraph I,] Any person who knowingly shines the beam of a laser pointing device at a law enforcement officer or law enforcement vehicle shall be guilty of a class A misdemeanor and the laser pointing device shall be seized and forfeited upon conviction.
- III. It shall be an affirmative defense under this section if the laser pointing device was used in an organized meeting or training class by the instructor or speaker. Nothing in this section shall be construed so as to limit the use of medical lasers by qualified medical personnel, or construction lasers used by construction personnel in the course of their work, or laser devices utilized by law enforcement personnel in the performance of their official duties.

AMENDED ANALYSIS

This bill establishes penalties for offenses involving shining a laser pointing device at an aircraft or vessel, or at another person.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 1600-FN, prohibiting the possession of a flame thrower. INEXPEDIENT TO LEGISLATE. Rep. David Welch for Criminal Justice and Public Safety. This bill would prohibit the use or possession of a flame throwing device. The penalty for such action would be a class B misdemeanor. The only entity that could use or possess such a device would be a firefighter employed by a fire department or fire fighting agency of the federal, state or municipality. There have been no reported incidents in the State of NH involving flame throwing so the committee voted unanimously to ITL the bill. Vote 12-0. Rep. Burt requested a roll call; sufficiently seconded.

and the committee report was adopted.

HB 1626-FN, relative to drug take-back programs. OUGHT TO PASS WITH AMENDMENT. Rep. Arthur Barnes for Criminal Justice and Public Safety. This bill expands the current drug take-back program offered in locations throughout the state. Currently a local, county, regional, state, or other governmental entity or a private entity in conjunction with the chief law enforcement officer of a law enforcement agency may establish a controlled and non-controlled pharmaceutical take back program. This bill would allow such collection locations to add illicit drugs such as cocaine, heroin, and paraphernalia to the program. It also provides amnesty to individuals who voluntarily return unused drugs for collection. It allows collection centers to provide the individual returning the drugs an opportunity to speak with an employee, staff member, or volunteer who may aid them in finding suitable rehabilitation assistance. Vote 13-1.

Amendment (0221h)

Amend RSA 318-E:1, I as inserted by section 2 of the bill by replacing it with the following:

I. A local, county, regional, state, or other governmental entity or private entity in conjunction with the chief law enforcement officer of a law enforcement agency may establish a controlled and non-controlled pharmaceutical [drug] and illicit drug and drug paraphernalia take-back program. For the purposes of this chapter, ["pharmaceutical drug'] "drug" means a prescription or overthe-counter drug, including, but not limited to, controlled drugs as defined in this chapter and any illicit drugs such as cocaine, heroin, and paraphernalia.

Amend RSA 318-E:1, VII and VIII as inserted by section 2 of the bill by replacing them with the following:

VII. Persons who return drugs or paraphernalia may be provided with the opportunity to speak with an employee, staff member, or volunteer who shall aid them in finding suitable rehabilitation assistance.

AMENDED ANALYSIS

This bill adds illicit drugs and drug paraphernalia to the drug take-back programs. Under this bill, the drug take-back program may have an on site employee, staff member, or volunteer to offer aid to persons returning the drugs in finding suitable rehabilitation assistance.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 1632-FN, establishing a criminal penalty for providing a firearm to a person prohibited from possessing a firearm. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS. Rep. John Burt for the Majority of Criminal Justice and Public Safety. This bill is trying to fix an issue which is already in law. Pursuant to RSA 159:7: "No person shall sell, deliver, or otherwise transfer a pistol, revolver or any other firearm, to a person who has been convicted, in any jurisdiction, of a felony. Whoever violates the provisions of this section shall be guilty of a class B felony." The majority of the committee feels current law is more than adequate. Vote 7-6.

Rep. Len DiSesa for the Minority of Criminal Justice and Public Safety. The minority of the committee believes that this is a reasonable bill. This bill does not impact anyone's right to possess a firearm as long as they are not prohibited from ownership according to RSA 159. What this bill does is ensure that in a private sale of a firearm, the person selling or giving the firearm could be liable to prosecution if he or she completes the transaction and has knowledge that the person buying the firearm is prohibited from owning it. This is a common sense application of gun safety that makes the community safer. It in no way interferes with anyone's second amendment right to own

a firearm, as long as that person is not prohibited from doing so by already-established law. It is not difficult in this age of easy internet information access to perform a cursory query on anyone. A firearm is not a benign piece of equipment, like a snow blower or an automobile. It has deadly force capabilities and its sale or transfer should have, at the very least, a baseline of information gathering by the seller to ensure that it will not be sold or given to a person who is prohibited from owning it. The minority of the committee strongly believes that this bill should pass.

The question being adoption of the majority committee report of Inexpedient to Legislate. On a division vote, with 197 members having voted in the affirmative, and 106 in the negative, the majority committee report was adopted.

HB 1635-FN, relative to the theft of a firearm during a burglary. **INEXPEDIENT TO LEGISLATE.** Rep. Ed Comeau for Criminal Justice and Public Safety. This bill is relative to the penalty for theft of a firearm during a burglary. The bill attempts to make the penalty a class A felony under RSA 651:2, II-g. It is the committee's opinion that this would be duplicative, as RSA 637:11, I, (b) accomplishes the same, as such theft is already considered a class A felony under that statute. Vote 11-4. Committee report adopted.

HB 1657-FN, prohibiting firearms in certain public places. INEXPEDIENT TO LEGISLATE. Rep. John Burt for Criminal Justice and Public Safety. This bill sought to prohibit NH citizens from carrying a firearm in private businesses that provide medical services, pharmacies, convenience stores, box stores, other retailers and churches. This bill would subject NH citizens who accidentally go into one of these private businesses or churches with a firearm with being charged with a class B felony. Even if the owner of the private business or the preacher, reverend, etc. of a church had a firearm, they would be charged with a class B felony. It would force some major retailers to stop selling some of their products in NH. If you look line by line on the bill it would disarm the NH citizen throughout the state. The committee heard from only one supporter. We heard from many people who spoke against this bill. Not one private business or church spoke in favor of this bill. This bill will not serve private businesses, churches or NH citizens. Vote 11-2. Rep. Baldasaro requested a roll call; sufficiently seconded.

and the committee report was adopted.

Rep. Cynthia Chase did not vote and notified the Clerk that she wished to be recorded against. Reps. Bickford and McLean voted Nay and intended to vote Yea.

HB 1225, permitting high school students who are members of the armed forces to wear their uniforms at graduation. OUGHT TO PASS WITH AMENDMENT.

Rep. Ralph Boehm for Education. This bill allows students who have completed their armed forces military boot camp to wear their dress uniform instead of the cap and gown at graduation. Some schools already allow this. These students finish high school early, join the military, complete basic training and then come back to graduate with their class. The amendment clarifies the bill by utilizing existing Pennsylvania Law. This act will be known as Brandon's Law. Vote 19-0.

Amendment (0613h)

Amend the bill by replacing all after the enacting clause with the following:

1 Title. This act shall be known as Brandon's Law.

2 New Subdivision; Military Uniforms. Amend RSA 189 by inserting after section 70 the following new subdivision:

Military Uniforms

189:71 Military Uniform. A student shall have the right to wear a dress uniform issued to the student by a branch of the United States armed forces while participating in the graduation ceremony for the student's high school if that student meets the following requirements:

I. The student has fulfilled all of the requirements for receiving a high school diploma in the state of New Hampshire and the school district and is otherwise eligible to participate in the graduation ceremony.

II. The student has completed basic training for and is an active member of a branch of the United States armed forces.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill provides that a student shall have the right to wear a dress uniform issued to the student by a branch of the United States armed forces while participating in the graduation ceremony for the student's high school if the student meets certain requirements.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Horn requested a roll call; not sufficiently seconded.

On a division vote, with 292 members having voted in the affirmative, and 12 in the negative, the committee report was adopted and ordered to third reading.

HB 1232, relative to visits to schools by non-academic government or private organizations. OUGHT TO PASS WITH AMENDMENT.

Rep. Victoria Sullivan for Education. This bill as amended requires parental notification prior to outside organizations addressing or interacting with students. It was made clear in the committee hearing that the public school system has become a gateway for non-academic entities to access children without parental notification. Furthermore, there have been situations where well intentioned organizations have been asked to address students without parental notification, which lead to misunderstandings and in some cases, great embarrassment to school districts. This simply re-enforces communication between parents and districts in order to alleviate such issues in the future. The NH School Board's Association supports HB 1232 as amended. Vote 13-5.

Amendment (0532h)

Amend RSA 186:11, IX-e as inserted by section 1 of the bill by replacing it with the following:

IX-e. Require school districts to adopt a policy governing visits to the school by a non-academic government or private organization that will address the student body or a portion thereof. The policy shall require school districts to notify a parent or legal guardian of such visits and their purpose. The school district shall publish the purpose of such visit at the school and on the school or school district's website, for review by a student's parent or legal guardian at least 10 days prior to the organization's visit. The policy shall also allow a parent or legal guardian to opt their child out of any participation with the organization. In this paragraph, "non-academic government or private organization" means any organization that elicits, presents, or reveals information concerning a student's social behavior, family life, religion, politics, sexual orientation, sexual activity, drug use, or any other information not related to a student's academics.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 1612-FN, relative to the age for purposes of compulsory education. INEXPEDIENT TO LEGISLATE.

Rep. Robert Elliott for Education. The State of New Hampshire has moved forward since raising compulsory education attendance to age 18 and believes there are many new and successful programs for those students 16 and over who do not do well with traditional curriculums. Career Technical Education (CTE), or trade schools as we once called them, are tremendously successful. We have a responsibility to provide an education at all levels of intellectual ability. Vote 16-4. Committee report adopted.

BILLS REMOVED FROM THE CONSENT CALENDAR

HB 1329, relative to prohibited sales of alcoholic beverages. OUGHT TO PASS WITH AMEND-MENT.

Rep. Rebecca McBeath for Commerce and Consumer Affairs. The original purpose of this bill to redefine the meaning of "intoxication," while the committee thought this was a substantive issue; the majority decided it would not pursue this matter at this time. However, the drafters of this bill did bring to the committee's attention two other issues that were ripe for addressing and were relative to the same statute. 1) An issue relative to the shipping companies for the direct shipping law and 2) when an administrative hearing is required of an licensee that the licensee should know what exactly they are being charged with violating. The amendment, which replaces the original bill, clarifies that the NH Liquor Commission shall notify licensed common carriers who bring alcohol into the State of NH (such as UPS and FedEx) on a monthly basis of the identity of unauthorized shippers. The licensed carrier shall not transport any liquor, wine, or beverage within a 90-day period once such notification

has been published. On the second issue, the Liquor Commission agreed to promulgate rules regarding the specificity of its charging documents under RSA 179:5 Prohibited Sales, to specifically identify the violation as either being because the individual served was "visibly intoxicated," OR the individual was "someone who a reasonable and prudent person would know is intoxicated." Vote 18-0.

Amendment (0848h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to transportation of alcoholic beverages.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Carrier Licenses. Amend RSA 178:14 by inserting after paragraph II the following new paragraph:

III. A licensed carrier shall not transport any liquor, wine, or beverage within a 90-day period that has been identified by the commission as originating from a person who does not hold a valid New Hampshire direct shipper permit, provided that such identification has first been provided to and received by the licensed carrier in writing. The commission shall notify carriers by mail on a monthly basis of the identity of unauthorized shippers, which notification shall be effective 15 days after such mailing. The commission may impose a fine by rule for violations within the reporting month per shipper.

2 Prohibited Sales. Amend RSA 179:5, I to read as follows:

I. No licensee, salesperson, direct shipper, common carrier, delivery agent, nor any other person, shall sell or give away or cause or allow or procure to be sold, delivered, or given away any liquor or beverage to a person under the age of 21 or serve an individual who is visibly intoxicated or who a reasonable and prudent person would know is intoxicated. For all deliveries of packages by common carrier or delivery agent marked "alcoholic beverages" or "alcoholic products," the carrier shall obtain an adult signature. [A licensed carrier shall not transport any liquor, wine, or beverage that has been identified by the commission as originating from a person who does not hold a valid New Hampshire direct shipper permit, provided that such identification has first been provided to and received by the licensed carrier in writing. The commission shall notify carriers by mail on a monthly basis of the identity of unauthorized shippers, which notification shall be effective 15 days after such mailing.]

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill revises provisions relating to prohibited transportation of alcoholic beverages. Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 1311, relative to solitary confinement. INEXPEDIENT TO LEGISLATE.

Rep. Dick Marston for Criminal Justice and Public Safety. This bill does not address issues or conditions that arise in New Hampshire state or county prisons. The anecdotal evidence presented in testimony to the committee referred to practices in other states. Solitary confinement, as described in the bill, is not a condition of confinement used by the New Hampshire Department of Corrections or the various counties. This bill is a solution searching for a problem that does not exist in NH prisons or in complaints from inmates. Vote 8-3. Committee report adopted.

Committee report adopted.

HB 1466, relative to labeling requirements for certain homestead food operations. INEXPEDIENT TO LEGISLATE.

Rep. Christy Bartlett for Environment and Agriculture. This bill would no longer require that homestead food producers attach labels to their products. This includes the homestead food producers who are not subject to inspection by the Department of Health and Human Services and are unlicensed. The bill would have allowed a producer to use a sign and business card to identify the ingredients and producer information for these products at point of sale. The majority of the committee felt that the minimal requirement of having a label that listed the ingredients was not a burden and we heard no testimony from any producer who felt this caused a hardship. Many people have allergies and must be aware of what they eat. Some foods, such as jams and jellies, might be given as a gift and the end user might not be able to obtain information about the ingredients. From a food safety standpoint, it could be very difficult to track a product that did not contain identifying information in the event of a contamination event. For these and other reasons, the committee does not recommend this bill. Vote 15-1. Committee report adopted.

HB 1370, relative to termination of tenancy. OUGHT TO PASS WITH AMENDMENT.

Rep. Timothy Horrigan for Judiciary. This bill, as amended, represents a compromise between landlord and tenant advocates. Landlords would benefit because 7-day evictions could be carried out when tenants fail to establish utility service, or when unauthorized persons stay on the premises for extended periods. Tenants would benefit because evictions (either 7-day or 30-day) would require a writ of summons, which must be filed in the district court for the municipality where the property is located. Vote 10-1.

Amendment (0433h)

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4:

- 3 Actions Against Tenants; Venue. Amend RSA 540:13, I to read as follows:
- I. A writ of summons [may] shall be issued, returnable before [a] the district court with jurisdiction over the city or town where the property is located, setting forth in substance that the plaintiff is entitled to the possession of the demanded premises, and that the defendant is in possession thereof without right, after notice in writing, to quit the same at a day named therein. Committee amendment adopted.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 1422-FN, creating an exemption from the business profits tax for new businesses in New Hampshire. INEXPEDIENT TO LEGISLATE.

Rep. Gary Azarian for Ways and Means. This bill proposes an exemption from the Business Profits Tax only for new businesses locating in the state that can show they are employing at least four persons. This legislation establishes no controls over how many times a business entity may apply for the exemption. It creates unrealistic parameters by which an entity could qualify for the exemption. It establishes that the new business employ NH residents, demonstrate good corporate citizenship, and partner with local colleges or universities to offer internships, but provides no clear guidance on how that would be administered or audited. Vote 19-0. Committee report adopted.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Hinch moved that the House reconsider it action whereby, on a voice vote, the House adopted the committee report of Ought to Pass with Amendment on **HB 2016**, relative to the state 10-year transportation improvement program.

Rep. Hinch spoke against. Rep. Goley spoke in favor.

Rep. Victoria Sullivan requested a roll call; sufficiently seconded.

REGULAR CALENDAR CONT'D

HB 1250, relative to medical neglect of children. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE. Rep. Daniel Itse for the Majority of Children and Family Law. This bill ensures that parents who have

taken their child to the doctor and are following a prescribed treatment are not accused of medical neglect, even if the state identifies and orders an alternative treatment. It does not affect the existing religious exemption, nor does it change the status of parents who do not seek counsel. Vote 7-6. Rep. Skip Berrien for the Minority of Children and Family Law. This bill, intended to prevent unwarranted allegations of medical neglect, is based on a single unfortunate incident in a neighboring state. Although the bill was appropriately created, it raised complex issues of unintended consequences which could not be resolved.

Majority Amendment (0797h)

Amend RSA 169-C:31-a as inserted by section 1 of the bill by replacing it with the following:

169-C:31-a Medical Neglect. No parent or legal guardian shall be petitioned or charged with abusing or neglecting a child's need for medical care if:

- I. The parent or legal guardian has sought medical care for the presenting medical condition of the child from a licensed health care professional;
 - II. The licensed health care professional has made a diagnosis;
- III. The licensed health care professional has prescribed a generally accepted course of standard treatment; and
 - IV. The parent or legal guardian is following the recommended course of treatment.

AMENDED ANALYSIS

This bill provides that a parent or legal guardian shall not be petitioned or charged with abuse or neglect of a child's need for medical care if the parent or guardian follows a recommended course of treatment from a licensed health care professional.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Valerie Fraser offered floor amendment (0971h).

Floor Amendment (0971h)

Amend the bill by replacing section 1 with the following:

1 New Section; Child Protection Act; Reporting Law; Medical Neglect. Amend RSA 169-C by inserting after section 31 the following new section:

169-C:31-a Medical Neglect.

- I. No parent or legal guardian of a minor child shall be petitioned or charged with abusing or neglecting a child's need for medical care if:
- (a) The parent or legal guardian has sought medical care for the presenting medical condition of the child from a licensed or certified health care professional;
 - (b) The health care professional has made a diagnosis, if known; and
- (c) The parent or legal guardian has given informed consent as described in paragraph II and is following the recommended course of treatment.
- II. In order to obtain the parent or guardian's informed consent, the health care professional shall disclose all risks and benefits that might affect the minor child's treatment decisions, which shall include, but are not limited to:
 - (a) The condition being treated.
 - (b) The nature and purpose of the proposed treatment or surgical procedure.
 - (c) The risks and benefits of proposed treatment or procedures.
 - (d) The anticipated results.
- (e) The risk and benefits of possible alternative forms of treatment, regardless of cost or extent of insurance coverage.
- (f) Recognized serious possible risks, complications, and anticipated benefits involved in the treatment or surgical procedure.
 - (g) Risks and benefits of not receiving treatments or undergoing procedures.
 - (h) Any personal or economic interests that may influence his or her judgment.
 - (i) All diagnostic tests that may rule out a possible condition.
 - III. Informed consent shall be provided in writing, on a form that contains the following information:
 - (a) The name and signature of the minor child's parent or legal guardian.
 - (b) The name of the hospital.
 - (c) The name of the procedure.
 - (d) The name of all practitioners performing the procedure and any significant individual tasks.
 - (e) The risks.
 - (f) The benefits.
 - (g) Alternative procedures and treatments and their risks.
 - (h) The date and time consent is obtained.
 - (i) A statement that the procedure was explained to the child's parent or legal guardian.
 - (j) The signature of the person witnessing the consent.

(k) The name and signature of health care professional who explained the procedure to the child's parent or legal guardian.

AMENDED ANALYSIS

This bill provides that a parent or legal guardian shall not be petitioned or charged with abuse or neglect if the parent or guardian is following the recommended course of treatment of a health care professional. The bill requires the parent or guardian to give informed consent for such treatment and defines informed consent in such cases.

Rep. Valerie Fraser spoke in favor.

Rep. Berrien spoke against.

On a division vote, with 131 members having voted in the affirmative, and 165 in the negative, floor amendment (0971h) failed.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Berrien spoke against.

Rep. Itse spoke in favor and requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HB 1471, relative to parental rights. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Daniel Itse for the Majority of Children and Family Law. This bill recognizes in statute the parental rights that the state supreme court acknowledges are implicit in Part I, Article 2 of our state constitution. This is a statutory implementation of the constitution that is necessary to make it effective. Vote 8-5.

Rep. Skip Berrien for the Minority of Children and Family Law. This bill, asserting the natural rights of parents over their children, presents unintentional consequences regarding the rights of parents and the best interest's standard for children. RSA 461-A establishes the best interest standard in parental rights and responsibility divorce court orders when parents cannot agree. This bill will cause confusion at the expense of children. This erodes protections (RSA 173-B) for victims and children in domestic violence. Protection of children in abuse and neglect proceedings (RSA 169-C) would be jeopardized by this bill. The United States and New Hampshire Supreme Courts have consistently recognized the natural rights of fit parents. This bill is not necessary and threatens the best interest of children.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Berrien spoke against.

Rep. Itse spoke in favor and requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

HB 1139, establishing a committee to examine state protections from financial fraud. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Harold French for the Majority of Commerce and Consumer Affairs. After deliberations, the majority of the committee determined that creating an entire new state agency in the form of a financial services unit to investigate and prosecute financial crimes was a duplication of duties already performed by the Attorney General's office. Creating a legislative committee to study the feasibility is an unwise use of resources. Vote 12-8.

Rep. Kermit Williams for the Minority of Commerce and Consumer Affairs. This bill would create a study committee to look at specific solutions to avoid the problems seen in the aftermath of the Financial Resources Mortgage, Inc. (FRM) financial fraud case. Poor decisions made by state regulators and actions taken in the aftermath of the fraud made the impact on fraud victims much worse, launched a years-long series of investigations, and gave New Hampshire's financial regulation a black eye. The minority believes that studying how we should change the state's potential actions in the aftermath of a future financial fraud case – because one will happen sooner or later – is critical to protecting the reputation of New Hampshire as a good state in which to do business and invest your money. The minority also recognizes, as the rest of the legislature should, that as a part-time legislature with very limited staff, study committees are the main mechanism to vet solutions to complex problems and create appropriate legislation. Any issue that doesn't have a black and white answer deserves a study committee – that's how we work together to craft good legislation.

The question being adoption of the majority committee report of Inexpedient to Legislate. On a division vote, with 194 members having voted in the affirmative, and 106 in the negative, the majority committee report was adopted.

HB 1348, repealing the exemption for certain transactions under the consumer protection act. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. John Hunt for the Majority of Commerce and Consumer Affairs. The majority of the committee believes this bill is an ill-advised attempt to change an effective and well-designed system of protecting NH consumers that balances protections under laws governing individual highly regulated industries with those under the Consumer Protection Act (CPA). This bill proposed splitting regulation of our financial services industries, banks and credit unions, as well as insurance companies and securities firms, into two different systems by repealing CPA exemptions that have been in place since the act took effect in 1971. The basis for the current exemption is that these entities are highly regulated by other state and federal agencies, and subject to significant examination and oversight. If this bill were to pass, the state would treat banks, insurers and securities firms differently, depending on how they are chartered. For instance, NH based credit unions and banks that happen to hold a national charter would become subject to individual and class action lawsuits. Credit unions and banks that happen to be headquartered out of a nearby state, with a strong local presence in NH, would now fall under the CPA. Banks doing business here under a state charter would remain exempt from the act. Such an action would bifurcate NH's financial services industry, creating an uneven playing field. The legislature has always recognized the importance of maintaining an even playing field, allowing for a diverse and strong financial services community in the state. Some of the smallest local credit unions and local banks that hold national charters - would be exposed to the constant threat of costly and time-consuming lawsuits. The committee heard that this discriminatory approach to regulation would be unconstitutional under the Commerce Clause of the US Constitution. Under the Dodd-Frank Act of 2010, the state would undoubtedly be open to the expense of legal challenges for implementing financial laws that discriminate against institutions based on whether they are chartered by federal or state law. The Insurance Department testified that state insurance regulators have long coordinated their enforcement actions. New Hampshire officials have ordered companies to pay millions of dollars in restitution that the CPA allows, quickly and without the expense of the lengthy court battles that the bill would encourage. State insurance officials testified that they cannot imagine a single instance that would require this passage of this bill. The AG's office argued that the current law blocked it from joining a multi-state settlement against Standard and Poors (S&P). This testimony was countered by testimony from the Bureau of Securities Regulation. In addition, others testified that the AG could have participated in the settlement, and was not limited by the CPA exemption. Only 19 states took part in the S&P lawsuit, despite the fact that many of them have laws that would have allowed them to sign on. New Hampshire securities laws already provide avenues for the state to pursue for deceptive

and fraudulent actions. In fact, state securities regulators are now investigating S&P's behavior in the rating of mortgage-backed securities. The S&P situation is a single, isolated incident that has not yet played itself out. It's important to note that the current CPA exemption has not prevented the state from participating in several national settlements involving the financial services industry. If the claim is the AG was barred from participating because of this exemption, why was the state able to participate in similar national settlements? Dodd-Frank also gave state attorneys general the right to file consumer protection actions in federal court and seek hefty penalties of up to \$1 million a day. The AG has the ability to enforce federal consumer protection regulations and need only notify the Consumer Final Protection Bureau of its intent to do so. The AG can pursue these cases today, without any change in the law. The majority of the Commerce and Consumer Affairs Committee do not believe that the legislature should be changing a well-established and effective law in response to isolated situations like the one the AG described. To do so would discourage relocation and expansion of critical financial services here, at the risk of harming the state's overall business environment. Vote 10-9.

Rep. David Luneau for the Minority of Commerce and Consumer Affairs. When it comes to fraud, New Hampshire citizens have no right under the Consumer Protection Act (CPA) to take legal action against federally chartered financial institutions and insurance companies regulated by other states or the federal government. In fact, according to the Consumer Protection Bureau of the AG, the state even lost out in a \$20M settlement connected with inflated ratings of mortgage-backed securities that helped fuel the financial crisis. New Hampshire has some of the weakest laws in the country when it comes to fraud. This bill repeals the exemptions under the CPA for these products and services used by nearly everyone in the state, and allows citizens and the state to take legal action against these banks, securities firms and insurance companies when they commit fraud.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Jones requested a roll call; sufficiently seconded.

Irwin, Virginia	Oxenham, Lee	Schmidt, Andrew	

and the majority committee report was adopted.

HB 1608-FN, relative to uniform prior authorization forms. OUGHT TO PASS WITH AMENDMENT. Rep. Edward Butler for Commerce and Consumer Affairs. This bill requires that the Insurance Department create an acceptable uniform 2-page form that will be used by all health care providers when justifying medication orders to insurance carriers and pharmacy benefit managers. These documents are called prior authorization forms. Currently each health insurance company has its own prior authorization form which could be 1, 2 or even 4 pages and each form requests different information. A uniform process will streamline the administrative burden for health care providers. Several other states are already using uniform prior authorization forms. Managed care organizations are exempt from this bill since this process is regulated differently through the Department of Health and Human Services. Vote 16-2.

Amendment (0799h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Utilization Review; Prior Authorization Forms. Amend RSA 420-J:6 by inserting after paragraph VI the following new paragraph:

VII. All health insurers, health maintenance organizations, health services corporations, medical services corporations and preferred provider programs, including Medicaid managed care entities under RSA 126-A:5, XIX, shall, when requiring prior authorization for a prescription drug, use and accept only the prior authorization form described in this paragraph.

(a) On or before March 1, 2017, the commissioner shall adopt rules, pursuant to RSA 541-A, specifying the contents of the uniform prior authorization form for prescription drug benefits, consistent with the requirements of this paragraph. In developing the form, the commissioner shall seek input from interested stakeholders, and shall consider standards established by the federal Centers for Medicare and Medicaid Services and any other national standards pertaining to prior authorization.

(b) The prior authorization form adopted under this paragraph shall:

(1) Not exceed 2 pages;

- (2) Be made available electronically; and
- (3) Be capable of being submitted electronically.
- (c) If an entity listed in this paragraph fails to use or accept the uniform prior authorization form, or fails to respond within 2 business days after receiving a completed prior authorization request from a provider, the prior authorization request shall be deemed to have been granted.
- (d) Nothing in this paragraph shall prohibit use of prior authorization methodology that utilizes an Internet webpage, Internet webpage portal, or similar electronic, Internet, and web-based system in lieu of a paper form, provided that the form used is consistent with the rules developed under this paragraph.

(e) Nothing in this paragraph shall prohibit the use of prior authorization for prescription drug benefits.

2 New Section; Licensure of Medical Utilization Review Entities; Uniform Prior Authorization Forms for Prescription Drug Benefits. Amend RSA 420-E by inserting after section 4 the following new section:

420-E:4-a Uniform Prior Authorization Forms for Prescription Drug Benefits.

I. All licensees under this chapter shall, when requiring prior authorization for a prescription drug, use and accept only the prior authorization form adopted by the commissioner under RSA 420-J:6, VII.

II. If a licensee fails to use or accept the uniform prior authorization form, or fails to respond within 2 business days after receiving a completed prior authorization request from a provider, the prior authorization request shall be deemed to have been granted.

III. Nothing in this section shall prohibit use of prior authorization methodology that utilizes an Internet webpage, Internet webpage portal, or similar electronic, Internet, and web-based system in lieu of a paper form, provided that the form used is consistent with the rules developed under RSA 420-J:6, VII.

IV. Nothing in this section shall prohibit the use of prior authorization for prescription drug benefits.

V. This section shall apply to RSA 420-J and shall not apply to the Medicaid managed care program under RSA 126-A:5, XIX.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires health insurers, health maintenance organizations, health services corporations, medical services corporations, preferred provider programs, and Medicaid managed care entities to use and accept only the uniform prior authorization forms developed by the commissioner of insurance in accordance with rules adopted pursuant to RSA 541-A.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Butler offered floor amendment (0917h).

Floor Amendment (0917h)

Amend the introductory paragraph of RSA 420-J:6, VII as inserted by section 1 of the bill by replacing it with the following:

VII. All health insurers, health maintenance organizations, health services corporations, medical services corporations, and preferred provider programs shall, when requiring prior authorization for a prescription drug, use and accept only the prior authorization form described in this paragraph.

AMENDED ANALYSIS

This bill requires health insurers, health maintenance organizations, health services corporations, medical services corporations, and preferred provider programs to use and accept only the uniform prior authorization forms developed by the commissioner of insurance in accordance with rules adopted pursuant to RSA 541-A.

Rep. Butler spoke in favor.

Floor amendment (0917h) adopted.

Committee report adopted and ordered to third reading.

HB 1697-FN, relative to the operation and insurance of transportation network companies. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Laurie Sanborn for the Majority of Commerce and Consumer Affairs. This is a pro-consumer and pro-business bill that will enable a new, emerging industry to flourish and offer more transportation choices to NH residents and visitors. As stated by several chambers of commerce throughout our state, this legislation creates a logical, fair, and efficient regulatory framework and avoids the potential for a confusing and inconsistent patchwork of regulations created by individual communities. Importantly, the bill clarifies three different tiers of insurance coverage for when a driver is using his or her personal vehicle, when the driver logs onto the Transportation Network Company's (TNC) digital network but is not engaged in a prearranged ride, and when the driver is engaged in a prearranged ride, to ensure there is no gap in coverage. The committee amendment reduces the minimum amount of liability insurance from \$1,000,000 to \$300,000, allows TNCs to accept cash as a form of payment, and allows non-electronic receipts in an effort to encourage new companies and new types ride sharing models to be created in our state. It also adds requirements to ensure that that the driver is notifying their insurance company and becomes aware of any lien holder requirements. Vote 15-2.

Rep. Christopher Herbert for the Minority of Commerce and Consumer Affairs. This bill does not pay for itself. There are 1,000 ride-sharing vehicles in NH already and unlike any other business under the jurisdiction of the Commerce Committee, this industry does not pay its way. Its' first year costs are over \$100,000 and annual costs are \$70-\$80,000 according to Department of Safety estimates, if they need to hire people. The minority would support Inexpedient to Legislate until a common sense, per driver fee can be imposed to pay the bills.

Majority Amendment (0876h)

Amend RSA 376-A:5 as inserted by section 1 of the bill by replacing it with the following:

376-A:5 Fare. On behalf of a TNC driver, a TNC may charge a fare for the services provided to riders; provided that, if a fare is collected from a rider, the TNC shall disclose to the rider the fare calculation method on its website or within the vehicle or the software application service. The TNC shall also provide riders with the applicable rates being charged and the option to receive an estimated fare before the rider enters the TNC driver's vehicle.

Amend RSA 376-A:7 as inserted by section 1 of the bill by replacing it with the following:

376-A:7 Receipt. Within a reasonable period of time following the completion of a trip, a TNC shall transmit an itemized receipt to the rider on behalf of the TNC driver.

Amend RSA 376-A:8, IV(a) as inserted by section 1 of the bill by replacing it with the following:

(a) Primary automobile liability insurance that provides at least \$300,000 for death, bodily injury, and property damage.

Amend RSA 376-A:8 as inserted by section 1 of the bill by inserting after paragraph IX the following new paragraph:

X. Every TNC driver shall contact the driver's personal vehicle insurer or insurance producer to advise the insurer or producer that the driver will be providing TNC services.

Amend RSA 376-A:9 as inserted by section 1 of the bill by replacing it with the following:

376-A:9 Disclosures. Every TNC shall disclose in writing to the TNC driver the following:

I. The insurance coverage, including the types of coverage and the limits for each coverage, that the TNC provides while the TNC driver uses a personal vehicle in connection with a TNC's digital network.

II. That the TNC driver's own motor vehicle insurance policy might not provide any coverage while the TNC driver is logged on to the TNC's digital network or is engaged in a prearranged ride, depending on its terms.

III. That the TNC driver shall contact the driver's personal vehicle insurer or insurance producer

to advise the insurer or producer that the driver will be providing TNC services.

IV. That if the personal vehicle that the TNC driver uses to provide TNC services has a lien against it, using the personal vehicle for TNC services without physical damage coverage may violate the terms of the contract with the lienholder.

V. That if a TNC's insurer makes a payment for a claim covered under comprehensive coverage or collision coverage, the TNC shall cause its insurer to issue the payment directly to the business repairing the personal vehicle or jointly to the owner of the personal vehicle and the primary lienholder on the covered personal vehicle.

Amend RSA 376-A:16-376-A:19 as inserted by section 1 of the bill by replacing them with the following:

376-A:16 Discrimination Prohibited Accessibility.

I. The TNC shall adopt a policy of nondiscrimination on the basis of destination, race, color, national origin, religious belief or affiliation, sex, disability, age, sexual orientation, or gender identity with respect to riders and potential riders and notify TNC drivers of such policy.

II. TNC drivers shall comply with all applicable laws regarding nondiscrimination against riders or potential riders on the basis of destination, race, color, national origin, religious belief' or affiliation, sex, disability, age, sexual orientation, or gender identity.

III. TNC drivers shall comply with all applicable laws relating to accommodation of service animals.

IV. No TNC shall impose additional charges for providing services to persons with physical disabilities because of such disabilities.

V. Every TNC shall provide riders an opportunity to indicate whether they require a wheelchair accessible vehicle. If a TNC cannot arrange a wheelchair accessible prearranged ride in any instance, it shall direct the rider to an alternate provider of wheelchair accessible service, if available.

376-A:17 Records Every TNC shall maintain the following customer records:

I. Individual trip records for at least one year from the date each trip was provided.

II. TNC driver records at least until the one year anniversary of the date on which a TNC driver's customer relationship with the TNC has ended.

376-A:18 Controlling Authority. Notwithstanding any other provision of law, TNCs and TNC drivers are governed exclusively by this chapter and any rules by the department of safety consistent with this chapter. No municipality or other local entity may impose a tax on, or require a license for, a TNC, a TNC driver, or a vehicle used by a TNC driver where such tax or licenses relates to providing prearranged rides, or subject a TNC to the municipality's or other local entity's rate, entry, operational, or other requirements.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Horn spoke against.

Majority committee report adopted and ordered to third reading.

HB 1314, limiting the authority of state entities to regulate the sale, use, and possession of firearms. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert Cushing for Criminal Justice and Public Safety. This bill prohibits a state university, institution, or any other entity funded in whole or in part by the State of New Hampshire from instituting a firearms policy unless specifically referenced in statute. This bill would force New Hampshire hospitals, mental health facilities, substance abuse and recovery programs, shelters, half-way houses, visitation centers, and institutions of higher education, among others, to allow firearms on their premises unless specifically prohibited by statute. This far-reaching legislation could have potentially dangerous unintended consequences, and the committee heard testimony in opposition from some of the facilities that would be impacted regarding public safety concerns. The committee also heard compelling testimony from the Attorney General's office regarding the difficult choice that hospitals and service agencies would have to make choosing between the safety of their staff and patients or state funding. Vote 9-4.

Rep. Comeau spoke against.

Rep. Cushing spoke in favor.

Rep. Hoell requested a roll call; sufficiently seconded.

HB 1400, defining suitable person for the purpose of obtaining a license to carry a firearm and extending the term of the license. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. David Welch for the Majority of Criminal Justice and Public Safety. This bill removes the term "suitable person" from the licensing statute for a concealed weapons license. The Department of Safety objects to the change which substitutes the phrase "unless the applicant is prohibited by New Hampshire statute from both owning and possessing a firearm." This change makes it impossible for a police chief to deny an applicant who may own a firearm but because of that individual's drinking problem might not be suitable to carry a firearm concealed. If this language is adopted and a NH statute prohibited someone from possessing a firearm but did not prohibit the person from owning a firearm, the license would have to be issued because it states "owning and possessing." The current language of "suitable person" makes sense because it is difficult to imagine all the possible conditions that may make the applicant an unsuitable person. A person may have a past history of displaying a hair trigger temper or little self-control. He may have demonstrated other traits that would make a reasonable person doubt the applicant's ability to safely handle a firearm. There have been relatively few denials over the years and even fewer problems with those who currently possess a license to carry a concealed, loaded firearm. Vote 13-3.

Rep. Ed Comeau for the Minority of Criminal Justice and Public Safety. This bill removes the term "suitable person" for the purpose of obtaining a license to carry a firearm and it extends the term of the license from four to five years. The existing statute requires a selectman of a town, mayor, chief of police, full time police officer or sheriff to evaluate individuals who have submitted a license application. They are asked to use the undefined term: "and the applicant is a suitable person to be licensed." The minority argues that this term is too broad and gives no assistance to the issuer. This bill strikes that nebulous term and replaces it with the clear language of "unless the applicant is prohibited by New Hampshire statute from both owning and possessing a firearm." The minority believes this change will better assist the issuer as to what parameter should be used during evaluation and issuance.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Hoell spoke against.

Rep. Welch spoke in favor.

Rep. Burt requested a roll call; sufficiently seconded.

Rollins, Skip Laware, Thomas Cloutier, John Converse, Larry and the majority committee report was adopted.

HB 1546-FN, permitting the audio recording of a public servant performing a public function. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. John Burt for the Majority of Criminal Justice and Public Safety. This bill as amended will allow New Hampshire to become a one-party consent state to record oral communications between two people. Currently there are 39 states that allow one-party consent to record oral communications between two people. We also heard that under Glik v. Cunniffe, 655 F.3d 78 (1st Cir. 2011) the United States Court of Appeals for the First Circuit held that a private citizen has the right to record video and audio of public officials in a public place, and that the arrest of the citizen for a wiretapping violation violated his First and Fourth Amendment rights. The bipartisan majority agrees it is time for NH to join the other 39 states and allow one-party consent to record oral communications between two people. Vote 10-4. Rep. Geoffrey Hirsch for the Minority of Criminal Justice and Public Safety. The laudable goal of this bill as introduced was to increase government transparency and accountability and protect the right to free expression. Unfortunately, the practical impact of this bill as amended is to eliminate essential privacy protections that exist under current New Hampshire law. New Hampshire is one of about a dozen states that require all parties to a conversation to consent to be recorded under RSA 570-A:2. This is often referred to as "two-party" or "dual" consent. The purpose of our consent wiretapping statute as currently written is to protect innocent citizens from undue surveillance, whether by the state or other private individuals. It is intended to protect individuals' right to an expectation of privacy in their private conversations. This bill would severely weaken these protections and put the privacy of Granite Staters at risk. Moreover, the right to record the police and other government actors is already protected under the First Amendment of the U.S. Constitution. This protection was just recently confirmed by the federal appellate court with jurisdiction over New Hampshire in the case Gericke v. Begin, 753 F. 3d (1st Cir. 2014). NH law needs to protect our rights to privacy, not erode them by passing this bill.

Majority Amendment (0731h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the prohibition on interception and disclosure of telecommunication or oral communications.

Amend the bill by replacing all after section 1 with the following:

2 Repeal. RSA 570-A:2, I-a, relative to the penalty for knowing interception of a telecommunication or oral communication without consent, is repealed.

3 Effective Date. This act shall take effect January 1, 2017.

AMENDED ANALYSIS

The bill permits the interception of telecommunication or oral communications if at least one party consents to the recording. The bill also repeals the criminal penalty for the knowing interception of a telecommunication or oral communication without the consent of all parties to the communication, or the consent of one party as part of a criminal investigation.

MOTION TO LAY ON THE TABLE

Rep. Burt moved that **HB 1546-FN**, permitting the audio recording of a public servant performing a public function, be laid on the table.

Motion adopted.

MOTION TO PRINT REMARKS

Without objection, the Speaker ordered the remarks made by Rep. Burt during his Parliamentary Inquiry on **HB 1546-FN**, permitting the audio recording of a public servant performing a public function, be printed in the Permanent Journal.

REMARKS ON HB 1546-FN

Representative Burt: Thank you, Mister Speaker. Mister Speaker, I would like to make a motion and I'll speak very briefly on tabling HB 1549, 46, sorry.

Speaker Jasper: Rep. Burt moves that HB 1546 be laid upon the table and he is recognized for a parliamentary inquiry.

Representative Burt: Parliamentary inquiry? Okay, I'm glad I brought my sheet. Thank you, Mister Speaker. Mister Speaker, if I know that I put in an amendment on this bill, and if I also know, Mister Speaker, that it is rare that I am wrong? But, if I further know, Mister Speaker, I am wrong on this bill and lastly, Mister Speaker, if I promise not to call any more roll calls, will you please vote no and press the green button to table? Thank you.

REGULAR CALENDAR CONT'D

HB 1614-FN, relative to the criminal penalty for prostitution. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Laura Pantelakos for the Majority of Criminal Justice and Public Safety. The committee heard extensive testimony on this bill about the intersection between prostitution, sexual assault, and human trafficking - all of which are being exacerbated by opioid abuse here in New Hampshire. At the present time, the committee feels that passage of this bill, which, in part, would legalize prostitution for those over the age of 18, would be premature and could result in extensive unintended consequences. The committee has already voted to unanimously pass another bill, HB 1628, that will make it a class B felony to engage in sexual contact with a person under the age of 18, thus enhancing protections for minors who are trafficking victims and achieving what the second part of

this bill sought to do, which is a prudent step in the right direction. There are several statewide and regional multidisciplinary commissions working on the issues of prostitution and human trafficking and the committee feels it best to explore these issues further with input from stakeholders including victims, sex workers, law enforcement and victim advocates so that we can move forward knowing what is being done and what remains to be accomplished here in New Hampshire. Vote 13-3. Rep. Ed Comeau for the Minority of Criminal Justice and Public Safety. This bill establishes that consensual sex between consenting adults should not be illegal. In addition, the bill protects persons under the age of 18 from anyone using force or intimidation to be involved in prostitution. Any person that uses such tactics against a juvenile under this legislation would be subject to a felony. It is the minority opinion that this is a balanced approach toward consensual sex between adults, who mutually agree to the act, and the abhorrent behavior of sex slavery and human trafficking.

The question being adoption of the majority committee report of Inexpedient to Legislate. Rep. Edwards spoke against and yielded to questions.

MOTION TO LAY ON THE TABLE

Rep. Murphy moved that **HB 1614-FN**, relative to the criminal penalty for prostitution, be laid on the table.

On a division vote, with 152 members having voted in the affirmative, and 145 in the negative, the motion was adopted.

REGULAR CALENDAR CONT'D

HB 1631-FN, relative to penalties for possession of marijuana. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. John Martin for the Majority of Criminal Justice and Public Safety. The committee heard much testimony both for and against passage of this bill and was also subject to a very intense executive session and there are strong feelings on both sides of the issue. One fact that was frequently raised was that New Hampshire has already passed a medical marijuana bill and that we should take the next step. The only drawback to this argument is that, while medical marijuana has been approved, the system is not yet in place for delivery, and as such there is no information as to the performance or shortfalls of the system. Another argument was over the legalization of tobacco and alcohol and how marijuana would be another revenue stream. Legalizing anything in order to generate revenue is not good legislative policy, let alone another dangerous substance that can be and is abused. Marijuana was recognized as a dangerous substance, and to emphasize that point, some of the angriest testimony we heard was from self-admitted marijuana users. There was also much testimony from treatment providers against the bill and a very well prepared presentation from high school students outlining the perceived problems in high school. After initially passing in executive session, it was subsequently moved for reconsideration to amend the bill. Although the amendment passed, the bill was voted ITL on the second go around. Another consideration is that New Hampshire is investing a lot of time and money in the current drug crisis. To that end, we are hearing many bills that deal with expanding the availability of substances with the potential for abuse or addiction. It sends the wrong message to try to reduce one abused substance by offering substitutes. It would be counter-productive to increase the prevalence or facilitate the ease of acquiring any unsafe substance at this time. Vote 7-6.

Rep. Robert Cushing for the Minority of Criminal Justice and Public Safety. The minority believes it is time to stop making citizens who possesses a small amount of marijuana criminals, and instead treat marijuana as a public health matter. This bill reforms NH marijuana laws to make possession of a small amount of marijuana a violation, subject to a fine, instead of a misdemeanor crime subject to arrest, jail time, and a criminal record. It is similar to the steps taken by 19 other states, including all other New England states, to decriminalize marijuana possession, and is similar to decriminalization legislation that has been passed by the House six times since 2008. This bill does not endorse the use of marijuana, nor ignore the problems that can be associated with its use. Instead, it suggests that limited law enforcement and court resources should be applied more wisely and in accordance with public opinion. A UNH/WMUR poll released in July 2015 indicated that 72% of Granite Staters support decriminalizing marijuana. The bill provides that an individual could possess up to one-half ounce of marijuana without being subject to misdemeanor arrest, includes escalating fines for repeat violations and maintains current laws outlawing marijuana cultivation and sale. This bill seeks to stop making criminals out of citizens by placing our marijuana laws more in line with voter opinion, the New Hampshire Constitution, and common sense.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Martin spoke in favor.

Rep. Schroadter spoke against and yielded to questions.

Rep. Marston spoke in favor.

Rep. Maes requested a roll call; sufficiently seconded.

and the majority committee report failed.

Rep. Cushing moved the minority committee report of Ought to Pass.

Minority committee report adopted and ordered to third reading.

HB 1645, relative to carrying a pistol or revolver without a license. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Geoffrey Hirsch for the Majority of Criminal Justice and Public Safety. This bill makes it lawful to carry a loaded firearm exposed in an automobile. This can create serious safety risks to others in the vehicle, including children. This will also increase potential risks for accidental discharges, expose law enforcement to risks during routine traffic stops, and leave weapons r ore available for theft. Existing law, which prohibits transportation of loaded guns in vehicles, has served New Hampshire well since 1923 and makes even more sense today. This bill simply creates too many public safety concerns. Vote 8-5. Rep. Ed Comeau for the Minority of Criminal Justice and Public Safety. This bill amends the statute, RSA 159:4, relating to carrying a pistol or revolver concealed in a vehicle. The open display of a firearm is established in New Hampshire, holstered on the hip, shoulder, or thigh, anywhere it can be secured and in plain view. Existing law is in conflict with open carry when an individual who legally open carries then moves into a vehicle. The law then states that an individual needs to be licensed. The minority argues that the act of concealing can only be described as placing the firearm under a shirt, under a pant leg, obliterating the visual cue of the firearm. For example, if an observer is looking at the left hip of a person openly carrying a firearm, but the firearm is holstered on the right hip, it cannot be seen initially, but is considered "open carry." Therefore, it can be concluded that if the same individual sits in a vehicle with said firearm on the hip, shoulder, or thigh, secured in plain view and the firearm is not visually obliterated, the act is not concealed.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Spillane spoke against and yielded to questions.

Rep. Hirsch spoke in favor.

Fields, Dennis

Rep. Ammon requested a roll call; sufficiently seconded.

MOTION TO SUSPEND HOUSE RULES

Rep. Hinch moved that House Rules be so far suspended as to allow the remainder of bills on today's calendar be made Special Orders for the next Session date of March 23, 2016.

On a division vote, with 275 members having voted in the affirmative, and 25 in the negative, the

motion was adopted by the necessary two-thirds vote.

RESOLUTION

Rep. Hinch offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet, Wednesday, March 23, 2016 at 10:00 a.m.

LATE SESSION

Third Reading and Final Passage

HB 1252, permitting employers to pay wages to employees weekly or biweekly.

HB 1301, relative to the issuance of youth employment certificates.

HB 1322, relative to reports to the public employee labor relations board.

HB 1219-FN-L, relative to the repurchase of tax-deeded property by the former owner and the costs therefor.

HB 1382, relative to the referendum procedure for public water systems.

HB 1455, relative to the application of the municipal budget law to village districts wholly within

HB 1508, allowing public libraries to run certain privacy software.

HB 1349, relative to the Merrimack county superior court.

HB 2016, relative to the state 10-year transportation improvement program.

HB 297, protecting individual customer data from disclosure by a public utility.

HB 1116, relative to net metering.

HB 1148, relative to pipeline capacity contracts.

HB 1288, relative to the National Guard force protection policy.

HB 1132, relative to carrying a loaded rifle or loaded shotgun in certain vehicles.

HB 1154-FN, authorizing and regulating the use of license plate scanning devices.

HB 1445-FN, relative to tinted windows on motor vehicles.

HB 1198-FN-L, relative to the valuation of poles and conduits owned by telephone utilities.

HB 1247, relative to poker in private residences.

HB 1117, establishing a child support maximum under the guidelines based on the parents' combined income.

HB 1236, relative to hearings on modifications of parental rights and responsibilities.

HB 1248, relative to the waiver of counsel in juvenile delinquency proceedings.

HB 1280, relative to grounds for modification of parental rights and responsibilities.

HB 1188, relative to the brew pub license.

HB 1227, repealing provisions of law regulating Sunday business activities.

HB 1339, relative to the corporate governance annual disclosure act.

HB 1340, relative to producer licensing.

HB 1478, establishing a commission to develop a structure for the implementation of an alternative contract for health care payments.

HB 1540-FN, relative to direct shipments of beer.

HB 1451, relative to the annulment of certain criminal offenses.

HB 1547, prohibiting bestiality.

HB 1599-FN, relative to shining a laser pointing device at an aircraft or vessel, or at another person.

HB 1626-FN, relative to drug take-back programs.

HB 1225, permitting high school students who are members of the armed forces to wear their uniforms at graduation.

HB 1232, relative to visits to schools by non-academic government or private organizations.

HB 1329, relative to transportation of alcoholic beverages.

HB 1370, relative to termination of tenancy.

HB 1250, relative to medical neglect of children.

HB 1471, relative to parental rights.

HB 1608-FN, relative to uniform prior authorization forms.

HB 1697-FN, relative to the operation and insurance of transportation network companies.

HB 1631-FN, relative to penalties for possession of marijuana.

UNANIMOUS CONSENT

Rep. Almy requested Unanimous Consent of the House regarding the correction of a Parliamentary Inquiry and addressed the House.

RECESS MOTION

Rep. Hinch moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports.

Motion adopted.

The House recessed at 9:30 p.m.

RECESS

(Speaker Jasper in the Chair) RESOLUTION

Rep. Packard offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 301, 305, 306, 310, 320, 321, 323, 325, 329, 330, 334, 339, 344, 353, 358, 363, 368, 370, 383, 384, 386, 388, 389, 400, 403, 406, 418, 419, 420, 424, 433, 436, 441, 442, 446, 449, 450, 458, 461, 465, 467, 468, 471, 477, 478, 483, 484, 487, 489, 498, 500, 501, 512, 517, 523, 524, 530, 534, 536, 537, 538, 543, 545, 549 and 550 shall be by this resolution read a first and second time by the therein listed titles and referred to the therein designated committees. Motion adopted.

INTRODUCTION OF SENATE BILLS

First, second reading and referral

SB 301, relative to the consumption of liquor at sports complexes. (Commerce and Consumer Affairs)

SB 305, including fermented pear juice in the definition of cider. (Commerce and Consumer Affairs)

SB 306, enabling the sampling of beer or wine at farmers' markets. (Commerce and Consumer Affairs) SB 310, expanding the defense and indemnification provided under RSA 99-D to certain claims filed with and investigations by professional licensing boards, committees, and regulatory agencies. (Executive Departments and Administration)

SB 320, relative to non-academic surveys administered by a public school to its students. (Education) SB 321, relative to incentive payments to certain churches which are owners of small renewable energy generation facilities. (Science, Technology and Energy)

SB 323, relative to the use of force by employees of hospitals or other health care facilities. (Health, Human Services and Elderly Affairs)

SB 325, relative to vaccines administered by pharmacists. (Health, Human Services and Elderly Affairs)

SB 329, revising the nurse licensure compact. (Executive Departments and Administration)

SB 330-FN, relative to licensure of medical imaging professionals and radiation therapists. (Executive Departments and Administration)

SB 334, establishing a commission to study the planning functions of the office of energy and planning. (Science, Technology and Energy)

SB 339-FN, relative to required DNA analysis for certain offenses. (Criminal Justice and Public Safety) SB 344-FN, relative to tax credits applicable to client companies of employee leasing companies. (Ways and Means)

SB 353, relative to names on ballots. (Election Law)

SB 358, relative to use of navigation devices in motor vehicles. (Transportation)

SB 363, relative to the definition of owner of an OHRV or snowmobile. (Resources, Recreation and Development)

SB 368-FN-A, making a capital appropriation for department of environmental services monitoring equipment. (Public Works and Highways)

SB 370, establishing a committee to study real time threat notification systems to link schools with law enforcement when schools are under direct threat. (Education)

SB 383, establishing a commission to study the importance of hiking trails, trail maintenance, and New Hampshire's trail network. (Resources, Recreation and Development)

SB 384, relative to the feeding of wild deer. (Fish and Game and Marine Resources)

SB 386, adding biodiesel to electric renewable energy sources. (Science, Technology and Energy) SB 388, requiring a public hearing on proposed changes to the state retiree group insurance plan.

(Executive Departments and Administration)

SB 389-FN, relative to the penalty for possession of multiple firearms. (Criminal Justice and Public Safety)

SB 400, relative to executive branch ethics. (Executive Departments and Administration)

SB 403, relative to the sale of gift certificates with expiration dates. (Commerce and Consumer Affairs)

SB 406-FN, relative to classification of certain state employee positions. (Executive Departments and Administration)

SB 418, relative to obtaining a ballot to vote and adding National Guard members to the absentee voting laws. (Election Law)

SB 419-FN, relative to requests by law enforcement officials under the law governing the therapeutic use of cannabis. (Health, Human Services and Elderly Affairs)

SB 420-FN, relative to aid to the permanently and totally disabled. (Health, Human Services and Elderly Affairs)

SB 424-FN, relative to transition provisions for licensure of master licensed alcohol and drug counselors, and establishing a committee to study licensure of alcohol and drug counselors. (Executive Departments and Administration)

SB 433, relative to exclusions from seasonal highway weight limit regulation. (Transportation)

SB 436, relative to after market automobile parts. (Transportation)

SB 441-FN, relative to discounts and admission without charge at state parks. (Resources, Recreation and Development)

SB 442-L, establishing a commission to study the taxability of lease interests in public property. (Ways and Means)

SB 446, relative to requirements of the state building code. (Executive Departments and Administration)

SB 449, relative to payment of workers' compensation benefits by direct deposit. (Labor, Industrial and Rehabilitative Services)

SB 450, relative to investments by insurance companies. (Commerce and Consumer Affairs)

SB 458-FN, relative to reporting by political committees. (Election Law)

SB 461-FN, relative to expenditures of the Winnipesaukee River Basin control program funds. (Resources, Recreation and Development)

SB 465-FN, relative to the nonconsensual dissemination of private sexual images. (Criminal Justice and Public Safety)

SB 467-FN, relative to private investigators, security guards, and bail enforcement agents, and relative to unsworn falsification on agency forms. (Executive Departments and Administration)

SB 468-FN, relative to changes to the sex offender registry. (Criminal Justice and Public Safety)

SB 471-FN, relative to parking for persons with disabilities. (Transportation)

SB 477-FN, relative to nonemergency involuntary admissions. (Health, Human Services and Elderly Affairs)

SB 478-FN, permitting the online renewal of a nondriver's picture identification card. (Transportation) SB 483-FN, establishing a committee to study the necessity of creating a chartered public school program officer position and to study appropriations to chartered public schools for the 2016 and 2017 fiscal years. (Education)

SB 484, relative to the role of the Winnipesaukee River advisory board. (Resources, Recreation and Development)

SB 487, relative to missing vulnerable adults. (Health, Human Services and Elderly Affairs)

SB 489, requiring a demonstration project using a Stirling engine system. (Science, Technology and Energy)

SB 545, proclaiming August as Cure all Cancer month. (Executive Departments and Administration) SB 549-FN, relative to public-private partnerships for intermodal infrastructure and transportation and establishing the public-private infrastructure oversight commission. (Public Works and Highways) SB 550-FN, relative to the maximum gross weight for dump trailers. (Transportation)

SENATE MESSAGES

CONCURRENCE WITH AMENDMENT

SB 380, establishing the drinking water and groundwater trust fund and establishing the New Hampshire drinking water and groundwater advisory commission.

CONCURRENCE

HB 301, establishing a committee to study New Hampshire's statewide longitudinal data system and any other department of education maintained database that contains student level data.

HB 536, relative to payment for special education services for chartered public school students and relative to federal funds for chartered public schools.

NONCONCURRENCE

HB 359, allowing all municipalities to adopt the property tax exemption to foster commercial and industrial construction.

HB 471, relative to the duties of school boards.

HB 1604-FN-A-L, relative to instructional methods to enable students to acquire and apply requisite knowledge and skills.

RECESS

(Speaker Jasper in the Chair)

Rep. Hinch moved that the House adjourn. Motion adopted.

HOUSE JOURNAL NO. 10

Wednesday, March 23, 2016

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord. Creator God, as each day comes to an end, You shroud Your creatures in the depths of night, so that we learn to appreciate the brightness of the sun. Whatever name we may give our faith, each one of us knows another kind of darkness: those times when our hearts are heavy with sorrow, fear, confusion or loss, and in this age of violence and terror, we encounter darkness on an even larger scale. We give You thanks, O God, for the promise of light. We thank You for the knowledge that not even the darkest pit can claim us as long as we trust in You. We praise You for the many ways Your hope and healing break into the black night of our despair, bright rays that pierce the darkness and restore our souls. Today, as we grieve with our brothers and sisters in Belgium, as our hearts break over the senseless loss of life, we praise You for Your glorious blessing of new life, especially evident this day in the birth of baby Henry. We give You thanks for his safe arrival, and for all the many ways You remind us that light is more powerful than darkness; life is the conqueror of death; love is greater than fear. Amen.

Representative LeBrun, member from Nashua, led the Pledge of Allegiance.

Representative Mary Gile of Concord, Representative Victoria Sullivan of Manchester, Representative Mel Myler of Contoocook, and Representative John Balcom of Merrimack led the singing of the National Anthem.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the victims of the attacks in Brussels, Belgium.

LEAVES OF ABSENCE

Reps. Ronald Belanger, Bridge, Chris Brown, Comtois, Doucette, Gargasz, Gidge, Kellogg, Moody, Priestley, Sanders, Verschueren and Wright, the day, illness.

Reps. Beaudoin, Goulette, Martha Hennessey, Hirsch, Oligny, Piper, Shaw, Gregory Smith, Timothy Smith, Soucy, Tamburello and Whitehouse, the day, important business.

Rep. Fromuth, the day, illness in the family.

INTRODUCTION OF GUESTS

Bojan Jovanovic and Leo Hoffman, exchange students at Milford High School, Pages for the day. Debra and Zachary Schleien, mother and brother of Rep. Schleien. Dick Osborne and Mandy Gennaro, guest of Rep. Suzanne Smith. The Honorable Linda Tanner, former member from Georges Mills, guest of Rep. Irwin. Students from Proctor Academy in Andover, guests of Reps. Ratzki and Ebel. Fourth graders from Lincoln Street School in Exeter, guests of the Exeter Delegation.

HOUSE RESOLUTION 20

Memorializing State Representative Robert Luther of Laconia

WHEREAS we have learned with profound sorrow of the death of our friend and colleague Robert A. Luther, who was serving his third term as a State Representative representing the citizens of Belknap County District 3, the city of Laconia; and

WHEREAS Robert Luther served with diligence and enthusiasm on the committees on Constitutional Review and Statutory Recodification, Judiciary, and Election Law where his chairs praised him with "he was a thoughtful and loyal member of the Judiciary committee, at a time when his health was not the best he never complained and went to great lengths to honor what he believed to be his responsibility to his constituents and the House," and "he was always dependable, helpful, and easy to work with;" and

WHEREAS as a United States Navy veteran, a police officer in Gilford and Laconia, and a security officer at Lakes Region General Hospital, Robert Luther embodied the notion of protecting his country, community and those who needed medical assistance; and

WHEREAS Robert Luther was an active participant in local, as well as state government, having served on the Laconia city council for thirteen years, and he took a particular interest in his service as a member of the Belknap County Delegation, serving on multiple subcommittees and the county executive committee; now, therefore, be it

RESOLVED, by the House of Representatives in Regular Session convened, Robert A. Luther be granted the highest praise and accolades and our profound thanks for his service to his country, the state, and the city he called home for 44 years, and, be it further

RESOLVED, that expressions of our most heartfelt sympathy be extended to his family and that a suitable copy of this Resolution be prepared for presentation to them.

Offered by the House of Representatives and adopted unanimously.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the Representative from Laconia, the Honorable Robert A. Luther.

REMARKS BY THE SPEAKER

Please join me in congratulating the Clerk on the birth of his son Henry.

SENATE MESSAGES REOUESTS CONCURRENCE WITH AMENDMENTS

HB 527, requiring school districts employing school resource officers to adopt a written agreement. (Amendment printed SJ 3-10-16)

Rep. Ladd moved that the House concur and spoke in favor.

Motion adopted.

HB 628-FN, relative to indemnification of health care provider facilities under certain circumstances. (Amendment printed SJ 2-4-16)

Rep. Kotowski moved that the House nonconcur and request a Committee of Conference. Motion adopted.

The Speaker appointed Reps. Fothergill, Kotowski, Sherman and MacKay.

CONSENT CALENDAR

Rep. Hinch moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 1699-FN-A-L, establishing a licensed alcohol and drug counselor in the bureau of emergency medical services to develop a training program for fire and emergency medical services personnel and making an appropriation therefor, removed by Rep. Goley. Consent Calendar adopted.

HB 1594-FN, relative to emergency medical services. OUGHT TO PASS.

Rep. Robert Cushing for Criminal Justice and Public Safety. This bill makes it a misdemeanor to knowingly give false information during the course of an investigation conducted by emergency medical services. The penalty is consistent with the crime of giving false information to law enforcement during the course of an investigation. Vote 16-0.

HB 1130, requiring school districts to permit placement of a memorial honoring those who have died during military service. OUGHT TO PASS WITH AMENDMENT.

Rep. Rick Ladd for Education. This bill as amended enables the placement of a memorial or memorial plaque on school property in memory of an alumnus of a junior high or high school in a district who died during active duty, with the condition that the memorial or memorial plaque is approved by either the school board or approved as a warrant article at the annual school district meeting. Expenses associated with design, manufacture, installation or maintenance are not required of the municipality or school district; however, these entities are not precluded from offering fiscal support. The bill as amended places all decision making at the local level, either through the school board or the town meeting process. In summary, the bill as amended accomplishes the primary intent of respecting those who died while honorably serving our country on active duty, and secondly, the bill fully supports local control and eliminates any mandates. Vote 17-0.

Amendment (1093h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to placement on school property of a memorial or memorial plaque honoring those who have died during military service.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; School Boards; Placement of Memorial or Memorial Plaque on School Property. Amend RSA 189 by inserting after section 18 the following new section:

189:18-a Memorial or Memorial Plaque on School Property. The placement of a memorial or memorial plaque on school property in memory of an alumnus of a junior high school or high school in the district who died honorably during active duty shall require approval from the school board or approval of a warrant article acted upon at the annual school district meeting. The cost for design, manufacture, installation, or maintenance of the memorial shall not be a charge to the state, any municipality, or the school district. This section shall not apply to the addition of names to already existing memorials or to plans for memorials initiated by the municipality or school district.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill permits, with the approval of the school board or by an approved warrant article at the annual school district meeting, the placement of a memorial or a memorial plaque on school property to honor alumni who have died honorably during active duty.

HB 1404-FN, relative to certain director positions in the insurance department. OUGHT TO PASS. Rep. David Danielson for Finance. This bill establishes eight new unclassified positions in the Department of Insurance and will result in the elimination of the same number of classified positions, as there is no additional appropriation to cover any additional costs. There are no general funds involved. Vote 26-0.

HB 1630-FN-L, relative to calculating the base cost of an adequate education. INEXPEDIENT TO LEGISLATE.

Rep. Kenneth Weyler for Finance. Parts of this bill have been dealt with in other legislation. We heard the third grade math proficiency issue in both HB 218 and HB 242, and asked to have further information on this issue before committing state funds. The House also made changes in the adequacy distribution in HB 1 and HB 2; these changes would be revised yet again by this bill. Consequently, the committee determined this bill was not necessary at this time. Vote 26-0.

HB 1644-FN, relative to screening and treatment for dyslexia and related disorders and establishing a reading specialist in the department of education. OUGHT TO PASS WITH AMENDMENT. Rep. Susan Ford for Finance. This bill provides for screening and intervention for dyslexia and related disorders. It establishes a reading specialist position at the Department of Education to support students having difficulty reading and provide school districts with best practices of reading instruction. The position will be funded by a grant available to the department. Vote 26-0.

Amendment (1092h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to screening and intervention for dyslexia and related disorders and establishing a reading specialist position in the department of education.

Amend the bill by replacing section 1 with the following:

1 New Subdivision; Screening and Intervention for Dyslexia and Related Disorders. Amend RSA 200 by inserting after section 52 the following new subdivision:

Screening and Intervention for Dyslexia and Related Disorders

200:53 Definitions. In this subdivision:

- I. "Dyslexia" means a specific learning disability that is:
 - (a) Neurobiological in origin;

(b) Characterized by difficulties with accurate or fluent word recognition and by poor spelling and decoding abilities that typically result from a deficit in the phonological component of language; and

(c) Often unexpected in relation to other cognitive abilities and the provision of effective class-room instruction, and may include secondary consequences such as reading comprehension problems, and reduced reading experience that can impede growth of vocabulary and background knowledge.

- II. "Potential indicators or risk factors of dyslexia and related disorders" means indicators that include, but shall not be limited to, difficulty in acquiring language skills, inability to comprehend oral or written language, difficulty in rhyming words, difficulty in naming letters, recognizing letters, matching letters to sounds, and blending sounds when speaking and reading words, difficulty recognizing and remembering sight words, consistent transposition of number sequences, letter reversals, inversions, and substitutions, and trouble in replication of content.
- III. "Related disorders" includes disorders similar to or related to dyslexia, such as a phonological processing disorder, reading fluency disorder, and dysphasia.

200:54 Screening and Intervention for Dyslexia and Related Disorders.

- I. School districts shall screen all public school students, including English learners, using the Dynamic Indicators of Basic Early Literacy Skills (DIBELS) or an equivalent cost effective screener for the identification of potential indicators or risk factors of dyslexia and related disorders upon enrollment in public school kindergarten or first grade, and at appropriate times thereafter, to monitor progress. Beginning in 2017, such screening shall be completed no later than November 30 of each school year.
- II. The student's school district shall provide age-appropriate, evidence-based, intervention strategies for any student who is identified as having characteristics that are associated with potential indicators or risk factors of dyslexia and related disorders beginning no later than January 1, 2018.
- III. The parent or legal guardian of any student who is identified by the public school as having characteristics that are associated with potential indicators or risk factors of dyslexia and related disorders shall be notified and provided with all screening information and findings, in addition to periodic formal screening results based on individual written intervention and support plans developed with the student's parents or legal guardian.
- IV. A parent or legal guardian of any student who is identified as having characteristics that are associated with potential indicators or risk factors of dyslexia and related disorders has the right to submit the results of an independent evaluation from a licensed reading or intervention specialist highly trained in dyslexia, and related disorders for consideration by the student's school district. A parent or legal guardian who submits an independent evaluation shall assume all fiscal responsibility for that independent evaluation.

200:55 Reading Specialist.

- I. There is hereby established in the department of education the position of reading specialist, a temporary classified position until June 30, 2017, which shall be funded by existing sources available to the department.
- II. No later than January 1, 2017, the commissioner of the department of education shall designate a reading specialist to enable the department to provide school districts with the support and resources necessary to assist students with dyslexia and related disorders and their families. The reading specialist shall provide technical assistance for dyslexia and related disorders to school districts.

III. The reading specialist shall:

- (a) Be trained and certified in best practice interventions and treatment models for dyslexia, with expertise in related disorders, and dysgraphia.
- (b) Have a minimum of 3 years of field experience in screening, identifying, and treating dyslexia and related disorders.
 - (c) Be responsible for the implementation of professional awareness.
- (d) Serve as the primary source of information and support for school districts to address the needs of students with dyslexia and related disorders, and dysgraphia.

200:56 Teacher Professional Development and Training.

- I. No later than June 30, 2017, the reading specialist shall develop and make available a program to ensure all New Hampshire teachers and school administrators have access to materials to support professional awareness of best practices on:
 - (a) Recognition of the characteristics of dyslexia and related disorders, and dysgraphia.
- (b) Evidence-based interventions and accommodations for dyslexia and related disorders, and dysgraphia.
- II. The reading specialist and the council for teacher education established in RSA 190 shall collaborate to ensure that all teacher education programs offered at New Hampshire's public institutions of higher education provide explicit professional awareness of best practices on:
 - (a) Recognition of characteristics of dyslexia and related disorders, and dysgraphia.

(b) Evidence-based interventions and accommodations for dyslexia and related disorders,

and dysgraphia.

200:57 Dyslexia Resource Guide. No later than June 30, 2017, the reading specialist shall develop and publish on the department of education's Internet website, a reading support resource guide to be used by school districts as a resource. The reading specialist shall solicit the advice of experts in the fields of dyslexia and related disorders, and dysgraphia in the development of the guide. The reading specialist shall update the guide as necessary.

AMENDED ANALYSIS

This bill requires the commissioner of the department of education to designate a reading specialist to provide support and resources to school districts for identifying and assisting students with dyslexia and related disorders and their families.

This bill is a request of the committee to study policies which it determines are necessary for dyslexic students (2015, 172).

HB 1695-FN, establishing an office of health services planning and review within the department of health and human services. OUGHT TO PASS WITH AMENDMENT.

Rep. Cindy Rosenwald for Finance. This bill establishes a process for development and compilation of publicly available data on health system patient safety, cost, quality, access, system performance, and financing. As amended, the Commissioner of Health and Human Services shall report to the Fiscal Committee on a funding plan and progress of the inter-departmental memorandum of understanding by October 1, 2016. The amendment clarifies there is no general fund appropriation in the bill. Finally, the amendment also requires the legislative budget assistant to assess the feasibility of evaluating cost-effectiveness of state-funded programs using available research studies. There is an interim report date of November 1, 2016, with the final report due one year later. Vote 25-1.

Amendment (1058h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to a health system public data resource plan for New Hampshire and establishing a special fund and relative to cost effectiveness of programs implemented within state agencies.

Amend RSA 126-A:70, V as inserted by section 1 of the bill by replacing it with the following:

V. The commissioner, in consultation with the council, shall enter into a memorandum of understanding with the insurance commissioner and attorney general for collaboration in the development of the publicly available information specified in paragraph I. The memorandum of understanding shall include a description of the resources that shall be made available to the department and shall specifically identify data and reports which shall be shared with the department. The commissioner shall submit a report on the implementation of the memorandum of understanding, including the cost to make the health system public data resource plan and to meet other requirements set forth in this subdivision, to the fiscal committee of the general court, established in RSA 14:30-a, on or before October 1, 2016. The report shall be subject to review and comment by the fiscal committee. Amend RSA 126-A:70, VII as inserted by section 1 of the bill by replacing it with the following:

VII. The department, in consultation with the council, shall make the health system public data resource plan and meet other requirements set forth in this subdivision, subject to sufficient and available funding. No additional general funds shall be appropriated for this subdivision for the biennium ending June 30, 2017.

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4:

3 Office of Legislative Budget Assistant; Cost Effectiveness of Programs Within State Agencies.

I. The legislative budget assistant, in collaboration with the department of administrative services and such other organizations as he or she may wish to consult, shall evaluate the feasibility of calculating and using cost effectiveness in evaluating new and existing state-funded programs. The process for determining cost effectiveness shall include, but not be limited to, the following steps:

(a) Systematically assessing high-quality studies from the United States and elsewhere to identify policy options that have been tried and tested and found to achieve improvements in outcomes.

(b) Determining the cost to produce the results found in subparagraph (a) in this state, determining the benefits from such an improved outcome, and calculating the net present value thereof.

- (c) Assessing the risk in the estimates to determine the probability that a particular policy option's benefits will outweigh its costs.
 - (d) Ranking programs in state agencies based on net present value and risk.
- II. The department of administrative services and each state agency shall furnish to the legislative budget assistant information, excluding information otherwise confidential under law, he or she may request in the course of carrying out the duties under this section in a mutually agreeable and compatible format.

III. The legislative budget assistant shall make an initial report by November 1, 2016, on the feasibility of calculating and using cost effectiveness in evaluating new and existing state programs. If the legislative budget assistant determines that calculating cost effectiveness is feasible, he or she shall make a final report on or before November 1, 2017, including recommendations for legislation, to the commissioner of administrative services, the chairpersons of the house and senate finance committees, the speaker of the house of representatives, the president of the senate, the state library, and the governor.

AMENDED ANALYSIS

This bill establishes a health system public data resource plan for New Hampshire. Under this bill, the commissioner of the department of health and human services, the insurance commissioner, and the attorney general shall enter into a memorandum of understanding to collaborate in the development of publicly available information on health care system patient safety, cost, quality, access, and system performance, and information pertaining to the delivery and financing of the health care system in New Hampshire. The bill also establishes a health system public data resource planning council to provide consultation for the development of a 10-year health system public data resource plan for New Hampshire. The bill also establishes a fund for the implementation and administration of the requirements of the plan.

The bill also requires the office of the legislative budget assistant to evaluate the feasibility of calculating and using cost effectiveness in evaluating new and existing state programs.

HB 1298, relative to damage to private property. OUGHT TO PASS WITH AMENDMENT.

Rep. Linda Kenison for Judiciary. This bill as amended puts in statute the rights of a landowner when dealing with someone that has dumped waste on their land or done damage to their land through illegal OHRV and snowmobile use. Currently, the landowner's right of redress is an action for trespass or claims for damages through a court action. These remedies do not always adequately compensate landowners for all the costs they incur and the outcomes are inconsistent. The bill will correct this by creating a "private right of action" for a landowner against any person who dumps waste on their property or vandalizes it through illegal OHRV or snowmobile use. This bill gives the court jurisdiction to enforce those remedies and the committee believes the penalties contained in the bill will provide a strong deterrent against anyone seeking to illegally dump or vandalize private property. This bill has broad support from a number of state agencies, landowner, conservation and recreation groups including, the New Hampshire Department of Resources and Economic Development (Division of Forest and Lands and Trails Bureau), New Hampshire Department of Environmental Services, New Hampshire Fish and Game Department, New Hampshire Snowmobile Association, New Hampshire Farm Bureau Federation, Society for the Protection of New Hampshire Forests, and the New Hampshire Timberland Owners Association. There was no testimony in opposition to this bill. Vote 16-1.

Amendment (1001h)

Amend RSA 149-P:1, II as inserted by section 1 of the bill by replacing it with the following:

II. Notwithstanding any rules adopted by the department of environmental services, any ordinance adopted by a municipality, or any provision of law, any person, as defined in RSA 147-A:2, XII, who without authorization, intentionally, recklessly, or negligently discharges, spills, releases, pollutes, disposes, dumps, leaks, injects, or places oil, gasoline, diesel fuel, fuel oil, motor oil, automotive oil, gasoline ethers, offensive matter, hazardous waste, waste, refuse, or solid waste as those terms are defined in RSA 146-A through RSA 149-O, upon the land of another, shall be liable to the owner of the land.

Amend RSA 149-P:1, III(c) as inserted by section 1 of the bill by replacing it with the following:

(c) Obtain a court order requiring the person causing the discharge to contain, clean up, and remediate the discharge at such person's expense;

Amend the bill by replacing section 3 with the following:

- 3 New Subparagraph; Penalties; OHRV/Operator Responsibilities; Damage to Public or Private Property. Amend RSA 215-A:19, V by inserting after subparagraph (e) the following new subparagraph:
 - (f) The use of the OHRV has resulted in damage to public or private property.
- Amend RSA 215-A:19, X(a) and (b) as inserted by section 4 of the bill by replacing it with the following:
 - (a) The cost of clean-up and restoration to the prior condition of the lands;
- (b) Multiple damages of up to 3 times actual damages, based upon the level of culpability for the conduct, as determined by the trier of fact; and
- Amend RSA 215-C:34, I(a)(1) as inserted by section 5 of the bill by replacing it with the following:
- (1) To the owner of any lands where trees, shrubs, *roads*, or other property have been damaged as a result of travel over [his or her] the owner's premises by such vehicles.

HB 372, relative to certain private employers under workers' compensation. REFER FOR INTERIM STUDY.

Rep. Andrew White for Labor, Industrial and Rehabilitative Services. As written, this bill would exempt one group (small farms) from the workers' compensation requirements if payroll is less than \$10,000 per year. The bill contained several unintended consequences for both the employer and the employee that were of significant concern for the committee. The committee strongly supports the sponsors' intent and the motion will allow us to explore several options that were presented but could not be explored due to the impending deadline. Vote 14-0.

HB 1292, relative to the use of abandoned agricultural property. OUGHT TO PASS.

Rep. Franklin Sterling for Municipal and County Government. This bill was before the Municipal and County Committee as a second committee. It passed the first committee, Environment and Agriculture, with a 17-0 vote and was approved on the consent calendar. It simply makes a minor change to the wording of the statute dealing with agricultural property that had dropped into disuse and was to be used for farming again. It changes the descriptive word "disuse" to "abandonment." This committee agrees with the first committee in recommending passage of this bill. Vote 15-0.

HB 586-FN-L, relative to registration of automobile utility trailers. REFER FOR INTERIM STUDY. Rep. Robert Nigrello for Ways and Means. The committee agrees with the sponsors to explore expanding access to trailer registrations. Interim Study would allow us to flush out the process and possibly focus on the revenue expected from tractor trailers only. Vote 17-1.

HB 1182-FN, establishing a committee to study fees for sales of wine by manufacturers. OUGHT TO PASS.

Rep. Joseph Lachance for Ways and Means. This bill establishes a study committee to report on fees for sales of wine by manufacturers licensed in New Hampshire. The duties of the committee shall include an examination of federal reporting requirements and a determination of what fee would be revenue neutral if NH switches from the current percentage of sales fee to a per gallon fee for wine manufacturers. The Ways and Means Committee agrees with the policy committee, Commerce and Consumer Affairs, that this issue should be studied. Vote 16-2.

HB 1568-FN-A, relative to prepaid road tolls for electric vehicles. **REFER FOR INTERIM STUDY.** Rep. Bill Ohm for Ways and Means. In reviewing the bill for revenue impact, the committee was concerned that the cost of setting up the program would exceed the revenue received. Consequently the bill needs further work, and Interim Study is recommended. Vote 18-0.

HB 1584-FN, relative to the discharge of a person committed for nonpayment of a fine. OUGHT TO PASS.

Rep. Robert Nigrello for Ways and Means. The bill increases the monetary value of time served for non-payment of a fine. The Ways and Means Committee agrees that the new value is appropriate. Vote 18-0.

HB 1590-FN-A-L, relative to the regulation and taxation of short-term rental businesses. OUGHT TO PASS.

Rep. Brian Gallagher for Ways and Means. This bill requires advertisements by short-term rental businesses to display the Meals and Rooms Tax license number of the operator. The fee for such license remains unchanged. The Department of Revenue Administration is supportive of having operators properly display the Meals and Rooms Tax license number certificate, as well as, ensuring enhancement of the proper collection of the Meals and Rooms fees due the State of New Hampshire. Vote 18-0.

HB 1647-FN, repealing laws regulating hawkers and peddlers and itinerant vendors. INEXPEDIENT TO LEGISLATE.

Rep. Patrick Abrami for Ways and Means. This bill would repeal RSA 320 relative to state licensure of hawkers and peddlers and RSA 321 relative to state licensure of itinerant vendors. The elimination of these licenses would reduce state revenue by \$24,750 according to the Secretary of State. Municipalities that have no ordinances on these types of vendors would not be able to recoup the cost of background checks that they would need to perform to ensure that these are reputable businesses temporarily coming into their borders. The committee also felt that the system in place, including the current fee structure, is working very well and that there is no need to repeal these statutes. Vote 17-0.

HB 1655-FN, relative to the municipal registration fee for an agricultural/industrial utility vehicle used exclusively for farming or agriculture. **OUGHT TO PASS WITH AMENDMENT**.

Rep. Susan Almy for Ways and Means. The bill fixes an oversight in a 2014 law change (Ch. 282, Laws of 2014, SB 231) that allowed some towns to increase fees on working vehicles that rarely use our roads. The Ways & Means Committee amendment follows the policy committee's intent of including identical vehicles in reversing the 2014 change to town fees. Vote 17-0.

Amendment (1012h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the municipal registration fee for an agricultural/industrial utility vehicle. Amend RSA 261:153, I as inserted by section 1 of the bill by replacing it with the following:

I. The treasurer of each city, or such other person as the city government may designate, and the town clerk of each town shall collect fees for such permits as follows: on each vehicle offered for registration a sum equal to 18 mills on each dollar of the maker's list price for the first preceding model year vehicle, 15 mills on each dollar of the maker's list price for the second preceding model year vehicle, 9 mills on each dollar of the maker's list price for the second preceding model year vehicle, 9 mills on each dollar of the maker's list price for the third preceding model year vehicle, 6 mills on each dollar of the maker's list price for the fourth preceding model year vehicle, and 3 mills on each dollar of the maker's list price for the fifth preceding model year vehicle and any model year prior thereto. In no event, however, shall the fee be less than \$5. Registration permit fees for construction equipment, as defined in RSA 259:42, shall be governed by RSA 261:64. The director shall make the final determination of any vehicle model year in any case in which a dispute arises. The fee collected hereunder for a vehicle used only in the manner and for the purposes specified in RSA 261:82 and for an agricultural/industrial utility vehicle, as defined in RSA 259:2-a, shall be \$5; and provided further, that the fee collected hereunder for a farm tractor shall be \$5. In cases of doubt, the director may investigate for the purpose of determining eligibility for limited purpose registrations.

AMENDED ANALYSIS

This bill establishes the municipal registration fee for an agricultural/industrial utility vehicle.

HB 1685-FN, relative to mortgage bankers, brokers, and servicers. OUGHT TO PASS.

Rep. Patrick Abrami for Ways and Means. This bill simply repeals RSA 397-A and reenacts it in a more concise manner. The statute has to do with licensing of nondepository mortgage bankers, brokers, and services. The committee verified that all the fees in the original statute have not changed in the statute as proposed by this bill. Therefore, the committee had no objection to this statute as rewritten. Vote 17-0.

MOTION TO PRINT DEBATE

Rep. White moved that the debate, including Parliamentary Inquiries, on the reconsideration motion from March 10, 2016, on **HB 2016**, relative to the state 10-year transportation improvement program, be printed in the Permanent Journal.

Rep. Rosenwald requested a roll call; sufficiently seconded.

REGULAR CALENDAR - PART I

HB 280-FN, authorizing multi-use decal plates, multi-use veterans decal plates, and relative to special motorcycle number plates for disabled veterans. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Daniel Eaton for the Majority of Finance. While very well intended, HB 280 would have significant unintended consequences. The bill starts out offering several new plate options to military vets that already have numerous plate options. To start this new option, the bill spends \$285,000 from the plate fund for a new program in a non-budget year, a fund that is already millions of dollars short due to prior legislative "borrowing." To allow the plate fund to break even, 57,000 new plates would have to be sold. Currently, there are 34,000 veteran plates in all categories. It must be assumed that many of the new plate purchases would come from the existing veteran plate population along with some from the current 51,000 moose and park plates further diminishing funds from already needy programs. It is easy to see that this will take years to just come even with replenishing the plate fund. Each year there are a few requests for new plates. HB 280 goes to the extreme of inviting any 501c(3) to apply for special plates by placing that language in statute. Not only is there the cost and time of an unprecedented number of bills, HB 280 will open the floodgates to every 501c(3) organization to request a special 3x3 inch sticker on their plate, thereby changing license plates from identifiers to advertisers. Finally, for the first time, we will be politicizing license plates, potentially creating the "lawyers relief act of 2016" and risking litigation costs for the foreseeable future depending on the political whims of the day and whether one or another 501c(3) is approved or not. Vote 14-12.

Rep. Karen Umberger for the Minority of Finance. The majority has overlooked the position of the House on the policy in HB 280. There will be only one plate created to which a service decal available only from the Office of Veterans' Services, for a \$10 fee, will be attached. If future 501c(3) organizations are approved there will be no additional costs for the Department of Safety to issue plates. In order for a person to obtain the new plate there is an additional \$15 cost. We do not anticipate this plate will result in any reduction in the number of moose plate or state parks plates issued, but it is likely to result in veterans choosing to display their service on the new decal license plate rather than using the current veteran plates. We do not believe HB 280 will result in politicizing license plates. This bill is a giant step forward to allowing special recognition for our veterans.

The question now being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Steven Smith spoke against and yielded to questions.

Rep. Baldasaro spoke against.

Rep. Eaton spoke in favor and yielded to questions.

Rep. Hinch requested a roll call; sufficiently seconded.

and the majority of	ammittae report failed		

and the majority committee report failed.

Rep. Umberger moved the minority committee report of Ought to Pass with Amendment and offered minority committee amendment (1089h).

Minority Amendment (1089h)

Amend RSA 261-C:2, III as inserted by section 1 of the bill by replacing it with the following:

III. The state office of veterans services may issue decals to eligible veterans and shall collect a fee of \$10 for the decal. Revenue collected under this paragraph shall be restricted revenue to the office of veterans services and shall not lapse.

Amend the bill by replacing section 3 with the following:

3 Effective Date. This act shall take effect July 1, 2017.

Rep. Umberger spoke in favor.

Minority committee amendment adopted.

Minority committee report adopted and ordered to third reading.

HB 626-FN-A, authorizing energy infrastructure development and designating energy infrastructure corridors. **OUGHT TO PASS WITH AMENDMENT**.

Rep. J. Tracy Emerick for Finance. This bill authorizes energy infrastructure development and designates energy infrastructure corridors, which require the Department of Transportation (DOT) to adopt an updated and revised utility accommodation manual that is approved by the federal government. This bill will allow developers to apply to use certain road right-of-ways as corridors for energy infrastructure. Should a developer desire to do this, an application must be submitted and within 30 days the DOT must verify if the submitted plan is complete or not. Once the plan is complete the DOT has 60 days to complete its conceptual study of the plan and issue a report, which is given both to the developer and the site evaluation committee [SEC]. Should the SEC approve the plan, then the developer will pay a lease fee to the DOT. According to the department, such lease fees may only be used for certain road construction projects. However, before developers may use the road right-of- ways, the DOT must revise its Utility Accommodation Manual. This manual must be approved by the federal government and placed on file both in the state and with the federal government before any developer may apply to use road right-of-ways. Therefore, a section of this bill requires the DOT to update this manual, which can be done at no additional cost to the DOT. After consultation with the DOT, the remainder of the bill will take effect after that manual is revised, updated, approved by the federal government and placed on file. Should the federal government not approve the use of these road right-of-ways for energy infrastructure development, this bill will not take effect. The costs and revenues associated with any additional corridor use is indeterminable. Vote 23-3.

Amendment (1080h)

Amend the title of the bill by replacing it with the following:

AN ACT authorizing energy infrastructure development and designating energy infrastructure corridors and requiring the department of transportation to adopt an updated and revised utility accommodation manual.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose. The legislature recognizes that high and volatile energy costs increasingly threaten the competitiveness of New Hampshire's businesses and industries and the financial resources of its electric ratepayers, and that new low-cost sources of energy are needed in order to stabilize and lower wholesale and retail electric rates in New Hampshire and New England. At the same time, as the state's citizens have become more aware of the value, to themselves and others, of New Hampshire's scenic natural landscapes, clean air, and unspoiled environment, it has become increasingly difficult to site and develop large-scale aboveground energy transmission lines from lower-cost neighboring regions. Such projects often face unacceptably high development costs, regulatory delays, and public opposition resulting from their potential adverse impacts on the state's most scenic natural landscapes, the value of adjoining and nearby private properties, and the comfort, health, and safety of adjacent homeowners. The general court therefore finds that it is in the public interest for the state to designate certain "energy infrastructure corridors" along, within, and under major state-owned transportation routes, for the underground collocation of major energy transmission lines necessary to promote balanced economic growth, reduce or mitigate high energy prices, and contribute to a cleaner and more natural environment, while providing the state highway fund with market-based revenues from private energy transmission companies in return for the use of such designated energy infrastructure corridors. The general court intends that the energy infrastructure corridors designated under this act are simply options for the siting of energy infrastructure and nothing in this act shall be construed as limiting the historic accommodation of utilities in all public rights of way.

2 New Chapter; Energy Infrastructure Development and Corridors. Amend RSA by inserting after chapter 162-Q the following new chapter:

CHAPTER 162-R

ENERGY INFRASTRUCTURE DEVELOPMENT AND CORRIDORS

162-R:1 Definitions.

I. "Energy infrastructure" includes high voltage DC or AC electric transmission facilities of 115 kV or greater, natural gas transmission lines, carbon dioxide pipelines, petroleum pipelines, and other energy transport pipelines or conduits.

II. "Energy infrastructure corridor" means an existing state-owned transportation right-of-way

within which energy infrastructure could potentially be sited underground.

III. "Developer" means a person or legal entity that can demonstrate to the state the financial, technical, and managerial capability to engage in the development and construction of energy infrastructure.

IV. "Project" means the development or construction of energy infrastructure subject to site evaluation committee jurisdiction under RSA 162-H within an energy infrastructure corridor.

V. "Site evaluation committee" means the site evaluation committee established in RSA 162-H:3.

VI. "State-owned transportation right-of-way" means a highway or railroad right-of-way on land owned in fee by the state or a state agency or state authority.

VII. "Sufferance" means that the owner of energy infrastructure has no real property interest in the right-of-way, but merely occupies and uses the public right-of-way subject to terms and conditions established by the New Hampshire department of transportation.

162-R:2 Energy Infrastructure Corridors Designated.

I. In accordance with RSA 236:18, the state has the exclusive rights, insofar as they do not conflict with any federal statute, rule, or regulation, to build, lease, or utilize for any public purpose the space adjacent to (excluding the median) and below the toll highways and the interstate system highways within the state.

II. The following areas, owned by the state, are designated as energy infrastructure corridors:

(a) I-89 (between the intersection of I-93 and the Vermont border).

(b) I-93 (between the Massachusetts border and the Vermont border, excepting approximately 1.7 miles located in the White Mountain National Forest north of Franconia Notch state park).

- (c) I-95 (between the Massachusetts border and the Maine border).
- (d) NH Route 101 (between the intersection of I-93 and the intersection of I-95).
- III. Nothing in this chapter shall require a developer of energy infrastructure to site or propose to site energy infrastructure, or any part thereof, within an energy infrastructure corridor designated under this chapter.

162-R:3 Energy Infrastructure Proposal Application Process.

I.(a) To initiate the application process, a developer may file with the department of transportation, a request for a preliminary conceptual feasibility study, including such project-specific information as the department may specify in accordance with the department's Utility Accommodation Manual.

- (b) Within 30 days after such study request is filed, the department shall provide written notice to the developer, with a copy to the site evaluation committee, either accepting such study request as sufficiently complete to allow the department to evaluate the conceptual feasibility of the proposal and submit its recommendation to the committee, or specifying the additional information needed to complete its evaluation.
- (c) Upon notice to the developer that the study request is deemed sufficiently complete for its purposes under subparagraph (a), the department shall have 60 days to determine whether and to what extent the proposed project route would be conceptually feasible within the applicable state-owned transportation right-of-way or rights-of-way, based on department standards and regulations.
- (d) Within 60 days after notice to the developer that its submission has been deemed complete, the department shall submit its report on the conceptual feasibility of the project to the developer and the site evaluation committee, specifying any concerns or issues it believes the committee should consider in its review of the application.
- II. The committee shall determine whether the application is complete, and shall proceed to review a completed application under RSA 162-H.
 - 162-R:4 Energy Infrastructure Proposal; Decision Criteria.
- I. The site evaluation committee shall evaluate and render a decision on an energy infrastructure proposal which chooses to use one or more designated energy infrastructure corridors pursuant to the provisions of this chapter.
- II. The site evaluation committee may approve an energy infrastructure proposal for a project to be sited in whole or in part within one or more energy infrastructure corridors only if it finds that the project meets the criteria set forth in RSA 162-H.
- 162-R:5 Use of Energy Infrastructure Corridors; Requirements. Development and construction of energy infrastructure within an energy infrastructure corridor are governed by this section. No person shall engage in development or construction of energy infrastructure within an energy infrastructure corridor, unless such person is in compliance with applicable state and federal laws, rules, and regulations. Any development, construction, maintenance or use of energy infrastructure within an energy infrastructure corridor shall be at the sufferance of the department of transportation. All costs associated with installation, alteration, relocation (whether or not required by the department), and/or protection of energy infrastructure within an energy infrastructure corridor shall be the responsibility of the energy infrastructure developer or owner.

162-R:6 Revenues.

- I. The department of transportation, right-of-way (ROW) appraisal bureau section, shall identify an initial estimate of the range of value for the use of state-owned land or assets within a designated energy infrastructure corridor and negotiate a value for such use with the developer. The actual and final value shall be subject to approval by the long range capital planning and utilization committee.
- II. All revenues generated from the use of state-owned land or assets within energy infrastructure corridors designated under this chapter shall be deposited in the highway fund for use solely in state transportation programs funded in whole or in part by the Federal Highway Administration or other federal agencies and included in the state's 10-year transportation plan. Nothing in this section shall be deemed to affect the responsibility of a developer to pay separately to the site evaluation committee the fees required under RSA 162-H.
- 3 Updated and Revised Utility Accommodation Manual. The department of transportation shall update and revise its utility accommodation manual in order to provide for the optional use of the energy infrastructure corridors designated pursuant to RSA 162-R:2. The updated and revised manual shall be approved by the Federal Highway Administration no later than June 1, 2017.

4 Contingency. If the updated and revised utility accommodation manual required by section 3 of this act is adopted and approved by June 1, 2017, sections 1 and 2 of this act shall take effect July 1, 2017. If the updated and revised utility accommodation manual is not adopted and approved by June 1, 2017, sections 1 and 2 of this act shall not take effect. The commissioner of the department of transportation shall certify the date of approval of the manual to the secretary of state and the director of legislative services.

5 Effective Date.

- I. Sections 1 and 2 of this act shall take effect as provided in section 4 of this act.
- II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes procedures for approval of proposals for energy infrastructure development and designates energy infrastructure corridors. This bill is contingent upon the adoption and approval of an updated and revised department of transportation utility accommodation manual. Committee amendment adopted.

Committee report adopted and ordered to third reading.

COMMUNICATION

March 23, 2016

Mr. Paul Smith Clerk of the House of Representatives State House Concord. NH 03301

Dear Paul:

Please be advised that the following representative-elect was sworn into office by the Governor and Executive Council on this day:

Rockingham County District No. 21

Michael A. Edgar, d, Hampton (7 Ann's Terrace) 03842

Sincerely,

William M. Gardner, Secretary of State

REGULAR CALENDAR PART I CONT'D

HB 636-FN, relative to forfeiture of property. OUGHT TO PASS WITH AMENDMENT.

Rep. Lynne Ober for Finance. This bill has three parts. A new section sets criteria that identifies property subject to criminal forfeiture. Another new section provides protection for an innocent owner whose property was seized. There is also a new section outlining procedures for disposition of unclaimed property and proceeds. Finally, the bill repeals the drug forfeiture fund at the end of the biennium, which allows the affected agencies to budget appropriately. Vote 18-7.

Amendment (0885H)

Amend the bill by inserting after section 6 the following and renumbering the original sections 7-8 to read as 8-9, respectively:

7 New Section; Budget and Appropriations; Department of Justice; Request for Appropriation for Drug Related Law Enforcement and Drug Treatment Programs. Amend RSA 9 by inserting after

section 4-e the following new section:

9:4-f Department of Justice; Request for Appropriation for Drug Related Law Enforcement and Drug Treatment Programs. The department of justice shall include in its biennial operating budget request made pursuant to RSA 9:4, an appropriation to pay a portion of the costs of local, county, and state drug related investigations, as well as drug control law enforcement programs within New Hampshire. Such appropriation also may be used to pay extraordinary costs of local, county, and state drug prosecutions and trial expenses. Law enforcement agencies may apply to the department of justice for grants from the amount appropriated. Of the annual appropriation, \$5,000 shall be deposited into a special non-lapsing account established within the office of the state treasurer for the department of health and human services to fund drug education, prevention, and treatment services. The attorney general shall report 60 days after the close of each fiscal year to the governor and council and to the fiscal committee of the general court a summary of the grants provided to law enforcement agencies under this section for the preceding fiscal year.

Amend the bill by replacing section 9 with the following:

9 Effective Date.

I. Section 7 of this act shall take effect July 1, 2016.

II. Sections 1 and 2 of this act shall take effect January 1, 2017.

III. The remainder of this act shall take effect July 1, 2017.

AMENDED ANALYSIS

This bill:

I. Limits forfeiture to cases in which the state has found by clear and convincing evidence that the property was derived from, or used in, the commission of a crime.

II. Requires the state to deposit proceeds from forfeited property in the general fund and repeals the drug forfeiture fund.

III. Directs the attorney general to include in the department of justice's budget request an appropriation for the cost of local, county, and state drug related enforcement actions.

IV. Establishes a special non-lapsing account for the department of health and human services to fund drug education, prevention, and treatment programs.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

HB 1527-FN-A, authorizing additional part-time positions at the department of administrative services and making an appropriation therefor. **OUGHT TO PASS.**

Rep. Peter Spanos for Finance. This bill authorizes additional part-time positions at the Department of Administrative Services (DAS). Since 2006 staffing for DAS has been reduced by nearly 50 positions, and yet work has been added to this department via legislative bill passage. The legislature passed a requirement for work force planning within state agencies because nearly 50 percent of the state's workforce will be eligible to retire within 3 years, but no staffing was included when that bill passed. One of the three positions is a part-time workforce coordinator who will coordinate this planning. Another is a part-time payroll staff member. Recently there have been payroll issues that cost more than adding this part-time staff member to deal with them. The third position will add one part-time position to DAS Risk Management staff, which handles all insurance issues for the growing number of retirees who are eligible for retiree health care. Because the state is self-insured for health care, the Risk Management staff basically runs an insurance company. All state employee and retiree health issues are dealt with in the group. With more than 12,000 retirees and the expected rapid retirement of much of the state staff, this position is needed. Vote 25-0.

Committee report adopted and ordered to third reading.

HB 1531, permitting the legislature to open the state house on weekends. OUGHT TO PASS.

Rep. Peter Leishman for Finance. This bill would allow the legislature to enter into a memorandum of understanding with a private entity such as the Concord Chamber of Commerce, that would allow the State House to be open on agreed upon Saturdays from Memorial Day to Columbus Day. The memorandum would address issues including security, staffing, hours of operation, janitorial services and areas open for public viewing. In 2001, a legislative study committee charged with studying opening the State House to the public on weekends determined the costs would range from \$366,000 for 52 weekends to \$41,000 for 17 weekends. No fiscal note was provided to the committee due to a number of different variables, including that all expenses incurred would be borne by the private entity(s). No general funds are appropriated. Vote 22-4. Committee report adopted and ordered to third reading.

HB 1551-FN-A, establishing the John and Molly Stark scholarship program and making an appropriation therefor. REFER FOR INTERIM STUDY.

Rep. Kenneth Weyler for Finance. This scholarship program is a great concept to help the top 20% of New Hampshire high school graduates attend higher education institutions in the state. However, 80% of the top grads already attend in-state. Moreover, there was no plan to fund the possible \$20 million that this could cost within three years. The sponsor suggested that additional study would be necessary to develop such a plan. The committee agreed. Vote 16-10. Committee report adopted.

HB 1553-FN, transferring the administration of the telecommunications accounting unit. OUGHT TO PASS.

Rep. Peter Spanos for Finance. This bill transfers the statewide telecommunications accounting unit from the Department of Safety to the Department of Information Technology (DoIT) at the request of both departments. In addition, it provides one-time funding to ensure that the billing between state agencies can be done electronically, resulting in a cost savings of \$30,000 in the first year and additional cost savings in the following years. As a result, one position was eliminated from this accounting unit. Over the past several years, we have transitioned to a nearly total dependence on digital technologies in communications, making DoIT a more fitting place for these functions to reside. Vote 25-0. Committee report adopted and ordered to third reading.

SB 238-FN, relative to the workers' compensation appeals board. OUGHT TO PASS.

Rep. David Danielson for Finance. RSA 281-A:42-a established the Compensation Appeals Board membership and compensation. SB 238-FN modifies the size of the membership pool and sets a percentage of board representation from the pool (1/3 employees, 1/3 employers, and 1/3 neutral attorneys). Compensation, unchanged from 1991, is increased for the chair to \$400 per diem, up from \$200, and members will be paid \$250 per diem, up from \$150. Because of the effective size reduction of appeal panels and because this self-funding board will not receive money from the general fund, the committee recommends passage of this bill. Vote 24-1.

Committee report adopted and ordered to third reading.

Rep. Baroody declared a conflict of interest and did not participate.

HB 1243-FN-L, relative to storm water or sewage penalties. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Kurt Wuelper for the Majority of Judiciary. This bill enables municipalities to create a schedule of requirements and penalties (consistent with current law) to ensure proper operation and maintenance of sewage/storm water systems. The bill also provides for municipalities to recover costs associated with enforcement of local requirements. The bill contains language (identical to that of RSA 676:17 for planning/zoning) to allow the civil penalty actions to remain in circuit court and to allow the court to require a performance bond. The majority believes that the schedules would add transparency to the process and allow municipalities to distinguish between individuals and businesses when creating them. Vote 11-5.

Rep. Claire Rouillard for the Minority of Judiciary. This bill sets fines and civil penalties for violations of improper maintenance of sewage and storm water systems. It does not distinguish between individual homeowners' septic systems or commercial septic discharge into public waterways. The penalty established reads "not to exceed \$10,000 per day and each day a violation continues is a separate offense." This could be devastating to a homeowner. Also, this bill awards attorney fees only to the municipality if it prevails in the litigation and not to the homeowner if he or she prevails. This bill provides that a municipality can request the homeowner/defendant post a "bond," for projected expenses, which is generally posted by the plaintiff, not the defendant. Lastly, enhanced civil penalties may be assessed against the homeowner for any additional funds paid by the municipality, over and above all out-of-pocket expenses, costs, fees, etc. The minority of the committee felt this bill, as worded, was inequitable.

MOTION TO LAY ON THE TABLE

Rep. Rowe moved that **HB 1243-FN-L**, relative to storm water or sewage penalties, be laid on the table. Motion adopted.

REGULAR CALENDAR PART I CONT'D

HB 602-FN, relative to the use of drones. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. John Burt for the Majority of Criminal Justice and Public Safety. This bill regulates the use of drones by government and individuals. It establishes criminal penalties and civil remedies for violation of the law. It is the opinion of the majority of the committee that the penalties are not equitable. Under RSA 644-A:9, II, a government actor who violates its provisions will have \$10,000 fined against the agency that said employee works under. An individual not working under state direction or a private citizen who violates its provisions will pay up to a \$1,000 fine and be guilty of class A

misdemeanor. The private citizen pays out of pocket and the state actor pays nothing. It is also the majority position that the federal preemption section of RSA 644-A:7 which reads, "If federal law preempts any provision of this chapter, that provision shall not apply," gives a clear example of the extent of the loss of our 4th Amendment rights under the Patriot Act. Federal government agents would be able to preempt anything that this legislation attempts to protect. Vote 8-7.

Rep. Robert Cushing for the Minority of Criminal Justice and Public Safety. The minority of the committee recognizes all the important work that has been done over the past couple of years to shape sound public policy on the use of drones for the purpose of commerce, law enforcement, government and individual use, and supports the passage of an amended version of this bill. The minority has two concerns about the current version of the bill that made it difficult to garner majority support for an Ought to Pass motion. The minority is opposed to the idea of weaponizing drones and opposed to permitting law enforcement to use drones to fire tear gas to quell civil disorder. Currently, Maine and Virginia ban the use of weaponized aircraft (drones) by law enforcement and the minority believes that New Hampshire should have a similar policy. The minority is also concerned that the bill as presented did not contain an exemption for the New Hampshire National Guard to permit the use of drones for training purposes. The minority supports an amendment that removes the problem portions of the bill so that the House can pass a drone bill that builds upon the enormous body of work done by so many lawmakers and stakeholders to have a policy on drones/unmanned aircraft vehicles which meets the needs of the people of the State of New Hampshire.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Cushing spoke against.

Rep. Burt spoke in favor.

Ferreira, Elizabeth

Hansberry, Daniel

Rice, Kimberly

Martel, Andre

Murotake, David

Rep. Hoell requested a roll call; sufficiently seconded.

and the majority committee report failed.

Rep. Cushing moved the minority committee report of Ought to Pass with Amendment and offered minority committee amendment (1047h).

Minority Amendment (1047h)

Amend RSA 644-A:2 as inserted by section 1 of the bill by deleting RSA 644-A:2, VI and renumbering the original RSA 644-A:2, VII-VIII to read as RSA 644-A:2, VI-VII, respectively.

Amend RSA 644-A:8 and RSA 644-A:9 as inserted by section 1 of the bill by replacing them with the following:

644-A:8 Applicability. The provisions of this chapter shall not apply to the New Hampshire

national guard in the conduct of its official duties.

644-A:9 Construction. This chapter shall be construed to provide the greatest possible protection of the privacy of the people of this state. Nothing in this chapter shall be construed to impose liability in connection with newsgathering activity.

644-A:10 Penalties.

I. A government employee or agent who knowingly violates RSA 644-A:2, other than the reporting requirements in 644-A:2, II(c) and 644-A:2, VII, shall be guilty of a misdemeanor. A government employee or agent who violates the reporting requirements in RSA 644-A:2, II(c) or 644-A:2, VII shall be guilty of a violation for a first offense and a misdemeanor for any subsequent offense.

II. A government which violates RSA 644-A:2 may be subject to a civil penalty of up to \$10,000

which shall be deposited in the general fund of the state.

III. A person who suffers damages or injury caused by a government's use of a drone pursuant to this chapter may bring a civil action to recover actual damages which shall be limited to medical expenses, treatment, and rehabilitation, property damage, permanent physical impairment, court costs, and reasonable attorney's fees from the government. No claim for pain and suffering, emotional distress, mental anguish, disfigurement, loss of enjoyment, loss of companionship, services, or consortium, or other non-pecuniary losses shall be compensable under this chapter. This paragraph shall not be construed as a waiver of the sovereign immunity of the state.

IV. A person who violates RSA 644-A:3, I-VII shall be guilty of a misdemeanor.

V. Any person who suffers injury caused by a drone operated in violation of this chapter shall be entitled to damages from the person who committed the violation of not less than \$1,000 and an award of reasonable attorney fees.

VI. In addition to any other remedies allowed by law, a person who willfully gains unauthorized control over a drone shall be liable to the owner of the drone in an amount of not less than \$1,000 and an award of reasonable attorney fees.

AMENDED ANALYSIS

This bill regulates the use of drones by government agencies and individuals and establishes criminal penalties and civil remedies for violations of the law.

Rep. Cushing spoke in favor.

Minority committee amendment adopted.

MOTION TO LAY ON THE TABLE

Rep. Burt moved that **HB 602-FN**, relative to the use of drones, be laid on the table. Motion failed.

The question now being adoption of the minority committee report of Ought to Pass with Amendment. Rep. Abramson requested a roll call; sufficiently seconded.

Mullen, John Pitre, Joseph Wuelper, Kurt

and the minority committee report was adopted and ordered to third reading.

HB 1681-FN, relative to hypodermic syringes and needles containing residual amounts of controlled drugs. **WITHOUT RECOMMENDATION**.

Statement in support of Ought to Pass: The research shows conclusive evidence that increased syringe access and exchange programs can significantly decrease the harms to public safety and decrease the incidence of dangerous infectious disease, such as hepatitis C, HIV and other bloodborne diseases. One of the biggest barriers to safe disposal of dirty needles is the criminal penalty for having residual/non-usable amounts in a needle or syringe. This has been shown to not increase intravenous drug use, nor has it been shown to increase used syringes found in public. This potentially cost and life saving legislation will enable a stronger relationship between health care workers and law enforcement.

Rep. John Burt

Statement in support of Inexpedient to Legislate: The bill opens with the premise that by eliminating the penalty for possession of needles and syringes with an unusable quantity of a drug, it will automatically result in used needles that are discarded in parks, playgrounds, streets, and other numerous places to magically disappear and be disposed of in a safe and proper manner. Unfortunately, that is just not the case. Addicts will continue to discard used needles and reuse dirty needles even without penalty. The definition of "unusable quantity" is listed nowhere in law and it is open to interpretation - is it a drop, or half a needle-full, or a partial syringe? Additionally, removing the penalty and preventing law enforcement from using residual amounts contained in syringes as probable cause to obtain a search warrant may result in offenders evading the law and would otherwise result in sizeable quantities of illicit drugs being discovered and dealers evading arrest. Much of the discussion centered on a needle take-back program that would reduce the incidence of the spread of hepatitis C, AIDS, and other bloodborne diseases. That is a laudable desire. Unfortunately, the bill does none of that, instead it just removes the penalty. Thus, is addressing only half of the problem, not making it better, but only hoping that things will get better? We would be far better off in working to create a needle exchange program with the attendant penalty reduction or elimination instead of passing a flawed bill and suffering the consequences.

Rep. John Tholl

Rep. Burt moved Ought to Pass.

Rep. Tholl spoke against.

Rep. Hannon spoke in favor and yielded to questions.

On a division vote, with 272 members having voted in the affirmative, and 86 in the negative, the motion of Ought to Pass was adopted and ordered to third reading.

REGULAR CALENDAR - PART II

HB 1120, relative to teacher qualifications at charter schools. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Ralph Boehm for the Majority of Education. This bill mandates that all teachers at a charter school must have a valid NH teaching credential or be "certified." Charter schools have different requirements and only 50% must be certified. This bill would remove the ability of school administrators to consider qualified non-traditional candidates who may bring a valuable and diverse perspective to the teaching profession. Also, it is often difficult to find certified STEM field teachers while a large pool of industry STEM experts without certification are available who could potentially do a better job than a candidate with an arbitrary certificate. Charter schools are also innovators in teaching, obtaining teachers from industry, retired teachers, etc. Having all teachers "certified" does nothing for accountability. Charter schools have the best accountability; parents may remove their child if the school is not meeting their needs, unlike traditional public school. This bill is not needed. Vote 13-4.

Rep. Deanna Rollo for the Minority of Education. Currently we have two different standards regarding our public school teachers. All of our teachers in our traditional public schools have to be certified, however in our public charter schools only 50% of the teaching staff has to be

certified, the remaining only need 3 years of teaching experience. This bill would require that all our public school teachers be held to the same standard of certification. Currently parents without any teaching credentials teach in some of our private schools, according to our current law they would be eligible to teach in our public charter schools after 3 years. We believe this is not in the best interest of our public charter schoolchildren.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Rollo requested a roll call; sufficiently seconded.

SULLIVAN

Cloutier, John	Converse, Larry	Gagnon, Raymond	O'Hearne, Andrew
and the majority com	mittee report was ado	nted.	

HB 1229, prohibiting the inclusion of statewide assessment results in a student's transcript without consent. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE. Rep. Ralph Boehm for the Majority of Education. This bill adds the following language to current law, "The statewide assessment results of a student, or the student's school district shall not be included as part of the student's transcript unless the student, if 18 years of age or older, or the student's parent or legal guardian if the student is under 18 years of age, consents." The statewide

assessment is an assessment of the schools and not the students. If the student is in a school that

has a low assessment, that should not be on the student record. The student has no control of that assessment. Vote 10-8.

Rep. Mary Heath for the Minority of Education. The minority finds that this bill amends RSA 193-C: 6 to prohibit the use of statewide assessment results of a student or the student's school district as part of the student's transcript. Currently state law remains silent on this issue and leaves the decision to local school boards. The minority feels that this decision should be made locally with the local school board, educators, parents and the community. At this time it is not the practice of local school districts to include such results on student transcripts unless requested by the student or family. This bill is unnecessary and would dictate and possibly impede local reporting practices.

The question being adoption of the majority committee report of Ought to Pass. On a division vote, with 227 members having voted in the affirmative, and 138 in the negative, the majority committee report was adopted and ordered to third reading.

HB 1231, relative to school district policy regarding objectionable course material. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE. Rep. Victoria Sullivan for the Majority of Education. This bill amends existing law which allows parents to opt out of certain course material as long as parents provide an alternative educational activity at their own expense. This bill simply rectifies the weakness in existing law whereas there was not a provision for parental notification included. The majority feels that parental involvement in these matters is vital to the education of children. Vote 13-6.

Rep. James Verschueren for the Minority of Education. The bill requires the school district or classroom teacher to set a notification policy that alerts parents not less than one week in advance whenever curriculum course material is used for instruction of drug and alcohol education, human sexuality, or human sexual education. Current law already provides for a parent to withdraw a student from class if the parent finds specific course material objectionable. The minority of the committee supports parental notification as a principle and believes that local school boards know best what the details of that policy should be and what level of content should be included. This bill is legislative over-reach. By putting this requirement into statute every piece of curriculum that may touch upon one of these subjects will require notification. This places an unreasonable burden on teachers and school districts to scour all content in all classes and all subjects in order to comply with statutory notification requirements.

Majority Amendment (0159h)

Amend RSA 186:11, IX-c as inserted by section 1 of the bill by replacing it with the following:

IX-c. Require school districts to adopt a policy allowing an exception to specific course material based on a parent's or legal guardian's determination that the material is objectionable. Such policy shall include a provision requiring the parent or legal guardian to notify the school principal or designee in writing of the specific material to which they object and a provision requiring an alternative agreed upon by the school district and the parent, at the parent's expense, sufficient to enable the child to meet state requirements for education in the particular subject area. The policy shall also require the school district or classroom teacher to provide parents and legal guardians not less than one week advance notice of curriculum course material used for instruction of drug and alcohol education, human sexuality, or human sexual education. The policy shall address the method of delivering notification to a parent or legal guardian. To the extent practicable, a school district shall make curriculum course materials available to parents or legal guardians for review upon request. The name of the parent or legal guardian and any specific reasons disclosed to school officials for the objection to the material shall not be public information and shall be excluded from access under RSA 91-A.

AMENDED ANALYSIS

This bill requires school districts to provide advance notice to parents and legal guardians of course material involving discussion of drug and alcohol education, human sexuality, or human sexual education.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. On a division vote, with 219 members having voted in the affirmative, and 146 in the negative, the majority committee report was adopted and ordered to third reading.

HB 1274, establishing a committee to study the efficacy of changes in the community college system of New Hampshire. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS. Rep. Terry Wolf for the Majority of Education. This bill establishes a study committee to review changes in the community college system. The college system has undergone many changes over the last few years, adapting to the changing needs of employers, declining enrollments and less state funding. Much of the testimony was in relation to the shift to more adjunct faculty and changing programs. The majority of the committee believes a review of changes should be done by the public higher education study committee, which is already established. Vote 12-9.

Rep. Mel Myler for the Minority of Education. There is recognition of the high quality of programs offered by the Community College System NH (CCSNH). The CCSNH is facing challenges of student enrollment and sources of revenue. The legislature created the CCSNH eight years ago and there has been no review of the CCSNH since its inception. The minority of the committee felt strongly that a study committee would be appropriate to review past and future needs of the system. There was ample testimony that question the current decision making process in light of limited resources and priority setting of the management of CCSNH.

The question being adoption of the majority committee report of Inexpedient to Legislate. Reps. Wolf and Ladd spoke in favor.

Rep. Myler spoke against.

Rep. Gile spoke against, yielded to questions and requested a roll call; sufficiently seconded.

and the majority committee report was adopted.

The House recessed at 12:20 p.m.

RECESS

The House reconvened at 1:30 p.m.

(Speaker Jasper in the Chair)

REGULAR CALENDAR PART II CONT'D

HB 1300, relative to the content of patriotic exercises in public schools. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. John Balcom for the Majority of Education. This bill as amended requires the inclusion of a discussion of the "words, meaning, and history of the Pledge of Allegiance and Star Spangled Banner." The majority of the committee felt that these two foundations of our country's fabric are important enough that they be specified to be taught in our public schools. Vote 10-8.

Rep. Mary Heath for the Minority of Education. The minority finds that the Pledge of Allegiance and the Star Spangled Banner should be inherent aspects of NH schools all year long and particularly on Memorial Day and Veterans Day. However, the minority feels that local curriculum remain the purview of the local school district and school board and the General Court should not dictate what and when it should be taught. The bill calls for "a discussion of the words and meaning of the Pledge of Allegiance and the Star Spangled Banner" it is unclear if that means every year in every grade and what does a discussion mean? If the bill called for a policy developed by the local school board it would allow for the design of the actions called for but in its current rendition, this bill is far too ambivalent.

Majority Amendment (0539h)

Amend RSA 189:18 as inserted by section 1 of the bill by replacing it with the following:

189:18 Patriotic Exercises. In all public schools of the state one session, or a portion thereof, during the weeks in which Memorial Day and Veterans Day fall, shall be devoted to exercises of a patriotic nature, which shall include a discussion of the words, meaning, and history of the Pledge of Allegiance and the Star Spangled Banner.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Jones requested a roll call; sufficiently seconded.

Rideout, Leon

Cloutier, John Irwin, Virginia Oxenham, Lee

and the majority committee report was adopted and ordered to third reading.

HB 1338, relative to student exemption from the statewide assessment. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Ralph Boehm for the Majority of Education. This bill gives parents the right to remove their child from taking the state annual assessment. Thus reinforcing parental rights as to their control of what their children have access to. Other states and even some school districts in this state are allowing parents to exempt their child from testing without any loss in Federal funds. The number of students not taking the test should not statistically jeopardize any comparison with other schools. Vote 10-9.

Rep. Mary Gile for the Minority of Education. The minority believes that this bill which amends the Statewide Education Improvement and Assessment Program section on requiring assessments (RSA 193-C:6) would create a student opt-out option from the statewide assessment process. This bill would conflict with current state educational accountability laws, undercut one of the tools that educators use to evaluate K-12 student progress, and jeopardize millions of dollars in federal funding for New Hampshire schools. Participation in the state assessment is also a criterion for the court decision that assures an adequate education. Furthermore, in December 2015, Congress reauthorized the ESEA of 1965 as The Every Student Succeeds Act (ESSA) for which neither rules nor guidance have been written. This bipartisan measure reauthorizes the 50-year-old Elementary and Secondary Education Act (ESEA), the nation's national education law and longstanding commitment to equal opportunity for all students. The new law builds on key areas of progress in recent years, made possible by the efforts of educators, communities, parents, and students across the country. It is premature to establish this bill and possibly ieopardize millions of federal dollars for our local school districts. By state law, and as a result of Supreme Court decisions requiring a statewide education accountability system, New Hampshire schools are required to participate in the statewide educational improvement and assessment program. If passed, this bill would discourage participation in the annual statewide assessment, violating the requirements of both federal and state law, as well as the requirements of the New Hampshire Supreme Court that New Hampshire have a broad assessment and accountability system. Allowing this bill to become law also poses significant fiscal risk by threatening tens of millions of dollars a year in federal funding to our schools. The federal government requires 95 percent of students to participate in a statewide assessment to receive Title I funding. This bill sends a bad message to our students. Students who are told that they can opt out of this critical component to their education will believe that they can opt out of other of requirements as well, which could in turn affect participation in day-to-day activities and interfere with both student assessment and direct instruction.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Heath spoke against.

Rep. Victoria Sullivan spoke in favor and yielded to questions.

Rep. Gile requested a roll call; sufficiently seconded.

HB 1365, requiring public schools to observe New Hampshire constitution day. INEXPEDIENT TO LEGISLATE.

Rep. Allen Cook for Education. This bill directs teachers to offer or provide a copy of the state constitution to students; however, this bill is duplicative of RSA 189:23 that currently directs the state board of education to distribute copies of the state constitution and election laws to all teachers for instruction in the upper elementary, junior and high school grades. Further, RSA 189:11 requires all public and private schools in the state to provide regular courses of instruction in the constitutions of the United States and New Hampshire. Lastly, this bill states that copies of the constitution shall be provided to students, but it does not define the grade levels. Early elementary students, K-3, have not yet acquired reading skills necessary to read the constitution. Vote 17-2.

Rep. Prudhomme-O'Brien spoke against.

Rep. Cook spoke in favor.

Rep. DeLemus requested a roll call; sufficiently seconded.

SULLIVAN

Laware, Thomas Rollins, Skip and the committee report was adopted.

HB 1371, establishing a committee to study education savings accounts for families of special needs students. **REFER FOR INTERIM STUDY.**

Rep. James Grenier for Education. This bill proposes a committee study of education savings accounts (ESA's) that are similar to health savings accounts that permit the account holder to pay for doctor's visits, medication, or other needs that they believe necessary. This program would include grades K through college. ESA's allow parents to actually take control of and customize their children's education. For those students with special needs, this bill supports tailoring learning to those needs. Vote 21-0.

Committee report adopted.

Gallagher, Brian

Sykes, George

HB 1393, requiring the department of education to report statewide assessment results for school districts receiving certain state aid. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Deanna Rollo for the Majority of Education. This bill requires the commissioner of the department of education to report on the number of students receiving differentiated aid from the state and to compare the statewide assessment results of those students, by category of aid received, with the statewide assessment results of students not receiving differentiated aid. Currently the DOE reports assessment information by sub groups and for multiple years. However local school districts do not collect and report program intervention data consistently based on how they employ adequacy funds. Therefore this bill could be construed as a hardship for local school districts. Vote 11-10.

Rep. Glenn Cordelli for the Minority of Education. This bill requires the Department of Education to report accountability and data relative to the four categories of differentiated aid in the adequacy formula. This information is available in the state student database. We need to make sure that our scarce education funds are producing the desired results, or look at other means to gain those results.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Cordelli spoke against and yielded to questions.

Rep. Ammon requested a roll call; sufficiently seconded.

SULLIVAN

Laware, Thomas Rollins, Skip Smith, Steven and the majority committee report was adopted.

Rep. Porter voted Nay and intended to vote Yea.

HB 1484, relative to the election of members of the state board of education. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Terry Wolf for the Majority of Education. Members of the state board of education are currently nominated by the governor and approved by the executive council. Under this bill, five board members would be elected to the state board of education using the same districts as the executive council. The majority feels there is currently a process of checks and balances. Electing board members would make the process even more political with less qualified candidates. Vote 13-6.

Rep. Glenn Cordelli for the Minority of Education. The state board of education (BOE) is comprised of seven members – two at large members and I member from each of the five executive council districts. All are currently appointed by the governor. This bill changes appointment of the board members from the executive council districts to election by the people of each district. The governor will still appoint the two at large members and appoint the board chair. The minority believes the election of these members will put parents more in touch with their state board member, improve communication, and lead to a public discussion of school issues and greater accountability. We have confidence in the people to elect good people to the BOE, after all, they elected us.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Cordelli spoke against.

Rep. Wolf spoke in favor.

On a division vote, with 225 members having voted in the affirmative, and 126 in the negative, the majority committee report was adopted.

HB 1637-FN, relative to school attendance in towns with no public schools. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Ralph Boehm for the Majority of Education. There is currently a lawsuit pending on this issue; it may be already legal, but this bill clarifies certain aspects of the law. This bill allows a school district to assign a child to another public school in another school district or to an approved, non-religious private school if there is no public school for the child's grade in the child's resident district. The amendment states a private school approved for attendance. If a school district does not have its own public school for certain grades, the school district may tuition students to a non-religious private school that is approved for attendance by the Department of Education. This gives local control to school districts to do what is best for their children. Vote 12-9.

Rep. Mary Heath for the Minority of Education. The minority finds that while the intent and purpose of this bill to provide children for whom the town does not have access to a public school another private alternative is noteworthy; the full implication of this action is unclear. Also, there is a pending legal status related to this bill that should be settled prior to the establishment of the actions defined in this bill, to first determine its legality. In addition, as enacted, the far reaching implications and impact on NH's public education system have not been identified and must be considered and studied before this bill takes effect both at the state and local level.

Majority Amendment (0878h)

Amend the introductory paragraph of RSA 193:1, I as inserted by section 1 of the bill by replacing it with the following:

I. A parent of any child at least 6 years of age and under 18 years of age shall cause such child to attend the public school to which the child is assigned in the child's resident district. If there is no public school for the child's grade in the resident district, the district may assign the child to another public school in another school district or to a non-religious private school which has been approved for attendance by the department of education. Such child shall attend full time when such school is in session unless:

Amend RSA 194:22 as inserted by section 2 of the bill by replacing it with the following:

194:22 Contracts With Schools. Any school district may make a contract with an academy, high school, non-religious private school, or other literary institution located in this or, when distance or transportation facilities make it necessary, in another state, to provide for the education of a pupil who resides in the district and raise and appropriate money to carry the contract into effect. [If the contract is approved by the state board the school with which it is made shall be deemed a high school maintained by the district.] Notwithstanding any provision of law to the contrary, a school

board may make a contract with any non-religious private school to provide for the education of a pupil who resides in the school district, and may raise and appropriate money for the purposes of the contract, if the school district does not have a public school at the pupil's grade level and the school board decides it is in the best interest of the pupil.

Amend RSA 194:27 as inserted by section 3 of the bill by replacing it with the following:

194:27 Tuition. Any district not maintaining a high school or school of corresponding grade shall pay for the tuition of any pupil who with parents or guardian resides in said district, or who, as a resident of said district, after full investigation by the state board of education is determined to be entitled to have his or her tuition paid by the district where the pupil resides, and who attends an approved public high school [or], public school of corresponding grade in another district [or], an approved public academy, or a non-religious private school which has been approved for attendance by the department of education. Except under contract as provided in RSA 194:22, the liability of any school district hereunder for the tuition of any pupil shall be the current expenses of operation of the receiving district for its high school, as estimated by the state board of education for the preceding school year. This current expense of operation shall include all costs except costs of transportation of pupils.

Amend the bill by inserting after section 4 the following and renumbering the original section 5 to read as 6:

5 New Paragraph; School Boards; Duty to Provide Education. Amend RSA 189:1-a by inserting after paragraph III the following new paragraph:

IV. Notwithstanding any provision of law to the contrary, a school board may make a contract with any non-religious private school to provide for the education of a pupil who resides in the school district, and may raise and appropriate money for the purposes of the contract, if the school district does not have a public school at the pupil's grade level and the school board decides it is in the best interest of the pupil.

AMENDED ANALYSIS

This bill allows a school district to assign a child to another public school in another school district or to an approved, non-religious private school if there is no public school for the child's grade in the child's resident district. The bill also allows a school board to make a contract with a non-religious private school to provide for the education of a child who resides in a district which does not have a public school at the child's grade level.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. On a division vote, with 208 members having voted in the affirmative, and 143 in the negative, the majority committee report was adopted and ordered to third reading.

REGULAR CALENDAR - PART III

HB 1135, relative to physical force in defense of a person. INEXPEDIENT TO LEGISLATE. Rep. Len DiSesa for Criminal Justice and Public Safety. The Attorney General's Office and the NH Department of Safety strongly opposed this bill. It would make substantial changes to the law regarding deadly force and it would greatly expand the conditions when deadly force was to be used. As the statute stands now, one can only use deadly force against another person in self-defense if he or she reasonably believes that the other person is about to use unlawful deadly force against him or her (or another person). This bill expands that by making it legal to use deadly force against another person who he or she - or some other reasonable person - would reasonably believe is about to commit a felony against him/herself or another person. There are many felony-level crimes in the New Hampshire statutes that are not personal injury crimes, such as fraud, or crimes against property. Under the language changes in this bill, it would be legal for a person to use deadly force against another if one believed that person was about to commit fraud, or a computer crime, or any of the many other nonviolent felonies covered under the statute. Further, this bill deletes and repeals a section of the deadly force law that allows for the use of deadly force to stop a kidnapping or forcible rape. Why would we want to do that? It also deletes a current provision that says that a private citizen who is assisting a law enforcement officer at the officer's request and direction and acting within the same laws that the officer must abide by, need not retreat from an encounter but may continue to assist the officer. That person is currently covered under these conditions under the "color of law." Removing this language would remove the protection for a citizen who assists a police officer in a dangerous situation. This bill also expands the current definition of the word "dwelling" and instead defines a dwelling to include a shed, barn, outhouse, attached porch, conveyance of any kind which has a roof over it (including a tent). The definition in current law is broad enough to incorporate most of these because it means any building, structure, boat or other place adapted for overnight accommodation of persons. Vote 17-0. Rep. DiSesa spoke in favor.

Rep. Abramson spoke against, yielded to questions and requested a roll call; sufficiently seconded.

and the committee report was adopted.

HB 1153, prohibiting a political subdivision from adopting residency restrictions on sex offenders. OUGHT TO PASS.

Rep. Geoffrey Hirsch for Criminal Justice and Public Safety. This bill prohibits any political subdivision of the state from adopting an ordinance or bylaw that restricts the residence of a sexual offender or an offender against children. When released, sex offenders tend to want to live in the community they came from to get back on their feet with the assistance of family. Local residency restrictions could defeat the purpose of the registration process, producing conditions that hamper efforts to monitor and supervise offenders. Worse, some offenders will simply go "underground" where they become impossible to track. Residency restrictions may in fact be unconstitutional beyond being a threat to public safety. This bill is supported by NH law enforcement as well as the New Hampshire Coalition Against Domestic and Sexual Violence. Vote 15-1.

MOTION TO LAY ON THE TABLE

Rep. Webb moved that HB 1153, prohibiting a political subdivision from adopting residency restrictions on sex offenders, be laid on the table.

Rep. Webb requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.

HB 1261, relative to multiple indictments in criminal prosecutions. INEXPEDIENT TO LEGISLATE. Rep. Laura Pantelakos for Criminal Justice and Public Safety. This bill would have prevented a grand jury from issuing more than one indictment per criminal act. Current practice allows the grand jury to return an indictment for the crime and an additional indictment for a lesser included offense, thus allowing the jury at the time of trial the option of finding the suspect guilty of the lesser crime rather than the major crime. The committee felt that removing that option would eliminate the ability of the jury to reach a just verdict and is not in accordance with the intent of the justice system. Vote 16-1. Rep. Tholl spoke in favor.

Rep. Abramson spoke against and requested a roll call; not sufficiently seconded.

On a division vote, with 287 members having voted in the affirmative, and 36 in the negative, the committee report was adopted.

HB 1318, relative to sex offender registration. OUGHT TO PASS WITH AMENDMENT.

Rep. Arthur Barnes for Criminal Justice and Public Safety. This bill changes the circumstances and criteria under which certain sex offenders may petition to have their name removed from the sex offender registry public list and be relieved from the requirement of continued registration. The bill attempts to correct the constitutional violations brought to light in the New Hampshire Supreme Court opinion of John Doe v. State of New Hampshire issued February 12, 2015. In 1987, John Doe pleaded guilty to two counts of aggravated felonious sexual assault. He was sentenced to two and a half to five years' imprisonment, which was deferred for two years. He was placed on probation for four years. As part of his sentence, he was required to attend sex counseling, which he did weekly for two years. In August 1990, his probation was terminated. On January 1, 1993, he became subject to registration as a sex offender. Sometime after 2006 he sought a declaratory judgment in superior court that RSA chapter 651-B is unconstitutional as applied to him because it violates the prohibition against retrospective laws and the Due Process Clause of the New Hampshire Constitution. The trial court ruled the act did not violate the Ex Post Facto Clause because the legislature intended the act to be regulatory, and any punitive effects of the act did not override this regulatory purpose by the clearest proof. The court also stated that it could not find the act had a punitive effect because the state's laws are presumed constitutional. This lead to an appeal the New Hampshire Supreme Court. Quoting from the judgment: "In summary, our analysis leads us to conclude that RSA chapter 651-B has a punitive effect as applied to the petitioner. We recognize the important interests that the legislature seeks to further with this statute, but in our view, the punitive effect of the current act is enough to overcome any non-punitive legislative intent as to this petitioner. Absent the lifetime-registration-without-review provision, we would not find the other effects of the act sufficiently punitive to overcome the presumption of its constitutionality. Accordingly, to prevent an untoward result that would substantially undermine the act's public protection goals, we conclude that the act can be enforced against the petitioner consistently with the constitutional probation against retrospective laws only if he is promptly given as opportunity for either a court hearing, or an administrative hearing subject to judicial review, at which he is permitted to demonstrate that he no longer poses a risk sufficient to justify continued registration. If the hearing results in a finding that he has made the required showing that he is not a danger to the public he must be relieved from the requirements of registration. If after such a hearing, it is determined that he has not made the required showing, he must continue to comply with the act, but thereafter he must be afforded periodic opportunities for further hearings, at reasonable intervals, to revisit whether registration continues to be necessary." This bill seeks to resolve the constitutional issues with the law. Vote 13-2.

Amendment (0819h)

Amend the bill by replacing all after the enacting clause with the following:

1 Registration of Criminal Offenders; Duration of Registration. Amend RSA 651-B:6 to read as follows:

651-B:6 Duration of Registration.

I. Subject to the provisions of paragraph IV, all tier II or tier III offenders shall be registered for life.

II. All tier I offenders shall be registered for a 10-year period from the date of release, provided that any such registration period shall not run concurrently with any registration period resulting from a subsequent violation or attempted violation of an offense for which the person is required to register.

III.(a)[(1) All tier III offenders shall remain on the public list contained in RSA 651-B:7 for life:

(2)] A tier II or tier III offender may petition the superior court to have his or her name and information removed from the public list. The petition shall not be filed prior to the completion of all the terms and conditions of the sentence and in no case earlier than 15 years after the date of release. The petition shall be accompanied by a risk assessment prepared by a qualified psychiatrist or psychologist at the offender's expense. The court may grant the petition only if the offender is not under arrest or indictment for, or has not been convicted of, any [felony, class A misdemeanor,] sex offense[,] or offense against a child, has successfully completed any periods of supervised release, probation, or parole, and has successfully completed an appropriate sex offender treatment program as determined by the court. If the court denies the petition, the offender shall not file another petition for 5 years from the date of denial.

- [(3)] (b) A tier I offender may petition the superior court to have his or her name and other information removed from the public list. The petition shall not be filed prior to the completion of all the terms and conditions of the sentence and in no case earlier than 5 years after the date of release. The petition shall be accompanied by a risk assessment prepared by a qualified psychiatrist or psychologist at the offender's expense. The court may grant the petition only if the offender is not under arrest or indictment for, or has not been convicted of, any [felony, class A misdemeanor,] sexual offense[5] or offense against a child, has successfully completed any periods of supervised release, probation, or parole, and has successfully completed an appropriate sex offender treatment program as determined by the court.
- [(b) Prior to granting any petition to remove an offender from the public list, the court shall provide notice to the county attorney who prosecuted the case, the victim advocate, and the victim or victim's family, and permit those parties to be heard on the petition. Prior to any decision granting the application, the court shall provide the victim with the opportunity to address the court. The victim may appear personally, or by counsel, or may provide a written statement to reasonably express his or her views concerning the offense, the person responsible, and the need for maintaining the registration requirement. The judge shall consider the statements of the victim pursuant to this section when making a decision regarding the application. The judge shall grant the application, after a hearing, only where, in the opinion of the court, removal from the registration requirements will assist the individual in the individual's rehabilitation and will be consistent with the public welfare.]
- IV. A tier II or tier III offender may petition the superior court during his or her month of birth to be relieved from the registration requirements under this chapter. The petition shall include the petitioner's current address and information about each conviction for which he or she is required to register, including the nature of the offense, the sentence imposed, and the court and the jurisdiction in which the petitioner was convicted. The petition shall be accompanied by a certified copy of the petitioner's criminal history record from each jurisdiction in which he or she is required to register. The petition shall not be filed prior to the completion of all the terms and conditions of the sentence, including any supervision, and in no case earlier than 15 years after the date of release from a tier II offender's most recent conviction that required registration, and in the case of a tier III offender no earlier than 25 years after the date of release from the tier III offender's most recent conviction that required registration. The petition shall be accompanied by a risk assessment prepared by a qualified psychiatrist or psychologist at the offender's expense, which indicates that the offender is not a danger to the public and no longer poses a risk sufficient to justify continued registration. The court may grant the petition only if the petitioner is not under arrest or indictment for, or has been convicted of, any sex offense or offense against a child since the most recent qualifying conviction requiring registration, has successfully completed any period of supervised release, probation, or parole, has successfully completed an appropriate sex offender treatment program as determined by the court, has demonstrated compliance with registration requirements for 15 years, and he or she is no longer a danger to the public and no longer poses a risk sufficient to justify continued registration. The petition shall be filed in the county where the most recent predicate conviction occurred, except if the most recent conviction occurred in another state or jurisdiction, the petition shall be filed in the county where the petitioner resides. If the court denies the petition, the petitioner shall not file another petition under this section for 5 years from the date of the court's denial. Such petition shall not be filed or addressed as part of a criminal case.
- V.(a) Prior to granting any petition to remove an offender from the public list, the court shall provide notice to the county attorney who prosecuted the case, the victim advocate, and the victim or victim's family, and permit those parties to be heard on the petition. Prior to any decision granting the petition, the court shall provide the victim with the opportunity to address the court. The victim may appear personally, or through a representative, or may provide a written statement to reasonably express his or her views concerning the offense, the person responsible, and the need for maintaining the registration requirement. The judge shall consider the statements of the victim pursuant to this section when making a decision regarding the petition. The judge shall grant the petition, after a hearing, only where, in the opinion of the court, removal from the public list will assist the individual in the individual's rehabilitation and will be consistent with the public welfare.

(b) Prior to granting any petition to relieve an offender from the registration requirements under this chapter, the court shall hold a hearing on the petition. The court shall provide notice of the hearing at least 60 days prior to the hearing to the county attorney who prosecuted the most recent offense requiring registration, the victim advocate, the victim or victim's family, the department of safety sex offender unit, and the department of corrections, and shall permit those parties to be heard on the petition. If the most recent conviction requiring registration is an out of state conviction, notice shall be given to the county attorney in the county where the offender is currently residing. Prior to any decision granting the petition, the court shall provide the victim or victim's family with the opportunity to address the court. The victim or victim's family may appear personally, or through a representative, or may provide a written statement to reasonably express his or her views concerning the offense, the person responsible, and the need for maintaining the registration requirement. The judge shall consider the statements of the victim or victim's family pursuant to this section when rendering a decision regarding the petition. The judge shall grant the petition, after a hearing, only where, in the opinion of the court, the petitioner has proven by clear and convincing evidence that he or she no longer poses a risk sufficient to justify continued registration and is not a danger to the public.

[FV-] VI. Any offender who was convicted before January 1, 1994, and who has fully served all aspects of his or her sentence and has not re-offended may petition the superior court to be relieved from the requirements of registration. The petition shall be subject to the requirements of paragraph IV, except that the offender shall not be required to wait the 15 or 25 years, or for the month of his or her birth. The hearing shall be held in accordance with the requirements of subparagraph V(b). The offender shall pay the costs of the legal service in connection with hearing. The petitioner shall have the right to counsel. If the court denies the petition, the offender shall not file another

petition under this section for 5 years from the date of the court's denial.

VII. Registration of any juvenile required to register pursuant to RSA 651-B:1, XI(a)(3) or (4) shall end when the juvenile turns 17 years of age unless the court which adjudicated the juvenile as a delinquent retains jurisdiction over the juvenile pursuant to RSA 169-B:4, V, in which case registration of the juvenile shall end when the court terminates jurisdiction over the juvenile's case. When the registration of a juvenile terminates, the department shall remove information relating to the juvenile from the SOR system and records of the juvenile's registration shall be handled in accordance with RSA 169-B:35 and RSA 169-B:36.

2 Registration of Criminal Offenders; Hearing. Amend RSA 651-B:10, I to read as follows:

I. Any offender required to register for an offense committed in another state, country, territory, or tribal territory, or under federal law that is determined to be a reasonably equivalent offense to an offense listed *in* RSA 651-B:1, V(a) or RSA 651-B:1, VII(a) or (b) may appeal that determination to the commissioner. The offender shall, within 10 days of notification, request a hearing on the matter before the commissioner. If such a request is made, the commissioner shall promptly schedule and conduct a hearing pursuant to rules adopted under RSA 541-A. [The offender] Either party shall have the right to appeal the commissioner's decision in superior court.

3 Effective Date. This act shall take effect 60 days after its passage.

MOTION TO LAY ON THE TABLE

Rep. Tholl moved that **HB 1318**, relative to sex offender registration, be laid on the table. Motion adopted.

REGULAR CALENDAR PART III CONT'D

HB 1610-FN, legalizing the possession and cultivation of marijuana for personal use. **INEXPEDIENT TO LEGISLATE.**

Rep. Dick Marston for Criminal Justice and Public Safety. This bill would have legalized possession of marijuana for persons over the age of 21 and legalized the cultivation of up to 6 plants by individuals, of which 3 could be adult plants which could produce up to 3 pounds. The committee heard testimony from many sources, including the proponents of legalization, that marijuana is not a harmless drug. The majority of the committee felt that legalizing marijuana and allowing the cultivation of up to 6 plants would not prevent persons under the age of 21 in obtaining the drug from either legal or illicit means. The committee felt that in light of the ongoing opioid crisis and the information given to the task force about how a young man went from marijuana use to prescription drugs and on to heroin addiction, that now is not the time to legalize a drug that is illegal under federal statutes. Vote 9-4.

MOTION TO LAY ON THE TABLE

Rep. Tholl moved that **HB 1610-FN**, legalizing the possession and cultivation of marijuana for personal use, be laid on the table.

Rep. Hoell requested a roll call; sufficiently seconded.

REGULAR CALENDAR PART III CONT'D

HB 1414, repealing the home education advisory council. INEXPEDIENT TO LEGISLATE. Rep. Ralph Boehm for Education. This bill repeals the Home Education Advisory Council (HEAC). This council is needed and wanted by the majority of home school parents. It is the buffer between the State Board of Education and home schoolers. A statement from some home school parents made several years ago when another bill tried to do the same thing indicated that the HEAC is the only protection they have. The council also exists to advise parents who wish to home school as to the state laws, and if needed, recommend laws. There are two Representatives and one Senator on the HEAC as non-voting members. The HEAC also gives feedback to the State Board of Education on any proposed rules dealing with home education. This bill, if passed, will seriously affect home schooling in New Hampshire. Vote 19-1.

Rep. Boehm spoke in favor.

Rep. Hoell spoke against and requested a roll call; sufficiently seconded.

SULLIVAN

Rollins, Skip and the committee report was adopted.

HB 1497, relative to the limits on disclosure of information used on college entrance exams. OUGHT TO PASS.

Rep. Glenn Cordelli for Education. Since the SAT or ACT can now be used as the statewide assessment in high school, this bill incorporates them into our privacy statutes. In addition, it adds an optout provision to have personal information destroyed by the SAT or ACT testing entity. Vote 19-0. Committee report adopted and ordered to third reading.

HB 1143, relative to showing a ballot. INEXPEDIENT TO LEGISLATE.

Rep. William Gannon for Election Law. This bill would repeal the prohibition on a voter taking a digital image of his or her marked ballot. A US District Court order on this issue is currently being appealed. The majority believes that this legislation should not be adopted. We believe in the sanctity of the secret ballot. In early NH history, there was often coercion at the voting booth. We want the voter to feel free from all intimidation and outside pressures when casting a ballot. Voting is one of the most fundamental rights and its sanctity should be defended at all costs. Vote 17-0. Rep. Rideout spoke against.

The Speaker ruled the debate by Rep. Rideout out of order.

APPEAL OF THE RULING OF THE CHAIR

Rep. Rideout challenged the ruling of the Chair on the ruling that debate was out of order.

The question being shall the ruling of the Chair be upheld? Ruling of the Chair upheld.

The question now being adoption of the committee report of Inexpedient to Legislate. Rep. Gannon spoke in favor.

MOTION TO LAY ON THE TABLE

Rep. Hoelzel moved that HB 1143, relative to showing a ballot, be laid on the table.

Rep. Rideout requested a roll call; sufficiently seconded.

REGULAR CALENDAR PART III CONT'D

HB 1144-L, relative to notice for sessions of correction of the check list. OUGHT TO PASS WITH AMENDMENT.

Rep. Kathleen Souza for Election Law. This bill, as amended, removes an obsolete notice requirement for meetings of Supervisors of the Checklist to register voters and makes the notice language consistent with RSA 91-A, the Right to Know law. This bill changes the newspaper notification from mandatory to optional. Testimony showed that citizens do not rely on small notices in the newspaper, that the meetings are well noticed by other means, and that recent changes in the law allow citizens to register to vote, make changes, etc., with the Town or City Clerk at any time throughout the year, at their convenience. This bill provides for notice to be given on the town or city's website, if such exists, or in a newspaper, plus at least one other appropriate location. Vote 19-0.

Amendment (0212h)

Amend the bill by replacing all after the enacting clause with the following:

1 Correction of Checklist; Notice. Amend RSA 654:27 to read as follows:

654:27 Session for Correction. In cities and towns, the supervisors of the checklist shall be in session for the correction of the checklist at some suitable place in the city or town on the Saturday 10 days prior to the election and upon which all hearings shall be finally closed; provided that if the Saturday falls on a holiday weekend, that session shall be held on Tuesday, 7 days prior to the election, between 7:00 p.m. and 7:30 p.m. and at the discretion of the supervisors for extended hours. Notice of the day, hour, and place of each session of the board of supervisors shall be given upon the checklists first posted in 2 appropriate places one of which shall be the city or town's Internet website, if such exists, or [and] shall be [published] printed in a newspaper of general circulation in the city or town at least 7 days prior to each such session. The reconvening of any session which has been adjourned shall not require the publication of notice.

2 Verification of Checklist; Notice. Amend RSA 654:38, I to read as follows:

I. Between April 1 and August 1 in the next even-numbered year, the supervisors shall [advertise] post notice of their sessions in 2 appropriate places one of which shall be the town or city's Internet website, if such exists, or printed at least twice in a newspaper of general circulation in the town or city and hold sufficient sessions for verification of the checklist as in their opinion will enable all eligible voters in said town or ward to appear before them and register or reregister as the case may be. Whenever a person is reregistered, his or her party designation, if any, on the checklist undergoing revision shall not be changed except as provided in RSA 654:34.

3 Verification of Checklist; Notice. Amend RSA 654:39, II to read as follows:

II. Between April 1 and August 1 of 1981 and thereafter in each year ending with a one, the supervisors shall [advertise and] post notice of their sessions in 2 appropriate places one of which shall be the town or city's Internet website, if such exists, or published at least twice in a newspaper of general circulation and at the office of the town or city clerk or at the town hall and hold sufficient sessions for verification of the checklist as in their opinion will enable all eligible voters in said town or ward to appear before them and register or reregister as the case may be. Whenever a person is reregistered, his or her party designation, if any, on the checklist undergoing revision shall not be changed except as provided in RSA 654:34.

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill modifies requirements for notice of sessions for the correction or verification of the checklist. Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Bates offered floor amendment (0403h).

Floor Amendment (0403h)

Amend the bill by replacing sections 2 and 3 with the following:

2 Verification of Checklist; Notice. Amend RSA 654:38, I to read as follows:

I. Between April 1 and August 1 in the next even-numbered year, the supervisors shall [advertise] post notice of their sessions in 2 appropriate places one of which shall be the town or city's Internet website, if such exists, and printed at least twice in a newspaper of general circulation in the town or city and hold sufficient sessions for verification of the checklist as in their opinion will enable all eligible voters in said town or ward to appear before them and register or reregister as the case may be. Whenever a person is reregistered, his or her party designation, if any, on the checklist undergoing revision shall not be changed except as provided in RSA 654:34.

3 Verification of Checklist; Notice. Amend RSA 654:39, II to read as follows:

II. Between April 1 and August 1 of 1981 and thereafter in each year ending with a one, the supervisors shall [advertise and] post notice of their sessions in 2 appropriate places one of which shall be the town or city's Internet website, if such exists, and published at least twice in a newspaper of general circulation and at the office of the town or city clerk or at the town hall and hold sufficient sessions for verification of the checklist as in their opinion will enable all eligible voters in said town or ward to appear before them and register or reregister as the case may be. Whenever a person is reregistered, his or her party designation, if any, on the checklist undergoing revision shall not be changed except as provided in RSA 654:34.

Rep. Bates spoke in favor.

Rep. Gray spoke against.

On a division vote, with 271 members having voted in the affirmative, and 71 in the negative, floor amendment (0403h) was adopted.

Committee report adopted and ordered to third reading.

HB 1661-FN, relative to conversion therapy seeking to change a person's sexual orientation. **OUGHT TO PASS WITH AMENDMENT**.

Rep. John Fothergill for Health, Human Services and Elderly Affairs. This bill as amended prohibits licensed counselors to engage in conversion therapy with a person under 18 years of age. It also allows unlicensed counselors to be sued over conversion therapy. The committee heard overwhelming testimony as to the harms of conversion therapy and no evidence that it is even effective. Vote 17-0.

Amendment (0067h)

Amend the introductory paragraph of RSA 332-L:3, I(b) as inserted by section 2 of the bill by replacing it with the following:

(b) Advertise for the provision of conversion therapy for monetary compensation in exchange for such services where such advertising claims:

Amend the bill by deleting RSA 332-L:4 as inserted by section 2 of the bill.

MOTION TO LIMIT DEBATE

Reps. Hinch and Shurtleff moved to limit debate on **HB 1661-FN**, relative to conversion therapy seeking to change a person's sexual orientation, to 15 minutes on each side, including questions.

MOTION TO LAY ON THE TABLE

Rep. Ohm moved that HB 1661-FN, relative to conversion therapy seeking to change a person's sexual orientation, be laid on the table.

Rep. Schleien requested a roll call; sufficiently seconded.

SULLIVAN

Laware, Thomas Rollins, Skip

and the committee report was adopted and ordered to third reading.

Rep. Eastman voted Nay and intended to vote Yea.

HB 1701-FN, relative to specialty care in drop-in or walk-in clinics. INEXPEDIENT TO LEGISLATE.

Rep. Donald LeBrun for Health, Human Services and Elderly Affairs. This bill clarifies licensure for facilities offering specialty care for drop-in or walk-in patients. This bill presented extensive controversy in the committee debate that it decided the best course of action was to ITL the bill rather than possibly do unexpected harm. Vote 16-1.

MOTION TO LAY ON THE TABLE

Rep. Joe Sweeney moved that **HB 1701-FN**, relative to specialty care in drop-in or walk-in clinics, be laid on the table.

Motion adopted.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Marple moved that the House reconsider it action whereby, on a roll call vote of 180-177, the House adopted the majority committee report of Inexpedient to Legislate on **HB 1393**, requiring the department of education to report statewide assessment results for school districts receiving certain state aid.

On a division vote, with 117 members having voted in the affirmative, and 211 in the negative, the motion failed.

REGULAR CALENDAR PART III CONT'D

HB 1126, limiting the authority of delegates to Article V conventions. INEXPEDIENT TO LEGISLATE.

Rep. Russell Ober for Legislative Administration. This bill establishes a procedure for the selection of delegates to an Article V Convention. An Article V Convention is a convention called by the states for the purpose of proposing amendments to the US Constitution. The bill is premature and unnecessary. There would be adequate time, if an Article V Convention were called, for determining the authority of delegates. The language of the bill places restrictions on delegates that may or may not be appropriate at that time. We should not be forcing our representatives into positions which could change if, or when, such a convention is called. Vote 7-1.

MOTION TO LAY ON THE TABLE

Rep. Hinch moved that **HB 1126**, limiting the authority of delegates to Article V conventions, be laid on the table.

Motion adopted.

REGULAR CALENDAR PART III CONT'D

HB 1263, authorizing municipalities to use form-based codes as an alternative zoning regulation. **INEXPEDIENT TO LEGISLATE.**

Rep. James Belanger for Municipal and County Government. This bill attempts to provide boilerplate zoning codes that would fit all communities from Vallejo, California, to Hollis, New Hampshire. Although the codes can be modified to fit local needs and desires, they are simply suggestions and communities in New Hampshire are already using them as suggested wording for their zoning regulations. If this bill passed and was adopted into our statutes, it would send a message to communities that this was the preferred method of adopting zoning which would conflict with their local authority. The committee felt there was no need to send suggestive language to communities who are very capable of developing their own language and are able to use the suggested codes without language from the state. Vote 14-0.

MOTION TO LAY ON THE TABLE

Rep. James Belanger moved that **HB 1263**, authorizing municipalities to use form-based codes as an alternative zoning regulation, be laid on the table.

On a division vote, with 306 members having voted in the affirmative, and 17 in the negative, the motion was adopted.

REGULAR CALENDAR PART III CONT'D

HB 1359, relative to the tax credit for service-connected disability. INEXPEDIENT TO LEGISLATE. Rep. James Belanger for Municipal and County Government. The intent of this bill is something most would support as it recognizes the sacrifice our veterans have made for our freedom. But the bill ignores the financial status of veterans who qualify. It allows surviving spouses to be tax exempt if they enter into a civil union with a partner. It does not allow for veterans who are terminally ill from Agent Orange. The committee awaits the arrival of SB 348 on the same subject which addresses concerns over this House bill. Vote 16-0.

MOTION TO LAY ON THE TABLE

Rep. James Belanger moved that **HB 1359**, relative to the tax credit for service-connected disability, be laid on the table.

Motion adopted.

REGULAR CALENDAR PART III CONT'D

HB 1134, relative to open access to broadband infrastructure. **INEXPEDIENT TO LEGISLATE.** Rep. Herbert Vadney for Science, Technology and Energy. This bill posited that towns are blocking passage of high-speed internet cables from passing through their towns and thereby hindering the expansion of broadband internet access to citizens. The promoters of the bill could not cite any actual cases of such hindrance, but were basing the need on what they had heard from other people. Vote 20-0.

MOTION TO LAY ON THE TABLE

Rep. Hinch moved that HB 1134, relative to open access to broadband infrastructure, be laid on the table.

Rep. Abramson requested a roll call; not sufficiently seconded.

On a division vote, with 286 members having voted in the affirmative, and 33 in the negative, the motion was adopted.

REGULAR CALENDAR PART III CONT'D

HCR 10, requesting an investigation on whether benzodiazepines contribute to suicides by veterans. INEXPEDIENT TO LEGISLATE.

Rep. Peggy McCarthy for State-Federal Relations and Veterans Affairs. This resolution recommends a very small investigation limited to one segment of the population. Benzodiazepines are prescribed to more than veterans and any investigation should look at all who have taken the drug plus the variety of other drugs being taken at the same time by this population. Testimony given said this is not a problem in New Hampshire. The Veteran's Association both nationally and in New Hampshire is already taking proactive steps to address the issues of prescription drug use and suicides by veterans. The decision made about drugs should be between a doctor and his or her patient. Vote 13-0.

MOTION TO LAY ON THE TABLE

Rep. Russell Ober moved that HCR 10, requesting an investigation on whether benzodiazepines contribute to suicides by veterans, be laid on the table.

Rep. Abramson requested a roll call; not sufficiently seconded.

On a division vote, with 277 members having voted in the affirmative, and 44 in the negative, the motion was adopted.

BILL REMOVED FROM THE CONSENT CALENDAR

HB 1699-FN-A-L, establishing a licensed alcohol and drug counselor in the bureau of emergency medical services to develop a training program for fire and emergency medical services personnel and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**.

Rep. Peter Leishman for Finance. This bill proposed to establish a new position of licensed alcohol and drug counselor (LADC) in the Department of Safety (DOS), Bureau of Emergency Medical Services. DOS revised its original request. The bill originally asked for one new staff position but requested funding for five new staff positions. DOS then asked for one consultant in FY 17 whose responsibilities would be to produce a written list of treatment resources for first responders to have. The list has already been developed and published by the Department of Health and Human Services and is available now. DOS will develop a well-thought-out plan for the consultant and submit it as part of the next budget. Consequently, the committee believes it would be more effective to use the state's limited funds for additional drug treatment programs as opposed to establishing these positions and/or hiring this consultant. Vote 26-0.

MOTION TO LAY ON THE TABLE

Rep. Lynne Ober moved that **HB 1699-FN-A-L**, establishing a licensed alcohol and drug counselor in the bureau of emergency medical services to develop a training program for fire and emergency medical services personnel and making an appropriation therefor, be laid on the table.

On a division vote, with 267 members having voted in the affirmative, and 52 in the negative, the motion was adopted.

RESOLUTION

Rep. Hinch offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet, Wednesday, April 6, 2016 at 10:00 a.m.

LATE SESSION

Third Reading and Final Passage

HR 20, memorializing State Representative Robert Luther of Laconia.

HB 1594-FN, relative to emergency medical services.

HB 1130, relative to placement on school property of a memorial or memorial plaque honoring those who have died during military service.

HB 1404-FN, relative to certain director positions in the insurance department.

HB 1644-FN, relative to screening and intervention for dyslexia and related disorders and establishing a reading specialist position in the department of education.

HB 1695-FN, relative to a health system public data resource plan for New Hampshire and establishing a special fund and relative to cost effectiveness of programs implemented within state agencies.

HB 1298, relative to damage to private property.

HB 1292, relative to the use of abandoned agricultural property.

HB 1182-FN, establishing a committee to study fees for sales of wine by manufacturers.

HB 1584-FN, relative to the discharge of a person committed for nonpayment of a fine.

HB 1590-FN-A-L, relative to the regulation and taxation of short-term rental businesses.

HB 1655-FN, relative to the municipal registration fee for an agricultural/industrial utility vehicle.

HB 1685-FN, relative to mortgage bankers, brokers, and servicers.

HB 280-FN, authorizing multi-use decal plates, multi-use veterans decal plates, and relative to special motorcycle number plates for disabled veterans.

HB 626-FN-A, authorizing energy infrastructure development and designating energy infrastructure corridors and requiring the department of transportation to adopt an updated and revised utility accommodation manual.

HB 636-FN, relative to forfeiture of property.

HB 1527-FN-A, authorizing additional part-time positions at the department of administrative services and making an appropriation therefor.

HB 1531, permitting the legislature to open the state house on weekends.

HB 1553-FN, transferring the administration of the telecommunications accounting unit.

HB 602-FN, relative to the use of drones.

HB 1681-FN, relative to hypodermic syringes and needles containing residual amounts of controlled drugs.

HB 1229, prohibiting the inclusion of statewide assessment results in a student's transcript without consent.

HB 1231, relative to school district policy regarding objectionable course material.

HB 1300, relative to the content of patriotic exercises in public schools.

HB 1338, relative to student exemption from the statewide assessment.

HB 1637-FN, relative to school attendance in towns with no public schools.

HB 1153, prohibiting a political subdivision from adopting residency restrictions on sex offenders.

HB 1497, relative to the limits on disclosure of information used on college entrance exams.

HB 1144-L, relative to notice for sessions of correction of the check list.

HB 1661-FN, relative to conversion therapy seeking to change a person's sexual orientation.

RECESS MOTION

Rep. Hinch moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports.

Motion adopted.

The House recessed at 5:10 p.m.

RECESS

(Rep. Chandler in the Chair) ENROLLED BILL AMENDMENT

SB 110-FN, establishing the administrative supervision act. (Amendment printed SJ 3-24-16) Adopted.

RECESS

(Rep. Russell Ober in the Chair) ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bill numbered 301.

Rep. Hinch, Sen. Prescott for the Committee

ENROLLED BILL AMENDMENT

SB 380, establishing the drinking water and groundwater trust fund and establishing the New Hampshire drinking water and groundwater advisory commission. (Amendment printed SJ 3-24-16) Adopted.

SENATE MESSAGES CONCURRENCE

HB 1438-FN-L, relative to the registration of antique trailers.

NONCONCURRENCE

HB 661-FN, relative to record keeping for sold or transferred animals and making certain technical corrections to the law governing the sale or transfer of animals.

RECESS

(Speaker Jasper in the Chair) RESOLUTION

Rep. Packard offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 308, 324, 326, 336, 337, 341, 342, 345, 347, 348, 362, 374, 376, 379, 381, 387, 391, 394, 401, 402, 404, 415, 416, 417, 421, 423, 430, 431, 432, 439, 452, 456, 466, 475, 481, 482, 488, 491, 492, 494, 495, 496, 503, 506, 509, 510, 515, 519, 521, 527, 532, 533, 535, 539, 540, 541, 544, 546, 547, 552, 553, Senate Concurrent Resolution numbered 3 and 4, and Constitutional Amendment Concurrent Resolution numbered 27 shall be by this resolution read a first and second time by the therein listed titles and referred to the therein designated committees. Motion adopted.

INTRODUCTION OF SENATE BILLS, SCRS AND CACR

First, second reading and referral

SB 308, relative to the definition of small loans and relative to certain fees on small loans. (Commerce and Consumer Affairs)

SB 324, eliminating the land use board and requiring approval of federal land acquisitions by the governor and executive council. (Executive Departments and Administration)

SB 496-FN, relative to personal care attendant services. (Health, Human Services and Elderly Affairs)

SB 503-FN-A, relative to pre-kindergarten education using "pay for success" financing. (Education)

SB 506, clarifying who may adopt. (Judiciary)

SB 509-FN, relative to voter registration forms and relative to voter identity verification. (Election Law)

SB 510-FN, relative to parking at state park parking meters. (Transportation)

SB 515-FN, relative to child neglect and other changes to the child protection act. (Children and Family Law)

SB 519, relative to highway signs. (Transportation)

SB 521-FN, relative to an OHRV registration fee for persons who are members of an OHRV club. (Resources, Recreation and Development)

SB 527-FN-A, making an appropriation to the police standards and training council, repealing the police standards and training council training fund, making an appropriation to the department of safety for the purchase of state police cruisers. (Finance)

SB 532-FN, relative to prior authorization for substance abuse treatment. (Commerce and Consumer Affairs)

SB 533-FN-A-L, relative to the governor's commission on alcohol and drug abuse prevention, treatment, and recovery and making supplemental appropriations to the commission, the department of justice, and the department of health and human services. (Health, Human Services and Elderly Affairs)

SB 535-FN-A, establishing a grant program for high schools for heroin and opiate prevention education. (Health, Human Services and Elderly Affairs)

SB 539, relative to access to records under the child protection act. (Criminal Justice and Public Safety) SB 540-FN, relative to the possession, use, or sale of kratom by any person under 18 years of age. (Criminal Justice and Public Safety)

SB 541, establishing a commission to study provider rates. (Health, Human Services and Elderly Affairs) SB 544, establishing a committee to study funding options for the Internet crimes against children task force. (Criminal Justice and Public Safety)

SB 546-FN, relative to petitions for verification of checklists. (Election Law)

SB 547, establishing a commission to study if current force protection measures provide adequate safeguards for New Hampshire national guard personnel, facilities, and equipment. (State-Federal Relations and Veterans Affairs)

SB 552-FN, relative to application of the Internal Revenue Code to provisions of the business profits tax. (Ways and Means)

SB 553, relative to implementation of the Medicaid managed care program. (Health, Human Services and Elderly Affairs)

SCR 3, applying to the United States Congress to convene a limited convention for the exclusive purpose of proposing amendments to the federal Constitution concerning election reform that do not abrogate or amend the first amendment to the federal Constitution. (State-Federal Relations and Veterans Affairs)

SCR 4, applying for an Article V convention to propose an amendment to the Constitution of the United States that imposes fiscal restraints on the federal government. (State-Federal Relations and Veterans Affairs)

CACR 27, relating to the operating budget. Providing that the state shall not spend more from any fund than such fund receives in revenue, nor use the proceeds of any bond to fund its annual operating expenditures. (Finance)

RECESS

(Rep. Bates in the Chair) ENROLLED BILL AMENDMENT

SB 238-FN, relative to the workers' compensation appeals board. (Amendment printed SJ 3-31-16) Adopted.

RECESS

(Rep. Andrew Christie in the Chair) ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled Senate Bill numbered 380.

Rep. Hinch, Sen. Prescott for the Committee

RECESS

(Rep. Rosenwald in the Chair) ENROLLED BILL AMENDMENT

HB 1696-FN, requesting a modification of the New Hampshire health protection program.

Amendment (1246-EBA)

Amend RSA 404-G:2, X-c as inserted by section 9 of the bill by replacing line 2 with the following: to RSA 126-A:5, XXV. Adopted.

SENATE MESSAGE CONCURRENCE

HB 242, relative to the statewide improvement and assessment program.

HB 295, correcting a reference in the housing law to municipal agreements regarding the construction of parking facilities.

HB 1145, establishing a committee to study suspensions and expulsions in licensed preschools and in kindergarten through grade 3.

HB 1171, relative to appeals heard by the waste management council.

HB 1199, allowing adults to play children's bingo at private campgrounds or hotels.

HB 1315, adding mixed-use development to the definition of business and industrial facility.

HB 1355, relative to poultry producers exempted from meat inspection requirements.

HB 1388-FN, expanding crossbow use into muzzeloader season.

HB 1418-L, relative to the minutes of nonpublic sessions of public bodies.

HB 1419, relative to voting records in nonpublic sessions of public bodies.

REFERRED FOR INTERIM STUDY

HB 183, relative to voter registration forms.

NONCONCURRENCE

HB 110, relative to placement of political advertising.

HB 1113, requiring a performance audit of the sex offender treatment program in the department of corrections.

COMMITTEE ASSIGNMENTS

The Speaker made the following changes to committee assignments:

Rep. Edgar assigned to the Committee on Labor, Industrial and Rehabilitative Services.

RECESS

(Rep. Emerson in the Chair) ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bill numbered 1696.

Rep. Hinch, Sen. Soucy for the Committee

SENATE MESSAGE CONCURRENCE

HB 1696-FN, requesting a modification of the New Hampshire health protection program.

COMMITTEE ASSIGNMENTS

The Speaker made the following changes to committee assignments:

Rep. Edgar is off the Committee on Labor, Industrial and Rehabilitative Services and on the Committee on Fish and Game and Marine Resources.

Rep. Zaricki is off the Committee on Labor, Industrial and Rehabilitative Services.

RECESS

(Speaker Jasper in the Chair)

Rep. Hinch moved that the House adjourn. Motion adopted.

HOUSE JOURNAL NO. 11

Wednesday, April 6, 2016

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord.

A Scottish Blessing for Tartan Day

May the blessing of light be on you - light without and light within.

May the blessed sunlight shine on you like a great peat fire,
So that strangers and friends may come and warm themselves at it.

And may light shine out of the two eyes of you,
like a candle set in the window of a house,
bidding the wanderer come in out of the storm.

And may the blessing of the rain be on you,
may it beat upon your spirit and wash it fair and clean,
and leave there a shining pool where the blue of heaven shines,
and sometimes a star.

And may the blessing of the earth be on you, soft under your feet as you pass along the roads, soft under you as you lie out on it, tired at the end of day; and may it rest easy over you when, at last, you lie out under it.

May it rest so lightly over you that your soul may be out from under it quickly; up and off and on its way to God.

and now may the Lord bless you,

Representative Peter Leishman, member from Peterborough, and Representative Dan Eaton, member from Stoddard, led the Pledge of Allegiance.

and bless you kindly. Amen.

The National Anthem was sung by Elizabeth Fortin of Peterborough.

LEAVES OF ABSENCE

Reps. Barry, Ronald Belanger, Bridge, Chris Brown, Chirichiello, Comtois, Cote, DiFranco, Gargasz, Gonzalez, Gladys Johnsen, Kellogg, LeBreche, Massimilla, Carol McGuire, Milz, Moody, Phillips, Priestley, Chip Rice, Sanders, Shaw, Joe Sweeney and Verschueren, the day, illness.

Reps. Ammon, Duane Brown, Dumais, Friel, Heath, Jones, Douglas Long, Lundgren, O'Hearne, O'Neil, Oligny, Parison, Seaworth, Marjorie Smith, Suzanne Smith, Soucy, Spillane, Sprague, Tamburello, Gerald Ward and Webb, the day, important business.

Reps. James Belanger, Rebecca Brown and Harvey, the day, illness in the family.

Rep. O'Connor, the day, death in the family.

INTRODUCTION OF GUESTS

Eric Scheuch and Charlotte Perkins, students at Kearsarge Regional High School, Pages for the day.

John Fortin, husband of the singer, guest of Rep. Leishman. Jim and Mary Wojdylak, Seamus and Buddy Sullivan, parents and sons of Rep. Victoria Sullivan. Lynda Hunt, Katelyn and Ella Churchhill, Gloria Sweeney, Terri Wiltse, Lois Meredith, Ellen Avery, Sue Butman, and David Bruce; wife, step-daughter, granddaughter, mother-in-law and guests of Rep. Hunt. Ken Dassau, guest of Rep. Gallagher. Chris Roundy, guest of Rep. Southworth. Melissa Cunliff, guest of Rep. Stevens. John Lunn, guest of Rep. Irwin. Scott Webster, and Sherry Thompson, guests of Rep. Joanne Ward. Marcus Hermansen, guest of Rep. Rosenwald. Bethany Leak, and Matt Dustin, guests of Rep. Ratzki. Allyson Zacker, guest of Rep. Mangipudi. Charlene Lovett, Middleton Goodwin, and Susan Johnson, guests of the Claremont Delegation. Students from Bud Carlson Academy, guests of the Rochester Delegation. Students from Saint Mary Academy, guests of the Dover Delegation.

The Clerk read the following:

A PROCLAMATION NEW HAMPSHIRE TARTAN DAY APRIL 6, 2016

WHEREAS, the Declaration of Arbroath, pronouncing Scottish independence, was signed at Arbroath Abbey on April 6, 1320, by Bernard de Linton, Chancellor of Scotland; and

WHEREAS, helping to expand freedom for all people, Scotland abolished slavery in 1777 by freeing African-born slave Joseph Knight, who had been sold in Jamaica and brought to Scotland; and

WHEREAS, the United States Declaration of Independence was modeled, in part, after the Declaration of Arbroath; and

WHEREAS, nearly half the signers of the Declaration of Independence and nine of the country's original governors, including New Hampshire's governor, were of Scottish descent; and

WHEREAS, Scots and Scottish-Americans have made outstanding contributions to both the United States and the State of New Hampshire in the fields of science, math, medicine, education, politics, business, and the arts; and

WHEREAS, the United States Senate has passed a resolution designating April 6th of each year as National Tartan Day; and

WHEREAS, the Saint Andrew's Society of New Hampshire, along with many other Scottish organizations, including the New Hampshire Gathering of the Scottish Clans, the Scottish Club of the Twin States, the Strathspey & Reel Society of New Hampshire, the New Hampshire School of Scottish Arts, and thousands of citizens who claim Scottish heritage in the state support Scottish Heritage Day;

NOW, THEREFORE, I, MARGARET WOOD HASSAN, GOVERNOR of the State of New Hampshire, do hereby proclaim APRIL 6, 2016, as NEW HAMPSHIRE TARTAN DAY and call upon the citizens of the state to commemorate the great struggles of freedom and historical achievements of Scottish Americans in New Hampshire.

Given this 5th day of April, in the year of Our Lord two thousand and sixteen, and the independence of the United States of America, two hundred and forty.

Margaret Wood Hassan, Governor

TARTAN DAY PROGRAM

Rep. Hunt introduced special guests who performed for the House in honor of New Hampshire Tartan Day: Marielle Webster, Sveta Gerace, Anna Gordon, Hazel Dellario, Laura and Sebastian Benedetto and Campbell Webster. Pipers from the NH Pipe & Drums played the lament in memory of Representatives Robbie Parsons and Robert Luther.

Rep. Joanne Ward offered a Scottish blessing.

May there always be work for your hands to do.

May your purse always hold a coin or two.

May the sun always shine upon your window pane.

May a rainbow be certain to follow each rain.

May the hand of a friend always be near to you and,

May God fill your heat with gladness to cheer you.

MOTION TO VACATE

Rep. Andrew Christie moved that the House vacate the reference of SB 324, eliminating the land use board and requiring approval of federal land acquisitions by the governor and executive council, to the Committee on Executive Departments and Administration.

Motion adopted.

The Speaker referred SB 324 to the Committee on Resources, Recreation and Development.

MOTION TO VACATE

Rep. Rowe moved that the House vacate the reference of SB 506, clarifying who may adopt, to the Committee on Judiciary.

Motion adopted.

The Speaker referred SB 506 to the Committee on Children and Family Law.

MOTION TO VACATE

Rep. Tholl moved that the House vacate the reference of **SB 539**, relative to access to records under the child protection act, to the Committee on Criminal Justice and Public Safety. Motion adopted.

The Speaker referred SB 539 to the Committee on Children and Family Law.

SENATE MESSAGES REQUESTS CONCURRENCE WITH AMENDMENTS

HB 499, permitting New Hampshire farmers to sell farm-raised bison directly to the public. (Amendment printed SJ 3-17-16)

Rep. Haefner moved that the House concur and spoke in favor.

Motion adopted.

HB 216-FN, relative to recovery of certain investigatory costs by regulatory boards and commissions, and applying certain general administration provisions to the mechanical licensing board. (Amendment printed SJ 1-14-16)

Reps. Andrew Christie and Kurk moved that the House concur.

Rep. Andrew Christie spoke in favor.

Motion adopted.

HB 377, establishing a state geographic information system committee. (Amendment printed SJ 3-24-16)

Rep. Andrew Christie moved that the House concur and spoke in favor.

Motion adopted.

HB 1397, establishing a committee to study improvements to the Hannah Duston Memorial and the feasibility of connecting a portion of the rail trail system in Boscawen. (Amendment printed SJ 3-31-16)

Rep. Chandler moved that the House concur and spoke in favor.

Motion adopted.

HB 351, exempting historically significant vehicles from emission control requirements. (Amendment printed SJ 3-24-16)

Rep. Steven Smith moved that the House concur and spoke in favor.

Motion adopted.

HB 353, relative to the governance of condominium unit owners' associations. (Amendment printed SJ 1-14-16)

Rep. Hunt moved that the House nonconcur and request a Committee of Conference.

Motion adopted.

The Speaker appointed Reps. Hunt, Harold French, Biggie and Williams.

HB 427, relative to the definition of the New Hampshire fire code and establishing a committee to study the 2015 edition of the Uniform Fire Code NFPA1. (Amendment printed SJ 2-4-16)

Rep. Andrew Christie moved that the House nonconcur and request a Committee of Conference. Motion adopted.

The Speaker appointed Reps. Sytek, Andrew Christie, Beaudoin and Gagnon.

HB 285, relative to discussion with legal counsel under the right-to-know law. (Amendment printed SJ 1-14-16)

Rep. Rowe moved that the House nonconcur and request a Committee of Conference.

Motion adopted.

The Speaker appointed Reps. Rowe, Rouillard, Woodbury and Wuelper.

HB 606-FN-L, relative to costs for public records filed electronically. (Amendment printed SJ 1-14-16)

Rep. Rowe moved that the House nonconcur and request a Committee of Conference.

Motion adopted.

The Speaker appointed Reps. Rowe, Rouillard, Woodbury and Wuelper.

HB 458, revising the legislative ethics laws and the guidelines of the legislative ethics committee. (Amendment printed SJ 1-21-16)

Rep. Hinch moved that the House nonconcur and request a Committee of Conference.

Motion adopted.

The Speaker appointed Reps. Hinch, Packard, Russell Ober and Weber.

CONSENT CALENDAR

Rep. Hinch moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

SB 498-FN, relative to penalties for possession of certain controlled drugs, removed by Rep. Sylvia. SB 460, authorizing the state board of education to adopt rules relative to child sexual abuse and healthy relationships, removed by Rep. Ladd.

SB 441-FN, relative to discounts and admission without charge at state parks, removed by Rep. Horrigan. Consent Calendar adopted.

SB 25-FN, relative to the administration of epinephrine. OUGHT TO PASS.

Rep. Victoria Sullivan for Education. This bill establishes procedure for the administration of epinephrine, which is a life-saving medication that is administered at the onset of anaphylaxis, by certain authorized entities. This bill also provides immunity to school personnel who administer the epinephrine. Vote 17-0.

SB 312, relative to epinephrine administration in independent schools. OUGHT TO PASS. Rep. John Balcom for Education. This bill extends the placement of auto-injectable epinephrine to independent and postsecondary educational institutions. Vote 17-0.

SB 314, relative to the membership of the higher education commission. OUGHT TO PASS. Rep. Robert Elliott for Education. This bill simply changes the name already in law as the NH Council for Professional Education to the American Council for Professional Education and Training. Vote 16-0.

SB 316, relative to placement decisions by a child's individualized education program team. OUGHT TO PASS.

Rep. James Grenier for Education. This bill addresses potential concerns arising from the passage of HB 610 (Chapter 125, Laws of 2015, relative to a school board vote on the reassignment of a pupil) passed last year. That bill amended RSA 193:3, III to require school boards of both receiving and sending school districts to approve placement for a change of school assignment. Placement of a child with a disability is the responsibility of the IEP team and not the sending school board. This bill clarifies this difference. Vote 17-0.

SB 322, relative to the provision and administration of bronchodilators, spacers, and nebulizers in schools. OUGHT TO PASS.

Rep. Ralph Boehm for Education. This bill allows school districts, at their discretion, to have bronchodilators, spacers or nebulizers on hand in the schools. These will most likely be provided by the drug companies, as are EPI-Pens. Students currently have the ability to carry their own and/or leave them in the nurse's office. This bill protects students with asthma who forget their inhaler, or fail to provide one to the school nurse for protection in an emergency situation. Vote 17-0.

SB 328-L, relative to school districts and school administrative units exercising joint powers with other public agencies. OUGHT TO PASS.

Rep. Barbara Shaw for Education. This bill allows for the possibility of cost saving efforts through a shared business administrator among school districts in transportation, maintenance, purchasing and many other areas. Efficiency and best use of taxpayers money is always a plus. Passing this legislation will give municipalities and schools options which will allow savings in financial administration of the towns funds. Vote 19-0.

SB 370, establishing a committee to study real time threat notification systems to link schools with law enforcement when schools are under direct threat. OUGHT TO PASS.

Rep. John Balcom for Education. This timely bill establishes a committee to address problems and potential solutions with current threat notification systems linking schools under threat to law enforcement using dependable communications. The committee unanimously supported the bill. Vote 19-0.

SB 371, relative to school lunch meal payment policies. OUGHT TO PASS.

Rep. Mary Gile for Education. This bill proposes standards that hold parents responsible for payment of their child's school lunch, not children. Some schools have introduced practices that force students whose parents are delinquent to go to the principal's office, or stand in a different line for a lunch of lesser appeal and quality, or limit the participation in school activities e.g. field trips, etc. Such practices can demean, embarrass and humiliate students and should not be allowed. Although this bill is not a mandate; it does however, set forth criteria for districts to follow in the implementation of school lunch payment policies. Vote 19-0.

SB 373, relative to the information technology infrastructure in public schools. INEXPEDIENT TO LEGISLATE.

Rep. Christopher Adams for Education. This bill establishes a committee to study the feasibility of using school building aid funds to upgrade the information technology infrastructure in the public schools for the purpose of enabling the establishment of virtual classrooms. Current funding for school building aid is frozen in the current budgeting cycle and if funding begins in future budgeting cycles there are numerous districts with multiple school buildings greatly in need of support to address safety and physical plant issues. While the committee fully recognizes the importance of having adequate broadband access for educational purposes, this bill is not the vehicle needed to satisfy this issue. Vote 19-0.

SB 453-FN, relative to comprehensive criminal background checks for individuals in registered and licensed child day care agencies, child care institutions, and child care agencies. OUGHT TO PASS. Rep. Barbara Shaw for Education. This bill requires background checks to conform with federal law as required by CCDBG Act (Child Care and Development Block Grant). This new process is more comprehensive and provides additional safety measures for children within these institutions. A government card will be issued as verification of background check completion. In order to receive the CCDBG funds, states must comply by September 30, 2017. Vote 19-0. Referred to the Committee on Criminal Justice and Public Safety.

SB 129-FN, allowing retired members of the retirement system to change an optional allowance election in certain circumstances. OUGHT TO PASS WITH AMENDMENT.

Rep. Steven Beaudoin for Executive Departments and Administration. This bill allows any retired member of the NH Retirement System (NHRS) to terminate the election of a single non-spouse beneficiary past the current 120-day statutory limit. If this option is exercised, the retiree's pension benefit would change to the amount that would have been paid if no beneficiary had been selected. The amendment allows a retiree to terminate the election of a former spouse as a beneficiary based on the terms of a final divorce decree in which the former spouse renounces any claim to the benefit. Vote 17-1.

Amendment (1109h)

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

- 2 Retirement System; Optional Allowances; Divorce. Amend RSA 100-A:13, II(a)(1) to read as follows:
- (1) Terminate such elected option upon the issuance of a divorce decree and subsequent remarriage of the former spouse, or in accordance with the terms of the final divorce decree or final settlement agreement which provides that the former spouse shall renounce any claim to a retirement allowance under RSA 100-A. Upon termination, the allowance received under the elected option shall be converted to the retirement allowance that would have been payable in the absence of such election. Any supplemental allowance, or COLAs, granted to the retiree and effective before the date of termination of the option shall continue in effect and shall not be adjusted as a result of the termination. Notice of such termination shall be given by the retiree on a form designated by the board. Payment of the converted allowance shall commence on the first day of the month following receipt of termination by the board. For any retiree whose divorce and the subsequent remarriage of the former spouse occurred on or before July 1, 1990, the notice shall be given to the board on or before October 1, 1990. Said termination action shall become effective on the first day of the month following receipt of such notice by the board. If the retiree dies after giving valid notice of such termination but before the effective date, the option shall terminate as of the date of the retiree's death.

AMENDED ANALYSIS

This bill allows a retired member of the retirement system to terminate the designation of a single, non-spouse beneficiary to receive an optional allowance. The bill also allows for the termination of an optional allowance in accordance with a final divorce decree or final settlement agreement.

SB 237-FN, establishing a reporting requirement for gubernatorial inauguration contributions. OUGHT TO PASS.

Rep. Jacalyn Cilley for Executive Departments and Administration. This bill requires the governorelect to appoint an inaugural treasurer and report expenditures and contributions related to the inauguration. As the prime sponsor of this bill explained, the core purpose of this legislation is to ensure transparency and permit public access to information about these contributions. Vote 13-0.

SB 313, relative to requirements for licensed estheticians. OUGHT TO PASS WITH AMENDMENT. Rep. J.R. Hoell for Executive Departments and Administration. This bill, as amended, will allow required training credit hours accumulated in order to be licensed as a massage therapist to count toward training credit hours required for an esthetician's license. Coursework may only be applied to the requirements for an esthetician's license as long as the content of the courses has been determined to be equivalent by the Board of Barbering, Cosmetology, and Esthetics. Vote 13-0.

Amendment (1096h)

Amend RSA 313-A:13 as inserted by section 1 of the bill by replacing it with the following:

313-A:13 Qualifications; Estheticians. To be issued an esthetics license by the board, an applicant shall, in addition to satisfying the requirements of RSA 313-A:11, I(a), (b), and (e), have completed a course of at least 600 hours of training in a school approved by the board and have passed an examination conducted by the board. An apprenticeship approved by the board may substitute for the required training. Estheticians who have practiced professionally in this state for a period of at least 3 years prior to July 1, 1989, and who have satisfied the requirements of RSA 313-A:11, I(a), (b), and (e) and the training requirements of this section shall not be required to take the examination provided for in this section to be eligible for licensure under this chapter. Credit towards the hours requirement for esthetician training may be given to a licensed cosmetologist or barber for equivalent training in the cosmetology or barber program in a school approved by the board upon certification of the training by the school. *Credit towards the hours requirement for esthetician training may be given to a licensed massage therapist for massage therapy training deemed equivalent by the board.* Cosmetologists licensed by the board may obtain the training hours in subjects required by the board in increments at separate schools but must present certifications to the board for all required hours and curriculum subjects.

AMENDED ANALYSIS

This bill allows a licensed massage therapist to satisfy training requirements for licensure as an esthetician with training deemed equivalent by the board of barbering, cosmetology, and esthetics.

SB 319-FN, relative to survivor benefits for families of police officers and firefighters killed in the line of duty. OUGHT TO PASS WITH AMENDMENT.

Rep. Jacalyn Cilley for Executive Departments and Administration. This bill adds the definitions of "adult child," "dependent child," and "stepchild" for the purposes of determining survivor benefits for families of police officers and firefighters killed in the line of duty. The committee heard testimony of a recent situation involving two daughters of a police officer who died in the line of duty. One daughter was under the age of 18 and the other was over the age of 18. Both, however, were still dependent upon their father's financial assistance. Because the law relative to survivor benefits referenced only dependent children under the age of 18, only one of his children was eligible to receive these benefits. The committee felt that this was clearly not the intent of the law. Vote 17-1.

Amendment (1210h)

Amend the bill by replacing section 1 with the following:

- 1 Survivor Benefits. Amend RSA 21-I:29-a, I to read as follows:
 - I. In this section:
- (a) "Adult child" means a child, whether by blood or adoption, of the police officer or firefighter, age 18 or older at the time of death of such police officer or firefighter and who does not meet the definition of a dependent child.

- (b) "Dependent child" means a child, whether by blood or adoption, or stepchild of the police officer or firefighter who:
- (1) Is under the age of 25 and was dependent on the earnings of the police officer or firefighter at the time of death. For the purposes of this subparagraph, a child is not considered dependent if the child provides more than half of his or her own support, is married, or is legally adopted by another; or

(2) Is any age and is physically or mentally incapacitated and was dependent on the earnings of the police officer or firefighter at the time of death.

- (c) "Family" means the surviving spouse of the police officer or firefighter who was wholly or partially dependent, in fact, upon the earnings of the police officer or firefighter; or, if there is no surviving spouse, the surviving dependent child or dependent children, of such police officer or firefighter or, if there is no surviving dependent child, a surviving person qualifying as a common-law spouse pursuant to RSA 457:39, or if there is no surviving common-law spouse, the surviving adult child or adult children, or if there is no surviving adult child or adult children, the surviving parent or parents of such police officer or firefighter. [A surviving dependent child shall include a dependent step-child whose expenses of daily living were substantially paid for by the decedent at the time of the death.]
- [(b)] (d) "Firefighter" means any firefighter, including auxiliary, intermittent, special, parttime, volunteer, call, or reserve firefighters who are employed by a city, town, village district, or precinct within the state of New Hampshire, any firefighter employed by the state of New Hampshire, or any firefighter who is a volunteer for or employed by a non-profit corporation which is the primary provider of fire protection for all or part of a New Hampshire municipality.
- [(c)] (e) "Killed in the line of duty" means a death of a police officer or firefighter while in the performance of his or her duties as a result of incident, accident, or violence causing death or injuries which are the direct or proximate cause of death. "Incident" shall include any death that is determined to be occupationally related by the worker's compensation insurance carrier, a self-insured worker's compensation plan, or by the labor commissioner for workers' compensation purposes pursuant to RSA 281-A.
- [(d)] (f) "Police officer" means any law enforcement officer with the power of arrest, including auxiliary, intermittent, special, part-time, or reserve police officers, or sheriffs and their deputies who are employed by a city, town, village district, county, or precinct within the state of New Hampshire, police officers employed by the university system of New Hampshire, and any state law enforcement officer employed by the state of New Hampshire who has power of arrest as determined by state law.
- (g) "Stepchild" means an individual who is the legally adoptive or biological first generation offspring of the police officer's or firefighter's current, deceased, or former spouse conceived before the marriage of the police officer or firefighter and the spouse.

 Referred to the Committee on Finance.

SB 332, relative to state procurement of goods and services. OUGHT TO PASS.

Rep. J.R. Hoell for Executive Departments and Administration. The bill does four separate things: first, the bill increases the spending that can be done via a debit card or field purchase order from \$500 to \$1,000. This is in keeping with the costs for a project where a debit card or field purchase order would be used. The administrative costs for some of these low dollar purchase orders add up quickly. Secondly, the bill establishes an Advisory Committee on State Purchases. This is an ongoing committee looking for ways to improve the efficiency of government. The committee is required to issue a report yearly with their findings. Thirdly, the bill updates the ethics section on bidding and disqualifies someone who violates the statutes from bidding on future proposals. Lastly, the bill keeps bid packages confidential until the bid is awarded either via the Governor and Council or the agency/department. This way, competitors cannot obtain a copy of their competitor's proposal and seek to undercut them on the bid without doing the work of creating a bid package. Vote 13-0.

SB 390-FN, relative to the procedure in retirement system hearings concerning qualification for disability retirement benefits. OUGHT TO PASS.

Rep. Jacalyn Cilley for Executive Departments and Administration. This bill allows the Board of Trustees of the retirement system to designate a presiding officer in an appeal of an initial determination relative to a member's qualification for ordinary or accidental disability benefits. The presiding

officer may not be the same person who made the initial determination. Currently, if a member is deemed not eligible for disability benefits, the hearing officer who makes that determination is the same individual who hears an appeal, if one is made. While there was no evidence presented that this process was materially unfavorable to applicants of disability benefits, the committee agreed with the sponsors that on its face the process had the potential to be unfair to the applicant. Vote 17-0.

SB 397, relative to the membership of the post-traumatic stress disorder and traumatic brain injury commission. OUGHT TO PASS.

Rep. Peter Schmidt for Executive Departments and Administration. This is a pure housekeeping bill brought to add two members to the Commission on Post-Traumatic Stress Disorder and Traumatic Brain Injury. It also updates the name of one of the organizations represented on the commission from the NH Deployment Cycle Support Program to the Care Coordination Program of NH. Vote 13-0.

SB 398, relative to renewal of licenses issued by the board of funeral directors and embalmers. OUGHT TO PASS.

Rep. Peter Schmidt for Executive Departments and Administration. This bill changes the fiscal year of the Board of Embalmers and Funeral Directors from a calendar year basis to align it with the NH state government fiscal year that ends in June. It also converts the licenses issued by the board from one year to two years. There is no increase in the cost to licensees on an annualized basis. Thus, this is essentially a housekeeping bill. Vote 13-0.

SB 400, relative to executive branch ethics. OUGHT TO PASS WITH AMENDMENT.

Rep. Andrew Christie for Executive Departments and Administration. This bill makes several modifications to the Executive Branch Code of Ethics. It clarifies the definition of executive branch official, modifies the restrictions on appointees to the Executive Branch Ethics Committee by permitting them to hold non-partisan elected office, and adds a provision permitting any person to request an interpretive ruling on the applicability of laws under the jurisdiction of the committee. Vote 16-0.

Amendment (1193h)

Amend the bill by replacing section 8 with the following:

- 8 Executive Branch Ethics Committee; Jurisdiction. Amend RSA 21-G:29, I and II to read as follows:
- I. There is hereby established an executive branch ethics committee to issue guidelines, interpretive rulings, and advisory opinions relative to standards for ethical conduct in the executive branch and to resolve, through procedures established under RSA 21-G:32, issues, questions, or complaints involving executive branch officials [who are not classified employees].
- II. The jurisdiction of the committee shall consist of matters arising under the executive branch code of ethics, RSA 21-G:21-27, RSA 15-A, RSA 15-B, and rules or guidelines adopted thereunder, as applied to current or former executive branch officials [who are not classified employees], provided that the committee may only consider a complaint against a former executive branch official if the complaint is filed no later than 180 days after the day the official resigned, retired, or otherwise left his or her position.

Amend the bill by replacing section 10 with the following:

- 10 Duties; Ethics Committee. Amend RSA 21-G:30, I to read as follows:
 - I. The committee shall be authorized to:
- (a) Issue guidelines consistent with the executive branch code of ethics, RSA 21-G:21-27, RSA 15-A, and RSA 15-B, relative to proper and appropriate conduct for individuals relating to the performance of their duties as executive branch officials. Such guidelines shall be consistent with statute.
- (b) Issue interpretative rulings explaining and clarifying any law, guideline, or rule[, or regulation] within the jurisdiction of the committee.
- (c) Render [an] advisory [opinion, in writing within a reasonable time, in response to a written request by a person subject to any law, guideline, rule, or regulation concerning the application of any law, guideline, rule, or regulation within the committee's jurisdiction to a specific factual situation pertinent to the conduct or proposed conduct of the person seeking the advisory opinion. Any advisory opinion concerning any person subject to the provisions of this subdivision who acted in reliance thereon, shall be binding upon the committee, and it shall be an absolute defense in any complaint brought under this subdivision or prosecution under RSA 15-A or RSA 15-B that the

person complained against acted in reliance upon such advisory opinion. The name of the person seeking an advisory opinion and any information in the opinion that would identify such person shall be nonpublic. A redacted version of the advisory opinion shall be public] opinions in accordance with RSA 21-G:31-a.

- (d) Receive sworn complaints, investigate allegations of violations of this subdivision [or guidelines adopted thereunder] by executive branch officials and make appropriate findings of fact and conclusions with respect to such conduct.
- (e) Investigate any unauthorized disclosure of information by any committee member or assistant and report to the appropriate authority any allegation which it finds to be substantiated. Amend the bill by replacing section 12 with the following:
- 12 New Sections; Advisory Opinions; Interpretive Rulings. Amend RSA 21-G by inserting after section 31 the following new sections:
 - 21-G:31-a Advisory Opinions; Procedure.
- I. Any executive branch official may request, in writing, an advisory opinion regarding the application of any law, guideline, or rule within the committee's jurisdiction to a specific factual situation pertinent to the requester's conduct or proposed conduct. Notwithstanding any other provision of law, all proceedings, information, communications, materials, papers, files, and transcripts, written or oral, received or developed by the committee in the course of its work in response to a request for an advisory opinion, except for the opinion itself, shall be confidential. The advisory opinion shall be made public but the name of the person seeking the opinion and any information in the opinion that would identify such person shall be nonpublic.
- II. Any advisory opinion concerning any person subject to the provisions of this subdivision who acted in reliance thereon, shall be binding upon the committee, and it shall be an absolute defense in any complaint brought under this subdivision or prosecution under RSA 15-A or RSA 15-B that the person complained against acted in reliance upon such advisory opinion.
- 21-G:31-b Interpretive Rulings; Procedure. The committee may initiate or any person may request an interpretive ruling explaining or clarifying a law, guideline, or rule of general applicability within the committee's jurisdiction. If the committee determines that a requested interpretive ruling will be helpful to those individuals under the committee's jurisdiction, it shall take up the request in public, receive testimony and other information that it deems helpful on the issue, and render a public ruling.
- SB 406-FN, relative to classification of certain state employee positions. OUGHT TO PASS. Rep. Peter Schmidt for Executive Departments and Administration. This bill is housekeeping legislation to implement and codify certain previous decisions of the Joint Committee on Employee Classification (JCEC), as required by statute and requested by the JCEC. This is the final step in the process for designating or reassigning salary grade levels for unclassified positions. Vote 17-0. Referred to the Committee on Finance.
- SB 467-FN, relative to private investigators, security guards, and bail enforcement agents, and relative to unsworn falsification on agency forms. OUGHT TO PASS WITH AMENDMENT. Rep. Mark Proulx for Executive Departments and Administration. This bill makes housekeeping changes to laws governing private investigators, security guards and bail recovery agents. In order to simplify the regulatory structure, it puts the regulation of bail recovery agents solely under the jurisdiction of the Department of Safety. It adds a new member to the advisory board to make it more balanced and representative of the regulated professions. The bill also streamlines and updates continuing education and firearm qualification requirements. The amendment extends the term of the license for bail recovery agents from one year to two years. Vote 15-1.

Amendment (1152h)

Amend RSA 597:7-b, II as inserted by section 12 of the bill by replacing it with the following:

II. Any person who operates as a bail recovery agent in this state, excluding licensed private detectives, shall be trained and certified through a program approved by the Professional Bail Agents of the United States or other training program approved by the commissioner of safety and shall [register annually] be licensed with the [secretary of state] department of safety under RSA 106-F. Licensees shall also meet proficiency requirements under RSA 106-F:8-a. The [secretary of state] department of safety shall issue to each [registered] licensed bail recovery agent proof of such [registration] licensure. [Effective July 1, 2000,] Each bail [agency] recovery agent operating in this state shall [annually] provide to the [secretary of state] department of safety proof of liability

insurance coverage in the amount of \$300,000 for bail recovery activities [of the agency's bail agents and bail recovery agents]. This proof of insurance coverage shall be provided before the [agency's] bail [agents are] recovery agent is licensed or relicensed[, and before the agency's bail recovery agents are registered or reregistered] by the department of safety. [Bail recovery agents acting as independent contractors shall provide proof of liability insurance coverage in the amount of \$300,000 to the secretary of state before registration or reregistration.] Licenses shall be valid for 2 years after the date of issuance and shall be renewed every 2 years thereafter, upon application and payment of the fee and submission of continuing proof of the required liability insurance coverage. The application for renewal shall be submitted at least 15 days before the expiration of the previously granted license. Any person who operates as a bail recovery agent in this state without meeting [such certification, insurance, and registration] the licensure and relicensure requirements shall be guilty of a class [A] B misdemeanor for the first offense and a class A misdemeanor for a second offense within a 7-year period.

SB 257-FN, relative to membership in the judicial retirement plan of judges appointed at age 63 or older. OUGHT TO PASS.

Rep. Kurt Wuelper for Judiciary. This bill allows judges who could never become eligible for retirement to opt out of the judicial retirement system. The committee thought it good to offer them this option. Vote 16-0.

SB 318, permitting the state to enter into a lot line agreement with a private abutter to the Bradford Pines Natural Area. OUGHT TO PASS.

Rep. Judith Spang for Resources, Recreation and Development. This lot line adjustment was examined and brought to us by the Department of Resources and Economic Development. The Bradford Pines area was established as a state Natural Area which means it is to be retained by the state for future generations. However, an abutter discovered that a previous owner had intruded upon the Natural Area with a corner of a building, driveway and utilities. The landowner has agreed to swap the encroaching land for an equal amount of more valuable land along the Warner River, through a process set forth in RSA 4:40. Vote 15-0.

SB 378, relative to the availability of net metering tariffs. OUGHT TO PASS WITH AMENDMENT. Rep. Douglas Thomas for Science, Technology and Energy. This bill will prevent an entity from reserving an undue portion of the new net metering capacity created by HB 1116, as already passed by the House, prior to the Public Utilities Commission (PUC) making a decision on a new net metering tariff and possible cap. It amends RSA 362-A:9 to limit the amount of reserved net metering interconnections that a single entity can hold to 20 percent of the total net metering utility-specific allocation. It requires the PUC to review group net metering agreements, requires each electric utility to make certain information on net metering allocation and capacity available on its website, and requires all persons involved in a net metering interconnection queue application for a project greater than 100 kilowatts to sign a certificate of compliance relative to the 20 percent limit. It contains a non-specific sunset provision that goes into effect upon a final decision by the PUC that sets a tariff and eliminates any cap on net metering. Vote 19-0.

Amendment (1199h)

Amend the bill by replacing all after section 1 with the following:

2 New Paragraph; Net Energy Metering. Amend RSA 362-A:9 by inserting after paragraph I the

following new paragraph:

I-a. No person, owner, developer, installer of an eligible customer-generator facility, business organization, or any subsidiary thereof, shall reserve capacity space in the net metering interconnection queue more than 20 percent of the total net metering utility-specific allocation pursuant to this section, and the creation of multiple business organizations, including a person, as defined in RSA 366:1, I, by the same shall not defeat this requirement. On a weekly basis each utility shall make public on its website its total net metering allocation, its reserved net metering capacity, and its installed and operating net metering capacity. For project applications of greater than 100 kilowatts, each utility net metering interconnection queue application shall include a certification of compliance with the 20 percent requirement, all persons involved in such an application shall sign the certification of compliance, and no application shall be processed where one or more persons involved in the application did not sign the certification of compliance.

- 3 Repeal. RSA 362-A:9, I-a, relative to net energy metering, is repealed.
- 4 Applicability. Section 3 of this act shall take effect upon a final decision of the commission which is not subject to appeal that sets a tariff and eliminates any cap on net metering as certified to the director of legislative services and the secretary of state.
 - 5 Effective Date.
 - I. Section 3 of this act shall take effect as provided in section 4 of this act.
 - II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

- I. Requires the public utilities commission to review net metering agreements between group hosts and group members.
- II. Requires an electric utility to make certain information on net metering allocation and capacity available on its website on a bi-weekly basis.
- III. Requires all persons involved in a net metering interconnection queue application to sign a certificate of compliance.

MOTION TO SPECIAL ORDER

Rep. Cloutier moved that SB 152, relative to criminal history records checks for school employees and designated school volunteers, be made a Special Order as the first order of business on the Regular Calendar.

Rep. Cloutier spoke in favor.

Motion adopted.

SPECIAL ORDER

SB 152, relative to criminal history records checks for school employees and designated school volunteers. MAJORITY: OUGHT TO PASS, MINORITY: OUGHT TO PASS WITH AMENDMENT. Rep. John Balcom for the Majority of Education. This bill provides that information relating to any crime committed by a school employee or a designated school volunteer may be used in making a hiring decision. The majority of the committee believed that this legislation is similar to a bill passed by the House in the 2015 session; and for the safety of our students, we need to pass this senate bill. The bill's intent is to prevent known predators or criminals from accessing our schools by allowing the release of information regarding convictions of applicants for any felonies and misdemeanors. Vote 17-2. Rep. Christopher Adams for the Minority of Education. This bill addresses a critical issue in the hiring of school district staff and ensuring these individuals are properly vetted and have no criminal history that may indicate a danger to students and staff that they will come into contact with on a daily basis. Last year, the House passed a similar bill that would have enacted these protections by widening the scope of reported incidents from felony convictions to both felony and misdemeanor convictions being reported. Unfortunately, this bill narrows the dispersion of the information reported and the scope of decision making process to only the superintendent in a district thus causing potential overwork and an avenue for personal bias in the decision making process. The bill also muddies the water in the application of this law to non-public schools that may not have a superintendent or chief executive officer as defined in the legislation even though they may wish to perform these criminal history checks. If they choose to perform these checks they must comply with the legislation despite not having the prescribed official. They may have a qualified staff professional or agency that is bonded and insured to perform such evaluations do this work for them. This legislation would prohibit that. Last, the legislation broadens discretionary application of this law beyond being convicted of a felony or misdemeanor to any crimes that may potentially have been of a civil or commercial nature, such as being convicted of breach of peace for protesting at a political event or in opposition to building a pipeline through your property.

The question being adoption of the majority committee report of Ought to Pass. Rep. Adams offered minority committee amendment (1105h).

Minority Amendment (1105h)

Amend RSA 189:13-a, I-V as inserted by section 1 of the bill by replacing it with the following:

I.(a) The employing school administrative unit, school district, or chartered public school shall complete a criminal history records check on every selected applicant for employment in any position in the school administrative unit, school district, or chartered public school prior to a final offer of

employment. A public academy approved by the New Hampshire state board of education shall submit a criminal history records check on applicants for employment pursuant to this section. [A school administrative unit, school district, chartered public school, or public academy] The superintendent of the school administrative unit, or the chief executive officer of the chartered public school or public academy, or designee, may extend a conditional offer of employment to a selected applicant, with a final offer of employment subject to a successfully completed criminal history records check. No selected applicant may be extended a final offer of employment unless the school administrative unit, school district, chartered public school, or public academy has completed a criminal history records check. The school administrative unit, school district, chartered public school, or public academy shall not be held liable in any lawsuit alleging that the extension of a conditional or final offer of employment to an applicant, or the acceptance of volunteer services from a designated volunteer, with a criminal history was in any way negligent or deficient, if the school administrative unit, school district, chartered public school, or public academy fulfilled the requirements of this section.

(b) A nonpublic school may elect to require a criminal history records check on selected applicants for employment or selected volunteers. A nonpublic school that elects to conduct a criminal history records check shall comply with the procedures and requirements set forth in this section. With respect to a nonpublic school, as used in this section, "superintendent of the school administrative unit, or the chief executive officer of the chartered public school or public academy, or designee" means the person or persons designated by the nonpublic school to fulfill the duties set forth in this section.

II. The selected applicant for employment or designated volunteer with a school administrative unit, school district, chartered public school, or public academy shall submit to the employer a notarized criminal history records release form, as provided by the division of state police, which authorizes the release of information regarding the presence or absence of any record of convictions of the applicant of felonies or misdemeanors, or of charges pending disposition for or convictions of the applicant of the crimes listed in paragraph V. The applicant shall submit with the release form a complete set of fingerprints taken by a qualified law enforcement agency or an authorized employee of the school administrative unit, school district, chartered public school, or public academy. In the event that the first set of fingerprints is invalid due to insufficient pattern and a second set of fingerprints is necessary in order to complete the criminal history records check, the conditional offer of employment shall remain in effect. If, after 2 attempts, a set of fingerprints is invalid due to insufficient pattern, the school administrative unit, school district, chartered public school, or public academy may, in lieu of the criminal history records check, accept police clearances from every city, town, or county where an applicant has lived during the past 5 years.

III. The school administrative unit, school district, chartered public school, or public academy shall submit the criminal history records release form to the New Hampshire state police which shall conduct a criminal history records check through its records and through the Federal Bureau of Investigation. The state police shall examine the list of crimes constituting grounds for non-approval of employment, or non-acceptance of volunteer services in that school administrative unit, school district, chartered public school, or public academy, and shall report the presence or absence of any such crime to the [school administrative unit, school district, chartered public school, or public academy] superintendent of the school administrative unit, or the chief executive officer of the chartered public school or public academy, or designee. [Under no circumstances shall the criminal records be released to the school administrative unit, school district, chartered public school, or public academy. The school administrative unit, school district, chartered public school, or public academy] The superintendent of the school administrative unit, or the chief executive officer of the chartered public school or public academy, or designee, shall maintain the confidentiality of all criminal history records information received pursuant to this paragraph. If the criminal history records information indicates no criminal record, the [school administrative unit, school district, chartered public school, or public academy] superintendent of the school administrative unit, or the chief executive officer of the chartered public school or public academy, or designee, shall destroy the information received immediately following [its] review of the information. If the criminal history records information indicates that the applicant has been convicted of [a felony] any crime or has been charged pending disposition for or convicted of a crime listed in paragraph V, the [school administrative unit, school district, chartered public school, or public academy | superintendent of the school administrative unit, or the chief executive officer of the chartered public school or

public academy, or designee, shall review the information for a hiring decision, and the division of state police shall notify the department of education of any such charges pending disposition or convictions. The [school administrative unit, school district, chartered public school, or public academy] superintendent of the school administrative unit, or the chief executive officer of the chartered public school or public academy, or designee, shall destroy any criminal history record information that indicates a criminal record within 30 days of receiving such information.

IV. The school administrative unit, school district, chartered public school, or public academy may require the selected applicant for employment or designated volunteer to pay the actual costs of the criminal history records check.

V. Any person who has been charged pending disposition for or convicted of any violation or attempted violation of RSA 630:1; 630:1-a; 630:1-b; 630:2; 632-A:2; 632-A:3; 632-A:4; 633:1; 639:2; 639:3; 645:1, II or III; 645:2; 649-A:3; 649-A:3-a; 649-A:3-b; 649-B:3; or 649-B:4; or any violation or any attempted violation of RSA 650:2 where the act involves a child in material deemed obscene; in this state, or under any statute prohibiting the same conduct in another state, territory, or possession of the United States, shall not be hired by a school administrative unit, school district, chartered public school, or public academy. [By decision of the appropriate governing body, a school administrative unit, school district, chartered public school, or public academy] The superintendent of the school administrative unit, or the chief executive officer of the chartered public school or public academy, or designee, may deny a selected applicant a final offer of employment if such person has been convicted of any [felony] crime in addition to those listed above. The governing body of a school district, chartered public school, or public academy may adopt a policy stating that any person who has been convicted of any felony, or any of a list of felonies, shall not be hired. Rep. Adams spoke in favor.

Rep. Ladd spoke against.

Minority committee amendment failed.

Majority committee report adopted and referred to the Committee on Criminal Justice and Public Safety.

REGULAR CALENDAR CONT'D

SB 464-FN-A, establishing a statewide drug offender grant program and making appropriations therefor, and relative to transferring certain revenues to the revenue stabilization reserve account. OUGHT TO PASS.

Rep. Patrick Abrami for Ways and Means. This bill establishes the statewide drug offender grant program. At the hearing it was determined that the bill title referenced revenue issues. Upon thorough review of the bill the committee concluded that there were no references to taxes or fees required to accomplish the goals of the program. The bill requires expenditure approval in order to implement the drug offender grant program. The vote of the committee is a procedural vote only. The vote of the committee should not be construed as a policy decision because the policy addressed by the bill is not within the jurisdiction of the House Ways and Means Committee. Vote 17-0.

Committee report adopted and referred to the Committee on Finance.

SB 339-FN, relative to required DNA analysis for certain offenses. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Len DiSesa for the Majority of Criminal Justice and Public Safety. Current law requires that the collection of a DNA sample (a cheek swab) be taken and analyzed upon a person's intake or prior to the release of a person from the state prison. The collection and analysis are allowed under current statute for any person convicted of any sexual offense, or any offense against a child, or any other felony offense prohibited by NH laws, or ". . .another state or federal law, whether on probation, conditional or unconditional release, completion of sentence, or release for any other reason." This bill adds the language ". . . or any person declared not guilty by reason of insanity or civilly committed to the department of corrections." This addition closes a loophole in the statute and would allow the Department of Corrections to collect and analyze a DNA sample if a person committed a felony offense but was found not guilty by reason of insanity. DNA is only collected at the state prison, not at any county jail or other lockup facility. Currently, there are less than 20 persons incarcerated who would fall into this category, as well as a much smaller number of persons who have been civilly committed to the state prison because they are a danger to either themselves or others. It costs about \$100 for collecting and analyzing each DNA swab, but there is

a federally funded program that pays for this so there is no cost to the state. Further, all fifty states have a variation of this law, with some states like California collecting DNA samples upon arrest rather than upon conviction. Both the Department of Corrections and the Department of Safety supported this bill. Tim Pifer, the NH State Police Forensic Laboratory Director, testified that given the substantial recidivism rate of persons who are found not guilty by reason of insanity for serious crimes, this bill would serve both as a deterrent and a useful investigative tool for unsolved crimes. NH Department of Corrections Commissioner William Wrenn also appeared before the committee to voice strong support for this bill. The committee debated the balance between public safety and individual rights to privacy, but the majority of the committee felt this to be a minimal intrusion to an individual with the greater good to society to be of stronger benefit. Over the years, with the perfecting of DNA analysis, many cold cases have been solved and many wrongly convicted persons have been exonerated. Vote 10-3.

Rep. Robert Cushing for the Minority of Criminal Justice and Public Safety. The minority recognizes that this bill would impact some people who have never engaged in, committed, or been charged with a crime, but who have severe mental illnesses that resulted in them being involuntarily committed to state institutions. Under RSA 135-C, people with mental illnesses are involuntarily committed to the state hospital, and under RSA 622:45 some of those acute patients, those whose illness pose a threat to themselves or others, are transferred to and civilly committed to the Department of Corrections Secure Psychiatric Unit. Mental illness is a medical condition, not a crime. The minority believes that, notwithstanding the current practice of the state comingling people civilly committed with those who have been convicted of crimes in the Secure Psychiatric Unit, the legislature should not require those who have never been accused of or committed a crime to submit to have a DNA sample be taken for DNA analysis to determine identification characteristics specific to that person. We should treat all patients the same when it comes to DNA testing for identification characteristics, and singling out those with mental illness for testing violates the concept of health care parity and equal treatment under the law.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Cushing spoke against.

Rep. Tholl moved Recommit and spoke in favor.

Motion adopted.

Recommitted to the Committee on Criminal Justice and Public Safety.

SB 389-FN, relative to the penalty for possession of multiple firearms. INEXPEDIENT TO LEGISLATE.

Rep. Dick Marston for Criminal Justice and Public Safety. This bill is a very narrow piece of legislation to amend the armed career criminals statute (RSA 159:3-a). If this change was to be enacted, it would negatively affect the prosecutor's discretion in prosecuting armed career criminals. There was no testimony other than a co-sponsor. The NH Supreme Court has recently upheld the constitutionality of this statute. The majority of the committee, after much deliberation, came to the conclusion that the prosecutor is the best person to decide how to proceed in the prosecution of individual cases of armed career criminals. This bill is looking to solve a problem which does not exist in current law. Vote 8-3.

Committee report adopted.

SB 320, relative to non-academic surveys administered by a public school to its students. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Ralph Boehm for the Majority of Education. This bill changes current law to require parents, or guardians to give permission (opt-in) on all non-academic surveys or questionnaires except for the Centers of Disease Control and Protection (CDC) risk survey which requires an opt-out by parents or guardians. The amendment fixes language and makes it clear that only the CDC survey is opt-out. The bill also makes it clear that students under 18 cannot give permission for taking the survey. Vote 11-9.

Rep. June Frazer for the Minority of Education. The minority on this bill feel strongly that this matter is an issue of local control and a policy would more appropriately be left to local school districts. The bill also creates confusion in making one exception to the rule opt-in and another opt-out. Finally, it is feared that such a law might interfere with important research.

Majority Amendment (1143h)

Amend RSA 186:11, IX-d as inserted by section 1 of the bill by replacing it with the following:

IX-d. Require school districts to adopt a policy governing the administration of non-academic surveys or questionnaires to students. The policy shall require school districts to notify a parent or legal guardian of a non-academic survey or questionnaire and its purpose. The policy shall provide that no student shall be required to volunteer for or submit to a non-academic survey or questionnaire, as defined in this paragraph, without written consent of a parent or legal guardian unless the student is an adult or an emancipated minor. The policy shall include an exception from the consent requirement for the youth risk behavior survey developed by the Centers for Disease Control and Prevention. The policy shall also allow a parent or legal guardian to opt-out of the youth risk behavior survey developed by the Centers for Disease Control and Prevention. The school district shall make such surveys or questionnaires available, at the school and on the school or school district's website, for review by a student's parent or legal guardian at least 10 days prior to distribution to students. [The policy shall also allow a parent or legal guardian to opt out of the non-academic survey or questionnaire either in writing or electronically.] In this paragraph, "nonacademic survey or questionnaire" means surveys, questionnaires, or other documents designed to elicit information about a student's social behavior, family life, religion, politics, sexual orientation, sexual activity, drug use, or any other information not related to a student's academics. Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Horrigan offered floor amendment (1240h).

Floor Amendment (1240h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the duties of the state board of education regarding health and sex education, exceptions to specific course material, and administration of non-academic surveys or questionnaires.

Amend the bill by replacing all after the enacting clause with the following:

1 State Board of Education; Duties. Amend RSA 186:11, IX-b, IX-c, and IX-d to read as follows: IX-b. Health and Sex Education. Require school districts and chartered public schools to adopt a policy allowing an exception to a particular unit of health or sex education instruction based on religious objections. Such policy shall include a provision for alternative learning sufficient to enable the child to meet state requirements for health education.

IX-c. Require school districts and chartered public schools to adopt a policy allowing an exception to specific course material based on a parent's or legal guardian's determination that the material is objectionable. Such policy shall include a provision requiring the parent or legal guardian to notify the school principal or designee, or designated chartered public school official in writing of the specific material to which they object and a provision requiring an alternative agreed upon by the school district or the chartered public school and the parent, at the parent's expense, sufficient to enable the child to meet state requirements for education in the particular subject area. The name of the parent or legal guardian and any specific reasons disclosed to school officials for the objection to the material shall not be public information and shall be excluded from access under RSA 91-A.

IX-d. Require school districts and chartered public schools to adopt a policy governing the administration of non-academic surveys or questionnaires to students. The policy shall require school districts and chartered public schools to notify a parent or legal guardian of a non-academic survey or questionnaire and its purpose. The school district or chartered public school shall make such surveys or questionnaires available, at the school and on the school or school district's website, for review by a student's parent or legal guardian at least 10 days prior to distribution to students. The policy shall also allow a parent or legal guardian to opt out of the non-academic survey or questionnaire either in writing or electronically. In this paragraph, "non-academic survey or questionnaire' means surveys, questionnaires, or other documents designed to elicit information about a student's social behavior, family life, religion, politics, sexual orientation, sexual activity, drug use, or any other information not related to a student's academics.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill adds references to include chartered public schools in the duties of the state board of education regarding health and sex education, exceptions to specific course material, and administration of non-academic surveys or questionnaires.

Rep. Horrigan spoke in favor and yielded to questions.

Rep. Ladd spoke against.

Rep. Hoell requested a roll call; sufficiently seconded.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Victoria Sullivan spoke in favor and yielded to questions. Majority committee report adopted and ordered to third reading.

SB 330-FN, relative to licensure of medical imaging professionals and radiation therapists. OUGHT TO PASS.

Rep. Peter Schmidt for Executive Departments and Administration. This bill establishes the Board of Medical Imaging and Radiation Therapy for the licensure and regulation of magnetic resonance technologists, nuclear medicine technologists, radiation therapists, radiographers, radiologist assistants, and sonographers. The committee heard testimony about the potential dangers and risks to patient health that could result from the practice of inadequately trained operators. This, coupled with a likely increase in the number of independent radiology clinics, led members to support this bill in order to ensure that appropriate training and continuing education are completed and that disciplinary action can be taken for unprofessional or unethical conduct. Vote 16-2.

Rep. Hannon spoke against.

Shepardson, Marjorie

and floor amendment (1240h) failed.

Rep. Sherman spoke in favor and yielded to questions.

Rep. William O'Brien requested a roll call; sufficiently seconded.

SULLIVAN

Laware, Thomas and the committee report was adopted and ordered to third reading. Reps. McLean and Vose declared conflicts of interest and did not participate.

SB 392, relative to the special training licenses issued by the board of podiatry. OUGHT TO PASS. Rep. Jacalyn Cilley for Executive Departments and Administration. This bill allows the Board of Podiatry to issue special training licenses to persons enrolled in an accredited residency program in NH. The committee heard testimony that this bill is needed to address the growing shortage of podiatrists in NH. Our neighboring states currently offer residency for a podiatrist in training, giving them an edge in the recruitment of these medical professionals and greater certainty of these individuals remaining in state to practice following their residency. The license established by this bill provides NH with the same advantage. Vote 11-2. Committee report adopted and ordered to third reading.

SB 446, relative to requirements of the state building code. OUGHT TO PASS.

Rep. J.R. Hoell for Executive Departments and Administration. The bill adds a small provision to the statutes so that when the Building Code Review Board adopts new rules about the permit application process, the new rules are "reasonable." The committee heard testimony that some building inspectors have asked for extensive information during the application process and this slows down and or delays the issuance of permits. The only process in place to appeal is through the local zoning board and this could take a month or more creating real issues for getting a project started before a deadline. For example, if a permit is issued late enough in the fall to delay construction, it may not be possible to construct a foundation before the frost sets in. The balance of the process remains the same and the renovation or construction still needs to meet all necessary codes and still goes through the same inspection process, this bill just affects the ability to get the permit issued in a timely manner so construction can begin. Vote 9-6. Committee report adopted and ordered to third reading.

SB 545, proclaiming August as Cure all Cancer month. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Raymond Gagnon for the Majority of Executive Departments and Administration. The goal of this bill is to reinforce that an ounce of prevention is worth a pound of cure. The legislation serves as a tool in raising the public's attention in combating cancer. Testimony in support of this bill stressed how increasing the public's knowledge and awareness about cancer can have an effective impact and that statistics indicate enhanced education and awareness could reduce cancer by 50%. Proclaiming February as Cancer Prevention Month and February 4 as Cancer Prevention Day will complement federal cancer prevention efforts thus providing coordinated national, state and local efforts. Cancer prevention/education events provide added opportunities for anti-cancer groups to reach out to the general public. Lastly, this bill also recognizes August as Cure all Cancer Month in honor of the many people who have lost their lives to cancer or who are battling this dreaded disease. The rising incidence of cancer needs to be met with increased efforts both to implement prevention practices now and to find a cure as soon as possible. New Hampshire has demonstrated that it can be a leader in promoting cancer prevention and should do so with the passage of this legislation. Vote 9-8.

Rep. J.R. Hoell for the Minority of Executive Departments and Administration. The bill as amended sets aside two different months and one particular day for cancer awareness. The minority applauds the purpose behind the bill and has no concerns regarding the desire to encourage people to live happier and healthier lives. The minority also has no concerns about promoting cancer awareness. However, we felt that this bill will not yield the intended results. The ED&A Committee sees a plethora of requests for special days and events and we felt that designating two months for this purpose would water down the message and in the end hurt the cause more than help it. The result of all of these requests is that every day will be a "special" day for some cause and then none of those days will be considered special as every day or month will be devoted to some cause and the importance of the individual issues will be lost in the noise.

Majority Amendment (1107h)

Amend the title of the bill by replacing it with the following:

AN ACT proclaiming February as Cancer Prevention month, February 4th as Cancer Prevention day, and August as Cure all Cancer month.

Amend the bill by replacing sections 1 and 2 with the following:

1 Statement of Intent. The general court recognizes that October is Breast Cancer awareness month which is laudable. The general court further recognizes that there should be a focus on cancer prevention and finding a cure for all cancers and that having only one month for a specific

cancer may detract from many other deadly cancers. Therefore, the general court hereby proclaims February as cancer prevention month, February 4th as cancer prevention day, and August as Cure all Cancer month in honor of the many people who have lost their lives to cancer or who are battling cancer. The general court specifically dedicates this act to Tierra Brewster VanCise who lost her battle with lung cancer in October of 2010.

2 New Section; Cancer Prevention Month, Cancer Prevention Day, and Cure all Cancer Month. Amend RSA 4 by inserting after section 13-u the following new section:

4:13-v Cancer Prevention Month, Cancer Prevention Day, and Cure all Cancer Month. The governor shall annually proclaim February as Cancer Prevention month, February 4th as Cancer Prevention day, and August as Cure all Cancer month and shall urge cities and towns throughout the state to observe these dates in an appropriate manner in recognition of the thousands of citizens of this state affected by all types of cancer and the need for public awareness, research, and support for victims and their families.

AMENDED ANALYSIS

This bill proclaims February as Cancer Prevention month, February 4th as Cancer Prevention day, and August as Cure all Cancer month.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. On a division vote, with 174 members having voted in the affirmative, and 156 in the negative, the majority committee report was adopted and ordered to third reading.

BILLS REMOVED FROM THE CONSENT CALENDAR

SB 498-FN, relative to penalties for possession of certain controlled drugs. OUGHT TO PASS. Rep. David Welch for Criminal Justice and Public Safety. This bill is a result of a study of stakeholders such as law enforcement, public defenders, the courts and substance abuse organizations. They determined that reducing the penalty for possession of small amounts of marijuana and hashish to an unclassified misdemeanor with a minimum fine of \$500 would enable the court to treat first time offenders as a violation, enable substance abuse counseling or establish a criminal record based on the individual's conduct or record. Vote 13-0.

Rep. Tholl moved Recommit and spoke in favor.

Motion adopted.

Recommitted to the Committee on Criminal Justice and Public Safety.

SB 460, authorizing the state board of education to adopt rules relative to child sexual abuse and healthy relationships. OUGHT TO PASS WITH AMENDMENT.

Rep. Ralph Boehm for Education. This bill authorizes the state board of education to adopt rules relating to preventing child sexual abuse and promoting healthy relationships. The amendment removes the terms child sexual abuse and healthy relationships and replaces it with the reference to existing law, RSA 169-C, which covers and defines sexual, psychological and physical child abuse. Vote 20-0.

Amendment (1196h)

Amend the title of the bill by replacing it with the following:

AN ACT authorizing the state board of education to adopt rules relative to abused children.

Amend RSA 189:10 as inserted by section 1 of the bill by replacing it with the following:

189:10 Studies. The school board shall ensure that health education and physical education are taught to pupils as part of the basic curriculum. The school board shall ensure that all studies prescribed by the state board of education are thoroughly taught, especially physiology, hygiene, and health and physical education as they relate to the effects of alcohol and other drugs, child abuse under RSA 169-C, human immunodeficiency virus (HIV)/acquired immunodeficiency syndrome (AIDS), and sexually transmitted diseases on the human system.

AMENDED ANALYSIS

This bill authorizes the state board of education to adopt rules relative to child abuse pursuant to the child protection act.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Ladd offered floor amendment (1241h).

Floor Amendment (1241h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to a school board's duty to ensure the teaching of health and physical education as it relates to abused children.

Amend RSA 189:10 as inserted by section 1 of the bill by replacing it with the following:

189:10 Studies. The school board shall ensure that health education and physical education are taught to pupils as part of the basic curriculum. The school board shall ensure that all studies prescribed by the state board of education are thoroughly taught, especially physiology, hygiene, and health and physical education as they relate to the effects of alcohol and other drugs, child abuse as established in the definition of "abused child" under RSA 169-C:3, II, human immunodeficiency virus (HIV)/acquired immunodeficiency syndrome (AIDS), and sexually transmitted diseases on the human system.

AMENDED ANALYSIS

This bill requires a school board to ensure that health and physical education as it relates to abused children is taught in schools.

Rep. Ladd spoke in favor.

Floor amendment (1241h) adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Hoell offered floor amendment (1270h).

Floor Amendment (1270h)

Amend RSA 189:10 as inserted by section 1 of the bill by replacing it with the following:

189:10 Studies. The school board shall ensure that health education and physical education are taught to pupils as part of the basic curriculum. The school board shall ensure that all studies prescribed by the state board of education are thoroughly taught, [especially] including physiology, hygiene, and health and physical education as they relate to the effects of alcohol and other drugs, child abuse under RSA 169-C, human immunodeficiency virus (HIV)/acquired immunodeficiency syndrome (AIDS), and sexually transmitted diseases on the human system.

Rep. Hoell withdrew floor amendment (1270h).

Majority committee report adopted and ordered to third reading.

SB 441-FN, relative to discounts and admission without charge at state parks. OUGHT TO PASS. Rep. John Mullen for Resources, Recreation and Development. The bill was brought forth to modify the Division of Parks and Recreation's ability to offer admission without charge to persons 65 years of age and older to state parks and other areas, and repeals a requirement for the division to issue discount coupon books for state parks in the summer months. The premise behind this bill is to resolve a conflict between two statutes. RSA 218:5-c describes who and what park activities shall provide those 65 years and older free admission to state parks, historical sites, beaches and state operated ski areas. RSA 216-A:3-g instructs the division to charge fees that are comparable with fees for use of similar privately owned ski and campground facilities and should be according to market conditions. In addition, the fees are to be used to offset expenses to maintain these state facilities and be able to adjust to market conditions. This bill gives the division the ability to set limited fees for those over 65 subject to approval of the Fiscal Committee. These fees would allow the division to ensure the continued operation and improvement of state parks, historical sites, beach and ski areas while not violating the intent of current legislation to not unfairly compete with private facilities. Vote 17-0.

Rep. Bailey spoke against.

Rep. Mullen spoke in favor and yielded to questions.

Rep. Horrigan spoke against, yielded to questions and requested a roll call; sufficiently seconded.

RESOLUTION

Rep. Hinch offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet, Wednesday, April 20, 2016 at 10:00 a.m.

LATE SESSION

Third Reading and Final Passage

SB 25-FN, relative to the administration of epinephrine.

SB 312, relative to epinephrine administration in independent schools.

SB 314, relative to the membership of the higher education commission.

SB 316, relative to placement decisions by a child's individualized education program team.

SB 322, relative to the provision and administration of bronchodilators, spacers, and nebulizers in schools.

SB 328-L, relative to school districts and school administrative units exercising joint powers with other public agencies.

SB 370, establishing a committee to study real time threat notification systems to link schools with law enforcement when schools are under direct threat.

SB 371, relative to school lunch meal payment policies.

SB 129-FN, allowing retired members of the retirement system to change an optional allowance election in certain circumstances.

SB 237-FN, establishing a reporting requirement for gubernatorial inauguration contributions.

SB 313, relative to requirements for licensed estheticians.

SB 332, relative to state procurement of goods and services.

SB 390-FN, relative to the procedure in retirement system hearings concerning qualification for disability retirement benefits.

SB 397, relative to the membership of the post-traumatic stress disorder and traumatic brain injury commission.

SB 398, relative to renewal of licenses issued by the board of funeral directors and embalmers.

SB 400, relative to executive branch ethics.

SB 467-FN, relative to private investigators, security guards, and bail enforcement agents, and relative to unsworn falsification on agency forms.

SB 257-FN, relative to membership in the judicial retirement plan of judges appointed at age 63 or older.

SB 318, permitting the state to enter into a lot line agreement with a private abutter to the Bradford Pines Natural Area.

SB 378, relative to the availability of net metering tariffs.

SB 320, relative to non-academic surveys administered by a public school to its students.

SB 330-FN, relative to licensure of medical imaging professionals and radiation therapists.

SB 392, relative to the special training licenses issued by the board of podiatry.

SB 446, relative to requirements of the state building code.

SB 545, proclaiming February as Cancer Prevention month, February 4th as Cancer Prevention day, and August as Cure all Cancer month.

SB 460, relative to a school board's duty to ensure the teaching of health and physical education as it relates to abused children.

UNANIMOUS CONSENT

Rep. Notter requested Unanimous Consent of the House regarding memorial remarks for the former member from Amherst, the Honorable Carol Holden.

Rep. Notter addressed the House.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the former member from Amherst, the Honorable Carol Holden.

MOTION TO PRINT REMARKS

Rep. Shurtleff moved that the remarks made by Rep. Notter during Unanimous Consent be printed in the Permanent Journal.

Motion adopted unanimously.

REMARKS

Rep. Notter: Thank you, Mr. Speaker. I would like to invite the Representatives who were involved with the Vesta Roy Series, or the Federation of Republican Women, to stand with me at the podium to remember and honor our friend, Commissioner Carol Holden. Mr. Speaker, when I first got involved with New Hampshire politics I felt a bit "star struck," I guess is the term, when I met elected officials. I was nervous the first time I met with Commissioner Holden. A television show called, "The Commish," came to mind while I was having coffee at a Dunkin Donuts, in Merrimack, with an actual commissioner. Somehow our conversation led to a discussion of passing the time while waiting in line at the grocery store. When Commissioner Holden told me that she also enjoys reading the tabloid headlines, I felt more at ease and began to realize that perhaps, just maybe, elected officials are also just regular people. This past Friday, April 1, 2016, Commissioner Carol Holden died peacefully at her home after a brief illness. The news left many of us shocked and saddened, especially for her husband, Don. I just saw Carol, what seems like, days ago. She was wearing one of her signature hats and looked just fine. Yesterday, at the viewing, I saw the hat before I noticed her family in the receiving line. I'm happy to report that Carol Holden went to her eternal rest sporting a pink straw hat with a good Republican elephant pin at the top. She looked like she was sleeping. Several of us knew Carol through Vesta Roy. Vesta Roy was the NH State Senate President when Governor Hugh Gallen died in office in 1982. Vesta succeeded him, making her the first female governor of NH. Her portrait is at the base of the stairs that leads to the Senate Gallery. The first female Speaker of the NH House of Representatives was Donna Sytek. Speaker Sytek was one of the founders of a political educational program called, "Vesta Roy Excellence in Public Service." Carol Holden was on the Vesta Roy Board of Directors and a mentor to several of us serving in the House today. We call ourselves, "Vesties." Sometimes we wear a specific gold star to identify ourselves. It was Carol who taught me to how to politic a room. She taught me the proper wording when asking for an endorsement. She stressed what is essential when running for office. And when things were not to her liking, she let me know. In addition to the Vesta Roy Series, Carol had a long history with the Federation of Republican Women. The National Federation is based in Washington, D.C. Each state has its own chapter. Carol is a past President. We have five federated groups in our state. I think she supported them all. When I was a club president, Carol was my parliamentarian. It was her job to make sure that I ran the meetings the way that Donna Sytek taught me to in Vesta Roy. Carol gave me booklet of notes on Robert's Rules for Parliamentary Procedure, to refer to as needed. Honestly though, if Carol was at one of our meetings, it was a lot easier to just look her way for a nod of approval than it was to look at my notes. A few weeks ago I was informed that as the current state president of the NH Federation of Republican Women, I had to fill the positions required by Nationals. Wasn't it just days ago that I received an email from Carol accepting the position of, you guessed it, Parliamentarian? Carol's obituary had a long list of Republican boards and activities that she ran or served. She was one of three commissioners for Hillsborough County. Merrimack was one of the towns in her district. She always marched in our 4th of July parade. She worked the Republican booth at county fairs and was always seen at various Republican events, the like the Federation's annual Lilac Luncheon. Did you know that she was related to President George

Bush? Yeah, both of them, #41 and #43. Carol is from the Walker branch of the family. We had coffee with Doro Bush this past December. For those who don't know, Jeb is not George W's only sibling. There is also Neil, Marvin, and Doro. When I introduced Carol to Doro, Doro called her "Cousin" for the rest of the visit. Carol held many offices. She was a NH State Rep from 1984-1997. She chaired and co-chaired committees and served as Assistant Majority Leader in her last two years. Female legislators are automatically members of the Order of the Women Legislators. I believe you know them by the term, "The OWLS." Sometime last fall I was browsing in the Capitol Visitor's Center. Debbie Rivers pointed to a stack of books on the floor, in the corner, that were being given away. She handed me one. I took it home and added it to a stack of books sitting on the floor, in the corner, of my room. It was a book about the OWLS. I didn't know what to do with it. At Christmas time, the Merrimack Town Republican committee had a fundraiser. Carol was there, because Carol went to most Republican meetings. When she saw the book on the table with giveaways and political literature, she asked me about it. When I told her that she could have it, I saw her face light up like I've never seen before. The book covered the years that she served in this House, and her name was in it. I will always remember how happy and pleased she looked that evening. I can't believe she is gone. Her friend, local photographer Glynis Citarelli, posted the following on Facebook: "Madam Commissioner, you truly wore many hats. A tireless public servant. Godspeed my dear friend." To that I'd like to add, "May her memory be eternal." Thank you, Mr. Speaker.

RECESS MOTION

Rep. Hinch moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports.

Motion adopted.

The House recessed at 12:20 p.m.

RECESS

(Rep. Barbara French in the Chair) ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 527, 1145, 1438 and Senate Bills numbered 110 and 238.

Rep. Hinch, Sen. Prescott for the Committee

SENATE MESSAGES CONCURRENCE

HB 1116, relative to net metering.

HB 1165, changing "incapacitated" to "vulnerable" in the adult protective services laws.

HB 1197, relative to conservation number plate funds.

HB 1208-FN, relative to administration of the tobacco tax.

HB 1219-FN-L, relative to the repurchase of tax-deeded property by the former owner and the costs therefor.

HB 1225, permitting high school students who are members of the armed forces to wear their uniforms at graduation.

HB 1245-FN, relative to petitions for adoption of rules under the administrative procedures act and incorporation of documents by reference.

HB 1283, relative to school notification of a change in placement.

HB 1285, relative to the donation of food that has passed its expiration date.

HB 1332, adding a member to the aquatic resources compensatory mitigation site selection committee.

HB 1665-FN, adopting the interstate medical licensure compact.

REFERRED FOR INTERIM STUDY

HB 1689, relative to operator requirements under the meals and rooms tax.

RECESS

(Speaker Jasper in the Chair) ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 295, 536, 1171, 1199, 1315, 1355 and 1418.

Rep. Hinch, Sen. Prescott for the Committee

ENROLLED BILL AMENDMENTS

HB 242, relative to the statewide improvement and assessment program.

Amendment (1291-EBA)

Amend section 1 of the bill by replacing line 1 with the following:

1 Statewide Education Improvement and Assessment Program. Amend RSA 193-C:3, IV(i) to Motion adopted.

HB 1388-FN, expanding crossbow use into muzzeloader season.

Amendment (1316-EBA)

Amend the title of the bill by replacing it with the following:

AN ACT expanding crossbow use into muzzleloader season.

Motion adopted.

REFERRAL DECLINED

Rep. Tholl, Chairman of the Committee on Criminal Justice and Public Safety, under the provisions of House Rule 46 (f), declined the referral of **SB 453-FN**, relative to comprehensive criminal background checks for individuals in registered and licensed child day care agencies, child care institutions, and child care agencies

RECESS

(Rep. Ladd in the Chair) ENROLLED BILL AMENDMENTS

(a) The state of primary residence for the physician; or

Amend RSA 329-C:4, I(d) as inserted by section 1 of the bill by replacing line 1 with the following:

(d) If no state qualifies under subparagraph I(a), (b), or (c), the state designated as Motion adopted.

SB 330-FN, relative to licensure of medical imaging professionals and radiation therapists. (Amendment printed SJ 4/14/16)
Motion adopted.

RECESS

(Speaker Jasper in the Chair)

Rep. Hinch moved that the House adjourn. Motion adopted.

HOUSE JOURNAL NO. 12

Wednesday, April 20, 2016

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by Guest Chaplain, Father Thom Duston, Pastor of St. Theresa's Parish in Henniker and Wing Chaplain of Pease Air National Guard Base.

Would you pray with me? Good and gracious God, You are the source of all life, and of our natural rights. Our ancestors recognized this in our state's constitution. They also acknowledged that when we come together in society, we must be willing to surrender up our rights to it for the protection of others. Lord God help us. Help us to appreciate the lives You have given us. Help us to acknowledge our natural rights and protect them for all. Help us to willingly sacrifice of ourselves for the good of others and of all. Lord bless each of us with the wisdom and courage we need to sacrifice for and serve well all citizens of our beloved state. Amen

Representative Sad, member from Walpole and Representative Haefner, member from Hudson, led the Pledge of Allegiance.

The National Anthem was sung by the member from Manchester, Representative Larry Gagne.

LEAVES OF ABSENCE

Reps. Ronald Belanger, Bridge, Chris Brown, Pamela Brown, Bush, Comtois, Kellogg, Moody, Pantelakos, Parison, Phillips, Priestley, Rappaport, Ratzki, Russell, Sanders, Stevens, Tatro, Verschueren and Wright, the day, illness.

Reps. Andrew Christie, Cook, Deloge, DiSesa, Edwards, Fisher, Pamela Gordon, Ingbretson, Introne, Ley, McNamara, O'Neil, Oligny, Carol Roberts, Schleien, Timothy Smith, Tamburello, Varney and Thomas Walsh, the day, important business.

Rep. DeSimone, the day, illness in the family.

INTRODUCTION OF GUESTS

Brendan Sica, student at Bishop Brady High School, Page for the day.

Allison O'Neil and students, guests of Representative Cordelli. The Honorable Sylvia Gale, former member from Nashua, and Catherine Sofikitis, guests of Representative Rosenwald. George and Phyllis Weimann, Uncle and Aunt of Representative Ticehurst. David Woolpert, guest of Representatives Hirsch and Barbara French. Roger Dontonville, guest of Representative Piper. Susan McKevitt, guest of Representative Irwin. Chris Heath, Master of the state Grange, and members of the state Grange; Bob and Jane Trombi, Josie Best, Esther Herrick and Andrew Savage, guests of Representative Haefner. The Honorable Carolyn Brown, former member from Conway, Jim Umberger, husband of Representative Karen Umberger, and John Edgerton, guests of the Mount Washington Valley Representatives.

SENATE MESSAGES

REQUESTS CONCURRENCE WITH AMENDMENTS

HB 231, relative to the criteria for evaluating school building aid applications. (Amendment printed SJ 3/31/16)

Reps. Ladd and Kurk moved that the House concur and spoke in favor.

Rep. Ladd spoke in favor.

Motion adopted.

HB 1121, relative to the academic areas that comprise the statewide assessment. (Amendment printed SJ 4/7/16)

Rep. Ladd moved that the House concur and spoke in favor.

Motion adopted.

HB 1164, relative to contributions by a city or town to the county or state. (Amendment printed SJ 4/14/16) Rep. James Belanger moved that the House concur and spoke in favor. Motion adopted.

HB 560-FN, including a viable fetus in the definition of "another" for the purposes of certain criminal offenses. (Amendment printed SJ 1/14/16)

Rep. Tholl moved that the House nonconcur and spoke in favor. Motion adopted.

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 242, 1388, 1397 and 1419 and Senate Bill numbered 318.

Rep. Hinch, Sen. Prescott for the Committee

CONSENT CALENDAR

Rep. Hinch moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

SB 466-FN, relative to the detention of a minor while waiting for the disposition of his or her case, removed by Rep. Lynne Ober.

SB 465-FN, relative to the nonconsensual dissemination of private sexual images, removed by Rep. Lynne Ober.

SB 418, relative to obtaining a ballot to vote and adding National Guard members to the absentee voting laws, removed by Rep. Hoelzel.

SB 481-FN, relative to a special health care service license and establishing a fund, removed by Rep. Dan McGuire.

SB 491-FN, relative to Medicaid home health care services and relative to the scope of practice of licensed nursing assistants, removed by Rep. Hinch.

SB 496-FN, relative to personal care attendant services, removed by Rep. Hinch.

SB 535-FN-A, establishing a grant program for high schools for heroin and opiate prevention education, removed by Rep. Duane Brown.

Consent Calendar adopted.

SB 543-FN, relative to private transferring of adopted children. OUGHT TO PASS.

Rep. Carolyn Gargasz for Children and Family Law. This bill prohibits unauthorized advertising for adoption purposes. This especially is of concern for ads through the Internet. It also prohibits transfer of a child through a power of attorney document without going through the state adoption process. Vote 13-0. Referred to the Committee on Judiciary.

SB 450, relative to investments by insurance companies. OUGHT TO PASS.

Rep. Donald Flanders for Commerce and Consumer Affairs. This bill replaces some of the existing life insurance and property and casualty insurance investment statutes with the latest National Association of Insurance Commissioners' (NAIC) model language. It applies general principles and sets specific investment standards appropriate to those insurers. Investments made by insurers are critical to their solvency and are highly regulated. The New Hampshire Insurance Department is required to "require a diversified investment portfolio for all domestic insurers both as to type and issues and include a requirement for liquidity" as part of the NAIC's accreditation process. Vote 18-2.

SB 488-FN-L, relative to breastfeeding. OUGHT TO PASS WITH AMENDMENT.

Rep. John Hunt for Commerce and Consumer Affairs. As introduced in the Senate, this bill required employers to provide reasonable accommodations to women who are breastfeeding and included a provision exempting nursing mothers from jury duty. Prior to passage, the Senate amended this bill by adopting a House Commerce Committee amendment to a similar bill, that was retained in the committee last year. This similar bill, SB 219, was tabled in the House in January. After a long subcommittee work session, the House Commerce Committee, with a strong bipartisan majority (18-2), amended this bill to establish an Advisory Council on Lactation. The council's duties are to consider the goals of the Office of the Surgeon General and the US Breastfeeding Committee and to examine best practices in New Hampshire for, not only breastfeeding, but also expressing breast milk at work. The advisory council is required to file an interim report by November 1, 2016 and a final report by December 1, 2017. Vote 19-1.

Amendment (1372h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing an advisory council on lactation.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; Advisory Council on Lactation. Amend RSA 275 by inserting after section 75 the following new subdivision:

Advisory Council on Lactation

275:76 Advisory Council on Lactation.

- I. There is hereby established an advisory council on lactation. The advisory council shall consider the goals of the United States Surgeon General and the United States Breastfeeding Committee. The advisory council shall be comprised of, but not limited to:
- (a) One member of the house of representatives, appointed by the speaker of the house of representatives.
 - (b) One member of the senate, appointed by the senate president.
 - (c) The commissioner of the department of labor, or designee.
- (d) A representative from the women, infants, and children program (WIC), appointed by the commissioner of the department of health and human services.
 - (e) A certified midwife, appointed by the midwifery council established in RSA 326-D:3.
- (f) A member of the New Hampshire Business and Industry Association, appointed by the association.
 - (g) The president of the New Hampshire Breastfeeding Rights Coalition, or designee.
 - (h) The chairperson of the New Hampshire Breastfeeding Task Force, or designee.
 - (i) A hospital administrator from a certified baby-friendly hospital, appointed by the governor.
 - (i) A transportation representative, appointed by the governor.
 - (k) A currently breastfeeding mother, appointed by the governor.
- (l) An attorney with experience in human rights issues, appointed by the New Hampshire commission on human rights.
- II. The advisory council may examine best practices in New Hampshire, including but not limited to the Baby Friendly Hospital Initiative, Family and Sick Leave, Childcare Trainings on Breastfeeding, Milk Banks, Lactation Spaces in Public Accommodations, and the World Health Organization's International Code of Marketing of Breastmilk Substitutes.
- III. Legislative members shall receive mileage at the legislative rate while attending to the duties of the commission.
- IV. The advisory council may meet as often as necessary to effectuate its goals and meetings may be held by conference call. A minimum of 3 meetings per year shall be open to the public.
- V. The advisory council shall make an interim report commencing on November 1, 2016 and a final report on December 1, 2017 on its activities and findings, together with any recommendations for proposed legislation, to the president of the senate, the speaker of the house of representatives, and the governor.
 - 2 Repeal. RSA 275:76, relative to an advisory council on lactation, is repealed.
 - 3 Effective Date.
 - I. Section 2 of this act shall take effect December 1, 2017.
 - II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes an advisory council on lactation. Referred to the Committee on Judiciary.

SB 468-FN, relative to changes to the sex offender registry. OUGHT TO PASS WITH AMENDMENT. Rep. Robert Cushing for Criminal Justice and Public Safety. In March of 2015 the New Hampshire Supreme Court ruled in the case of John Doe v. State of New Hampshire that a group of sex offenders convicted of crimes before the sex offender registry was created in 1992 and placed on the registry as a Tier III offender had been denied their right to due process to have their names removed from the registry. The court ruled that a group of convicted sex offenders who were not aware at the time of their conviction that they would be placed on the sex offender registry were entitled to petition to have their names removed from the registry altogether if they could prove that they were no longer a risk to the public. The court left it

to the legislature to determine how to assess the dangerousness of this group before allowing them to be removed from the registry. This bill establishes a procedure that will improve public safety for all New Hampshire residents by utilizing an effective risk assessment to ensure that the current danger of an offender is assessed. It also ensures that the victims of these serious offenders have notice that their victimizer is attempting to come off the sex offender registry and provides the opportunity for the victim to have input into this decision. This amended bill was supported by the Coalition Against Domestic and Sexual Violence, the New Hampshire Civil Liberties Union, and the Attorney General. Vote 19-0.

Amendment (1232h)

Amend the bill by replacing all after the enacting clause with the following:

- 1 Registration of Criminal Offenders; Duration of Registration. Amend RSA 651-B:6, III(a)(1) to read as follows:
- (1) Except as provided in paragraph V, all tier III offenders shall remain on the public list contained in RSA 651-B:7 for life.
- 2 New Paragraph; Registration of Criminal Offenders; Duration of Registration. Amend RSA 651-B:6 by inserting after paragraph IV the following new paragraph:
- V.(a) Any tier II of tier III offender who was convicted prior to the establishment of the sex offender registry may petition the court to be relieved from the registration requirements under this chapter. The petition shall include the petitioner's current address and information about each conviction for which he or she is required to register, including the nature of the offense, the sentence imposed, and the court and the jurisdiction in which the petitioner was convicted. The petition shall be accompanied by a certified copy of the petitioner's criminal history record from each jurisdiction in which he or she is required to register. The petition shall not be filed prior to the completion of all the terms and conditions of the sentence, including any period of supervised release. The petition shall also be accompanied by a risk assessment prepared by a qualified psychiatrist or psychologist at the offender's expense, which indicates that the petitioner is not a danger to the public and no longer poses a risk sufficient to justify continued registration. The petition shall be filed in the county where the most recent predicate conviction occurred, except if the most recent predicate conviction occurred in another state or jurisdiction, the petition shall be filed in the county where the petitioner resides. Such petition shall not be filed as or addressed as part of a criminal case.
- (b) Prior to granting any petition to relieve an offender from the registration requirements under this chapter, the court shall hold a hearing on the petition. The court shall provide notice of the hearing at least 60 days prior to the hearing to the county attorney, the department of safety sex offender unit, and the department of corrections. The county attorney shall use reasonable efforts to notify the victim or victim's family. The court shall permit those parties to be heard on the petition. The victim may appear personally, or through a representative, or may provide a written statement expressing his or her views concerning the offense, the person responsible, and the need for maintaining the registration requirement. The judge shall consider the statements of the victim when making a decision regarding the petition.
- (c) The court may grant the petition if the offender has not been convicted of any subsequent offense requiring registration, has successfully completed any period of supervised release, probation, or parole, has successfully completed an appropriate sex offender treatment program as determined by the court, and has demonstrated that he or she is no longer a danger to the public and no longer poses a risk sufficient to justify continued registration. If the court denies the petition, the offender shall not file another petition for 5 years from the date of denial.
 - 3 Registration of Criminal Offenders; Hearing. Amend RSA 651-B:10, I to read as follows:
- I. Any offender required to register for an offense committed in another state, country, territory, or tribal territory, or under federal law that is determined to be a reasonably equivalent offense to an offense listed *in* RSA 651-B:1, V(a) or RSA 651-B:1, VII(a) or (b) may appeal that determination to the commissioner. The offender shall, within 10 days of notification, request a hearing on the matter before the commissioner. If such a request is made, the commissioner shall promptly schedule and conduct a hearing pursuant to rules adopted under RSA 541-A. [The offender] Either party shall have the right to appeal the commissioner's decision in superior court.
 - 4 Effective Date. This act shall take effect upon its passage.

SB 475-FN, requiring law enforcement agencies to file crime reports with the department of safety. OUGHT TO PASS.

Rep. John Martin for Criminal Justice and Public Safety. This bill would require all law enforcement agencies in the state to file reports in accordance with the FBI's Uniform Crime Reporting Program. Currently, there are 53 localities that do not report this information. Only nine of those localities do not have the records management system to comply with this requirement. The bill states that those agencies will have the means to report provided to them by the Department of Safety, eliminating any prohibitions under Part I, Article 28-a of the NH Constitution. Currently, the state is spending millions of dollars in the face of the opioid crisis and these 53 agencies are not reporting data which could be used in assessing the effectiveness of these new expenditures. This bill closes a hole in the reporting system and adds to the database reporting the effectiveness of state spending. Vote 16-3.

SB 517-FN, increasing the amount deducted from a fine for each day of a person's incarceration. OUGHT TO PASS.

Rep. David Welch for Criminal Justice and Public Safety. This bill increases the amount credited to a fine when the defendant is incarcerated for non-payment of a fine. The amount of jail time is reduced and therefore the county and county taxpayers are well served. Currently the amount to be deducted is \$50 per day, and this bill increases the amount to \$150 per day. Vote 13-0.

SB 326, relative to the membership of the community college system of New Hampshire board of trustees. OUGHT TO PASS WITH AMENDMENT.

Rep. Robert Elliott for Education. This bill adds an employee to the Community College System of New Hampshire Board of Trustees. The bill further establishes a process by which 3 employees, other than personnel on the system leadership team (SLT), are elected to a slate of three potential candidates from which the Governor selects on for consent of the council. Community College leadership and employees support this bill as it strengthens system participation, communication and transparency. Lastly, the bill contains a "conflict of interest" clause. Vote 19-0.

Amendment (1353h)

Amend RSA 188-F:4, II(1) as inserted by section 1 of the bill by replacing it with the following:

(l)(1) One member shall be an employee of the community college system of New Hampshire. Such trustee position shall rotate among the institutions within the community college system of New Hampshire, proceeding in alphabetical order beginning with the college that is first alphabetically. The institutions within the community college system of New Hampshire, through an election at all-college/institutional forum, shall nominate a slate of 3 employees, that shall not include members of the community college system leadership team (SLT), whose names shall be forwarded to the governor who shall choose one for the nomination. The employee-trustee shall serve a 2-year term. In the event the employee-trustee is unable for any reason to serve the entire term, the chairman of the board of trustees shall declare a vacancy in that employee-trustee position. Upon expiration or vacancy of such term, the next institution in order shall nominate a slate of 3 employees, not to include a member of the SLT, whose names shall be forwarded to the governor for consideration.

(2) For purposes of this paragraph, "community college system leadership team (SLT)" means and is comprised of the chancellor, vice chancellor, president of each community college, and the chancellor's senior staff associated with statewide policy and operational coordination as identified in the handbook for administrative, managerial, professional and operating support staff exempt from the collective bargaining process, as approved by the community college system of New Hampshire board of trustees.

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4: 3 New Paragraph; Conflict of Interest. Amend RSA 188-F:4 by inserting after paragraph VII the following new paragraph:

VIII. Board members shall not be eligible to participate in a vote when the board member has recused himself or herself from participation because he or she has a pecuniary or personal interest or other conflict of interest.

AMENDED ANALYSIS

This bill adds a member to the community college system of New Hampshire board of trustees who is also an employee of the community college system of New Hampshire.

This bill also requires members of the community college system of New Hampshire board of trustees to recuse themselves from voting when there is a conflict of interest.

SB 353, relative to names on ballots. OUGHT TO PASS.

Rep. William Gannon for Election Law. This bill seeks to level the playing field so that all names on the ballot receive no undue preference due to one candidate using a change in font, capitalization, or other means to make his name stand out, making its' appearance inconsistent with that of the names around him. Vote 17-0.

SB 456-FN, relative to reporting of receipts and expenditures by candidates and candidate committees. OUGHT TO PASS.

Rep. William Gannon for Election Law. This bill amends the process for reporting of receipt and expenditures by candidates and candidate committees by authorizing an electronic system for uploading reports to the Secretary of State's website. This will simplify and expedite this administrative process. Vote 17-0.

SB 121-FN-L, relative to exceptions from the land use change tax for removal of certain materials. INEXPEDIENT TO LEGISLATE.

Rep. Christy Bartlett for Environment and Agriculture. The committee heard compelling and extensive testimony on this bill. It appears to have been introduced to address a specific situation, but could have unintended consequences. This bill was written to address an individual's request who wanted to sell material from his land now in current use, but did not want to incur a land use change tax event. It was agreed by the committee that the current use law is quite specific and that the landowner gets a large tax credit in exchange for agreeing to the current use restrictions. Both the NH Municipal Association and the NH Farm Bureau are opposed to this bill. Vote 14-0.

SB 345, relative to the definition of agritourism. OUGHT TO PASS WITH AMENDMENT.

Rep. John O'Connor for Environment and Agriculture. This bill, as amended, corrects an ambiguity in the statutory definition of agriculture that currently does not include agritourism. The term "agritourism," to be defined by the bill within the definition of agriculture in RSA 21:34-a, II(b) (5), means to attract visitors to a farm for the purpose of eating a meal, making overnight stays, enjoyment of the farm environment, education about farm operations, or active involvement in the activity of the farm, all of which are considered accessory uses to the primary farm operation. As the result of the recent Supreme Court ruling which pointed out the ambiguity within the law, a roundtable of stakeholders, including NH Municipal Association, legislators, the Department of Agriculture, Markets and Food, and the NH Farm Bureau, among others, spent months developing this legislation which is a reasonable balance between competing interests and will preserve local control. The bill will allow our farmers to contribute to both the economic viability and long-term sustainability of our New Hampshire farms. Vote 13-0.

Amendment (1286h)

Amend RSA 21:34-a, II(b)(5) as inserted by section 1 of the bill by replacing it with the following:

(5) The marketing or selling at wholesale or retail, [on-site and off-site, where permitted by local regulations,] of any products from the farm, on-site and off-site, where not prohibited by local regulations. Marketing includes agritourism, which means attracting visitors to a farm to attend events and activities that are accessory uses to the primary farm operation, including, but not limited to, eating a meal, making overnight stays, enjoyment of the farm environment, education about farm operations, or active involvement in the activity of the farm.

SB 415, requiring appropriate hydration be made available to certain animals and establishing a committee to study harmful weather conditions for dogs. INEXPEDIENT TO LEGISLATE. Rep. Peter Bixby for Environment and Agriculture. This bill would have added a requirement for hydration for domestic animals to statute, and would have created a committee to study harmful weather conditions for dogs. Current law requires that sustenance be provided, which includes hydration, making this change in law redundant. The Governor's Commission on the Humane Treatment of Animals has studied and continues to study all aspects of animal welfare and provides a manual of standards and training for local police. A study committee is unnecessary. We also heard testimony that the variability in dog breeds and acclimatization makes it impossible to develop a blanket statement concerning weather that is harmful to dogs. Vote 14-0.

SB 524, relative to state procurement card rebates. OUGHT TO PASS.

Rep. Jean Jeudy for Executive Departments and Administration. This bill removes a reference from RSA 9-D:2 that permitted a portion of state procurement card rebates be used to reduce the unfunded liability of the NH Retirement System. It also corrects a problem created by an amendment added to SB 191 last year that provided for the deposit of such rebates in the general fund. Vote 16-0.

SB 323, relative to the use of force by employees of hospitals or other health care facilities. OUGHT TO PASS.

Rep. Lucy Weber for Health, Human Services and Elderly Affairs. This bill adds hospitals and health care facilities to an existing statute which authorizes the use of force by persons with special responsibilities. It allows an authorized hospital employee to use non-deadly force when it is reasonably believed to be necessary to maintain decorum or safety, and allows deadly force only when reasonably believed to be necessary to prevent death or serious bodily injury. The bill is critically necessary because of the number of violent situations which occur in health care settings. The committee heard testimony that hospital security personnel employees must undergo rigorous hospital specific training programs. Vote 16-0. Referred to the Committee on Criminal Justice and Public Safety.

SB 417, relative to employment contract restrictions upon physicians. OUGHT TO PASS.

Rep. Joanne Ward for Health, Human Services and Elderly Affairs. This bill eliminates non-compete clauses in physician contracts to the hospital. Non-compete clauses limit competition and when a physician leaves a hospital, or practice they have to leave their patients without their doctors. With the MD shortage in the state, more physicians may be enticed to move to New Hampshire if they do not have to commit to a non-compete. Doctors can be an important person to their patients once relationships are formed and this can be devastating to a patient when the doctor is forced to move out of town. Vote 19-0. Referred to the Committee on Commerce and Consumer Affairs.

SB 420-FN, relative to aid to the permanently and totally disabled. OUGHT TO PASS.

Rep. Mary Freitas for Health, Human Services and Elderly Affairs. This bill ensures that applicants who have been denied eligibility for cash assistance as part of aid to the permanently and totally disabled be treated in the same manner as persons who were terminated. The bill also authorizes the Department of Health and Human Services to adopt rules relative to the continuation of cash assistance pending appeal of a termination or denial decision. Vote 12-0.

Referred to the Committee on Finance.

SB 427, establishing a committee to study the use of restraints when transporting a person subject to involuntary admission proceedings. OUGHT TO PASS.

Rep. John Fothergill for Health, Human Services and Elderly Affairs. This bill establishes a committee to study the use of restraints when transporting a person subject to involuntary admission proceedings. The committee heard considerable testimony regarding this matter and all agreed a study to determine best practice was warranted. Vote 15-0.

SB 193-FN-L, establishing a committee to study the duties of the attorney general and the county attorneys. **INEXPEDIENT TO LEGISLATE**.

Rep. Frank Heffron for Judiciary. The committee heard testimony that the office of the attorney general meets regularly with all county attorneys in a collegial manner to discuss their respective responsibilities in criminal cases. Accordingly, the committee concluded that it is not necessary to establish a study committee. Vote 17-0.

SB 341, establishing a committee to study guardianship in New Hampshire. OUGHT TO PASS WITH AMENDMENT.

Rep. Linda Kenison for Judiciary. Regulations differ for court appointed public versus private guardians, raising questions regarding caseloads, compensation, jurisdiction, and requirements for becoming a guardian. These and other related issues are in need of review and will be studied under this bill. Vote 16-1.

Amendment (1281h)

Amend subparagraph I(b) as inserted by section 2 of the bill by replacing it with the following:

(b) Four members of the house of representatives, one of whom shall be a member of the children and family law committee, 2 of whom shall be members of the judiciary committee, and one of whom shall be a member of the health, human services and elderly affairs committee, appointed by the speaker of the house of representatives.

Amend the bill by replacing sections 3 and 4 with the following:

- 3 Duties. The committee shall study guardianship in New Hampshire to determine:
 - I. Whether guardians should be registered and licensed by the state.
 - II. Who should have jurisdiction over guardians.
- III. The number of guardians in New Hampshire and how the work of a private guardian differs from that of a public, court appointed guardian.
 - IV. The requirements, if any, for someone to become a guardian.
- V. Whether New Hampshire should adopt, or adopt with amendment, the National Guardianship Association Standards of Practice.
- 4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the senate member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Three members of the committee shall constitute a quorum.

SB 352, naming a cove in Lake Winnipesaukee as Ritson Cove. OUGHT TO PASS.

Rep. Ted Wright for Resources, Recreation and Development. Currently unnamed, this bill would name a cove at the south end of Governor's Island in Gilford after Ted Ritson who built a camp on the site in 1938. Over the last several decades, several generations of the Ritsons have been active in local conservation efforts and other community service. In particular, Ted Ritson, who died eight years ago, was very involved in water quality protection in the area. The committee feels this is a fitting tribute and, according to testimony, neighbors are in agreement. Vote 17-2.

SB 374, requiring the department of environmental services to update coastal flooding trends. OUGHT TO PASS.

Rep. Frederick Rice for Resources, Recreation and Development. The Coastal Risks and Hazards Commission recommended that their final report be updated every five years by collecting data on coastal flooding trends. Since the Department of Environmental Services was deeply involved in preparing the report and is familiar with the information involved, it is the most appropriate agency to perform this function and is therefore given this responsibility by the bill. Data will be used to update regional plans to protect the seacoast from damage due to storm surge, sea level rise, or flooding. Vote 19-0.

SB 375, establishing the coastal marine natural resources and environment commission. OUGHT TO PASS WITH AMENDMENT.

Rep. Frederick Rice for Resources, Recreation and Development. One of the requirements of the Coastal Risks and Hazards Commission, which expires at the end of this year, is to recommend rules and regulations that will protect New Hampshire's coastal resources. In order to do this, data must be collected on a periodic basis to determine what steps must be taken. This bill forms a commission that will review the data collected and make further recommendations to the legislature and Governor on an annual basis for actions to be taken. The amendment adds sedimentation as a concern to be monitored by the commission. Vote 17-0.

Amendment (1204h)

Amend RSA 485-F:3 as inserted by section 1 of the bill by replacing it with the following: 485-F:3 Duties. The commission shall:

- I. Investigate, monitor, and propose prevention and mitigation strategies for emerging environmental threats in coastal and Great Bay waters, including but not limited to warming of waters, ocean acidification, sedimentation, and nutrient loading, which impact fish, shellfish, and the food chain thereof.
- II. Identify gaps and recommend improvements in water quality monitoring, including monitoring pH and evaluating its impact on the impaired waters designation of water bodies.
 - III. Recommend strategies for enhancing capacities for improving water quality.
 - IV. Examine the Blue Carbon credit program for sea grass promotion and oyster bed restoration.
- V. Report annually on November 1 to the chairs of the house and senate committees with jurisdiction over issues affecting coastal marine resources and the environment, the senate president, the speaker of the house, and the governor.

SB 461-FN, relative to expenditures of the Winnipesaukee River Basin control program funds. OUGHT TO PASS.

Rep. James McConnell for Resources, Recreation and Development. This bill expands the purposes for which the Winnipesaukee River Basin Program funds collected from local member communities may be expended to include authority to fund studies to improve its operations. Vote 17-0.

SB 484, relative to the role of the Winnipesaukee River advisory board. OUGHT TO PASS.

Rep. James McConnell for Resources, Recreation and Development. This bill requires the Winnipesaukee River Advisory Board, which is composed of appointees from the towns and cities whose sewage is processed by the Winnipesaukee River Basin Program, to make a recommendation to the Governor and Council on each request for a contract to plan, design or construct capital improvements under RSA 485-A:49. Vote 17-0.

SB 309, relative to sulfur limits of certain liquid fuels. OUGHT TO PASS.

Rep. Glen Aldrich for Science, Technology and Energy. This bill will lower sulfur limits of certain fuels in New Hampshire to levels already adopted by all of the other New England states. Passing this bill not only helps the environment but our constituents as well. Oil burners that use low sulfur content fuel do not need to be cleaned as often. The Oil Heat Council of NH requested and supports this legislation. Vote 16-0.

SB 321, relative to incentive payments to certain churches which are owners of small renewable energy generation facilities. **INEXPEDIENT TO LEGISLATE.**

Rep. Glen Aldrich for Science, Technology and Energy. Only four towns in New Hampshire distribute their own electricity. This bill would require the Public Utilities Commission to make a one-time incentive payment to churches in those towns that install solar panels. Electricity users in those four towns do not contribute any funds to the Renewable Energy Fund, so the committee felt the churches should not be eligible to receive benefits from it. Vote 18-0.

SB 377, relative to emission levels of municipal waste combustion units. OUGHT TO PASS.

Rep. David Murotake for Science, Technology and Energy. This bill lowers the limits on certain emission levels of municipal waste combustion units. The bill amends RSA 125-C:10-a by placing new limits of emissions for municipal waste combustors of rated capacity between 35-250 tons of solid waste per day. Pollutants limited include particulate matter, cadmium, lead, mercury, sulfur dioxide, hydrogen chloride and dioxins. This change should improve the health of people and animals living near municipal waste combustors and reduce damage to the state's environment. Vote 17-0.

SB 357, relative to driver's license examinations. OUGHT TO PASS.

Rep. Steven Smith for Transportation. This bill adds specific items to be included in driver's license examinations covering changes to New Hampshire traffic law, driver road knowledge, and safety. These items are already in the examination and are being added to the statute. In addition to protecting drivers from tickets this will qualify NH for federal safety grants. Vote 13-2.

SB 359, relative to funding electric vehicle charging stations with municipal registration permits. OUGHT TO PASS.

Rep. Thomas Walsh for Transportation. This bill simply adds electric vehicle charging stations to the list of allowed projects that can be funded using the municipal and transportation improvement fund. Electric vehicles will start becoming more popular. Vote 14-0.

SB 362, requiring notice to planning boards of placement of signs on scenic byways. OUGHT TO PASS.

Rep. Thomas Walsh for Transportation. This bill simply requires the Department of Transportation to notify local planning boards of plans to add traffic signs in the state's historic and scenic areas. Testimony given mentioned new technology and requirements for road curve signs that spurred this change. Vote 15-2.

SB 519, relative to highway signs. OUGHT TO PASS.

Rep. Gladys Johnsen for Transportation. Essential motorist service signs regarding food, fuel, and attractions are permitted within limited distances on limited access highways. This bill extends the permissible zone from the Massachusetts border to Concord, and north of Concord on I-93 and I-89. Vote 17-0.

SB 343, establishing a commission to study apportionment of gross business profits under the business profits tax. OUGHT TO PASS WITH AMENDMENT.

Rep. Brian Gallagher for Ways and Means. This proposal establishes a commission to study apportionment of gross business profits under the Business Profits Tax (BPT). Testimony highlighted the need for examination of our BPT apportionment factors as other states shift to systems that negatively impact New Hampshire based businesses engaged in cross-border commerce. The amendment increases the number of House members on the committee from 2 to 3. Vote 20-0.

Amendment (1275h)

Amend RSA 77-A:22, I(b) as inserted by section 1 of the bill by replacing it with the following:

(b) Three members of the house of representatives, appointed by the speaker of the house of representatives.

SB 344-FN, relative to tax credits applicable to client companies of employee leasing companies. OUGHT TO PASS.

Rep. Brian Gallagher for Ways and Means. This bill clarifies the application of business tax credits based on employment to client companies of employee leasing companies. This bill is a result of work done last year which allowed companies utilizing the employee leasing model to be able to use the Business Enterprise Tax (BET) credit allowed against the Business Profits Tax (BPT) liability. This proposal addresses a language issue identified by the Department of Employment Security for a credit for taxes to cover unemployment. This language also fixes an oversight relating to the application for credits in calendar or fiscal years. The Department of Revenue Administration worked with the Department of Employment Security to create a solution. All New Hampshire companies using leasing companies will be able to use the credit for BET they pay starting January 1, 2016. Vote 20-0.

SB 442-L, establishing a commission to study the taxability of lease interests in public property. OUGHT TO PASS WITH AMENDMENT.

Rep. Patrick Abrami for Ways and Means. This bill calls for a commission to study taxability of lease interests in public property. The committee agrees that this commission is required to develop suggested changes that would be uniform and fair and that could become the basis of future legislation. In section IV, the committee amended the bill to have the Senate member call the first meeting of the commission rather than the first named House member. Vote 18-2.

Amendment (1289h)

Amend RSA 72:79, II as inserted by section 1 of the bill by replacing it with the following:

- II. The members of the commission shall be as follows:
 - (a) One member of the senate, appointed by the president of the senate.
- (b) Two members of the house of representatives, appointed by the speaker of the house of representatives.
 - (c) The commissioner of the department of revenue administration, or designee.
- (d) One representative of the New Hampshire Municipal Association, appointed by the association.
- (e) One representative of the New Hampshire Association of Assessing Officials, appointed by the association.

Amend RSA 72:79, IV as inserted by section 1 of the bill by replacing it with the following:

IV. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the senate member. The first meeting of the commission shall be held within 45 days of the effective date of this section. Four members of the commission shall constitute a quorum.

SB 552-FN, relative to application of the Internal Revenue Code to provisions of the business profits tax. REFER FOR INTERIM STUDY.

Rep. Robert Nigrello for Ways and Means. The committee has heard multiple bills this session dealing with the application of the United States Internal Revenue Code of 1986 applicable to the Business Profits Tax, subject to certain adjustments. NH business tax limits for 179(a) capital deductions (\$25,000) and the gap between the recently passed increase in the Federal Internal Revenue Code (\$500,000) 179(a) deductions are important to our business community. The unanimous vote of the Ways and Means Committee was to do additional work on SB 239, one of the similar bills already in committee, and place this

bill in interim study. Both SB 552 and SB 239 and the already passed HB 668 seek to increase the NH capital deduction for business and seek to have the Department of Revenue file a report informing the House and Senate of changes to the United States Internal Revenue Code, related Treasury regulations, and administrative rulings which would impact New Hampshire. Vote 20-0.

REFERRAL DECLINED

Rep. Rowe, Chairman of the Committee on Judiciary, under the provisions of House Rule 46 (f), declined the referral of **SB 488-FN-L**, establishing an advisory council on lactation, and **SB 543-FN**, relative to private transferring of adopted children.

REGULAR CALENDAR - PART I

SB 515-FN, relative to child neglect and other changes to the child protection act. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: SPEXPEDIENT TO LEGISLATE. Rep. Frank Edelblut for the Majority of Children and Farm W.W. Under current law, the definition of a neglected child is one who is without proper parental care or control, subsistence, education as required by law, or other care or control necessary for physical, mental or emotional health, when it is established that health has suffered or is very likely to suffer serious impairment. This bill as amended creates, as a probable cause circumstance, to initiate an investigation of possible neglect because of an opioid abuse or dependence. This probable cause provides parental protections of a rebuttable presumption and participation in treatment for such dependence is a legitimate reason for rebuttal. There is no provision in this bill regarding prenatal care. Currently, this issue is being addressed by hospitals developing best practices procedures. This bill is specifically targeting the opioid crisis even though the committee recognizes there are other harmful drugs. The Division of Children, Youth and Families (DCYF) is flexible about treatment, especially where there is a scarcity of treatment; for example, there are Family Resource Centers and Licensed Alcohol and Drug Counselors in each county. There is a sunset provision in the bill of July 2020. Vote 11-3. Rep. Elizabeth Ferreira for the Minority of Children and Family Law. Although the minority recognizes the good intentions behind the bill, significant concerns were raised during the public hearing about unintended consequences if the bill were to become law. OB/GYN doctors and nurses, as well as educators and advocates working against addiction, testified that the bill would discourage pregnant women with substance use disorder from seeking prenatal treatment. For example, a pregnant woman in recovery who slipped back into drug use might not be forthcoming with her health care provider about the relapse, or might avoid prenatal checkups altogether, to avoid legal consequences. This would endanger her unborn child. Some experts questioned why the bill was limited to opioids, and why the use of other substances would not also be considered neglect. In their view, this would create an incentive to use other drugs instead. Another concern raised was that the bill would require a level of treatment not available in certain parts of our state, and that, even where treatment programs are available, some have long waiting lists, making compliance difficult. There were also concerns that this law would add a lot of cases to an already burdened division of DHHS. Moreover, it was unclear what, precisely, would define compliance with the law. Therefore, the minority believes that the proposed legislation would cause more harm than good.

Majority Amendment (1354h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the child protection act.

Amend the bill by replacing section 2 with the following:

2 New Section; Child Protection Act; Rebuttable Presumption of Harm. Amend RSA 169-C by inserting after section 12-d the following new section:

169-C:12-e Rebuttable Presumption of Harm. Evidence of a custodial parent's opioid drug abuse or opioid drug dependence, as defined in RSA 318-B:1, I or RSA 318-B:1, IX, shall create a rebuttable presumption that the child's health has suffered or is very likely to suffer serious impairment. The presumption may be rebutted by evidence of the parent's compliance with treatment for such use or dependence.

Amend the bill by replacing all after section 4 with the following:

- 5 Repeal. RSA 169-C:12-e, as inserted by section 2 of this act, is repealed.
- 6 Effective Date.
 - I. Section 5 of this act shall take effect July 1, 2020.
 - II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill provides that evidence of a custodial parent's opioid drug abuse or dependence creates a rebuttable presumption of harm under the Child Protection Act. The bill also permits the court to order periodic alcohol or drug testing and provides that the parent may be responsible for the cost of such tests.

The bill is a request of the department of health and human services.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Itse offered floor amendment (1481h).

Floor Amendment (1481h)

Amend the bill by replacing section 2 with the following:

2 New Section; Child Protection Act; Rebuttable Presumption of Harm. Amend RSA 169-C by inserting after section 12-d the following new section:

169-C:12-e Rebuttable Presumption of Harm. There shall be a rebuttable presumption that evidence of a custodial parent's opioid drug abuse or opioid drug dependence, as defined in RSA 318-B:1, I or RSA 318-B:1, IX, is evidence that a child's health has suffered or is very likely to suffer serious impairment or to issue an ex parte order. The presumption may be rebutted by evidence such as the parent's participation in treatment for such use or dependence or another responsible adult in the home acting as a caretaker.

Amend the bill by replacing all after section 4 with the following:

- 5 Repeal. RSA 169-C:12-e, as inserted by section 2 of this act, is repealed.
- 6 Effective Date.
 - I. Section 5 of this act shall take effect July 1, 2020.

Flanders Donald

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill provides that evidence of a custodial parent's opioid drug abuse or dependence creates a rebuttable presumption of harm under the child protection act. The bill also permits the court to order periodic alcohol or drug testing and provides that the parent may be responsible for the cost of such tests. Rep. Itse spoke in favor.

Rep. Berrien spoke against.

Ejolde Donnie

Floor amendment (1481h) failed.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Simmons requested a roll call; sufficiently seconded.

REFERRAL DECLINED

Rep. Tholl, Chairman of the Committee on Criminal Justice and Public Safety, under the provisions of House Rule 46 (f), declined the referral of SB 323, relative to the use of force by employees of hospitals or other health care facilities.

REGULAR CALENDAR PART I CONT'D

SB 500-FN, relative to student health insurance plans. OUGHT TO PASS.

Rep. Donald Flanders for Commerce and Consumer Affairs. The purpose of this bill is to establish a mechanism to provide formal authorization for Dartmouth College and the University of New Hampshire to continue to operate student health insurance plans on a self-funded basis. Both institutions have been operating such plans for several years. There is a need to provide for oversight of the plans by the New Hampshire Insurance Department, since they are currently not regulated with respect to financial solvency or consumer protections by any other state or federal regulator. The bill is the result of a collaborative discussion with the affected entities as to the best way to proceed on this issue. The Insurance Department has made it clear that they would like to continue to collaborate as the bill moves forward in the legislature, to ensure that its objectives are clear and that the contemplated process works smoothly. Vote 16-4. Rep. Fromuth requested a roll call; sufficiently seconded.

Laware, Thomas O'Hearne, Andrew Rollins, Skip and the committee report was adopted and referred to the Committee on Finance.

SB 503-FN-A, relative to pre-kindergarten education using "pay for success" financing. MAJORITY: INEXPEDIENT TO LEGISLATE, MINORITY: OUGHT TO PASS.

Rep. Ralph Boehm for the Majority of Education. This bill establishes a commission to extend a request for proposals to provide pre-kindergarten education services to 4 year olds in New Hampshire by creating a "pay for success" partnership between providers of pre-kindergarten education services and investors. Although the bill indicates that program costs will be paid by private investment, at some point costs will ultimately be paid by the taxpayer. The question must be asked, "At what age will we allow the state to take over the job of parenting young children because the state knows best?" Studies from the National Institute of Child Health and Human Development show that children who spend time in non-maternal care before age 5 have more behavior problems later in life. The bill supposes that pre-kindergarten programming will result in less remedial or special education services in third grade, but these results may not be proven for at least four years from now. Further, with the way that success is measured or set up by the commission or third party evaluator, results data supporting an investment return to investors could be manipulated. Success of this program relies on private investments which could lead to lawsuits against the state should the investment return associated with the measures of student growth be questioned showing little or no student improvement. There are many variables in education associated with student growth. To say growth is a result of one variable such as pre-kindergarten programming would be difficult to prove. This bill has too many unanswered issues. Vote 16-4.

Rep. Mary Heath for the Minority of Education. The minority finds this bill establishes a commission to extend invitations to establish pilot pre-kindergarten education services in New Hampshire to improve educational outcomes for its youngest children utilizing a "pay for success" model to finance the pilot program. This tool allows for philanthropic funders and impact investors to provide the initial capital to implement the programs. This bill aims to improve third grade reading proficiency and to reduce the need for special education remediation. To accomplish these goals this bill provides for an impact study project to expand proven, quality pre-kindergarten services without risking local or state dollars to determine if the proposed program will result in the promised goal attainment. Through pay for success, the commission will establish contracts between: (1) One or more providers of pre-k services, who will provide pre-k services to expand cohorts of 4-year olds in NH; (2) Third party investors will provide the upfront capital to expand and deliver those services. These investors may include investors seeking a return of both principal and interest, philanthropic investors seeking only a full or partial return of the principal and/or grantors and federal agencies that do not seek a financial return; and (3) The state would agree to repay investors only if the evaluator determines the services did improve the third grade reading and special education outcomes. This bill will help providers to identify quality pre-k programs using rigorous longitudinal data regarding student outcomes so that proven quality practices can be shared and implemented in NH by those providers wishing to offer such programs. Majority committee report adopted.

SB 210-FN, relative to regulation of septic system evaluators. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: REFER FOR INTERIM STUDY.

Rep. Jacalyn Cilley for the Majority of Executive Departments and Administration. This bill establishes a Board of Septic System Evaluators for the licensure and regulation of persons engaged in the practice of septic system evaluations. The bill is proposed as a consumer protection measure. The committee heard testimony that 50% of NH homes are on individual septic systems, the second highest in the country. Yet, there are currently no state standards or guidelines for those engaged in the practice of septic system evaluation. This shortcoming in the practice can potentially lead to a cost exceeding \$10,000 for the unnecessary replacement of a septic field. The licensure and regulation proposed by this bill will help to ensure a more uniform set of standards by which septic evaluators provide their service. The legislation itself was proposed by the septic system trades. The amendment to the bill made several technical corrections and revised penalties to be in line with other statutes on certain criminal practices. The amendment also ensured liberal, yet functional, grandfathering provisions for those currently providing septic evaluations. This will permit practicing and qualified practitioners to continue to do their work without undue hardship. Vote 13-5.

Rep. J.R. Hoell for the Minority of Executive Departments and Administration. The bill seeks to create a new license for those that evaluate or inspect septic systems. These inspections are typically done when there are issues with the system or when there is a real estate transaction and the potential buyer wants to know if the septic system is in good working order. The draft of this bill was based on the home inspectors license and there were numerous issues found with that "boiler plate" language that was used as the basis for this potential law. After multiple subcommittee hearings and several executive sessions a significant rewrite of the bill took place. The issues with the proposed licensure system are as follows: current DES rules, Chapter Env-Wq 1000 Subdivision and Individual Sewerage Disposal System Design Rules, Env-Wq 1003.22, already require that an inspector get written confirmation from the town health inspector or building inspector when the inspector is stating the septic system is in "failure." With a state license the consumer may be lulled into a false sense of security. For example, it has been reported by government studies and as well the AMA that in one of the most regulated fields, that of medicine, that between 210,000 and 440,000 injuries including death occur in the US annually and this is a completely licensed set of professions. Furthermore, the training may indicate a level of classroom and field training, but with this license, there is no indication of efficiency, reliability, or honesty, nor is there any level of guaranteed competence. The consumers will still need to count on free market solutions to know the quality of the inspector that they are hiring. Lastly, the license system creates larger but not better government. Although the joint board overseeing this new license will be self-funding under this statute, there is no liability to the state if the individual licensed by the state fails to do a good job and therefore the consumer is paying for something that they are not getting. The minority recommends this bill be held for interim study to make sure the bill is ready to be turned into a statute.

Majority Amendment (1273h)

Amend RSA 310-A:203, III as inserted by section 2 of the bill by replacing it with the following: III. "Code of ethics" means the code of ethics described in RSA 310-A:205 that is followed by septic system evaluators who are licensed as septic system evaluators by the board.

Amend RSA 310-A:205, V as inserted by section 2 of the bill by deleting subparagraph (f).

Amend RSA 310-A:206, I(e) as inserted by section 2 of the bill by replacing it with the following:

- (e) An employee of the department of environmental services, appointed by the commissioner of the department of environmental services.
- Amend RSA 310-A:206, V as inserted by section 2 of the bill by replacing it with the following:
- V. Members shall be appointed for 5-year terms. Appointments for terms of less than 5 years may be made in order to stagger the appointments. No member shall be eligible to serve more than 2 full consecutive terms, provided that for this purpose only a period actually served which exceeds 1/2 of the 5-year term shall be deemed a full term. Upon expiration of a member's term, the member shall serve until a successor is qualified and appointed. Vacancies occurring prior to the expiration of a specific term shall be filled by appointment for the unexpired term. Appointees to the unexpired portion of a full term shall become members of the board on the day following such appointment. A board member may be removed for cause by the governor and council under RSA 4:1.

Amend RSA 310-A:206, VIII and IX as inserted by section 2 of the bill by replacing them with the following:

- VIII.(a) The board shall keep a record of its proceedings and a register of all applications for licensure, which shall show:
 - (1) The name, age, and residence of each applicant.
 - (2) The date of application.
 - (3) The place of business of such applicant.
 - (4) The applicant's educational and other qualifications.
 - (5) Proof of passing the septic system evaluator exam.
 - (6) Whether the applicant was rejected and the reasons for such rejection.
 - (7) Whether a license was granted.
 - (8) The date of the action of the board.
 - (9) Such other information as may be deemed necessary by the board.
- (b) The records of the board shall be prima facie evidence of the proceedings of the board, and a transcript of such records certified by the secretary of the board under seal shall be admissible in evidence with the same force and effect as if the original were produced. Biennially, as of December 31, the board shall submit to the executive director of the office of professional licensing and certification a report of the transactions of the preceding biennium, and a complete statement of the receipts and expenditures of the board.
- IX. The secretary of the board shall maintain and regularly update a roster listing the names and addresses of all septic system evaluators certified under this subdivision by the board on the board's website. The board may include in such roster any other information it deems appropriate. Amend RSA 310-A:210 as inserted by section 2 of the bill by replacing it with the following:
 - 310-A:210 Eligibility Requirements for Licensure as a Septic System Evaluator.
- I. Each applicant for licensure as a septic system evaluator shall meet the following minimum requirements:
 - (a) Completion of classroom and field training at a board-approved evaluator course.
 - (b) Proof of passing the board-adopted examination required for licensure.
 - (c) Be at least 18 years of age.
- II. A person who currently holds a Granite State Septic System Certified Evaluator designation or other recognized designation determined to be acceptable by the board shall be eligible for licensure by the board without completion of the requirements of subparagraph I(a) or I(b). An applicant under this paragraph shall be issued a license by providing evidence satisfactory to the board of such designation.
- III. A person who was actively engaged in the business of septic system evaluation in this state as a means of his or her livelihood for at least 5 years and who provides the board with a sworn affidavit that he or she has performed a minimum of 25 septic evaluations preceding the effective date of this subdivision shall be eligible for licensure by the board without completion of the requirements of subparagraph I(a) or I(b). An application for licensure under this paragraph

shall be made within one year following the effective date of this subdivision. The applicant shall be issued a license by providing evidence satisfactory to the board of the knowledge and experience equivalent to the requirements of subparagraphs I(a) and I(b).

- IV. A person who currently holds a New Hampshire septic designer permit and who provides the board with a sworn affidavit that he or she has performed a minimum of 25 septic evaluations preceding the effective date of this subdivision shall be issued a license by the board without completion of the requirements of subparagraph I(a) or I(b) upon request of the applicant. An application for licensure under this paragraph shall be made within one year following the effective date of this subdivision.
- V. All applicants shall meet the requirements of subparagraphs I(c) and (d), pay an initial fee, and fulfill all other license application requirements.
- VI. The board shall approve all education programs under subparagraph I(a) of organizations or education institutions providing acceptable education and training.
- VII. The board shall have the discretion to reject an applicant who is not of good professional character, as evidenced by:
 - (a) Misstatement of facts by the applicant in connection with the application;
- (b) Violation of any of the standards of practice or code of ethics as they are set forth in this subdivision or in rules adopted by the board; or
- (c) Practicing septic system evaluations without being licensed in violation of laws of the jurisdiction in which the practice took place.

Amend RSA 310-A:215, II as inserted by section 2 of the bill by replacing it with the following:

II. All licenses issued by the board shall expire on the last day of the license holder's month of birth in the second year following the year of issuance, or upon such other biennial date as the board may adopt. If the renewal fee is not submitted within 12 months after the expiration date, the license holder's name shall be removed from current status, and application for reinstatement shall be required to return to current status provided that the license holder provides satisfactory proof that all required continuing education requirements have been met. The board shall charge a 20 percent late fee for each month or fraction of a month the renewal is late, up to 12 months, in addition to the renewal fee. Any renewal application received 12 months after the expiration date shall be rejected, unless accompanied by proof of successful completion of the examination required by the board. If a license holder fails to renew such license within the 12 months after the date of expiration, it shall become null and void and the license holder shall be required to reapply and to be re-examined for licensure.

Amend RSA 310-A:216 as inserted by section 2 of the bill by replacing it with the following:

310-A:216 Disciplinary Action.

- I. The board may undertake disciplinary proceedings upon written complaint of any person which charges that a person certified by the board has committed misconduct under paragraph II and which specifies the grounds therefor.
 - II. Misconduct sufficient to support disciplinary proceedings under this section shall include:
- (a) The practice of fraud or deceit in procuring or attempting to procure a license to practice under this subdivision.
- (b) Any unprofessional conduct, or dishonorable conduct unworthy of, and affecting the practice of, the profession.
- (c) Unfitness or incompetence by reason of negligence or other causes; or negligent or willful acts performed in a manner inconsistent with the interests of persons relying on the expertise of the license holder.
 - (d) Mental or physical incompetence to practice under this subdivision.
 - (e) Willful or repeated violation of the provisions of this subdivision.
- (f) Suspension or revocation of a license, similar to one issued under this subdivision, in another jurisdiction and not reinstated.
- (g) Violations of the code of ethics for septic system evaluators, or any other rule adopted by the board.
 - (h) Providing false testimony before the board.
- (i) Failure to provide, within 30 calendar days of receipt of notice by certified mail, return receipt requested, information requested by the board as a result of any formal complaint to the board alleging a violation of this subdivision.
- (j) Knowingly making or signing any false statement, license, or affidavit in connection with the practice of septic system evaluations.

Amend RSA 310-A:217, II as inserted by section 2 of the bill by replacing it with the following:

- II.(a) The board shall have the power to administer oaths or affirmations and preserve testimony.
- (b) The board may subpoena witnesses, and compel, by subpoena duces tecum, the production of all books, records, files and documents, whether originals, copies, or in electronic or other form, and other materials, relevant to its investigation of any grievance, complaint, or disciplinary proceeding before the board with the approval of the office of the attorney general.
- (c) A minimum of 10 business days' notice shall be given for compliance with a subpoena under this subdivision.

Amend RSA 310-A:219 - RSA 310-A:221 as inserted by section 2 of the bill by replacing them with the following:

310-A:219 Violations; Penalty.

- I. It shall be a class B misdemeanor, for the first offense, and a Class A misdemeanor for the second and any subsequent offense, for any natural person to:
 - (a) Present or attempt to use the license of another as one's own;
- (b) Give any false or forged evidence of any kind to the board or to any board member in obtaining a license;
 - (c) Attempt to use a revoked license;
- (d) Beginning January 1, 2017, practice septic system evaluations or to offer, advertise, or hold oneself out to the public as being in the practice of septic system evaluation in this state without a license; or
 - (e) Violate any of the provisions of this subdivision.
 - II. It shall be a violation for any natural person to attempt to use an expired license.
- 310-A:220 Restraint of Violations. The superior court shall have jurisdiction in equity to restrain violations of RSA 310-A:219 on proceedings brought by the attorney general, or the board.
- 310-A:221 Exemptions. Nothing in this subdivision shall be construed to prevent or affect the following persons from evaluating septic systems:
- I. A person who is employed by a governmental entity if the inspection is within official duties and responsibilities.
- II. A septic system designer holding a current valid permit issued under RSA 485-A:35. Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Reps. Hoell and Beaudoin spoke against and yielded to questions.

Rep. Cilley spoke in favor.

Rep. William O'Brien requested a roll call; sufficiently seconded.

Laware, Thomas Rollins, Skip Smith, Steven and the majority committee report was adopted and referred to the Committee on Finance.

SB 533-FN-A-L, relative to the governor's commission on alcohol and drug abuse prevention, treatment, and recovery and making supplemental appropriations to the commission, the department of justice, and the department of health and human services. OUGHT TO PASS WITH AMENDMENT.

Rep. Lucy Weber for Health, Human Services and Elderly Affairs. As amended, the bill changes the appointment process for members of the commission and removes the requirement that appointees be approved by the Governor and Council. It adds additional reporting requirements to the governor's commission, including biannual reports on financial expenditures for substance abuse related work, and presentations once each legislative session to the Finance Committees of the House and Senate, the Health and Human Services Committees of both bodies, and the Joint Fiscal Committee. The bill appropriates the additional sums of \$3,000,000 to the governor's commission for contracts for program services, \$2,000,000 for funding supportive housing projects for persons with substance abuse disorders in fiscal year ending June 30, 2017. The bill appropriates \$20,830 for fiscal year ending June 30, 2016 and \$104,492 for the fiscal year ending June 30 2017 to the department of justice for an additional assistant attorney general to prosecute drug cases. All sums appropriated will come from excess appropriations. Vote 18-0.

Amendment (1356h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the governor's commission on alcohol and drug abuse prevention, treatment, and recovery and making supplemental appropriations to the commission, the department of justice, and the New Hampshire housing finance authority.

Amend the bill by replacing section 10 with the following:

10 Supplemental Appropriation for Governor's Commission on Alcohol and Drug Abuse Prevention, Treatment, and Recovery; Supplemental Appropriation for Supportive Housing Projects for Persons with Substance Abuse Disorders.

I. In addition to any other sums appropriated for fiscal year 2017, \$3,000,000 for the fiscal year ending June 30, 2017 is hereby appropriated to the governor's commission on alcohol and drug abuse prevention, treatment and recovery for the purpose of contracts for program services, within the department of health and human services. Additionally, \$2,000,000 for the fiscal year ending June 30, 2017 is hereby appropriated to the New Hampshire housing finance authority for the purposes set forth in RSA 204-C:56 through RSA 204-C:62, relative to the affordable housing fund, provided the appropriated funds are used for the purpose of funding supportive housing projects for persons with substance abuse disorders. The New Hampshire housing finance authority shall prepare a report on the status of projects funded, in whole or in part, by this appropriation to be delivered to the house health and human services and elderly affairs committee by December 31, 2017 and annually thereafter until the appropriated funds have been fully allocated.

II. For the purposes of funding the appropriation made in paragraph I, the governor shall identify excess appropriations from sums appropriated pursuant to 2015, 275 and 276, and shall transfer said sums to the appropriate class lines. Any transfers made pursuant to this section shall not require the prior approval of the fiscal committee of the general court and the governor and council and shall not be subject to the provisions of RSA 9:16-a, 9:17-a, and RSA 9:17-c.

Amend the bill by replacing all after section 11 with the following:

12 Health and Human Services; Prevention Services Appropriations. Amend 2015, 275:1, accounting unit 05-95-49-491510-2988 by inserting a class note immediately following such accounting unit as follows:

CLASS NOTE

102 F. This appropriation shall not lapse until June 30, 2017.

13 Health and Human Services; Clinical Services Appropriations. Amend 2015, 275:1, accounting unit 05-95-49-491510-2990 by inserting a class note immediately following such accounting unit as follows:

CLASS NOTE

102 F. This appropriation shall not lapse until June 30, 2017.

14 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill makes changes in the membership, organization, duties, meetings, and reports of the governor's commission on alcohol and drug abuse prevention, treatment, and recovery, and establishes that the commission serves in an advisory capacity to both the governor and the general court.

The bill also makes supplemental appropriations to the commission, the department of justice, and the New Hampshire housing finance authority.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Rep. Dan McGuire spoke against.

The Speaker ruled the debate by Rep. Dan McGuire out of order.

Rep. Weber spoke in favor.

Rep. Hoell requested a roll call; sufficiently seconded.

and the committee report was adopted and referred to the Committee on Finance.

SB 409-FN, relative to the first responder's critical injury benefit. OUGHT TO PASS WITH AMENDMENT.

Rep. William Infantine for Labor, Industrial and Rehabilitative Services. This bill amends a prior law enacted in 2014 (SB 204, Chapter 242) that created a temporary workers' compensation-type benefit program for first responders injured in the line of duty. The law was temporary to give the legislature time to review this benefit for all workers and not just first responders. The bill that came from the Senate made this temporary benefit permanent even though a thorough study making this benefit for all workers was not completed. The committee amended the bill to continue the benefit for one additional year through June of 2017 and established a study committee made up of three House members and one Senator. Vote 15-1.

Amendment (1330h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the first responder's critical injury benefit and establishing a committee to study soft tissue injuries under workers' compensation.

Amend the bill by replacing all after the enacting clause with the following:

- 1 First Responder's Critical Injury Benefit. Amend RSA 281-A:32-a, II to read as follows:
- II. Payments awarded under this section shall be subject to all other provisions of RSA 281-A. Total compensation payments for all additional compensation claims paid under this section shall not exceed \$125,000 per claimant. No payments shall be made after July 1, [2016] 2017. Benefits paid under this section for all claimants shall not exceed \$500,000.
 - 2 Prospective Repeal Extended. Amend 2014, 242:4, I to read as follows:
 - I. Paragraph I of section 2 of this act shall take effect June 30, [2016] 2017.

- 3 Committee to Study Soft Tissue Injuries for Purposes of Workers' Compensation Established.
- I. There is established a committee to study soft tissue injuries for purposes of workers' compensation.
 - (a) The members of the committee shall be as follows:
 - (1) One member of the senate, appointed by the president of the senate.
- (2) Three members of the house of representatives, appointed by the speaker of the house of representatives.
- (b) Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.
 - II. The committee shall study soft tissue injuries for purposes of workers' compensation.
- III. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the senate member. The first meeting of the committee shall be held within 45 days of the effective date of this section.
- IV. The committee shall report its findings and any recommendations for proposed legislation to the president of the senate, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library on or before November 1, 2016.
 - 4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill extends the prospective repeal of the first responder's critical injury benefit. This bill also establishes a committee to study soft tissue injuries for purposes of workers' compensation. Committee amendment adopted.

Committee report adopted and referred to the Committee on Finance.

SB 480-FN-A, relative to the state house visitor's center revolving fund. OUGHT TO PASS WITH AMENDMENT.

Rep. Lucy Weber for Legislative Administration. Currently, all funds from the special markups on the sale of commemorative bottles are deposited in the Historical Fund for the sole purpose of restoring the Civil War battle flags. Because some important preservation measures such as work on the display cases or preventing ultraviolet light from the windows are not done to the flags themselves, the bill, as amended, broadens the permitted use of markup revenue to allow for the preservation of the Hall of Flags and the battle flags on display there. Secondly, the bill abolishes three special accounts; the Bicentennial Diorama Account, the Historic Flag Restoration Account, and the Flag Restoration and Care Account and consolidates the sums contained in those accounts, along with the remaining sum in the already repealed Civil War Memorials Fund, in the Historical Fund. Finally, the bill as amended provides that sums over \$50,000 in the State House Visitor's Center Revolving Fund on June 30th of any fiscal year shall be deposited in the Historical Fund, instead of the General Fund. Vote 8-0.

Amendment (1350h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the historical fund.

Amend the bill by replacing all after the enacting clause with the following:

1 State House Visitor's Center Revolving Fund. Amend RSA 17-E:7 to read as follows:

17-E:7 State House Visitor's Center Revolving Fund. There is hereby established in the office of the state treasurer a nonlapsing fund to be known as the state house visitor's center revolving fund which shall be kept separate and distinct from all other funds. The state house visitor's center revolving fund shall be within the oversight of the joint legislative facilities committee established in RSA 17-E:1. Moneys received from the sale of merchandise at the state house visitor's center, including online sales, shall be deposited in such fund and used to purchase merchandise for the visitor's center. The amount in the fund shall not exceed \$50,000 on June 30 of any fiscal year and any moneys in excess of said amount shall be deposited in the [general fund as unrestricted revenue] historical fund, established in RSA 177:8.

2 Historical Fund; Preservation of the State House Hall of Flags. Amend RSA 177:8, II to read as follows:

II. All revenue from these special markups shall be reported separately by the commission and, after the cost of the pamphlets is subtracted, shall be credited to the legislative appropriation and kept as a special nonlapsing fund to be known as the historical fund. The historical fund shall be within the

oversight of the joint legislative historical committee established in RSA 17-I:1. No part of the fund shall be transferred or expended for any purpose except by the joint legislative historical committee in carrying out its responsibilities under RSA 17-I. The joint legislative historical committee shall use the revenue from the special markups exclusively for the preservation of [Civil War battle flags displayed at the state house] the state house hall of flags and the battle flags displayed in the hall of flags.

- 3 Department of Administrative Services; Certain Special Legislative Accounts Abolished. The commissioner of administrative services shall abolish the following special accounts and transfer any balance remaining in the accounts as of June 30, 2016 to the historical fund, established in RSA 177:8:
 - I. The four bicentennial dioramas account (account organization code 1471).
 - II. The historic flag restoration account (account organization code 1479).
 - III. The flag restoration and care account (account organization code 1485).
- 4 Civil War Memorials Fund. On June 30, 2016, any balance remaining in the civil war memorials fund (account organization code 8875), established in RSA 21-K:22 and repealed December 31, 2010, by 2010, 368:1(38), shall be transferred to the historical fund, established in RSA 177:8.
 - 5 Effective Date. This act shall take effect June 30, 2016.

AMENDED ANALYSIS

This bill:

- I. Provides that funds over \$50,000 in the state house visitor's center revolving fund shall be deposited in the historical fund.
- II. Directs the joint legislative historical committee to use the funds from special markups on commemorative bottles for the preservation of the state house hall of flags and the battle flags displayed in the hall of flags.
- III. Directs the commissioner of administrative services to abolish the bicentennial dioramas account, the historic flag restoration account, and the flag restoration and care account.
- IV. Transfers any funds remaining in these accounts and in the civil war memorials fund on June 30, 2016 to the historical fund.

Committee amendment adopted.

Committee report adopted and referred to the Committee on Finance.

SB 368-FN-A, making a capital appropriation for department of environmental services monitoring equipment. OUGHT TO PASS.

Rep. Martin Jack for Public Works and Highways. This bill repurposes \$260,000 of the \$600,000 appropriated in HB 25 to purchase land for the Hampton Circuit Court. The funds are available since the land will cost substantially less than appropriated. Under the auspices of the department of environmental services, the bill proposes to use the funds to fill gaps in the state's ability to generate and analyze scientific data in the Great Bay and Hampton Harbor in order to better understand water quality trends and support local and state decision-making. There is a detailed plan for how the funds will be spent, including additional areas of the Great Bay; a pH sensor, and new surface sensors for existing stations, and other items. The location is one of 28 nationally significant sites in the federal estuaries program. Monitoring is done by a formally organized partnership involving UNH and about 200 other stakeholders. Among other issues, it is important to keep the clam and oyster habitats and the eelgrass population vibrant to preserve the estuaries. Because the estuaries are economically significant and can be fragile, and new EPA rules have recently taken effect, it is advisable to take this action outside the normal capital budget cycle. Because the bill repurposes an existing appropriation, there is no impact on total bonded indebtedness. Vote 8-7. Rep. Porter requested a roll call; sufficiently seconded.

and the committee report was adopted and referred to the Committee on Finance.

SB 521-FN, relative to an OHRV registration fee for persons who are members of an OHRV club. OUGHT TO PASS WITH AMENDMENT.

Rep. John Mullen for Resources, Recreation and Development. This bill was brought forth from a study committee to provide needed revenue to help maintain OHRV trails in NH. Currently snowmobilers, both club members and non-members, pay at registration a trail maintenance fee of \$30 which is payable to the Department of Resources and Economic Development, Bureau of Trails for the bureau's grant-in-aid program which provides for trail improvement and maintenance. Having good trails is an economic benefit to all of New Hampshire. This bill parallels the snowmobile statute and applies it to OHRV trail users who up until now have had little support for trail maintenance, repair, and construction. The new \$30 user fee attached to the registration fee is the same as is currently applied to snowmobile registrations. These OHRV funds will be administered the same way as with snowmobiles and the Bureau of Trails. Additionally, the bill instructs the Department of Fish and Game, Bureau of Trails, and the NH Off Highway Vehicle Association to study registration alternatives for OHRV users who do not use organized trail systems. Vote 17-2.

Amendment (1333h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to an OHRV registration fee for persons who are members of an OHRV club, and requiring a report on registration alternatives for OHRV users who do not use organized trail systems.

Amend the bill by replacing all after section 3 with the following:

- 4 Fish and Game Department; Report on Registration Alternatives. The executive director of the fish and game department shall work in conjunction with the New Hampshire Off Highway Vehicle Association to study registration alternatives for OHRV users who do not use organized trail systems. The executive director shall report any findings or recommendations resulting from the study to the president of the senate and the speaker of the house of representatives on or before December 1, 2017.
 - 5 Effective Date.
 - I. Section 4 of this act shall take effect upon its passage.
 - II. The remainder of this act shall take effect May 1, 2018.

AMENDED ANALYSIS

This bill establishes an OHRV registration fee for persons who are members of an OHRV club which is reduced \$30 from the increased fee paid by other registrants. The bill also requires the executive director of the fish and game department to report on registration alternatives for OHRV users who do not use organized trail systems.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Sylvia requested a roll call; sufficiently seconded.

and the committee report was adopted and referred to the Committee on Ways and Means.

SB 492-FN, relative to expenditures from the energy efficiency fund. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Herbert Richardson for the Majority of Science, Technology and Energy. This bill creates close to \$40 million in new energy savings each year. The bill directs the business allocation from the Energy Efficiency Fund to go to rebates for business, thereby driving down electrical costs for our businesses, especially those large energy users. It directs the residential allocation from the Energy Efficiency Fund to support high demand, cost effective energy efficiency programs, all of which are privately managed, award winning statewide programs run by the utilities and overseen by the NH Public Utilities Commission within the so-called CORE docket. Unlike previous proposals, this bill increases money going to low-income weatherization from the current 15% to 35%. This will service over 400 additional low-income renters and homeowners across the state and will cut their household energy bills by up to 30%, allowing them to afford other basic necessities, avoid springtime evictions and foreclosures, and reduce reliance on local welfare. Importantly, the low-income energy efficiency waitlist of over 10,000 households across our state will finally begin to be chipped away at. Hundreds more middle income residential customers falling above the qualification for the low-income program will also receive energy efficiency assistance. Moreover, aging school district and municipal buildings across our state will receive needed upgrades to significantly reduce their energy bills, which directly reduces operating expenses and thereby property tax liability. Finally, our manufacturing sector on the LG electric rate (greater than 1,000-kilowatt demand) will receive an average reduction of \$200 per month. The minority argues we should socialize the residential allocation and give an average of between \$1.30 and \$1.70 per month to every residential customer from the Energy Efficiency Fund, rather than supporting high quality energy efficiency for hundreds of residential households, municipalities, and school districts across the state that are clearly struggling to get their energy bills under control. The majority believes it is a much better return on investment to support hundreds of jobs, provide property tax relief, create about \$40 million in new energy savings each year, and drastically reduce energy and grid demands that drive down prices for all ratepayers. This bill is supported by a wide array of stakeholders, including the Business and Industry Association, the Office of Consumer Advocate (which represents residential ratepayers), NH Legal Assistance which represents low-income residential ratepayers, the NH Municipal Association, and Community Action Programs which provide services to low-income clients across our state. Vote 12-5.

Rep. Michael Vose for the Minority of Science, Technology and Energy. This bill provides language that duplicates an amendment that the Senate applied to HB 208 last year. It eliminates the ratepayer rebate of \$10 million of Regional Greenhouse Gas Initiative (RGGI) auction proceeds. Instead, it spends those funds to expand energy efficiency projects for low-income residents and local government buildings. This income redistribution will cost the average NH ratepayer \$1.70 per month or \$20 per year. It discourages civic responsibility by allowing towns and school districts

to postpone energy efficiency projects while waiting and hoping for a state grant. It redistributes ratepayer monies to a narrow group of favored recipients. It requires seniors struggling to pay for food and medicine to pay higher electricity costs to support energy efficiency projects for others. The bill rebates funds to commercial/industrial customers at the expense of residential customers. Two local government representatives who testified said that energy efficiency projects in their towns did not lower the local tax rate.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Vose spoke against and yielded to questions.

Rep. Mann spoke in favor and yielded to questions.

MOTION TO LAY ON THE TABLE

Rep. Carol McGuire moved that SB 492-FN, relative to expenditures from the energy efficiency fund, be laid on the table.

Rep. Baber requested a roll call; sufficiently seconded.

Rep. Murotake declared a conflict of interest and did not participate.

REFERRAL DECLINED

Rep. Kurk, Chairman of the Committee on Finance, under the provisions of House Rule 46 (f), declined the referral of **SB 210-FN**, relative to regulation of septic system evaluators. The Speaker referred **SB 210-FN** to the Committee on Ways and Means.

REGULAR CALENDAR PART I CONT'D

SB 510-FN, relative to parking at state park parking meters. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Thomas Walsh for the Majority of Transportation. This bill adds a set of restrictions from existing law regarding free parking by state park motor vehicle plate holders. The intent is to end the practice of these plate holders occupying prime parking during peak and weekend times with no limitations or fees, thus allowing more parking for all. A new paragraph does allow the commissioner to assess an increased rate during peak times, however the Fiscal Committee of the General Court can deny such a plan. Vote 14-3.

Rep. Chris True for the Minority of Transportation. The minority feels giving authority to the Commissioner of the Department of Resources and Economic Development to raise rates on weekends and holidays, with approval of the Fiscal Committee, unfairly hits the working man in the wallet. Many working people can only go to the beach on weekends and holidays, and those days may be subject to higher parking fees.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Steven Smith spoke in favor.
Rep. True spoke against and requested a roll call; sufficiently seconded.

and the majority committee report was adopted and referred to the Committee on Ways and Means.

SB 444-FN, relative to lottery retailer incentive awards. OUGHT TO PASS.

Rep. Bill Ohm for Ways and Means. The advent of large lottery jackpots has caused neighboring states to increase their seller incentives to promote sales. Awards of \$75,000 to \$100,000 for selling a winning ticket are now commonplace. New Hampshire currently caps the incentive at \$30,000. This bill would increase the cap to \$75,000 for an event likely to occur no more than once every year or two. Vote 20-0.

Committee report adopted and referred to the Committee on Finance.

Leeman, Don

SENATE MESSAGES REQUESTS CONCURRENCE WITH AMENDMENTS

HB 1616-FN, relative to drivers' licenses and identification cards that are compliant with federal identification law. (Amendment printed SJ 4/14/16)

Rep. Steven Smith moved that the House concur and spoke in favor. Motion adopted.

REGULAR CALENDAR - PART II

SB 509-FN, relative to voter registration forms and relative to voter identity verification. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. James Gray for the Majority of Election Law. This bill incorporates changes to the Voter Registration form including the removal of existing wording requiring compliance with motor vehicle laws. The second section of this bill, as amended, changes the procedure for investigating voters who did not confirm their status after being sent a letter of identity verification. Vote 10-7.

Rep. Wayne Moynihan for the Minority of Election Law. As justification for this change to the law it was reported that, over the course of several elections, a "large" number of voter identification letters have accumulated in the office of the NH Secretary of State. Under the current law, it is the duty of the Attorney General's (AG's) Office to investigate these returned letters, and determine whether any voter fraud has occurred. The AG's Office states that it does not have the available staff or budget to enable the process of investigation to be completed. This bill proposes to expand the power of investigation from the AG's Office to the Secretary of State and to town clerks and checklist supervisors. It would become the duty of the town clerks and checklist supervisors to undertake the time and effort to scrutinize the letters and investigate the circumstances, and then compile a "list" of "not...legal voters." The bill's fiscal note states that it would require additional staff time at the local level and could result in increased local expenditures. Even with this downshifting of investigation expenses to the local towns and cities, the Department of Justice further anticipates that some "temporary full-time" investigators and paralegals would be needed to implement the bill, at a cost to the department of at least \$167,000.00 per year. Over the years, the department's regular reports with respect the investigation of verifying letter has rarely if ever exposed any voter fraud. This bill downshifts unnecessary and burdensome state expenses onto cities and towns. It is opposed by the New Hampshire City and Town Clerks' Association. It creates expenses and personnel requirement upon the Department of Justice with no appropriations therefore, and no explanation as to the source of funding for the cities and towns.

Majority Amendment (1317h)

Amend the bill by replacing section 2 with the following:

2 Letters of Identity Verification. RSA 659:13, IV(b) is repealed and reenacted to read as follows:

(b) The secretary of state shall prepare a list of voters from any letters mailed pursuant to subparagraph (a) that are returned as undeliverable by the United States Post Office and of voters who were mailed letters under subparagraph (a) and have not responded to the secretary of state. The secretary of state shall revise the list based on input solicited from city and town clerks and supervisors of the checklist. The secretary of state shall forward the revised list of names to the attorney general for investigation.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Ohm offered floor amendment (1478h).

Floor Amendment (1478h)

Amend the bill by replacing section 2 with the following:

2 Letters of Identity Verification. RSA 659:13, IV(b) is repealed and reenacted to read as follows:

(b) The secretary of state shall prepare a list of voters from any letters mailed pursuant to subparagraph (a) that are returned as undeliverable by the United States Post Office and of voters who were mailed letters under subparagraph (a) and have not responded to the secretary of state. The secretary of state shall revise the list based on input solicited from the supervisors of the checklist. The secretary of state shall forward the revised list of names to the attorney general who shall cause an investigation to be made to determine whether fraudulent voting occurred.

Rep. Ohm spoke in favor.

Rep. Moynihan spoke against.

Rep. Shurtleff requested a roll call; sufficiently seconded.

REMARKS PRINTED

Without objection, the Speaker ordered the question by Rep. Marjorie Smith and the answer by the Speaker, be printed in the Permanent Journal.

REMARKS

Representative Marjorie Smith: Thank you, Mister Speaker. I do have a question for you and I offer this only knowing that I hold you in the highest regard. Whether this is an unfunded mandate or not since if there is a directive for the local officials to do something, they are going to have to do it. Since there are very clear costs that are mentioned in our official calendar, I wonder if you would send this bill to the Finance committee since we don't have enough work to do as it is. Speaker Jasper: Thank you and if you will give me one minute. While I just looked at the fiscal note and we have done that. I will say first of all that the bill does not mandate anything. It requests the cooperation and as we all know when we request someone to cooperate, that does not mean they will cooperate so this is a request. We are doing the exact same thing on the state level that we are doing. This is actually something that came about because there was verification by the city of Dover and they very quickly cleaned this up and cleared up many of the cases. We had 2,400 two years ago and the attorney general's office essentially threw up his arms and said I don't have the staff for this and that was a concern. So this is a way of clearing that up. The fiscal impact statement makes it clear that there will be no fiscal impact on state, county and local revenues or county expenditures. Because it's not a mandate on the towns and the cities, there is no fiscal impact on them unless they choose to cooperate, which they are not mandated to do, therefore there is nothing for the Finance committee to look at.

Representative Marjorie Smith: Thank you. Could I ask? I noticed that you said there would be no county expenditures. You did not say anything about local expenditures.

Speaker Jasper: That was the last part of my question. I said because this is not a mandate, if they choose to spend some time, and that's all it would be. If they choose to spend some time, that's up to them. So there is no impact.

Representative Marjorie Smith: So on the one hand, the legislature thinks this is very important and we should have the opportunity to resolve this problem by involving local officials, but on the other hand we don't care if they do it or not?

Speaker Jasper: Well, how long have you been around here?

Representative Marjorie Smith: Long enough to ask the question, Mister Speaker.

Speaker Jasper: I appreciate your question and the fact is this is something that occurs on a very infrequent basis and this is the choice that the legislature has made. By our vote here today, this is the choice we have made. You are certainly free to disagree with that, but that is where we are and there is no fiscal impact that requires this bill to move to Finance.

Representative Marjorie Smith: But, Mister Speaker, would it be appropriate to establish a written record of your decision that the locals would not be obliged to do this and that there would, therefore, be no mandated costs? Could we put that response in the Permanent Record?

Speaker Jasper: We will put this exchange in the Permanent Journal. My belief is that the bill itself makes that clear, but for your comfort, we will put our exchange in the Permanent Journal. Representative Marjorie Smith: Thank you very much, Mister Speaker.

REGULAR CALENDAR PART II CONT'D

SB 546-FN, relative to petitions for verification of checklists. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: REFER FOR INTERIM STUDY.

Rep. Duane Brown for the Majority of Election Law. The procedure for verification of checklists upon the petition of a required number of registered voters is currently working properly with the Ballot Law Commission conducting the investigation. This bill interjects the Secretary of State's office into what could be construed as a partisan political issue. Additionally, this bill puts the burden on the petitioners of providing "sufficient evidence" to even begin an investigation. Vote 10-7. Rep. William Pearson for the Minority of Election Law. This bill is an effort to prevent baseless petitions for revisions of the checklist. Such was the case in Dover last year when, after considerable expense from the Secretary of State, Attorney General, and the town of Dover, the Ballot Law Commission determined that there were no errors on the checklist and no purge was needed. While the minority does not believe that this bill is ready for passage, we do believe that the issue in Dover is significant enough to warrant further study.

The question being adoption of the majority committee report of Inexpedient to Legislate.

Rep. Pearson spoke against.

Rep. Gray spoke in favor.

On a division vote, with 203 members having voted in the affirmative, and 121 in the negative, the majority committee report was adopted.

SB 388, requiring a public hearing on proposed changes to the state retiree group insurance plan. OUGHT TO PASS.

Rep. Jeffrey Goley for Executive Departments and Administration. This bill is a simple, straightforward bill that requires that the Fiscal Committee hold a public hearing before any changes are made to the state employee retiree health care plan. Prior to last year, the legislature heard public input on proposed changes to the retiree health plan because they had to go through the full legislative process. But now, the responsibility for making these policy changes has been delegated to the 10 members of the Fiscal Committee, where only agency heads are heard from, not the public. The New Hampshire legislature has always believed in the importance of taking public input, which is why every bill gets a public hearing. With an issue as complex as health care, we should be seeking all kinds of input, not just from the agency involved with a program. The committee also felt that the least we can do as we wrestle with these decisions is to give the more than 10,000 retirees who are affected by potential changes, the opportunity to have their voices heard in a public hearing. Retirees and members of the general public may have ideas that departments and the legislature may not have considered. Understanding how specific proposed changes on premiums, co-pays or plan design affect real people may lead to a better final decision, even if it is not the desired outcome of the participant. Vote 15-2.

Committee report adopted and ordered to third reading.

SB 334, establishing a commission to study the planning functions of the office of energy and planning. WITHOUT RECOMMENDATION

Statement in support of Ought to Pass: Planners help to facilitate the development of land, resources, facilities, and services for our municipalities while considering economic, social, environmental, and health impacts. When the Office of State Planning had the resources to fulfill the planning function of the NH state government, approximately 40 staff members dealt with the many and complex planning issues which confront our communities, made possible by a mix of funding resources. Over the last decade as the Office of State Planning has been folded into the Office of Energy and Planning, the planning staff has been reduced to six. Although this reflects greater efficiency and some programs being transferred to other agencies, much of the planning function has been downshifted to our towns, which has a major impact on small communities that rely on volunteers and part time staff. This bill was requested and strongly supported by the NH Planners Association to take a careful look at our planning needs and resources, and to consider how we want to ensure that we are properly resourced to help our communities and our state plan for the future.

Rep. David Borden

Statement in support of Inexpedient to Legislate: This bill sought to create a study commission to do research and evaluate the function, structure and operation of the Office of Energy and Planning (OEP). The bill was requested by the NH Planners Association which believes that OEP support has been declining for several years. One side of the committee felt that such a study should more appropriately be undertaken by the Governor's office since OEP is an administrative department. Since staffing and the strategic direction of OEP are directed by the Governor, that office can better determine what functions OEP should provide and the best way to accomplish those activities.

Rep. Michael Vose

Rep. Borden moved Ought to Pass and spoke in favor.

Rep. Vose spoke against.

On a division vote, with 150 members having voted in the affirmative, and 167 in the negative, the motion failed.

Rep. Vose moved Inexpedient to Legislate.

On a division vote, with 189 members having voted in the affirmative, and 130 in the negative, the motion was adopted.

SB 386, adding biodiesel to electric renewable energy sources. MAJORITY: OUGHT TO PASS. MINORITY: REFER FOR INTERIM STUDY.

Rep. Herbert Richardson for the Majority of Science, Technology and Energy. This bill clarifies that the production of biodiesel in New Hampshire is a qualifying renewable fuel within Class I of the Renewable Portfolio Standard. It finally resolves an ongoing debate amongst various parties about whether or not biodiesel already falls under the existing definition of "biomass fuels" in RSA 362-F:2, II. In making it abundantly clear, the bill adds New Hampshire produced biodiesel in a limited manner, with reasonable safeguards. No one testified in opposition to the bill, and the stakeholders who work on renewable issues were either neutral or supportive. The bill doesn't increase Class I provider requirements or rates, rather, because it diversifies Class I even more, it likely reduces the compliance trading prices in Class I. Additionally, by supporting New Hampshire produced biodiesel, this bill helps to support New Hampshire jobs and put downward pressure on home heating costs in cases where biodiesel is blended with traditional home heating oil. Vote 12-6.

Rep. Jacqueline Cali-Pitts for the Minority of Science, Technology and Energy. Many members of the committee are reluctant to change the way Renewable Portfolio Standard certificates are awarded. The bill would include biodiesel in Class I and would monetarily benefit the producers of biodiesel instead of the ordinary way in which the users of renewables to produce electricity or heat receive the benefits. Biodiesel is also not a 100% renewable form of energy. The minority felt more deliberation would have been in order considering the possible future consequences of our actions. Majority committee report adopted and ordered to third reading.

SB 489, requiring a demonstration project using a Stirling engine system. OUGHT TO PASS WITH AMENDMENT.

Rep. Robert Backus for Science, Technology and Energy. This bill accepts an offer for the provision of a Stirling engine for a demonstration project in a state building, with a report on the results of the demonstration to be due in five years. The bill does not specify a particular provider. However, at this time the offer to provide such an engine comes from DEKA industries, which has installed such an engine in a building in the Manchester mill yard. The project involves no cost to the state. The project's goal would be to demonstrate quantifiable energy and cost savings. Any contract would have to be without cost to the state and have to be approved by the Governor and Council. The Department of Administrative Services would be the agency to designate an appropriate site. Vote 14-4.

Amendment (1231h)

Amend the title of the bill by replacing it with the following:

AN ACT authorizing a demonstration project using a Stirling engine system.

Amend the bill by replacing section 1 with the following:

1 Stirling Engine System; Demonstration Project Authorized; State Building.

I. The department of administrative services may identify a state building or facility that would be a suitable candidate for a 5-year demonstration project for the installation of a Stirling engine system to provide electricity and/or heating needs for that building or facility.

II. The goal of the demonstration project is to ascertain the reliability, commercial viability, and cost effectiveness of supplying electricity and/or heat to a state-owned building using a Stirling engine system, provided that the project shall not increase the energy or heating costs of operating a state building for the period of the demonstration project.

III. The commissioner of administrative services, may enter into a contract in accordance with RSA 21-I, including approval by governor and council, not to exceed a 5-year period, for the demonstration project to be undertaken by a willing provider of a Stirling engine system. Any such contract that requires changes to the infrastructure of the state building shall be at the expense of the provider of the Stirling engine system. Any contract negotiated by the state of New Hampshire shall result in reimbursing the provider of the Stirling engine technology for electricity and/or the cost of heat provided at no more than the cost of the electricity and/or heat based on the current market rate, or the rate under any state contract for energy, whichever is lower. At the end of the demonstration project, the department of administrative services may retain any equipment provided it is in the best interest of the efficient operation of the building. If the department does not wish to retain the equipment, the provider shall remove the equipment and restore the building back to its original condition, or better, at no expense to the state, at which time any liability of the state for costs of the project shall terminate.

IV. The department of administrative services shall prepare an annual report to the governor, the senate president, the speaker of the house of representatives, and the chairman of the public utilities commission, presenting the results of any demonstration project to be filed on or before July 1 of each year of the project, and a final report filed no later than 6 months after the end of the project. The reports shall include any recommendations related to future use of Stirling engine technology if appropriate.

AMENDED ANALYSIS

This bill authorizes the department of administrative services to undertake a 5-year demonstration project for the use of a Stirling engine system to provide electricity and/or heat to a state building. Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment.

Rep. Halstead spoke against.

Rep. Townsend spoke in favor and yielded to questions.

Committee report adopted and referred to the Committee on Executive Departments and Administration.

SB 356-FN, relative to agricultural plates for vehicles of commercial fishing operations. OUGHT TO PASS.

Rep. Thomas Walsh for Transportation. This bill simply allows commercial fishing operators to register certain vehicles using our current agricultural plates. The vehicles must be used exclusively for the fishing operation and used only within a 10-mile radius of the operation. During a period of increased regulations from the federal government, the committee hopes the reduced cost of these plates will help them survive. Vote 16-0.

Committee report adopted and ordered to third reading.

SB 358, relative to use of navigation devices in motor vehicles. OUGHT TO PASS WITH AMEND-MENT.

Rep. Werner Horn for Transportation. The "Hands Free Law" (RSA 265:79-c) prevents young drivers from utilizing navigation devices that may enable them to travel safely. This bill will enable all drivers, regardless of age, to utilize navigation services under specific circumstances. The committee amendment specifically makes mobile electronic devices available to utilize navigation services. Vote 12-2.

Amendment (1223h)

Amend RSA 265:79-c, V as inserted by section 1 of the bill by replacing it with the following:

V. Nothing in this section shall prohibit a driver, regardless of age, from receiving aural routing information from a hands-free global positioning device or navigation service through a mobile electronic device; or receiving turn-by-turn routing information from the screen of a global positioning device or navigation service through a mobile electronic device that is integrated into the vehicle or mounted on the dashboard, windshield, or visor of the vehicle.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

SB 433, relative to exclusions from seasonal highway weight limit regulation. OUGHT TO PASS. Rep. Gladys Johnsen for Transportation. Seasonal weight limits on certain state roads are designed to protect the roads. There is often a need for overweight trucks to go over these roads. There are exceptions in law already, including emergency vehicles, milk trucks, maple syrup trucks and heating delivery trucks. This bill adds septic trucks to those existing exceptions. Vote 10-4.

Rep. Sykes spoke against and yielded to questions.

Rep. Steven Smith spoke in favor.

Committee report adopted and ordered to third reading.

SB 466-FN, relative to the detention of a minor while waiting for the disposition of his or her case. OUGHT TO PASS WITH AMENDMENT.

Rep. Debra DeSimone for Children and Family Law. The committee agreed that this bill as amended would protect youthful offenders who have been classified as adults by detaining them at the Sununu Youth Development Center until age 18. This bill as amended also makes New Hampshire compliant with the Federal Prison Rape Elimination Act (PREA) mandates. Vote 15-0.

Amendment (1345h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the detention of youthful offenders at the youth development center.

Amend the bill by replacing all after section 1 with the following:

2 New Section; Sentences; Transfer of Youthful Offender. Amend RSA 651 by inserting after RSA 651:17 the following new section:

651:17-a Transfer of Youthful Offender. Any person under the age of 18 who has been certified as an adult pursuant to RSA 169-B:24 and sentenced to the state prison pursuant to RSA 651:15 or to a county correctional facility pursuant to RSA 651:17, may be transferred to the youth development center established under RSA 621 for service of their sentence until they reach the age of 18. Thereafter, any remaining portion of the sentence shall be served at the state prison or county correctional facility. The department of corrections, county correctional facilities, and the department of health and human services shall develop a memorandum of agreement which sets forth the roles and responsibilities of the parties when such a transfer occurs.

3 New Section; Youth Services Center; Service of Adult Sentence of Incarceration. Amend RSA 621 by inserting after RSA 621:35 the following new section:

621:36 Service of Adult Sentence of Incarceration at the Youth Development Center. Notwithstanding any provision of law or rule to the contrary, the department may accept any youthful offender who is transferred to the youth development center pursuant to RSA 651:17-a for service of their adult sentence of incarceration until the youth reaches the age of 18.

4 Effective Date. This act shall take effect January 1, 2017.

AMENDED ANALYSIS

This bill provides that a minor whose case is to be transferred to the superior court may be detained at a county correctional facility or the youth development center. The bill also permits a youthful offender who has been sentenced as an adult to serve his or her sentence at the youth development center until the offender reaches the age of 18, at which time he or she shall be transferred to the state prison or county correctional facility.

Committee amendment adopted.

Committee report adopted and referred to the Committee on Finance.

SB 465-FN, relative to the nonconsensual dissemination of private sexual images. OUGHT TO PASS. Rep. Len DiSesa for Criminal Justice and Public Safety. As we are all very much aware, anything that is posted on the internet is out there forever. For example, once e-mails are sent or photos posted, it is virtually impossible to pull them back. While there is much good that came with the growth of the world wide web and social networks, its massive outreach potential has spawned despicable behavior in the form of men and women who would post on the Internet what were initially very private photos or videos, many with a suggestive or even an overt sexual nature, in a malicious attempt to punish a former romantic partner or to exact revenge against that person. These photos and videos that were once sent willingly to a partner when the relationship was loving, mutual and ongoing, have been used to literally wreck the other person's life or to create a situation where he or she loses his or her job by sending the images to an employer or to fellow employees. Oftentimes the photos and/or videos are sent to the victim's children or other extended family members. Sometimes they are used as a threat for illegal leverage to prevent a victim from testifying in an ongoing domestic violence court action. The committee heard testimony from several victims of this kind of awful retaliation and the underlying thread was how devastating this was to the victims' lives. One woman testified that this occurred at the hands of her divorced husband almost ten years ago and still the photos resurface today. One female victim had left her phone in her coat pocket while she was volunteering at a shelter, only to have a male acquaintance - without her permission - access her phone and send the suggestive photos he found there to her e-mail address list, which forced her to leave the university she was attending. The committee heard testimony that was overwhelming in support of this bill from the NH Coalition Against Domestic and Sexual Violence, the Women's Information Service, the Attorney General's Office, and the Rockingham County Attorney's Office. All agreed that the language crafted in this bill was both substantive and all-encompassing and that this bill was necessary in order to effectively prosecute this kind of crime. The committee also heard from the Manchester Police Sergeant in charge of the Domestic Violence Unit in that city and he was in total support of this bill. He specifically recounted instances where a person could have been charged under the bill's language if it had been in place at the time of the investigation. This type of reprehensible crime is being committed with more and more frequency and it affects people at every level of social strata. Twenty-six states have already enacted similar legislation and it is well tested. Vote 13-0.

Committee report adopted and ordered to third reading.

SB 418, relative to obtaining a ballot to vote and adding National Guard members to the absentee voting laws. OUGHT TO PASS WITH AMENDMENT.

Rep. Rick Christie for Election Law. This bill adds active service National Guard members to the list of active-duty military personnel who may be allowed to request an absentee ballot. The bill also clarifies when voters are allowed to enter the space enclosed by the guardrail prior to receiving a ballot. The amendment modifies procedures for enrolling bills and resolutions to match current practice. Vote 17-0.

Amendment (1284h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to obtaining a ballot to vote, adding National Guard members to the absentee voting laws, and relative to enrollment of laws.

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4:

3 Enrollment of Laws. Amend RSA 14:8 to read as follows:

14:8 Enrollment of Laws. All bills and resolutions which have passed both branches of the legislature shall be forwarded to the office of legislative services to be there enrolled and prepared for submission to the governor. After such enrollment the bill or resolution shall be forwarded by the secretary of state to the committee on enrolled bills for final approval. After said final approval the bill or resolution shall be forwarded to the secretary of state. He shall keep such bills and resolutions, and they shall be kept as public records of the state.

AMENDED ANALYSIS

This bill:

- I. Includes active service National Guard members in the definition of absent uniformed services voters
 - II. Requires voters to enter the space enclosed by the guardrail prior to receiving a ballot.
 - III. Modifies procedures for enrolling bills and resolutions.

This bill was requested by the secretary of state.

Committee amendment adopted.

The question being adoption of the committee report of Ought to Pass with Amendment. Rep. Hoelzel offered floor amendment (1479h).

Floor Amendment (1479h)

Amend the title of the bill by replacing it with the following:

AN ACT adding National Guard members to the absentee voting laws and relative to enrollment of laws.

Amend the bill by deleting section 2 and renumbering the original sections 3-4 to read as 2-3, respectively.

AMENDED ANALYSIS

This bill:

- I. Includes active service National Guard members in the definition of absent uniformed services voters.
 - II. Modifies procedures for enrolling bills and resolutions.

Rep. Hoelzel spoke in favor.

Floor amendment (1479h) adopted.

Committee report adopted and referred to the Committee on Legislative Administration.

SB 481-FN, relative to a special health care service license and establishing a fund. OUGHT TO PASS WITH AMENDMENT.

Rep. John Fothergill for Health, Human Services and Elderly Affairs. This bill is relative to a special health care service license and establishing a fund which outlines steps to be taken to ensure patients will receive high quality care by any new provider offering cardiac catheterization, open heart or coronary artery bypass, graft surgery or megavoltage radiation therapy. Any new service proposed to open within 15 miles of a critical access hospital may be scrutinized if it jeopardizes the essential services offered by the critical access hospital. Vote 16-0.

Amendment (1383h)

Amend RSA 151:4, VII as inserted by section 3 of the bill by replacing it with the following:

VII. Any person shall have the right, within 30 days after the filing of any application, to object in writing prior to action by the department on any license on the grounds that the application does not meet the applicable requirements of this chapter or any rule adopted under this chapter. If the license is granted by the department over a timely objection, the person who objected shall have a right to request a rehearing by the commissioner of the department of health and human services under RSA 541:3 within 30 days and to appeal under RSA 541 based on the grounds stated in the objection. If the license is denied by the department in the first instance or after rehearing, the applicant may appeal within 30 days of the date of the department's notice of decision to the supreme court. Committee amendment adopted.

The question being adoption of the committee report of Ought to Pass with Amendment. Rep. Dan McGuire offered floor amendment (1458h).

Floor Amendment (1458h)

Amend RSA 151:2-e, II as inserted by section 1 of the bill by replacing it with the following: II. In this chapter, "special health care service" means:

- (a) Cardiac catheterization laboratory services;
- (b) Open heart surgery or coronary artery bypass graft surgery; and
- (c) Megavoltage radiation therapy.

Rep. Dan McGuire spoke in favor.

Rep. Kotowski spoke against.

On a division vote, with 123 members having voted in the affirmative, and 188 in the negative, floor amendment (1458h) failed.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Edelblut spoke against.

(Rep. Packard in the Chair)

Reps. Fothergill and Stephen Schmidt spoke in favor.

Rep. Joanne Ward spoke against.

Reps. Dan McGuire and Sanborn spoke against and yielded to questions.

MOTION TO LAY ON THE TABLE

Rep. Baldasaro moved that SB 481-FN, relative to a special health care service license and establishing a fund, be laid on the table.

Rep. Baldasaro requested a roll call; sufficiently seconded.

and the committee report was adopted and referred to the Committee on Finance.

SB 491-FN, relative to Medicaid home health care services and relative to the scope of practice of licensed nursing assistants. OUGHT TO PASS.

Rep. Lucy Weber for Health, Human Services and Elderly Affairs. Historically, Medicaid home health care services had to be delivered inside the recipient's home. This bill recognizes the therapeutic benefits of being able to deliver care outside the home, when appropriate. The bill tracks recent changes to this effect in the federal rules. The bill does not change the amount of services allocated to a recipient, it just allows delivery of services in a wider setting. The bill also amends the Licensed Nursing Assistant Scope of Practice statute to make it clear that licensed nursing assistants (LNAs) may deliver services outside the home, or a health care facility. This ensures that LNAs may provide services in a school or community setting, when appropriate. Vote 18-0. Committee report adopted and referred to the Committee on Finance.

SB 496-FN, relative to personal care attendant services. **OUGHT TO PASS WITH AMENDMENT.** Rep. John Fothergill for Health, Human Services and Elderly Affairs. This bill addresses the services provided by personal care attendants. This bill allows personal care services to be delivered in locations in which normal life activities occur. Without this bill, an attendant could not assist their client on the front porch of their residence, but with this bill they can. This bill allows severely physically disabled persons to receive care outside the home. This bill does not increase the hours of service available, but expands the places where services can be offered. Vote 18-0.

Amendment (1342h)

Amend the bill by replacing all after the enacting clause with the following:

1 Personal Care for the Severely Physically Disabled; Definitions. Amend RSA 161-E:1, III to read as follows:

III. "Severely physically disabled person" shall mean an *adult* individual *over the age of 18* who has been approved to participate in an independent living program and who requires a minimum of 2 hours of medically oriented personal care per day in order to maintain himself or herself in a noninstitutional setting. Such care may include [hands-on] assistance in the following areas: basic personal care and grooming, assistance with bladder and bowel care, assistance with medications, assistance with nutrition including meal preparation and essential household services.

2 Personal Care for the Severely Physically Disabled; Personal Care Attendant Services Program. Amend RSA 161-E:2 to read as follows:

161-E:2 Services Provided. The commissioner of the department of health and human services shall develop a program under which severely physically disabled persons eligible for coverage under medical assistance programs are provided with personal care attendants to provide [on a periodic basis] medically oriented long-term maintenance and supportive care to assist them, as is required in each individual case, to maintain themselves in their homes and gain greater control over their own lives. Personal care services under this chapter shall be delivered in locations in which normal life activities occur.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill clarifies the definition of a severely physically disabled person and includes access to the community for such persons under the law governing personal care for the severely physically disabled.

Committee amendment adopted.

Committee report adopted and referred to the Committee on Finance.

SB 535-FN-A, establishing a grant program for high schools for heroin and opiate prevention education. INEXPEDIENT TO LEGISLATE.

Rep. John Fothergill for Health, Human Services and Elderly Affairs. This bill sought a one-year fund for a single program to provide a heroin and opiate prevention educational session to high schools. The committee felt this program should be considered along with all other programs. The state's response to the opioid epidemic needs to be well coordinated. This coordination should include the Governor's Commission on Alcohol and Drug Abuse Prevention, treatment and recovery, local schools as well as many others. Ear marking money for a single program is contrary to this strategy. Vote 13-0.

Reps. Duane Brown and Cooney spoke against.

Reps. Fothergill and Lynne Ober spoke in favor.

On a division vote, with 193 members having voted in the affirmative, and 91 in the negative, the committee report was adopted.

RESOLUTION

Rep. Hinch offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet, Wednesday, May 11, 2016 at 10:00 a.m.

LATE SESSION

Third Reading and Final Passage

SB 152, relative to criminal history records checks for school employees and designated school volunteers.

SB 453-FN, relative to comprehensive criminal background checks for individuals in registered and licensed child day care agencies, child care institutions, and child care agencies.

- HB 1338, relative to student exemption from the statewide assessment.
- **HB 1370,** relative to termination of tenancy.
- HB 1408-FN, relative to a school building inventory.
- HB 1471, relative to parental rights.

RECESS

(Speaker Jasper in the Chair)

Rep. Hinch moved that the House adjourn.

HOUSE JOURNAL NO. 13

Wednesday, May 11, 2016

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by the member from Salem, Representative Robert Elliott.

Almighty God, from whom we come and to whom we all shall one day return, we thank Thee for another 24 hours of this precious gift we call life. As we begin our difficult day, we ask Thee to give us keen minds, and pure hearts to do what is best. We ask Thee to bless each one of us this day, as we few, we precious few, go about our work representing all of our people. We ask Thee to keep us humble when our egos begin to swell. We ask Thee to grant us patience when our tempers begin to grow thin. We ask Thee to grant us renewed strength when we start to grow tired. Remind us to be kind to one another and let us not be politicians, but public servants. Thus will we always be faithful stewards of all the heavy responsibilities that You have placed upon each one of us. May God bless the Speaker of the House as he continues to walk in paths of righteousness and justice. May God bless our gloriously beautiful State of New Hampshire and with all the dangers within and without our country, we ask Thee to continue to still, "Stand beside us, and guide us through the night with a light from above. From the mountains, to the prairies, to the ocean, white with foam. God bless America, our home sweet home." Amen.

Representative Mary Cooney, member from Plymouth, led the Pledge of Allegiance.

The National Anthem and America the Beautiful was sung by Caroline Burns of Hollis.

LEAVES OF ABSENCE

Reps. Allen, Ronald Belanger, Bridge, Chris Brown, Bush, Comtois, Kellogg, Moody, Priestley, Rappaport, Russell and Sanders, the day, illness.

Reps. Beaulieu, Rebecca Brown, Dumais, Halstead, Hirsch, Jeudy, Frank McCarthy, Peggy McCarthy, Moore, Mullen, Oligny, Shackett, Daniel Sullivan, Tamburello, Tucker, Vadney and Woitkun, the day, important business.

Reps. Alicea and McKinney, the day, illness in the family.

INTRODUCTION OF GUESTS

Kay Williams, Jan Simone, Colonel Michael Simone, Mother, Sister and Brother-in-law, guests of Kermit Williams. David Woolpert, guest of Reps. Barbara French and Geoffrey Hirsch. Marcy Katz Rothenberg and Peg Lipin, guests of Rep. Heath. Linda Twombly, wife of Rep. Twombly. Donovan Fenton, guest of Rep. Cynthia Chase. The Honorable Jan Schmidt, former member from Nashua, Patricia Klee, and Pam Swersky, guests of Rep. Rosenwald. Steve and Rhonda Burns, parents of the singer, guests of Rep. James Belanger. Former Speaker of the House Terie Norelli, Former Clerk of the House Karen Wadsworth, and members of former Deputy Speaker Linda Foster's family, including her husband, Scott Foster, guests of the House.

Samantha Schwarz, student at Kingswood Regional High School, Page for the day.

UNANIMOUS CONSENT

Rep. Wallner requested Unanimous Consent of the House regarding memorial remarks for the former member from Mont Vernon, the Honorable Linda Foster.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the former member from Mont Vernon, the Honorable Linda Foster.

MOTION TO PRINT REMARKS

Without objection, the Speaker ordered the remarks made by Rep. Wallner during Unanimous Consent be printed in the Permanent Journal.

REMARKS

Representative Wallner: Good morning Mister Speaker and members of the House. I rise before you this morning to celebrate and remember our colleague, the Honorable Linda Foster. I am joined at the podium today by members of the Democratic leadership, including the Chairs and Vice Chairs when Linda was serving as Deputy Speaker. I also wish to recognize some visitors in the gallery. Former Speaker Terie Norelli, former House Clerk Karen Wadsworth and members of Linda Foster's family, including her husband, Scott. Welcome. Linda came to the House in 1993 and served on four committees over the course of her eight terms on the House. She was on Municipal and County, Local and Regulated Revenues, Finance and Rules. In 1999, Linda was named as an Assistant Democratic Leader and in 2001 was appointed as Democratic Policy Leader. After the 2006 election, when Democrats took the majority of the New Hampshire House, after a hiatus of 150 years, Speaker Terie Norelli asked Linda Foster to be her Deputy Speaker. Representative Foster served as Deputy Speaker for four years. It did not take Linda long after her arrival at the State House to get busy representing her constituents and New Hampshire's small towns. An often repeated mantra of Linda's would be, "Those people from the cities, they don't get what it's like to be from a small town." Linda fulfilled her role as advocate for small towns by passing into law legislation that did much to help at the local, municipal and school district levels. Teaching came naturally to Linda, a skill she embraced all her life. Linda taught special education at the Mount Hope School for the Handicapped in Nashua and later served as a substitute teacher and a special education assistant at the Milford Area Senior High School. Many of Linda's friends have described her as being fun and indeed Linda had a playful side. A visit to her office at the State House was an encounter with Linda's menagerie of frogs, wild, natural and just plain gorgeous. On returning from a trip to the Southwest, Linda gleefully showed off her newly acquired cowgirl boots. A beautifully tooled pair of handsome boots that she relished wearing to the Speaker's podium while wielding the gavel. As Speaker Norelli said at Linda's memorial service in March, "Even in the politically-charged environment of the State House, Linda was one of those rare politicians with whom everyone got along. She was always ready with a smile and a warm greeting and she made friends with Democrats and Republicans alike, taking time to get to know them personally. I never heard Linda speak harshly about her colleagues. but ever the teacher, she might suggest some changes in their grammar." For her it was never about personality, but about the policies we were considering. She brought her unique viewpoint to the table. She wasn't in it for any kind of glory or recognition. Just to do the right thing for her community, as she also did by serving on the board of Southern New Hampshire Services. The rest of us benefited from her experience with that organization as well, because she learned about the needs of the people of our state and she shared that knowledge with her colleagues. Linda's family was always her top priority and it was those shining stars, her grandchildren, who ultimately caused her to retire from the House. We are very grateful to Linda and her family for the time that Linda gave to us. I want to assure Linda's family that her work here was valued and helped to make New Hampshire a better state for our citizens. We will miss her dearly.

SENATE MESSAGES REQUESTS CONCURRENCE WITH AMENDMENTS

HB 356, establishing a commission to study cryptocurrency regulation. (Amendment printed SJ 4/21/16)

Rep. Hunt moved that the House concur and spoke in favor. Motion adopted.

HB 1105, establishing a committee to study third party mortgage processors and relative to an exemption from certain employment laws for certain minors. (Amendments printed SJ 4/7/16) Rep. Hunt moved that the House concur and spoke in favor. Motion adopted.

HB 1685-FN, relative to mortgage bankers, brokers, and servicers. (Amendment printed SJ 4/28/16) Reps. Hunt and Major moved that the House concur.

Rep Hunt spoke in favor.

HB 1353, relative to the notice required of a law enforcement officer prior to making an audio recording of a routine stop. (Amendment printed SJ 5/5/16)

Rep. Tholl moved that the House concur and spoke in favor.

Motion adopted.

Motion adopted.

HB 645-FN, relative to the licensure and regulation of child day care agencies. (Amendment printed SJ 1/14/16)

Reps. Andrew Christie and Tholl moved that the House concur.

Rep. Andrew Christie spoke in favor.

Motion adopted.

HB 500, repealing the prohibition on the use of silencing devices for taking wildlife. (Amendment printed SJ 3/17/16)

Rep. Kidder moved that the House concur and spoke in favor.

Motion adopted.

HB 1267, relative to the family hike safe card for fish and game search and recovery expenses. (Amendment printed SJ 4/14/16)

Rep. Kidder moved that the House concur and spoke in favor.

Motion adopted.

HB 1268, relative to liability for payment of expenses of search and rescue recovery by the fish and game department. (Amendment printed SJ 4/14/16)

Rep. Kidder moved that the House concur and spoke in favor.

Motion adopted.

HB 1138, relative to access to investigational drugs, biological products, and devices. (Amendment printed SJ 5/5/16)

Rep. Kotowski moved that the House concur and spoke in favor.

Motion adopted.

HB 1210, relative to prescriptions for controlled drugs by telemedicine and relative to rulemaking authority and enforcement concerning prices for filling certain prescriptions. (Amendment printed SJ 5/5/16)

Rep. Kotowski moved that the House concur and spoke in favor.

HB 1269, extending the New Hampshire health care quality assurance commission and relative to the membership of the commission. (Amendment printed SJ 5/5/16)

Rep. Kotowski moved that the House concur and spoke in favor.

Motion adopted.

HB 1423-FN, relative to rulemaking for prescribing controlled drugs. (Amendment printed SJ 4/28/16) Rep. Kotowski moved that the House concur and spoke in favor. Motion adopted.

HB 1490, relative to collaborative practice between pharmacists and health care practitioners and relative to certain drug take-back programs. (Amendment printed SJ 4/28/16)

Rep. Kotowski moved that the House concur and spoke in favor.

Motion adopted.

HB 1681-FN, establishing a commission on hypodermic syringes and needles. (Amendments printed SJ 5/5/16)

Reps. Kotowski and Tholl moved that the House concur.

Rep. Kotowski spoke in favor.

Motion adopted.

HB 1204, relative to payment of rent pending the stay of an eviction proceeding. (Amendment printed SJ 5/5/16)

Rep. Rowe moved that the House concur and spoke in favor.

Motion adopted.

HB 1486, relative to membership of the state house bicentennial commission. (Amendment printed SJ 5/5/16)

Rep. Hinch moved that the House concur and spoke in favor.

Motion adopted.

HB 1147, requiring a report on federal landholdings within the state and relative to the membership of the New Hampshire geographic information system committee. (Amendment printed SJ 5/5/16) Rep. C. Christensen moved that the House concur and spoke in favor. Motion adopted.

HB 1172, relative to corrective action implementation of audit findings concerning Cannon Mountain. (Amendment printed SJ 5/5/16)

Rep. C. Christensen moved that the House concur and spoke in favor.

Motion adopted.

HB 1589-FN, prohibiting the transport of aquatic plants and aquatic weeds. (Amendment printed SJ 4/28/16)

Rep. C. Christensen moved that the House concur and spoke in favor.

Motion adopted.

HB 626-FN-A, authorizing energy infrastructure development and designating energy infrastructure corridors and requiring the department of transportation to adopt an updated and revised utility accommodation manual. (Amendment printed SJ 4/28/16)

Reps. Introne and Kurk moved that the House concur.

Rep. Introne spoke in favor.

Motion adopted.

HB 1148, establishing a committee to review potential statutory revisions to constrain possible stranded costs associated with pipeline capacity contracts. (Amendment printed SJ 4/28/16)

Rep. Introne moved that the House concur and spoke in favor.

Motion adopted.

HB 1161, relative to the traffic safety commission. (Amendment printed SJ 4/21/16)

Rep. Steven Smith moved that the House concur and spoke in favor.

HB 1198-FN-L, relative to the valuation of poles and conduits owned by telephone utilities. (Amendment printed SJ 4/28/16)

Rep. Major moved that the House concur and spoke in favor.

Motion adopted.

HB 114, establishing beer specialty licenses and relative to rectifiers. (Amendment printed SJ 5/5/16) Rep. Hunt moved that the House nonconcur and request a Committee of Conference. Motion adopted.

The Speaker appointed Reps. Hunt, Biggie, Tucker and Abel.

HB 1227, repealing provisions of law regulating Sunday business activities and relative to the consumption of liquor at sports complexes. (Amendment printed SJ 4/28/16)

Rep. Hunt moved that the House nonconcur and request a Committee of Conference.

Motion adopted.

The Speaker appointed Reps. Hunt, Tucker, Biggie and Abel.

HB 1307, relative to the procedure for amendment of condominium instruments and relative to name availability for business organizations. (Amendment printed SJ 5/5/16)

Rep. Hunt moved that the House nonconcur and request a Committee of Conference.

Motion adopted.

The Speaker appointed Reps. Hunt, Biggie, H. French and Williams.

HB 1339, relative to the corporate governance annual disclosure act and relative to compensation of ski area employees. (Amendment printed SJ 4/21/16)

Rep. Hunt moved that the House nonconcur and request a Committee of Conference.

Motion adopted.

The Speaker appointed Reps. Hunt, Biggie, Infantine and Butler.

HB 605-FN, relative to mandatory minimum sentences. (Amendments printed SJ 4/28/16)

Rep. Tholl moved that the House nonconcur and request a Committee of Conference.

Motion adopted.

The Speaker appointed Reps. Tholl, DiSesa, Welch and Martin.

HB 1547-FN, prohibiting bestiality. (Amendment printed SJ 4/21/16)

Rep. Tholl moved that the House nonconcur and request a Committee of Conference.

Motion adopted.

The Speaker appointed Reps. Tholl, Welch, DiSesa and Cushing.

HB 1584-FN, relative to body-worn cameras for law enforcement officers. (Amendment printed SJ 4/28/16)

Reps. Tholl and Major moved that the House nonconcur and request a Committee of Conference. Motion adopted.

The Speaker appointed Reps. Tholl, Cushing, Welch and DiSesa.

HB 1377, relative to receipt of absentee ballots. (Amendment printed SJ 4/28/16)

Rep. Hoelzel moved that the House nonconcur and request a Committee of Conference.

Motion adopted.

The Speaker appointed Reps. Hoelzel, Gray, Souza and Cote.

HB 1193, relative to the wellness and primary prevention council and relative to certification of school nurses. (Amendment printed SJ 5/5/16)

Rep. Kotowski moved that the House nonconcur and request a Committee of Conference.

Motion adopted.

The Speaker appointed Reps. LeBrun, B. French, Fothergill and MacKay.

HB 1301, relative to the issuance of youth employment certificates. (Amendment printed SJ 4/28/16) Rep. Infantine moved that the House nonconcur and request a Committee of Conference. Motion adopted.

The Speaker appointed Reps. Hill, Flanagan, Ley and Infantine.

NONCONCURS WITH AMENDMENTS REQUESTS COMMITTEE OF CONFERENCE

SB 155-FN-A, establishing the Financial Resources Mortgage (FRM) victims' contribution recovery fund for victims of the FRM fraud and continually appropriating a special fund.

The President appointed Senators Reagan, Woodburn and Avard.

Reps. Hunt and Kurk moved that the House accede.

Motion adopted.

The Speaker appointed Reps. Hunt, Gidge, Hurt and Weyler.

SB 320, relative to non-academic surveys administered by a public school to its students.

The President appointed Senators Reagan, Avard and Watters.

Rep. Ladd moved that the House accede.

Motion adopted.

The Speaker appointed Reps. Ladd, Balcom, Cordelli and Shaw.

SB 203-FN, relative to review of eligibility for workers' compensation.

The President appointed Senators Bradley, Cataldo and Soucy.

Rep. Infantine moved that the House accede.

Motion adopted.

The Speaker appointed Reps. Simmons, Infantine, Cahill and Seaworth.

CONSENT CALENDAR

Rep. Hinch moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

SB 536, relative to emergency interim relief under the child protection act, removed by Rep. Brewster.

SB 538, relative to children taken into custody under the child protection act and relative to the commission to review child abuse fatalities, removed by Rep. Brewster.

SB 305, including fermented pear juice in the definition of cider, removed by Rep. Hunt.

SB 403, relative to the sale of gift certificates with expiration dates, removed by Rep. Hunt.

SB 458-FN, relative to reporting by political committees, removed by Rep. Hoelzel.

SB 319-FN, relative to survivor benefits for families of police officers and firefighters killed in the line of duty, removed by Rep. Proulx.

Consent Calendar adopted.

SB 404, relative to the burden of proof for a divorced parent's petition to relocate children of the marriage. INEXPEDIENT TO LEGISLATE.

Rep. Elizabeth Ferreira for Children and Family Law. This bill addresses the issue of changes made to parenting plans, particularly regarding the burden of proof for a divorced parent petitioning for the relocation of a child. The committee determined that this bill is unnecessary because the House recently passed HB 1280, which addresses modifications to parenting plans more broadly and comprehensively than this bill. Vote 12-0.

SB 437, establishing a commission to address child hunger in New Hampshire. OUGHT TO PASS WITH AMENDMENT.

Rep. James Gray for Children and Family Law. This bill, as amended, establishes a commission to address child hunger in New Hampshire. The commission shall review the current data, identify the causes for hunger affecting New Hampshire children and recommend corrective actions for ending child hunger. The amendment adds a member of the Children and Family Law Committee to the membership of the commission and specifies that the House members shall be appointed by the Speaker of the House. Vote 11-0.

Amendment (1676h)

Amend RSA 161:12, I(b) as inserted by section 1 of the bill by replacing it with the following:

(b) Two members of the house of representatives, one of whom shall serve on the health, human services and elderly affairs committee or the children and family law committee, and one of whom shall serve on the finance committee, appointed by the speaker of the house of representatives.

SB 539, relative to access to records under the child protection act. OUGHT TO PASS.

Rep. Skip Berrien for Children and Family Law. This bill provides law enforcement access to a child's medical records held by the Division of Children, Youth and Families in the investigation of abuse, neglect and fatalities and other crimes against children. This bill includes extensive provisions to preserve confidentiality and to protect children from additional harm. Vote 13-1.

SB 300, revising banking, credit union, and trust laws. OUGHT TO PASS WITH AMENDMENT. Rep. Laurie Sanborn for Commerce and Consumer Affairs. This bill was requested by the Banking Department, primarily to insert language which was omitted by mistake when the laws were recodified last year with the adoption of SB 188. It also makes banking laws consistent with Secretary of State's laws relating to name registration, and updates a section reaffirming the rights of joint account holders. The committee amendment fixes two cross-references. Vote 20-0.

Amendment (1477h)

Amend the bill by inserting after section 11 the following and renumbering the original section 12 to read as 14:

12 State Treasurer; Investment of Funds. Amend RSA 6:8, I to read as follows:

I. All funds over which the state has exclusive control, aside from such sums of money as the treasurer may deem necessary to hold or deposit for meeting current expenses, shall be invested by the treasurer, with the approval of the governor and council, in obligations of the United States government, in obligations of any county government, municipal government, or district or division thereof within the state of New Hampshire, in obligations which are legal investments for depository banks pursuant to [RSA 383-B:3-301(e)] RSA 383-B:3-303, in participation units in the public deposit investment pool established pursuant to RSA 383:22, or in deposits, including money market accounts, or certificates of deposit, or repurchase agreements, and all other types of interest bearing accounts, of federally insured banks chartered under the laws of New Hampshire or the federal government with a branch within the state.

13 Family Trust Company Act; Definitions. Amend RSA 383-D:2-201, (b)(12) to read as follows:

(12) "Required capital" means the amount of capital that a family trust company is required to maintain under RSA 383-D:6-602. [RSA 383-C:2-202(d) shall not apply for purposes of this chapter.]

AMENDED ANALYSIS

This bill:

I. Requires certain background checks where ownership of a trust company changes.

II. Defines "bank."

III. Requires approval by the banking commission for certain name changes.

IV. Amends the reference which specifies the legal investments for depository banks which may be used by the state treasurer.

V. Removes an obsolete reference from the definition of "required capital" in the Family Trust Company Act.

This bill is a request of the banking department.

SB 301, relative to the consumption of liquor at sports complexes. OUGHT TO PASS WITH AMENDMENT.

Rep. Pamela Tucker for Commerce and Consumer Affairs. This bill, as amended, will allow sports complexes, including college sporting complexes, to sell alcohol in designated areas. This bill was originally intended to allow alcohol sales at the UNH facility skyboxes. It was amended to allow sales in other areas of college stadiums. No sales will occur directly in the seating areas, but in well-defined and restricted areas to prevent underage drinking. The amendment also permits the Liquor Commission to issue licenses to wine manufacturers for no more than two tasting rooms. Vote 19-1.

Amendment (1604h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the consumption of liquor at sports complexes and relative to sales and samples provided by wine manufacturers.

Amend RSA 178:22, V(u)(1) as inserted by section 1 of the bill by replacing it with the following:

(1) The commission may issue a cocktail lounge license to the owner of a sports/entertainment complex, or any operator or designee contracting with the owner of the complex. Such license shall allow the sale or service of liquor and beverage in any clearly defined areas approved by the commission. Liquor and beverage shall be sold only at such times as a fee is charged for admission to an event at the sports/entertainment complex. Liquor and beverage shall not be sold or consumed in stadium or skybox seating at any [intercollegiate or] interscholastic event. The provisions of RSA 178:22, II shall not apply to this license.

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 Wine Manufacturer License. Amend RSA 178:8, III to read as follows:

III. Each wine manufacturer shall have the right to sell at retail or wholesale at its winery for off-premises consumption any of its wines. Visitors of legal drinking age at said premises may be provided with samples of wine manufactured on the premises for tasting. Samples may be provided either free or for a fee and shall be limited to one 2-ounce sample per label per person. The commission may issue additional licenses to a wine manufacturer to operate no more than 2 additional tasting rooms for both samples and retail sales of its own wine separate and apart from its manufacturing facility, subject to payment of an annual fee of \$420 for each location. Pursuant to rules adopted by the commission, a wine manufacturer may transport its products to a farmers' market or a wine festival licensed under RSA 178:31, and may sell such products at retail in the original container.

AMENDED ANALYSIS

This bill permits liquor and beverage sales and consumption in stadium or skybox seating at intercollegiate events at licensed sports/entertainment complexes. This bill also authorizes the wine manufacturer to conduct sampling and retail sales at locations other than its manufacturing facility.

SB 306, enabling the sampling of beer or wine at farmers' markets. OUGHT TO PASS. Rep. Pamela Tucker for Commerce and Consumer Affairs. This bill will help grow our local wine and small beer industries by allowing local manufacturers to provide samples, either at a cost or free, at local farmers markets. A tasting area would be defined for each sampler. The committee believes this bill will help these industries increase their sales and grow their brands. Vote 20-0.

SB 308, relative to the definition of small loans and relative to certain fees on small loans. OUGHT TO PASS.

Rep. Laurie Sanborn for Commerce and Consumer Affairs. This bill seeks to clarify in statute the definition of small loans. Ambiguity in the current law may be holding companies back from offering loan products, so this bill is important for improving the small loan market for consumers in New Hampshire. The bill also establishes a cap on application and/or participation fees at \$100, when they were formerly unlimited. Vote 20-0.

SB 401-FN, relative to insurance coverage for prescription eye drops. OUGHT TO PASS.

Rep. Donald Flanders for Commerce and Consumer Affairs. This bill provides for insurance coverage for one early refill of prescription eye drops when such a prescription is a covered benefit under a person's health insurance plan. The committee recognizes that this is a new mandate and that over-utilization of any prescription medication increases the cost of health insurance premiums. However, this bill includes key criteria that must be met in order for an early refill of prescription eye drops to be covered by insurance. Importantly, these criteria include timeframes for dispensing early refills. The committee expects that the criteria will help address the concerns about over-utilization and over-prescribing while also addressing the unique circumstances that may cause a person to run out of prescription eye drops early. Vote 19-0.

SB 405, making changes to the limited liability companies statutes. OUGHT TO PASS WITH AMENDMENT.

Rep. Edward Butler for Commerce and Consumer Affairs. This bill provides important updates and improvements to New Hampshire's Limited Liability Company (LLC) Act that are designed to support and help small businesses in our state. These changes reflect best practices from around the country and real life experiences that have occurred since this legislature undertook and passed a comprehensive update of our LLC statutes four years ago. Many of the proposed

changes in the bill are of a technical nature and are intended to clarify language from the 2012 updates. This bill was reviewed by the Secretary of State who expressed no concerns with the proposed changes. As with our original updating of the LLC Act all of the provisions in this bill are merely "default" provisions that may be overridden by LLC members in their own operating agreements. While technical in nature, the bill is designed, as is the act itself, to be user-friendly and to maintain a high degree of contractual freedom to all LLCs in New Hampshire. The amendment, that was unanimously supported by the Commerce Committee, adds two sections that were inadvertently left out of the original version of the bill passed by the Senate. There are no revenue implications associated with the bill and it has no fiscal impact to the state. Vote 20-0.

Amendment (1839h)

Amend the bill by inserting after section 9 the following and renumbering the original section 10 to read as 12:

10 Document Filing; Signature. Amend RSA 304-C:28, V(c) to read as follows:

(c) If the limited liability company is in the hands of a receiver, executor, or other court

appointed fiduciary, trustee, or other fiduciary, by that fiduciary; or

(d) Unless the operating agreement provides otherwise, by any authorized person, including an attorney-in-fact. An authorization, including a power of attorney, need not be in writing, need not be sworn to, verified, or acknowledged, and need not be filed in the office of the secretary of state, but if in writing, must be retained by the limited liability company or authorized person.

11 New Subdivision; Domestications. Amend RSA 304-C by inserting after section 204 the

following new subdivision:

Domestications

304-C:205 Domestication.

I. A foreign limited liability company may become a domestic limited liability company only if the domestication is permitted by the organic law of the foreign limited liability company. The laws of New Hampshire shall govern the effect of domesticating in New Hampshire pursuant to RSA 304-C:205 through RSA 304-C:210.

II. A domestic limited liability company may become a foreign limited liability company if the domestication is permitted by the laws of the foreign jurisdiction. Regardless of whether the laws of the foreign jurisdiction require the adoption of a plan of domestication, the domestication shall be approved by the adoption by the domestic limited liability company of a plan of domestication in the manner provided in this subdivision. The laws of the foreign jurisdiction shall govern the effect of domesticating in that jurisdiction.

III. The plan of domestication adopted by a domestic limited liability company shall include:

(a) A statement of the jurisdiction in which the limited liability company is to be domesticated;

(b) The terms and conditions of the domestication;

(c) The manner and basis of reclassifying the membership rights of the limited liability company following its domestication into membership rights or other securities, obligations, rights to acquire membership rights or other securities, cash, other property, or any combination of the foregoing; and

(d) Any desired amendments to the certificate of formation or equivalent foreign statutory document (for purposes of this subdivision, the "certificate of formation") of the limited liability company following its domestication. The plan of domestication may include any other provision

relating to the domestication that may be desired.

IV. The plan of domestication may include a provision that the plan may be amended prior to filing the document required by the laws of this state or the other jurisdiction to consummate the domestication, except that subsequent to approval of the plan by the members, the plan may not be amended to change:

(a) The amount or kind of membership rights or other securities, obligations, rights to acquire membership rights or other securities, cash, or other property to be received by the members under

the plan:

(b) The certificate of formation or operating agreement, as they will be in effect immediately following the domestication, except for changes permitted by RSA 304-C:35, II or by comparable provisions of the laws of the other jurisdiction; or

(c) Any of the other terms or conditions of the plan if the change would adversely affect any of the membership rights in any material respect.

V. Terms of a plan of domestication may be made dependent upon facts objectively ascertainable outside the plan in accordance with the principles set forth in RSA 293-A:1.20(j).

VI. If any debt security, note, or similar evidence of indebtedness for money borrowed, whether secured or unsecured, or a contract of any kind, issued, incurred, or signed by a domestic limited liability company contains a provision applying to a merger of the limited liability company and the document does not refer to a domestication of the limited liability company, then the provision shall be deemed to apply to a domestication of the limited liability company until such time as the provision is amended subsequent to that date.

VII. An operating agreement of a domestic limited liability company may provide that decisions by the members relating to the limited liability company's domestications are reserved to specified

members or managers.

304-C:206 Action on a Plan of Domestication.

I. In the case of a domestication of a domestic limited liability company in a foreign jurisdiction:

- (a) If the approval of the members is to be given at a meeting, the limited liability company must notify each member, whether or not entitled to vote, of the meeting of members at which the plan of domestication is to be submitted for approval. The notice must state that the purpose, or one of the purposes, of the meeting is to consider the plan and must contain or be accompanied by a copy or summary of the plan. The notice shall include or be accompanied by a copy of the limited liability company's certificate of formation and operating agreement as they will be in effect immediately after the domestication.
- (b) Unless the operating agreement of the limited liability company requires a greater vote or a greater number of votes to be present, approval of the plan of domestication requires the approval of each voting group entitled to vote separately on the plan by a majority of all the votes entitled to be cast on the plan by that voting group.
- (c) Separate voting by voting groups is required by each class or series of membership rights that:
- (1) Are to be reclassified under the plan of domestication into other securities, obligations, rights to acquire membership rights or other securities, cash, other property, or any combination of the foregoing;
- (2) Would be entitled to vote as a separate group on a provision of the plan that, if contained in a proposed amendment to the certificate of formation or operating agreement, would require action by separate voting groups; or

(3) Is entitled under the certificate of formation or operating agreement to vote as a voting group to approve an amendment of the certificate of formation or operating agreement.

II. If any provision of the certificate of formation or operating agreement adopted or entered into applies to a merger of the limited liability company and that document does not refer to a domestication of the limited liability company, the provision shall be deemed to apply to a domestication of the limited liability company until such time as the provision is amended subsequent to that date.

304-C:207 Articles of Domestication.

- I. After the domestication of a foreign limited liability company has been authorized as required by the laws of the foreign jurisdiction, articles of domestication shall be signed by any member or other duly authorized representative of the limited liability company. The articles shall set forth:
- (a) The name of the limited liability company immediately before the filing of the articles of domestication and, if that name is unavailable for use in this state or if the limited liability company desires to change its name in connection with the domestication, a name that satisfies the requirements of RSA 304-C:32;
- (b) The jurisdiction of formation of the limited liability company immediately before the filing of the articles of domestication and the date the limited liability company was formed in that jurisdiction; and
- (c) A statement that the domestication of the limited liability company in this state was duly authorized as required by the laws of the jurisdiction in which the limited liability company was formed immediately before its domestication in this state.
 - II. The articles of domestication shall have an attached certificate of formation.

III. The articles of domestication with the certificate of formation shall be delivered to the secretary of state for filing, and shall take effect at the effective time provided in RSA 304-C:29.

IV. If the foreign limited liability company was authorized to transact business in this state under RSA 304-C:174 and RSA 304-C:175, then its certificate of authority shall be canceled automatically on the effective date of its domestication in the foreign state.

304-C:208 Surrender of Charter Upon Domestication.

- I. Whenever a domestic limited liability company has adopted and approved, in the manner required by this subdivision, a plan of domestication providing for the limited liability company to be domesticated in a foreign jurisdiction, articles of charter surrender shall be signed on behalf of the limited liability company by any member or other duly authorized representative. The articles of charter surrender shall set forth:
 - (a) The name of the limited liability company;
- (b) A statement that the articles of charter surrender are being filed in connection with the domestication of the limited liability company in a foreign jurisdiction;
- (c) A statement that the domestication was duly approved by the members and, if voting by any separate voting group was required, by each such separate voting group, in the manner required by this chapter and by the certificate of formation and operating agreement; and

(d) The limited liability company's new jurisdiction of formation.

II. The articles of charter surrender shall be delivered by the limited liability company to the secretary of state for filing. The articles of charter surrender shall take effect on the effective time provided in RSA 304-C:29.

304-C:209 Effect of Domestication.

- I. When a domestication of a foreign limited liability company in New Hampshire becomes effective:
- (a) The title to all real and personal property, both tangible and intangible, of the limited liability company remains in the limited liability company without reversion or impairment and the domestication shall not be deemed to give rise to any transfer of real or personal property;
- (b) The liabilities of the limited liability company remain the liabilities of the limited liability company;
- (c) An action or proceeding pending against the limited liability company continues against the limited liability company as if the domestication had not occurred;
- (d) The articles of domestication, or the certificate of formation and operating agreement attached to the articles of domestication, constitute the certificate of formation and operating agreement of a foreign limited liability company domesticating in this state;
- (e) The membership rights of the limited liability company are reclassified into other membership rights, other securities, obligations, rights to acquire membership rights, or other securities of the limited liability company, or into cash or other property in accordance with the terms of the domestication as approved under the laws of the foreign jurisdiction, and the members are entitled only to the rights provided by those terms and under those laws; and
 - (f) The limited liability company is deemed to:
 - (1) Be formed under and subject to the organic law of this state for all purposes;
- (2) Be the same limited liability company without interruption as the limited liability company that existed under the laws of the foreign jurisdiction; and
 - (3) Have been formed on the date it was originally formed in the foreign jurisdiction.
- II. When a domestication of a domestic limited liability company in a foreign jurisdiction becomes effective, the foreign limited liability company is deemed to:
- (a) Appoint the secretary of state as its agent for service of process in a proceeding to enforce the rights of members who exercise appraisal rights in connection with the domestication; and
- (b) Agree that it will promptly pay the amount, if any, to which such members are entitled under RSA 304-C:160 through RSA 304-C:172.
- III. The domestication of a domestic limited liability company as a foreign limited liability company shall not be deemed to give rise to any transfer of real or personal property.
- IV. The owner liability of a member in a foreign limited liability company that is domesticated in this state shall be as follows:
- (a) The domestication does not discharge any owner liability under the laws of the foreign jurisdiction to the extent any such owner liability arose before the effective time of the articles of domestication.

- (b) The member shall not have owner liability under the laws of the foreign jurisdiction for any debt, obligation, or liability of the limited liability company that arises after the effective time of the articles of domestication.
- (c) The provisions of the laws of the foreign jurisdiction shall continue to apply to the collection or discharge of any owner liability preserved by subparagraph (a), as if the domestication had not occurred.
- (d) The member shall have whatever rights of contribution from other members as are provided by the laws of the foreign jurisdiction with respect to any owner liability preserved by subparagraph (a), as if the domestication had not occurred.

304-C:210 Abandonment of a Domestication.

- I. Unless otherwise provided in a plan of domestication of a domestic limited liability company, after the plan has been adopted and approved as required by this subdivision, and at any time before the domestication has become effective, it may be abandoned by the members.
- II. If a domestication is abandoned under paragraph I after articles of charter surrender have been filed with the secretary of state but before the domestication has become effective, a statement that the domestication has been abandoned in accordance with this section, signed by a member or other duly authorized representative, shall be delivered to the secretary of state for filing prior to the effective date of the domestication with the fee, if any, required under RSA 304-C:191. The statement shall take effect upon filing and the domestication shall be deemed abandoned and shall not become effective.
- III. If the domestication of a foreign limited liability company in this state is abandoned in accordance with the laws of the foreign jurisdiction after articles of domestication have been filed with the secretary of state, a statement that the domestication has been abandoned, signed by a member or other duly authorized representative, shall be delivered to the secretary of state for filing. The statement shall take effect upon filing and the domestication shall be deemed abandoned and shall not become effective.

SB 417, relative to employment contract restrictions upon physicians. OUGHT TO PASS.

Rep. Donald Flanders for Commerce and Consumer Affairs. This bill was referred for a second hearing to the House Commerce and Consumer Affairs Committee after receiving unanimous support from the Health, Human Services and Elderly Affairs Committee and passage on the Consent Calendar on April 20, 2016. This bill would prohibit the inclusion in an employment contract of any contract term restricting the right of a physician from practicing medicine "in any geographic area for any period of time" after termination of employment or termination of a professional relationship. Geographic restrictions in physician employment contracts significantly diminish the integrity of the patient-provider relationship and undermine physician autonomy. While not all hospital systems utilize these restrictions when contracting with physicians, the committee strongly supports the elimination of these restrictions as such elimination is squarely in the public interest. Vote 19-1.

SB 431, relative to data submission by insurers. OUGHT TO PASS WITH AMENDMENT.

Rep. Donald Flanders for Commerce and Consumer Affairs. The purpose of this bill as amended is to clarify health claims data reporting requirements following the US Supreme Court's decision in Goebeille v. Liberty Mutual. Since 2003 NH Law has required the reporting of claims data by health insurers and third-party administrators for NH residents, including for self-funded employer plans. NH law has always required that the data be encrypted before reporting, so no personally identifiable information is included. The database has been used for many beneficial purposes including health cost transparency and the nationally-acclaimed HealthCost website operated by the NH Insurance Department, where consumers and employers can compare the cost of having a medical procedure performed at different service locations, depending on their insurance carrier. The US Supreme Court ruled on March 1, 2016, that states are preempted from requiring reporting of data for self-funded private employer plans. The bill as amended clarified that the reporting requirement remains in place for plans not affected by the decision, and it also creates an opt-in process for self-funded employers to choose to have their data included. This will enable the state to continue its health cost transparency initiative. Vote 18-1.

Amendment (1583h)

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Intent. The purpose of this act is to clarify the applicability of existing New Hampshire statutory requirements in light of the United States Supreme Court decision in *Gobeille v. Liberty Mutual*, and to create a mechanism whereby self-funded employers affected by that decision may choose to have their claims data included in their claims administrator's submission to the New Hampshire comprehensive

health information system. The data submission requirements of RSA 420-G:11, IV and V as inserted by section 2 of this act are intended to facilitate the proper functioning of insurance markets and to benefit insured consumers and employers through price transparency that will increase competition and enable all consumers and employers to make informed and cost-effective health care choices. Such market transparency, as a form of insurance regulation, is intended to enhance and optimize market conditions affecting the risk pooling arrangements between insurers and insureds.

2 New Paragraphs; Disclosures by Health Carriers, Third Party Administrators, and Other Insurance Entities. Amend RSA 420-G:11 by inserting after paragraph III the following new paragraphs:

IV. The data submission requirements of paragraphs II and II-a shall apply with respect to claims data for all lives covered by a fully-insured health plan in any market in the state, by any self-funded plan for state or municipal employees, including any plan maintained under RSA 5-B, to any self-funded plan maintained by the university system of the state with respect to its employees or its students, and to any self-funded student health benefit plan maintained by an institution of higher education which provides 4-year bachelor's degree programs and graduate or professional degree programs.

V. In addition to those lives listed in paragraph IV, the data submission requirements of paragraphs II and II-a shall also apply to all health carriers, licensed third party administrators, and any entity required to be registered with the commissioner pursuant to RSA 402-H with respect to claims data for all lives covered by any other self-funded employer-sponsored plan, when the employer has opted in writing to the submission of the data. The carrier or administrator shall notify the employer of the employer's option to authorize submission of the data. The commissioner shall adopt rules under RSA 541-A specifying the form of such opt in, which shall include, but not be limited to, notice to the employer regarding why it is receiving the notification form, the privacy protections for the data submitted should the employer choose to opt in, and the transparency benefits, including benefits to employers, of broad inclusion of as many lives as possible in the database created under RSA 420-G:11-a. Nothing in this paragraph shall be construed to impose any reporting obligation on any self-funded employer or plan sponsor, or to impose any requirement with respect to the manner in which any such self-funded plan is administered. Nothing in this paragraph shall prevent a health carrier or third party administrator from communicating its views to an employer about the employer's decision whether to opt in to the submission of claims data.

3 Effective Date. This act shall take effect upon its passage.

SB 432, relative to itemized bills for medical services. REFER FOR INTERIM STUDY.

Rep. Edward Butler for Commerce and Consumer Affairs. The issue of how to bill for health care services so that consumers can understand the bill and the health care service provider – hospital, clinic, practitioner, private practice – can receive the necessary reimbursement for services rendered continues to be of concern. Hospital bills, especially, are complicated and may use Current Procedural Terminology (CPT) codes. Bills can sometimes reflect what seem to be an outlandish cost for simple procedures or components of care. The committee recommends that this bill be referred for Interim Study because the Hospital Association and the Medical Society will be conducting pilot programs to look at different models of billing, for transparency and clarity. The committee does not believe that this bill as currently constructed achieves those goals. We will follow the work of these pilot programs and determine whether further legislation can be recommended that will provide the clarity needed by consumers in billing statements. Vote 17-2.

SB 501-FN, prohibiting the possession of powdered or crystalline alcohol. INEXPEDIENT TO LEGISLATE.

Rep. Pamela Tucker for Commerce and Consumer Affairs. The majority of the committee felt this bill, while well intentioned, was too broadbased in banning possession of powdered or crystalline alcohol. The Liquor Commission already has the authority to not allow the sales of these products in the state. A new ban on the possession of powdered alcohol would be difficult to enforce. Vote 19-1.

SB 379, relative to additional tests to determine alcohol concentration. OUGHT TO PASS WITH AMENDMENT.

Rep. John Tholl for Criminal Justice and Public Safety. The Intoxilizer 5000 machines that are in current use are obsolete. They are no longer manufactured nor are there any spare parts available. The company that is the sole manufacturer of the second sample tubes has ceased manufacturing the tubes and there are no machines produced that allow for the preservation of a second sample of breath. The newer-technology machines are several generations improved from the machines in current use and provide a better means of determining the alcohol content of a person's blood. This

bill as amended allows for the replacement of the current antiquated machines while still preserving the ability of the person arrested to obtain a timely (within 2 hours) sample of their blood for testing at their own expense. The committee feels very strongly that this is an important step forward as evidenced by its bipartisan, unanimous vote. Vote 17-0.

Amendment (1774h)

Amend the bill by inserting after the enacting clause the following and renumbering the original section 1-4 to read as 2-5, respectively:

1 Statement of Findings. The general court finds that:

I. The state of New Hampshire currently uses Intoxilyzer 5000 EN instruments for the purpose of testing the breath alcohol content of individuals who are suspected of driving while impaired.

II. The Intoxilyzer 5000 EN allows the test administrator to obtain 2 breath samples, which are analyzed by the instrument. After each sample is analyzed, it is then captured (preserved an additional sample). This additional sample is then provided to the person being tested, for independent analysis if the person so choses.

III. The New Hampshire supreme court held, in *State v. Cornelius*, 122 N.H. 925 (1982), that due process required the state to take and preserve an additional breath sample for independent testing.

IV. In 2010, the legislature sought an opinion from the New Hampshire supreme court as to whether then-pending legislation to eliminate the requirement that an additional breath sample be preserved for independent testing tests would violate due process. In a divided opinion, the majority of the court, in *Opinion on the Justices (Eliminating Requirement for Additional Breath Test Samples)*, 160 N.H. 180 (2010) held that it would. The court noted that while it "recognize[d] that technological advances may well obviate the need to capture and preserve a second breath sample,... no legislative findings have been rendered in that regard." It also observed that "in light of the apparent absence of realistic access to additional testing, we are reluctant to conclude that the proposed breath testing is substantially without risk of error."

V. The Intoxilyzer 5000 EN has not been manufactured since 2013. Replacement parts are no longer available, including RAM time keeper chips, photo interrupters, IR filters from the same manufacturer, vacuum fluorescent displays, and EPROMs, all of which are critical to the accurate functioning of the testing instrument.

VI. New Hampshire is the only state in the nation (and only place in the world) that continues to use the Intoxilyzer 5000 EN for preserving an additional sample.

VII. The models of breath testing instruments currently being manufactured employ a far more technologically sophisticated analytical process. While a properly functioning, calibrated intoxilyzer 5000 EN produces accurate results, the degree of confidence one can have in the accuracy of the results from one of the newer instruments is substantially enhanced by the more sophisticated analytical process.

VIII. There are no longer any modern models of breath alcohol instruments that are designed to capture additional breath samples.

IX. The legislature finds that technological advances and the changes in testing protocols since the *Cornelius* decision have now obviated the need to capture and preserve a second breath sample, and that the accuracy of the currently available technology substantially eliminates any risk of error. Amend RSA 265-A:7, III as inserted by section 2 of the bill by replacing it with the following:

[H.] III. [The] A sample [or samples] of breath taken pursuant to [RSA 265-A:4] paragraph I shall be [captured in an appropriate medium approved] analyzed in accordance with rules adopted by the commissioner of the department of safety pursuant to RSA 265-A:5, V[, and shall be sufficient to allow an equivalent additional test for each breath sample taken pursuant to 265-A:4. The captured sample or samples shall be given to the respondent in a manner determined by the commissioner of the department of safety]. A subject who submits to an infrared molecular absorption test at the request of a law enforcement officer shall have the right at his or her own expense to have a blood sample drawn and a blood test made by a person of his or her own choosing who is competent to conduct the tests, as determined by the commissioner of the department of safety under RSA 265-A:5. The person shall be so informed by the law enforcement officer at the same time as the person is requested to permit a test under the provisions of RSA 265-A:4. At that same time the person shall also be provided contact information for individuals and the nearest facilities that make themselves available to draw and test blood. The individuals listed, by virtue of their residence or work location, should have a reasonable probability of performing the blood draw within 2 hours of the initial breath sample having been taken by the police. The failure or

inability of an arrested person to obtain an additional test shall not preclude the admission of any test taken at the direction of a law enforcement officer, authorized agent, or peace officer. Nothing in this paragraph shall require the release from custody of the arrested person for the purpose of having such additional test taken, however, an arrested person who remains in custody shall be permitted to have his or her blood drawn by a person who has been determined to be competent by the commissioner of the department of safety under RSA 265-A:5.

SB 391, relative to annulment of certain misdemeanor offenses. OUGHT TO PASS WITH AMENDMENT.

Rep. Arthur Barnes for Criminal Justice and Public Safety. During the 2015 session the legislature passed HB 305 which allowed a certain class of persons convicted of a crime which occurred between May 14, 2014 and July 1, 2015 while the person was 17 years of age to petition the court for an annulment. The law so-created ended up in session law where it is difficult to find. This bill as amended moves that law into RSA 651 where it will be easy to find. Vote 18-0.

Amendment (1300h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to annulment of certain misdemeanor offenses and relative to the annulment of offenses occurring between May 14, 2014 and July 1, 2015.

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 4:

2 New Section; Annulment of Criminal Records; Offenses Occurring Between May 14, 2014 and July 1, 2015. Amend RSA 651 by inserting after section 5 the following new section:

651:5-a Annulment of Criminal Record Based on Conduct Occurring Between May 14, 2014 and July 1, 2015. Notwithstanding RSA 651:5, any person convicted of a criminal offense which occurred between May 14, 2014 and July 1, 2015, and while the person was 17 years of age, shall be entitled to an annulment of such conviction upon petition to the court. An annulment petition brought under this section shall not be subject to any filing fee, and shall only be brought following the expiration of any sentence imposed by the court. An annulment petition brought under this section may be denied only upon a written finding by the court, based on clear and convincing evidence, that the subject offense would have qualified for transfer to the superior court pursuant to RSA 169-B:24 and that the prosecution would have pursued such a transfer. This section shall not apply to any offense which may be prosecuted as an adult criminal offense after July 1, 2015 against persons who have not yet reached 18 years of age.

3 Repeal. 2015; 260:3, relative to annulment of a criminal conviction based on an offense that occurred between May 14, 2014 and July 1, 2015 while the person was 17 years of age, is repealed.

AMENDED ANALYSIS

This bill amends the waiting period for petitioning for the annulment of a misdemeanor marijuana or hashish offense. The bill also permits the annulment of a conviction based on conduct that occurred between May 14, 2014 and July 1, 2015, and while the person was 17 years of age, and repeals a session law on the same subject contained in HB 305 of the 2015 legislative session.

SB 394, relative to criminal history record checks of nursing home administrators. OUGHT TO PASS. Rep. John Martin for Criminal Justice and Public Safety. This bill requires every applicant for an initial or reciprocity license or reinstatement to authorize and submit to a criminal history background check. This is a necessary step to protect the most vulnerable of our citizens, nursing home residents who may be totally dependent on the facility for their medical, emotional and financial care, and, in many cases, rely on the facility, in the absence of family, to see to their needs. The nursing home administrator is in a unique position of trust when it comes to seeing to the needs and protecting the interests of those committed to his or her charge. A background check only serves as a tool to help protect those residents. Vote 17-0.

SB 544, establishing a committee to study funding options for the Internet crimes against children task force. OUGHT TO PASS.

Rep. Arthur Barnes for Criminal Justice and Public Safety. The Internet Crimes Against Children Task Force is currently administrated by the Portsmouth Police Department. It is federally funded and used by 90 law enforcement agencies throughout NH to forensically recover evidence from

electronic devices to assist prosecutions of internet crimes against children. There is a concern that the federal funds may dry up and this committee will conduct a study and make recommendations for legislation in the next session should that happen. Vote 18-0.

SB 310, expanding the defense and indemnification provided under RSA 99-D to certain claims filed with and investigations by professional licensing boards, committees, and regulatory agencies. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Peter Schmidt for Executive Departments and Administration. This bill is the work product of a study commission convened to address a deleterious loophole in RSA 99-D. Certain state employees who are professional license holders were being subjected to largely nuisance lawsuits of a retaliatory nature arising out of, and in conjunction with, the performance of their duties as state employees. Although defended and indemnified in that capacity by the State of New Hampshire, they were not protected from the aforesaid harassment lawsuits in their status as professional license holders; and they were regularly required to engage outside counsel, with the concomitant costs thereof, to defend themselves before their licensing boards, and the like. This bill corrects that inequity by expanding the defense and indemnification provisions of RSA 99-D. The committee amendment merely repeals the now superfluous commission to study this issue. Vote 14-1.

Amendment (1236h)

Amend the title of the bill by replacing it with the following:

AN ACT expanding the defense and indemnification provided under RSA 99-D to certain claims filed with and investigations by professional licensing boards, committees, and regulatory agencies, and repealing the commission to study expansion of defense and indemnification rights to certain state employees.

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3: 2 Repeal. RSA 99-D:10, relative to the commission to study expansion of defense and indemnification rights to certain state employees, is repealed.

AMENDED ANALYSIS

This bill expands the defense and indemnification provided under RSA 99-D to certain claims filed with and investigations by professional licensing boards, committees, and regulatory agencies. This bill also repeals the commission to study the expansion of defense and indemnification rights to certain state employees.

SB 329, revising the nurse licensure compact. OUGHT TO PASS WITH AMENDMENT.

Rep. Mark Proulx for Executive Departments and Administration. The Nurse Licensure Compact Law was adopted in New Hampshire in 2004. The compact makes it easier for nurses to practice across state lines by eliminating the need for duplicate licenses in states that have agreed to uniform standards for licensure. Currently, 39 states have joined the compact and others are considering joining. This bill adopts the revised model act for the Nurse Licensure Compact. The amendment clarifies that nurses who are licensed in another state and working in NH under the compact are not included in the definition of 'medical technician.' Vote 15-0.

Amendment (1242h)

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4: 3 Registration of Medical Technicians; Definition. Amend RSA 328-I:1, VI to read as follows:

VI. "Medical technician" means a health care worker who is not licensed or registered by a New Hampshire regulatory board and who assists licensed health care professionals in the diagnosis, treatment, and prevention of disease. "Medical technician" shall not include a nurse licensed in another state who is working in New Hampshire under the nurse licensure compact established in RSA 326-B:46. For the purposes of this chapter, medical technicians shall be limited to health care workers with access to controlled substances and with access to or contact with patients in a health care facility or in a medical establishment.

AMENDED ANALYSIS

This bill adopts the revised model act for the nurse licensure compact under RSA 326-B:46. The bill also inserts a clarification in the definition of a medical technician under RSA 328-I for nurses working in New Hampshire under the nurse licensure compact.

SB 424-FN, relative to transition provisions for licensure of master licensed alcohol and drug counselors, and establishing a committee to study licensure of alcohol and drug counselors. OUGHT TO PASS WITH AMENDMENT.

Rep. Peter Schmidt for Executive Departments and Administration. This bill, with the amendment, is the work product of a subcommittee process involving knowledgeable stakeholders and agency personnel, public and private. It addresses a particular aspect of the present opioid crisis in NH, namely the shortage of trained counselors to support and help treat individuals dealing with substance abuse, especially those suffering from co-occurring disorders. It facilitates attracting trained counselors from outside NH, enabling them to rapidly engage with our citizens, while advancing their professional credentials. Further, it reduces the current license fee from \$300 to \$240, as this was determined to both be a barrier to attracting outside candidates, and in excess of board funding requirements. Vote 15-0.

Amendment (1556h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to applicants for licensure as alcohol and drug use counselors from other states, and relative to the fee for licensure as a master licensed alcohol and drug counselor.

Amend the bill by replacing all after the enacting clause with the following:

- 1 Alcohol and Other Drug Use Professionals; Applicants From Other States. Amend RSA 330-C:21 to read as follows:
 - 330-C:21 Applicants From Other States.
- I. The board may license or issue a certification to any applicant who is licensed or certified in any other state, provided the other state's requirements are substantially equivalent to or more stringent than those of this state.
- II. The board may license or issue a certification to any applicant who is licensed or certified in any other state if the other state's requirements are not substantially equivalent to those of this state solely because the applicant has obtained a master's degree in a discipline described in RSA 330-C:16, I(a) which is less than a 60-hour degree. An individual licensed under this paragraph shall:
- (a) Complete the necessary additional hours of course work in co-occurring disorders pursuant to standards established by the board within 5 years from the effective date of licensure or certification;
- (b) Have completed 3,000 hours of clinically supervised work experience in the treatment of substance use and co-occurring disorders. These hours may be completed after the applicant has been issued the master's degree. Up to 1,500 hours of clinically supervised work experience accumulated by the applicant during his or her practice as a LADC may be counted toward the required 3,000 hours. In addition, a current license issued by the board of mental health practice may be substituted for 1,500 hours of the required 3,000 hours of clinically supervised work experience;
 - (c) Conduct his or her practice as an MLADC in full compliance with RSA 330-C:10; and
- (d) Notify the board in writing that he or she has completed the requirements in sub-paragraph (a).
- III. If an individual licensed under paragraph II does not satisfy the requirements of subparagraph II(a) within 5 years of initial licensure or certification, the board shall not renew the individual's MLADC license but shall, if the individual meets all the requirements for licensure as a LADC, issue a LADC license to the individual.
- IV. The board may waive provisions of this chapter requiring supervised work experience and practical training and grant a license as a licensed alcohol and drug counselor or master licensed alcohol and drug counselor to any applicant who presents proof of active licensed practice in another jurisdiction of the United States for a period of 10 years or more.
 - 2 Alcohol and Other Drug Use Professionals; Fees. Amend RSA 330-C:8, I as follows:
- I. The board shall charge licensed alcohol and drug counselors, licensed clinical supervisors, and certified recovery support workers a \$110 fee for the issuance of an initial license or certificate, and \$110 for the renewal of a license or certificate under this chapter. The fee for a master licensed alcohol and drug counselor shall be [\$300] \$240 and the renewal fee shall be [\$300] \$240. All licenses shall be renewed biennially on or before June 30 upon payment of the license renewal fee. In addition the board shall establish by rule fees for license and certificate applications, late renewal, and reinstatement of all licenses and certifications authorized by this chapter.
 - 3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill allows alcohol and drug use professionals from other states to be licensed by the board of mental health practice in New Hampshire if they complete certain course work and clinical work within 5 years of licensure or have 10 or more years of experience. The bill also reduces the fee for licensure as a master licensed alcohol and drug counselor.

SB 489, authorizing a demonstration project using a Stirling engine system. OUGHT TO PASS. Rep. J.R. Hoell for Executive Departments and Administration. This bill, as amended by the House after the review of the first committee, would allow the Department of Administrative Services (DAS) to work with an outside company to install and test a prototype electrical generator powered by a Stirling engine. The committee heard about a building in Manchester where this is already taking place and felt that by allowing one of the state's buildings to be hooked up to one of these NH-designed and developed generators, we would go a long way towards showing that NH is a business friendly place. Everyone who testified was in favor of the bill. The costs for the installation, demonstration and removal will be completely borne by the outside firm. The electrical power and heat generated by this prototype will be provided to the state at less than or equal to the current market cost for those items. The committee did hear from DAS and they did not have any logistical issues with the proposal. The committee felt that this was a very positive way to showcase the research and development that is going on in NH. The only potential cost will relate to staff time required to issue the RFP and reviewing responses. The committee clearly thought that this was a way to leverage for a very small labor investment the chance for long-term business tax revenue from helping grow another company in NH. Vote 15-0.

SB 302-FN-A, making an appropriation to the department of safety for disaster and emergency response preparedness. INEXPEDIENT TO LEGISLATE.

Rep. David Danielson for Finance. This bill would have reopened the budget. Had the bill passed it would have resulted in the lay-off of one position because this bill sought to eliminate the approved transfer of renewable fund energy revenue to the Department of Safety's Division of Homeland Security. It would replace the revenue transfer with a general fund appropriation in FY 2016 (\$745,119) and FY 2017 (\$1,553,015). The expenditures of the Public Utilities Commission would expect an increase of \$720,000 in FY 2016 and \$1,500,000 in FY 2017 and each succeeding year thereafter. The committee felt that it would be unwise to reopen the budget for such transfers. Vote 26-0.

SB 409-FN, relative to the first responder's critical injury benefit and establishing a committee to study soft tissue injuries under workers' compensation. **OUGHT TO PASS**.

Rep. Kenneth Weyler for Finance. In 2012 a police officer was shot multiple times and survived. Because all his wounds were soft tissue injury, workers' compensation insurance did not cover the medical care. A commission was formed to work on this problem. The commission recommended up to \$500,000 with a cap of \$125,000 per person. The funding expires in June 2016. This bill extends the funding for one year and appoints a committee to study this issue for further action. The officer, for whom the bill was originated, is still undergoing treatment. The Finance Committee agreed with the policy, and saw no reason to change the bill. Vote 26-0.

SB 420-FN, relative to aid to the permanently and totally disabled. OUGHT TO PASS.

Rep. Cindy Rosenwald for Finance. This bill is a request of the Department of Health and Human Services. It is needed to clarify eligibility for cash assistance under the state's Aid to the Permanently and Totally Disabled cash assistance program relative to federal cash assistance. It enables the department to adopt rules necessary to bring the state into compliance with a Supreme Court decision. It is expected to save the state a small amount of money as the department's eligibility determinations will be upheld more frequently. Vote 26-0.

SB 444-FN, relative to lottery retailer incentive awards. OUGHT TO PASS WITH AMENDMENT. Rep. Karen Umberger for Finance. Lottery sales are a competitive market, not only locally, but state-to-state. When a retailer sells a winning ticket for PowerBall, Megabucks, or Lucky-for-Life, the retailer receives \$30,000. Other states pay much more. To be more competitive, this bill would make the amount for selling the winning ticket increase to \$75,000. Although this is a large increase, it is very unlikely to be paid more often than every 10 years or more. Vote 22-4.

Amendment (1814h)

Amend RSA 284:21-s as inserted by section 1 of the bill by replacing it with the following:

284:21-s Incentive Awards for Ticket Sellers. The lottery commission is authorized to pay cash incentives, at a rate established by the commission but not to exceed [\$30,000] \$75,000 for a [jackpot] winning ticket, [or not to exceed \$500 for each incidence of meeting or exceeding lottery commission established sales goals,] as an inducement to [servants] employees and agents authorized to sell tickets pursuant to RSA 284:21-h, II(d).

SB 491-FN, relative to Medicaid home health care services and relative to the scope of practice of licensed nursing assistants. **OUGHT TO PASS WITH AMENDMENT**.

Rep. Mary Jane Wallner for Finance. The bill requires Medicaid coverage of medically-necessary home health care services to be provided to older adults and persons with disability at their residence and adds in any non-institutional setting in which normal life activities take place. The committee amendment removed an unnecessary requirement for approval by the Federal Centers for Medicare and Medicaid services. Vote 26-0.

Amendment (1593h)

Amend RSA 161-N:3 as inserted by section 1 of the bill by replacing it with the following:

161-N:3 Home Health Care Services Location. Medicaid coverage of medically-necessary home health care services shall be available to Medicaid recipients at their residences and in any non-institutional setting in which normal life activities take place.

Amend RSA 161-N:4, I as inserted by section 1 of the bill by replacing it with the following:

I. Further definition of home health care services under RSA 161-N:3.

SB 496-FN, relative to personal care attendant services. OUGHT TO PASS WITH AMENDMENT. Rep. Betsy McKinney for Finance. This bill, as previously passed by the House, expanded personal care services for severely physically disabled persons to any location in which normal life activities occur. The committee amended the bill to ensure that the number of hours for which these services are provided remains unchanged from current levels. Vote 26-0.

Amendment (1679h)

Amend the bill by replacing section 1 and 2 with the following:

1 Personal Care for the Severely Physically Disabled; Definitions. Amend RSA 161-E:1, III to read as follows:

III. "Severely physically disabled person" shall mean an *adult* individual *over the age of 18* who has been approved to participate in an independent living program and who requires a minimum of 2 hours of medically [oriented] necessary personal care per day in order to maintain himself or herself in a noninstitutional setting. Such care may include [hands-on] assistance in the following areas: basic personal care and grooming, assistance with bladder and bowel care, assistance with medications, assistance with nutrition including meal preparation and essential household services.

2 Personal Care for the Severely Physically Disabled; Personal Care Attendant Services Program. Amend RSA 161-E:2 to read as follows:

161-E:2 Services Provided. The commissioner of the department of health and human services shall develop a program under which severely physically disabled persons eligible for coverage under medical assistance programs are provided with personal care attendants to provide [on a periodic basis] medically [oriented] necessary long-term maintenance and supportive care to assist them, as is required in each individual case, to maintain themselves in their homes and gain greater control over their own lives. Personal care services under this chapter may be delivered in noninstitutional locations in which normal life activities occur. Personal care services shall be those numbers of hours of service which a severely physically disabled person would be approved to receive if the services were provided exclusively at home, school, or work.

AMENDED ANALYSIS

This bill clarifies the definition of a severely physically disabled person and allows access to the community for such persons under the law governing personal care for the severely physically disabled.

SB 500-FN, relative to student health insurance plans. OUGHT TO PASS.

Rep. Peter Spanos for Finance. The purpose of this bill is to establish a mechanism to provide formal authorization for Dartmouth College and the University of New Hampshire to continue

to operate student health insurance plans on a self-funded basis. This is necessary because of changes to the federal health care laws. Both institutions have been operating such plans for several years, and these plans offer health insurance at a lower cost than the Affordable Care Act (ACA) marketplace because the population found in the institutions is young and relatively healthy. As a result these plans save college students money and provide health care mandated under the ACA. However, now that the federal health care laws have changed, the institutions will be forced to cease offering the plans and to close their on campus health centers where students can be seen unless the New Hampshire Insurance Department collaborates with them and this provides the federally mandated oversight. Since these plans offer a much lower cost option to obtaining health insurance mandated under the ACA, the institutions requested assistance from the New Hampshire Insurance Department. The majority of the committee felt that this helped lower overall college costs and provided more than adequate health coverage at a reasonable cost to people who attend these institutions. Vote 26-0.

SB 384, relative to the feeding of wild deer. OUGHT TO PASS WITH AMENDMENT.

Rep. Jonathan Manley for Fish and Game and Marine Resources. This bill, as amended, allows the Department of Fish and Game to provide critical educational materials to businesses and establishments that sell wild animal feed regarding the dangers to deer health if they are fed certain foods at certain times of the year. The businesses and establishments may then pass the information along to their customers. The amendment removes from the bill the prohibition on feeding deer foods that are determined by the department to be detrimental to their health and the requirement that feed for wild deer be labeled "Feeding wild deer could be harmful or fatal to their health." The amendment also makes the distribution of the educational materials by the department to businesses and establishments optional, as well as the subsequent passing of the information along to customers. Vote 15-0.

Amendment (1522h)

Amend RSA 208:8-b as inserted by section 1 of the bill by replacing it with the following:

208:8-b Feeding of Wild Deer. The fish and game department may provide informational materials concerning the harmful or fatal feeding of wild deer to businesses and establishments in this state which sell or offer for sale wild animal feed. Any such business or establishment may provide the informational materials to persons purchasing wild animal feed.

AMENDED ANALYSIS

The bill authorizes the fish and game department to distribute informational materials on the feeding of wild deer.

SB 127-FN, relative to the appointment of special Medicaid representatives. OUGHT TO PASS WITH AMENDMENT.

Rep. Stephen Schmidt for Health, Human Services and Elderly Affairs. The purpose of this bill is to expedite the filing of an application for Medicaid in those cases where the resident or patient of a nursing home or hospital has not paid for his or her care and not filed an application for Medicaid. In most cases, the resident or patient lacks the ability to independently process an application for Medicaid and their family member or attorney has failed to assist in the process. The result is that the cost of care may be substantial to those institutions where delays in filing present a severe financial impact on those institutions rendering patient services. The original bill was substantially modified in subcommittee to address issues including: approval by the Centers for Medicare and Medicaid Services; patient notification; appointment of counsel for the patient; compensation limits for the special Medicaid representative; waiting periods; clarification of confidentiality provisions; and confidentiality of the completed Medicaid application. The majority of the committee was convinced that passage of this legislation will be protective of patient rights while at the same time providing nursing home and hospitals with a useful tool to speed up the process of filing Medicaid applications to the financial benefit of the institutions rendering patient services. Vote 17-2.

Amendment (1367h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Special Medicaid Representatives. Amend RSA by inserting after chapter 151-H the following new chapter:

CHAPTER 151-I SPECIAL MEDICAID REPRESENTATIVES

151-I:1 Definitions. In this section:

- I. "Care facility" means a long-term care facility licensed pursuant to He-P 803, 804, or 805 or "health care facility," "hospital," or "rehabilitation facility," as defined in RSA 151-C:2, XV-a, XX, and XXXIII.
 - II. "Commissioner" means the commissioner of the department of health and human services.

III. "Court" means the circuit court probate division.

- IV. "Department" means the department of health and human services.
- V. "Medicaid applicant" means the person and his or her agent, who applies for Medicaid benefits in accordance with a request made pursuant to RSA 151-I:2.
- VI. "Person" means the patient or resident of a care facility from whom a completed Medicaid application is sought or for whom a special Medicaid representative is requested for the purpose of submitting a Medicaid application.
- VII. "Special medicaid representative" means an individual or entity appointed by the court to collect the information necessary and to complete and process an application for Medicaid with the department of health and human services.
 - 151-I:2 Special Medicaid Representatives.
- I. If a person in a care facility has not paid the costs of care as they become due through personal funds, Medicare, private health or long-term care insurance, the Affordable Care Act, or other third party arrangement, and the care facility in good faith believes that the person may be eligible for Medicaid benefits:
- (a) The care facility may send out a written request signed by the duly-authorized representative of the care facility. The request shall be sent to the person, the person's spouse, and any of the person's known agents including without limitation guardians, conservators, agents under powers of attorney, or any contractually responsible family members, by certified mail, return receipt requested, to their last known address. The written request shall inform the person that the care facility reasonably believes the person is eligible for Medicaid and inform the person on how to file a Medicaid application with the department. The written request shall also notify the person that if the person chooses not to file a Medicaid application the facility may petition the court for the appointment of a special Medicaid representative pursuant to this chapter.
- (b) If the person or one of the person's agents files a Medicaid application, the application shall be in a form sufficient to be accepted to begin processing by the department and Medicaid eligibility shall be determined consistent with RSA 151-E:3 and RSA 167:4. A contemporaneous notice and copy of the application shall be provided by the person to the care facility, the person's spouse, and any of the person's known agents, by certified mail, return receipt requested; provided however that the Medicaid applicant may omit the copy of the Medicaid application in the notice to the care facility.
- (c) If the person or the person's agents file the Medicaid application, the care facility may also request that they cooperate with the care facility in executing authorizations in favor of the care facility including, but not limited to, authorizing the care facility to communicate with the department regarding the Medicaid application, and otherwise cooperate in obtaining any additional financial and asset information required by the department to complete and process the Medicaid application such that it is sufficiently complete for the department to make an eligibility determination; provided, however, that the care facility shall minimize to the extent possible the number of authorized employees who work on the application or have access to the person's financial and asset information. To the extent that the person and the person's agents cooperate and execute such authorizations and the care facility receives such information, the employees of the facility shall have a duty to preserve the confidentiality of the information, except to the extent necessary for the processing of the Medicaid application. The department shall promptly respond to any inquiries by the person, the person's legal agent, or care facility as to the status of the Medicaid application. Notwithstanding any other provision of this chapter, any refusal of the person or the person's agents to execute authorizations in favor of a care facility shall be subject to the right of the facility to petition the court for the appointment of a special Medicaid representative for noncooperation as stated in subparagraph (d).
- (d) The care facility may petition the court for the appointment of a special Medicaid representative:

(1) If the care facility does not, upon the care facility's inquiry, receive confirmation from the department of the filing of a Medicaid application within 5 business days of the care facility's inquiry in accordance with subparagraph (b); or

(2) If the care facility does not, upon the care facility's inquiry, receive confirmation from the department within 15 business days of the care facility's inquiry that the Medicaid application has been completed and is waiting for an eligibility determination consistent with RSA 151-E:3 and RSA 167:4.

- (e) For the purposes of this chapter only, if the otherwise eligible Medicaid applicant or care facility has attempted in good faith to obtain financial and asset information but is being prevented from providing this information because of a third party, then the department shall not deny the Medicaid application for failure to provide this information, if the Medicaid applicant or care facility provides documentation that they have made good faith efforts, but have failed to obtain such information by:
 - (1) Sending 2 written requests to the third party demanding the requested information; and
- (2) If such requests are unsuccessful, filing a motion to compel or a petition for discovery in a court of competent jurisdiction to order the third party to provide the requested information.
- (f) In those instances where the Medicaid applicant or an authorized care facility seeks financial or asset information from an individual or entity, the individual or entity shall respond and produce the requested information to the extent that the individual or entity is in possession of such information no later than 30 days after receipt of the request, unless the individual or entity can show good cause in writing to the Medicaid applicant or care facility why more time is required or why it should not have to produce some or all of the information.
- (g) Individuals or entities responding to a request for information from a Medicaid applicant or an authorized facility pursuant to this section shall only be permitted to charge reasonable costs of responding, including no more than \$.25 per page for copying. If an individual or entity fails to respond within 30 days, then it shall forfeit any right to reimbursement for responding or copying or related costs.
- (h) When the Medicaid applicant or the authorized care facility believe that the Medicaid application is ready for an eligibility determination and so notify the department, the department shall state with specificity the information that still needs to be provided, or else act on the application within 90 days and eligibility determinations shall be made consistent with RSA 151-E:3 and RSA 167:4.
- II.(a) Except in those instances where the court has already commenced a guardianship of the estate or the person or conservatorship as described under subparagraph (c), when the Medicaid applicant and, where applicable and required, the person's spouse, fails to cooperate in the Medicaid application process, the care facility may petition the court for the appointment of a special Medicaid representative for the limited purpose of applying for Medicaid for the person. The petition shall include the names and addresses of any current agents under any power of attorney over the person or the person's finances and assets, as known to the care facility and shall also include the following information:
- (1) The name, address, corporate or agency status of the petitioning care facility and its connection with or relationship to the person.
 - (2) The name, age, and address of the person.
- (3) The names and addresses of adult spouses, parents, children and siblings of the person, so far as they are known to the care facility.
- (4) The name, address, occupation and relationship to the person, if any, of the proposed special Medicaid representative.
 - (5) The name and address of counsel, if any, for the person.
- (b) The care facility shall file a statement with the petition containing facts demonstrating the need for the appointment of a special Medicaid representative which shall include an affidavit of a duly-authorized representative of the care facility demonstrating the basis for its belief that a Medicaid application is necessary, and that the written request has been provided to the person or any agents of the person, and that neither the person nor any of the person's agents have filed a Medicaid application with the department that meets the requirements of subparagraph I(b) or that the person or the person's agents have otherwise failed to cooperate as stated above in paragraph I(c) and (d).
- (c) If the court has already commenced a guardianship of the estate or the person or a conservatorship, the care facility shall petition the court in that proceeding for relief compelling the guardian or conservator to submit and complete the Medicaid application.

III. A special Medicaid representative shall have the authority to request and receive from any individuals or entities, including any government entities and financial institutions, and to compile and report in the form of a Medicaid application, all information required by the department to determine the person's eligibility for Medicaid, and shall have the duty to expeditiously submit, complete, and prosecute such application. The Medicaid applicant and the care facility shall have a duty to cooperate with the special Medicaid representative. Any individual or entity receiving a request from such special Medicaid representative shall comply with the request no later than 30 days after receipt of such request to the extent that the individual or entity is in possession of such information, unless the individual or entity can show good cause in writing why more time is required or why it should not have to produce some or all of the information. If the individual or entity fails to comply with the request for information, the special Medicaid representative may notify the court of that failure with notice to the individual or entity by certified mail, return receipt requested, and the court may issue such orders as appropriate for the failure to respond. The special Medicaid representative shall provide contemporaneous notice to the person, the person's spouse, and the person's agents of any such request for information, by certified mail, return receipt requested.

IV.(a) Within 10 days of the filing of the petition, the court shall issue orders of notice to the person, the person's spouse, and any of the person's known agents as provided to the court which shall contain:

- (1) The date, time, and place set for the hearing on the petition, which hearing shall take place no later than 40 days from the filing of the petition.
 - (2) The deadline by which any interested parties shall file an objection to the petition.
 - (3) Information regarding the purpose of the appointment of a special Medicaid representative.
- (4) Information regarding the rights of the person or the person's agents in the proceedings such as the right to oppose the proceeding, to attend the hearing, and to present evidence.
- (5) Notice that, if the petition is granted, the person may be liable for the fees and expenses of the special Medicaid representative as allowed by the court.
- (b) Orders of notice of the hearing shall include a copy of the petition and shall issue by first class mail to the:
- (1) Person, the person's counsel, if any, the person's spouse, and the person's agents whose names and addresses appear on the petition;
 - (2) Proposed special Medicaid representative; and
 - (3) Care facility.
- (c) At the hearing on the petition, the care facility shall have the burden of proving by a preponderance of the evidence that the Medicaid application is necessary, that the care facility has requested that the person or the person's agents submit and complete a Medicaid application to the department, and that no Medicaid application has been submitted to the department for the person or that, where an application was submitted, the person, the person's spouse, or the person's agents have failed to cooperate or diligently prosecute the application. If the care facility meets its burden of proof, the court shall enter an order granting the petition and expressly and specifically memorializing the authority of the special Medicaid representative to request and receive from any entity or individual any and all information about the finances and assets of the person and the person's spouse, if applicable, required by the department to determine the person's eligibility for Medicaid consistent with RSA 151-E:3 and RSA 167:4 and authorizing the care facility to have access to the information obtained by the special Medicaid representative. The order granting the petition shall not be stayed pending appeal except where expressly ordered by the court upon good cause shown. The special Medicaid representative shall not be an employee of the care facility provided however that this provision shall not bar the voluntary payment in whole or in part of any fees of the special Medicaid representative by a care facility pursuant to subparagraph V(c).
- (d) Objections, if any, to the petition shall be filed by the deadline scheduled by the court which shall in any event be no later than 5 days before the hearing date and shall describe with specificity the objection and the grounds for the objection; provided, however, that no such objection shall be sustained unless the objector can show by a preponderance of the evidence that:
- (1) A full and complete Medicaid application has been submitted to the department by the person or the person's agents;
- (2) Since the filing of the petition the person has paid the previously outstanding balance and the person has the financial capability to pay the estimated costs of care of the person at the care facility for a minimum of 6 months from the date of the hearing;

- (3) The person has adequate insurance or other third-party coverage to pay the care facility's costs of care:
 - (4) The filing of the Medicaid application is not in the best interest of the person; or

(5 The person is not eligible for Medicaid.

- (e) Unless the person is represented by private counsel or makes a knowing, voluntary, and intelligent waiver, the court shall appoint counsel, the fees and costs for which shall be paid from the estate of the person or, upon a finding that the person is indigent, from the care facility; provided, however, that such fees and costs are reasonable and approved by the court and further provided that in no event shall the fees and costs of such counsel exceed \$900 in the aggregate. The said fees and costs may also be paid by the care facility by agreement.
- V.(a) The special Medicaid representative shall file an annual status report with the court on the anniversary of the appointment of the special Medicaid representative, and shall file a final status report with any motion to terminate the authority of the special Medicaid representative. The authority of the special Medicaid representative shall terminate upon motion and order of the court following the final approval or denial by the department of the Medicaid application after a full eligibility determination as to the person including the resolution of all appeals. The court may require a bond from the special Medicaid representative in such sum as it deems appropriate. In the discretion of the court, a bond without sureties may be given.

(b) Information obtained pursuant to this chapter shall not be used for any purpose other than obtaining Medicaid coverage for the person and all such information shall otherwise remain confidential except as to the special Medicaid representative. The court may enter such orders as it deems appropriate upon proof by a preponderance of the evidence of a violation of the duty of

confidentiality described in this subparagraph.

- (c) The court, in its discretion, may award the special Medicaid representative reasonable compensation in an amount not to exceed \$500 for his or her services, including, but not limited to, expenses, legal fees, and other costs to be paid from the assets of the person as determined by the court as allowed by law; however, no Medicaid funds shall be used to pay for the special Medicaid representative's compensation and no general funds shall be used to pay for the special Medicaid representative's compensation unless the general court appropriates funds specifically for such a purpose. Said compensation for services, expenses, legal fees, and other costs of the special Medicaid representative may also be paid by agreement with any other interested party.
 - (d) Nothing contained in this chapter shall diminish any other rights of a care facility.
- 2 Applicability. The implementation of RSA 151-I as inserted by section 1 of this act shall be subject to written approval by the Centers for Medicare and Medicaid Services. If required, the commissioner of the department of health and human services shall develop and prepare amendments to the state Medicaid plan for submission and approval to the Centers for Medicare and Medicaid Services (CMS). The commissioner shall seek and have in place approval from the CMS by December 31, 2016. The commissioner shall certify the date of approval to the secretary of state and the director of legislative services.

3 Effective Date.

- I. Section 2 of this act shall take effect upon its passage.
- II. The remainder of this act shall take effect January 1, 2017.

SB 361, banning the sale of premixed synthetic urine. OUGHT TO PASS WITH AMENDMENT. Rep. Joanne Ward for Health, Human Services and Elderly Affairs. This bill seeks to ban the sale of synthetic urine. The sole purpose of synthetic urine is to defraud a drug or alcohol screening test. This committee unanimously believes that there is no legitimate use of the product and that it should be illegal. Vote 19-0.

Amendment (1382h)

Amend the title of the bill by replacing it with the following:

AN ACT banning the sale and possession of synthetic urine and urine additives.

Amend the bill by replacing section 1 with the following:

1 New Subdivision; Sale of Synthetic Drugs; Synthetic Urine and Urine Additives. Amend RSA 359-O by inserting after section 7 the following new subdivision:

Synthetic Urine and Urine Additives

359-O:8 Sale or Possession of Synthetic Urine and Urine Additives Prohibited.

I. No person or business shall:

(a) Manufacture, sell, distribute, market, or possess synthetic urine or urine additives.

(b) Attempt to defeat a drug or alcohol screening test by using synthetic urine or urine additives.

II. In this section, "drug or alcohol screening test" means an analysis of a sample of bodily fluid collected from a person for the purpose of detecting the presence of alcohol or drugs in the bodily fluid of the person.

III. Any person or business who violates this subdivision shall be subject to the penalty in RSA 359-O:5, I.

AMENDED ANALYSIS

This bill prohibits the manufacture, sale, and possession of synthetic urine or urine additives to defeat a drug or alcohol screening test.

SB 419-FN, relative to requests by law enforcement officials under the law governing the therapeutic use of cannabis. OUGHT TO PASS WITH AMENDMENT.

Rep. Lucy Weber for Health, Human Services and Elderly Affairs. This bill makes a number of changes requested by the Department of Health and Human Services to improve implementation of our therapeutic cannabis laws. This bill removes barriers for citizens to access the program by allowing border state medical providers to certify NH qualifying patients for the program. It allows certain residential facilities licensed under RSA 151 to possess cannabis on behalf of their residents under certain conditions. An exemption to RSA 91-A keeps law enforcement requests of the cannabis registry confidential. It creates administrative efficiencies in the criminal record check process. Vote 16-0.

Amendment (1339h)

Amend the title of the bill by replacing it with the following:

relative to certain changes in the law governing the therapeutic use of cannabis. Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Use of Cannabis for Therapeutic Purposes; Definitions. Amend RSA 126-X:1 by inserting after paragraph VI the following new paragraph:

VI-a. "Facility caregiver" means a residential care facility, nursing home, hospital or hospice house licensed under RSA 151 which has agreed to allow one or more qualifying patients who are residents or patients of the facility to utilize therapeutic cannabis obtained by the resident or the resident's designated caregiver from an alternative treatment center, and which has agreed to assist such residents in the therapeutic use of their cannabis in accordance with a policy developed by the facility, and in accordance with rules adopted by the commissioner of health and human services pursuant to RSA 541-A.

2 Use of Cannabis for Therapeutic Purposes; Definitions. RSA 126-X:1, VII(a) is repealed and reenacted to read as follows:

(a) "Provider" means:

- (1) A physician licensed to prescribe drugs to humans under RSA 329 and who possesses an active registration from the United States Drug Enforcement Administration to prescribe controlled substances:
- (2) An advanced practice registered nurse licensed pursuant to RSA 326-B:18 and who possesses an active registration from the United States Drug Enforcement Administration to prescribe controlled substances: or
- (3) A physician or advanced practice registered nurse licensed to prescribe drugs to humans under the relevant state licensing laws in Maine, Massachusetts, or Vermont and who possesses an active registration from the United States Drug Enforcement Administration to prescribe controlled substances and who is primarily responsible for the patient's care related to his or her qualifying medical condition.
- 3 Use of Cannabis for Therapeutic Purposes; Definitions. Amend RSA 126-X:1, VII(b) to read as follows:
- (b) For a visiting qualifying patient, "provider" means an individual licensed to prescribe drugs to humans in the state of the patient's residence and who possesses [certification] an active registration from the United States Drug Enforcement Administration to prescribe controlled substances. Such visiting patient shall not be eligible to purchase or transfer cannabis from an eligible New Hampshire patient.

4 New Paragraph; Use of Cannabis for Therapeutic Purposes; Therapeutic Use of Cannabis Protections. Amend RSA 126-X:2 by inserting after paragraph XV the following new paragraph:

XVI. A facility caregiver and those employees designated by the facility to assist qualifying patients, shall not be subject to arrest by state or local law enforcement, prosecution or penalty under state or municipal law, or search, for acting pursuant to this chapter and department rules to possess cannabis on the premises of the facility for the purpose of assisting a qualifying patient who is a resident or patient of the facility in the therapeutic use of the qualifying patient's cannabis.

5 Use of Cannabis for Therapeutic Purposes; Prohibitions and Limitations on the Therapeutic

Use of Cannabis. Amend RSA 126-X:3, III(c) to read as follows:

(c) Any accommodation of the therapeutic use of cannabis on the property or premises of any place of employment or on the property or premises of any residential care facility, nursing home, hospital or hospice house, jail, correctional facility, or other type of penal institution where prisoners reside or persons under arrest are detained. This chapter shall in no way limit an employer's ability to discipline an employee for ingesting cannabis in the workplace or for working while under the influence of cannabis.

6 New Paragraph; Use of Cannabis for Therapeutic Purposes; Prohibitions and Limitations on the Therapeutic Use of Cannabis. Amend RSA 126-X:3 by inserting after paragraph VII the following new paragraph:

VIII. A facility caregiver shall treat cannabis in a manner similar to medications with respect to its storage, security, and administration when assisting qualifying patients with the therapeutic

use of cannabis.

7 Use of Cannabis for Therapeutic Purposes; Departmental Administration; Registry Identification Cards. Amend RSA 126-X:4, II-a to read as follows:

II-a. In addition to the information required pursuant to paragraph II, the department shall also receive [results of a criminal history records check] notification of any felony convictions from the division of state police. A person applying to be a designated caregiver shall submit directly to the department of safety a notarized criminal history records release form, as provided by the New Hampshire division of state police, authorizing the release of [his or her criminal history record, if any, any felony convictions to the department. The applicant shall submit with the release form a complete set of electronic fingerprints taken by a qualified law enforcement agency or an authorized employee of the department of safety. In the event that the first set of fingerprints is invalid for whatever reason, a second set of fingerprints shall be necessary in order to complete the criminal history records check. If, after 2 attempts, a set of fingerprints is invalid due to insufficient pattern, the department may, in lieu of the criminal history records check, accept police clearances showing no felony convictions from every city, town, or county where the person has lived during the past 5 years. The division of state police shall conduct a criminal history records check through its records and through the Federal Bureau of Investigation. Upon completion of the records check, the division of state police shall [submit a copy of the criminal history records] report to the department whether or not there are any felony convictions. The department shall maintain the confidentiality of [all] criminal history [records] record information received pursuant to this section. The applicant shall bear the cost of a criminal history records check.

8 Use of Cannabis for Therapeutic Purposes; Registry Identification Cards. Amend RSA 126-X:4, VII(b) to read as follows:

(b) The department shall track the number of qualifying patients certified by each provider and registered with the department. [Any concerns regarding provider conduct shall be referred to the New Hampshire board of medicine or the New Hampshire board of nursing.]

(c) Any concerns regarding provider conduct shall be referred to the New Hampshire board of medicine, the New Hampshire board of nursing, or the appropriate regulatory entity in Maine, Massachusetts, or Vermont. The New Hampshire board of medicine, the New Hampshire board of nursing, or the appropriate regulatory entity in Maine, Massachusetts, or Vermont may direct the department to prohibit a provider's participation in New Hampshire's therapeutic cannabis program if the regulatory entity takes disciplinary action against a provider regarding the provider's involvement in the therapeutic cannabis program in New Hampshire or in his or her respective state.

9 Use of Cannabis for Therapeutic Purposes; Registry Identification Cards. Amend RSA 126-X:4,

IX(c) to read as follows:

(c) When a qualifying patient or a designated caregiver notifies the department of any change to a name[;] or address, [or alternative treatment center,] the department shall issue the qualifying patient or designated caregiver a new registry identification card with a new random 10-digit identification number within 20 days of receiving the updated information.

10 Use of Cannabis for Therapeutic Purposes; Registry Identification Cards. Amend RSA 126-

X:4, XI(b)(4) to read as follows:

(4) Requests by law enforcement officials under this section to the department pursuant to a sworn affidavit, search warrant, or court order, regardless of whether or not the name or address was found in the registry, shall be confidential under this chapter and exempt from disclosure under RSA 91-A. Aggregate data relative to such requests may be made public if it does not contain any identifying information regarding the specific law enforcement request.

(5) Counsel for the department may notify law enforcement officials about falsified or fraudulent information submitted to the department where counsel has made a legal determination

that there is probable cause to believe the information is false or falsified.

11 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill clarifies the providers who are qualified to prescribe cannabis for therapeutic purposes. This bill authorizes certain facilities licensed under RSA 151 to assist qualifying patients in the therapeutic use of their cannabis. This bill also clarifies the confidentiality for requests by law enforcement officials for information under the use of cannabis for therapeutic purposes law.

SB 430, establishing a commission to study long-term peer-to-peer recovery services in New Hampshire. INEXPEDIENT TO LEGISLATE.

Rep. John Fothergill for Health, Human Services and Elderly Affairs. While the committee sees peer-to-peer recovery services as a vital link in the treatment of opioid addiction, it felt this commission would duplicate work done by another commission. Considerable work in this area has already been done with extensive input from stakeholders. Another commission may create confusion and delay the release of funds to support these much-needed services. Vote 17-0.

SB 439, establishing a commission to study the shortage of nurses and other skilled health care workers for home health care services and post-acute care services. OUGHT TO PASS.

Rep. Thomas Sherman for Health, Human Services and Elderly Affairs. The committee heard compelling testimony on the shortage of nurses and other skilled health care workers for home health and post-acute care services underscoring the need for this commission which would be changed with the task of in-depth investigation of the problem and developing comprehensive proposals for its remediation. Vote 17-0.

SB 477-FN, relative to nonemergency involuntary admissions. OUGHT TO PASS.

Rep. James MacKay for Health, Human Services and Elderly Affairs. This legislation does not change the complex laws for involuntary admission to New Hampshire Hospital, or other designated receiving facilities (DRFs). This bill requires notification when a petition for non-emergency has been filed and when a court has made a decision regarding the petition. It also requires that New Hampshire Hospital and DRFs be apprised of the decision at the earliest practical time which allows for planning for a pending admission. Vote 16-0.

SB 487, relative to missing vulnerable adults. OUGHT TO PASS WITH AMENDMENT.

Rep. Lucy Weber for Health, Human Services and Elderly Affairs. As amended, the bill establishes a process to activate statewide alerts through designated media outlets when a vulnerable adult is reported missing. Conditions which could trigger the alert include mental or cognitive disability, intellectual or developmental disability, brain injury, or other physical, mental or emotional disability which requires immediate action in order to locate the missing adult and ensure his or her safety. The bill includes reporting guidelines for a broad definition of caregivers, and sets out procedures for law enforcement agencies to follow whenever issuing the alert. The bill also shortens the time period for filing a report on a missing adult without vulnerabilities from 72 hours to 48 hours. Vote 16-0.

Amendment (1301h)

Amend the bill by replacing section 1 with the following:

1 Chapter Heading. Amend the chapter heading of RSA 106-J to read as follows:

CHAPTER 106-J

MISSING [ADULTS, PERSONS WITH DEVELOPMENTAL DISABILITIES, - AND SENIOR CITIZENS]

ADULT PROGRAM AND MISSING VULNERABLE ADULT ALERT PROGRAM

Amend RSA 106-J:3, III as inserted by section 5 of the bill by replacing it with the following: III. "Missing vulnerable adult" includes, but is not limited to, a missing adult who:

(a)(1) Is 18 years or older;

(2) Whose whereabouts are unknown;

- (3) Whose last known whereabouts at the time he or she is reported missing is in New Hampshire; and
- (4) Whose disappearance poses a credible threat to the safety and health of the person, as determined by a local law enforcement agency; and
 - (b)(1) Who has a mental or cognitive disability, such as dementia;
 - (2) Who has an intellectual or developmental disability;

(3) Who has a brain injury; or

(4) Who has another physical, mental, or emotional disability.

Amend RSA 106-J:4, II and III as inserted by section 5 of the bill by replacing it with the following:

II. When a local law enforcement agency receives notice that a vulnerable adult is missing, the agency shall require the vulnerable adult's family or legal guardian to provide information relative to the vulnerable adult's impaired mental condition, intellectual or developmental disability, brain injury, or other physical, mental, or emotional disability. Once the local law enforcement agency is provided a statement from the vulnerable adult's caregiver that the vulnerable adult is missing and has an impairment, the local law enforcement agency shall notify the department.

III. When notified by a local law enforcement agency of a missing vulnerable adult, the department shall issue an immediate alert. The alert shall be sent to designated media outlets in New Hampshire. Participating radio stations, television stations, and other media outlets may issue the alert at designated intervals. The alert shall include all appropriate information from the local law enforcement agency that may assist in the safe recovery of the missing vulnerable adult and a statement instructing anyone with information related to the missing vulnerable adult to contact his or her local law enforcement agency. Amend RSA 106-J:5, II as inserted by section 5 of the bill by replacing it with the following:

II. Transparency and communication with the existing Medic Alert + Safe Return program or a similar program, including a mechanism to enroll individuals who are involved in wandering incidents in Medic Alert + Safe Return on the department's website.

SB 512, relative to health care associated infections. OUGHT TO PASS.

Rep. Thomas Sherman for Health, Human Services and Elderly Affairs. This bill makes certain changes to the law governing the reporting of health care associated infections. The need for this bill was clarified by the testimony and the deliberation of the SB 56 commission on oversight, regulation, and reporting of patient safety and infectious disease prevention and control issues in health care settings (Chapter 147, Laws of 2015). The bill closes the gaps on reporting of outbreaks at dialysis centers and residential care facilities. Vote 19-0.

SB 530-FN, establishing a commission to study volunteer health care services. OUGHT TO PASS WITH AMENDMENT.

Rep. Kendall Snow for Health, Human Services and Elderly Affairs. This bill will establish a commission to study whether New Hampshire should create a program to allow medical professionals and licensed health care facilities to enter into contracts with the NH Department of Health and Human Services, or a governmental contractor to provide volunteer health care services to eligible low income persons and consider whether such services should be protected by immunity. Vote 16-1.

Amendment (1182h)

Amend RSA 126-A:70, II(a) as inserted by section 1 of the bill by inserting after subparagraph (8) the following new subparagraphs:

(9) A representative of the New Hampshire Hospital Association, appointed by the association.

(10) The attorney general, or designee.

(11) A social worker, appointed by the board of mental health practice.

(12) A pharmacist, appointed by the pharmacy board.

Amend RSA 126-A:70, IV as inserted by section 1 of the bill by replacing it with the following:

IV. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the senate member. The first meeting of the commission shall be held within 45 days of the effective date of this section. Seven members of the commission shall constitute a quorum.

SB 541, establishing a commission to study provider rates. INEXPEDIENT TO LEGISLATE. Rep. Donald LeBrun for Health, Human Services and Elderly Affairs. There appears to be no practical need for the bill as it only addresses a few issues and there was limited support given in public hearing testimony. Vote 16-1.

SB 553, relative to implementation of the Medicaid managed care program. OUGHT TO PASS WITH AMENDMENT.

Rep. Donald LeBrun for Health, Human Services and Elderly Affairs. This bill as amended provides for guidelines that need to be met prior to implementation of Phase 2 of the Medicaid Managed Care Program. All reports submitted shall be in accordance with RSA 91-A (Right-to-Know law). Each plan prepared by the Department of Health and Human Services under section 2 of this bill shall be subject to notice and public comment for 60 days as well as a public hearing. Vote 17-0.

Amendment (1745h)

Amend the bill by replacing all after the enacting clause with the following:

1 Medicaid Managed Care Program; Implementation. Notwithstanding any other provision of law to the contrary, the remaining unimplemented phases of the Medicaid managed care program, established in RSA 126-A:5, XIX, specifically nursing services; services provided under the choices for independence waiver; and services provided under the developmental disability, acquired brain disorder and in-home support waivers issued by the Centers for Medicare and Medicaid Services (CMS) under 42 USC section 1915(c), shall not be implemented until after:

I. The department of health and human services has prepared and adopted a comprehensive plan for the services to be incorporated into managed care.

II. The department has obtained approval by CMS of any waivers and state plan amendments necessary for the incorporation of such services into managed care.

III. The plan has been presented to the fiscal committee of the general court, the oversight committee on health and human services, established in RSA 126-A:13, and the county-state finance commission, established in RSA 28-B:1.

IV. The department has presented a report by the department's actuary on the per member/per month cost of providing services within managed care under each plan to the general court. The report shall also identify all applicable rate cell information and include medical loss ratio information on managed care organization performance in the New Hampshire Medicaid care management program. The report shall be subject to the provisions of RSA 91-A.

V. The governor and executive council have approved any contract or contract amendment for the implementation of such services into managed care.

2 Development of Plan. The department of health and human services shall develop the plan for the incorporation of nursing and waiver services into managed care, as follows:

I. No later than 30 days after the effective date of this section, the department shall convene a working group consisting, at a minimum, of representatives of the following stakeholders: each managed care plan under contract with the state, the New Hampshire Association of Counties, the New Hampshire Health Care Association, Community Support Network, Inc., Granite State Independent Living, the Brain Injury Association of New Hampshire, Granite State Home Health Association, a member of the house of representatives appointed by the speaker of the house of representatives, a member of the senate appointed by the senate president, an independent case management organization industry representative, a member of the governor's commission on managed care designated by the commission, and a member of the medical care advisory committee designated by the committee.

II. The working group shall be convened by the commissioner of health and human services and shall be subject to RSA 91-A. The department, in consultation with the working group, shall prepare a plan for the implementation of nursing and waiver services into managed care. Each plan shall include, at a minimum, a detailed description of the following: eligibility and enrollment, covered services, transition planning, prior authorization, transportation, pharmacy, case management, network adequacy,

credentialing, quality metrics and outcome measurements, patient safety, utilization management, finance and reimbursement, rates and payment, grievance and appeals, and office of ombudsman. Each plan shall also address how the incorporation of the services into managed care shall achieve

the legislative intent of providing value, quality, efficiency, innovation, and savings.

III. The plans for implementation of nursing and home care services provided under the choices for independence waiver into managed care shall be prepared prior to the plan for any other waiver services. The preparation of any plan by the working group for the incorporation of services provided under the developmental disability, acquired brain syndrome, and in-home supports waivers shall commence only after the completion of implementation of nursing and home care services under the choices for independence waiver into managed care.

3 Hearing, Public Comment. Each plan prepared by the department under section 2 of this act

shall be subject to notice and public comment for 60 days and a public hearing.

4 Reports.

I. The department of health and human services shall present an update on the status of the plan preparation each month to the fiscal committee of the general court and the oversight committee on health and human services until the plan has been implemented. The department's updates shall also include managed care organization and department readiness for implementation.

II. No later than August 1, 2016, the department shall submit to the speaker of the house of representatives, the president of the senate, and the county-state finance commission, all proposed changes to state law the department believes may be necessary for the incorporation of nursing and

waiver services into managed care.

5 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes procedures for the implementation of phase 2 of the Medicaid managed care plan.

SB 337, establishing a committee to study the immunity of court-appointed special advocates. INEXPEDIENT TO LEGISLATE.

Rep. Linda Kenison for Judiciary. This bill would study the issue of providing the Court Appointed Special Advocates of New Hampshire and any court-appointed special advocate (CASA) appointed by RSA 169-C with immunity from civil and criminal liability for any act or omission with CASA's activity and authority as a court-appointed special advocate. The committee determined there is no need for a study committee. An improved approach would be to introduce a clean bill regarding CASA immunity in the next session. Vote 15-0.

SB 402, relative to procedures related to the disclosure of exculpatory evidence by police officers. OUGHT TO PASS WITH AMENDMENT.

Rep. Paul Berch for Judiciary. This bill, as amended, sets guidelines and procedures for the production of potentially exculpatory evidence by prosecutors in criminal cases. It clarifies that the prosecutor, who has the legal duty to examine police personnel files for potentially exculpatory evidence, has the ability to access these files, while otherwise maintaining confidentiality. The bill provides for notice to the affected officer when it becomes known that the file contains such material and insures that the police officer has the opportunity to challenge disciplinary findings or administrative actions related to this kind of material. The bill finally mandates that no officer shall be fired solely on the basis that there is potentially exculpatory evidence in his or her personnel file. Vote 19-1.

Amendment (1729h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to procedures for determining and disclosing exculpatory evidence in a police officer's personnel file.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; Police Officers; Disclosure of Exculpatory Evidence; Termination Prohibited. Amend RSA 105 by inserting after section 13-c the following new subdivision:

Disclosure of Exculpatory Evidence

105:13-d Disclosure of Exculpatory Evidence.

I. In this subdivision:

(a) "Exculpatory evidence" means any information required to be disclosed to the defendant in a criminal case under the federal Constitution or the state constitution.

(b) "Personnel file" includes all employment records an any related internal affairs investigations. II. The prosecutor shall have access to the complete personnel file of any police officer who may be a witness for either party in any criminal case for the purpose of determining the existence of potentially exculpatory evidence. If the prosecutor cannot determine whether such evidence is exculpatory, he or she shall petition the court for an in camera review of the evidence. No prosecutor who reviews a police officer's personnel file shall disclose any information obtained as a result of the review, except as required in this paragraph or to the extent necessary to comply with the federal Constitution or state constitution. The personnel file shall remain confidential unless otherwise provided by law.

III. When the head of a law enforcement agency determines that a police officer's personnel file may contain potentially exculpatory evidence, he or she shall notify the police officer of that determination. The police officer shall have the opportunity to challenge the disciplinary finding or other administrative action resulting from the potentially exculpatory evidence through available contractual, administrative, and legal means. However, the pendency of such challenge shall not prevent the disclosure of the potentially exculpatory evidence in a criminal proceeding in which an officer is a potential witness.

IV. If a county prosecutor, outside of the requirements of a pending criminal case, disseminates or distributes to another person any document or list which contains names of police officers believed to have exculpatory evidence in their personnel files, the county attorney shall notify the attorney general of this fact within 5 business days of the dissemination or distribution. If the prosecutor distributes or disseminates such a list outside the requirements of a criminal case, the attorney general shall develop and implement procedures, which satisfy the due process requirements of the federal Constitution and state constitution, to allow a police officer to seek removal of his or her name from such document or list including but not limited to a declaratory judgment procedure under RSA 491:22. The attorney general shall implement such additional procedures no later than 180 days from the date of distribution by either the county attorney or the attorney general of the document or list.

V. The duty to disclose exculpatory evidence that should have been disclosed prior to trial shall be an ongoing duty that extends beyond a finding of guilt.

105:13-e Termination Prohibited. No police officer shall have his or her employment terminated based solely on a determination that the officer has potentially exculpatory evidence in his or her personnel file which may need to be disclosed to a criminal defendant. Nothing in this section shall prohibit the employing authority from terminating a police officer's employment based on conduct that is the subject of the exculpatory evidence.

2 Repeal. RSA 105:13-b, relative to confidentiality of police personnel files, is repealed.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires a determination of whether information in a police officer's personnel file constitutes exculpatory evidence and allows a police officer who has information determined to be exculpatory evidence in his or her personnel file to have an opportunity to challenge the disciplinary finding. This bill also requires the attorney general to develop procedures for a police officer to have his or her name removed from a list of police officers believed to have exculpatory evidence in their personnel files.

SB 449, relative to payment of workers' compensation benefits by direct deposit. OUGHT TO PASS WITH AMENDMENT.

Rep. Douglas Ley for Labor, Industrial and Rehabilitative Services. This bill solves a problem regarding workers' compensation payments by specifying that the day of such weekly payments be specified in advance by the employer or employer's insurance carrier. By doing so, it permits the individual worker to better plan financially during her or his time on worker's compensation. Vote 18-0.

Amendment (1749h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to weekly payment of workers' compensation benefits.

Amend RSA 281-A:40 as inserted by section 1 of the bill by replacing it with the following:

281-A:40 Memorandum of Payment. An employer or the employer's insurance carrier shall make payment of compensation in the amount and manner provided by this chapter. Weekly payment shall be made on or before a day of the week designated in advance by the employer or the employer's insurance carrier at the onset of payment of disability. The employer shall file memoranda of [such] payments with the commissioner in accordance with rules adopted by the commissioner under RSA 281-A:60.

AMENDED ANALYSIS

This bill requires weekly payment of workers' compensation benefits to be made on or before a day of the week designated in advance by the employer or the employer's insurance carrier at the onset of payment of disability.

SB 418, adding National Guard members to the absentee voting laws and relative to enrollment of laws. OUGHT TO PASS WITH AMENDMENT.

Rep. Dianne Schuett for Legislative Administration. This bill includes active service National Guard members in the definition of absent uniformed services voters in the election laws. It also modifies procedures for enrolling bills and resolutions. The committee agreed with the bill as previously amended by the House, with an additional amendment clarifying that the Secretary of State is required to keep bills and resolutions as public records. Vote 6-0.

Amendment (1669h)

Amend the bill by replacing section 2 with the following:

2 Enrollment of Laws. Amend RSA 14:8 to read as follows:

14:8 Enrollment of Laws. All bills and resolutions which have passed both branches of the legislature shall be forwarded to the office of legislative services to be there enrolled and prepared for submission to the governor. After such enrollment the bill or resolution shall be forwarded by the secretary of state to the committee on enrolled bills for final approval. [After said final approval the bill or resolution shall be forwarded to the secretary of state. He] The secretary of state shall keep such bills and resolutions as public records of the state.

SB 347, enabling the state and municipalities to adopt laws and ordinances regulating attire on state and municipal property. INEXPEDIENT TO LEGISLATE.

Rep. Keith Ammon for Municipal and County Government. This bill is enabling legislation to allow towns to adopt laws and ordinances regulating attire on state and municipal property. This provision already exists for cities but was lacking in towns. The committee heard two favorable testimonies and ten unfavorable at the hearing. Based on favorable testimony, the main impetus behind this bill seemed to be to allow towns and the state to ban female toplessness. The fear that the enabling legislation could be used to suppress free speech and restrict personal freedoms, possibly creating restrictions that were gender-specific, prevailed among the committee members. The committee might have considered removing this provision from the statutes for cities if it had not been for the fact that this would be retrospective legislation and would not have been upheld in court when existing ordinances were determined illegal. There has been no widespread evidence of the need for this legislation and the possibility of misuse outweighed the benefits. Also, this bill would have allowed the NH Department of Resources and Economic Development additional rulemaking authority to regulate dress codes in state waters or state parks, forests, or other state recreational areas. Vote 14-1.

SB 348, allowing municipalities to adopt a property tax credit for certain disabled veterans. INEXPEDIENT TO LEGISLATE.

Rep. Franklin Sterling for Municipal and County Government. This bill continues to expand the provisions for property tax credits for veterans. Current statute allows credits against the tax of a veteran's primary residence depending on time/place served, any loss of limbs and other qualifying conditions which also apply to a surviving spouse. This bill adds another level of credit even though it is enabling legislation and must be approved by the legislative body. One might wonder where it all ends. However, there is a lot of misunderstanding in the wording of this bill and, when the committee heard testimony from the Veterans Administration Hospital as to what the meaning of "totally and permanently disabled" meant and the difference with that provision and "100% disabled" the clouds cleared a bit. Many veterans are determined 100% disabled due to progressive smaller disabilities that add up to 100% but they are not "totally and permanently" disabled. This rating is not easily obtained and may take years to be determined after the VA determines that the veteran has no chance of getting better or back to leading a normal life. The bill, however, did nothing to address the cumulative credits the veteran could benefit from when adding the other provisions currently in statute. Vote 15-1.

SB 438, relative to the aesthetic maintenance of highway intersections. OUGHT TO PASS WITH AMENDMENT.

Rep. David Pierce for Public Works and Highways. This bill, as introduced, sought to allow private entities to aesthetically improve and maintain state highway intersections through creation of RSA 230-84. The bill, as amended, accomplishes the same goal by adding "aesthetic maintenance" to RSA 230-83 thus expanding the scope of what NHDOT allows by sponsorship of private beautification contributions, whether the contribution is limited to just the immediate area of highway intersection or the traditional sponsorship of a length of state highway. Vote 16-0.

Amendment (1589h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the aesthetic maintenance of highways.

Amend the bill by replacing section 1 with the following:

1 State Highways; Sponsor-a-Highway Program; Aesthetic Maintenance. Amend the introductory paragraph of RSA 230:83, II to read as follows:

II. May recognize a citizen, group, association, or business that sponsors *and/or provides* aesthetic maintenance on a section of highway by erecting a suitable recognition sign meeting the following criteria:

AMENDED ANALYSIS

This bill permits the commissioner of the department of transportation to enter into agreements with private entities for the aesthetic maintenance of highways.

SB 549-FN, relative to public-private partnerships for intermodal infrastructure and transportation and establishing the public-private infrastructure oversight commission. OUGHT TO PASS WITH AMENDMENT.

Rep. Mark McConkey for Public Works and Highways. As amended, this bill is the product of the SB 88 study committee relative to Public Private Partnership (P3) for transportation infrastructure projects and establishes an oversight commission to vet P3 projects prior to being brought to the Commissioner of Transportation. This bill is another tool in the Department of Transportation's toolbox to share resources to finance, design, build, operate and maintain transportation infrastructure projects when limited financial resources are available. This bill as amended preserves legislative oversight. P3 projects must receive approval by the Governor, Council and Capital Budget Overview Committee and all P3 projects shall be approved as part of the state 10-year transportation improvement program in accordance with RSA 240. Vote 16-0.

Amendment (1606h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to public-private partnerships for transportation infrastructure projects and establishing the public-private infrastructure oversight commission.

Amend the bill by replacing all after the enacting clause with the following:

1 Purpose Statement. Public-private partnerships allow for the sharing of resources to finance, design, build, operate, and maintain transportation infrastructure projects and are especially effective when limited financial resources are available. Such partnerships provide for shared financial responsibilities between the private sector and a public agency. To accomplish that, a clear and succinct law needs to be implemented that considers our infrastructure requirements, delineates responsibilities and commitments, and identifies risks and rewards of both parties. Public-private partnership legislation is designed to address these issues in order to attract the needed investment to sustain and promote growth while maintaining our transportation infrastructure.

2 New Paragraph; Transportation Administration; Powers of Commissioner. Amend RSA 228:21 by inserting after paragraph II the following new paragraph:

III. The commissioner, upon the approval of the governor and council and the capital budget overview committee, may enter into agreements with private entities for design-build-finance-operate-maintain or design-build-operate-maintain services for transportation infrastructure projects under RSA 228:107 through RSA 228:115, provided that such projects shall be approved as part of the state 10-year transportation improvement program in accordance with RSA 240.

3 New Subdivision; Public-Private Partnership Projects. Amend RSA 228 by inserting after section 106 the following new subdivision:

Public-Private Partnership Projects

228:107 Public-Private Partnership Infrastructure Oversight Commission Established. There is established a public-private partnership transportation infrastructure oversight commission to consider and recommend to the commissioner of transportation projects that may be suitable for delivery using design-build-finance-operate-maintain or design-build-operate-maintain services. The commission shall act as an advisory board during the execution of a public-private partnership project, supporting the department in the development of a request for proposals and in the preparation of agreements for public-private partnership projects.

228:108 Membership.

I. The commission established in RSA 228:107 shall have the following members: 2 members who shall reside in different geographic regions of the state, to be appointed by the governor for terms of 2 years; 2 members to be appointed by the president of the senate for terms of 2 years; 2 members to be appointed by the speaker of the house of representatives for terms of 2 years; and one member to be appointed by the state treasurer, who shall not be an employee of the state treasurer, for a term of 2 years. The commissioner, or designee, shall serve as a non-voting member of the commission.

II. Each member of the commission shall be an expert with experience in the fields of transportation law, public policy, public finance, management consulting, transportation, or organizational change; provided that one of the members appointed by the governor shall be an expert in the field of public finance, and one member appointed by the governor shall be an expert in the field of transportation. The governor shall appoint a chairperson from among the members. The members may be eligible for reappointment; however, no member shall serve for more than 3 terms.

III. No person shall be appointed a voting member of the commission who is registered or was registered within the prior one-year period with the secretary of state as a lobbyist under RSA 15; no voting member shall have been a member or employee of the general court or an employee of the executive branch for a period of 6 months prior to his or her appointment; and no member shall have been employed by an organization that has business before the commission, for a period of at least one year prior to his or her appointment.

IV. The commissioner shall call the first meeting within 90 days of the effective date of this section.

V. Members of the commission shall receive mileage at the state employee rate when attending to the duties of the commission.

228:109 Duties.

I. The commission shall:

(a) Establish a general framework for public-private partnership contracts that establishes a process for the submission and evaluation of all such projects and provides a format and forms to enable the bidder to comply with the requirements including terms and conditions.

(b) Provide for the submission of unsolicited proposals, including setting qualification criteria

for unsolicited proposals and establishing a process for evaluating unsolicited proposals.

(c) Provide a method and structure for using public advisors for strategic planning, proposal evaluations, and project monitoring and utilize public professionals on a case by case basis.

(d) Perform an analysis to determine whether a project is suitable for a public-private partnership whenever the department notifies the commission of its intent to pursue a public-private partnership contract.

(e) Hold a minimum of 2 publicly noticed hearings per project to establish whether public-private partnership is the appropriate procurement method. Such notice shall be provided at least 14 days prior to the hearing date. The commission shall allow for a 30-day public comment period following the publicly noticed hearing.

(f) Make recommendations to the commissioner, subject to the approval of the governor and council and the capital budget overview committee, concerning the use of public-private partnerships

for certain projects.

(g) Upon approval of the governor and council and the capital budget overview committee, the commission shall support the department in the development of a request for proposals.

(h) Provide criteria for qualifications to bid per project, including but not limited to, adequate equipment to perform, financial stability, and proven record on projects of this type.

(i) Assure that any public-private partnership agreement is advanced in accordance with the department's design, permitting, and right of way acquisition process and complies with all federal and state design criteria.

(j) Estimate the costs associated with hiring qualified private and public support personnel

to advance and oversee any public-private partnership contract.

(k) Hold a minimum of one publicly noticed hearing per project to solicit public feedback concerning the draft request for proposals. Such notice shall be provided at least 14 days prior to the hearing date. The commission shall allow for a 30-day public comment period following the publicly noticed hearing.

II. Once the commission is satisfied that the request for proposals is complete, governor and

council approval shall be obtained before it is released by the department.

228:110 Procedure. Whenever the department notifies the commission that it is contemplating the use of a public-private partnership contract for design-build-finance-operate-maintain or designbuild-operate-maintain services, the department shall submit a written request to the commission for its consideration. The commission shall provide an initial written response to the request to consider a public-private partnership contract within 15 days. No request for proposals shall be issued by the department for a public-private agreement for design-build-finance-operate-maintain or design-build-operate-maintain services without the commission's written recommendation and concurrence by governor and council of both the procurement method and content of the request for proposals.

228:111 Commission Report. The commission shall issue the following reports:

I. Within 6 months of the first meeting of the commission a copy of the framework establishing the process for the submission and evaluation of public-private partnership projects shall be provided to the chairpersons of the public works and highways committee, the senate transportation committee and the governor and council. The framework shall include the process for the submission of both solicited and unsolicited proposals and a process for evaluating such proposals. It shall also include how public advisors may be utilized for planning, evaluating, and monitoring of projects.

II. Annually thereafter, a report on the work of the commission shall be provided to the individuals listed in paragraph I, including but not limited to, the number of projects reviewed, the recommendations for such projects and the number of requests for proposals being developed.

228:112 Project Reports.

I. For each request to establish a public-private partnership contract for design-build-financeoperate-maintain or design-build-operate-maintain services, the commission shall report on issues surrounding the project including, but not limited to:

(a) The impact on current state employees.

- (b) The policy and regulatory structure for overseeing a privately operated transportation facility and ongoing legislative oversight.
 - (c) Issues of taxation, profit-sharing, and resolution of new revenue producing ideas.

(d) Advertising and marketing. (e) Use of new technologies.

(f) Lease terms and termination clauses.

- (g) Additional responsibilities by both the private infrastructure operator and the state during the lease period.
 - (h) The financial valuation of the state transportation facility.

(i) Issues of public concern.

(i) The anticipated advantages of entering into the anticipated public-private agreement for design-build-finance-operate-maintain or design-build-operate-maintain services.

II. The report shall be delivered within 30 days of the commission's recommendation concerning the use of design-build-finance-operate-maintain or design-build-operate-maintain services to the chairpersons of the public works and highways committee, the senate transportation committee, and the governor and council.

228:113 Contributions from Other States. When a project involves one or more other states, the commissioner may receive and accept capital contributions and funding from such other states and may approve the transfer of support personnel and experts.

228:114 State and Federal Funding. Any public-private partnership projects shall be approved as part of the state 10-year transportation improvement program in accordance with RSA 240.

228:115 Liability Insurance. Any contract for public-private design-build-finance-operate-maintain or design-build-operate-maintain services shall provide for securing and maintaining a liability insurance policy for contractors and engineers in the design phase of a project which shall be limited to 10 percent of the cost of such project. A certificate of liability compliance shall be included in the bid. Any such contract shall require a bond under RSA 447:16 for the design-build and bonds, letters of credit, or other forms of security for the operations and maintenance phases of the project.

4 Effective Date. This act shall take effect 60 days after its passage.

SB 363, relative to the definition of owner of an OHRV or snowmobile. OUGHT TO PASS WITH AMENDMENT.

Rep. John Potucek for Resources, Recreation and Development. This bill came to the committee with wording which was confusing to the members. The committee amendment, which replaces the entire bill, authorizes a trust to designate a beneficiary as the person who may register with the state an OHRV or a snowmobile that is held by the trust. Prior to this bill, this particular point was not addressed by existing statute. Vote 16-0.

Amendment (1386h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to OHRVs and snowmobiles held by a trust.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; OHRV Held By Trust. Amend RSA 215-A:21 by inserting after paragraph II-c the following new paragraph:

II-d. If an OHRV is held by a trust, the trust may designate a person who is a beneficiary to register the vehicle in the person's name pursuant to this chapter.

2 New Paragraph; Snowmobile Held By A Trust. Amend RSA 215-C:36 by inserting after paragraph IV the following new paragraph:

IV-a. If a snowmobile is held by a trust, the trust may designate a person who is a beneficiary to register the snowmobile in the person's name pursuant to this chapter.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill allows a trust holding an OHRV or snowmobile to designate a person to register the vehicle in his or her name.

SB 383, establishing a commission to study the importance of hiking trails, trail maintenance, and New Hampshire's trail network. **OUGHT TO PASS WITH AMENDMENT.**

Rep. Frederick Rice for Resources, Recreation and Development. This bill establishes a commission to study the state's hiking trail network. The amendment adds the requirement to inventory the trail system, to define the role of individual trail maintenance groups in various parts of the state, and to make recommendations on how to improve the trail network. Vote 16-0.

Amendment (1526h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a commission to study and recommend improvements to the New Hampshire hiking trails network.

Amend the bill by replacing sections 1 and 2 with the following:

1 New Subdivision; Multi-use Statewide Trail System; Commission to Study and Recommend Improvements to the New Hampshire Hiking Trails Network. Amend RSA 216-F by inserting after section 6 the following new subdivision:

Commission to Study and Recommend Improvements

to the New Hampshire Hiking Trails Network

216-F:7 Commission Established; Membership.

- I. There is established a commission to study and recommend improvements to the New Hampshire hiking trails network. The members of the commission shall be as follows:
 - (a) One member of the senate, appointed by the president of the senate.
- (b) One member of the house of representatives, appointed by the speaker of the house of representatives.

- (c) The director of the department of resources and economic development, division of state parks, or designee.
 - (d) One representative from the Appalachian Mountain Club, appointed by the club.
 - (e) One representative from the Wonalancet Outdoor Club, appointed by the club.
- (f) One representative from the Dartmouth Outdoor Program/Dartmouth Outing Club, appointed by that organization.
 - (g) One representative from the Randolph Mountain Club, appointed by the club.
 - (h) One representative from Trailwrights, appointed by the organization.
- (i) One member representing the interests of the White Mountain National Forest, appointed by the administrator of the White Mountain National Forest.
- (j) One member from the Cardigan Highlanders Volunteer Trail Crew, appointed by that organization.
- (k) One member from the Monadnock-Sunapee Greenway Trail Club, appointed by that organization.
- II. Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.
 - III. The commission shall:
- (a) Evaluate and recommend how various groups might work together to maintain and repair New Hampshire's trail network.
- (b) Inventory the trail system in New Hampshire and the role of individual trail maintenance groups in various parts of the state.
- (c) Create a list of who maintains which trails and which trails are not maintained by any organized group.
 - (d) Examine the historical management of trails in New Hampshire.
 - (e) Create strategic recommendations for a more sustainable trail network in New Hampshire.
- (f) Examine the cost and volunteer efforts required in maintaining these trails as well as liability protections for trail maintainers.
 - (g) Solicit the opinions of volunteer trail maintainers.
 - (h) Study the economic impact of trails in the state of New Hampshire.
 - (i) Research additional funding sources that could enhance trail maintenance in New Hampshire.
- (j) Solicit the advice of educational institutions which may want to be involved in trail maintenance and or trail maintenance research.
- (k) Make recommendations for creating a sustainable model for trail management while accommodating the growing use of the trails.
- IV. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the senate member. The first meeting of the commission shall be held within 45 days of the effective date of this section. Six members of the commission shall constitute a quorum.
- V. The commission shall report its findings and any recommendations for proposed legislation to the president of the senate, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library on or before November 1, 2017.
- 2 Repeal. RSA 216-F:7, relative to the commission to study and recommend improvements to the New Hampshire hiking trails network, is repealed.

AMENDED ANALYSIS

This bill establishes a commission to study and recommend improvements to the New Hampshire hiking trails network.

SB 333, relative to net energy metering. INEXPEDIENT TO LEGISLATE.

Rep. Douglas Thomas for Science, Technology and Energy. This bill mirrored HB 1116 which has already passed the House and been concurred with by the Senate. Therefore, this bill is unnecessary. Vote 14-0.

SB 436, relative to after market automobile parts. OUGHT TO PASS.

Rep. Thomas Walsh for Transportation. This bill prohibits an insurer from requiring or specifying aftermarket body parts on any leased vehicle or any new vehicle for up to two years or 30,000 miles. The bill codifies a portion of New Hampshire Department of Insurance bulletin insurance number

99-14-AB into statute for stronger enforceability. The committee felt this change was needed for consumer protection due to the value of vehicles and the lack of definitive information on the safety of some aftermarket parts. The amendment clarifies an insurer's responsibility when requesting aftermarket parts and allows an installer to file a complaint on the consumer's behalf. Vote 13-2.

SB 239-FN, relative to application of the Internal Revenue Code to provisions of the business profits tax. OUGHT TO PASS WITH AMENDMENT.

Rep. Patrick Abrami for Ways and Means. This bill, as amended by the committee, brings New Hampshire business tax codes into alignment with the United States Internal Revenue Code in effect on December 31, 2015. The amendment makes several changes to the bill, including moving the timing and tax year applicability of the update from 2016 to 2017; it expands the number of exceptions to the code's application; and it increases the amount of a capped expense deduction. The amendment also does not allow for an automatic or "rolling" update to federal tax codes without state legislative action. The exceptions to the IRS code's application for NH tax purposes are codes related to Section 168(k), accelerated cost recovery system; Section 199, income attributable to domestic production activities; and Section 181, treatment of certain qualified film and television productions. In addition, Section 179 of the Internal Revenue Code related to expense deductions which are capped at \$500,000 at the federal level will be capped at \$100,000 by New Hampshire. This is an increase from the current \$25,000 level in New Hampshire statute. The sections of the Internal Revenue Codes brought up to date in New Hampshire statute by this bill include Section 108, income from discharge indebtedness; Section 195, start-up expenditures; Section 248, organizational expenditure; Section 709, treatment of organization and syndication fees; Section 179D, energy efficient commercial buildings deduction; Section 48, energy credit; and Section 114, extraterritorial income. To keep up with the Internal Revenue Code changes this bill directs the New Hampshire Commissioner of Revenue Administration to file a report not later than March 31 of each year with the Ways and Means Committees of the NH Senate and NH House of Representatives informing them of any changes to the United States Internal Revenue Code, related Treasury regulations, and administrative rulings, which would impact New Hampshire. These bodies would then annually act to determine if those changes should be incorporated into New Hampshire statute. The goal of this legislation is to keep New Hampshire statutes as close to federal statutes where deemed appropriate by the legislature to streamline the tax filing process for New Hampshire businesses. Vote 19-0.

Amendment (1552h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; Business Profits Tax; Definition; United States Internal Revenue Code. Amend RSA 77-A:1, XX by inserting after subparagraph (l) the following new subparagraph:

- (m) For all taxable periods beginning on or after January 1, 2017, the United States Internal Revenue Code of 1986 in effect on December 31, 2015, subject to RSA 77-A:3-b.
- 2 New Section; Business Profits Tax; Adjustments; Internal Revenue Code. Amend RSA 77-A by inserting after section 3-a the following new section:
- 77-A:3-b Adjustments; Internal Revenue Code Provisions. In determining gross business profits for any period, before net operating loss and special deductions, a business organization shall apply the provisions of the United States Internal Revenue Code consistent with the provisions of this chapter, with the following adjustments:
 - I. The United States Internal Revenue Code shall be applied without section 168(k) of such code.
 - II. The United States Internal Revenue Code shall be applied without section 199 of such code.
 - III. The United States Internal Revenue Code shall be applied without section 181 of such code.
 - IV. Section 179 of the Internal Revenue Code shall be applied as provided in RSA 77-A:3-a.
- 3 Applicability. Section 2 of this act shall apply to taxable periods beginning on or after January 1, 2017.
- 4 Business Profits Tax; Section 179 Expense Deductions. RSA 77-A:3-a is repealed and reenacted to read as follows:
- 77-A:3-a Expense Deductions. In determining gross business profits before net operating loss and special deductions, a business organization shall calculate expense deductions as permitted under Section 179 of the Internal Revenue Code as provided in RSA 77-A:1, XX, except that for property placed in service on or after January 1, 2017, a business organization shall calculate expense deductions not to exceed \$100,000.

5 New Paragraph; Duties of the Commissioner of Revenue Administration; Report; Internal Revenue Code Changes. Amend RSA 21-J:3 by inserting after paragraph XXXII the following new paragraph:

XXXIII. File a report not later than March 31 of each year with the ways and means committees of the senate and the house of representatives informing the committees of any changes to the United States Internal Revenue Code, related Treasury Regulations, and administrative rulings, which would impact New Hampshire.

- 6 Repeal. RSA 77-A:1, X(g), relative to a reference to the Internal Revenue Code, is repealed.
- 7 Effective Date.
 - I. Section 4 of this act shall take effect January 1, 2017.
 - II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill updates the effective version of the United States Internal Revenue Code of 1986 applicable to the business profits tax, subject to certain adjustments. The bill also requires the commissioner of revenue administration to report annually on changes to the Internal Revenue Code.

SB 342-FN, making certain changes to business profits tax provisions affecting a business organization when owners sell or exchange ownership interests in the business. OUGHT TO PASS WITH AMENDMENT.

Rep. Patrick Abrami for Ways and Means. This bill corrects a flaw in our tax statutes. NH taxes partnerships, sub-chapter S corporations and LLCs differently than does the federal government and the vast majority of states. The federal government and most states treat all net income or loss from one of these three entities as a pass through on the owner's personal tax returns. Since NH does not have a personal income tax, NH taxes the entity with both the Business Enterprise Tax (BET) and Business Profit Tax (BPT). When the interest in one of these types of organizations is sold for more than the owner's basis, NH imposes BPT on the business organization, for the difference between the sales price and the seller's basis. In return the business organization gets to increase the basis of its assets in an amount equal to the purchase price less the previous owner's basis. This is referred to as a step-up in basis. The Business Tax Commission had identified this situation as a flaw that hurts NH's competitiveness and significantly disadvantages small businesses, especially start-up businesses. This bill fixes this flaw in current statute. The bill approved by and sent over by the Senate eliminated the tax on the business entity. This bill was amended to give the business entity the choice between not paying the tax and therefore not getting the step-up in basis or paying the tax and getting the step-up in basis. This amendment provides the needed flexibility for NH businesses. Vote 15-0.

Amendment (1308h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the sale or exchange of an interest in a business organization under the business profits tax.

Amend the bill by replacing all after the enacting clause with the following:

- 1 Sale or Exchange of an Interest in a Business Organization. RSA 77-A:4, XIV is repealed and reenacted to read as follows:
- XIV.(a) In the case of a business organization where an ownership interest in the business organization is sold or exchanged and the transaction, for federal income tax purposes results in an increase in the basis of the assets for one or more of the parties to the transaction, the business organization shall:
- (1) Add to the gross business profits of the business organization, for each taxable period, an amount equal to the annual depreciation or amortization attributable to the increase in the basis of the assets recognized by the parties to the transaction for federal income tax purposes; and
- (2) Calculate the gain or loss on the sale or other disposition of an asset without regard to the basis increase recognized by any party to the transaction for federal income tax purposes, from the sale or exchange of the ownership interest in the business organization.
- (b) A business organization may, for a particular sale or exchange, make an irrevocable election on a timely filed return including any extension period, to recognize the basis increase of the assets for one or more of the parties to the transaction for federal income tax purposes. Such business organization for the purposes of the business profits tax shall:

- (1) Be required to make an addition to gross business profits of the business organization equal to the net increase in the basis of all assets transferred or sold in the tax period in which the sale or exchange of the ownership interest occurs;
- (2) Be allowed a deduction against its gross business profits for annual depreciation or amortization attributable to the increase in the basis of the assets recognized by the parties to the transaction for federal income tax purposes; and
- (3) Calculate the gain or loss on the sale or other disposition of an asset with regard to the basis increase recognized by any party to the transaction for federal income tax purposes, from the sale or exchange of the ownership interest in the business organization.
- 2 Applicability. This act shall take effect for sales or exchanges of interests in business organizations that occur on and after January 1, 2016.
 - 3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill limits the inclusion in the business profits tax of the net increase due to certain sales or exchanges of an interest or beneficial interest in a business organization.

SB 440-FN, repealing the repeal of certain fees in the shoreland protection act. OUGHT TO PASS WITH AMENDMENT.

Rep. Bill Ohm for Ways and Means. Funding for this program is due to expire July 1, 2016. The committee feels the program deserves to be extended for another 3 years, after which the amount in the dedicated fund can be reviewed and the fee can be re-evaluated. The Senate bill eliminated the expiration date while the committee amendment simply changes the expiration date to July 1, 2019. Vote 19-0.

Amendment (1564h)

Amend the title of the bill by replacing it with the following:

AN ACT extending the date of the repeal of certain fees in the shoreland protection act.

Amend the bill by replacing section 1 with the following:

1 Shoreland Protection Act; Fees; Repeal; Effective Date. Amend 2008, 5:28, II as amended by 2011, 224:408 to read as follows:

II. Section 27 of this act shall take effect July 1, [2016] 2019.

AMENDED ANALYSIS

This bill extends the date of the repeal of certain fees in the shoreland protection act.

SB 494-FN-A, limiting an exemption from the road toll. OUGHT TO PASS.

Rep. Robert Nigrello for Ways and Means. The bill eliminates the exemption for federal vehicles from the New Hampshire road toll. The bill maintains the federal military vehicle exemption. The committee agrees that all vehicles using our state roads should contribute to the maintenance of the roads. Vote 19-0.

SB 510-FN, relative to parking at state park parking meters. OUGHT TO PASS.

Rep. Patrick Abrami for Ways and Means. The State Park License Plate was enacted in 2010 under RSA 261:75-c for the purpose of benefiting the state park system. Currently the park plate provides access to day use areas, but not for parking at meters. The intent of this bill is to allow for vehicles displaying this type of plate at metered seacoast parking facilities up to 6 hours of continuous free use during the off-season when it would not affect overall revenues to the park system. This legislation was reviewed and supported by the State Parks System Advisory Council. This is seen as an incentive to increase plate sales with no impact on metered parking revenue because, unlike the summer season, the parking lots are seldom full during the off-season dates prescribed in the bill. The increase in State Park Plate purchases would help support the operation of the entire park system, providing a steady revenue stream especially when revenue is impacted by weather. In addition, this legislation would allow the Division of Parks and Recreation of the Department of Resources and Economic Development to increase the fees at the meters during holidays and weekends. This is consistent with statutory direction under RSA 216-A: 3-g that provides the agency the ability to maximize revenues and to adjust fees according to market conditions as is the common practice in private industry with the approval of the Joint Fiscal Committee. Vote 18-0.

SB 521-FN, relative to an OHRV registration fee for persons who are members of an OHRV club, and requiring a report on registration alternatives for OHRV users who do not use organized trail systems. OUGHT TO PASS.

Rep. Mary Cooney for Ways and Means. This bill was passed by the Transportation Committee and came to the Ways and Means Committee for evaluation of the fees. It was developed by a study committee (SB 173 Chapter 34:1, Laws of 2015) to mirror the fees imposed upon snowmobile owners. The purpose is to collect fees in order to fund the maintenance of trails for OHRV (off highway recreation vehicle) use. The effective date for collection is May 1, 2017 with FY 2018 being the first year of revenue impact. This will give the NHOHVA (New Hampshire Off Highway Vehicle Association) enough time to raise funds for the electronic registration system needed to compliment the system. As with the snowmobile association, this will allow those who do not wish to join a club to still contribute to trail maintenance. In addition, there is a provision for the Executive Director of the Fish and Game Department, in conjunction with NHOHVA, to look at other issues that may arise, such as one time use for extracting a deer taken during hunting season. A report to the legislature by December 1, 2017 is required. Vote 17-1.

REGULAR CALENDAR

SB 506, clarifying who may adopt. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Daniel Itse for the Majority of Children and Family Law. This bill as amended expands the family arrangements which may be created by adoption. First, it recognizes the same sex marriages the legislature created in 2008. Second, it accepts those families who chose not to have a state sanctioned marriage. Third, it accepts family members who are acting to protect minors who have lost their parents. But it maintains the historical position that a child thrives best in intact families. Vote 7-4.

Rep. Martha Hennessey for the Minority of Children and Family Law. As originally written, this bill encouraged broad petitions for adoption while the amendment makes limits based on undefined terms, such as "familial." This bill was designed to encourage petitions for adoption and not to limit.

Majority Amendment (1771h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to adoption.

Amend the bill by replacing all after the enacting clause with the following:

- 1 Adoption; Who May Adopt. Amend RSA 170-B:4, I to read as follows:
 - I. [Husband and wife together] A married couple.
- 2 New Paragraphs; Adoption; Who May Adopt. Amend RSA 170-B:4 by inserting after paragraph VI the following new paragraphs:
- V. Two unmarried adults in a familial relationship. In this paragraph, a familial relationship shall be determined by considering all relevant circumstances of the petitioners, including, but not limited to:
 - (a) The sharing of a common residence.
 - (b) Economic interdependence, such as jointly owning or renting a home.
 - (c) A shared commitment to parenting duties and responsibilities.
 - VI. Any 2 family members.
 - 3 Effective Date. This act shall take effect January 1, 2017.

AMENDED ANALYSIS

This bill permits a married couple, 2 unmarried adults in a familial relationship, or any 2 family members to adopt.

Rep. Martha Hennessey spoke against.

Rep. Itse spoke in favor.

On a division vote, with 150 members having voted in the affirmative, and 137 in the negative, the majority committee amendment was adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Porter requested a roll call; sufficiently seconded.

and the majority committee report failed.

Rep. Long moved the minority committee report of Inexpedient to Legislate. Minority committee report adopted.

SB 537, relative to record management of abuse and neglect reports. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Skip Berrien for the Majority of Children and Family Law. This bill extends the length of time that the Division of Children, Youth and Families retains child protection records in order that subsequent investigations can be more complete. Reported cases which are not investigated will be retained for 7 years. Investigated cases which are not substantiated will be retained for 10 years. Substantiated cases will be retained indefinitely. These extended record retentions will identify patterns of potential maltreatment which are important for protection against further abuse or neglect. Vote 11-3.

Rep. Daniel Itse for the Minority of Children and Family Law. This bill increases the records retention time for abuse and neglect cases. It increases screened-out cases from 1 to 7 years, unfounded cases from 3 to 10 years, and founded cases from 7 years to forever. This bill reverses the act of the legislature in 2002, introduced by then-Senator Gordon, which continued the then-existing limits on unfounded and founded cases and established limits on screened-out cases. The minority agrees that the limits ought to be reviewed and with the establishment of triggers to continue retention, but believes this increase in limits to be excessive.

The question being adoption of the majority committee report of Ought to Pass. Rep. Itse offered floor amendment (1899h).

Floor Amendment (1899h)

Amend RSA 169-C:35-a, I and II as inserted by section 2 of the bill by replacing it with the following:

I. The department shall retain a screened-out report for 3 years from the date that the report was screened out. If during the 3-year retention period, the department receives a subsequent report of abuse or neglect concerning the same alleged perpetrator or the same child or any siblings or other children in the same household or in the care of the same adults, the department shall retain information from the prior and subsequent reports for an additional 3 years from the date a subsequent report is screened out, an additional 3 years from the date a subsequent report is deemed unfounded, and indefinitely if the subsequent report is deemed founded. The department shall delete or destroy all electronic and paper records of the reports when the retention period for the most recent report expires.

II. The department shall retain an unfounded report for 5 years from the date that the department determined the case to be unfounded. If during the 5-year retention period, the department receives a subsequent report of abuse or neglect concerning the same alleged perpetrator or the same child or any siblings or other children in the same household or in the care of the same adults, the department shall retain the information from the prior and subsequent reports for an additional 5

years from the date the subsequent report is screened out or deemed unfounded, or indefinitely if the subsequent report is deemed founded. The department shall delete or destroy all electronic and paper records of the reports when the most recent report expires.

AMENDED ANALYSIS

This bill revises the record retention requirements for founded, unfounded, and screened-out reports of abuse or neglect.

Rep. Itse spoke in favor.

Rep. Berrien spoke against.

On a division vote, with 163 members having voted in the affirmative, and 181 in the negative, floor amendment (1899h) failed.

The question now being adoption of the majority committee report of Ought to Pass.

Rep. Itse spoke against and yielded to questions.

Rep. Spillane spoke against.

Rep. Berrien spoke in favor.

Rep. Potucek requested a roll call; sufficiently seconded.

Sykes, George

and the majority committee report failed.

Rep. Itse moved the minority committee report of Inexpedient to Legislate.

On a division vote, with 201 members having voted in the affirmative, and 148 in the negative, the minority committee report was adopted.

SB 411, relative to the merger of lots that are mortgaged. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Kermit Williams for the Majority of Commerce and Consumer Affairs. This bill changes the procedure for the voluntary merger of land parcels. It limits the ability to merge the parcels if mortgages are involved. The merger cannot take place if there are multiple different mortgages on the parcels, and consent must be obtained from the mortgage holder if the merger is otherwise permitted. The committee added a change to the statute for the reversal of prior involuntary mergers. We removed the sunset date for requesting the reversal of such a mortgage, which will be allowed as long as the merger was not recorded by deed with the Registry of Deeds. Vote 18-2.

Rep. Laurie Sanborn for the Minority of Commerce and Consumer Affairs. Both the original bill and the bill as amended require property owners to obtain written permission from mortgage holder(s) when they want to merge contiguous lots if they have a lien on one of the properties, even if the landowner owns the other property outright. In doing so, this bill reduces property owners' rights and gives more power to banks and planning boards. Current law allows you to apply for a voluntary

merger and have it approved without attempting to get bank permission. Banks are hard to reach, mortgage holders can change frequently, and we heard testimony that 99% of them will never approve such a merger. The minority felt that there was no clear and compelling need presented to demonstrate why passage of this bill was needed at this time.

Majority Amendment (1806h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the merger of lots.

Amend RSA 674:39-a, II as inserted by section 1 of the bill by replacing it with the following:

II. No merger shall be allowed if there are mortgages on more than one of the separate lots proposed to be merged and such mortgages are held by different mortgage holders. If a merger is allowed, the written consent of each holder of a mortgage shall be required a s a condition to the approval of the merger. If the merger is approved, then the mortgage or mortgages shall be deemed by operation of law to apply to all lots involved in the merger. The consent of each mortgage holder shall be required to be recorded with notice of the merger pursuant to paragraph I. The municipality shall not be liable for any deficiency in the notice to mortgage holders.

Amend the bill by inserting after section 1 the following and renumbering the original section 2

to read as 3:

- 2 Restoration of Involuntarily Merged Lots. Amend RSA 674:39-aa, II(a) to read as follows:
- (a) [The request is submitted to the governing body prior to December 31, 2016] The merger was not recorded by deed with the register of deeds.

AMENDED ANALYSIS

This bill requires that mortgage holders approve the voluntary merger of lots and prohibits merger if there are mortgages on multiple lots and the mortgages are held by different persons. This bill also provides that requests for restoration of lots that were involuntarily merged are limited to mergers not recorded by deed filed with the register of deeds.

Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

SB 532-FN, relative to prior authorization for substance abuse treatment. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. John Hunt for the Majority of Commerce and Consumer Affairs. A bipartisan majority of the committee believes that this bill will make very significant pro-patient improvements to NH's laws regarding prior authorization for inpatient substance use treatment, and will dramatically expedite the approval of effective treatment that is most likely to lead to recovery. It also reflects a very fair compromise reached by the stakeholders and substantial concessions by the insurance carriers. First, the bill defines "clinical stabilization services" and "short-term inpatient withdrawal management." Furthermore, for those carriers that require prior authorization for inpatient substance use disorder services, this bill requires each carrier to either a) grant to the patient 24 hours of inpatient care without prior authorization while the patient's provider and carrier determine an appropriate care plan, or b) have a 24/7/365 hotline that the patient's treating clinician can call to get a medical necessity determination and the carrier's assistance with patient placement. Under this second option, the carrier must provide a prior authorization decision as soon as practicable, but no more than 6 hours after receiving the treating clinician's clinical rationale consistent with the American Society of Addiction Medicine (ASAM) criteria adopted per SB 576 which was adopted earlier this session. These new requirements for carriers will provide significant benefits to NH residents in need of prompt admission for inpatient substance use treatment. These requirements do not exist in current law today and directly address concerns that have been raised. The 6-hour turn around is also a very significant concession made by the carriers, and is even lower than the 12-hour turn around in the Senate-passed version of this bill. While most prior authorization requests are currently granted immediately, current NH law allows for up to a 72-hour turnaround time and up to a 24-hour turn around time in emergent situations. Thus, this bill now cuts the statutory prior authorization turn around time down by as much as 75%-92%. Importantly, this bill does not include a new mandate sought by a minority of the committee that would require carriers to pay for inappropriate and inefof the committee strongly believes that if the prior authorization request is not granted due to

the requested treatment being inconsistent with ASAM criteria, then there should not be a new mandate for carriers to pay for inappropriate services. The legislature should not be passing new mandates that create perverse incentives and unintended consequences, including rewarding providers who fail to appropriately apply the nationally-accepted standard of ASAM criteria, putting upward pressure on insurance premiums by requiring carriers to pay for inappropriate treatment, exacerbating the treatment capacity shortages that already exist in NH's substance use disorder inpatient care system, and undermining the critical role that prior authorization plays in ensuring patient safety and managing health care costs. The committee thoroughly vetted this type of new mandate, and the majority of the committee soundly rejected it. This bill as amended by the majority will provide significant improvements and many important benefits to NH residents who are in need of substance use treatment. Vote 13-7. Rep. Joseph Hannon for the Minority of Commerce and Consumer Affairs. The committee debate on this bill centered on a single word change; which, in the opinion of the minority, had the unfortunate result of completely undercutting the purpose of this bill. The majority agreed to a request from the insurance carriers to change the word on lines 13-14 on page 2, from "until" to "after." In short, this change has the result of forcing individuals in need of acute substance use disorder treatment to wait for up to 6 hours for health insurance carrier approval to access clinically appropriate services. The minority believes this change must be undone. The committee heard testimony from numerous stakeholders that, when an individual is at the point of agreeing to seek help for their addiction, the window of opportunity is often short - sometimes lasting less than 45 minutes. It is important to reiterate that the purpose of this bill is to ensure that individuals have immediate preliminary access to services, so clinically appropriate treatment can be obtained without delay. Furthermore, this bill requires treating clinicians to make medical necessity determinations using American Society of Addiction Medicine criteria before services can be rendered. The majority's argument that these criteria can be interpreted differently by different providers and, therefore, the carrier must have the ability to review medical necessity through a prior authorization is well taken, but falls short. When reviewing opioid claims for substance use disorder treatment services from 2014 to 2015, the New Hampshire Insurance Department found that of 11,650 total claims, the carrier's specialist agreed with the treating provider's assessment 99.54% of the time, or in 11,596 of those cases. The majority would have you believe that the carrier's interest in preventing 56 cases of disagreement on treatment criteria is more valuable than providing immediate access to critically necessary services for more than 11,600 people. Given the overwhelming rate at which the carriers ultimately agree with the treating clinician's assessment, it is clear to the minority that requiring prior authorization for these services is an artificial, and unnecessary, barrier to treatment. The immediacy of serving this population, given the risk of overdose and death, should not be overlooked. New Hampshire is facing an epidemic, and providing for immediate access to services is one important way to stem the tide of overdose deaths. As one father said, "a carrier's lost opportunity to manage care is nothing compared to a parent's loss of a child." Changing back the word "after" to "until" would remove a critical barrier to treatment, permitting immediate access to critical services for tens of thousands suffering in New Hampshire. This change is simply good policy.

Majority Amendment (1778h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to prior authorization for substance use treatment.

Amend the bill by replacing all after the enacting clause with the following:

1 Substance Use Disorders; Definitions. Amend RSA 420-J:15 to read as follows:

420-J:15 Definitions. In this subdivision:

I. "ASAM criteria" means the latest edition of the Treatment Criteria for Addictive, Substance-Related, and Co-Occurring Conditions, developed by the American Society of Addiction Medicine.

II. "Clinical stabilization services" means 24-hour clinically managed post-withdrawal management treatment for adults or adolescents which may include intensive education and counseling regarding the nature of addiction and its consequences, relapse prevention, outreach to families and significant others, and after-care planning, for individuals beginning to engage in recovery from addiction.

III. "Short-term inpatient withdrawal management" means 24-hour medically supervised addiction treatment for adults or adolescents provided in medically-managed or medically-monitored inpatient facilities that provide evaluation and withdrawal management and which may include biopsychosocial assessment, individual and group counseling, psychological educational groups, and discharge planning.

IV. "Substance use disorder services" means health care services that are provided to a covered person as treatment for an addictive substance-related condition, not including treatment for any

condition related to tobacco use.

2 Substance Use Disorders; Prior Authorization. Amend RSA 420-J:17 to read as follows:

420-J:17 Prior Authorization.

I. Whenever substance use disorder services are a covered benefit under a health benefit plan subject to this chapter, no prior authorization shall be required for the first 2 routine outpatient visits of an episode of care by an individual for assessment and care with respect to a substance use disorder.

II. Whenever substance use disorder services are a covered benefit under a health benefit plan subject to this chapter, no prior authorization shall be required for short-term inpatient withdrawal management and clinical stabilization services for up to 24 hours, when prescribed by a clinician trained in the use and application of the ASAM criteria; provided, that the facility notifies the patient's health carrier as soon as practicable after admission of the patient. If the facility fails to notify the patient's health carrier as soon as practicable after admission of the patient, the facility shall be financially responsible for the costs of any services provided by the facility to the patient.

III. Alternatively, a carrier may require prior authorization for the services described in paragraph II, but only if the carrier has a medical clinician or licensed alcohol and drug counselor available on a 24-hour hotline to make the medical necessity determination and assist with placement at the appropriate level of care, and the carrier provides a prior authorization decision as soon as practicable after receipt from the treating clinician of the clinical rationale consistent with the ASAM criteria, but in no event more than 6 hours of receiving such information; provided that after such hotline determination is made, coverage for substance use disorder services shall be provided at an appropriate level of care consistent with the ASAM criteria, as defined in RSA 420-J:15, I.

IV. If an insurance policy does not require prior authorization for short-term inpatient withdrawal

management services or clinical stabilization services, paragraphs II and III shall not apply.

V. Nothing in this section shall be construed to require coverage for services provided by a non-participating provider.

3 Effective Date. This act shall take effect January 1, 2017.

AMENDED ANALYSIS

This bill clarifies prior authorization requirements under the managed care law for substance use services.

On a division vote, with 274 members having voted in the affirmative, and 66 in the negative, the majority committee amendment was adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Hannon offered floor amendment (1920h).

Floor Amendment (1920h)

Amend RSA 420-J:17, III as inserted by section 2 of the bill by replacing it with the following:

III. Alternatively, a carrier may require prior authorization for the services described in paragraph II, but only if the carrier has a medical clinician or licensed alcohol and drug counselor available on a 24-hour hotline to make the medical necessity determination and assist with placement at the appropriate level of care, and the carrier provides a prior authorization decision as soon as practicable after receipt from the treating clinician of the clinical rationale consistent with the ASAM criteria, but in no event more than 6 hours of receiving such information; provided that until such hotline determination is made, coverage for substance use disorder services shall be provided at an appropriate level of care consistent with the ASAM criteria, as defined in RSA 420-J:15, I. Rep. Hannon spoke in favor.

Rep. Hunt spoke against.

Rep. Butler spoke in favor, yielded to questions and requested a roll call; sufficiently seconded.

Majority committee report adopted and ordered to third reading.

The House recessed at 12:10 p.m.

RECESS

The House reconvened at 1:30 p.m.

(Speaker Jasper in the Chair) ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 231, 601, 1121, 1124, 1130, 1154, 1164, 1175, 1195, 1202, 1223, 1226, 1239, 1292, 1329, 1340, 1352, 1372, 1378, 1409, 1410, 1450, 1451, 1459, 1467, 1515, 1579, 1587, 1599 and 1655 and Senate Bills numbered 152, 309, 323, 344, 352, 353, 356, 357, 359, 362, 374, 377, 386, 388, 433, 456, 461, 465, 475, 484, 517, 519, 524 and 545.

Rep. Hinch, Sen. Soucy for the Committee

REGULAR CALENDAR CONT'D

SB 336, relative to the qualifications for obtaining a license to carry a concealed pistol or revolver. INEXPEDIENT TO LEGISLATE.

Rep. Latha Mangipudi for Criminal Justice and Public Safety. This bill would have removed the term "suitable" from RSA 159:6 which relates to the application to carry deadly weapons concealed upon the person. The bill also would substitute a requirement that the applicant not be prohibited from possessing a firearm. This would mean that an applicant who drinks excessively would be able to carry a firearm concealed on his or her person. The issuing authority would no longer be able to disqualify the town drunk from obtaining a concealed carry license. Currently, if an applicant is denied, he or she has access to the circuit or superior court to prove that he or she is a suitable person to be licensed. This has worked well for almost 100 years. There are thousands of concealed carry licenses issued each year and very few denials. The NH Chiefs of Police testified in opposition to this bill. Vote 11-7. Reps. Hoell and Abramson spoke against.

Rep. Welch spoke in favor.

Rep. Kappler requested a roll call; sufficiently seconded.

and the committee report failed.

Rep. Hoell moved Ought to Pass and offered floor amendment (1888h).

Floor Amendment (1888h)

Amend RSA 159:6, I as inserted by section 1 of the bill by inserting after subparagraph (b) the following new subparagraph:

(c) No officer or employee of the state of New Hampshire, or any subdivision thereof, shall be held liable for any criminal act committed as a result of such officer or employee issuing a license pursuant to this section.

AMENDED ANALYSIS

This bill amends the requirements for obtaining a concealed carry license by removing the requirement that the applicant be "suitable" and inserting a requirement that the applicant not be prohibited from possessing a firearm by state or federal statute. The bill also provides immunity for an officer or employee of the state who issues a concealed carry license as authorized by statute.

Reps. Hoell and Tholl spoke in favor.

Floor amendment (1888h) was adopted.

The question now being adoption of the motion of Ought to Pass with Amendment.

Rep. Marston requested a roll call; sufficiently seconded.

and the motion was adopted and ordered to third reading.

Rep. Goley voted Nay and intended to vote Yea.

SB 339-FN, relative to required DNA analysis for certain offenses. OUGHT TO PASS WITH AMENDMENT.

Rep. Len DiSesa for Criminal Justice and Public Safety. Current law requires that the collection of a DNA sample (a cheek swab) be taken and analyzed upon a person's intake or prior to the release of a person from the state prison. The collection and analysis are allowed under current statute for any person convicted of any sexual offense, any offense against a child, any other felony offense prohibited by NH law, or "...another state or federal law, whether on probation, conditional or unconditional release, completion of sentence, or release for any other reason." This bill as amended adds the language "...or any person declared not guilty by reason of insanity and civilly committed to the Department of Corrections." This language addition closes a loophole in the statute and would allow the Department of Corrections to collect and analyze a DNA sample if a person committed a felony offense but was found not guilty by reason of insanity. DNA is only collected at the state prison, not at any county jail or other lockup facility. Currently, there are less than 20 persons incarcerated who would fall into this category, as well as a much smaller number of persons who have been civilly committed to the state prison because they are a danger to either themselves or others. It costs about \$100 for collecting and analyzing each DNA swab, but there is a federally funded program that pays for this so there is no cost to the state. Further, all fifty states have a variation of this law, with some states like California collecting DNA samples upon arrest rather than upon conviction. The amendment also adds the following language: "This paragraph shall not apply to any person who has been involuntarily committed to the secure psychiatric unit under RSA 135-C [New Hampshire Mental Health Services System] or RSA 622:45 [Secure Psychiatric Unit]." Both the Department of Corrections and the Department of Safety supported this bill. Tim Pifer, the NH State Police Forensic Laboratory Director, testified that given the substantial recidivism rate of persons who are found not guilty by reason of insanity for serious crimes, the bill would serve both as a deterrent and as a useful investigative tool for unsolved crimes. NH Department of Corrections Commissioner William Wrenn also appeared before the committee to voice strong support for this bill. The committee debated the balance between public safety and individual rights to privacy, but the majority of the committee felt this to be a minimal intrusion to an individual with the greater good to society to be of stronger benefit. Over the years, with the perfecting of DNA analysis, many cold cases have been solved and many wrongly convicted persons have been exonerated. Vote 17-2.

Amendment (1605h)

Amend RSA 651-C:2, I as inserted by section 1 of the bill by replacing it with the following:

I. Upon intake or prior to the release of any offender after conviction for the commission of any sexual offense, as defined in RSA 651-B:1, V, or any offense against a child as defined in RSA 651-B:1, VII, or any other felony offense prohibited by the laws of this or another state or federal law, whether on probation, conditional or unconditional release, completion of sentence, or release for any other reason, or any person found to be not guilty by reason of insanity under RSA 651:8-b for any of the offenses listed under this paragraph, or any person committed to the secure psychiatric unit by order of the court after being found not competent to stand trial pursuant to RSA 135:17-a for an offense listed under this paragraph, and subsequently committed under RSA 171-B:12 or RSA 135-C:34, such person shall have a DNA sample taken for DNA analysis to determine identification characteristics specific to the person.

AMENDED ANALYSIS

This bill requires DNA analysis for certain persons found not guilty by reason of insanity or committed to the secure psychiatric unit.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

SB 498-FN, relative to penalties for possession of certain controlled drugs. OUGHT TO PASS WITH AMENDMENT.

Rep. Robert Cushing for Criminal Justice and Public Safety. This bill signals an important agreement between the House and the Senate and amongst stakeholders in substance misuse policy discussions that New Hampshire needs to take a public health and harm reduction approach to the use of marijuana. Currently, a criminal penalty accompanying a conviction for first-time possession of a small amount of marijuana can lead to a lifetime of harsh consequences. These may include denial of student financial aid, housing, employment, and professional licenses. This bill as amended would make first-time possession of a small amount of marijuana, up to one-quarter ounce, a violation, subject to a fine of \$300, instead of a misdemeanor crime subject to arrest, jail time, and a criminal record. The amended bill only applies to first-time possession - second and subsequent offenses of possessing a small amount of marijuana could still be charged as a misdemeanor. Half the fines collected under the amended bill would be deposited into the fund to be used for drug and alcohol misuse prevention and education. The bill also provides that, in addition to paying a fine, a judge may order young people who are found to possess a small amount of marijuana to perform community service and may direct them to participate in alcohol and drug treatment programs. This bill does not endorse the use of marijuana, nor ignore the problems that can be associated with its use. Instead, it suggests that limited law enforcement and court resources should be applied more wisely and in accordance with public opinion. A UNH/WMUR poll released in July 2015 indicated that 72% of Granite Staters support decriminalizing marijuana. This bill as amended is a compromise that takes an incremental step toward reducing collateral damage done to people who use or experiment with marijuana. It seeks to stop making criminals out of citizens by placing our marijuana laws more in line with voter opinion and the New Hampshire Constitution and is a common sense approach that will enable us to redirect resources to combat the scourge of opioids that is ravaging our state. Vote 12-7.

Amendment (1587h)

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose.

I. New Hampshire's criminal justice system faces unprecedented challenges associated with the rising rate of opioid and opiate addiction.

II. Unlike opioids and opiates, which in 2015 reportedly caused 396 fatal overdose deaths in New Hampshire, marijuana has never been known to cause a fatal overdose. In fact, in August of 2015 the Journal of the American Medical Association reported that states that had made marijuana available for patients with severe pain saw a 24.8 percent drop in the rate of opioid deaths. Marijuana can thus be seen as a part of an effective strategy to combat opioid overdoses.

III. New Hampshire has maintained criminal penalties against marijuana possession for decades, and yet marijuana remains by far the most commonly used illicit substance in New Hampshire, with more than 11 percent of state residents reporting having used it in the past month, according to survey data from 2014 published by the Substance Abuse and Mental Health Services Administration. The same survey reported that only 3.69 percent of residents had used an illicit drug other than marijuana in the past month.

IV. The American Academy of Pediatrics endorsed decriminalization of marijuana in 2015, noting that reducing possession penalties to a violation has "not led to an increase in youth use rates" in states where it has been enacted.

V. Reducing the penalty for possessing 1/4 ounce or less of marijuana to a violation for first offenses and allowing offenders to pay fines by mail will result in less time and resources being spent on such cases, allowing police and courts to spend more time and resources dealing with serious crimes.

VI. A criminal penalty accompanying a conviction for possession of one-quarter ounce or less of marijuana can lead to a lifetime of harsh consequences. These may include denial of student financial aid, housing, employment, and professional licenses. Reducing this penalty to a violation for first offenses will significantly reduce the number of New Hampshire residents who receive criminal records for possessing one-quarter ounce or less of marijuana.

2 New Sections; Controlled Drug Act; Personal Possession of Marijuana. Amend RSA 318-B by inserting after section 2-b the following new sections:

318-B:2-c Personal Possession of Marijuana.

I. Except as provided in RSA 126-X, no person shall possess 1/4 ounce or less of marijuana, including adulterants or dilutants.

- II. Except as provided in RSA 126-X, no person shall possess one gram or less of hashish, including adulterants or dilutants.
- III.(a) Any person 18 years of age or older who violates the provisions of paragraph I or II shall be subject to a fine of \$300.
- (b) Any person 18 years of age or older who violates the provisions of paragraph I or II and has one prior conviction for violating paragraph I or II in the preceding 3 years shall be guilty of a misdemeanor. Notwithstanding any provision of law to the contrary, any complaint alleging a second offense under paragraph I or II occurring within 3 years of a prior offense may be reduced to a violation at any time prior to trial. In addition to any other penalty authorized by law, any person sentenced under this subparagraph shall be ordered to pay a fine in the amount of not more than \$500.
- (c) Any person 18 years of age or older who violates the provisions of paragraph I or II and has 2 or more prior convictions for violating paragraph I or II in the preceding 3 years shall be guilty of a misdemeanor. In addition to any other penalty authorized by law, any person sentenced under this subparagraph shall be ordered to pay a fine in the amount of not more than \$500.
- (d) Any person under 18 years of age possessing 1/4 ounce or less of marijuana, including adulterants and dilutants, or one gram or less of hashish, including adulterants or dilutants, may be subject to a petition under RSA 169-B or 169-D. In addition to any requirements imposed as a result of a petition under RSA 169-B or 169-D, the court may order the offender to participate in up to 35 hours of community service, which shall be completed within one year of the date of the offense. Further, the court may order the offender to complete an alcohol and substance abuse education program that has been approved by the department of health and human services, at the offender's expense, within one year of the date of the offense. The offender shall furnish the court with evidence of completion of both an approved alcohol and substance abuse education program and community service. An offender who fails to complete an alcohol and substance abuse education program or community service requirement as ordered may be subject to an additional fine of up to \$350. In all cases under this subparagraph, the offender's parent or legal guardian shall be notified of all proceedings.
- (e) Any person who is not yet 21 years of age on the date of the incident, who is convicted of a violation under paragraph I or II may, at the discretion of the court, be subject to the revocation or denial of a driver's license or privilege to drive for not more than 30 days on the first finding or conviction under this paragraph, and not more than one year for a subsequent finding or conviction. Nothing in this paragraph shall prevent the court from requiring any person subject to this provision to successfully complete a substance abuse education program in lieu of a loss or denial of driving license or privilege. The director, upon receipt of a notification from the court that the court has ordered the suspension of a person's license or driving privilege pursuant to this paragraph, shall issue a formal order of suspension and, in the case of denial of an application for a license, the period imposed shall begin on the date the person is eligible by age for the issuance of a license. Notwithstanding any other law regarding confidentiality, any court which convicts or makes a finding that an offense described in this paragraph has occurred involving a person who meets the age limits specified in this paragraph, and which orders the revocation or denial of a driver's license or privilege to drive, shall forward a notice of such conviction or finding to the director. The director shall maintain the confidentiality of notices received.
- (f) The director shall, when ordered by the court, revoke the driver's license or privilege to drive or deny an application for a license for not more than 30 days on the first finding or conviction under paragraph I or II, and not more than one year for a subsequent finding or conviction; provided, however, that the director shall not revoke or deny a license or privilege to drive under this paragraph without first giving the person an opportunity for a hearing to determine that the person is the individual who was convicted of the offense and against whom the court order applies. In the case of denial of an application for a license, the period imposed shall begin on the date the person is eligible by age for the issuance of a license. This section shall only apply to a person who is not yet 21 years of age.
- IV.(a) Except as provided in this section, no person shall be subject to arrest for a violation of paragraph I or II. A person who commits a violation under paragraph I or II shall be released on a hand summons, provided the law enforcement officer does not have lawful grounds for arrest for a different offense. If a person has a previous conviction for a violation of paragraph I or II within the preceding 3 years, a law enforcement officer may issue a summons for the offense which informs the person that they must appear in court for arraignment on the date marked on the summons.

(b) Any person found with a violation level amount of marijuana or hashish who refuses to provide their correct full name and address shall be subject to arrest rather than issuance of a summons to ensure appearance at court.

(c) Except as specifically provided in this section, neither the state nor any of its political subdivisions shall impose any form of penalty on a person for possessing 1/4 ounce or less of

marijuana, or one gram or less of hashish, or paraphernalia for marijuana use.

(d) This paragraph shall not be construed to prohibit a law enforcement agency from investigating or charging a person for a violation of RSA 265-A.

(e) This paragraph shall not be construed to prohibit a law enforcement officer from taking

a person into protective custody pursuant to RSA 172:15.

- V. One-half of the amount of all fines collected under this section shall be deposited in the alcohol abuse prevention and treatment fund established in RSA 176-A:1 to be used for alcohol and other drug abuse prevention, treatment, and recovery, including the development of a marijuana education program pursuant to RSA 12-J:3, III-b, and one-half of the amount of such fines shall be used to fund the continued operation of the judicial branch.
 - 318-B:2-d Plea by Mail.

I. Any person 18 years of age or older who is charged with a violation of RSA 318-B:2-c, I or II may enter a plea of guilty, nolo contendere, or not guilty, by mail in a circuit court, district division, unless such person has received a summons that indicates that he or she must appear in person for arraignment pursuant to the provisions of RSA 318-B:2-c, IV(a).

II. Any defendant not subject to a must appear summons based upon a prior conviction shall receive, in addition to a summons, a fine notice entitled "Notice of Fine" which shall contain the amount of the fine for a violation of RSA 318-B:2-c, I or II. A defendant who is issued a summons and notice of fine and who wishes to plead guilty or nolo contendere shall enter his or her plea on the summons and return it with payment of the fine within 30 days of the date of the summons. Payment by credit card may be accepted in lieu of cash payment.

III. If the defendant wishes to enter a plea of not guilty, he or she shall enter such plea on the summons and return it within 30 days of the date of the summons. The circuit court, district division

shall schedule a trial.

IV. Whenever a defendant does not enter a plea by mail within 30 days of the date of the summons, the defendant shall be defaulted and shall be subject to an additional \$100 fine.

- V. Whenever a defendant willfully fails to pay a fine in connection with a conviction for a violation of RSA 318-B:2-c, I or II, or payment of such fine is noncollectible, the defendant shall be defaulted and the court may impose an additional fine of \$100.
 - 3 Controlled Drug Act; Penalties. Amend RSA 318-B:26, II to read as follows:
- II. Any person who knowingly or purposely obtains, purchases, transports, or possesses actually or constructively, or has under his control, any controlled drug or controlled drug analog, or any preparation containing a controlled drug or controlled drug analog, except as authorized in this chapter, shall be sentenced as follows, except as otherwise provided in this section:
- (a) In the case of a controlled drug or its analog, classified in schedules I, II, III or IV, other than those specifically covered in this section, the person shall be guilty of a class B felony, except that notwithstanding the provisions of RSA 651:2, IV(a), a fine of not more than \$25,000 may be imposed. If any person commits such a violation after one or more prior offenses as defined in RSA 318-B:27, such person shall be guilty of a class A felony, except that notwithstanding the provisions of RSA 651:2, IV(a), a fine of up to \$50,000 may be imposed[;].
- (b) In the case of a controlled drug or its analog classified in schedule V, the person shall be sentenced to a maximum term of imprisonment of not more than 3 years, a fine of not more than \$15,000, or both. If a person commits any such violation after one or more prior offenses as defined in RSA 318-B:27, such person shall be guilty of a class B felony, except that notwithstanding the provisions of RSA 651:2, IV(a), a fine of not more than \$25,000 may be imposed[?].
- (c) [In the case of more than 5 grams of hashish, the person shall be guilty of a misdemeanor, except that notwithstanding the provisions of RSA 651:2, IV(a), a fine of not more than \$5,000 may be imposed.
- (d)] In the case of *more than 1/4 ounce of* marijuana, including any adulterants or dilutants, or [5 grams or less] *more than one gram* of hashish, the person shall be guilty of a class A misdemeanor. 4 Controlled Drug Act; Penalties. Amend RSA 318-B:26, III(a) to read as follows:

Aldrich, Glen LeBreche, Shari

Avellani, Lino Schmidt, Stephen

Abbott, Michael Bordenet, John Hunt, John McConnell, James Sad, Tara Weber, Lucy

Fothergill, John Thomas, Yvonne

Abel, Richard

Piper, Wendy

Darrow, Stephen

Gionet, Edmond

Hennessey, Martha

- (a) Except as provided in RSA 318-B:2-c, controls any premises or vehicle where he knows a controlled drug or its analog is illegally kept or deposited;
- 5 Other Alcohol or Drug Offenses; Possession of Drugs. Amend RSA 265-A:43 to read as follows: 265-A:43 Possession of Drugs. Any person who drives on any way a vehicle while knowingly having in his or her possession or in any part of the vehicle a controlled drug or controlled drug analog in violation of the provisions of RSA 318-B shall be guilty of a misdemeanor, and his or her license shall be revoked or his or her right to drive denied for a period of 60 days and at the discretion of the court for a period not to exceed 2 years. This section shall not apply to the possession of marijuana or hashish as provided in RSA 318-B:2-c.
- 6 New Paragraph; Governor's Commission on Alcohol and Drug Abuse Prevention, Treatment, and Recovery; Duties. Amend RSA 12-J:3 by inserting after paragraph III-a the following new paragraph:

III-b. Develop a marijuana education program.

7 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill reduces the penalty for possession of 1/4 ounce or less of marijuana or one gram or less of hashish to a violation. The bill also requires the governor's commission on alcohol and drug abuse prevention, treatment, and recovery to develop a marijuana education program. Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Edwards requested a roll call; sufficiently seconded.

STRAFFORD

Gray, James Groen, Warren Rollo, Deanna and the committee report was adopted and ordered to third reading.

SB 540-FN, relative to the possession, use, or sale of kratom by any person under 18 years of age. OUGHT TO PASS.

Rep. John Martin for Criminal Justice and Public Safety. Kratom is illegal to import into the United States. It is also illegal in Thailand, the country where it is primarily grown. Kratom has been described as similar to khat, a drug widely used in Africa to stimulate warlord gangs and child soldiers. There is documentary evidence submitted which suggests that this substance, when abused, can be addictive, and in several instances where it has been offered as an alternative to opioids, its use has led back to opioid abuse in a vicious cycle. There are currently no prohibitions in NH law against this substance. This is a start, albeit a small one. Vote 9-8.

Rep. Marston spoke against.

Rep. Martin spoke in favor and yielded to questions.

MOTION TO LAY ON THE TABLE

Rep. Spillane moved that **SB 540-FN**, relative to the possession, use, or sale of kratom by any person under 18 years of age, be laid on the table.

On a division vote, with 202 members having voted in the affirmative, and 143 in the negative, the motion was adopted.

REGULAR CALENDAR CONT'D

SB 483-FN, establishing a committee to study the necessity of creating a chartered public school program officer position and to study appropriations to chartered public schools for the 2016 and 2017 fiscal years. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Mary Heath for the Majority of Education. This bill as amended establishes the position of a chartered school program officer in the department of education. In 2013, HB 1128 established a study committee which resulted in further legislation that established a commission to study the issues related to children attending public charter schools. In 2014, that commission was enacted by statute and meets regularly to discuss public school charter issues. That commission identified the need for and strongly recommended a charter school program officer within the department of education. The chartered public school officer will serve an important role in the design, development, authorization, evaluation and implementation of NH public charter schools. Furthermore, the position will assist in securing federal funds and other resources for public charter schools as well as creating a forum to share ideas among charter schools and programs that our traditional public schools may want to explore. This bill will require the commissioner of education to establish this position to take effect July 1, 2017. Vote 14-6.

Rep. Glenn Cordelli for the Minority of Education. This bill, as amended, would seek to create a new position in the Department of Education in the next budget. The minority believes that this position can be requested in the next budget by the department without this bill. For a number of years, this function has actually been grant funded. As we recently saw with the denial of an application for a Windham Charter School, they received the needed support from the department. The issue is with the Board of Education who denied the application. This bill does not address that larger issue.

Majority Amendment (1362h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing the position of chartered public school program officer in the department of education.

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose. The chartered public school program officer position under this act provides statewide administrative oversight, support, and guidance to enure the chartered public school education program, including the delivery of special education services, which complies with state and federal requirements.

2 New Paragraph; Department of Education; Duties of Commissioner; Chartered Public School Program Officer. Amend RSA 21-N:4 by inserting after paragraph XI the following new paragraph:

XII. No later than October 1, 2017, establish a chartered public school program officer position which shall be a classified position. The commissioner shall include a new classified chartered public school program officer classified position in its efficiency expenditure report pursuant to RSA 9:4 for the biennium ending June 30, 2019 and every biennium thereafter. The chartered public school program officer shall:

- (a) Answer inquiries regarding charter public schools.
- (b) Act as a liaison between chartered public schools and the department of education.
- (c) Ensure that a chartered public school is implementing its charter mission.
- (d) Provide training for interested parties on the governance of chartered public schools and the development of chartered public school policy.
 - (e) Assist the chartered public school in identifying and securing alternative funding sources.
- (f) Receive and evaluate progress reports from chartered public schools, identify best practices for instruction and management in chartered public schools, and develop a process to share such best practices with other public schools.
- (g) Act as the liaison between chartered public schools and the United States Department of Education.
 - (h) Act as the liaison between chartered public school advocacy groups and interested parties.
- (i) Act as the liaison between chartered public schools and other public schools in the chartered public school's geographic region.
- (j) Work closely with the resident school districts and chartered public schools to assure appropriate support for students with disabilities.
 - 3 Effective Date. This act shall take effect July 1, 2017.

AMENDED ANALYSIS

This bill requires the commissioner of the department of education to establish the position of chartered public school program officer.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. On a division vote, with 207 members having voted in the affirmative, and 134 in the negative, the majority committee report was adopted and ordered to third reading.

SB 4, relative to eligibility to vote and relative to availability of voter information. MAJORITY:

OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE. Rep. Adam Schroadter for the Majority of Election Law. This bill, establishing a 30-day domicile requirement for voting in New Hampshire, is similar to SB 179 from last year. It strikes a balance between ease-of-voting and the necessity of protecting the integrity of our elections. It is the result of many hearings and meetings with the public, the Secretary of State and Deputy Secretary of State, and groups concerned with the election process. Testimony included surprisingly high statistics of voters registering in New Hampshire with out-of-state drivers' licenses and verified cases of drive-by-voting from the Department of Justice. A July 2015 WMUR Granite State poll reported a

majority of Granite Staters support a 30-day residency requirement for voting in New Hampshire, as was included previously in SB 179 and also here in SB 4. The majority of the committee feels it is crucial that those who vote in the State of New Hampshire are, in fact, residents and domiciliaries of the state and not individuals seeking to take advantage of the voting system for personal gain. Elections are often decided by narrow margins and even a small degree of influence carries the potential to change the result of an election. Vote 10-7.

Rep. Wayne Moynihan for the Minority of Election Law. Despite an earlier proposal for a 10-day prohibition against new citizens voting in NH, the committee majority now proposes passage of SB 4, which establishes a 30-day residency requirement. Clearly, the NH Constitution establishes that a citizen may vote in NH wherever he or she is "domiciled" on the day of the election. In a state such as ours, where the capacity for same-day voter registration has been well established, the minority believes it is unfair and constitutionally wrong to require a citizen to prove an extended period of instate residency in order to vote. Testimony from town clerks, the NH League of Women Voters, and other witnesses clearly established that this change to our law would definitely prevent eligible voters from voting. The likelihood of this offensive result is based on actual interactions between voters and these clerks and advocates in recent past elections. The bill authorizes clerks and registrars to consider a citizen's federal tax records, interactions with government agencies, and to examine NH licenses to determine domicility. At the time of the executive session, an amendment to the bill was presented to add a "Statement of Purpose" to the bill. It is to be attached to the new law to explain to others what this new law means. The statement actually has the audacity to include the claims that it expresses not only the intent of this legislature in passing this law, but also the intent of the members of the 1974 Constitutional Convention; the past intent of a "Supreme Court," but without identifying which case or even which supreme court it is referring to; and, finally, it states that the 1976 "domicile" amendment to the NH Constitution "no longer complies with current statutes," a claim which sort of puts the cart before the horse. This bill will deprive valid NH citizens of their fundamental right to vote.

Majority Amendment (1349h)

Amend the bill by inserting after section 4 the following and renumbering the original section 5 to read as 6:

5 Statement of Purpose. The New Hampshire constitution states: "Every person shall be considered an inhabitant for the purposes of voting in the town, ward, or unincorporated place where he has his domicile." Members of the 1974 Constitutional Convention voted to make "domicile" a prerequisite for voting, rather than being an inhabitant or resident, with the intent to require a more definite and permanent qualification that preserves and promotes confidence in elections. It was deemed that a person may have multiple residences at one time, but only one domicile. The amendment to the constitution was passed during the 1976 general election; however, under the wording of our current statutes, it is difficult for the state to assert this constitutional interest in preserving the integrity, fairness, and efficiency of the election process. The Supreme Court has stated that this interest justifies the state's imposition of certain eligibility requirements for voters and has upheld the legislatures' duty to set qualifications for the equal

constitutional right to be elected. A 30-day domiciliary requirement for electors provides administrative clarification while preserving and promoting voter confidence in New Hampshire's unmatched tradition of ballot access and voter participation.

Rep. Moynihan spoke against.

Rep. Gray spoke in favor.

On a division vote, with 202 members having voted in the affirmative, and 140 in the negative, the majority committee amendment was adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Gannon offered floor amendment (1876h).

Floor Amendment (1876h)

Amend the bill by replacing sections 1-3 with the following:

1 Voter; Domicile. Amend RSA 654:1, I to read as follows:

- I.(a) Every inhabitant [of the state], having [a single] established domicile [for voting purposes] in this state for no less than 10 consecutive days before any election where the inhabitant offers to vote, being a citizen of the United States, of the age provided for in Article 11 of Part First of the Constitution of New Hampshire, shall have a right at any meeting or election, to vote in the town, ward, or unincorporated place in which he or she is domiciled.
- (b)(1) An inhabitant's domicile for voting purposes [is that one place where a person, more than any other place, has established a physical presence and manifests an intent to maintain a single continuous presence for domestic, social, and civil purposes relevant to participating in democratic self-government.] shall be the principal or primary home or place of abode of a person. Principal or primary home or place of abode is that home or place in which his or her habitation is fixed and to which a person, whenever he or she is temporarily absent, has the intention of returning after a departure or absence therefrom, including when the person is absent because of military service or temporarily absent as described in RSA 654:2.
- (2) In determining what is a principal or primary place of abode of a person, without limitation the following factors or evidence relating to such person may be taken into account: civic and community participation, the place where a person spends most nights of the year, the location from which a person would apply for a passport or other federal identification, residence for income or other tax purposes, eligibility for a resident hunting and fishing license, and a New Hampshire driver's license.
- (3) A qualified voter who has left his or her home and gone into another state or town of this state for a temporary purpose only shall not be considered to have lost his or her domicile as described in RSA 654:2.
- (4) A person shall not be considered to have gained a domicile in any town or ward of this state into which he or she comes for temporary purposes only, without the intention of making it his or her home but with the intention of leaving it when he or she has accomplished the purpose that brought him or her there. Evidence that a person who, prior to arriving in New Hampshire, was domiciled in another state and is temporarily present in New Hampshire for any purpose including, but not limited to vacation, short-term temporary work, volunteering for social or civic purposes, or volunteering or working on political campaigns is not sufficient evidence that the person has established a domicile in New Hampshire.
- (5) If a qualified voter moves to another state, with the intention of making it his or her permanent home, he or she shall be considered to have lost his or her domicile in this state.
- (c) A person has the right to change domicile at any time, however a mere intention to change domicile in the future does not, of itself, terminate an established domicile before the person actually moves.
- 2 New Paragraphs; Voter; Domicile. Amend RSA 654:1 by inserting after paragraph I-a the following new paragraphs:
- I-b. Any person who establishes a voting domicile that otherwise meets the requirement of paragraph I, less than 10 days before any election where the inhabitant offers to vote shall vote at the polling place for the town or ward of his or her most recent previous domicile. Except that any person who transfers an existing New Hampshire voter registration and satisfies the requirements of this chapter for proving his or her new domicile may vote at the polling place for the town or ward of his or her new domicile.

city/town of __

I-c. Any person who met the requirements of this chapter to register to vote in New Hampshire who has established a voting domicile outside of New Hampshire within the 10 consecutive days before an election and is not allowed to register and vote in that election in the state of his or her new domicile because he or she established that new domicile within 10 consecutive days before that election may vote at the polling place for the New Hampshire town or ward where he or she was previously domiciled.

3 Voter Registration Form. Amend RSA 654:7, IV to read as follows:

___ NEW REGISTRATION I am not registered to vote in New Hampshire

IV.(a) $[\overline{A}]$ Standard registration application [form] forms shall be used throughout the state. The registration [form] forms shall be no larger than 8 1/2 inches by 11 inches.

(b) The secretary of state shall prescribe the form of the voter registration form to be used for voter registrations, *transfers*, *or updates* other than those at the polling place on the date of a state general election, which shall be in substantially the following form:

__ TRANSFER I am registered to vote in New Hampshire and have moved my voting domicile to a new town or ward in New Hampshire NAME CHANGE/ADDRESS UPDATE I am registered to vote in this town/ward and have changed my name/address Date ____ VOTER REGISTRATION FORM (Please print or type) 1. Notary Public/Justice of the Peace/Official Authorized by RSA 659:30

In accordance with RSA 659:34, the penalty for knowingly or purposefully providing false information when registering to vote or voting is a class A misdemeanor with a maximum sentence of imprisonment not to exceed one year and a fine not to exceed \$2,000. Fraudulently registering to vote or voting is subject to a civil penalty not to exceed \$5,000.

Election Official

AMENDED ANALYSIS

This bill:

- I. Expands the definition of domicile for voting purposes and requires that a voter be a resident of the state for at least 10 days.
 - II. Modifies the voter registration form.

Applicant

III. Allows otherwise confidential voter information to be made available to the legislature in an aggregated or statistical data format.

Rep. Gannon spoke in favor.

Rep. Burton spoke against.

Floor amendment (1876h) failed.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Moynihan spoke against.

Rep. William O'Brien spoke in favor.

Rep. Sanborn requested a roll call; sufficiently seconded.

and the majority	committee report was adop	pted and ordered to third	reading.

SB 423, relating to the right of 17-year olds to register to vote. OUGHT TO PASS.

Rep. William Pearson for Election Law. This bill simply clarifies a current law. While there were some on the committee who felt our voting system is vulnerable to participation by those under 18 years of age, the Secretary of State assured us that our supervisors of the checklists are very well trained and, as of yet, there have been no incidents where a 17-year-old has been able to fraudulently vote. As the bill does not make any changes to current practice, the bipartisan majority of the Election Law Committee sees no cause for concern and recommend that this bill Ought to Pass. Vote 10-7. Rep. Bates spoke against.

Reps. Pearson and Hoelzel spoke in favor.

On a division vote, with 193 members having voted in the affirmative, and 142 in the negative, the committee report was adopted and ordered to third reading.

SB 315, relative to the regulation of barbers, cosmetologists, estheticians, and manicurists. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Peter Schmidt for the Majority of Executive Departments and Administration. This bill, as adopted by the Senate, is a request of the Board of Barbering, Cosmetology and Esthetics. It is essentially a housekeeping bill modifying certain definitions relevant to the professions overseen by the board. It also makes certain simplifying and facilitating changes to current license renewal provisions, and restructures the list of persons exempt from licensure requirements. The committee amendment removes the requirement for licensing shampoo assistant apprentices and removes 'shampooing' from the definitions of 'barber' and 'cosmetologist.' Vote 8-7.

Rep. J.R. Hoell for the Minority of Executive Departments and Administration. The bill seeks to update and expand the definitions for what is included in the field of cosmetology and other professions regulated under RSA 313-A. The bill as filed also would have licensed the "profession" of shampoo assistant apprentice. The minority of the committee agreed with the changes that were made in the committee amendment, but felt that there are still issues in the Barbering and Cosmetology Practice Act that have not been addressed. Although completely unenforced, current law technically prohibits a parent from cutting the hair of their child, or even of their elderly parent, without

a license. Furthermore, the penalties for cutting someone's hair or decorating their nails without the appropriate license is a Class A misdemeanor for a person and a felony for setting up a business to provide these services. The members felt that the penalties are excessive and that adopting two other simple changes would significantly enhance the bill. The minority felt that its amendment, which allows a person who is not engaged in the profession as a primary occupation to cut the hair of their friends and family members, is in keeping with current practice and that we should align our statutes to what we believe that people should be allowed to do.

Majority Amendment (1697h)

Amend the bill by replacing all after the enacting clause with the following:

- 1 Barbering, Cosmetology, and Esthetics; Definitions; Barbering. Amend RSA 313-A:1, II(c) to read as follows:
 - (c) [Shampooing,] Arranging, dressing, or styling the hair.
 - 2 Definition; Master Barber. Amend RSA 313-A:1, II-a(c) to read as follows:
 - (c) [Shampooing,] Arranging, dressing, or dyeing the hair or applying hair tonics;
 - 3 Definition; Cosmetology. Amend RSA 313-A:1, VI to read as follows:
- VI. "Cosmetology" means arranging, dressing, curling, waving, [cleansing,] cutting, bleaching, coloring, or similarly treating the hair of any person, and performing other work customarily performed by a cosmetologist such as giving facials [and], manicures, pedicures, and artificial nail enhancements, applying makeup or eyelashes to any person, and removing superfluous hair.
 - 4 Definition; Esthetics. Amend RSA 313-A:1, VIII(d) to read as follows:
- (d) Providing pedicure and manicure services, including therapeutic skin and nail care treatments for the [foot] feet and hands, beautifying the [foot] feet and hands, and massaging, cleansing, or stimulating the [foot] feet and hands by means of the hands, devices, apparatus, or appliances, with the use of cosmetic preparations, antiseptics, tonics, lotions, or creams, trimming or filing the [toenails] nails, and polishing the [toenail] nails.
 - 5 Definitions; Manicuring or Pedicuring. Amend RSA 313-A:1, X to read as follows:
- X. "Manicuring" or "pedicuring" means cutting, trimming, polishing, applying artificial enhancements such as tips or acrylic to the natural nails, or coloring or cleansing the nails of any person.
- 6 Board of Barbering, Cosmetology and Esthetics; Owner Member. Amend RSA 313-A:2, I to read as follows:
- I. There shall be a board of barbering, cosmetology, and esthetics consisting of 7 members as follows: one licensed barber, one licensed cosmetologist, one licensed esthetician, one licensed manicurist, one owner of a licensed barbering, cosmetology, esthetics, or manicuring school who shall be a resident of New Hampshire or a designee of such owner who shall be a [ticensed cosmetologist] licensee and a resident of New Hampshire, one owner of a registered tanning facility and one public member; each to be appointed by the governor with the consent of the council to a term of 5 years. No board member shall be appointed to more than 2 consecutive terms. Appointees to the unexpired portion of a full term shall become members of the board on the day following such appointment. Time served in filling an unexpired term shall not affect an appointee's eligibility to serve 2 consecutive full terms. Only board members provided for in this paragraph shall have the authority to vote in board determinations.
 - 7 Temporary Permit; Expiration. Amend RSA 313-A:18, II to read as follows:
- II. A temporary permit shall authorize its holder to engage temporarily in the practice of the profession for which such permit was issued under the guidance of a licensed practitioner in a registered salon or barbershop. If, upon notice from the board, the applicant fails without just cause to take the examination, the permit shall terminate. If the applicant fails to pass the examination, the board in its discretion may grant a second temporary permit, under like conditions, which permit in all circumstances shall expire [upon the holding of the next successive examination] 60 days from its issuance, unless just cause for failure to take the examination shall be shown to the satisfaction of the board.
 - 8 Renewal of Expired License; Late Fee. Amend RSA 313-A:20 to read as follows:
- 313-A:20 Expiration and Renewal of Licenses. Each barber, master barber, barber instructor, apprentice, barbershop, barber school, esthetician, esthetics instructor, esthetics school, esthetics salon, manicurist, apprentice, beauty salon, or manicuring salon license issued under this chapter shall expire on the last day of the birth month of the licensee in the odd year next succeeding its date of issuance. Each cosmetologist, cosmetology instructor, or cosmetology school license issued under this chapter shall expire on the last day of the birth month of the licensee in the even year next succeeding its date of issuance.

Any personal license which has expired may be renewed [at any time during the year next following upon] within 6 months by payment of the renewal fee and a late fee established by the board [and an additional fee of \$5, and at any time during the next succeeding year period upon the payment of the renewal fee and an additional fee of \$10. If the holder of any license fails to renew the license within 2 years after its expiration, such license may be renewed within 5 years after expiration by paying a fee]. After 6 months and within 5 years, a personal license may be renewed by paying the renewal fee and a late fee established by the board. Any school or shop license which has expired may be renewed upon payment of the renewal fee plus a late fee established by the board.

9 Apprentice Licensure. Amend RSA 313-A:24 to read as follows:

313-A:24 Apprentice Registration and Licensure.

I. No person shall enter an apprenticeship or enroll in a school under this chapter unless such person has registered with the board as an apprentice and been issued an apprentice license. The board shall have sole authority to regulate apprentices and apprenticeship under this chapter. The board shall issue an apprentice license to any student receiving instruction within a licensed school or shop to learn barbering, cosmetology, esthetics, or manicuring.

II. A person applying for [registration] a license under this section shall be granted such [registration] license upon:

(a) Submitting proof sufficient to the board to show that such person is at least 16 years of age;

(b) [Submitting 3 passport-size photographs;

(e) Paying a fee established by the board; and

[(d)] (c) Being deemed by the board to be of good professional character.

III. No salon or barbershop shall at any one time have more than one apprentice per licensed professional, except as follows:

(a) Each licensed barber may have up to 2 apprentices for barbering.

(b) Each licensed master barber may have up to 2 apprentices for barbering, or one apprentice master barber and one apprentice barber.

IV. Upon completing the number of hours specified in the board's apprentice rules, an apprentice shall be eligible to apply to the board for licensure.

10 Barbering, Cosmetology, and Esthetics; Exemptions. Amend RSA 313-A:25 to read as follows:

313-A:25 Exemptions.

[; or

[1-] The provisions of this chapter relative to barbering, cosmetology, esthetics, and manicuring shall not be construed to apply to the following persons:

[(a)] I. Physicians and surgeons licensed under RSA 329 when engaged in the practice of their profession[3].

[(b)] *II*. Chiropractors licensed under RSA 316-A when engaged in the practice of their profession[-;].

[(c)] III. Commissioned medical or surgical officers of the United States army, navy, or marine hospital service[:].

[(d)] IV. Registered and practical nurses licensed under RSA 326-B when engaged in the practice of their profession[;].

[(e) Licensed cosmetologists or estheticians under this chapter;

(f) Persons engaged in the practice of barbering in public or private institutions where such practice is carried on solely for the benefit of such institution;

(g)] V. Morticians licensed under RSA 325 when engaged in the practice of their profession.

(h) Persons conducting programs for barbering demonstration sponsored by a recognized barber organization.

[H. The provisions of this chapter relative to cosmetology or esthetics shall not be construed to apply to the following persons:

(a) Licensed barbers engaged in their usual occupation.

(b)] VI. Persons engaged in behalf of a manufacturer or distributor solely in demonstrating the use of any machine or other article for purposes of sale, without charge to the person who is the subject of such demonstration.

[(c)] VII. Persons engaged in the practice of barbering, cosmetology[or], esthetics, or manicuring in a charitable or benevolent institution, nursing home, long-term care facility, or assisted living facility where such practice is carried on solely for the benefit of the residents of such institution.

- [d)] VIII. Persons conducting programs relating to demonstrations of barbering, cosmetology [or], esthetics, or manicuring sponsored by a [recognized cosmetological or esthetical] professional organization.
- [(c) Licensed cosmetologists engaged in the practice of cosmetology upon an invalid, a person with a disability, or a person confined to the home because of age,]
- IX. Licensees engaged in the practice of their profession upon a person who is not able to leave his or her residence because the person has a disability, limited mobility, or by reason of the person's age in that person's place of residence.
 - [(f)] X. Persons licensed as massage therapists under RSA 328-B.
- [(g)] XI. Persons licensed as physical therapists or physical therapist assistants under RSA 328-A and 328-F.
- XII. Persons employed as shampoo assistants in a licensed shop who perform the functions of shampooing, rinsing, and removing rollers or perm rods, and rinsing treated or untreated hair.

 11 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill modifies definitions and makes various changes to license renewal, temporary licenses, apprentice licensure, and exemptions from licensure by the board of barbering, cosmetology, and esthetics.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Hoell offered minority committee amendment (1866h).

Minority Amendment (1866h)

Amend the bill by replacing all after the enacting clause with the following:

- 1 Barbering, Cosmetology, and Esthetics; Definitions; Barbering. Amend RSA 313-A:1, II(c) to read as follows:
 - (c) [Shampooing,] Arranging, dressing, or styling the hair.
 - 2 Definition; Master Barber. Amend RSA 313-A:1, II-a(c) to read as follows:
 - (c) [Shampooing,] Arranging, dressing, or dyeing the hair or applying hair tonics:
 - 3 Definition; Cosmetology. Amend RSA 313-A:1, VI to read as follows:
- VI. "Cosmetology" means arranging, dressing, curling, waving, [-cleansing,] cutting, bleaching, coloring, or similarly treating the hair of any person, and performing other work customarily performed by a cosmetologist such as giving facials [and], manicures, pedicures, and artificial nail enhancements, applying makeup or eyelashes to any person, and removing superfluous hair.
 - 4 Definition; Esthetics. Amend RSA 313-A:1, VIII(d) to read as follows:
- (d) Providing pedicure and manicure services, including therapeutic skin and nail care treatments for the [foot] feet and hands, beautifying the [foot] feet and hands, and massaging, cleansing, or stimulating the [foot] feet and hands by means of the hands, devices, apparatus, or appliances, with the use of cosmetic preparations, antiseptics, tonics, lotions, or creams, trimming or filing the [toenails] nails, and polishing the [toenail] nails.
 - 5 Definitions; Manicuring or Pedicuring. Amend RSA 313-A:1, X to read as follows:
- X. "Manicuring" or "pedicuring" means cutting, trimming, polishing, applying artificial enhancements such as tips or acrylic to the natural nails, or coloring or cleansing the nails of any person.
- 6 Board of Barbering, Cosmetology and Esthetics; Owner Member. Amend RSA 313-A:2, I to read as follows:
- I. There shall be a board of barbering, cosmetology, and esthetics consisting of 7 members as follows: one licensed barber, one licensed cosmetologist, one licensed esthetician, one licensed manicurist, one owner of a licensed barbering, cosmetology, esthetics, or manicuring school who shall be a resident of New Hampshire or a designee of such owner who shall be a [hicensed cosmetologist] licensee and a resident of New Hampshire, one owner of a registered tanning facility and one public member; each to be appointed by the governor with the consent of the council to a term of 5 years. No board member shall be appointed to more than 2 consecutive terms. Appointees to the unexpired portion of a full term shall become members of the board on the day following such appointment. Time served in filling an unexpired term shall not affect an appointee's eligibility to serve 2 consecutive full terms. Only board members provided for in this paragraph shall have the authority to vote in board determinations.

7 Temporary Permit; Expiration. Amend RSA 313-A:18, II to read as follows:

- II. A temporary permit shall authorize its holder to engage temporarily in the practice of the profession for which such permit was issued under the guidance of a licensed practitioner in a registered salon or barbershop. If, upon notice from the board, the applicant fails without just cause to take the examination, the permit shall terminate. If the applicant fails to pass the examination, the board in its discretion may grant a second temporary permit, under like conditions, which permit in all circumstances shall expire [upon the holding of the next successive examination] 60 days from its issuance, unless just cause for failure to take the examination shall be shown to the satisfaction of the board.
 - 8 Renewal of Expired License; Late Fee. Amend RSA 313-A:20 to read as follows:
- 313-A:20 Expiration and Renewal of Licenses. Each barber, master barber, barber instructor, apprentice, barbershop, barber school, esthetician, esthetics instructor, esthetics school, esthetics salon, manicurist, apprentice, beauty salon, or manicuring salon license issued under this chapter shall expire on the last day of the birth month of the licensee in the odd year next succeeding its date of issuance. Each cosmetologist, cosmetology instructor, or cosmetology school license issued under this chapter shall expire on the last day of the birth month of the licensee in the even year next succeeding its date of issuance. Any personal license which has expired may be renewed [at any time during the year next following upon] within 6 months by payment of the renewal fee and a late fee established by the board [and an additional fee of \$5, and at any time during the next succeeding year period upon the payment of the renewal fee and an additional fee of \$10. If the holder of any license fails to renew the license within 2 years after its expiration, such license may be renewed within 5 years after expiration by paying a fee]. After 6 months and within 5 years, a personal license may be renewed by paying the renewal fee and a late fee established by the board. Any school or shop license which has expired may be renewed upon payment of the renewal fee plus a late fee established by the board.
 - 9 Apprentice Licensure. Amend RSA 313-A:24 to read as follows:
 - 313-A:24 Apprentice Registration and Licensure.
- I. No person shall enter an apprenticeship or enroll in a school under this chapter unless such person has registered with the board as an apprentice and been issued an apprentice license. The board shall have sole authority to regulate apprentices and apprenticeship under this chapter. The board shall issue an apprentice license to any student receiving instruction within a licensed school or shop to learn barbering, cosmetology, esthetics, or manicuring.
- II. A person applying for [registration] a license under this section shall be granted such [registration] license upon:
 - (a) Submitting proof sufficient to the board to show that such person is at least 16 years of age;
 - (b) [Submitting 3 passport-size photographs;
 - (c) Paying a fee established by the board; and
 - [(d)] (c) Being deemed by the board to be of good professional character.
- III. No salon or barbershop shall at any one time have more than one apprentice per licensed professional, except as follows:
 - (a) Each licensed barber may have up to 2 apprentices for barbering.
- (b) Each licensed master barber may have up to 2 apprentices for barbering, or one apprentice master barber and one apprentice barber.
- IV. Upon completing the number of hours specified in the board's apprentice rules, an apprentice shall be eligible to apply to the board for licensure.
 - 10 Barbering, Cosmetology, and Esthetics; Exemptions. Amend RSA 313-A:25 to read as follows: 313-A:25 Exemptions.
- [I-] The provisions of this chapter relative to barbering, cosmetology, esthetics, and manicuring shall not be construed to apply to the following persons:
- [(a)] I. Physicians and surgeons licensed under RSA 329 when engaged in the practice of their profession[3].
- [(b)] *II*. Chiropractors licensed under RSA 316-A when engaged in the practice of their profession[-7].
- [(e)] III. Commissioned medical or surgical officers of the United States army, navy, or marine hospital service[;].
- [(d)] IV. Registered and practical nurses licensed under RSA 326-B when engaged in the practice of their profession[;].

- [(e) Licensed cosmetologists or estheticians under this chapter;
- (f) Persons engaged in the practice of barbering in public or private institutions where such practice is carried on solely for the benefit of such institution;
- $\frac{\text{(g)}}{\text{V}}$. Morticians licensed under RSA 325 when engaged in the practice of their profession. [; or
- (h) Persons conducting programs for barbering demonstration sponsored by a recognized barber organization.
- [H. The provisions of this chapter relative to cosmetology or esthetics shall not be construed to apply to the following persons:
 - (a) Licensed barbers engaged in their usual occupation.
- (b)] VI. Persons engaged in behalf of a manufacturer or distributor solely in demonstrating the use of any machine or other article for purposes of sale, without charge to the person who is the subject of such demonstration.
- [(c)] VII. Persons engaged in the practice of barbering, cosmetology[-or], esthetics, or manicuring in a charitable or benevolent institution, nursing home, long-term care facility, or assisted living facility where such practice is carried on solely for the benefit of the residents of such institution.
- [d)] VIII. Persons conducting programs relating to demonstrations of barbering, cosmetology [or], esthetics, or manicuring sponsored by a [recognized cosmetological or esthetical] professional organization.
- [(c) Licensed cosmetologists engaged in the practice of cosmetology upon an invalid, a person with a disability, or a person confined to the home because of age,]
- IX. Licensees engaged in the practice of their profession upon a person who is not able to leave his or her residence because the person has a disability, limited mobility, or by reason of the person's age in that person's place of residence.
 - [(f)] X. Persons licensed as massage therapists under RSA 328-B.
- [(g)] XI. Persons licensed as physical therapists or physical therapist assistants under RSA 328-A and 328-F.
- XII. Persons employed as shampoo assistants in a licensed shop who perform the functions of shampooing, rinsing, and removing rollers or perm rods, and rinsing treated or untreated hair.
- XIII. A person providing services of barbering, cosmetology, esthetics, or manicuring to friends and family members when the person does not provide such services as his or her primary occupation.
 - 11 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill modifies definitions and makes various changes to license renewal, temporary licenses, apprentice licensure, and exemptions from licensure by the board of barbering, cosmetology, and esthetics.

Rep. Peter Schmidt spoke against.

Rep. Hoell spoke in favor and requested a roll call; not sufficiently seconded.

On a division vote, with 163 members having voted in the affirmative, and 166 in the negative, the minority committee amendment failed.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

MOTION TO SUSPEND HOUSE RULES

Rep. Hoell moved that House Rules be so far suspended as to allow consideration of floor amendment (1864h) that will require a second committee past the deadline.

Rep. Hoell spoke in favor.

Rep. Tholl spoke against.

On a division vote, with 111 members having voted in the affirmative, and 218 in the negative, the motion failed.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Andrew Christie yielded to questions.

On a division vote, with 209 members having voted in the affirmative, and 131 in the negative, the majority committee report was adopted and ordered to third reading.

SB 396, relative to compatibility of electrical devices with the National Electric Code and the state building code. INEXPEDIENT TO LEGISLATE.

Rep. Steven Beaudoin for Executive Departments and Administration. Certain power tools, appliances, medical equipment, high efficiency refrigerators, and even some newer light bulbs will cause arc fault circuit interrupters (AFCI), a safety device in electrical systems, to falsely sense an arc within the circuit causing nuisance tripping and unnecessary interruption of power. This bill would prohibit the sale of equipment that is incompatible with AFCIs within the state of NH. The majority felt that the manufacturers of AFCIs should be designing their devices to be compatible with existing appliances, not the other way around. The majority of the committee felt that in the rare cases that this happens, most manufacturers, instead of entering into a costly redesign of their product, would simply pull their equipment from the relatively small NH market. Since the House has already passed HB 533 that addresses this issue in a different manner, this bill is unnecessary. Vote 10-5. Committee report adopted.

SB 421, relative to liability of governmental units. REFER FOR INTERIM STUDY.

Rep. Jacalyn Cilley for Executive Departments and Administration. This bill makes a number of substantive as well as "housekeeping" changes to RSA 507-B as it relates to immunity provisions for governmental units at the municipal, county and state level. The majority of the committee expressed concerns over such provisions as adding language concerning programs for pooled risks into this statute when these are authorized and governed under RSA 5-B sufficiently. In addition, the majority felt that this bill was not ready for prime time at this point as it continues to make reference to work that should have been concluded in 1979. Lastly, those who testified on the bill noted that the content was the compromise between plaintiff and defense attorneys and acknowledged that there was more to be done on the matter of liability of governmental units. The majority of the ED&A Committee felt it prudent that further work be done to come to more universal consensus on this topic. Vote 9-5.

Committee report adopted.

SB 452-FN, requiring certain state agencies to conduct an audit of laws governing coastal regions to enable authorities to take appropriate actions. OUGHT TO PASS.

Rep. Peter Schmidt for Executive Departments and Administration. This bill requires state agencies, including but not limited to, the Department of Environmental Services, the Department of Resources and Economic Development, the Department of Transportation, and the Fish and Game Department to conduct an audit of state laws, rules, and agency policies in the NH coastal regions, in order to be better prepared for flood risks arising from natural events. Some of these agencies are already engaged in this work as part of their ongoing mission. The bill further permits the planning of a well-coordinated response to such prospective events. Vote 9-6.

On a division vote, with 206 members having voted in the affirmative, and 115 in the negative, the committee report was adopted and ordered to third reading.

CACR 27, relating to the operating budget. Providing that the state shall not spend more from any fund than such fund receives in revenue, nor use the proceeds of any bond to fund its annual operating expenditures. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: REFER FOR INTERIM STUDY.

Rep. Neal Kurk for the Majority of Finance. As amended by the committee, this CACR provides that, in any budget period, the state shall not spend more on operating budget expenses than it receives in revenues, plus any surplus from the preceding budget period, or use the proceeds of any indebtedness to fund its operating expenses. The CACR further provides that the spending cap may be overridden by a two-thirds vote of both House and Senate, which may occur whenever the legislature wishes. While there are comparable provisions in current state statute, they relate largely to budgets and appropriations, not actual spending. Moreover, those statutory provisions may be changed at any time by majority vote or by subsequent contrary legislation, such as an out-of-balance budget. A constitutional provision is different. The majority of the committee believes that this constitutional amendment appropriately sets into our basic governing document the value of financial prudence shared by our state's citizens. Vote 15-11. Rep. Marjorie Smith for the Minority of Finance. The minority believes that while the concept reflected in CACR 27 is worthy of consideration, the language of the amendment is unworkable. The language specifies "spend," not "Plan to spend." When would the vote be held; would it

be monthly, or annually, or when the audit is completed, or when the Comprehensive Annual Financial Report is presented to the fiscal committee? Would it be the legislative or the executive branch that called for the vote? Would this amendment open the door for judicial involvement in the budget process? For these and related issues the minority believes that CACR 27 should be referred for Interim Study.

Majority Amendment (1870h)

Amend the title of the resolution by replacing it with the following:

RELATING TO: the operating budget.

PROVIDING THAT: the state shall not spend more on operating budget expenses than it receives

in revenues plus any surplus from the previous budget period, or use the proceeds of any instrument of indebtedness to fund its operating expenditures.

Amend the resolution by replacing paragraph I with the following:

I. That the second part of the constitution be amended by inserting after article 6-b the following new article:

[Art.] 6-c [Balanced Budget.] The state shall not, without an affirmative vote of two-thirds of the total number of representatives apportioned under part 2, article 9 and of the total number of senators allocated by part 2, article 25, either spend more on operating expenses in any budget period than it receives in revenues, plus any surplus from the previous budget period, or use the proceeds of any instrument of indebtedness to fund, directly or indirectly, its operating expenditures.

Amend the resolution by replacing paragraph IV with the following:

IV. That the wording of the question put to the qualified voters shall be:

"Are you in favor of amending the second part of the constitution by inserting after article 6-b a new article to read as follows:

[Art.] 6-c [Balanced Budget.] The state shall not, without an affirmative vote of two-thirds of the total number of representatives apportioned under part 2, article 9 and of the total number of senators allocated by part 2, article 25, either spend more on operating expenses in any budget period than it receives in revenues, plus any surplus from the previous budget period, or use the proceeds of any instrument of indebtedness to fund, directly or indirectly, its operating expenditures."

AMENDED ANALYSIS

This constitutional amendment concurrent resolution provides that the state may not spend more on operating expenses than it receives in revenues plus any surplus from the previous budget period, or use the proceeds of any instrument of indebtedness to fund operating expenses.

Rep. Marjorie Smith spoke against and yielded to questions.

Rep. Kurk spoke in favor.

On a division vote, with 185 members having voted in the affirmative, and 125 in the negative, the majority committee amendment was adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Marjorie Smith spoke against and yielded to questions.

Rep. William O'Brien spoke in favor.

Rep. Sanborn requested a roll call; sufficiently seconded.

MOTION TO LAY ON THE TABLE

Rep. Kurk moved that **CACR 27**, relating to the operating budget. Providing that the state shall not spend more on operating budget expenses than it receives in revenue plus any surplus from the previous budget period, or use the proceeds of any instrument of indebtedness to fund its operating expenditures, be laid on the table.

Motion adopted.

REGULAR CALENDAR CONT'D

SB 368-FN-A, making a capital appropriation for department of environmental services monitoring equipment. OUGHT TO PASS.

Rep. J. Tracy Emerick for Finance. This bill appropriates \$260,000 of unused capital funds for the purchase and installation of new and repair of existing monitoring equipment for the Piscataqua, Great Bay and Hampton estuaries. State water monitoring is advantageous to the state over data collected by the EPA, so such EPA data may be verified, or not. Vote 26-0. Committee report adopted and ordered to third reading.

SB 406-FN, relative to classification of certain state employee positions. OUGHT TO PASS WITH AMENDMENT.

Rep. J. Tracy Emerick for Finance. The bill as it passed the House changed the labor classifications of certain state employee positions. This committee amendment does two things: it funds the purchase of full-body scanners and modifies funds transfer authority for the Liquor Commission. Both were the subject of hearings on non-germane amendments. Full-body scanners are being purchased to deal with the increase in drugs and other contraband being smuggled into state prisons and county jails, with three slated for the Concord men's prison, two for the Berlin prison and one for the women's prison, at a cost of \$1.1 million. An additional \$740,000 is appropriated for 50% grants to counties to purchase body scanners for their correctional facilities. The language modification for the Liquor Commission allows operating funds transfers up to \$75,000 (the same as all state departments) on a non-cumulative basis. Presently, the transfers are managed on a cumulative basis. Vote 16-0.

Amendment (1801h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to classification of certain state employee positions and relative to the liquor commission.

Amend the bill by replacing all after section 2 with the following:

- 3 Liquor Commission; Transfer of Funds Within Operating Budget. Amend RSA 176:16, V to read as follows:
- V. The commissioner is authorized to transfer funds within and among all accounting units within the commission's operating budget and to create accounting units and expenditure classes as required and as the commissioner deems necessary and appropriate to address present or projected budget deficits, or to respond to changes in federal law, regulations, or programs, and otherwise as necessary for the efficient management of the liquor commission. Any *individual* transfer of \$75,000 or more shall require prior approval of the fiscal committee of the general court and governor and council, *and any determination of this prior approval requirement shall not be determined on a cumulative basis*. The provisions of this section shall not be subject to RSA 9:16-a, RSA 9:17-a, and RSA 9:17-c.
- 4 Appropriation; Department of Corrections; Scanners for State Correctional Facilities. In addition to any other funds appropriated to the department of corrections, the sum of \$1,110,000 for the fiscal year ending June 30, 2017 is hereby appropriated to the department for the purchase and installation of 6 full body security scanners in the state correctional facilities. Three of the scanners shall be installed in the state prison for men in Concord, 2 scanners shall be installed in the northern New Hampshire correctional facility in Berlin, and one scanner shall be installed in the new state prison for women. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.
- 5 New Section; State Prisons; Security Screening. Amend RSA 622 by inserting after section 6 the following new section:
- 622:6-a Security Screening Required. All individuals entering a state correctional facility, including but not limited to visitors, state officials, employees, contractors, and vendors, shall be subject to a security screening using a full body security scanner. The full body security scanners shall be

installed and operated in a manner that enables the detection of contraband but does not display or record an image of an individual's private body parts. With the exception of images that show contraband and are needed as evidence for prosecution, no image may be copied, duplicated, or retained for more than 24 hours.

6 Appropriation; Department of Justice; Scanners for County Correctional Facilities. In addition to any other funds appropriated to the department of justice, the sum of \$740,000 for the fiscal year ending June 30, 2017 is hereby appropriated to the department for the purpose of providing grants to the counties for up to 50 percent of the cost of one full body scanner for each county correctional facility in New Hampshire that does not have such a scanner as of the effective date of this act. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

7 Effective Date.

- I. Section 3 of this act shall take effect upon its passage.
- II. Sections 4, 5, and 6 of this act shall take effect July 1, 2016.
- III. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill:

- I. Adds the following positions to the unclassified salary schedule: administrator of the site evaluation committee, deputy commissioner of the liquor commission, deputy commissioner of the department of information technology, and executive director of the office of professional licensure and certification.
- II. Changes the salary classification of the chairman of the liquor commission, executive assistant to the adult parole board, chief information security officer, commandant of the state veterans home, the deputy director of the division of motor vehicles, and the executive director of the judicial council.
- III. Clarifies when prior approval by the fiscal committee and governor and council is required for the liquor commissioner to transfer funds within accounting units.

IV. Makes appropriations to the department of corrections to purchase 6 full body scanners for use in state correctional facilities and to the department of justice to administer grants to counties to offset a portion of the cost of full body scanners for county correctional facilities. Committee amendment adopted.

Committee report adopted and ordered to third reading.

SB 464-FN-A, establishing a statewide drug offender grant program and making appropriations therefor, and relative to transferring certain revenues to the revenue stabilization reserve account. OUGHT TO PASS WITH AMENDMENT.

Rep. David Danielson for Finance. This bill establishes a drug court program or an alternative drug offender program and makes a \$2.23 million appropriation therefor. An alternative drug offender program means a program offered by a county as an alternative to operating a drug court for non-violent offenders, including diversion programs and programs utilizing intensive probation, random drug testing and evidence-based cognitive therapy. It specifies the use of "best practices" as based on researchbased, specific practitioner-focused drug court guidance published by the National Association of Drug Court Professionals. It also establishes the position of the drug offender program coordinator within the administrative office of the superior court. This bill uses the definition of drug courts as already established in state law. Under the guidance and approval of the Chief Justice of the Superior Court, the coordinator will develop draft policies and procedures for both types of programs, will measure recidivism rates and other outcome measures, will evaluate on-going compliance with relevant standards and will assist staff who are creating either drug courts or alternative drug offender programs and will assist counties with relevant training. A maximum amount of money has been established for counties based on size. The size refers to the actual number of cases heard in the superior court(s) in that county and not to population of the county. A minimum grant will be 50 percent up to \$245,000 per year for large counties, \$150,000 per year for medium counties, \$100,000 for small counties. Counties that have implemented felonies first will be eligible for a state-funded drug court up to the maximum of \$490,000 per year for large counties, \$300,000 per year for medium counties and \$200,000 for small counties. Counties which wish to have larger drug courts or drug alternative programs than provided by these grants may contribute to the costs. The application process for establishing either program is specified in the bill. Reporting on each of these programs will be done annually and such reports

will be made available on the legislative budget assistant's website annually. Should reporting not be completed, funding will cease until mandated reports are received. Funding for FY 17 is provided in the bill. This amendment also adds \$40 million of revenues in excess of budget estimates to the 'Rainy Day' fund at the end of FY 16. Vote 26-0.

Amendment (1853h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a statewide drug offender grant program, establishing drug courts or alternative drug offender programs in certain counties, making appropriations therefor, and transferring certain revenues to the revenue stabilization reserve account.

Amend the bill by replacing all after the enacting clause with the following:

1 Chapter Title; Drug Courts and Alternative Drug Offender Grant Program. Amend the chapter heading of RSA 490-G to read as follows:

CHAPTER 490-G

DRUG COURTS AND ALTERNATIVE DRUG OFFENDER GRANT PROGRAM

2 New Subdivision; Drug Offender Grant Program. Amend RSA 490-G by inserting after section 2 the following new subdivision:

Drug Offender Grant Program

490-G:3 Definitions. In this subdivision:

I. "Alternative drug offender program" means a program offered by a county as an alternative to operating a drug court for non-violent offenders including diversion programs and programs utilizing intensive probation, random drug testing, and evidence-based cognitive therapy.

II. "Best practices" means research-based, specific, practitioner-focused drug court guidance published by the National Association of Drug Court Professionals. For alternative drug offender programs, best practices include evidence-based programs which divert non-violent offenders out of the criminal justice system or utilize intensive probation supervision, sanctions, and behavior therapy to address behavior.

III. "Office" means the office of drug offender program coordinator within the administrative office of the superior court.

IV. "Drug court" means drug courts as described in RSA 490-G:1 and RSA 490-G:2.

490-G:4 Grant Program Created.

I. There is established a statewide drug offender grant program which shall provide state matching funds as appropriated to support drug courts or alternative drug offender programs in state superior court districts. The grant program shall be available to counties operating either a drug court or an alternative drug offender program prior to the effective date of this section, and to counties that have not yet implemented a drug court or an alternative drug offender program. A county shall be eligible for a drug court or an alternative drug offender grant, but not both. Beginning in fiscal year 2018, the statewide drug offender grant program shall continue as long as it is funded through appropriations in the state operating budget.

II. There is established the office of drug offender program coordinator within the administrative office of the superior court. The office shall be responsible for developing an application process by which counties may apply for a state grant and evaluating the operating drug courts and alternative drug offender programs. Subject to approval of the chief justice of the superior court, the office shall:

- (a) Determine approval requirements including the New Hampshire drug court and alternative drug offender program approval checklists. Prior to accepting applications for grants, the approval checklists shall be posted on the judicial branch website. The checklists shall be updated on the website as revisions are made.
- (b) Establish and periodically update best practices for operating drug courts and alternative drug offender programs.
- (c) Develop draft policies and procedures including a participant handbook, program outline, and implementation plan.
 - (d) Measure recidivism rates and other outcome measures.
 - (e) Evaluate compliance with relevant standards
- (f) Assist in creating drug courts or alternative drug offender programs in counties seeking to implement or continue either of them.
 - (g) Assist counties in obtaining ongoing training.

III. A county operating a drug court or alternative drug offender program which is not funded by the judicial branch pursuant to RSA 592-B:9, or which seeks to establish such a program, may be eligible for a state grant which shall pay 50 percent of the cost up to the amounts indicated in RSA 490-G:5, I from funds administered by the administrative office of the superior court. The remaining cost shall be funded by the county.

490-G:5 Eligibility for Grants.

I. For the purpose of grants, the superior court districts of each county shall be grouped into 3 categories: small, medium, and large, based on the number of court filings in each district and subject to annual review by the chief justice of the superior court. Coos, Carroll, and Sullivan counties shall initially be categorized as small. Grafton, Belknap, and Cheshire counties shall initially be categorized as medium. The districts of Hillsborough county superior court north and Hillsborough county superior court south, and Strafford, Merrimack, and Rockingham counties shall initially be categorized as large. Subject to available state appropriations, large counties and districts shall each be eligible for a grant of up to \$245,000 per year; medium counties shall each be eligible for a grant of up to \$150,000 per year; and small counties shall each be eligible for a grant of up to \$100,000 per year. Grants shall be awarded based on the date of program approval on a first-come, first-served basis, but shall not be retroactive. Counties may apply for grants during the year and grants may be prorated for a portion of the year for the number of months the grant will be in effect for that year. Grants shall not be prorated based on the amount of appropriation available. Any state drug offender grant program funds which are not expended by a county at the end of the county's fiscal year shall be returned to the judicial branch administrative office of the superior court for deposit in the state general fund.

II. To be eligible for a state grant, a county operating either a drug court or an alternative drug offender program which is not funded by the judicial branch pursuant to RSA 592-B:9 shall receive a recommendation for approval from the office. Grants shall be paid by the administrative office of the superior court following receipt of recommendation by the office and final approval of the chief justice of the superior court. The office shall determine how often approval shall be required and the office shall recommend subsequent grants when the currently operating drug court or alternative drug offender program establishes compliance with the New Hampshire drug court or alternative

drug offender program approval checklist as promulgated by the office.

III. A county without a drug offender program which seeks to implement either a drug court or an alternative drug offender program shall first apply for a federal grant for the purpose of establishing a program. A county shall be required to apply for a federal grant only once. Any county that applied for a federal grant before the effective date of this section shall not be required to apply again. In the event the county is awarded a federal grant, or any other grant from a nonprofit organization, designed to fund a drug court or alternative drug offender program, the county shall be eligible for a state grant only after the federal or other nonprofit grant has expired. If the county does not receive a federal or other nonprofit grant for which it applied, then it shall be eligible to apply for a state grant.

IV.(a) A county seeking to implement either a drug court or an alternative drug offender program may obtain a state grant for the purpose of establishing a program after satisfying the conditions in

paragraph III. To obtain a state grant, a county shall:

(1) Submit a budget for the total cost of the program to the office for review;

(2) Obtain from the office draft policies and procedures, including a participant handbook or program outline and implementation plan, which the county may amend and return to the office for consideration and approval;

(3) Obtain and complete drug offender program training as approved by the office; and

(4) Based on the information provided in subparagraphs (1)-(3), the office shall recommend programs for final approval of the chief justice of the superior court.

(b) If the county's proposed program and required documentation is approved, the county shall receive the grant amount of 50 percent of the approved budget up to the amounts indicated in

RSA 490-G:5, I for one year.

(c)(1) An alternative drug offender program may be established either separately or jointly with another county for high risk, and high or moderate need offenders. The grant amount available to counties applying jointly shall be the sum of the amounts each county would be eligible for separately. The alternative drug offender program developed shall be evidence-based, cost effective, and shall employ the use of an evidence-based risk/need assessment to determine

participant eligibility. For counties to be eligible for a state grant, they shall obtain approval from the office of the drug offender program coordinator. Alternative drug offender programs shall comply with the requirements of subparagraph (a).

(2) Before obtaining a state grant, a county shall apply for federal grants that may be applicable for the alternative drug offender program. If denied, the county may be eligible for the state grant pursuant to the conditions of this section. If the county obtains a federal grant, it becomes eligible for the state grant only after the federal grant has been exhausted. The county shall be required to apply for a federal grant only once.

(d) To receive funding for subsequent years, the county shall obtain approval from the office. The office shall determine how often approval shall be required. Subject to final approval

by the chief justice of the superior court, the office shall grant approval if the county:

(1) Establishes compliance with the New Hampshire alternative drug offender program approval checklist as promulgated by the office; and

- (2) Provides a complete accounting of program activities, expenditures, and outcome measures for the past year including, but not limited to, the number of participants, number of graduates, and the number of recidivists; and
 - (3) Establishes that the program is cost effective.

V. The judicial branch administrative office of the superior court is authorized to expend from appropriated sums the amounts necessary to fund the grants certified by the office.

490-G:6 Report. Beginning with a report due on or before January 1, 2018, the office of drug offender program coordinator shall prepare an annual report on the activities, expenditures, and outcome measures for the drug offender grant program, and the operation of drug courts or alternative drug offender programs. The report shall include the information provided by each county and shall be presented by state superior court district and on a statewide basis. The report shall be forwarded to the speaker of the house of representatives, the president of the senate, and the office of the legislative budget assistant to be posted on the website of the office of the legislative budget assistant. If the required report is not provided by January 30 in any year, the drug courts and alternative drug offender grant program shall be suspended until such report is provided.

3 New Section; Criminal Procedure in Superior Court. Amend RSA 592-B by inserting after section 8 the following new section:

592-B:9 Drug Courts or Alternative Drug Offender Programs.

- I.(a) In any county that has implemented or which will implement the felonies first project established in this chapter within one year of commencing operation of a drug court or alternative drug offender program, the judicial branch shall fund and operate an approved drug court or alternative drug offender program separate from the statewide drug offender grant program established in RSA 490-G, and at no cost to the county.
- (b) Before the judicial branch funds and operates a drug court or alternative drug offender program in any county under subparagraph (a), the county shall have first applied for a federal grant for the purpose of establishing a program. A county shall be required to apply for a federal grant only once. Any county that applied for a federal grant before the effective date of this section shall not be required to apply again. In the event the county is awarded a federal grant, or any other grant from a nonprofit organization, designed to fund a drug court or alternative drug offender program, the judicial branch shall fund and operate a drug court or alternative drug offender program only after the federal or other nonprofit grant has expired. If the county does not receive a federal or other nonprofit grant for which it applied, the drug court or alternative drug offender program shall commence operation.
- (c) The cost of the drug court or alternative drug offender program shall not exceed \$490,000 per judicial district in a large county, \$300,000 in a medium county, and \$200,000 in a small county, based on the number of court filings in each judicial district and subject to annual review by the chief justice of the superior court.
- II. A county in which the judicial branch is funding and operating an approved drug court or alternative drug offender program separate from the statewide drug offender grant program established in RSA 490-G:4 shall not be eligible to receive funds under the statewide grant offender program.
- 4 Appropriation; Judicial Branch; Drug Offender Grant Program and Operation of Drug Courts and Alternative Drug Offender Programs.

I. The sum of \$2,070,000 for the fiscal year ending June 30, 2017 is hereby appropriated to the judicial branch, for the purpose of funding the drug offender grant program certified by the office of the drug offender program coordinator under RSA 490-G, and the operation of drug courts and alternative drug offender programs under RSA 592-B:9. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

II. The sum of \$160,000 for the fiscal year ending June 30, 2017 is hereby appropriated to the judicial branch, for the purpose of hiring a state program coordinator and funding operating expenses under RSA 490-G for the drug offender grant program. The governor is authorized to

draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

5 Transfer to Revenue Stabilization Reserve Account. Notwithstanding any provision of law to the contrary, to the extent combined unrestricted general and education trust fund revenues for the fiscal year ending June 30, 2016 as determined by the official audit performed pursuant to RSA 21-I:8, II(a) exceed the official estimates, an amount not to exceed \$40,000,000 of said excess shall immediately be transferred by the comptroller to the revenue stabilization fund established in RSA 9:13-e.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

I. Establishes the statewide drug offender grant program administered by the office of drug offender program coordinator and makes appropriations therefor. Grants are paid by the administrative office of the superior court to counties meeting the requirements.

II. Appropriates funds to the judicial branch for the purpose of funding the drug offender grant program.

III. In counties which have implemented or will implement the felonies first project, provides funding for the operation of a drug court or alternative drug offender program.

IV. Provides for a transfer of excess revenues to the revenue stabilization reserve account. Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Dan McGuire offered floor amendment (1906h).

Floor Amendment (1906h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a statewide drug offender grant program, establishing drug courts or alternative drug offender programs in certain counties, making appropriations therefor, and transferring certain revenues to the state retirement system to reduce the unfunded accrued liability.

Amend the bill by replacing section 5 with the following:

5 Transfer to Retirement System; Unfunded Liability. Notwithstanding any provision of law to the contrary, to the extent combined unrestricted general and education trust fund revenues for the fiscal year ending June 30, 2016 as determined by the official audit performed pursuant to RSA 21-I:8, II(a) exceed the official estimates, an amount not to exceed \$40,000,000 of said excess shall immediately be paid to the board of trustees of the New Hampshire retirement system and dedicated to reducing the retirement system's unfunded accrued liability, determined under RSA 100-A:16, II, proportionally for each member classification.

AMENDED ANALYSIS

This bill:

I. Establishes the statewide drug offender grant program administered by the office of drug offender program coordinator and makes appropriations therefor. Grants are paid by the administrative office of the superior court to counties meeting the requirements.

II. Appropriates funds to the judicial branch for the purpose of funding the drug offender grant program. III. In counties which have implemented or will implement the felonies first project, provides

funding for the operation of a drug court or alternative drug offender program.

IV. Provides for a transfer of excess revenues to the state retirement system to reduce the unfunded accrued liability.

Rep. Dan McGuire spoke in favor.

Rep. Lynne Ober spoke against.

The Speaker ruled floor amendment (1906h) non-germane and out of order.

Committee report adopted and ordered to third reading.

SB 466-FN, relative to the detention of youthful offenders at the youth development center. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS WITH AMENDMENT.

Rep. Frank Byron for the Majority of Finance. This bill as amended provides, commencing July 1, 2016, for the detention of court adult-certified offenders under the age of 18 at the Sununu Youth Service Center (SYSC) until reaching the age of 18 in response to the Federal Prison Elimination Act when they will be transferred to the adult correctional facility. To deal with the inability of SYSC to meet its budgeted appropriations, the committee amended the bill to eliminate \$1 million of required reductions for FY 2016 but made no change in its required reductions for FY 2017. The amended bill also establishes a working group on juvenile justice services under the DHHS Commissioner composed of various appointed members to study alternative replacement services for children, development of a small, secure facility, a detailed accounting of the SYSC census and the development of a SYSC staffing plan for approximately 30 residents. Further required is the study and development of a plan to address the rise in judicial override orders for juveniles who are evaluated as not posing a risk to the public yet are instead sent to the SYSC for detention. Vote 25-1. Rep. Katherine Rogers for the Minority of Finance. The minority supports this bill as amended by the committee with an additional amendment. The additional amendment would add language tasking the "working group" with examining impacted workers should either closure of the Sununu Center or substantial staff reduction of the center result from the group's recommendations. Plans impacting workers would ensure state employees are supported in any transition with worker relocation benefits, retraining and job placement support. Our employees are as much a valued resource as the building and should be treated as such.

Majority Amendment (1824h)

Amend the bill by replacing all after section 3 with the following:

4 Department of Health and Human Services, Sununu Youth Services Center; Reduction in

Appropriation. Amend 2015, 276:205 to read as follows:

276:205 Department of Health and Human Services, Sununu Youth Services Center; Reduction in Appropriation. The department of health and human services is hereby directed to reduce state general fund appropriations to the Sununu Youth Services Center by [\$1,721,861] \$700,000 for the fiscal year ending June 30, 2016, and by \$3,496,746 for the fiscal year ending June 30, 2017. The department shall operate the Sununu Youth Services Center within the allotted budget, or may enter into contracts for operation of the Sununu Youth Services Center, including establishing necessary class lines, as long as total operating costs do not exceed \$10,100,000 for the fiscal year ending June 30, 2017. The department shall lapse an additional \$1,000,000 in state general fund appropriations for the fiscal year ending June 30, 2016, which shall be in addition to any previously required or estimated lapse for said fiscal year.

5 New Subdivision; Working Group on Juvenile Justice Services. Amend RSA 621-A by inserting after section 11 the following new subdivision:

Working Group on Juvenile Justice Services

621-A:12 Working Group on Juvenile Justice Services.

- I. No later than 30 days after the effective date of this section, the commissioner of the department of health and human services shall convene a working group on juvenile justice services consisting, at a minimum, of the following members:
 - (a) A representative of New Hampshire Kids Count, appointed by that organization.

(b) A representative of the Disability Rights Center, appointed by the center.

- (c) A justice of the circuit court, appointed by the chief administrative judge of the circuit court.
 - (d) A juvenile probation and parole officer, appointed by the commissioner.
 - (e) The chief of police of the city of Manchester, or designee.

(f) The attorney general, or designee.

- (g) Two members of the house of representatives, appointed by the speaker of the house of representatives.
 - (h) Two members of the senate, appointed by the senate president.
 - (i) A representative of community youth services providers, appointed by the commissioner.
 - (j) The chair of the juvenile parole board, or designee.
 - (k) The commissioner of corrections, or designee.

(1) An attorney with substantial experience representing children in juvenile delinquency proceedings, appointed by the executive director of the New Hampshire Public Defender.

(m) A representative of the New Hampshire State Employees Association, appointed by that

organization.

- II. The working group shall be subject to RSA 91-A. The department, in consultation with the working group, shall, no later than October 1, 2016, submit to the governor, the speaker of the house of representatives, and the president of the senate, a plan that identifies in detail, the following:
- (a) An inventory of all the existing community based care for the rehabilitation of youth located in New Hampshire and the capacity for day and residential services of each facility for all levels of offenders.

(b) A proposed configuration of alternative placements and services for children based upon

the inventory of existing available community based care.

- (c) A timeline for implementation of alternative placements and services, as well as anticipated obstacles to implementation and recommendations for overcoming those obstacles, including increasing reimbursement rates for community based services.
- (d) A process and timeline for the development of a small secure facility for children who are violent and/or high risk and for children who are adjudicated as adults in the correctional system but should not be placed in the state prison system until they become 18 years of age.
- (e) An analysis of the costs involved in delivering community based care for detained and adjudicated youth in New Hampshire, and of those costs compared to the costs of operating the Sununu youth services center.

(f) A detailed accounting of the census of the Sununu youth services center for the past 10 years, including the age of offenders at the time of admission and the offense resulting in placement there.

(g) A staffing plan for the Sununu youth services center that provides for 30 detained and adjudicated youth, with flexibility through contract services and the addition of temporary or part-time employees to address population surges if and when they occur. Any additional staffing plans may address staffing levels for a population of less than 30 or more than 30 juveniles.

III. The department, in consultation with the working group, shall also evaluate and make recommendations to the governor, attorney general, speaker of the house of representatives, and president of the senate no later then November 1, 2016, for specific changes to existing state juvenile detention laws that would facilitate the community based treatment of detained and adjudicated youth offenders.

IV. The department, in consultation with the working group and outside consultants, shall examine and make recommendations to the governor, speaker of the house of representatives, and president of the senate no later than December 1, 2016, for alternative uses of the Sununu youth services center. Such analysis shall include the potential for repayment of funds provided by the federal government in establishing the Sununu youth services center. The commissioner may expend up to \$100,000 from funds appropriated to the department for the biennium ending June 30, 2017, for the purpose of hiring consultants.

6 Youth Development Services; Admission; Discharge from Youth Services Center Detention

Risk Assessment Instrument. Amend RSA 621-A:6 to read as follows:

621-A:6 Admission.

I. Children, subject to proceedings in juvenile court, may be admitted to the youth services center for temporary detention while awaiting disposition of the court pursuant to RSA 169-B:14, for educational services pursuant to RSA 186-C, RSA 169-B, RSA 169-C, or RSA 169-D, only upon prior approval of the commissioner.

II. Prior to a child's detention at the youth services center, the department shall complete a

detention risk assessment instrument to determine whether there is:

(a) Probable cause to believe that the child will pose a risk to public safety if released to the community prior to the court hearing or disposition; or

(b) A need to hold the child in order to assure the child's appearance before the court, as

demonstrated by the child's previous failure to respond to the court.

III. The department shall review and submit a monthly report to the general court on those cases, also known as "overrides", in which children are confined at the Sununu youth services center contrary to the results of the detention risk assessment instrument. Beginning with the fourth such report, the department shall include recommendations for reducing the rate of overrides to 20 percent or less through executive and/or legislative action.

7 New Paragraph; Youth Development Center; Release and Discharge; Quarterly Review. Amend RSA 621:19 by inserting after paragraph III the following new paragraph:

- IV. The department shall review, on a quarterly basis, the case of every child committed to the Sununu youth services center who is not a serious violent offender to determine if the child can safely be placed outside the Sununu youth services center. The department shall petition the court to modify the disposition of those cases in which a safe placement outside of the Sununu youth services center is possible. In this paragraph, "serious violent offender" means an offender adjudicated for a violent crime as defined in RSA 169-B:35-a, I(c) or any other felony that has as an element the actual or attempted infliction of injury upon another person within the last 2 years or adjudicated for an offense within the last year that created a substantial risk of serious bodily injury to another.
 - 8 Repeal. RSA 621-A:12, relative to the working group on juvenile justice services, is repealed.
 - 9 Effective Date.
 - I. Sections 1-3 of this act shall take effect July 1, 2016.
 - II. Section 4 of this act shall take effect June 30, 2016.
 - III. Section 5 of this act shall take effect upon its passage.
 - IV. Section 8 of this act shall take effect January 1, 2017.
 - V. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill

- I. Provides that a minor whose case is to be transferred to the superior court may be detained at a county correctional facility or the youth development center.
- II. Permits a youthful offender who has been sentenced as an adult to serve his or her sentence at the youth development center until the offender reaches the age of 18, at which time he or she shall be transferred to the state prison or county correctional facility.
- III. Revises the reduction in appropriation required for the Sununu youth services center and the department of health and human services as a whole.
- IV. Establishes a working group within the department of health and human services to address juvenile justice service and treatment options.
- V. Requires the department of health and human services to use a detention risk assessment instrument to determine whether a child should be held at the youth services center pending adjudication.
- VI. Requires the department of health and human services to conduct a quarterly review of children placed at the Sununu youth services center to determine whether a less restrictive placement is possible. Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Rogers offered minority committee amendment (1845h).

Minority Amendment (1845h)

Amend the bill by replacing all after section 3 with the following:

4 Department of Health and Human Services, Sununu Youth Services Center; Reduction in Appropriation. Amend 2015, 276:205 to read as follows:

276:205 Department of Health and Human Services, Sununu Youth Services Center; Reduction in Appropriation. The department of health and human services is hereby directed to reduce state general fund appropriations to the Sununu Youth Services Center by [\$1,721,861] \$700,000 for the fiscal year ending June 30, 2016, and by \$3,496,746 for the fiscal year ending June 30, 2017. The department shall operate the Sununu Youth Services Center within the allotted budget, or may enter into contracts for operation of the Sununu Youth Services Center, including establishing necessary class lines, as long as total operating costs do not exceed \$10,100,000 for the fiscal year ending June 30, 2017. The department shall lapse an additional \$1,000,000 in state general fund appropriations for the fiscal year ending June 30, 2016, which shall be in addition to any previously required or estimated lapse for said fiscal year.

5 New Subdivision; Working Group on Juvenile Justice Services. Amend RSA 621-A by inserting after section 11 the following new subdivision:

Working Group on Juvenile Justice Services

621-A:12 Working Group on Juvenile Justice Services.

- I. No later than 30 days after the effective date of this section, the commissioner of the department of health and human services shall convene a working group on juvenile justice services consisting, at a minimum, of the following members:
 - (a) A representative of New Hampshire Kids Count, appointed by that organization.

(b) A representative of the Disability Rights Center, appointed by the center.

(c) A justice of the circuit court, appointed by the chief administrative judge of the circuit court.

(d) A juvenile probation and parole officer, appointed by the commissioner.

(e) The chief of police of the city of Manchester, or designee.

(f) The attorney general, or designee.

(g) Two members of the house of representatives, appointed by the speaker of the house of representatives.

(h) Two members of the senate, appointed by the senate president.

(i) A representative of community youth services providers, appointed by the commissioner.

(i) The chair of the juvenile parole board, or designee.

(k) The commissioner of corrections, or designee.

(l) An attorney with substantial experience representing children in juvenile delinquency proceedings, appointed by the executive director of the New Hampshire Public Defender.

(m) A representative of the New Hampshire State Employees Association, appointed by that

organization.

II. The working group shall be subject to RSA 91-A. The department, in consultation with the working group, shall, no later than October 1, 2016, submit to the governor, the speaker of the house of representatives, and the president of the senate, a plan that identifies in detail, the following:

(a) An inventory of all the existing community based care for the rehabilitation of youth located in New Hampshire and the capacity for day and residential services of each facility for all levels of offenders.

(b) A proposed configuration of alternative placements and services for children based upon the inventory of existing available community based care.

(c) A timeline for implementation of alternative placements and services, as well as anticipated obstacles to implementation and recommendations for overcoming those obstacles, including increasing reimbursement rates for community based services.

(d) A process and timeline for the development of a small secure facility for children who are violent and/or high risk and for children who are adjudicated as adults in the correctional system

but should not be placed in the state prison system until they become 18 years of age.

(e) An analysis of the costs involved in delivering community based care for detained and adjudicated youth in New Hampshire, and of those costs compared to the costs of operating the Sununu youth services center.

(f) A detailed accounting of the census of the Sununu youth services center for the past 10 years, including the age of offenders at the time of admission and the offense resulting in placement there.

(g) A staffing plan for the Sununu youth services center that provides for 30 detained and adjudicated youth, with flexibility through contract services and the addition of temporary or part-time employees to address population surges if and when they occur. Any additional staffing plans may address staffing levels for a population of less than 30 or more than 30 juveniles.

III. The department, in consultation with the working group, shall also evaluate and make recommendations to the governor, attorney general, speaker of the house of representatives, and president of the senate no later then November 1, 2016, for specific changes to existing state juvenile detention laws that would facilitate the community based treatment of detained and adjudicated

vouth offenders.

IV. The department, in consultation with the working group and outside consultants, shall examine and make recommendations to the governor, speaker of the house of representatives, and president of the senate no later than December 1, 2016, for alternative uses of the Sununu youth services center. Such analysis shall include the potential for repayment of funds provided by the federal government in establishing the Sununu youth services center and plans to ensure workers from the Sununu Center are supported as part of the transition by providing worker dislocation support to the impacted workers, including worker relocation benefits, retraining, and job placement support. The commissioner may expend up to \$100,000 from funds appropriated to the department for the biennium ending June 30, 2017, for the purpose of hiring consultants.

6 Youth Development Services; Admission; Discharge from Youth Services Center Detention Risk Assessment Instrument. Amend RSA 621-A:6 to read as follows:

621-A:6 Admission.

I. Children, subject to proceedings in juvenile court, may be admitted to the youth services center for temporary detention while awaiting disposition of the court pursuant to RSA 169-B:14, for educational services pursuant to RSA 186-C, RSA 169-B, RSA 169-C, or RSA 169-D, only upon prior approval of the commissioner.

II. Prior to a child's detention at the youth services center, the department shall complete a detention risk assessment instrument to determine whether there is:

(a) Probable cause to believe that the child will pose a risk to public safety if released to the community prior to the court hearing or disposition; or

(b) A need to hold the child in order to assure the child's appearance before the court, as

demonstrated by the child's previous failure to respond to the court.

III. The department shall review and submit a monthly report to the general court on those cases, also known as "overrides", in which children are confined at the Sununu youth services center contrary to the results of the detention risk assessment instrument. Beginning with the fourth such report, the department shall include recommendations for reducing the rate of overrides to 20 percent or less through executive and/or legislative action.

7 New Paragraph; Youth Development Center; Release and Discharge; Quarterly Review. Amend

RSA 621:19 by inserting after paragraph III the following new paragraph:

- IV. The department shall review, on a quarterly basis, the case of every child committed to the Sununu youth services center who is not a serious violent offender to determine if the child can safely be placed outside the Sununu youth services center. The department shall petition the court to modify the disposition of those cases in which a safe placement outside of the Sununu youth services center is possible. In this paragraph, "serious violent offender" means an offender adjudicated for a violent crime as defined in RSA 169-B:35-a, I(c) or any other felony that has as an element the actual or attempted infliction of injury upon another person within the last 2 years or adjudicated for an offense within the last year that created a substantial risk of serious bodily injury to another.
 - 8 Repeal. RSA 621-A:12, relative to the working group on juvenile justice services, is repealed.

9 Effective Date.

- I. Sections 1-3 of this act shall take effect July 1, 2016.
- II. Section 4 of this act shall take effect June 30, 2016.
- III. Section 5 of this act shall take effect upon its passage.
- IV. Section 8 of this act shall take effect January 1, 2017.
- V. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill

I. Provides that a minor whose case is to be transferred to the superior court may be detained at a county correctional facility or the youth development center.

II. Permits a youthful offender who has been sentenced as an adult to serve his or her sentence at the youth development center until the offender reaches the age of 18, at which time he or she shall be transferred to the state prison or county correctional facility.

III. Revises the reduction in appropriation required for the Sununu youth services center and the department of health and human services as a whole.

IV. Establishes a working group within the department of health and human services to address juvenile justice service and treatment options.

V. Requires the department of health and human services to use a detention risk assessment instrument to determine whether a child should be held at the youth services center pending adjudication.

VI. Requires the department of health and human services to conduct a quarterly review of children placed at the Sununu youth services center to determine whether a less restrictive placement is possible.

Rep. Rogers spoke in favor.

Rep. Byron spoke against.

Rep. Kurk requested a roll call; sufficiently seconded.

and the minority committee amendment failed.

Majority committee report adopted and ordered to third reading.

SB 481-FN, relative to a special health care service license and establishing a fund. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE. Rep. Cindy Rosenwald for the Majority of Finance. This bill addresses three areas important to the

quality and accessibility of our health care system. First, it requires licensing for new programs of

three high risk medical services (open-heart surgery, cardiac catheterization, and megavoltage radiation) for which there are recognized clinical standards. Secondly, it requires new hospitals to compete on a level playing field by including emergency departments and accepting all sources of payment. Finally, if an organization wants to locate a new licensed health care entity within 15 miles of any of the state's 13 critical access hospitals, the Commissioner of Health and Human Services would have to certify that it would not materially adversely impact that critical access hospital. These hospitals, located in the North Country and western part of the state, operate with the federal designation of critical access because they are in geographically isolated and/or medically underserved areas and provide necessary inpatient and emergency care. The Finance Committee amendment eliminates the dedicated fund in favor of a small appropriation to staff the licensing operation. Vote 23-2. Rep. Dan McGuire for the Minority of Finance. This bill severely restricts medical competition in multiple ways. It identifies three services provided by existing large hospitals and subjects any new entrants to special licensing, regulation and open-ended fees. It requires that any new hospital operate a 24/7 emergency room and accept all patients regardless of ability to pay. Finally, it draws a 15-mile circle around the thirteen "critical access" (smaller) hospitals and prevents any new hospitals or many other medical business to form in those areas if they would have a "material adverse impact" on services provided by those small hospitals. Note that critical access hospital Alice Peck Day has managed to thrive in the shadow of Dartmouth Hitchcock since it was founded in 1932 and today has 500 employees and revenues over \$50 million a year. This is not a time to be restricting new medical facilities. There has not been a new hospital built in this state in over 30 years, during which our population has increased by almost 50%. The hospitals in New Hampshire are not financially shaky. Four of the ten largest employers in the state are hospitals. The largest has \$400 million in annual revenues, an \$800 thousand CEO and some doctors with salaries in excess of \$1 million. Even the smallest 16-bed hospital in the state has annual revenues of \$16 million a year, pays its CEO \$170 thousand, has doctors over \$350 thousand and provides less than 3% charity care. Our state government spends \$1 billion a year of our own money on HHS, and another \$1 billion in federal money. Competition is needed for consumers, including the state, to get the best prices and quality for our medical dollars. Our constitution wisely tells us in part 2 article 83 that free and fair competition is an essential right of the people and we should protect it from those who endeavor to raise prices by destroying it. We should heed that advice and find SB 481 Inexpedient to Legislate.

Majority Amendment (1860h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to a special health care service license and making an appropriation therefor.

Amend RSA 151:18 as inserted by section 4 of the bill by replacing it with the following:

4 Health Facility Licensure; Disposition of Fees. Amend RSA 151:18 to read as follows: 151:18 Disposition of Fees.

I. All fees received from licenses under the provisions of this chapter shall be kept by the state treasurer in a separate fund to be paid out to the department of health and human services for purposes of this chapter only.

II. Notwithstanding paragraph I, fees and any other funds collected for special health care service licenses pursuant to RSA 151:2-e shall be deposited in the general fund.

Amend the bill by replacing section 5 with the following:

5 Appropriation; Department of Health and Human Services. The sum of \$50,000 is hereby appropriated to the department of health and human services for the fiscal year ending June 30, 2017, for purposes of paying the costs of special health care service licenses. The governor is authorized to draw a warrant for said sum out of any moneys in the treasury not otherwise appropriated.

AMENDED ANALYSIS

This bill establishes procedures to acquire a special health care service license under the law governing health facility licensure. This bill also establishes certain requirements regarding accessibility to health care services. The bill makes an appropriation for purposes of paying the costs of special health care service licenses.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Dan McGuire spoke against and yielded to questions.

Reps. Sanborn and Edelblut spoke against.

White, Andrew

Reps. Stephen Schmidt and Rosenwald spoke in favor.

Rep. Edelblut requested a roll call; sufficiently seconded.

and the majority committee report was adopted and ordered to third reading.

SB 485-FN-A, establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and making an appropriation therefor. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Karen Umberger for the Majority of Finance. Drug overdoses in New Hampshire have skyrocketed, and heroin-related hospital emergency department visits increased in the first nine months of 2015 by 70%. To help deal with this, the bill establishes a substance abuse enforcement program within the Department of Safety (DOS). The program will provide overtime for state, county and local police officers as well as overtime and supplies for the state forensic science laboratory to place additional police patrol and investigative presence in areas known to be used by drug dealers for shipments of illegal drugs into the state. The program will insure the drug enforcement efforts in the state are coordinated. The DOS and state police have developed

an outline for the grant applications which will eventually be developed into rules. The initial appropriation is for \$1,500,000 dollars for FY 17. It is projected that these dollars will add 8 additional officers each day who are focused on trying to stem the tide of drugs flowing into the state. A semi-annual reporting requirement will provide measurable results and a detailed accounting of program funding and use. The non-germane amendment, added after a public hearing provides additional needed tools for the administration of the retiree health care program as well as providing \$300,000 for a consultant to help create better financial forecasts, review the plan, and provide training to retirees on their health care plan. The retiree health care line was underfunded in the budget, and despite plan changes, there is need for Department of Administration staff to have additional tools in order to ensure that adequate projections, training and funding estimates can be developed for future bienniums. The amendment also establishes a procedure for the Fiscal Committee to gather public input via public hearings in case changes are needed to be made by this committee in the future. Finally, the amendment provides \$20,000 for overtime for the Department of Administration Risk Management staff in order to adequately service needs of retirees and answer questions about retiree health. Vote 25-1.

Rep. Dan McGuire for the Minority of Finance. This bill creates a new substance abuse law enforcement program and funds it with \$1.5 million in FY 2017. This is the same approach to drugs which has been tried for over 40 years and failed. The \$1.5 million is only the tip of the iceberg. More law enforcement will mean more costs for courts, prosecutors, defense and corrections. More money spent in this way will not solve the problem. The minority doesn't object to the non-germane

second half of the amended bill.

Majority Amendment (1857h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and making an appropriation therefor, relative to the health care premium contribution for retired state employees who are eligible for Medicare Parts A and B due to age or disability, relative to funding of retiree health benefits, and making an appropriation to the department of administrative services.

Amend the bill by replacing all after the enacting clause with the following:

1 Legislative Findings. The legislature finds:

I. From 2010 through October 21, 2015 drug overdoses in New Hampshire have claimed 1,322 lives, of which 315 were related to heroin and 377 to fentanyl. Heroin-related hospital emergency department visits in New Hampshire during the first 9 months of 2015 increased by 70.4 percent over the same period the previous year; and between July and September 2015, the anti-opioid drug Naloxone was administered by emergency responders to prevent an opioid death 866 times.

II. Drug-related deaths currently are eclipsing by far the number of deaths in highway fatalities. At the same time, however, there was a 21.43 percent increase in persons killed in highway crashes as of mid-October 2015 compared with the same period in 2014 and nearly 500 additional serious but not fatal injury crashes, with significant numbers involving drugged driving. Armed robberies and burglaries and other street crimes involving drugs have become a weekly occurrence and every county in the state has been affected.

III. Increased information sharing and more visible police presence on the streets and highways along with intensive enforcement of the traffic laws is strongly correlated to the deterrence of crime, cutting off the supply of drugs, apprehension of criminals, and a reduction in highway deaths.

IV. Sections 1-6 of this act are intended to make additional resources available to provide for more, better, and smarter law enforcement approaches to the current crisis.

2 New Subdivision; Substance Abuse Enforcement Program. Amend RSA 21-P by inserting after section 65 the following new subdivision:

Substance Abuse Enforcement Program

21-P:66 Substance Abuse Enforcement Program.

I. The commissioner of safety shall establish a substance abuse enforcement program which shall make grants available to county and local law enforcement agencies, and also provide funding for the division of state police for the following purposes:

(a) Overtime costs for officers performing law enforcement activities under this program.

(b) Overtime, supplies, and other costs of the state forensic science laboratory.

- II. The commissioner shall establish protocols and conditions for increased state police patrols and conditions for eligibility for grants to local and county law enforcement agencies. The protocols and conditions shall be based on the principles of intelligence-driven, problem-oriented policing, using statistics and information to place additional police patrol and investigative presence at the locations, times, and places where there have been a significant convergence of motor vehicle crashes, crimes, and drug use, or in corridors known to be used by drug dealers for shipments of illegal drugs into the state. The protocols and conditions shall:
 - (a) Require dedicated patrol units relieved of taking calls for service absent an emergency.
- (b) Insure that the officers assigned to such patrol units have been trained in the concept of data-driven policing and have an appropriate knowledge of the requirements of the state and federal constitutions.
- III. The commissioner shall give equal consideration to all local and county law enforcement agencies and the division of state police when allocating available program funding.
 - IV. The program shall include the following prohibitions on allowable uses of funds:
 - (a) No funds shall be granted for "purchase of evidence" or for "confidential funds."
- (b) No funds shall be used for the purchase of operational equipment, except for direct supply costs for state forensic science laboratory testing.
- (c) No funds shall be used for supplanting locally budgeted and approved funds for routine law enforcement.
- V. The program shall include semi-annual reporting, to the governor, senate president, and speaker of the house of representatives, which includes measurable program results and a detailed accounting of program funding and uses. The first report shall be submitted on or before December 15, 2016.
- 21-P:67 Rulemaking. The commissioner of safety shall adopt rules to implement this subdivision. Notwithstanding any other provisions of law, such rules shall be exempt from the provisions of RSA 541-A.
- 3 Substance Abuse Enforcement Program; Rulemaking; July 1, 2017. RSA 21-P:67 is repealed and reenacted to read as follows:
- 21-P:67 Rulemaking. The commissioner of safety shall adopt rules, pursuant to RSA 541-A, to implement this subdivision.
- 4 New Subparagraph; Administrative Procedures Act; Exceptions. Amend RSA 541-A:21, I by inserting after subparagraph (hh) the following new subparagraph:
 - (ii) RSA 21-P:68, relative to the substance abuse enforcement program.
- 5 Repeal. RSA 541-A:21, I(ii), relative to a rulemaking exception for the substance abuse enforcement program, is repealed.
 - 6 Appropriation; Department of Safety; Substance Abuse Enforcement Program.
- I. The sum of \$1,500,000 for the biennium ending June 30, 2017 is hereby appropriated to the department of safety, for the purpose of funding the substance abuse enforcement program under RSA 21-P:66.
- II.(a) For the purposes of funding the appropriation made in paragraph I, the governor shall identify excess appropriations from sums appropriated pursuant to 2015, 275 and 276, and shall transfer said sums to 2 separate accounting units as follows:
 - (1) An accounting unit for enforcement activities, including grants to local and county agencies.
 - (2) An accounting unit for division of forensic science laboratory activities.
- (b) Prior to making such transfers, the governor shall certify to the fiscal committee of the general court that any excess appropriations identified pursuant to this section are in addition to the projected lapses assumed during the adoption of the state operating budget for the biennium ending June 30, 2017. Any transfers made pursuant to this section shall not require the prior approval of the fiscal committee of the general court and the governor and council and shall not be subject to the provisions of RSA 9:16-a, 9:17-a, and RSA 9:17-c.
- 7 Department of Administrative Services; State Employees Group Insurance; Retiree Medical Benefits. Amend RSA 21-I:30, II to read as follows:
- II.(a) The state shall pay a partial premium for each Medicare-eligible retired employee, as defined in paragraphs VI and VII of this section, and his or her spouse for their lifetimes, toward group hospitalization, hospital medical care, surgical care and other medical benefits plan or a self-funded alternative within the limits of the funds appropriated at each legislative session and providing any change in plan is approved by the fiscal committee of the general court prior to its adoption.

(b) Retired employees who are eligible for Medicare may voluntarily cease participation in plan benefits at any time and may reenroll without restriction.

8 Department of Administrative Services; State Employees Group Insurance; Retiree Medical

Benefits; Premium Contribution. Amend RSA 21-I:30, XIII to read as follows:

XIII.(a) The commissioner of administrative services shall invoice and collect from retired state employees and/or each applicable spouse [who are not Medicare eligible and] receiving medical and surgical benefits provided under this section, who do not receive a retirement allowance as defined in RSA 100-A:1, XXII, [a] the premium contribution amount for either Medicare-eligible or non-Medicare-eligible retiree health benefit plans based on a percentage of the total monthly premium attributable to the applicable retiree and/or spouse, as determined by the commissioner of administrative services, with prior approval by the fiscal committee of the general court[, provided the percentage is not lower than 12.5 percent]. Beginning January 1 2017, the commissioner of administrative services shall determine, with prior approval by the fiscal committee of the general court, a premium contribution amount for Medicare-eligible retiree health benefit plans and a premium contribution amount for non-Medicare-eligible retiree health benefit plans.

(b) The commissioner of administrative services is also authorized to invoice and collect

from such other participants contribution amounts as specified by law.

(c) Collected amounts shall be deposited in the employee and retiree benefit risk management fund. Failure to remit payment of the contribution amount in full within 30 days of billing shall be grounds for terminating benefits, effective from the beginning of the billing period. Reenrollment shall be dependent upon payment of any outstanding contribution or other amounts within 6 months of the termination date. If a participant fails to remit payment in full for participation within 30 days of billing, on the 30th day the participant shall be notified by certified mail, return receipt requested, that he or she shall remit payment to the department within 10 business days of receiving the letter or his or her benefits shall be terminated effective upon the 10th business day after receipt of the letter and that reenrollment shall be dependent upon payment of any outstanding contribution or other amount within 6 months of the termination date.

9 New Hampshire Retirement System; Deductions; Retiree Medical Benefits. Amend RSA 100-A:54, III to read as follows:

III.(a) The retirement system shall deduct from the monthly retirement allowance of retired state employees and/or each applicable spouse [who are not Medicare eligible and] receiving medical and surgical benefits provided pursuant to RSA 21-I:30, [a] the premium contribution amount for either Medicare-eligible or non-Medicare-eligible retiree health benefit plans based on a percentage of the total monthly premium attributable to the applicable retiree and/or spouse, as determined by the commissioner of administrative services with prior approval by the fiscal committee of the general court [provided the percentage is not lower than 12.5 percent] under RSA 21-I:30, XIII.

(b) The department of administrative services shall provide information as to the total monthly premium cost for each participant to the retirement system for purposes of calculating this deduction. Deducted amounts, which shall be in addition to and notwithstanding any amounts payable by the retirement system pursuant to RSA 100-A:52, RSA 100-A:52-a, and RSA 100-A:52-b, shall be deposited in the employee and retiree benefit risk management fund. In the event the retiree's monthly allowance is insufficient to cover the certified contribution amount, the retirement system shall so notify the department of administrative services, which shall invoice and collect from the retiree and/or each applicable spouse the remaining contribution amount. Failure to remit payment of the contribution amount in full within 30 days of billing shall be grounds for terminating benefits, effective from the beginning of the billing period. Reenrollment shall be dependent upon payment of any outstanding contribution or other amounts within 6 months of the termination date. The department of administrative services shall provide notice of the termination of benefits as provided in RSA 21-I:30, XIII.

10 Judicial Retirement Plan; Deductions; Retiree Health Insurance. Amend RSA 100-C:11-a to read as follows:

100-C:11-a Retiree and Spouse Health Insurance Premium Contribution.

I. Retired judges and their applicable spouses [who are not Medicare eligible and] receiving medical and surgical benefits shall be responsible for payment of [a] the premium contribution amount for either Medicare-eligible or non-Medicare-eligible retiree health benefit plans based on a percentage of the total monthly premium attributable to the applicable retiree and/or spouse, as determined by the commissioner of administrative services, with prior approval by the fiscal committee of the general court[, provided the percentage is not lower than 12.5 percent] under RSA 21-1:30, XIII.

- II. The department of administrative services shall provide information as to the total monthly premium cost for each participant to the judicial retirement plan for purposes of calculating this deduction. The judicial retirement plan shall deduct the payment required under this section from the retiree's monthly retirement allowance. Deducted amounts shall be remitted to the administrative office of the courts within 14 days along with a statement identifying from whom the deduction was made, and shall be used to pay for plan retiree and spouse health care expenses and any administrative costs related thereto.
- 11 Appropriation; Department of Administrative Services; Risk Management; Overtime. In addition to any other sums appropriated, the sum of \$20,000 for the biennium ending June 30, 2017 is hereby appropriated to the department of administrative service for the purpose of overtime charged to the risk management accounting unit, class 18. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

12 Health Care Consultant Contract; Benefit Plan; Appropriation.

- I. The commissioner of administrative services is hereby authorized to contract with a health care consultant for the purpose of a long-term design for funding state retiree health benefits and to provide training for state retirees on the benefit plan and its funding. The total amount expended by the department of administrative services for the health care consultant contract, benefit plan design, and training shall not exceed \$300,000.
- II. The sum of up to \$300,000 for the biennium ending June 30, 2017 is hereby appropriated to the commissioner of the department of administrative services for the purpose of payment for the cost of the contract with the health care consultant under paragraph I. The source of funds for the appropriation shall be the employee and retiree benefit risk management fund under RSA 21-I:30-e.

13 New Paragraph; Legislative Budget Assistant; Fiscal Committee; Retiree Health Advisory Council. Amend RSA 14:30-a by inserting after paragraph VI the following new paragraph:

- VII. The committee shall establish a retiree health advisory council as a subcommittee to the committee. The advisory council shall convene public meetings as needed to review options under consideration for changes to the retiree health plan if additional changes are needed after the new retiree health benefits plan is established. The advisory council shall also receive testimony from retirees and other interested members of the public.
- 14 Contingent Nullification. If SB 388 of the 2016 regular legislative session becomes law, the amendment to RSA 21-I:30, II, as inserted by section 1 of SB 388, shall not take effect.

15 Effective Date.

- I. Sections 3 and 5 of this act shall take effect July 1, 2017.
- II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

- I. Requires the commissioner of safety to establish a substance abuse enforcement program within the department of safety, division of state police, to assist state, county, and local law enforcement agencies in addressing the opioid crisis. The bill makes an appropriation for the program.
- II. Requires premium contribution amounts for retiree health benefits for retired state employees who are Medicare eligible, and provides for separate premium contribution rates for Medicare-eligible and non-Medicare eligible retirees to be determined beginning January 1, 2017.
- III. Makes an appropriation to the department of administrative services for a health care consultant to design a long-term retiree health care funding plan, and transfers certain judicial branch funds for health plan costs.
- IV. Nullifies an amendment made by SB 388, relative to public hearings on retiree health plan changes, if it becomes law.

Majority committee amendment adopted.

MOTION TO DIVIDE

Rep. Dan McGuire moved that sections 1 through 6 and sections 7 through 13 be divided on SB 485-FN-A, establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and making an appropriation therefor, relative to the health care premium contribution for retired state employees who are eligible for Medicare Parts A and B due to age or disability, relative to funding of retiree health benefits, and making an appropriation to the department of administrative services.

Rep. Dan McGuire spoke in favor.

Rep. Eaton spoke against.

On a division vote, with 89 members having voted in the affirmative, and 235 in the negative, the motion to divide failed.

MOTION TO DIVIDE

Rep. Goley moved that section 14 be divided on SB 485-FN-A, establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and making an appropriation therefor, relative to the health care premium contribution for retired state employees who are eligible for Medicare Parts A and B due to age or disability, relative to funding of retiree health benefits, and making an appropriation to the department of administrative services.

Rep. Goley spoke in favor.

Rep. Lynne Ober spoke against.

On a division vote, with 131 members having voted in the affirmative, and 187 in the negative, the motion to divide failed.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Reps. Dan McGuire and Abramson spoke against.

Rep. Umberger spoke in favor.

On a division vote, with 213 members having voted in the affirmative, and 95 in the negative, the majority committee report was adopted and ordered to third reading.

SB 495-FN-A, relative to state retiree health plan costs and funding. OUGHT TO PASS WITH AMENDMENT.

Rep. J. Tracy Emerick for Finance. This bill as amended provides additional funding that is needed to fully fund retiree health for the current biennium. When the budget was presented by the Governor, the retiree health line was underfunded by \$5.5 million. Then the federal government cut the stipend sent to us for payment of prescription drug coverage for those on Medicare by \$1 million. This stipend comes to the state because state employees do not use a Medicare Part D Plan for prescriptions. Between the time the budget was developed and the fall, prescription usage by retirees had grown so much that an additional \$4 million had been used. This left a \$10.6 million budget hole that the Department of Administrative Services (DAS) and the Fiscal Committee worked to close by amending the plan, changing co-pays and using surplus funds in the account. It also makes an appropriation to DAS for a health care consultant for the purpose of a long-term design for funding state retiree health benefits and to provide training for state retirees on the benefit plan and its funding. Finally, it establishes a retiree health advisory council as a subcommittee of the Fiscal Committee, which shall convene public hearings as needed for the purpose of receiving testimony from retirees and other interested members of the public on any proposed retiree health benefits plan. Vote 26-0.

Amendment (1805h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the health care premium contribution for retired state employees who are eligible for Medicare Parts A and B due to age or disability, relative to funding of retiree health benefits, making appropriations to the department of administrative services, and relative to the definition of a cigar bar.

Amend the bill by replacing all after the enacting clause with the following:

1 Department of Administrative Services; State Employees Group Insurance; Retiree Medical

Benefits. Amend RSA 21-I:30, II to read as follows:

II.(a) The state shall pay a partial premium for each Medicare-eligible retired employee, as defined in paragraphs VI and VII of this section, and his or her spouse for their lifetimes, toward group hospitalization, hospital medical care, surgical care and other medical benefits plan or a self-funded alternative within the limits of the funds appropriated at each legislative session and providing any change in plan is approved by the fiscal committee of the general court prior to its adoption.

(b) Retired employees who are eligible for Medicare may voluntarily cease participation in

plan benefits at any time and may reenroll without restriction.

2 Department of Administrative Services; State Employees Group Insurance; Retiree Medical Benefits; Premium Contribution. Amend RSA 21-I:30, XIII to read as follows:

XIII.(a) The commissioner of administrative services shall invoice and collect from retired state employees and/or each applicable spouse [who are not Medicare eligible and] receiving medical and surgical benefits provided under this section, who do not receive a retirement allowance as defined in RSA 100-A:1, XXII, [a] the premium contribution amount for either Medicare-eligible or non-Medicare-eligible retiree health benefit plans based on a percentage of the total monthly premium attributable to the applicable retiree and/or spouse, as determined by the commissioner of administrative services, with prior approval by the fiscal committee of the general court[, provided the percentage is not lower than 12.5 percent]. Beginning January 1, 2017, the commissioner of administrative services shall determine, with prior approval by the fiscal committee of the general court, a premium contribution amount for Medicare-eligible retiree health benefit plans and a premium contribution amount for non-Medicare-eligible retiree health benefit plans.

(b) The commissioner of administrative services is also authorized to invoice and collect

from such other participants contribution amounts as specified by law.

(c) Collected amounts shall be deposited in the employee and retiree benefit risk management fund. Failure to remit payment of the contribution amount in full within 30 days of billing shall be grounds for terminating benefits, effective from the beginning of the billing period. Reenrollment shall be dependent upon payment of any outstanding contribution or other amounts within 6 months of the termination date. If a participant fails to remit payment in full for participation within 30 days of billing, on the 30th day the participant shall be notified by certified mail, return receipt requested, that he or she shall remit payment to the department within 10 business days of receiving the letter or his or her benefits shall be terminated effective upon the 10th business day after receipt of the letter and that reenrollment shall be dependent upon payment of any outstanding contribution or other amount within 6 months of the termination date.

3 New Hampshire Retirement System; Deductions; Retiree Medical Benefits. Amend RSA 100-A:54, III to read as follows:

III.(a) The retirement system shall deduct from the monthly retirement allowance of retired state employees and/or each applicable spouse [who are not Medicare eligible and] receiving medical and surgical benefits provided pursuant to RSA 21-I:30, [a] the premium contribution amount for either Medicare-eligible or non-Medicare-eligible retiree health benefit plans based on a percentage of the total monthly premium attributable to the applicable retiree and/or spouse, as determined by the commissioner of administrative services with prior approval by the fiscal committee of the general court [provided the percentage is not lower than 12.5 percent] under RSA 21-I:30, XIII.

(b) The department of administrative services shall provide information as to the total monthly premium cost for each participant to the retirement system for purposes of calculating this deduction. Deducted amounts, which shall be in addition to and notwithstanding any amounts payable by the retirement system pursuant to RSA 100-A:52, RSA 100-A:52-a, and RSA 100-A:52b, shall be deposited in the employee and retiree benefit risk management fund. In the event the retiree's monthly allowance is insufficient to cover the certified contribution amount, the retirement system shall so notify the department of administrative services, which shall invoice and collect from the retiree and/or each applicable spouse the remaining contribution amount. Failure to remit payment of the contribution amount in full within 30 days of billing shall be grounds for terminating benefits, effective from the beginning of the billing period. Reenrollment shall be dependent upon payment of any outstanding contribution or other amounts within 6 months of the termination date. The department of administrative services shall provide notice of the termination of benefits as provided in RSA 21-I:30, XIII.

4 Judicial Retirement Plan; Deductions; Retiree Health Insurance. Amend RSA 100-C:11-a to read as follows:

100-C:11-a Retiree and Spouse Health Insurance Premium Contribution.

I. Retired judges and their applicable spouses [who are not Medicare eligible and] receiving medical and surgical benefits shall be responsible for payment of [a] the premium contribution amount for either Medicare-eligible or non-Medicare-eligible retiree health benefit plans based on a percentage of the total monthly premium attributable to the applicable retiree and/or spouse, as determined by the commissioner of administrative services, with prior approval by the fiscal committee of the general court[, provided the percentage is not lower than 12.5 percent] under RSA 21-1:30, XIII.

II. The department of administrative services shall provide information as to the total monthly premium cost for each participant to the judicial retirement plan for purposes of calculating this deduction. The judicial retirement plan shall deduct the payment required under this section from the retiree's monthly retirement allowance. Deducted amounts shall be remitted to the administrative office of the courts within 14 days along with a statement identifying from whom the deduction was made, and shall be used to pay for plan retiree and spouse health care expenses and any administrative costs related thereto.

5 Appropriation; Department of Administrative Services; Risk Management; Overtime. In addition to any other sums appropriated, the sum of \$20,000 for the biennium ending June 30, 2017 is hereby appropriated to the department of administrative service for the purpose of overtime charged to the risk management accounting unit, class 18. The governor is authorized to draw a warrant for

said sum out of any money in the treasury not otherwise appropriated.

6 Health Care Consultant Contract; Benefit Plan; Appropriation.

I. The commissioner of administrative services is hereby authorized to contract with a health care consultant for the purpose of a long-term design for funding state retiree health benefits and to provide training for state retirees on the benefit plan and its funding. The total amount expended by the department of administrative services for the health care consultant contract, benefit plan design, and training shall not exceed \$300,000.

II. The sum of up to \$300,000 for the biennium ending June 30, 2017 is hereby appropriated to the commissioner of the department of administrative services for the purpose of payment for the cost of the contract with the health care consultant under paragraph I. The source of funds for the appropriation shall be the employee and retiree benefit risk management fund under RSA 21-I:30-e.

7 New Paragraph; Legislative Budget Assistant; Fiscal Committee; Retiree Health Advisory Council. Amend RSA 14:30-a by inserting after paragraph VI the following new paragraph:

VII. The committee shall establish a retiree health advisory council as a subcommittee to the committee. The advisory council shall convene public meetings as needed to review options under consideration for changes to the retiree health plan if additional changes are needed after the new retiree health benefits plan is established. The advisory council shall also receive testimony from retirees and other interested members of the public.

8 Appropriation and Charge; Department of Administrative Services; Risk Management; Health Plan Costs. In addition to any other sums appropriated, the sum of \$360,000 is appropriated to the department of administrative services, risk management unit, for the biennium ending June 30, 2017 for state retiree health plan costs under RSA 21-I:30. Said appropriations shall be a charge against the following account: FY 2017

FY 2016 Class Name Class Accounting Unit (\$180,000) (\$180,000)Transfer to Other State Agencies 02-10-10-1000-1880 049

9 Contingent Nullification. If SB 388 of the regular 2016 legislative session becomes law, then the amendment to RSA 21-I:30, II as inserted by SB 388, shall not take effect.

10 Liquor Licenses and Fees; Definition of Cigar Bar. Amend RSA 178:20-a, II(d) to read as follows:

(d) Does not allow cigarette smoking or [service of] food to be sold on the premises.

11 Effective Date.

- I. Section 10 of this act shall take effect 60 days after its passage.
- II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

- I. Requires premium contribution amounts for retiree health benefits for retired state employees who are Medicare eligible, and provides for separate premium contribution rates for Medicare-eligible and non-Medicare eligible retirees to be determined beginning January 1, 2017.
- II. Makes an appropriation to the department of administrative services for a health care consultant to design a long-term retiree health care funding plan, and transfers certain judicial branch funds for health plan costs.

III. Nullifies an amendment made by SB 388, relative to public hearings on retiree health plan changes, if it becomes law.

IV. Prohibits the sale of food in a cigar bar licensed by the liquor commission.

Rep. Spillane spoke against and yielded to questions.

Reps. Hunt and Danielson spoke in favor.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

SB 515-FN, relative to child neglect and other changes to the child protection act. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Betsy McKinney for the Majority of Finance. As previously passed by the House this bill restores drug testing that was eliminated in 2011 in cases of child neglect. The cost of \$90,000 will be funded out of the department's current budget and require no additional appropriation. The committee amended Sections 3 and 4 of the bill to be effective July 1, 2016. Vote 24-2.

Rep. Dan McGuire for the Minority of Finance. This bill states that evidence of drug abuse by a parent is enough to presume that a child's health is very likely to suffer. This is a key part of showing neglect, which can lead a court to remove children from their home. This will lead to more expenses for courts, attorneys and foster care than existing law, which more properly requires evidence of actual neglect or abuse.

Majority Amendment (1631h)

Amend the bill by replacing section 6 with the following:

6 Effective Date.

I. Sections 3 and 4 of this act shall take effect July 1, 2016.

II. Section 5 of this act shall take effect July 1, 2020.

III. The remainder of this act shall take effect upon its passage.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Dan McGuire spoke against.

Rep. Wallner spoke in favor.

Majority committee report adopted and ordered to third reading.

SB 522-FN-A, making an appropriation to the office of professional licensure and certification for technology upgrades for the controlled drug prescription health and safety program. OUGHT TO PASS WITH AMENDMENT.

Rep. Dan McGuire for Finance. This bill appropriates the sum of \$130,000 for technology upgrades to the Controlled Drug Prescription Health and Safety system (AKA the Prescription Drug Monitoring Program [PDMP]), which tracks prescriptions for controlled substances. Currently this system is updated weekly for controlled substances and physicians requested a daily update. After the upgrade it will be updated daily, which will assist prescribing physicians. Also included in the upgrades are additional reporting functionality, a stress test to ensure all users of the PDMP have adequate response time, the ability to batch queries from a list of stored patients. This bill was strongly supported by the Drug Task Force during its deliberations. The committee's amendment also includes the House-passed version of HB 636 dealing with asset forfeiture. Vote 25-1.

Amendment (1856h)

Amend the title of the bill by replacing it with the following:

AN ACT making an appropriation to the office of professional licensure and certification for technology upgrades for the controlled drug prescription health and safety program, and relative to forfeiture of property.

Amend the bill by replacing all after section 1 with the following:

2 New Section; Property Subject to Forfeiture. Amend RSA 617 by inserting after section 1 the following new section:

617:1-a Criminal Forfeiture; Property Subject to Forfeiture.

I. Subsequent to a criminal conviction pursuant to a statute that authorizes forfeiture, including but not limited to RSA 318-B:17-b, the court may order the person convicted to forfeit:

(a) Property the person derived from the commission of the crime;

(b) Property directly traceable to property derived from the commission of the crime; and

(c) Instrumentalities the person used in the commission of the crime.

II. When a conviction or agreement of the parties is not possible due to the person's death, incompetence, unavailability, or not being within the jurisdiction of the court, or the person to be charged cannot be identified, forfeiture proceedings may be commenced.

III. Property may be forfeited if the state establishes that the property is forfeitable by clear and convincing evidence.

IV. Nothing in this section shall prevent property from being forfeited by plea agreement approved by the presiding criminal court or other agreement of the parties.

V. At the request of any party, the civil portion of the forfeiture proceeding may be stayed by

the court.

3 New Section; Forfeiture; Innocent Owner. Amend RSA 617 by inserting after section 4 the

following new section:

617:4-a Innocent Owner. In addition to any other remedy provided by law, any person claiming to be an innocent owner of property seized for purposes of forfeiture may petition the court, after 10 days from the date of seizure, for return of the property. No item or property interest shall be subject to forfeiture unless the alleged innocent owner thereof was a consenting party to the crime. This provision shall not apply to property seized as evidence in a pending criminal investigation or prosecution.

4 New Section; Disposition of Unclaimed Property and Proceeds. Amend RSA 617 by inserting after section 10 the following new section:

617:11 Disposition of Property and Proceeds.

I. Notwithstanding any other provision of law, at any time when unclaimed property or contraband held for evidentiary purposes is no longer needed for that purpose, the court may order the state to deliver any unclaimed property, other than currency, to the commissioner of the department of administrative services, to deliver any currency to the state treasurer, and to destroy any contraband within 30 days.

II. If the forfeiture is granted, the court may order the state to deliver any currency to the state treasurer and any other property to the commissioner of the department of administrative services within 30 days. The commissioner of the department of administrative services shall dispose of the

forfeited property at public auction.

III. Upon motion, the court may order that a portion of the currency seized or proceeds from public auction be used to pay reasonable non-personnel expenses of the seizure, storage, and

maintenance of custody of any forfeited items.

IV. The auction proceeds and forfeited currency shall be forwarded to the state treasurer and shall be used first to pay all outstanding recorded liens on the forfeited property, then to comply with an order of the court to pay reasonable non-personnel expenses, with all remaining funds to be deposited into the state's general fund.

5 Forfeiture of Items Used in Connection with Drug Offense. Amend RSA 318-B:17-b, II(e) to

read as follows:

(e) The department of justice shall, within 60 days of the seizure, [either] file a petition in the superior court having jurisdiction under this section [or seek administrative forfeiture pursuant to RSA 318-B:17-d]. If no such petition is filed [or administrative procedure initiated] within 60 days, the items or property interest seized shall be released or returned to the owners.

6 Forfeiture of Items Used in Connection with Drug Offense; Reference to Drug Forfeiture Fund

Removed. Amend RSA 318-B:17-b, II-a(e) to read as follows:

(e) In the case of moneys, file a motion for transfer of evidence under RSA 595-A:6. Upon the court's granting of the motion the moneys shall be immediately forwarded to an interest-bearing seized asset escrow account to be administered by the attorney general. Upon resolution of the forfeiture proceeding the moneys deposited shall be transferred to the [drug forfeiture] general fund or returned to the owners thereof as directed by the court. Unless otherwise ordered by a court in a specific case, interest on all moneys deposited in the seized asset escrow account shall be deposited annually into the [drug forfeiture fund established under RSA 318-B:17-c] general fund.

7 Disposition of Funds Obtained by the Attorney General. Amend RSA 7:6-e, III to read as follows:

III. This section shall not apply to fines received by the attorney general in criminal cases, penalty assessment funds, [drug forfeiture funds as provided in RSA 318-B:17-b through RSA 318-B:17-d,] fines or civil penalties authorized by state law as a result of enforcement actions taken by state agencies or the attorney general, and money received on behalf of a victim or the state as restitution.

8 New Section; Budget and Appropriations; Department of Justice; Request for Appropriation for Drug Related Law Enforcement and Drug Treatment Programs. Amend RSA 9 by inserting after section 4-e the following new section:

- 9:4-f Department of Justice; Request for Appropriation for Drug Related Law Enforcement and Drug Treatment Programs. The department of justice shall include in its biennial operating budget request made pursuant to RSA 9:4, an appropriation to pay a portion of the costs of local, county, and state drug related investigations, as well as drug control law enforcement programs within New Hampshire. Such appropriation also may be used to pay extraordinary costs of local, county, and state drug prosecutions and trial expenses. Law enforcement agencies may apply to the department of justice for grants from the amount appropriated. Of the annual appropriation, \$5,000 shall be deposited into a special non-lapsing account established within the office of the state treasurer for the department of health and human services to fund drug education, prevention, and treatment services. The attorney general shall report 60 days after the close of each fiscal year to the governor and council and to the fiscal committee of the general court a summary of the grants provided to law enforcement agencies under this section for the preceding fiscal year.
 - 9 Repeal. The following are repealed:
- I. RSA 318-B:17-b, V, relative to the distribution of proceeds from items forfeited from drug offenses.
 - II. RSA 318-B:17-c, establishing the drug forfeiture fund.
- III. RSA 318-B:17-d, relative to administrative forfeiture of items used in connection with drug offenses.
 - IV. RSA 6:12, I(b)(19), relative to the drug forfeiture fund.
 - 10 Effective Date.
 - I. Section 8 of this act shall take effect July 1, 2016.
 - II. Sections 2 and 3 of this act shall take effect January 1, 2017.
 - III. Section 4-7 and 9 of this act shall take effect July 1, 2017.
 - IV. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

- I. Makes an appropriation to the office of professional licensure and certification for technology upgrades for the controlled drug prescription health and safety program.
- II. Limits forfeiture to cases in which the state has found by clear and convincing evidence that the property was derived from, or used in, the commission of a crime.
- III. Requires the state to deposit proceeds from forfeited property in the general fund and repeals the drug forfeiture fund.
- IV. Directs the attorney general to include in the department of justice's budget request an appropriation for the cost of local, county, and state drug related enforcement actions.
- V. Establishes a special non-lapsing account for the department of health and human services to fund drug education, prevention, and treatment programs.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

SB 527-FN-A, making an appropriation to the police standards and training council, repealing the police standards and training council training fund, making an appropriation to the department of safety for the purchase of state police cruisers. OUGHT TO PASS WITH AMENDMENT.

Rep. Karen Umberger for Finance. The Police Standards and Training Council is faced with a shortfall in its dedicated fund that allows the council to provide training for tasts and least a shortfall.

Rep. Karen Umberger for Finance. The Police Standards and Training Council is faced with a short-fall in its dedicated fund that allows the council to provide training for state and local police, both full-time and part-time officers, and for state corrections officers. Police Standards and Training is funded through penalty assessment fees paid to the courts and through plea by mail. The penalty assessment fees for FY 17 are not projected to provide sufficient revenue to cover the budgeted training requirements. This would result in new police and corrections officers not receiving required training. In order to provide the training dollars necessary for this vital service, the amendment, which replaces the bill, transfers \$500,000 to the Police Standards and Training dedicated fund. Additionally \$900,000 will be transferred for the purpose of replacing the leaking tactical center roof and repairing the disintegrated driving and parking area. The dedicated fund does not have sufficient income to support these emergency repairs. The dollars to support this appropriation will come from projected lapses that are above and beyond budgeted lapses. The second part of the bill funds cruisers for the state police which were inadvertently omitted from the budget. The \$700,000 to support this appropriation will come from the highway fund and turnpike fund. Vote 26-0.

Amendment (1804h)

Amend the title of the bill by replacing it with the following:

transferring funds from the general fund to the police standards and training council training AN ACT fund, making an appropriation to the police standards and training council, and making an appropriation to the department of safety for the purchase of state police cruisers.

Amend the bill by replacing all after the enacting clause with the following:

1 Transfers; Police Standards and Training Council Training Fund; Appropriation; Police Standards and Training Council.

I. The sum of \$500,000 is hereby transferred from the general fund to the police standards and

training council training fund in the fiscal year ending June 30, 2016.

II. For the biennium ending June 30, 2017, the sum of \$900,000 is hereby appropriated to the police standards and training council for the purpose of replacing the tactical center roof and

repairing the driving and parking areas.

III. For the purposes of funding the transfer made in paragraph I and the appropriation made in paragraph II, the governor shall identify excess appropriations from sums appropriated pursuant to 2015, 275 and 2015, 276, and shall transfer said sums to appropriate police standards and training council accounting units. Prior to making said transfers, the governor shall certify to the fiscal committee of the general court that any excess appropriations identified pursuant to this section are in addition to the projected lapses assumed during the adoption of the state operating budget for the biennium ending June 30, 2017. Any transfers made pursuant to this section shall not require the prior approval of the fiscal committee of the general court and the governor and council and shall not be subject to the provisions of RSA 9:16-a, 9:17-a, and RSA 9:17-c.

2 Police Standards and Training Council. For the biennium ending June 30, 2017, police standards and training council accounting units 06-87-87-870510-8980, 06-87-87-871010-8999, 06-87-87-871510-8310, and 06-87-87-872010-8139 shall be exempt from budget footnote I contained in 2015, 275:1.08.

3 Department of Safety, Division of State Police; Appropriation.

I. There is hereby appropriated to the department of safety, division of state police, the sum of \$700,000 for the biennium ending June 30, 2017 for the purpose of the acquisition and equipping of new state police cruisers to replace those that have repairs exceeding the value of the vehicle.

II. The source of funds for the appropriation made in paragraph I shall be \$540,050 as a charge

against the highway fund and \$159,950 as a charge against the turnpike fund.

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

I. Transfers funds from the general fund to the police standards and training council training fund.

II. Appropriates funds from the general fund to the police standards and training council to repair the tactical center roof.

III. Appropriates funds from the highway fund and the turnpike fund to the department of safety for the purchase of police cruisers.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Len Turcotte offered floor amendment (1936h).

Floor Amendment (1936h)

Amend the title of the bill by replacing it with the following:

transferring funds from the general fund to the police standards and training council AN ACT training fund, making an appropriation to the police standards and training council, making an appropriation to the department of safety for the purchase of state police cruisers, and permitting employers to pay wages to employees weekly or biweekly.

Amend the bill by replacing all after section 3 with the following:

4 Payment of Wages; Weekly or Biweekly. Amend the section heading of RSA 275:43 to read as follows:

275:43 Weekly or Biweekly.

5 Payment of Wages; Weekly or Biweekly. Amend the introductory paragraph of RSA 275:43, I to read as follows:

- I. Every employer shall pay all wages due to employees [within 8 days including Sunday after expiration of the week in which the work is performed] at regular intervals not to exceed 14 days, except when permitted to pay wages less frequently as authorized by the commissioner pursuant to paragraph [II] IV or IV-a(a), on regular paydays designated in advance by the employer and at no cost to the employee:
- 6 Payment of Wages; Weekly or Biweekly. Amend RSA 275:43, IV and RSA 275:43, IV-a(a) to read as follows:
- IV. The commissioner may, upon written petition showing good and sufficient reason, permit payment of wages [less frequently] other than weekly or biweekly, except that it shall be at least once each calendar month. In all instances, payment shall be made regularly on a predesignated date. The commissioner may prescribe the terms and conditions of such permission, and limit the duration thereof.

IV-a.(a) The commissioner may permit payment of wages less frequently than [weekly] biweekly where a school district collective bargaining agreement for hourly employees provides an option to be paid in any number of equal installments with one additional installment.

7 New Paragraph; Payment of Wages; Weekly. Amend RSA 275:43 by inserting after paragraph IV-a the following new paragraph:

IV-b. The commissioner may, on a temporary basis and after showing good and sufficient reason, require payment of wages weekly. The commissioner shall prescribe to the employer the terms, conditions, and duration of such temporary payments. Such restrictions shall only be in effect until the employer rectifies any deficiencies prescribed by the commissioner.

8 Effective Date.

- I. Sections 4-7 of this act shall take effect 60 days after its passage.
- II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

I. Transfers funds from the general fund to the police standards and training council training fund.

II. Appropriates funds from the general fund to the police standards and training council to repair the tactical center roof.

III. Appropriates funds from the highway fund and the turnpike fund to the department of safety for the purchase of police cruisers.

IV. Permits employers to pay wages to employees weekly or biweekly.

Rep. Len Turcotte spoke in favor and yielded to questions.

On a division vote, with 162 members having voted in the affirmative, and 139 in the negative, floor amendment (1936h) was adopted.

Committee report adopted and ordered to third reading.

SB 533-FN-A-L, relative to the governor's commission on alcohol and drug abuse prevention, treatment, and recovery and making supplemental appropriations to the commission, the department of justice, and the New Hampshire housing finance authority. OUGHT TO PASS WITH AMENDMENT.

Rep. Frank Byron for Finance. This bill makes changes to the operating authority of the Governor's Commission on Alcohol and Drug Abuse Prevention, Treatment and Recovery and appropriates \$3 million in additional funds to the Governor's Commission and \$2 million for supportive housing for persons with substance abuse disorders. The amendment requires the \$5 million to come from budgeted but unspent funds (lapses) beyond those already budgeted and appropriated. The amendment also requires the commission to produce performance reports to National Outcome Measurements Standards. Vote 23-1.

Amendment (1872h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the governor's commission on alcohol and drug abuse prevention, treatment, and recovery and making supplemental appropriations to the commission and the New Hampshire housing finance authority.

Amend RSA 12-J:4, III(b)(11) as inserted by section 7 of the bill by replacing it with the following:

(11) Performance outcomes pursuant to National Outcomes Measurement Standards (NOMS) as required with federal funding sources.

(12) Any other information requested by the governor or general court.

Amend section 10 of the bill by inserting after paragraph II the following new paragraph:

III. Prior to making such transfers, the governor shall certify to the fiscal committee of the general court that any excess appropriations identified pursuant to this section are in addition to the projected lapses assumed during the adoption of the state operating budget for the biennium ending June 30, 2017.

Amend the bill by deleting section 11 and renumbering the original sections 12-14 to read as 11-13, respectively.

AMENDED ANALYSIS

This bill makes changes in the membership, organization, duties, meetings, and reports of the governor's commission on alcohol and drug abuse prevention, treatment, and recovery, and establishes that the commission serves in an advisory capacity to both the governor and the general court.

The bill also makes supplemental appropriations to the commission and the New Hampshire housing finance authority.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Hoell offered floor amendment (1922h).

Floor Amendment (1922h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the governor's commission on alcohol and drug abuse prevention, treatment, and recovery, making supplemental appropriations to the commission and the New Hampshire housing finance authority, and repealing the license requirement for carrying a concealed pistol or revolver.

Amend the bill by replacing all after section 12 with the following:

13 Pistols and Revolvers; License to Carry. Amend RSA 159:6 to read as follows:

159:6 License to Carry.

I.(a) The selectmen of a town, the mayor or chief of police of a city or a full-time police officer designated by them respectively, the county sheriff for a resident of an unincorporated place, or the county sheriff if designated by the selectmen of a town that has no police chief, upon application of any resident of such town, city, or unincorporated place, or the director of state police, or some person designated by such director, upon application of a nonresident, shall issue a license to such applicant authorizing the applicant to carry a loaded pistol or revolver in this state for not less than 4 years from the date of issue, if it appears that the applicant has good reason to fear injury to the applicant's person or property or has any proper purpose[, and that the applicant is a suitable person to be licensed], unless the applicant is prohibited by New Hampshire or federal statute from possessing a firearm. Hunting, target shooting, or self-defense shall be considered a proper purpose. The license shall be valid for all allowable purposes regardless of the purpose for which it was originally issued.

(b) The license shall be in duplicate and shall bear the name, address, description, and signature of the licensee. The original shall be delivered to the licensee and the duplicate shall be preserved by the people issuing the same for [4] 5 years. When required, license renewal shall take place within the month of the [fourth] fifth anniversary of the license holder's date of birth following the date of issuance. The license shall be issued within 14 days after application, and, if such application is denied, the reason for such denial shall be stated in writing, the original of which such writing shall be delivered to the applicant, and a copy kept in the office of the person to whom the application was made. The fee for licenses issued to residents of the state shall be \$10, which fee shall be for the use of the town or city granting said licenses; the fee for licenses granted to out-ofstate residents shall be \$100, which fee shall be for the use of the state. The director of state police is hereby authorized and directed to prepare forms for the licenses required under this chapter and forms for the application for such licenses and to supply the same to officials of the cities and towns authorized to issue the licenses. The form shall require no more information than was required on the state of New Hampshire application for pistol/revolver license, form DSSP 85, as revised in December 2009. No other forms shall be used by officials of cities and towns. The cost of the forms shall be paid out of the fees received from nonresident licenses.

II. No photograph or fingerprint shall be required or used as a basis to grant, deny, or renew

a license to carry for a resident or nonresident, unless requested by the applicant.

III. The availability of a license to carry a loaded pistol or revolver under this section or under any other provision of law shall not be construed to impose a prohibition on the unlicensed transport or carry of a firearm in a vehicle, or on or about one's person, whether openly or concealed, loaded or unloaded, by a resident, nonresident, or alien if that individual is not otherwise prohibited by statute from possessing a firearm in the state of New Hampshire.

14 Pistols and Revolvers; Reciprocity. RSA 159:6-d is repealed and reenacted to read as follows: 159:6-d Reciprocity. The director of the division of state police shall negotiate and enter into reciprocal agreements with other jurisdictions to recognize in those jurisdictions the validity of the license issued under RSA 159:6. The director shall apply to every jurisdiction with which New Hampshire does not have a reciprocity agreement, at least once every 5 years to obtain recognition in those jurisdictions of the license issued under RSA 159:6. Any such agreement executed shall not expire unless an expiration date is required under the statutes of the reciprocal jurisdiction.

15 Repeal. RSA 159:4, relative to requiring a license to carry a concealed pistol or revolver, is repealed. 16 Effective Date.

- I. Sections 13-15 of this act shall take effect 60 days after its passage.
- II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill makes changes in the membership, organization, duties, meetings, and reports of the governor's commission on alcohol and drug abuse prevention, treatment, and recovery, and establishes that the commission serves in an advisory capacity to both the governor and the general court.

The bill makes supplemental appropriations to the commission and the New Hampshire housing finance authority.

The bill also:

I. Increases the length of time for which a license to carry a pistol or revolver is valid.

II. Allows a person to carry a loaded, concealed pistol or revolver without a license provided such person is not otherwise prohibited by law.

III. Repeals the requirement to obtain a license to carry a concealed pistol or revolver.

Reps. Hoell and Hannon spoke in favor and yielded to questions.

Rep. Kurk spoke against.

Brown, Duane

Rep. McConnell requested a roll call; sufficiently seconded.

Committee report adopted and ordered to third reading. The House recessed at 5:45 p.m.

RECESS

The House reconvened at 6:30 p.m.

(Speaker Jasper in the Chair)

REGULAR CALENDAR CONT'D

SB 376-FN, relative to wildlife corridors. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Jonathan Manley for the Majority of Fish and Game and Marine Resources. This bill directs the Department of Fish and Game, in collaboration with the Department of Transportation and Department of Environmental Services, to study, identify, and monitor possible wildlife corridors for the protection and health of animals. It suggests a coalition of agencies to work together when construction and reconstruction can benefit these areas, such as the rebuilding of roads to allow safe passage of animals from one side to the other. Vote 11-5.

Rep. James Spillane for the Minority of Fish and Game and Marine Resources. This bill, although well intentioned, is not ready for law. The Department of Fish and Game does not have adequate funding or plans on how to proceed with a mandated study at this time. If the department wants to look at possible wildlife corridors, they can do so without this bill mandating it must be done, and they can do so within their budget at their own pace.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Spillane spoke against.

Rep. Manley spoke in favor.

Majority committee report adopted and ordered to third reading.

SB 325, relative to vaccines administered by pharmacists. REFER FOR INTERIM STUDY.

Rep. Lucy Weber for Health, Human Services and Elderly Affairs. This bill added the MMR vaccine to the list of vaccines that may be administered by pharmacists. The committee considered adding more vaccines to the bill. Concerns were expressed that adding more vaccines to the list without an effective registry to ensure the safe administration of the vaccines. Concern was also expressed about departing further from the medical home model of health care. Because of the lack of consensus on the committee, it was decided to refer for interim study. Vote 13-4. Committee report adopted.

SB 523-FN, relative to the controlled drug prescription health and safety program and establishing a commission to study requiring controlled drugs and controlled drug analogs to be sold in tamper-proof form. OUGHT TO PASS WITH AMENDMENT.

Rep. Bill Nelson for Health, Human Services and Elderly Affairs. This bill as amended adds naturopaths to the definition of practitioner for the purposes of the controlled drug prescription health and safety program. It also establishes a commission to study requiring controlled drugs and controlled drug analogs to be provided in abuse-deterrent formulation. The goal is to require controlled drugs (when available) to be rendered useless if tampered with. Vote 18-0.

Amendment (1313h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the controlled drug prescription health and safety program and establishing a commission to study requiring controlled drugs and controlled drug analogs to be provided in abuse-deterrent formulation.

Amend the bill by replacing all after section 1 with the following:

2 New Section; Commission to Study Requiring Controlled Drugs and Controlled Drug Analogs to be Provided in Abuse-Deterrent Formulation. Amend RSA 318-B by inserting after section 40 the following new section:

318-B:41 Commission Established; Membership; Duties.

- I. There is established a commission to study requiring controlled drugs and controlled drug analogs to be provided in abuse-deterrent formulation.
 - (a) The members of the commission shall be as follows:
 - (1) One member of the senate, appointed by the president of the senate.
- (2) One member of the house of representatives, appointed by the speaker of the house of representatives.
 - (3) The commissioner of the department of health and human services, or designee.
 - (4) A pharmacist, appointed by the board.
- (5) Three licensed physicians, one of whom shall specialize in pain medicine, one of whom shall specialize in addiction medicine, and one of whom practices in the field of primary care medicine, appointed by the board of medicine.
 - (6) An APRN, appointed by the New Hampshire board of nursing.
 - (7) A representative of an abuse-deterrent drug manufacturer, appointed by the governor.
 - (8) A representative of an insurance company, appointed by the governor.
 - (9) The executive director of New Futures, or designee.

- (b) Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.
- II.(a) The commission shall study requiring controlled drugs and controlled drug analogs to be provided in abuse-deterrent formulation when available. The commission's study shall include, but not be limited to:
- (1) The cost effectiveness of requiring such drugs to be provided in abuse-deterrent formulation.
 - (2) Whether the abuse-deterrent formulation of the drugs work.
 - (3) Whether the abuse-deterrent formulation of such drugs are readily available.
- (4) The effect requiring such drugs to be provided in abuse-deterrent formulation will have on insurance premiums.
 - (5) A review of current insurance carrier coverage and prior authorization practices.
- (b) The commission shall solicit information from any person or entity the commission deems relevant to its study.
- III. The members of the commission shall elect a chairperson from among the members. The first meeting of the commission shall be called by the senate member. The first meeting of the commission shall be held within 45 days of the effective date of this section. Six members of the commission shall constitute a quorum.
- IV. The commission shall make a report on or before November 1, 2016 indicating its findings and any recommendations for proposed legislation to the president of the senate, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library.
- 3 Repeal. RSA 318-B:41, relative to a commission to study requiring controlled drugs and controlled drug analogs to be provided in abuse-deterrent formulation, is repealed.
 - 4 Effective Date.
 - I. Section 3 of this act shall take effect November 1, 2016.
 - II. Section 2 of this act shall take effect upon its passage.
 - III. The remainder of this act shall take effect January 1, 2017.

AMENDED ANALYSIS

This bill:

- I. Adds naturopaths to the definition of practitioner for the purposes of the controlled drug prescription health and safety program.
- II. Establishes a commission to study requiring controlled drugs and controlled drug analogs to be provided in abuse-deterrent formulation.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

SB 534-FN, to implement a system of care for children's behavioral health. OUGHT TO PASS. Rep. James MacKay for Health, Human Services and Elderly Affairs. This legislation is the result of extensive work by the New Hampshire Children's Behavioral Health Collaborative. It supplements the planning of the New Hampshire Mental Health Commission resulting in a comprehensive state behavioral health plan. Over fifty organizations participate in the work of the Children's Collaborative. This plan is based on a "best practice" approach known as a System of Care. The plan is described as "an integrated and comprehensive delivery system that is family-driven, youth-guided, community based and culturally and linguistically competent." Vote 18-0.

Rep. Carol McGuire requested a roll call; sufficiently seconded.

and the committee report was adopted and ordered to third reading.

SB 331, relative to fulfilling the requirement for a notarized signature electronically. MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.

Rep. Michael Sylvia for the Majority of Judiciary. This bill would add to the chapter in our laws under statutory construction a section for "Notarized Signatures." It would allow an electronic signature "under

the penalty of perjury" to satisfy the requirement for a notarized signature. This may be convenient in the short term to avoid the need to have a notary public verify that you are in fact the person signing a document and that you are doing so of your own free will, but in the long run documents signed electronically and challenged in court will cause many more problems and any savings will be lost. Documents that do not require the higher standard of notarization, filed with the court electronically, are currently allowed under RSA 21:52 ("Under Oath") which makes an electronic signature "under the penalty of perjury." Electronic signatures and the documents to which they are attached are subject to hacking and are only as good as the security systems in place to protect them. Any document important enough to warrant notarization is not currently protected by a simple electronic signature. Vote 14-6. Rep. Kurt Wuelper for the Minority of Judiciary. The minority believes that signing electronically filed documents that currently require notarization under penalty of perjury (which mirrors federal law in place since 1976) would improve service to our citizens and facilitate the state's ability to deliver services efficiently. We note that any agency can retain the current notarization requirements by simply requiring the document be filed by hard copy. We believe this improvement can be implemented with no significant loss of surety.

The question being adoption of the majority committee report of Inexpedient to Legislate. On a division vote, with 240 members having voted in the affirmative, and 56 in the negative, the majority committee report was adopted.

SB 387, relative to the disposition of ward accounts. OUGHT TO PASS WITH AMENDMENT. Rep. Claire Rouillard for Judiciary. This bill allows a guardian to file an affidavit in the probate court, 30 days after the ward's death, to dispose of personal property remaining in the possession of the guardian belonging to the deceased, if the account is no more than \$5,000. It also provides that the probate court may order payment of known debts of the deceased, social security representative payee accounts, and any balance paid to the ward's beneficiaries. The probate court may also order the guardian to pay the balance of the estate to the state treasurer to be held as abandoned property pursuant to statute. If there is a will, property will be disbursed pursuant to the will. This bill is similar to current law RSA 151-A:15, which allows a nursing home administrator to file an affidavit in probate court to dispose of the deceased personal property. Passage of this bill would allow the Office of Public Guardian to file for disbursement of funds contained in many small inactive accounts. Vote 16-0.

Amendment (1401h)

Amend RSA 464-A:40, V(a) as inserted by section 1 of the bill by replacing it with the following: V.(a) If, within 30 days after the date of a testate or intestate ward's death no petition for probate has been filed under any section of RSA 553 and the gross value of the personal property remaining in the possession of the guardian belonging to the deceased, including any amount left in designated accounts for the ward, is no more than \$5,000, the guardian may file in the probate court in the county having jurisdiction over the guardianship an affidavit for the purpose of disposing of such deceased ward's estate. Once approved by the court, the guardian shall be authorized to dispose of the ward's accounts in a manner consistent with the court's order. The form of the affidavit, and the rules governing proceedings under this section, shall be provided by the probate court pursuant to RSA 547:33.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

SB 426, establishing an end-of-life choices study commission. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Larry Phillips for the Majority of Judiciary. A diverse and bipartisan group of sponsors and committee members believe that a broad-ranging commission should investigate end-of-life care and choices aimed at greater quality at the end of life for citizens of the state. The commission membership involves a diverse set of organizations, expertise and perspectives necessary for an effective and thoughtful study. Vote 9-7.

Rep. Joseph Hagan for the Minority of Judiciary. The minority believes that bill would give a forum for the well-funded proponents of physician-assisted suicide to drive discussion of other issues, which were in the committee amendment, out of deliberations. While we strongly believe in improving palliative care for the terminally ill, the minority cannot support any process that violates human dignity by actively terminating human lives.

Majority Amendment (1257h)

Amend RSA 137-J:38, II(a) as inserted by section 1 of the bill by replacing it with the following: II.(a) The commission's study shall include, but not be limited to, reviewing RSA 137-J, investigating the positive and negative effects of potential legislation relating to end-of-life care and end-of-life choices, innovation practices of other states, how to encourage careful and responsible deliberation about this issue, and any other matter the commission deems relevant to its objective.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Reps. Wuelper and Groen spoke against.

Reps. Hagan and Baldasaro spoke against and yielded to questions.

Rep. Phillips spoke in favor and yielded to questions.

Rep. Baldasaro requested a roll call; sufficiently seconded.

and the majority committee report failed.

Rep. Barbara Griffin voted Yea and intended to vote Nay.

Rep. Wuelper moved the minority committee report of Inexpedient to Legislate.

Minority committee report adopted.

SB 416, relative to flexible working arrangements in employment. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Dianne Schuett for the Majority of Labor, Industrial and Rehabilitative Services. The bill prohibits an employer from retaliating against an employee who requests a flexible work schedule. The committee heard no testimony in opposition at the hearing and nearly unanimous support subsequent to the hearing. As amended by the Senate, the bill states it does not require the employer to accommodate the request and that non-accommodation shall not create a cause of action. The committee heard from a Department of Labor attorney that it has a straightforward anti-retaliation provision that the department has defined and can be easily administered. The vote reflects the bipartisan support of the committee. Vote 13-5.

Rep. Tammy Simmons for the Minority of Labor, Industrial and Rehabilitative Services. This is vaguely worded legislation that has the potential for several unintended consequences. The intent of this bill is to prohibit an employer from "retaliating" against an employee for requesting a flexible work schedule, yet the bill contains no definitive meaning or examples of retaliation and attempts to define "retaliate" only produced subjective definitions. It is of value to remember that NH is an "at will" state, meaning any employer can dismiss any employee without cause at any time. The bill's language also states that it is not construed to require an employer to accommodate a flex work schedule nor does it construe a cause of action, yet both of these points suggest the potential for lawsuits at worse or unnecessary administrative actions by the Dept. of Labor in the least. The language further creates the possibility that potential employers might be discouraged from hiring certain employees to avoid potential actions against them down the road. It was noted during testimony that half of businesses currently offer such flex work schedules, indicating that many employers see value in such an arrangement already. What works for some employers does not or cannot work for others. Each employer and employee currently mutually agree to pay, benefits, and other employment requirements when the employee is hired. The need for further regulations which would cause interference with this employer-employee relationship is not business-friendly. While the minority of the committee finds the intent of this bill to be laudable, the bill, as amended by the Senate, should be voted Inexpedient to Legislate.

The question being adoption of the majority committee report of Ought to Pass.

On a division vote, with 153 members having voted in the affirmative, and 140 in the negative, the majority committee report was adopted and ordered to third reading.

SB 429, changing statutory references from the "Workforce Investment Act" to the "Workforce Innovation and Opportunity Act." WITHOUT RECOMMENDATION.

Statement in support of Ought to Pass with Amendment: This bill was proposed to update the references in state law to the federal "Workforce Innovation and Opportunity Act of 2014" from the 1998 version. It also updates references to several federal databases. These databases are used by the state to track the success of workforce training programs when graduates of such programs are employed in a different state than where the training took place. The committee recognizes that this bill is needed so that we may continue to evaluate federally funded training programs in our Career and Technical Education (CTE) schools, community college system, etc. using aggregate data on earnings by program. This information helps determine which programs are producing improved wages for participants working in New Hampshire or elsewhere. The United States Department of Labor anticipates a change in the program name and the Department of Employment Security (DES) has requested that we continue participation in the program as long as certain conditions are met. Limitations on the use of data are contained in the federal law, but this was unclear when we held the hearing on this bill. The committee amended the bill but split in the final vote tally. All personal identifying information is removed from the data, which consists of median aggregated wages in specific job fields, and all standard educational privacy requirements are also honored and upheld, thereby protecting our constituents while furthering their pursuit of new job training and job skills. The committee split centers on the automatic conformance to changes to the federal program, which the adopted amendment deleted. One floor amendment incorporates this change and will ensure that the data is used only for the purposes intended, even if federal law or interpretation changes. This reflects the philosophy that government program changes should be examined by the legislature and not delegated away by automatic adoption by reference. Although some members of the committee felt that more restrictive language was needed so that DES must return to the legislature for consent, others felt that sufficient oversight is provided by the Advisory Council on Unemployment Compensation and that there is no motivation for future heads of DES to act in other than the best interests of our state. This position is reflected in another floor amendment.

Rep. William Infantine

Rep. Infantine moved Ought to Pass with Amendment and offered floor amendment (1894h).

Floor Amendment (1894h)

Amend the title of the bill by replacing it with the following:

AN ACT changing statutory references from the "Workforce Investment Act" to the "Workforce Innovation and Opportunity Act" and relative to the provision of aggregate statistical reports to certain workforce training programs.

Amend RSA 282-A:118, V as inserted by section 2 of the bill by replacing it with the following:

V. That for the purpose of assessing governmental performance and accountability, the commissioner of the department of employment security may provide information to the Wage Record Interchange System, the Wage Record Interchange System 2, and the Federal Employment Data Exchange System, developed by the U.S. Department of Labor as administered by the U.S. Department of Labor, or its designee, and utilized by each state's Performance Accountability and Customer Information Agency (PACIA). The use of the information shall be limited to the purposes contained in the federal [Workforce Investment Act] Workforce Innovation and Opportunity Act of 2014 or the Wagner-Peyser Act. The department may only provide aggregate statistical reports to entities participating in federal or state supported workforce training programs and only for purposes of assessment and evaluation of those programs. The department shall require any such qualifying entity to enter into an agreement with the department which sets forth terms and conditions that are consistent with federal and state law prior to being provided upon a finding by the commissioner that sufficient guarantees of continued confidentiality are in place;

AMENDED ANALYSIS

This bill changes statutory references from the "Workforce Investment Act" to the "Workforce Innovation and Opportunity Act." This bill also restricts the provision of certain aggregate statistical reports to entities participating in federal or state supported workforce training programs. Rep. Infantine withdrew his motion of offering floor amendment (1894h).

MOTION TO LAY ON THE TABLE

Rep. Len Turcotte moved that SB 429, changing statutory references from the "Workforce Investment Act" to the "Workforce Innovation and Opportunity Act" and relative to the provision of aggregate statistical reports to certain workforce training programs, be laid on the table.

On a division vote, with 139 members having voted in the affirmative, and 145 in the negative, the motion failed.

The question now being adoption of the motion of Ought to Pass. Rep. Infantine offered floor amendment (1897h).

Floor Amendment (1897h)

Amend the title of the bill by replacing it with the following:

AN ACT changing statutory references from the "Workforce Investment Act" to the "Workforce Innovation and Opportunity Act" and relative to the provision of aggregate statistical reports to certain workforce training programs.

Amend RSA 282-A:118, V as inserted by section 2 of the bill by replacing it with the following:

V. That for the purpose of assessing governmental performance and accountability, the commissioner of the department of employment security may provide information to the Wage Record Interchange System, the Wage Record Interchange System 2, the Federal Employment Data Exchange System, or any other similar system or combination thereof in effect on or before July 1, 2018 developed by the U.S. Department of Labor as administered by the U.S. Department of Labor, or its designee, and utilized by each state's Performance Accountability and Customer Information Agency (PACIA). The use of the information shall be limited to the purposes contained in the federal [Workforce Investment Act] Workforce Innovation and Opportunity Act of 2014 or the Wagner-Peyser Act. The department may only provide aggregate statistical reports to entities participating in federal or state supported workforce training programs and only for purposes of assessment and evaluation of those programs. The department shall require any such qualifying entity to enter into an agreement with the department which sets forth terms and conditions that are consistent with federal and state law prior to being provided any aggregate statistical reports. Information under this paragraph shall only be provided upon a finding by the commissioner that sufficient guarantees of continued confidentiality are in place;

AMENDED ANALYSIS

This bill changes statutory references from the "Workforce Investment Act" to the "Workforce Innovation and Opportunity Act." This bill also restricts the provision of certain aggregate statistical reports to entities participating in federal or state supported workforce training programs.

Rep. Infantine spoke in favor and yielded to questions.

Rep. Len Turcotte spoke against.

Rep. Ley spoke in favor.

Floor amendment (1897h) was adopted.

Motion of Ought to Pass with Amendment adopted and ordered to third reading.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Infantine moved that the House reconsider its action whereby, on a voice vote, the House adopted the motion of Ought to Pass with Amendment on SB 429, changing statutory references from the "Workforce Investment Act" to the "Workforce Innovation and Opportunity Act" and relative to the provision of aggregate statistical reports to certain workforce training programs.

On a division vote, with 112 members having voted in the affirmative, and 173 in the negative, the motion failed

REGULAR CALENDAR CONT'D

SB 66, relative to the naming of areas of the state house complex. OUGHT TO PASS WITH AMENDMENT.

Rep. Sherman Packard for Legislative Administration. Speaker George Roberts served the State of New Hampshire honorably for 7 terms in the House of Representatives. As Speaker of the House, he was instrumental in the acquisition and renovation of "The Old Post Office," which gave the General Court an office building across from the State House, to better serve the citizens of our state. This bill names the Legislative Office Building lobby the George Roberts Hall in recognition of his achievements and service. The Legislative Administration Committee voted unanimously to recommend adoption of this bill with an amendment. The Senate version of the bill required the naming of areas in the State House complex to be approved by the Joint Legislative Historical Committee and the Joint Committee on Legislative Facilities. The committee amendment returns the bill to its original language. Vote 9-0.

Amendment (1486h)

Amend the title of the bill by replacing it with the following:

AN ACT naming the lobby of the legislative office building after former speaker of the house George Roberts.

Amend the bill by replacing all after the enacting clause with the following:

1 Legislative Findings. George Roberts served 14 years in the New Hampshire house of representatives including being elected as speaker of the house from 1975 through 1980. He was actively involved in the National Conference of State Legislatures from its creation in 1975 and served as its president in 1979-80. Among his many legislative initiatives include the renovation of the Old Post Office as the Legislative Office Building of today. Therefore in recognition of his many contributions to the citizens of New Hampshire and the New Hampshire legislature, the general court hereby names the lobby of the Legislative Office Building the George Roberts Hall.

2 Legislative Office Building; George Roberts Hall. The lobby of the Legislative Office Building is hereby named George Roberts Hall, for former speaker of the house, the Honorable George Roberts.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill names the lobby of the legislative office building after former speaker of the house George Roberts.

On a division vote, with 200 members having voted in the affirmative, and 85 in the negative, the committee amendment was adopted.

Committee report adopted and ordered to third reading.

MOTION TO PRINT DEBATE

Rep. Shurtleff moved that the debate on SB 66, naming the lobby of the legislative office building after former speaker of the house George Roberts, be printed in the Permanent Journal. Motion adopted.

DEBATE ON SB 66

Speaker Jasper: Division has been requested. This will be a division vote. Members will take their seats. The House will come to order. The question is on the committee amendment on SB 66. The Chair recognizes Representative McGuire for a parliamentary inquiry.

Representative Carol McGuire: Thank you, Mister Speaker. If I know that this amendment names the State, the LOB lobby for former Speaker, George Roberts. And, if I know that the Honorable Mister Roberts is still alive and may he live for many years, but if I know that we have a policy of not naming things for people who are still alive, would I now push the red button and kill this amendment?

Speaker Jasper: The question is on the committee amendment on SB 66. If you are in favor, you will press the green button. If you are opposed, you'll press the red button. The Chair recognizes Representative Packard for a parliamentary inquiry.

Representative Packard: Thank you, Mister Speaker. If I know that without George Robert's input, we would not have the Legislative Office Building at this point. And, if I know we shouldn't have to wait until somebody dies to recognize them for their accomplishments, would I now press the green button and pass this amendment?

Speaker Jasper: The question is on the committee amendment on SB 66. This is a division vote. If you are in favor, you'll press the green button. If you are opposed, you will press the red button. Voting stations are open for 30 seconds. Have all members voted who were here when the question was put? The House will attend to the state of the vote. There having been 200 votes in the affirmative and 85 in the negative, the committee amendment is adopted. Question is on the adoption of the committee report. Chair recognizes the member from Londonderry to speak in favor of the motion. Representative Packard waives speaking. Are you ready for the question, which is on the adoption of the committee report? All those in favor, signify by saying Aye; those opposed, Nay. The Ayes have it and the committee report is adopted.

On passage of the past bill, I want to take a moment, just a moment to speak since it has passed and I'm not weighing in on the House's recommendation. I think this whole House should know just how much we owe to former Speaker Roberts. When he first was the Majority Leader under Marshall Cobleigh, the Speaker didn't even have a suitable office. Speaker Roberts told me the first week that I became Speaker that was the Attorney General's office. Speaker Cobleigh sent him to the Attorney General and said to him, "Would you like to move before or after Christmas?" The Attorney General said, "Well, you can't do that." Speaker Roberts, Majority Leader at the time, said, "Yes we control this building and yes, we will give you a nice office over in the annex. You can pick any corner office you want and we will buy you all new furniture, whatever you want. Now, would you like to move before or after Christmas?" So, as I was cleaning out the desk, because this is sort of a little funny story. When I got to the Speaker's office, the whole middle drawer was just filled with thousands of paperclips that had been left to the next Speaker by Speaker Norelli and as I finally had time to clean that out, in the bottom it said, "This desk first used by Speaker Roberts 1976-1980. Same desk in there; same couch in there. Speaker Roberts really did so much to get that building because the Governor and Council were ready to sign-off on not being interested in it and he bluffed them and ended up buying that. He also got us the Upham Walker House. He personally went in and bid on behalf of the State for the furniture after consulting with the historical society. For most of us, the most important thing that we need to know is the real reason that we have fair hearings on every bill is because of George Roberts. He was willing to give away the power of the Speaker and of the Chairman to pocket veto every bill, because until that time, any Chairman could simply put a bill in the desk and it would never come out and of course, at the order of the Speaker, that would happen whenever he wanted it to, but he gave away that ability so that every member of this House and every future legislator would have the opportunity to put bills in and have them heard in committee and have them acted on here, as we are today. We owe him so much, so much. Thank you. For what purpose does the member rise? Representative Shurtleff: Mister Speaker, I move that your eloquent remarks be placed in the Permanent Journal.

Speaker Jasper: Are you ready for the question? All those in favor of having the remarks of the Speaker placed in the Permanent Journal, say Aye; those opposed, Nay. The Ayes have it and the motion is adopted.

REGULAR CALENDAR CONT'D

SB 59, relative to the removal of county officers and temporary filling of the office. OUGHT TO PASS WITH AMENDMENT.

Rep. Catherine Cheney for Municipal and County Government. This bill provides a method for removing a county officer and filling the position by correcting a gap in law where self-governance would be overlooked. This happened in Rockingham County where the county attorney was removed. The county convention did not have appropriate input to the process as representatives of the people. Any possible removal of an elected official should also have full disclosure of what the wrongdoing is if an elected official is removed. Existing statute allows only 5 voters to petition for a removal and this invites frivolous actions requiring a convention meeting. The committee also amended the bill to include HB 192 relative to pole tax abatements, which passed the House last year. Vote 16-0.

Amendment (1597h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the removal of county officers and temporary filling of the office, and relative to the valuation of utility property.

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4:

3 Utility Property Tax; Determination of Value. Amend RSA 83-F:3 to read as follows:

83-F:3 Determination of Value. On or before December 1 of the tax year, the commissioner shall determine the market value of utility property for the purposes of this chapter by utilizing generally accepted appraisal methods and techniques. Market value means the property's full and true value as defined under RSA 75:1. In the case of regulated public utilities as defined in RSA 362:2, the commissioner shall hold a single public hearing annually prior to performing assessments, in order to receive public input on assessments under this chapter. Notice of such determination shall be given to the taxpayer within 15 days of the commissioner's determination. The commissioner's determination under this section shall be used only for the purposes of this chapter and shall not be used by either the local political subdivision or the utility in any application for abatement of tax under RSA 76:16 or any appeal thereof under RSA 76:16-a or RSA 76:17.

AMENDED ANALYSIS

This bill allows the county convention, upon a petition initiated by the county commissioner, the county attorney or a superior court judge, to remove a county officer for official misconduct. The bill allows the county convention to temporarily appoint a person for a county office. This bill also provides that the value for utility property determined by the commissioner of revenue administration for the purposes of the utility property tax shall not be used for an abatement under RSA 76. Committee amendment adopted.

Committee report adopted and ordered to third reading.

MOTION TO RECONSIDER

Speaker Jasper moved that the House reconsider its action whereby, on a voice vote, the House adopted the majority committee report of Ought to Pass with Amendment on SB 59, relative to the removal of county officers and temporary filling of the office.

Motion adopted.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Abrami moved that the House reconsider its action whereby, on a voice vote, the House adopted committee amendment (1597h) on SB 59, relative to the removal of county officers and temporary filling of the office.

Motion adopted.

The question now being adoption of committee amendment (1597h). The Speaker ruled committee amendment (1597h) non-germane. Motion of Ought to Pass adopted and ordered to third reading.

SB 482-FN-L, establishing a committee to study the effect of short-term rentals on municipalities.

MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Marjorie Porter for the Majority of Municipal and County Government. This bill establishes a committee to study the effect of short-term rentals on municipalities. The amendment modifies the committee membership providing that representatives be included from the Commerce and Consumer Affairs Committee, the Municipal and County Government Committee and the Ways and Means Committee. The recent expansion of Airbnb and bed and breakfast businesses has raised concerns about zoning restrictions, safety, and taxation, among other issues. The goal is to take an in depth look at this issue and return to the legislature with recommendations by November 2016 for possible legislation to be considered in the 2017 legislative year. Vote 12-4.

Rep. Keith Ammon for the Minority of Municipal and County Government. Although this bill merely creates a study committee, the minority feels this bill is a reaction to the burgeoning "sharing" and "gig" economy facilitated by new technology such as the Airbnb platform. Why burden new sectors of economic activity with taxes and regulations before they have had a chance to mature? This position is anti-jobs and anti-prosperity. The issue of "fairness" came up: "Why should existing and entrenched players, such as hotels, pay Rooms and Meals taxes while the family renting out an extra bedroom for the weekend does not?" The focus should be on reducing taxes and regulation for existing players, not saddling modern entrepreneurship with buggy-whip era regulation. It appears that only regulators, industry insiders, and government interests will be consulted. The authors of the bill give no deference to the consumers or the providers of these services, the people voluntarily trading value for

value using their own property. After all, if users of these services thought they were being cheated, word would quickly spread using modern communications platforms, such as the Internet, and very few people would use the service in the first place. People naturally cease economic activity if they consider it unfair or dangerous. Some in the minority thought that even though the amendment makes changes to the makeup of the committee, a quorum will be difficult to achieve; if people show up for the committee but a quorum isn't present then this would waste valuable time.

Majority Amendment (1452h)

Amend the bill by replacing sections 2-3 with the following:

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Two members of the senate, one appointed by the president of the senate and one appointed by the minority leader of the senate.

(b) Three members of the house of representatives, appointed by the speaker of the house of representatives, one of whom shall be a member of the commerce and consumer affairs committee, one of whom shall be a member of the municipal and county government committee, and one of whom shall be a member of the ways and means committee.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall:

- I. Solicit information from appropriate municipal officials regarding the effect of short-term rentals on their communities.
- II. Solicit input from real estate professionals with regard to possible regulation and zoning of short-term rentals.
- III. Review steps proposed and taken in other states to bring short-term rentals into compliance with state commerce, municipal, and tax laws.
- IV. Seek advice and council from other appropriate entities, including but not limited to, the department of revenue administration, the department of resources, and economic development and the New Hampshire Municipal Association.

Majority committee amendment adopted.

Majority committee report adopted and ordered to third reading.

SB 364, establishing a committee to study the feasibility of incorporating complete streets into the 10-year transportation improvement plan. **OUGHT TO PASS WITH AMENDMENT**.

Rep. Patricia Higgins for Public Works and Highways. As introduced, the bill intended to create a study committee on the feasibility of incorporating complete streets into the 10-year transportation improvement plan. The committee amendment removes all reference to the 10-year transportation improvement plan, changes the title of the bill, specifies that the 3 representatives come from the Public Works and Highways Committee, and articulates the duties of the study committee to ensure that the committee shall look at items and ideas that do not impact the state's highway fund. Complete streets is a design approach to implement local transportation planning benefitting all users regardless of their particular means of transportation, age, or mobility challenges. Vote 11-5.

Amendment (1541h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study, in conjunction with municipalities and the department of transportation, the feasibility of a complete streets program.

Amend the bill by replacing sections 1-3 with the following:

1 Committee Established. There is established a committee to study, in conjunction with municipalities and the department of transportation, the feasibility of a complete streets program.

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Two members of the senate, appointed by the president of the senate.

(b) Three members of the house of representatives, all of whom shall be members of the public works and highways committee, appointed by the speaker of the house of representatives.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

- 3 Duties. The committee, in conjunction with municipalities and the department of transportation, shall review:
 - I. Existing department of transportation policies regarding complete streets.
 - II. Previous department of transportation projects that incorporate complete streets.

III. Examples of complete streets projects.

IV. Implementation of a complete streets program that does not draw on any funds from the New Hampshire highway fund to implement any part of the complete streets program.

V. Whether there are federal highway funds that could be allocated to a complete streets program that would not diminish any funds that could otherwise be utilized for highway projects.

AMENDED ANALYSIS

This bill establishes a committee to study, in conjunction with municipalities and the department of transportation, the feasibility of a complete streets program.

Committee amendment adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. On a division vote, with 198 members having voted in the affirmative, and 80 in the negative, the committee report was adopted and ordered to third reading.

SB 324, eliminating the land use board and requiring approval of federal land acquisitions by the governor and executive council. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. James McConnell for the Majority of Resources, Recreation and Development. This bill, written in cooperation with the Department of Resources and Economic Development (DRED), corrects a number of deficiencies in RSA 121, including incorporating the duties of the former Land Use Board into DRED and establishing a clear, unambiguous and accurate method for tracking the federal ownership of land in New Hampshire. RSA 121, as amended by the bill, will limit federal land ownership in New Hampshire to 2% of the state's land area, excluding the existing White Mountain National Forest within the original 1929 boundary, and further limit the federal ownership of land in any town or municipality to 5% of the total assessed property value. This bill provides a clear, standardized means of ensuring that towns and municipalities can remain in compliance with this requirement and establishes a new procedure for permitting towns and municipalities to exceed that limit when approved by the voters. The amendment, in concert with the bill, provides towns and municipalities in which the White Mountain National Forest proposes to acquire lands with the same rights as are granted to all other towns and municipalities in the state under RSA 121. Involving towns and municipalities in meeting these requirements is important, since remaining property owners are forced to pay higher real estate taxes to cover the federal property removed from the tax rolls. Federal payments in lieu of taxes are currently less than 25% of the amounts promised. Vote 10-7. Rep. Judith Spang for the Minority of Resources, Recreation and Development. This bill further restricts any property in the state which is sold or donated to the federal government for conservation, forestry or agriculture. RSA 121 already restricts the amount of land that can be owned by the federal government to 2% of the land area of the state and 5% of the assessed value of any individual municipality, excluding lands within the White Mountain National Forest. The amendment expands the scope of the statute by including any expansion of lands in the White Mountain National Forest. The amendment also changes the definition of acquisition to include any easement where the federal government is the primary easement holder. Both the current and a past state Commissioner of Agriculture wrote the committee and expressed their concerns that this legislation, as amended, will severely restrict acceptance of funds from the USDA's Agricultural Conservation Easement Program and easements from the Natural Resource Conservation Service which are instrumental in preserving farmland in the state. By expanding the meaning of acquisition in RSA 121 to include easements and by including land sold or donated to the White Mountain National Forest, federal programs that have benefitted NH and saved the state and municipalities millions of dollars in land conservation will soon come to an abrupt end. Significantly, the Attorney General's office testified that they believe the current statute and this legislation restrict the rights of private landowners to sell their land and could be interpreted as a taking. The minority believes the state does not have the power to interfere with sales of land or easements by private landowners, including to the federal government. The underlying bill is

also ill conceived because it throws major administrative roadblocks into the process of finalizing easements. The Department of Resources and Economic Development said the agency lacks the resources for examining and issuing certificates of compliance before each deed can be recorded. There is no fiscal note to indicate how these costs to the department would be covered. If the issue of federal ownership of interests in NH land is to be addressed, it must be done through a more thorough study of constitutional means of limiting unreasonable impacts to municipalities without so severely affecting the economy and environment of NH.

Majority Amendment (1599h)

Amend the bill by inserting after section 8 the following and renumbering the original sections 9-10 to read as 11-12, respectively:

9 Acquisition Authorized. Amend RSA 121:1 to read as follows:

121:1 Acquisition Authorized. Subject to the provisions of this chapter, consent is given to the acquisition of lands in this state by the United States of America for any public purpose duly authorized by the laws of the United States. For purposes of this chapter, acquisition shall be defined as fee ownership and easements where the federal government is the primary holder of the easement.

10 New Sections; White Mountain National Forest. Amend RSA 121 by inserting after section 6 the following new sections:

121:6-a White Mountain National Forest; Current Holdings Within the Boundaries of the Presidential Proclamation of October 26, 1929. Holdings by the federal government in the White Mountain National Forest within the boundaries established by the proclamation of the President of the United States, dated October 26, 1929, as of the effective date of this section, shall not be counted towards the 2 percent limit of total land area specified in RSA 121:6.

121:6-b White Mountain National Forest; Land Outside the Boundaries of the Presidential Proclamation of October 26, 1929, and Future Acquisitions Within the Boundaries of the Presidential Proclamation of October 26, 1929. Holdings by the federal government in the White Mountain National Forest which are outside the boundaries established by proclamation of the President of the United States, dated October 26, 1929, and all future easements procured and acquisitions made within the boundaries established by the proclamation of the President of the United States, dated October 26, 1929, by the federal government, after the effective date of this section, shall contribute to the 2 percent limit of total land area of the state specified in RSA 121:6.

Rep. Suzanne Smith spoke against and yielded to questions.

Butler, Edward

Rep. McConnell spoke in favor.

Buco, Thomas

On a division vote, with 170 members having voted in the affirmative, and 112 in the negative, the committee amendment was adopted.

MOTION TO LAY ON THE TABLE

Rep. Suzanne Smith moved that SB 324, eliminating the land use board and requiring approval of federal land acquisitions by the governor and executive council, be laid on the table. Rep. McConnell requested a roll call; sufficiently seconded.

The question now being adoption of the committee report of Ought to Pass with Amendment. On a division vote, with 173 members having voted in the affirmative, and 111 in the negative, the committee report was adopted and ordered to third reading.

SB 381, relative to the combustion of the wood component of construction and demolition debris. MAJORITY: OUGHT TO PASS. MINORITY: REFER FOR INTERIM STUDY.

Rep. Michael Vose for the Majority of Science, Technology and Energy. This bill enhances renewable energy electricity generation by allowing waste-to-energy plants to operate during the winter. Cold weather reduces the collection of municipal refuse, and snow and ice make such waste fuel supplies wet

and harder to burn. The bill allows adding recovered clean wood to the fuel mix to drive off moisture and to create the higher burn temperatures that allow the efficient operation of emissions capture and reduction technologies, leading to greater wintertime electricity production. The bill further permits the recovery of such clean wood from construction and demolition (C&D) debris. The bill sets limits on this fuel additive by allowing its use only between November 15 and April 15 and in quantities of no more than 10,000 tons per year. The bill further requires that such recovered clean wood fuel must meet the standards described in the Environmental Protection Agency's Non-Hazardous Secondary Materials Rule. This bill will: (1) increase the generation of electricity from renewable waste fuels; (2) reduce the burying of waste in landfills; (3) result in an estimated reduction of 850 tons per year of greenhouse gas emissions by avoiding the burning of 75,000 gallons of diesel fuel to transport 430 truckloads of cleaned C&D wood waste to Quebec (340,000 round trip miles); and (4) guarantee good paying jobs in our state. The Department of Environmental Services testified that it saw no significant environmental impacts from this legislation. Vote 11-8.

Rep. Robert Backus for the Minority of Science, Technology and Energy. This bill would open the door for limited combustion at the Wheelabrator waste-to-energy facility in Concord of supposedly clean construction and demolition (C&D) debris. In 2008, the burning of C&D waste was made illegal in NH, a policy that has served the state well for almost a decade. The minority has many concerns with re-opening the door to again allow burning of this material. First, the bill sponsor admitted that although the amounts involved are small, and burning is limited to only certain months of the year, that "we have to start small." This suggests that this limited burn authorization is, as the phrase goes, the nose of the camel getting under the tent. Second, there is no verification that the wood debris is in fact truly clean. The wood contains grit (which renders it unsuitable for burning as pellet fuel) and, unlike virgin wood, may contain residues of toxic chemicals. Burning does not eliminate any hazardous waste, since the potentially harmful material either goes up the stack or ends up in the ash that has to be contained. Third, there was no demonstrated need for this law to permit either the recycler, Re-Energy (a C&D processor), or Wheelabrator to continue doing business. Re-Energy has existing markets for its recycled wood products and Wheelabrator operates by burning municipal waste, occasionally supplemented by natural gas. Finally, although the proponents pointed to a recent Environmental Protection Agency regulation on best practices to handle recycled materials, there is no objective standards or limits on what is acceptable for incineration.

The question being adoption of the majority committee report of Ought to Pass. Rep. Baber offered floor amendment (1908h).

Floor Amendment (1908h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to study the use of certain construction and demolition debris as fuel.

Amend the bill by replacing all after the enacting clause with the following:

- 1 Committee Established. There is established a committee to study the possibility of using the combustion of the wood component of construction and demolition debris as a fuel in waste-to-energy incinerators in a manner that meets current or proposed nationally recognized environmental standards.
 - 2 Membership and Compensation.
 - I. The members of the committee shall be as follows:
- (a) Five members of the science, technology and energy committee from the house of representatives, appointed by the speaker of the house of representatives.
 - (b) Two members of the senate, appointed by the president of the senate.
- II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.
 - 3 Duties. The committee shall:
- I. Determine if the combustion of the wood component of construction and demolition debris for use as a fuel in waste-to-energy incinerators can be done in a manner that meets current or proposed nationally recognized environmental standards. Such determination shall include the identification of processes and methods to ensure that the fuel, as delivered to the incineration facility, meets such standards.
- II. Review both the direct and indirect effects due to combustion, both positive and negative, which may occur during handling, transportation, and disposal of construction waste.

III. Consider the economic effects the availability of such fuel may have on electric rates and on alternative local biofuel sources.

4 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

5 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the president of the senate, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2016.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to study the use of certain construction and demolition debris as fuel. Rep. Baber spoke in favor.

Rep. Vose spoke against and yielded to questions.

On a division vote, with 115 members having voted in the affirmative, and 169 in the negative, floor amendment (1908h) failed.

MOTION TO LAY ON THE TABLE

Rep. Baber moved that **SB 381**, relative to the combustion of the wood component of construction and demolition debris, be laid on the table.

Motion failed.

The question now being adoption of the majority committee report of Ought to Pass. Majority committee report adopted and ordered to third reading.

SB 547, establishing a commission to study if current force protection measures provide adequate safeguards for New Hampshire national guard personnel, facilities, and equipment. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Robert Theberge for the Majority of State-Federal Relations and Veterans Affairs. This bill establishes a commission to study if current force protection measures provide adequate safeguards for New Hampshire National Guard personnel, facilities, and equipment, unlike a previous bill (HB 1288) which focused solely on the National Guard's input to address the force protection policy. This bill includes the Department of Safety, Division of Homeland Security and Emergency Management on assessments and recommendations. The Deputy Adjutant General testified on behalf of the Adjutant General who advocated that this bill is much preferred. This bill goes beyond just personnel issues but looks at equipment and overall facilities. Vote 9-7.

Rep. Kris Roberts for the Minority of State-Federal Relations and Veterans Affairs. The minority feels that this bill is unnecessary because the Adjutant General already has an updated force protection plan which is reviewed as necessary. Furthermore much of the information will be classified.

The question being adoption of the majority committee report of Ought to Pass.

Rep. Baldasaro spoke against.

Majority committee report failed.

Rep. Baldasaro moved the minority committee report of Inexpedient to Legislate.

Minority committee report adopted.

SCR 3, applying to the United States Congress to convene a limited convention for the exclusive purpose of proposing amendments to the federal Constitution concerning election reform that do not abrogate or amend the first amendment to the federal Constitution. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Kris Roberts for the Majority of State-Federal Relations and Veterans Affairs. This senate concurrent resolution requests that the United States Congress convene a convention to propose amendments to the US Constitution for the exclusive purpose of election reform that does not abrogate or amend the First Amendment to the US Constitution. The majority of the committee believes that the people of New Hampshire cherish the First Amendment, the right of free speech. However, they are very concerned about the enormous amount of money in politics. They are very concerned about the impact of the Citizens United decision which will result in about \$80 million being spent

on the 2016 New Hampshire Senate race. Most of that money will come from out-of-state political action committees. This resolution calls for an Article V convention, which under the constitution says the states have the right to propose amendments to the constitution. This call for an Article V convention is very limited in scope and addresses the need for election reform without abrogating or amending the First Amendment of the United States Constitution. The people of New Hampshire understand the importance of having fair and open elections. We understand elections should be based on qualifications, not the ability to raise unlimited campaign funds. The goal of this resolution is to have an Article V convention to agree on election reform amendments. Any amendments must be ratified by the legislatures in at least 38 states in order to restore American's faith in the election process. The majority of the committee believes the chance of a "runaway convention" has far less risk to the people of New Hampshire than the fear of inaction. Vote 10-6.

Rep. Alfred Baldasaro for the Minority of State-Federal Relations and Veterans Affairs. The minority believes this resolution seeks to circumvent or repeal the United States Supreme Court's opinion in Citizen's United v. Federal Election Commission. The majority is seeking to permit the federal government to restrict political speech and campaign contributions by corporations. The federal government does not now have the constitutional authority over the country at large to restrict any form of speech, to restrict campaign contributions or tell someone that they can't donate their own money. The majority wants the federal government through a constitutional convention to have the power to limit or restrict certain groups for political speech.

MOTION TO LAY ON THE TABLE

Rep. Ulery moved that SCR 3, applying to the United States Congress to convene a limited convention for the exclusive purpose of proposing amendments to the federal Constitution concerning election reform that do not abrogate or amend the first amendment to the federal Constitution, be laid on the table.

On a division vote, with 148 members having voted in the affirmative, and 129 in the negative, the motion was adopted.

REGULAR CALENDAR CONT'D

SCR 4, applying for an Article V convention to propose an amendment to the Constitution of the United States that imposes fiscal restraints on the federal government. MAJORITY: OUGHT TO PASS. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Kris Roberts for the Majority of State-Federal Relations and Veterans Affairs, The majority of the committee believes that it is extremely important to tell Congress that the people of New Hampshire are very concerned about the financial future of our country. Despite our concerns Congress has repeatedly failed to listen. Under the United States Constitution, the states have the right to call an Article V convention to propose amendments to the constitution. This resolution is New Hampshire's call for such a convention. There are many people who are afraid that such a convention would become a runaway convention that would strip us of our current rights such as the 1st, 2nd and 5th amendments. Despite that fear, many people fail to realize that any proposed amendment must be approved by at least 38 states. There is no way that the American people would support changing any amendment to the Bill of Rights. There are also other protective rules concerning any Article V convention, to include Article V convention decisions such as Baker vs Carr (1964). A comprehensive U.S. Department of Justice report in 1987 stated that an Article V convention option was sound and controllable. U.S. Supreme Court Justice Joseph Story stated, "The great principle to be sought is to make the changes practicable, but not too easy; to secure due deliberation, and caution; and to follow experience, rather than to open a way for experiments, suggested by mere speculation or theory." At its discretion, Congress may provide for consideration of such amendment either by state legislatures or ad hoc state ratification conventions. According to the Congressional Research Service there have been over 1,500 requests for Article V Conventions. The real strength of calls for Article V Conventions is that they force Congress to act. In 1985, the 99th Congress passed the Gramm-Rudman-Hollings Balanced Budget and Emergency Deficit Control Act (GRH), claiming that this legislation would serve the same purpose as an Article V convention with less risk. Concerns about a runaway convention and hopes that the 1985 passage of the Gramm-Rudman-Hollings Act would lead to a balanced federal budget have been credited with forestalling additional state applications for a convention. The calls for Article V conventions have resulted in the passage of 17th, 19th and 21st amendments. There are those who feel that the U.S. Constitution is certainly one of the most venerable, elegant and comprehensive framing documents in the history of western civilization, if not human history itself. In fact, many servants of the common good voluntarily take binding oaths to defend, uphold and protect it. This is true of everyone who serves the people of New Hampshire in the General Court. Vote 11-5.

Rep. Alfred Baldasaro for the Minority of State-Federal Relations and Veterans Affairs. The minority believes that this resolution requesting an Article V Constitutional convention for fiscal constraints is a game of words that leaves the door open to many change recommendations to the constitution. New Hampshire is already on record in Washington D.C. in favor of an Article V convention for a balanced budget amendment. This is a duplication of what this legislature already passed in 2011 which has already been filed in Washington D.C.

MOTION TO LAY ON THE TABLE

Rep. Ulery moved that SCR 4, applying for an Article V convention to propose an amendment to the Constitution of the United States that imposes fiscal restraints on the federal government, be laid on the table.

On a division vote, with 227 members having voted in the affirmative, and 57 in the negative, the motion was adopted.

REGULAR CALENDAR CONT'D

SB 471-FN, relative to parking for persons with disabilities. **OUGHT TO PASS WITH AMENDMENT.** Rep. Steven Smith for Transportation. This bill clarifies signage requirements for parking for persons with walking disabilities. It establishes that a portion of state fines be remitted to towns and municipalities. The bill also makes technical changes to New Hampshire statutes to ensure compliance with the ADA. The committee amendment changes the suggestion of one "van only" parking space out of five, to a requirement. Vote 15-0.

Amendment (1562h)

Amend the bill by replacing section 4 with the following:

4 Parking Signs. Amend RSA 265:73-a to read as follows:

265:73-a Parking Signs; Disabled. A parking space on private or public property that is reserved for persons who are disabled shall be marked by a sign affixed to a post or a building. Said sign shall be clearly visible to anyone directly approaching that particular space. Van-accessible spaces shall be allocated according to the requirements of the Americans with Disabilities Act of 1990 and regulations and guidelines promulgated pursuant thereto. There shall be one "van only" parking space for every 5 spaces which are reserved for persons who are disabled. Failure to comply with the sign placement requirements of this section shall subject the property owner to a \$250 fine, provided that the owner shall not be fined more than once in any 120-day period for the same violation.

Committee amendment adopted.

Committee report adopted and ordered to third reading.

SB 478-FN, permitting the online renewal of a nondriver's picture identification card. OUGHT TO PASS. Rep. Werner Horn for Transportation. This bill allows the online renewal of nondriver picture identification cards, bringing them into line with other state issued IDs. Holders of a nondriver's identification often have transportation issues that would be mitigated by having this option available to them. Vote 15-0. Committee report adopted and ordered to third reading.

SB 550-FN, relative to the maximum gross weight for dump trailers. OUGHT TO PASS.

Rep. Michael Abbott for Transportation. The intent of this legislation is to bring weight and axle configuration into accordance with surrounding states and federal standards. It establishes a maximum weight requirement for a combination of truck-tractor and dump trailer, eliminating restrictions which put trucking concerns at a disadvantage. Vote 15-0.

Committee report adopted and ordered to third reading.

SB 210-FN, relative to regulation of septic system evaluators. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.

Rep. Patrick Abrami for the Majority of Ways and Means. The full House agreed with the policy committee, Executive Departments and Administration, and voted to establish a statute which calls

for the regulation of septic system evaluators. The Ways and Means Committee was asked to review the fees associated with licensing septic system evaluators. These fees would cover the associated board and staff costs using the standard approach which calls for fees being sufficient to produce estimated revenues equal to 125 percent of the direct operating expenses of the board budgeted for the biennium in which they apply. This was acceptable to the committee; however, an amendment was added with four changes. First, until initial expenses become known, the fee for an initial application or a renewal of a license shall not exceed \$150 for a two-year license. The second change was designed to keep the fees down by eliminating the provision that members of the board shall receive \$25 for each day actually engaged in the duties of their office. Traditionally these small boards do not have paid board members. The third change clarified the language to ensure that those eligible for licensure under RSA 310-A: 210, II, III, or IV would be able to practice during the transition period. The final change was the elimination of the reference to subparagraph I(d) which the policy committee had eliminated in their amendment, but had neglected to delete the reference to this subparagraph. Vote 16-2.

Rep. Bill Ohm for the Minority of Ways and Means. This bill, while presented as a consumer protection bill, will likely create a new fee for homeowners upon sale of their home. This fee is for septic inspection by members licensed by a new board. Even as amended, there are multiple cost and fee issues present requiring further study.

Majority Amendment (1620h)

Amend RSA 310-A:206, VI as inserted by section 2 of the bill by replacing it with the following:

VI. Members of the board shall be reimbursed for all actual travel, incidental, and clerical expenses necessarily incurred in carrying out the provisions of this subdivision.

Amend RSA 310-A:208 and 209 as inserted by section 2 of the bill by replacing them with the following:

- 310-A:208 Fees. The board shall adopt rules, under RSA 541-A, to establish fees required under this subdivision, which shall be sufficient to produce estimated revenues equal to 125 percent of the direct operating expenses of the board budgeted for the biennium in which they will apply, including the following:
 - I. Application for licensure, the fee for which shall not exceed \$150 for the initial 2-year license.
 - II. Renewal for license holders, the fee for which shall not exceed \$150 for the 2-year renewal.
 - III. Late fees for a late renewal of a license.
 - IV. Replacement of a lost or mutilated license.
 - V. Transcribing and transferring records and other services.
 - VI. Reinstatement fees.
 - VII. Other fees or fines deemed necessary by the board.
 - 310-A:209 License Required.
- I. Beginning January 1, 2017, no person shall practice as a septic system evaluator or conduct septic system evaluations in this state without a septic system evaluator's license issued by the board under this subdivision, unless the person is eligible for licensure under RSA 310-A:210, II, III, or IV.
- II. Beginning January 1, 2018, a person eligible for licensure under RSA 310-A:210, II, III, or IV may continue to practice as a septic system evaluator or conduct septic system evaluations in this state only if such person holds a septic system evaluator's license issued by the board under this subdivision.

Amend RSA 310-A:210, V as inserted by section 2 of the bill by replacing it with the following:

V. All applicants shall meet the requirement of subparagraph I(c), pay an initial fee, and fulfill all other license application requirements.

Majority committee amendment adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment. Rep. Eastman requested a roll call; sufficiently seconded.

SB 441-FN, relative to discounts and admission without charge at state parks. MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS.

Rep. Mary Cooney for the Majority of Ways and Means. This bill was passed by the House modifying free admission for seniors over the age of 65 for state parks and other areas. The majority of the committee felt that allowing the state to charge seniors over the age of 65 to ski at Cannon Mountain on weekdays was not in keeping with the general policy of giving seniors free access to NH parks. The amendment retains the existing free access on weekdays for seniors, which reduces Cannon's revenue by up to \$81,000 but still grows total revenue for the park system by up to \$84,000. The estimated revenue loss was made on the assumption that all seniors currently using Cannon Mountain summer and winter would continue to do so. It does not account for the fact that some wouldn't come at all. Other reasons to continue free weekday access were that grandparents do bring grandchildren, some only come for a few runs and they also patronize other venues like food service. The argument that NH is aging and therefore will cost the state more revenue in the future is not compelling enough at this point in time to impose this fee. In addition, the bill and amendment stipulate that seniors may be charged up to 2/3 of the usual fee for the use of "uphill devices" on weekends and holidays. Lastly, the bill and amendment eliminate the hard to manage coupon books. Perception is reality and the willingness of the state to provide NH seniors with free weekday skiing is part of the brand of the New Hampshire advantage. Vote 15-3.

Rep. Susan Almy for the Minority of Ways and Means. The policy committee (Resources, Recreation and Development) agreed with the State Park System Advisory Council and the Department of Resources and Economic Development that because the state's population is rapidly aging, the self-funded park system will be forced to raise fees on young families and working age adults if the senior population's park discounts are not adjusted downward. The Ways and Means Committee amendment reverses this policy by further increasing senior discounts. The effect over the next decades will be to further damage our state's ability to attract and retain working-age adults, either because our parks have further deteriorated or because park use is unaffordable to them. Many of our seniors have moved into the state as retirees and more seniors than under 40's can well afford to pay the full rate, much less the discounted bargain of up to 1/3 for weekdays and 2/3 fee for weekends approved by the policy committee.

Majority Amendment (1619h)

Amend RSA 218:5-c as inserted by section 1 of the bill by replacing it with the following:

218:5-c Admission Without Charge; Residents 65 Years of Age and Older. Any person who is a resident of this state and who has attained the age of 65 shall, upon proper identification, be admitted to any state recreation area, including but not limited to parks, historical sites, beaches, and state-operated ski areas, without charge except on weekends and holidays. Persons qualifying under this section shall be allowed to use any state owned facility within the recreation area without charge for the use of the facility, except those facilities operated by third parties. Persons qualifying under this section [shall] may be charged up to 2/3 of the usual fee for the use of so-called "uphill devices" on [Saturdays and Sundays] weekends and holidays. Provided further that other special charges at state owned recreation areas, such as fees charged for parking at parking meters, shall be charged persons qualifying under this section at the usual rates. The foregoing provisions of this section shall not apply to state owned campsites or camping areas or state-owned ski areas operated by a lessee. Additional discounts or admission without charge for persons qualifying under this section may be provided in accordance with RSA 216-A:3-g.

Rep. Frederick Rice spoke against.

Rep. Cooney spoke in favor.

On a division vote, with 191 members having voted in the affirmative, and 96 in the negative, the majority committee amendment was adopted.

The question now being adoption of the majority committee report of Ought to Pass with Amendment.

Rep. Horrigan spoke against.

Rep. Bailey spoke in favor.

Rep. Proulx requested a roll call; not sufficiently seconded.

Majority committee report adopted and ordered to third reading.

BILLS REMOVED FROM THE CONSENT CALENDAR

SB 536, relative to emergency interim relief under the child protection act. OUGHT TO PASS. Rep. Skip Berrien for Children and Family Law. This bill permits the Division of Children, Youth and Families to remove a child at risk of harm with a telephone request to the court for an ex parte order. This bill requires written affidavits to be submitted to the court on the next business day. Vote 13-0. Rep. Brewster spoke against.

Committee report adopted and ordered to third reading.

SB 538, relative to children taken into custody under the child protection act and relative to the commission to review child abuse fatalities. OUGHT TO PASS.

Rep. Skip Berrien for Children and Family Law. This bill applies to police taking custody of a child in imminent danger and the court ordering continuation of such custody. At present, the police have 24 hours to appear in court following the order. This bill extends the court appearance to within 48 hours which permits police to work with the Division of Children, Youth and Families to present a fuller understanding of the immediate protective needs. This bill also extends the repeal date of the Commission to Review Child Abuse Fatalities to June 30, 2017. Vote 14-0.

Rep. Brewster spoke against.

Committee report adopted and ordered to third reading.

SB 305, including fermented pear juice in the definition of cider. INEXPEDIENT TO LEGISLATE. Rep. Pamela Tucker for Commerce and Consumer Affairs. This bill was designed to include pear juice in the definition of "cider" in RSA 175:1. The definition of "beverage" in the same section of the Liquor Laws includes "any beer, wine, similar fermented malt or vinous liquors and fruit juices, and any other liquid intended for human consumption as a beverage having an alcoholic content of not less than 1/2 of one percent by volume and not more than 6 percent alcohol by volume at 60 degrees Fahrenheit." Since pear juice is a fruit juice, it is already covered and this bill is unnecessary. Vote 20-0. Rep. Hunt spoke against.

Committee report failed.

Rep. Hunt moved Ought to Pass and offered floor amendment (1916h).

Floor Amendment (1916h\)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the brew pub license.

Amend the bill by replacing all after the enacting clause with the following:

1 Definitions; Brew Pub. Amend RSA 175:1, XII-a to read as follows:

XII-a. "Brew pub" means a manufacturer of beer, [or] specialty beer, or cider not exceeding 2,500 barrels annually, which as a functional part of its business, maintains a full service restaurant serving the beer it manufactures as well as other beverage and liquor as allowed by RSA 178:21, II(a)(1) and RSA 178:22, V(q).

2 Brew Pub License. Amend RSA 178:13, I-II to read as follows:

I. A brew pub license shall authorize the licensee to manufacture beer *or cider* in quantities not to exceed 2,500 barrels annually primarily for consumption on the licensed premises.

II. A brew pub licensee may sell beer *or cider* manufactured on the premises or manufactured by the licensee at a host brewer facility to individuals for on-premises and off-premises consumption and to New Hampshire licensed retailers and wholesalers. A brew pub shall maintain a full service restaurant and may subsequently serve beverage and liquor as permitted by RSA 178:21, II(a)(1), RSA 178:22, V(e)(2), and RSA 178:22, V(q).

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill authorizes brew pubs to manufacture alcoholic cider.

Rep. Hunt spoke in favor.

Floor amendment (1916h) adopted.

Motion of Ought to Pass with Amendment adopted and ordered to third reading.

SB 403, relative to the sale of gift certificates with expiration dates. OUGHT TO PASS WITH AMENDMENT.

Rep. Kermit Williams for Commerce and Consumer Affairs. This bill makes modifications to the Consumer Protection Act, which prohibits issuing gift certificates with expiration dates. The bill

raised the amount where a gift certificate must eventually be escheated to the state as abandoned property from \$100 to \$250. Gift certificates under that value never expire. The committee agreed with that change, but also changed the definition of gift certificates from written promises to a broader definition, which includes 21st-century technology like gift cards and e-certificates. We also included store credits for returned merchandise in that definition. The committee rejected language from the original bill that exempted prepaid telephone cards from the definition of gift certificates. The committee believes that prepaid calling cards are the purchase of a product, not a stored value for a future purchase, and therefore are not a gift certificate, so such an exemption was unnecessary. Vote 20-0.

Amendment (1753h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the regulation of gift certificates under the consumer protection act.

Amend the bill by replacing all after section 1 with the following:

2 Definition of Gift Certificate. RSA 358-A:1, IV-a is repealed and reenacted to read as follows: IV-a. "Gift certificate" means a record evidencing a promise, made for consideration, by the seller or issuer of the record that goods or services will be provided to the holder of the record at a future date, including promises issued in exchange for returned merchandise.

3 Custody and Escheat of Unclaimed and Abandoned Property; Gift Certificates and Store Credits. Amend RSA 471-C:16 to read as follows:

471-C:16 Gift Certificates and Store Credits. Notwithstanding any law to the contrary, gift certificates and store credits, of [\$100] \$250 or less, [and store credits that were issued for store merchandise credit, regardless of when issued,] shall not be property presumed abandoned and shall not be subject to RSA 471-C or any other past or present law. All gift certificates and store credits remitted to the state prior to January 1, 1998, and gift certificates and store credits that are properly determined to be reportable in any compliance audits initiated prior to January 1, 1998 and subsequently remitted, shall remain in the custody of the state unless and until returned to the owner. This section shall not apply to season passes or coupons that are nonrefundable and nonredeemable.

4 Effective Date. This act shall take effect January 1, 2017.

AMENDED ANALYSIS

This bill provides that a gift certificate or store credit with a face value of \$250 or less shall not include an expiration date. The bill also revises the definition of gift certificate to include a credit for exchanged merchandise.

Rep. Hunt spoke against.

Committee amendment failed.

Motion of Ought to Pass adopted and ordered to third reading.

SB 458-FN, relative to reporting by political committees. OUGHT TO PASS.

Rep. Kathleen Hoelzel for Election Law. Presently there can be an 18 to 20-month gap before a political committee must report receipts and expenditures. This bill adds new reporting dates for political committees in June and December after the state General Election. These reports will be required for all political committees whose receipts and expenditures exceed \$500. Vote 17-0. Rep. Hoelzel offered floor amendment (1854h).

Floor Amendment (1854h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to reporting by political committees and relative to reports of death of voters. Amend the bill by replacing all after section 1 with the following:

2 New Paragraphs; Registrar of Vital Records; Duties. Amend RSA 5-C:4 by inserting after

paragraph III the following new paragraphs:

IV. The secretary of state shall compare information contained on each death record received by the division of vital records with information contained in the statewide centralized voter registration database and submit to the state registrar a list of every city or town that has a registered voter matching the decedent's information.

V. Upon receipt of a death record, the state registrar shall transmit notice of the death to the clerk of the city or town of residence of the decedent and to each city or town listed by the secretary of state for the decedent pursuant to paragraph IV.

3 Checklists; Reports of Death. Amend RSA 654:37 to read as follows:

654:37 Reports of Death. Whenever there is filed in the office of the clerk an official notice of the death of any person or persons of the age of 18 years or over or the clerk receives notice of a death record of such person or persons under RSA 5-C:4, V, the town or city clerk shall notify the supervisors of the checklist of said deaths by submitting a notice of same to the supervisors at their next regular meeting. Upon receipt of such notice, the supervisors shall examine the checklist; and, if the name of said deceased person appears thereon, it shall be removed. The notice shall be retained in accordance with RSA 33-A:3-a. Any supervisor who shall neglect or refuse to erase the name of such deceased voter from the checklist after receiving such notice from the town or city clerk shall be guilty of a violation.

4 Effective Date.

I. Sections 2-3 of this act shall take effect July 1, 2017.

II. The remainder of this act shall take effect January 1, 2017.

AMENDED ANALYSIS

This bill requires political committees to file itemized statements earlier than is required under current law. This bill also requires the state registrar to notify the city or town clerk upon receipt of a death record and requires the supervisors of the checklist to remove the name from the checklist. Rep. Hoelzel spoke in favor.

Floor amendment (1854h) adopted.

The question now being adoption of the committee report of Ought to Pass with Amendment. Rep. Schroadter offered floor amendment (1858h).

Floor Amendment (1858h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to reporting by political committees and relative to agreements to share voter information with other states.

Amend the bill by replacing all after section 1 with the following:

2 New Paragraph; Centralized Voter Registration Database; Agreements to Share Voter Information or Data with Other States. Amend RSA 654:45 by inserting after paragraph VII the following new paragraph:

VIII. The secretary of state may enter into an agreement to share voter information or data from the statewide centralized voter registration database for the purpose of comparing duplicate voter information with other states or groups of states. The secretary of state shall only provide information that is necessary for matching duplicate voter information with other states and shall take precautions to make sure that information in the database is secure in a manner consistent with RSA 654:45, VI. The secretary of state may solicit input from the department of safety and the department of information technology and shall ensure that any information or data shared between the agencies that is of a confidential nature remains confidential.

3 Effective Date.

I. Section 1 of this act shall take effect January 1, 2017.

II. The remainder of this act shall take effect 10 days after its passage.

AMENDED ANALYSIS

This bill requires political committees to file itemized statements earlier than is required under current law. This bill also authorizes the secretary of state to enter into an agreement to share voter information and data with other states or groups of states.

Reps. Schroadter and Hoelzel spoke in favor.

Rep. Pearson spoke against.

Floor amendment (1858h) adopted.

Committee report adopted and ordered to third reading.

SB 319-FN, relative to survivor benefits for families of police officers and firefighters killed in the line of duty. OUGHT TO PASS WITH AMENDMENT.

Rep. Daniel Eaton for Finance. Due to some inheritance problems seen by the Senate, this bill adds further definitions to the language on the survivors' benefit of \$100,000 that the state pays on death in the line of duty for police and fire personnel. It recognizes that there are circumstances where

a dependent may be older than 18 or 25 and still be dependent. There are also complications from families with adopted children, and spouses who predecease the fire fighter or police officer. A previous House amendment added "stepchild" to the bill. But the committee learned that the impetus for that change came from one individual. The committee felt that "stepchild" status would be subject to court interpretation, and that including "stepchild" in this bill would lead to undue complications. Thus the amendment removes the "stepchild" language. Vote 26-0.

Amendment (1812h)

Amend the introductory paragraph of RSA 21-I:29-a, I(b) as inserted by section 1 of the bill by replacing it with the following:

(b) "Dependent child" means a child, whether by blood or adoption, of the police officer

or firefighter who:

Amend RSA 21-I:29-a, I as inserted by section 1 of the bill by deleting subparagraph (g).

Rep. Proulx spoke against and yielded to questions.

Rep. Eaton spoke in favor.

Rep. Horrigan requested a roll call; not sufficiently seconded.

On a division vote, with 167 members having voted in the affirmative, and 113 in the negative, the committee amendment was adopted.

Committee report adopted and ordered to third reading.

RESOLUTION

Rep. Hinch offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet, Thursday, May 19, 2016 at 10:00 a.m.

LATE SESSION

Third Reading and Final Passage

SB 480-FN-A, relative to the historical fund.

SB 437, establishing a commission to address child hunger in New Hampshire.

SB 539, relative to access to records under the child protection act.

SB 300, revising banking, credit union, and trust laws.

SB 301, relative to the consumption of liquor at sports complexes and relative to sales and samples provided by wine manufacturers.

SB 306, enabling the sampling of beer or wine at farmers' markets.

SB 308, relative to the definition of small loans and relative to certain fees on small loans.

SB 401-FN, relative to insurance coverage for prescription eye drops.

SB 405, making changes to the limited liability companies statutes.

SB 417, relative to employment contract restrictions upon physicians.

SB 431, relative to data submission by insurers.

SB 379, relative to additional tests to determine alcohol concentration.

SB 391, relative to annulment of certain misdemeanor offenses and relative to the annulment of offenses occurring between May 14, 2014 and July 1, 2015.

SB 394, relative to criminal history record checks of nursing home administrators.

SB 544, establishing a committee to study funding options for the Internet crimes against children task force.

SB 310, expanding the defense and indemnification provided under RSA 99-D to certain claims filed with and investigations by professional licensing boards, committees, and regulatory agencies, and repealing the commission to study expansion of defense and indemnification rights to certain state employees.

SB 329, revising the nurse licensure compact.

SB 424-FN, relative to applicants for licensure as alcohol and drug use counselors from other states, and relative to the fee for licensure as a master licensed alcohol and drug counselor.

SB 489, authorizing a demonstration project using a Stirling engine system.

SB 409-FN, relative to the first responder's critical injury benefit and establishing a committee to study soft tissue injuries under workers' compensation.

SB 420-FN, relative to aid to the permanently and totally disabled.

SB 444-FN, relative to lottery retailer incentive awards.

SB 491-FN, relative to Medicaid home health care services and relative to the scope of practice of licensed nursing assistants.

SB 496-FN, relative to personal care attendant services.

SB 500-FN, relative to student health insurance plans.

SB 384, relative to the feeding of wild deer.

SB 127-FN, relative to the appointment of special Medicaid representatives.

SB 361, banning the sale and possession of synthetic urine and urine additives.

SB 419-FN, relative to certain changes in the law governing the therapeutic use of cannabis.

SB 439, establishing a commission to study the shortage of nurses and other skilled health care workers for home health care services and post-acute care services.

SB 477-FN, relative to nonemergency involuntary admissions.

SB 487, relative to missing vulnerable adults.

SB 512, relative to health care associated infections.

SB 530-FN, establishing a commission to study volunteer health care services.

SB 553, relative to implementation of the Medicaid managed care program.

SB 402, relative to procedures for determining and disclosing exculpatory evidence in a police officer's personnel file.

SB 449, relative to weekly payment of workers' compensation benefits.

SB 418, adding National Guard members to the absentee voting laws and relative to enrollment of laws.

SB 438, relative to the aesthetic maintenance of highways.

SB 549-FN, relative to public-private partnerships for transportation infrastructure projects and establishing the public-private infrastructure oversight commission.

SB 363, relative to OHRVs and snowmobiles held by a trust.

SB 383, establishing a commission to study and recommend improvements to the New Hampshire hiking trails network.

SB 436, relative to after market automobile parts.

SB 239-FN, relative to application of the Internal Revenue Code to provisions of the business profits tax.

SB 342-FN, relative to the sale or exchange of an interest in a business organization under the business profits tax.

SB 440-FN, extending the date of the repeal of certain fees in the shoreland protection act.

SB 494-FN-A, limiting an exemption from the road toll.

SB 510-FN, relative to parking at state park parking meters.

SB 521-FN, relative to an OHRV registration fee for persons who are members of an OHRV club, and requiring a report on registration alternatives for OHRV users who do not use organized trail systems.

SB 411, relative to the merger of lots.

SB 532-FN, relative to prior authorization for substance use treatment.

SB 336, relative to the qualifications for obtaining a license to carry a concealed pistol or revolver.

SB 339-FN, relative to required DNA analysis for certain offenses.

SB 498-FN, relative to penalties for possession of certain controlled drugs.

SB 483-FN, establishing the position of chartered public school program officer in the department of education.

SB 4, relative to eligibility to vote and relative to availability of voter information.

SB 423, relating to the right of 17-year olds to register to vote.

SB 315, relative to the regulation of barbers, cosmetologists, estheticians, and manicurists.

RECESS

(Speaker Jasper in the Chair)

Rep. Hinch moved that the House adjourn. Motion adopted.

HOUSE JOURNAL NO. 14

Thursday, May 19, 2016

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord. O God, our Creator, Redeemer, and Sustainer, You know each one of us by name and You delight in our efforts to use the gifts You have given us. We thank You for our Governor, for the members of this House, for the administrative staff, and for all who govern, support, and sustain the State of New Hampshire and represent us in our nation's capital. We pray for Your blessing on each of them. Inspire today's discussions and deliberations so that every decision may be grounded in full knowledge and understanding of the issues, concern for the needs of our citizens, a deep desire for justice, and confidence in the abundance of gifts, abilities, and skills that have been brought to this place. We pray in faith, trusting that You will guide us in the ways of wisdom and truth. Amen.

Rep. Tholl, member from Whitefield, led the Pledge of Allegiance.

The National Anthem was sung by Alan St. Louis of Nashua.

LEAVES OF ABSENCE

Fourth grade students from Strong Foundations School in Pembroke, guests of Reps. Seaworth, Schuett and Doherty. Fourth grade students from Florence-Rideout Elementary School, guests of Reps. Williams, Carol Roberts, and McNamara.

COMMUNICATION

May 11, 2016

Rep. Shawn Jasper Speaker of the House House Majority Office New Hampshire House of Representatives State House Room 313 Concord, NH 03301

Re: Relocation/Resignation

Mr. Speaker,

Family circumstances have caused my relocation outside of my representative district (Hillsborough 23). Unfortunately, in light of recent rulings, this relocation, however temporary, requires that I resign my position as a State Representative.

It has been an honor to represent the people of Milford, Hillsborough County, and the great State of New Hampshire for the past two terms. It is comforting to know that there are so many dedicated, passionate, and intelligent people serving our state in the legislature. I will miss being a member of the House and will remain active in my efforts to advocate for the people of my district even though I can no longer do so in my official capacity as their representative.

It has been a tremendous learning experience and a pleasure to work with my colleagues to accomplish the important work of the state legislature.

Sincerely,

Rep. Shawn Sweeney

AMENDMENT TO HOUSE RULES

Reps. Hinch and Shurtleff moved the adoption of an amendment to House Rule 65, as proposed by the House Rules Committee, adding deadlines for legislative action, and as printed in House Calendar No. 30.

Reps. Steven Smith and Kurk moved that the House nonconcur and request a Committee of Conference.

Motion adopted.

The Speaker appointed Reps. Steven Smith, Thomas Walsh, Hunt and Sykes.

COMMUNICATION

Speaker Shawn Jasper State House Room 312 Concord, NH 03301 May 16, 2016

Dear Mr. Speaker;

It is with much regret that I must resign my House seat, Merrimack District 16.

It has been a great honor and privilege to represent the citizens of my district for two terms. I am pleased to have participated in the passage of important legislation, such as Medicaid Expansion, that has improved the lives of the citizens of New Hampshire.

I am hopeful that the New Hampshire House will maintain a spirit of bipartisanship, shared problem solving and open government.

Sincerely yours, Representative Helen Deloge 30 Wilson Avenue Concord, New Hampshire 03301

SENATE MESSAGES CONT'D REQUESTS CONCURRENCE WITH AMENDMENTS

HB 1396, relative to OHRV operation on certain highways in Grafton county, relative to highway surveillance at the New London park and ride, and establishing a commission to study OHRV usage and the allocation of law enforcement and emergency response resources and responsibilities. (Amendment printed SJ 5/12/16)

Rep. Thomas Walsh moved that the House accede.

Motion adopted.

The Speaker appointed Reps. Steven Smith, Thomas Walsh, Packard and Sykes.

SB 4, relative to eligibility to vote and relative to availability of voter information.

The President appointed Sens. Birdsell, Bradley and Lasky.

Rep. Hoelzel moved that the House accede.

Motion adopted.

The Speaker appointed Reps. Hoelzel, Schroadter, Gray and Gannon.

SB 485-FN-A, establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and making an appropriation therefor, relative to the health care premium contribution for retired state employees who are eligible for Medicare Parts A and B due to age or disability, relative to funding of retiree health benefits, and making an appropriation to the department of administrative services.

The President appointed Sens. Forrester, Little and D'Allesandro.

Rep. Kurk moved that the House accede.

Motion adopted.

The Speaker appointed Reps. Kurk, Lynne Ober, Hinch and Rosenwald.

SB 495-FN-A, relative to the health care premium contribution for retired state employees who are eligible for Medicare Parts A and B due to age or disability, relative to funding of retiree health benefits, making appropriations to the department of administrative services, and relative to the definition of a cigar bar.

The President appointed Sens. Forrester, Little and D'Allesandro.

Rep. Kurk moved that the House accede.

Motion adopted.

The Speaker appointed Reps. Kurk, Lynne Ober, Hinch and Rosenwald.

SB 496-FN, relative to personal care attendant services.

The President appointed Sens. Sanborn, Avard and Fuller Clark.

Rep. Kotowski moved that the House accede.

Motion adopted.

The Speaker appointed Reps. McMahon, Sherman, MacKay and LeBrun.

SB 498-FN, relative to penalties for possession of certain controlled drugs.

The President appointed Sens. Carson, Forrester and Hosmer.

Rep. Tholl moved that the House accede.

Motion adopted.

The Speaker appointed Reps. Welch, DiSesa, Barnes and Cushing.

SB 522-FN-A, making an appropriation to the office of professional licensure and certification for technology upgrades for the controlled drug prescription health and safety program, and relative to forfeiture of property.

The President appointed Sens. Bradley, Forrester and Hosmer.

Rep. Kurk moved that the House accede.

Motion adopted.

The Speaker appointed Reps. Lynne Ober, Dan McGuire, Rouillard and Leishman.

SB 523-FN, relative to the controlled drug prescription health and safety program and establishing a commission to study requiring controlled drugs and controlled drug analogs to be provided in abuse-deterrent formulation.

The President appointed Sens. Bradley, Sanborn and Soucy.

Rep. Kotowski moved that the House accede.

Motion adopted.

The Speaker appointed Reps. Kotowski, LeBrun, Freitas and Sherman.

SB 527-FN-A, transferring funds from the general fund to the police standards and training council training fund, making an appropriation to the police standards and training council, making an appropriation to the department of safety for the purchase of state police cruisers, and permitting employers to pay wages to employees weekly or biweekly.

The President appointed Sens. Forrester, Morse and D'Allesandro.

Rep. Kurk moved that the House accede.

Motion adopted.

The Speaker appointed Reps. Umberger, Weyler, Kurk and Eaton.

SB 533-FN-A-L, relative to the governor's commission on alcohol and drug abuse prevention, treatment, and recovery and making supplemental appropriations to the commission and the New Hampshire housing finance authority.

The President appointed Sens. Bradley, Sanborn and Woodburn.

Reps. Kurk and Kotowski moved that the House accede.

Motion adopted.

The Speaker appointed Reps. Kotowski, Kurk, Snow and MacKay.

SENATE MESSAGES

REQUESTS CONCURRENCE WITH AMENDMENTS

HB 636-FN, relative to forfeiture of property; relative to the sale of premixed synthetic urine; establishing a grant program for high schools for heroin and opiate prevention education; and clarifying who may petition to adopt. (Amendment printed SJ 5/12/16)

Reps. Tholl and Kurk moved that the House nonconcur.

Rep. Tholl spoke in favor.

Rep. Carol McGuire requested a roll call; sufficiently seconded.

ADJOURN FROM THE EARLY SESSION

RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time and when the House adjourns today it be to meet Wednesday, June 1, 2016 at 10:00 a.m.

Motion adopted.

UNANIMOUS CONSENT

Rep. Burt requested Unanimous Consent of the House regarding Hot Dog Day and addressed the House. Rep. Cushing requested Unanimous Consent of the House regarding Marilla Ricker and addressed the House.

Rep. Ohm requested Unanimous Consent of the House regarding Andrew Jackson and addressed the House.

Rep. Pamela Brown requested Unanimous Consent of the House regarding Lyme Disease Awareness Month and addressed the House.

MOTION TO PRINT REMARKS

Rep. Kurk moved that the remarks made by Rep. Cushing during Unanimous Consent be printed in the Permanent Journal.

Without objection, the Speaker ordered.

REMARKS

Representative Cushing: Thank you, Mr. Speaker. I just want to say a few remarks about my most favorite Republican of all time. That would be Marilla Marks (Young) Ricker. It was 147 years ago this week that there was a gathering in New York City that was called by Elizabeth Cady Stanton and Susan B. Anthony. The purpose of that meeting was to found what was the National Woman Suffrage Association and that was the organization that for the next 50 years pressed across this country to gain the franchise the right to vote for women. One of the people who was at that meeting, the person who attended on behalf of New Hampshire, was a woman named Marilla Marks (Young) Ricker. She was born in New Durham, was educated at Colby Sawyer College and went on to become an elementary school teacher. In 1869, when she was at that meeting, she was 29 years old. She came back to her homestead in Dover and kind of began her own personal campaign to gain the franchise for women. She sent a letter to the selectmen of the Town of Dover in 1870 that said, "I come before you to declare that my sex is entitled to the inalienable right to life, liberty and the pursuit of happiness. I ask the right to pursue happiness by having a voice in that government to which I am accountable. Our form of government is supposed to emanate from the people and whatever control it possesses over the people, it is supposed to be exercised by and with their consent. I, and others of my sex, find ourselves controlled by a form of government, in the inauguration of which, we had no voice and in whose administration we are denied the right to participate, though we are a large part of the people of this country. So long as women are hanged under the laws, they should have a voice in making them." She had to pay property taxes, like everybody else, and when she went to the town clerk that year in 1870, she presented a little letter that said, "Taxation without representation is tyranny. I hereby protest against the injustice of being compelled to pay taxes without having a vote to protect my property. If taxation without representation was tyranny before the revolutionary way, it is tyranny today. I shall protest against paying taxes so long as I have no voice in making the laws." For the next 50 years, every time Marilla Marks Ricker paid her property

tax, she presented that protest to the officials of the Town of Dover. Marilla went on to have a more expansive life. She was the 9th woman to be admitted to practice before the United States Supreme Court. She was the first woman from New Hampshire to be recognized as a lawyer. In a seminal case in 1890, she brought a suit against the New Hampshire Bar Association, against the State of New Hampshire, because she was not allowed to practice law because of her gender. In a real famous case that's called the Petition of Ricker, the New Hampshire Supreme Court decided that actually being a woman was not a bar to being able to practice law in the state. She opened the door for every woman who practices law in the State of New Hampshire to pursue that profession. She also was the first person, in 1870; she decided that she wanted to vote. She showed up on Election Day and asked for a ballot, was given a ballot, cast the ballot, but the ballot was not counted. But, what that action was, Marilla Ricker was the first woman in the United States to cast a vote. She was the first person to run for Congress in the State of New Hampshire, the first woman to run for Congress. She was the first woman in the country to apply to be an Ambassador, a US Ambassador and in 1910; she decided that she was about ready to run for Governor of the State of New Hampshire. She came and she applied to the Secretary of State's office, paid her \$100, but the then Secretary of State refused to accept her request to be placed upon the ballot. She did, however, gain 4 votes and those are the first votes that are recorded as a vote for women in the State of New Hampshire for Governor. She lived long enough to see the 19th Amendment passed and to see women be granted the right to vote. Kind of a cap on to a 50-year campaign. Now, as we live in a state where we've had the experience of women running the state, they are all in a sense really daughters of Marilla Ricker. Last Monday, there was a portrait that was unveiled in the entranceway by where the Governor comes into the State House. It was a portrait of Marilla Ricker. It was done recently and 19 years ago, this House and the Senate, passed a resolution calling for a portrait to be hung there so that when every fourth grader and every other person who comes into this State House can see a woman whose pioneering efforts helped elevate all of us, helped to make it possible to have a more perfect democracy. I just want to stand here and say on behalf of myself, say on behalf of everybody, to Marilla Ricker, "Welcome to the State House. It's good to have you here." Thank you.

MOTION TO PRINT REMARKS

Rep. Dan McGuire moved that the remarks made by Rep. Ohm during Unanimous Consent be printed in the Permanent Journal.

Without objection, the Speaker ordered.

REMARKS

Representative Ohm: Thank you, Mr. Speaker. Since the founding of our great republic, there has been constant debate about how to interpret the constitution. For guidance, I would like to quote the remarks of President Andrew Jackson's veto message to Congress on July 10, 1832. "The Congress, Executive and the Court must each for itself be guided by its own interpretation, its own opinion of the constitution. Each public officer who takes an oath to support the constitution swears that he will support it as he understands it and not as it is understood by others. It is as much the duty of the House of Representatives, of the Senate and of the President to decide upon the constitutionality of any bill or resolution which may be presented to them for passage or approval as it is with the supreme judges where it might be brought to them for judicial decisions. The opinion of the judges has no more authority over Congress than the opinion of Congress has over the judges. In that point, the President is independent of both. The authority of the Supreme Court must not therefore be permitted to control the Congress or the Executive when acting in their legislative capacities but have only such influence as the force of their reasoning may deserve." Mister Speaker, I submit that the same principles apply to this body today just as it did to Congress in President Jackson's time. Thank you, Mister Speaker.

RECESS MOTION

Rep. Hoelzel moved that the House stand in recess for the purposes of the introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports. Motion adopted.

The House recessed at 3:25 p.m.

(Speaker Jasper in the Chair) ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 645, 1138, 1147, 1148, 1161, 1198, 1267, 1268, 1269, 1305, 1353, 1391, 1415, 1426, 1453, 1468, 1482, 1490, 1624, 1628 and 1664 and Senate Bills numbered 59, 306, 308, 381, 394, 403, 416, 420, 423, 436, 452, 468, 477, 478, 494, 509, 510, 512, 534, 536, 538 and 550.

Rep. Hinch, Sen. Prescott for the Committee

SENATE MESSAGE

ACCEDES TO REQUESTS FOR COMMITTEE OF CONFERENCE

HB 114, establishing beer specialty licenses and relative to rectifiers.

The President appointed Sens. Prescott, Stiles and Soucy.

HB 280, authorizing multi-use decal plates and multi-use veterans decal plates, relative to special motorcycle number plates for disabled veterans, and relative to unfair trade practices targeting veterans. The President appointed Sens. Daniels, Birdsell and Feltes.

HB 533, relative to installation requirements for arc-fault circuit interrupters and relative to state building code review board rules.

The President appointed Sens. Reagan, Daniels and Soucy.

HB 602-FN, relative to the use of drones.

The President appointed Sens. Carson, Daniels and Lasky.

HB 605-FN, relative to mandatory minimum sentences.

The President appointed Sens. Carson, Daniels and Lasky.

HB 668-FN, relative to application of the Internal Revenue Code to provisions of the business profits tax.

The President appointed Sens. Bradley, Sanborn and D'Allesandro.

HB 1182-FN, making an appropriation to the office of professional licensure and certification for technology upgrades for the controlled drug prescription health and safety program.

The President appointed Sens. Bradley, Forrester and Hosmer.

HB 1193, relative to the wellness and primary prevention council and relative to certification of school nurses.

The President appointed Sens. Carson, Cataldo and Woodburn.

HB 1227, repealing provisions of law regulating Sunday business activities and relative to the consumption of liquor at sports complexes.

The President appointed Sens. Bradley, Little and D'Allesandro.

HB 1301, relative to the issuance of youth employment certificates.

The President appointed Sens. Reagan, Cataldo and Soucy.

HB 1307, relative to the procedure for amendment of condominium instruments and relative to name availability for business organizations.

The President appointed Sens. Prescott, Birdsell and Pierce.

HB 1339, relative to the corporate governance annual disclosure act and relative to compensation of ski area employees.

The President appointed Sens. Bradley, Prescott and Pierce.

HB 1377, relative to receipt of absentee ballots.

The President appointed Sens. Birdsell, Stiles and Lasky.

HB 1396, relative to OHRV operation on certain highways in Grafton county, relative to highway surveillance at the New London park and ride, and establishing a commission to study OHRV usage and the allocation of law enforcement and emergency response resources and responsibilities. The President appointed Sens. Stiles, Daniels and Feltes.

HB 1404-FN, relative to certain positions in the insurance department.

The President appointed Sens. Reagan, Cataldo and Soucy.

HB 1428-FN-A-L, establishing the clean water state revolving fund non-program fund account in the department of environmental services for the purpose of funding eligible and completed wastewater projects under the state aid grant program, making an appropriation to the police standards and training council, repealing the police standards and training council training fund, making a capital appropriation to the police standards and training council, adding a quorum requirement to the performance audit and oversight committee, relative to liquor commission revenue shortfalls, and relative to the rivers management and protection program.

The President appointed Sens. Forrester, Morse and D'Allesandro.

HB 1503, relative to distributing campaign materials at the polling place, relative to health and dental benefits for temporary, seasonal, and part-time state employees, and relative to administration of the tobacco tax.

The President appointed Sens. Forrester, Little and D'Allesandro.

HB 1547-FN, prohibiting bestiality.

The President appointed Sens. Carson, Daniels and Pierce.

HB 1584-FN, relative to body-worn cameras for law enforcement officers.

The President appointed Sens. Carson, Daniels and Lasky.

HB 1590-FN-A-L, relative of taxation of short-term rentals.

The President appointed Sens. Sanborn, Hosmer and Little.

HB 1637-FN, relative to school attendance in towns with no public schools.

The President appointed Sens. Bradley, Reagan and Watters.

HB 1656-FN, relative to exceptions to the real estate transfer tax.

The President appointed Sens. Boutin, Sanborn and D'Allesandro.

HB 1660-FN-L, relative to appraisals of residential property, a residential owner option in a partial taking, and relocation, temporary housing, and legal expenses in eminent domain proceedings for gas pipelines; relative to intervention by the site evaluation committee in such proceedings; and relative to expenditures from the energy efficiency fund.

The President appointed Sens. Bradley, Avard and Feltes.

HB 1661-FN, relative to conversion therapy seeking to change a person's sexual orientation. The President appointed Sens. Prescott, Daniels and Pierce.

Rep. Snow replaced Rep. Sherman.

RECESS

(Speaker Jasper in the Chair)

Rep. Hinch moved that the House adjourn.

Motion adopted.

HOUSE JOURNAL NO. 15

Wednesday, June 1, 2016

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Margaret Wood Hassan, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, Reverend Kate Atkinson, Rector of St. Paul's Church in Concord. God of many names but one light, You give us the light of life in countless ways. You bathe us in sunlight and You brighten our nighttime path with moonbeams. The stars You scattered in the heavens astound us with their number, their intensity, and the patterns they create. As we stand on the brink of summer, ready to welcome the long, hot days, inspire us to notice Your gift of light in all its forms: darting fireflies in the dusk; fireworks that explode and cascade through the July sky; campfires reflecting in the faces of friends and loved ones; and brilliant zigzags of lightening that herald a storm. Today, as we grieve with our sister Representative, Rebecca Brown and the loss of her husband, Harry, we also give You thanks for brightening our lives with the presence of loved ones and warming our hearts with memories of those who have gone before us. And now as we enter summer's slower pace, as time and space opens up in our busy lives, help us to appreciate Your many gifts of light. Open our eyes and our hearts to dazzling smiles that speak of pure joy; enlighten our minds with new discoveries and ideas; and inspire us to be a guiding, comforting, life-giving light to others - so that, together, we can set the world on fire with the flame of Your love. Amen.

Representative Hill, member from Northfield, led the Pledge of Allegiance.

The member from Windham, Representative Mary Griffin, led the singing of the National Anthem.

LEAVES OF ABSENCE

Reps. Allen, Ronald Belanger, Bridge, Chris Brown, Bush, Comtois, Cornell, Kellogg, Priestley, Rappaport and Sanders, the day, illness.

Reps. Baldasaro, Francis Chase, Coffey, Fisher, Hansen, Hodgdon, Kolodziej, O'Neil, Oligny, Scontsas, Timothy Smith, Spillane, Daniel Sullivan, Victoria Sullivan and Tamburello, the day, important business. Rep. Tucker, the day, illness in the family.

Students from Merrimack Middle School, guests of the Merrimack Delegation. Polly Campion and Mary Jane Mulligan, guests of Reps. Nordgren, Higgins and Hennessey.

COMMUNICATION

Timothy Soucy 33 Gillis Street Nashua, NH 03060 May 25, 2016

Dear Mr. Speaker:

Due to my impending relocation to the City of Concord, I am resigning my seat in Nashua Ward 7, District 34 effective immediately.

Respectfully Submitted, Timothy Soucy

COMMUNICATION

Mister Speaker, Honorable House Clerk, and colleagues in the NH House of Representatives: It is with a great deal of sadness that I must tender my resignation from the office of State Representative. As you know, I have represented the District of Strafford 23, comprising Wards 2 and 3 from the City of Rochester, since December 3, 2014.

It has been a great honor to be able to speak on behalf of the people of my District, and I owe them a debt of gratitude for having elected me to this office...an office that I originally did not want to seek! During the last 2 years, it has been an honor to work with the great people who I have had the good fortune to know in the House Ways and Means Committee. I have learned much from them, and hope to work with them once again if I am elected by the people in the ward into which I will be establishing my domicile.

This resignation will be effective immediately upon acceptance by the NH House or by the Office

of the Speaker.

Sincerely, Don E. Leeman Strafford 23

COMMUNICATION

Email dated June 1, 2016

Mr. Speaker,

It is with mixed emotions that I tender you this letter of resignation. It saddens me that I will be unable to complete my entire term here at the New Hampshire State House but I leave feeling more optimistic than ever with the knowledge that this great State is in such capable hands. While finances have prompted my move today, they do not suppress my desire to return as a colleague. It is my hope that the voters of Keene feel the same and send me back to this esteemed body next November so that we can continue our work towards a better Granite State!

"Live free or die: Death is not the worst of evils."

Rep. William A. Pearson, Election Law

NH House of Representatives

LOB, Room 308

33 North State Street

Concord, NH

william.pearson@leg.state.nh.us

UNANIMOUS CONSENT

Rep. Barbara French requested Unanimous Consent of the House regarding her last term and addressed the House.

MOTION TO PRINT REMARKS

Rep. Shurtleff moved that the remarks made by Rep. Barbara French during Unanimous Consent be printed in the Permanent Journal.

Motion adopted.

REMARKS

Representative French: Thank you, Mister Speaker and colleagues. This is my last Session. I am retiring after 24 years of service. I'd like to make a few comments and observations. Government is of the people, by the people and for the people. The United States Constitution tells us, among other things, to promote the general welfare. The New Hampshire Constitution also tells us that all government is an institution for the common good. I am well acquainted with mental health. While a student at UNH, I worked two summers as an aide on a geriatric ward at New Hampshire Hospital. It was a wonderful experience. After graduating from Cornell University, New York Hospital School of Nursing, I worked for three years at the hospital and then returned to New Hampshire. I worked as a staff nurse and then as an instructor in the affiliate nursing program at New Hampshire Hospital. I remember in the 1980s when the patients were all discharged from New Hampshire Hospital and New Hampshire was to develop a community-based system of care. We didn't and were taken to court. We created an excellent system of care which is one of the best in the country and people came from all over to learn about it. Funding became an

issue and we were taken back to court. We again developed a system of care, the court accepted it and we are in the process of trying to implement it and we need to stay at it. There were some accomplishments. We passed expanded Medicaid and this Session we renewed our support. This is a significant accomplishment as about 50,000 people now have health care who either had no health insurance or inadequate coverage. Their lives have been improved, the hospitals have greatly reduced uncompensated care and the insurance companies are insuring many more people in the state. Is it perfect? No. After losing school nurse certification 50 years ago, it is now reinstated. This means better quality house services for our students. When I entered the legislature in 1992, it didn't matter what party we were. We all worked together as we knew what we were elected to do; the people's business. We didn't always agree, but we got the job done. Ever since I've been here we've had a structural deficit and New Hampshire should finally realize we have a revenue problem, not a spending problem. New Hampshire is a wonderful state. We have a lot of hard-working, caring people who deserve to have their needs met. I have hope that we can turn the situation around as; we too, are caring people. I did not come to the legislature to win a popularity contest, but to help our people in the state. It has been an honor and privilege to represent Henniker and Bradford. I have passed legislation that commits New Hampshire to primary prevention. I have made many good friends. I shall miss this place. Best wishes to everyone.

AMENDMENT TO HOUSE RULES

Reps. Hinch and Shurtleff moved the adoption of an amendment to House Rules, as proposed by the Rules Committee and printed in Calendar 33A, to amend House Rule 35 (b) adding the following two lines:

"Failure of a member to engage in mediation may result in legislation not being filed. If mediation is not successful between members, the Speaker shall be the ultimate arbiter in deciding which bill will be filed."

Rep. Hinch spoke in favor.

On a division vote, with 243 members having voted in the affirmative, and 74 in the negative, the motion was adopted by the necessary two-thirds vote.

MOTION TO SUSPEND HOUSE RULES

Reps. Hinch and Shurtleff moved that House Rules be so far suspended as to permit late drafting, introduction and consideration at the present time, without the required printing, referral to committee, public hearing and report from committee of a bill relative to changing certain study committee reporting dates, and if said bill passes, to allow immediate third reading. Motion adopted by the necessary two-thirds vote.

RESOLUTION

Reps. Hinch and Shurtleff offered the following: RESOLVED, that late introduction having been approved by a two-thirds vote of the House, House Bill numbered 1702 shall be by this resolution read a first and second time by the therein listed title. Motion adopted.

INTRODUCTION OF HOUSE BILL

First and second reading

HB 1702, changing certain study committee reporting dates.

CONSIDERATION OF HOUSE BILL 1702

Rep. Hinch moved Ought to Pass. Motion adopted.

RESOLUTION

Reps. Hinch and Shurtleff moved that House Bill 1702 be read by title only and that it be read a third time by this resolution, and that its title be the same as adopted, and that it be passed at the present time. Motion adopted.

Third Reading and Final Passage

HB 1702, changing certain study committee reporting dates.

COMMITTEE OF CONFERENCE REPORTS ON SENATE BILLS COMMITTEE OF CONFERENCE REPORT ON SB 4

Committee of Conference Report on SB 4, relative to eligibility to vote and relative to availability of voter information.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing sections 1-3 with the following:

1 Voter; Domicile. Amend RSA 654:1, I to read as follows:

- I.(a) Every inhabitant [of the state], having [a single] established domicile [for voting purposes] in this state for no less than 10 consecutive days before any election where the inhabitant offers to vote, being a citizen of the United States, of the age provided for in Article 11 of Part First of the Constitution of New Hampshire, shall have a right at any meeting or election, to vote in the town, ward, or unincorporated place in which he or she is domiciled.
- (b)(1) An inhabitant's domicile for voting purposes [is that one place where a person, more than any other place, has established a physical presence and manifests an intent to maintain a single continuous presence for domestic, social, and civil purposes relevant to participating in democratic self-government.] shall be the principal or primary home or place of abode of a person. Principal or primary home or place of abode is that home or place in which his or her habitation is fixed and to which a person, whenever he or she is temporarily absent, has the intention of returning after a departure or absence therefrom, including when the person is absent because of military service or temporarily absent as described in RSA 654:2.
- (2) In determining what is a principal or primary place of abode of a person, without limitation the following factors or evidence relating to such person may be taken into account: civic and community participation, the place where a person spends most nights of the year, the location from which a person would apply for a passport or other federal identification, residence for income or other tax purposes, eligibility for a resident hunting and fishing license, and a New Hampshire driver's license.
- (3) A qualified voter who has left his or her home and gone into another state or town of this state for a temporary purpose only shall not be considered to have lost his or her domicile as described in RSA 654:2.
- (4) A person shall not be considered to have gained a domicile in any town or ward of this state into which he or she comes for temporary purposes only, without the intention of making it his or her home but with the intention of leaving it when he or she has accomplished the purpose that brought him or her there. Evidence that a person who, prior to arriving in New Hampshire, was domiciled in another state and is temporarily present in New Hampshire for any purpose including, but not limited to vacation, short-term temporary work, volunteering for social or civic purposes, or volunteering or working on political campaigns is not sufficient evidence that the person has established a domicile in New Hampshire.
- (5) If a qualified voter moves to another state, with the intention of making it his or her permanent home, he or she shall be considered to have lost his or her domicile in this state.
- (c) A person has the right to change domicile at any time, however a mere intention to change domicile in the future does not, of itself, terminate an established domicile before the person actually moves.
- 2 New Paragraphs; Voter; Domicile. Amend RSA 654:1 by inserting after paragraph I-a the following new paragraphs:
- I-b. Any person who establishes a voting domicile that otherwise meets the requirement of paragraph I, less than 10 days before any election where the inhabitant offers to vote shall vote at the polling place for the town or ward of his or her most recent previous domicile. Except that any person who transfers an existing New Hampshire voter registration and satisfies the requirements of this chapter for proving his or her new domicile may vote at the polling place for the town or ward of his or her new domicile.
- I-c. Any person who met the requirements of this chapter to register to vote in New Hampshire who has established a voting domicile outside of New Hampshire within the 10 consecutive days

before an election and is not allowed to register and vote in that election in the state of his or her new domicile because he or she established that new domicile within 10 consecutive days before that election may vote at the polling place for the New Hampshire town or ward where he or she was previously domiciled.

3 Voter Registration Form. Amend RSA 654:7, IV to read as follows:

IV.(a) [A] Standard registration application [form] forms shall be used throughout the state. The registration [form] forms shall be no larger than 8 1/2 inches by 11 inches.

(b) The secretary of state shall prescribe the form of the voter registration form to be used for voter registrations, *transfers*, *or updates* other than those at the polling place on the date of a state general election, which shall be in substantially the following form:

___ NEW REGISTRATION I am not registered to vote in New Hampshire

___ TRANSFER I am registered to vote in New Hampshire and have moved my voting domicile to a new town or ward in New Hampshire

____NAME CHANGE/ADDRESS UPDATE I am registered to vote in this town/ward and have changed my name/address

I understand that to vote in this [city/town] ward/town, I must be at least 18 years of age, I must be a United States citizen, and I must be domiciled in this [city/town] ward/town. Furthermore, I understand that I must have been domiciled in New Hampshire for no less than 10 consecutive days before the first election in which I intend to vote.

I understand that if I have not been domiciled in New Hampshire for at least 10 consecutive days prior to an election but have completed this form, I have not met the registration requirements for said election but will be registered for the first election that I am eligible to vote in.

I understand that a person can claim only one state and one city/town as his or her domicile at a time. A domicile is that place, to which upon temporary absence, a person has the intention of returning. By registering or voting today, I am acknowledging that I am not domiciled or voting in any other state or any other city/town.

[In declaring New Hampshire as my domicile, I am subject to the laws of the state of New Hampshire which apply to all residents, including laws requiring a driver to register a motor vehicle and apply for a New Hampshire's driver's license within 60 days of becoming a resident.]

In declaring New Hampshire as my domicile, I realize that I am not qualified to vote in the state or federal elections in another state.

If I have any questions as to whether I am entitled to vote in this city/town, I am aware that a supervisor of the checklist is available to address my questions or concerns.

I acknowledge that I have read and understand the above qualifications for voting and do hereby swear, under the penalties for voting fraud set forth below, that I am qualified to vote in the above-stated city/town, and, if registering on election day, that I have not voted and will not vote at any other polling place this election.

Date

Signature of Applicant

If this form is used in place of proof of identity, age, citizenship, or domicile, I hereby swear that such information is true and accurate to the best of my knowledge.

This form was executed for purposes of proving (applicant shall circle yes or no and initial each item):

Identity	yes/no	
Citizenship	yes/no	(initials)
Age	yes/no	(initials)
Domicile	yes/no	(initials)

Applicant

Election Official

Notary Public/Justice of the Peace/Official Authorized by RSA 659:30

In accordance with RSA 659:34, the penalty for knowingly or purposefully providing false information when registering to vote or voting is a class A misdemeanor with a maximum sentence of imprisonment not to exceed one year and a fine not to exceed \$2,000. Fraudulently registering to vote or voting is subject to a civil penalty not to exceed \$5,000.

Amend the bill by replacing section 5 with the following:

5 Statement of Purpose. The New Hampshire constitution states: "Every person shall be considered an inhabitant for the purposes of voting in the town, ward, or unincorporated place where he has his domicile." Members of the 1974 Constitutional Convention voted to make "domicile" a prerequisite for voting, rather than being an inhabitant or resident, with the intent to require a more definite and permanent qualification that preserves and promotes confidence in elections. It was deemed that a person may have multiple residences at one time, but only one domicile. The amendment to the constitution was passed during the 1976 general election; however, under the wording of our current statutes, it is difficult for the state to assert this constitutional interest in preserving the integrity, fairness, and efficiency of the election process. The Supreme Court has stated that this interest justifies the state's imposition of certain eligibility requirements for voters and has upheld the legislatures' duty to set qualifications for the equal constitutional right to be elected. A 10-day domiciliary requirement for electors provides administrative clarification while preserving and promoting voter confidence in New Hampshire's unmatched tradition of ballot access and voter participation.

The signatures below attest to the authenticity of this Report on SB 4, relative to eligibility to vote and relative to availability of voter information.

Rep. Gannon, Rock. 4

AMENDED ANALYSIS

This bill:

Aldrich, Glen

Shackett, Jeffrey

- I. Expands the definition of domicile for voting purposes and requires that a voter be a resident of the state for at least 10 days.
 - II. Modifies the voter registration form.
- III. Allows otherwise confidential voter information to be made available to the legislature in an aggregated or statistical data format.
- Rep. Hoelzel moved that the House adopt the Committee of Conference Report.
- Rep. Burton spoke against.
- Rep. Gannon spoke in favor and requested a roll call; sufficiently seconded.

COMMITTEE OF CONFERENCE REPORT ON SB 66

Committee of Conference Report on SB 66, relative to naming of areas of the state house complex. Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4:

3 New Section; Joint Legislative Facilities Committee; Naming of Areas of State House Complex. Amend RSA 17-E by inserting after section 7 the following new section:

17-E:8 Naming of Areas of State House Complex. No area within the state house complex, including buildings, interior rooms, and grounds shall be named or renamed unless the proposed name is recommended for approval by the joint committee on legislative facilities and approved by both the house of representatives and the senate.

The signatures below attest to the authenticity of this Report on SB 66, relative to naming of areas of the state house complex.

Conferees on the Part of the Senate

Sen. Carson, Dist. 14 Sen. Bradley, Dist. 3

Sen. D'Allesandro, Dist. 20

Conferees on the Part of the House

Rep. Packard, Rock. 5 Rep. Hinch, Hills. 21

Rep. R. Ober, Hills. 37 Rep. Weber, Ches. 1

AMENDED ANALYSIS

This bill names the lobby of the legislative office building after former speaker of the house George Roberts. This bill also requires that naming of areas of the state house complex be recommended for approval by the joint committee on legislative facilities and approved by the house of representatives and the senate.

Rep. Packard moved that the House adopt the Committee of Conference Report and spoke in favor. Motion adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 129-FN

Committee of Conference Report on SB 129-FN, allowing retired members of the retirement system to change an optional allowance election in certain circumstances.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House each pass the bill as amended by the House.

The signatures below attest to the authenticity of this Report on SB 129-FN, allowing retired members of the retirement system to change an optional allowance election in certain circumstances.

Rep. Gallagher, Belk. 4
Rep. Lovejoy, Rock. 36

Rep. Major moved that the House adopt the Committee of Conference Report.

Motion adopted.

CLERK'S NOTE

The Committee of Conference report on Senate Bill 305, relative to the brew pub license, will not be taken up by the House. A member brought to my attention that they thought the report was in violation of the rules and, after reviewing current RSAs and both the House and Senate versions of the bill, the Speaker and I determined that the fee contained therein was not included in the statute being amended, had not had an affirmative vote of the House, nor had a public hearing. Thus, pursuant to House Rule 49 (j) which states in part "the House shall not accept a committee of conference report that amends any bill with a tax or fee increased, or creates a new tax or fee," the committee of conference report cannot come before the House and will have the same status of a bill that died in conference.

COMMITTEE OF CONFERENCE REPORTS ON SENATE BILLS (CONT'D) COMMITTEE OF CONFERENCE REPORT ON SB 310

Committee of Conference Report on SB 310, expanding the defense and indemnification provided under RSA 99-D to certain claims filed with and investigations by professional licensing boards, committees, and regulatory agencies.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House each pass the bill as amended by the House.

The signatures below attest to the authenticity of this Report on SB 310, expanding the defense and indemnification provided under RSA 99-D to certain claims filed with and investigations by professional licensing boards, committees, and regulatory agencies.

Rep. Sytek, Rock. 8
Rep. Hansen, Hills. 22
Rep. Peter Schmidt, Straf. 19

Rep. Andrew Christie moved that the House adopt the Committee of Conference Report.

Motion adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 315

Committee of Conference Report on SB 315, relative to the regulation of barbers, cosmetologists, estheticians, and manicurists.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend RSA 313-A:1, II(c) as inserted by section 1 of the bill by replacing it with the following:

(c) Shampooing, arranging, dressing, or styling the hair.

Amend the bill by deleting section 2 and renumbering the original sections 3-11 to read as 2-10. respectively.

Amend RSA 313-A:1,VI as inserted by section 2 of the bill by replacing it with the following:

VI. "Cosmetology" means arranging, dressing, curling, waving, cleansing, cutting, bleaching, coloring, or similarly treating the hair of any person, and performing other work customarily performed by a cosmetologist such as giving facials [and], manicures, pedicures, and artificial nail enhancements, applying makeup or eyelashes to any person, and removing superfluous hair.

The signatures below attest to the authenticity of this Report on SB 315, relative to the regulation

of barbers, cosmetologists, estheticians, and manicurists.

COMMITTEE OF CONFERENCE REPORT ON SB 369-FN

Committee of Conference Report on SB 369-FN, requiring public schools to include drug and alcohol education as part of their health education curriculum.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing section 1 with the following:

1 New Section; School Boards; Drug and Alcohol Education. Amend RSA 189 by inserting after section 11-c the following new section:

189:11-d Drug and Alcohol Education.

- I. Each public school in the state, as part of the school board-approved kindergarten through grade 12 health education program, shall provide age and developmentally appropriate drug and alcohol education to pupils based upon the needs of the pupils and the community. The school board may authorize the use of an evidence-based prevention program.
- II. School boards shall develop policies authorizing school district personnel to provide pupils, parents, and legal guardians with information and resources relative to existing drug and alcohol counseling and treatment for pupils. Nothing in this section shall require a school district to add additional programs or services, but only to provide information about available programs and services.

The signatures below attest to the authenticity of this Report on SB 369-FN, requiring public schools to include drug and alcohol education as part of their health education curriculum.

Rep. Ladd, Graf. 4 Rep. Kurk, Hills. 2 Rep. Hinch, Hills. 21 Rep. Shaw, Hills. 16

AMENDED ANALYSIS

This bill requires public schools to provide age and developmentally appropriate drug and alcohol education to pupils.

Rep. Ladd moved that the House adopt the Committee of Conference Report.

Motion adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 384

Committee of Conference Report on SB 384, relative to the feeding of wild deer. Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and That the House recede from its position in adopting its amendment to the bill, and

That the Senate and House adopt the following new amendment to the bill as amended by the Senate, and pass the bill as so amended:

Amend the bill by replacing section 1 with the following:

1 New Section; Fish and Game; Feeding of Wild Deer. Amend RSA 208 by inserting after section 8-a the following new section:

208:8-b Feeding of Wild Deer.

- I.(a) No person shall knowingly place food for consumption by wild deer if the fish and game department has determined such feeding would be detrimental to the health of the deer population or a threat to public safety.
- (b) The executive director shall adopt rules pursuant to RSA 541-A that include but shall not be limited to the definition of food, the time of feeding, and the locations for feeding that would be detrimental for consumption by wild deer and the criteria by which the department will determine if feeding would be detrimental to the health of the deer population or a threat to public safety.
- II. The fish and game department shall provide informational materials concerning the harmful or fatal feeding of wild deer to businesses and establishments in this state which sell or offer for sale wild animal feed.
- III. Any person who violates the provisions of this section shall be given a warning for a first offense and shall be guilty of a violation for any subsequent offense.
- IV. This section shall not apply to baiting permitted under RSA 207:3-d and agriculture as defined in RSA 21:34-a.

The signatures below attest to the authenticity of this Report on SB 384, relative to the feeding of wild deer.

COMMITTEE OF CONFERENCE REPORT ON SB 409-FN

Committee of Conference Report on SB 409-FN, relative to the first responder's critical injury benefit. Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing sections 1-3 with the following:

- 1 First Responder's Critical Injury Benefit. Amend RSA 281-A:32-a, II to read as follows:
- II. Payments awarded under this section shall be subject to all other provisions of RSA 281-A. Total compensation payments for all additional compensation claims paid under this section shall not exceed \$125,000 per claimant. No payments shall be made after July 1, [2016] 2018. Benefits paid under this section for all claimants shall not exceed \$500,000.
 - 2 Prospective Repeal Extended. Amend 2014, 242:4, I to read as follows:
 - I. Paragraph I of section 2 of this act shall take effect June 30, [2016] 2018.
- 3 Committee to Study Soft Tissue Injuries for Purposes of Workers' Compensation Permanent Impairment Awards Established.
- I. There is established a committee to study soft tissue injuries for purposes of workers' compensation permanent impairment awards.
 - (a) The members of the committee shall be as follows:
 - (1) One member of the senate, appointed by the president of the senate.
- (2) Three members of the house of representatives, appointed by the speaker of the house of representatives.
- (b) Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.
- II. The committee shall study soft tissue injuries for purposes of workers' compensation permanent impairment awards.
- III. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the senate member. The first meeting of the committee shall be held within 45 days of the effective date of this section.
- IV. The committee shall report its findings and any recommendations for proposed legislation to the president of the senate, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library on or before November 1, 2016.

The signatures below attest to the authenticity of this Report on SB 409-FN, relative to the first responder's critical injury benefit.

Conferees on the Part of the Senate

Sen. Prescott, Dist. 23 Sen. Cataldo, Dist. 6 Sen. Soucy, Dist. 18 Conferees on the Part of the House

Rep. Seaworth, Merr. 20 Rep. Murphy, Hills. 7 Rep. White, Graf. 13 Rep. Umberger, Carr. 2

AMENDED ANALYSIS

This bill extends the prospective repeal of the first responder's critical injury benefit. This bill also establishes a committee to study soft tissue injuries for purposes of workers' compensation permanent impairment awards.

Rep. Seaworth moved that the House adopt the Committee of Conference Report. Motion adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 411

Committee of Conference Report on SB 411, relative to the merger of lots that are mortgaged. Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and

That the House recede from its position in adopting its amendment to the bill, and

That the Senate and House adopt the following new amendment to the bill as passed by the Senate, and pass the bill as so amended:

Amend the bill by replacing section 1 with the following:

1 Voluntary Merger. Amend RSA 674:39-a to read as follows:

674:39-a Voluntary Merger.

- I. Any owner of 2 or more contiguous preexisting approved or subdivided lots or parcels who wishes to merge them for municipal regulation and taxation purposes may do so by applying to the planning board or its designee. Except [where such merger would create a violation of then-current ordinances or regulations] as set forth in paragraphs II and III, all such requests shall be approved, and no public hearing or notice shall be required. No new survey plat need be recorded, but a notice of the merger, sufficient to identify the relevant parcels and endorsed in writing by the planning board or its designee, shall be filed for recording in the registry of deeds, and a copy mailed to the municipality's assessing officials. No such merged parcel shall thereafter be separately transferred without subdivision approval. No city, town, county, or village district may merge preexisting subdivided lots or parcels except upon the consent of the owner.
- II. If there is any mortgage on any of the lots, the applicant shall give written notice to each mortgage holder at the time of the submission of the application. The written consent of each mortgage holder shall be required as a condition of approval of the merger, and shall be recorded with the notice of the merger pursuant to paragraph I. Upon recordation of the notice and each consent, the mortgage or mortgages shall be deemed by operation of law to apply to all lots involved in the merger. The municipality shall not be liable for any deficiency in the notice to mortgage holders.
- III. No merger shall be approved that would create a violation of then-current ordinances or regulations.

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 3:

2 Restoration of Involuntarily Merged Lots. Amend RSA 674:39-aa, II(a) to read as follows:

(a) The request is submitted to the governing body prior to December 31, [2016] 2021. The signatures below attest to the authenticity of this Report on SB 411, relative to the merger of lots that are mortgaged.

Conferees on the Part of the Senate

Sen. Prescott, Dist. 23 Sen. Cataldo, Dist. 6 Sen. Watters, Dist. 4 Conferees on the Part of the House

Rep. Hunt, Ches. 11 Rep. Bates, Rock. 7 Rep. Williams, Hills. 4 Rep. Harold French, Merr. 2

AMENDED ANALYSIS

This bill requires that mortgage holders consent to the voluntary merger of lots. This bill also extends the deadline for requests for restoration of lots that were involuntarily merged. Rep. Hunt moved that the House adopt the Committee of Conference Report.

Motion adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 441-FN

Committee of Conference Report on SB 441-FN, relative to discounts and admission without charge at state parks.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and That the House recede from its position in adopting its amendment to the bill, and

That the Senate and House adopt the following new amendment to the bill as amended by the Senate, and pass the bill as so amended:

Amend the bill by replacing section 1 with the following:

- 1 State Parks; Admission Charges; Persons 65 Years of Age and Older. Amend RSA 218:5-c to read as follows:
 - 218:5-c Admission Without Charge; Residents 65 Years of Age and Older.
- I. Any person who is a resident of this state and who has attained the age of 65 shall, upon proper identification, be admitted to any state recreation area, including but not limited to parks, historical sites, and beaches[, and state-operated ski areas,] without charge except on weekends and holidays. Persons qualifying under this [section] paragraph shall be allowed to use any state owned facility within the recreation area without charge for the use of the facility, except those facilities operated by third parties.
- II. Persons qualifying under [this section shall] paragraph I may be charged up to 2/3 of the usual fee for the use of so-called "uphill devices" on [Saturdays and Sundays] weekends and holidays, and up to 1/3 of the usual fee on weekdays. Provided further that other special charges at state owned recreation areas, such as fees charged for parking at parking meters, shall be charged persons qualifying under [this section] paragraph I at the usual rates.
- III. A person who is a resident of this state, who has attained the age of 65, shall be entitled to use uphill devices at state operated ski areas at a reduced rate. Upon proper identification, such person shall be charged \$5 per day on weekdays excluding holidays. The daily use charge may be increased annually by an amount not to exceed \$5. The daily charge for use of uphill devices for such persons shall not exceed 1/3 of the usual fee. The daily use charge for such persons for the use of uphill devices on weekends and holidays shall not exceed 2/3 of the usual fee.
- IV. The provisions of this section shall not apply to state owned campsites or camping areas or state-owned ski areas operated by a lessee. Additional discounts or admission without charge for persons qualifying under this section may be provided in accordance with RSA 216-A:3-g. The signatures below attest to the authenticity of this Report on SB 441-FN, relative to discounts and admission without charge at state parks.

COMMITTEE OF CONFERENCE REPORT ON SB 466-FN

Committee of Conference Report on SB 466-FN, relative to the detention of a minor while waiting for the disposition of his or her case.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing all after section 3 with the following:

4 Department of Health and Human Services, Sununu Youth Services Center; Reduction in Appropriation. Amend 2015, 276:205 to read as follows:

276:205 Department of Health and Human Services, Sununu Youth Services Center; Reduction in Appropriation. The department of health and human services is hereby directed to reduce state general fund appropriations to the Sununu Youth Services Center by [\$1,721,861] \$700,000 for the fiscal year ending June 30, 2016, and by [\$3,496,746] \$1,700,000 for the fiscal year ending June 30, 2017. The department shall operate the Sununu Youth Services Center within the allotted budget, or may enter into contracts for operation of the Sununu Youth Services Center, including establishing necessary class lines, as long as total operating costs do not exceed [\$10,100,000] \$11,800,000 for the fiscal year ending June 30, 2017. The department shall lapse an additional \$1,850,000 in state general fund appropriations for the fiscal year ending June 30, 2017, which shall be in addition to any previously required or estimated lapse for said fiscal year.

- 5 Department of Health and Human Services; Reduction in Appropriation to the Sununu Youth Services Center; Reporting Requirement. On or before August 5, 2016, the department of health and human services shall submit for approval by the fiscal committee of the general court, a plan to reduce general fund appropriations to the Sununu youth services center as required by section 4 of this act. The department shall provide the committee with a status report relative to implementation of the budget reduction every 3 months thereafter. The plan shall include a proposal to achieve 1/2 of the budget reduction for fiscal year 2017 no later than January 1, 2017. If the department does not achieve 1/2 of the budget reduction for fiscal year 2017 by January 1, 2017, the department of health and human service's authority to transfer funds within and among accounting units of the department provided in 2015, 276:143 shall be suspended for the remainder of the biennium.
- 6 Youth Development Services; Admission; Discharge from Youth Services Center Detention Risk Assessment Instrument. Amend RSA 621-A:6 to read as follows:
 - 621-A:6 Admission.
- I. Children, subject to proceedings in juvenile court, may be admitted to the youth services center for temporary detention while awaiting disposition of the court pursuant to RSA 169-B:14, for educational services pursuant to RSA 186-C, RSA 169-B, RSA 169-C, or RSA 169-D, only upon prior approval of the commissioner.
- II. Prior to a child's detention at the youth services center, the department or an arresting law enforcement agency shall complete a detention risk assessment instrument to determine whether there is:
- (a) Probable cause to believe that the child will pose a risk to public safety if released to the community prior to the court hearing or disposition; or
- (b) A need to hold the child in order to assure the child's appearance before the court, as demonstrated by the child's previous failure to respond to the court.
- III. The department shall review and submit a monthly report to the general court on those cases, also known as "overrides", in which children are confined at the Sununu youth services center contrary to the results of the detention risk assessment instrument. Beginning with the fourth such report, the department shall include recommendations for the appropriate rate of overrides.

7 Effective Date.

I. Sections 1-3 of this act shall take effect July 1, 2016.

II. The remainder of this act shall take effect June 30, 2016.

The signatures below attest to the authenticity of this Report on SB 466-FN, relative to the detention of a minor while waiting for the disposition of his or her case.

Conferees on the Part of the Senate

Sen. D'Allesandro, Dist. 20

Conferees on the Part of the House

Rep. Gargasz, Hills. 27 Rep. Kurk, Hills. 2 Rep. Barry, Hills. 21 Rep. Berrien, Rock. 18

AMENDED ANALYSIS

This bill:

- I. Provides that a minor whose case is to be transferred to the superior court may be detained at a county correctional facility or the youth development center.
- II. Permits a youthful offender who has been sentenced as an adult to serve his or her sentence at the youth development center until the offender reaches the age of 18, at which time he or she shall be transferred to the state prison or county correctional facility.
- III. Revises the reduction in appropriation required for the Sununu youth services center and the department of health and human services as a whole.
- IV. Requires the department of health and human services to consider a detention risk assessment instrument to determine whether a child should be held at the youth services center pending adjudication. Rep. Gargasz moved that the House adopt the Committee of Conference Report. Motion adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 471-FN

Committee of Conference Report on SB 471-FN, relative to parking for persons with disabilities. Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and

That the House recede from its position in adopting its amendment to the bill, and

That the Senate and House each pass the bill as amended by the Senate.

The signatures below attest to the authenticity of this Report on SB 471-FN, relative to parking for persons with disabilities.

Conferees on the Part of the Senate

Sen. Stiles, Dist. 24 Sen. Birdsell, Dist. 19

Sen. Watters, Dist. 4

Conferees on the Part of the House

Rep. Steven Smith, Sull. 11 Rep. Thomas Walsh, Merr. 24

Rep. Packard, Rock. 5 Rep. Ford, Graf. 3

Rep. Steven Smith moved that the House adopt the Committee of Conference Report. Motion adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 485-FN-A

Committee of Conference Report on SB 485-FN-A, establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and making an appropriation therefor.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing section 13 with the following:

13 New Paragraph; Legislative Budget Assistant; Fiscal Committee; Retiree Health Advisory Council. Amend RSA 14:30-a by inserting after paragraph VI the following new paragraph:

VII. The committee shall establish a retiree health advisory council as a subcommittee to the committee. The advisory council shall convene public meetings as needed to review options under consideration for changes to the retiree health plan if additional changes are needed after the new retiree health benefits plan is established. The advisory council shall also receive testimony from retirees and other interested members of the public. The meetings shall occur prior to the fiscal committee acting on the options.

Amend the bill by inserting after section 14 the following and renumbering the original section 15 to read as 16:

15 Appropriation and Charge; Department of Administrative Services; Risk Management; Health Plan Costs. In addition to any other sums appropriated, the sum of \$360,000 is appropriated to the department of administrative services, risk management unit, for the biennium ending June 30, 2017 for state retiree health plan costs under RSA 21-I:30. Said appropriations shall be a charge against the following account:

Accounting Unit Class Class Name FY 2016 FY 2017
02-10-10-1000-1880 049 Transfer to Other State Agencies (\$180,000) (\$180,000)

The signatures below attest to the authenticity of this Report on SB 485-FN-A, establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and

making an appropriation therefor.

Conferees on the Part of the Senate Conferees on the Part of the House

Sen. Forrester, Dist. 2
Sen. Little, Dist. 8
Sen. D'Allesandro, Dist. 20
Rep. Kurk, Hills. 2
Rep. Lynne Ober, Hills. 37
Rep. Hinch, Hills. 21
Rep. Chandler, Carr. 1

Rep. Kurk moved that the House adopt the Committee of Conference Report.

On a division vote, with 159 members having voted in the affirmative, and 160 in the negative, the Committee of Conference Report failed.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. William O'Brien moved that the House reconsider it action whereby, on a division vote of 159-160, the House failed to adopt the Committee of Conference Report on SB 485-FN-A, establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and making an appropriation therefor, relative to the health care premium contribution for retired state employees who are eligible for Medicare Parts A and B due to age or disability, relative to funding of retiree health benefits, and making an appropriation to the department of administrative services.

Rep. William O'Brien spoke against.

Ladd, Rick

Rep. Bouldin spoke against and yielded to questions.

Reps. Kurk and Lynne Ober spoke in favor and yielded to questions.

Rep. Kurk requested a roll call; sufficiently seconded.

Rep. McMahon moved that the House adopt the Committee of Conference Report. Motion adopted.

INTRODUCTION OF SPECIAL GUEST

The Honorable Kevin Ryan, Deputy Speaker of the Connecticut House of Representatives, joined the Speaker on the rostrum.

COMMITTEE OF CONFERENCE REPORTS ON SENATE BILLS (CONT'D) COMMITTEE OF CONFERENCE REPORT ON SB 498-FN

Committee of Conference Report on SB 498-FN, relative to penalties for possession of certain controlled drugs.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and

That the House recede from its position in adopting its amendment to the bill, and

That the Senate and House adopt the following new amendment to the bill as passed by the Senate, and pass the bill as so amended:

Amend RSA 318-B:26, XIII as inserted by section 3 of the bill by replacing it with the following:

XIII. Any person who violates any provision of this chapter shall be fined a minimum of \$350 for a first offense and \$500 for a second or subsequent offense, except that any person who violates the provisions of RSA 318-B:26, II(d) or RSA 318-B:26, II(e) shall be fined \$350.

The signatures below attest to the authenticity of this Report on SB 498-FN, relative to penalties for possession of certain controlled drugs.

Conferees on the Part of the Senate

Sen. Carson, Dist. 14 Sen. Forrester, Dist. 2 Sen. Hosmer, Dist. 7 Conferees on the Part of the House

Rep. Welch, Rock. 13 Rep. DiSesa, Straf. 16 Rep. Barnes, Rock. 8 Rep. Cushing, Rock. 21

Rep. Welch moved that the House adopt the Committee of Conference Report.

Rep. Welch spoke in favor.

Rep. Sylvia spoke against and requested a roll call; not sufficiently seconded.

Motion adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 522-FN-A

Committee of Conference Report on SB 522-FN-A, making an appropriation to the office of professional licensure and certification for technology upgrades for the controlled drug prescription health and safety program.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and

That the House recede from its position in adopting its amendment to the bill, and

That the Senate and House adopt the following new amendment to the bill as amended by the Senate, and pass the bill as so amended:

Amend the bill by replacing all after the enacting clause with the following:

- 1 Appropriation; Office of Professional Licensure and Certification; Controlled Drug Prescription Health and Safety Program. The sum of \$130,000 is hereby appropriated to the office of professional licensure and certification for the biennium ending June 30, 2017 for the purposes of technology upgrades for the controlled drug prescription health and safety program, established in RSA 318-B:32. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.
- 2 New Section; Property Subject to Forfeiture. Amend RSA 617 by inserting after section 1 the following new section:
 - 617:1-a Criminal Forfeiture; Property Subject to Forfeiture.
- I. Subsequent to a criminal conviction pursuant to a statute that authorizes forfeiture, including but not limited to RSA 318-B:17-b, the court may order the person convicted to forfeit:
 - (a) Property the person derived from the commission of the crime;
 - (b) Property directly traceable to property derived from the commission of the crime; and
 - (c) Instrumentalities the person used in the commission of the crime.
- II. When a conviction or agreement of the parties is not possible due to the person's death, incompetence, unavailability, or not being within the jurisdiction of the court, or the person to be charged cannot be identified, forfeiture proceedings may be commenced.
- III. Property may be forfeited if the state establishes that the property is forfeitable by clear and convincing evidence.
- IV. Nothing in this section shall prevent property from being forfeited by plea agreement approved by the presiding criminal court or other agreement of the parties.
- V. At the request of any party, the civil portion of the forfeiture proceeding may be stayed by the court.
- 3 New Section; Forfeiture; Innocent Owner. Amend RSA 617 by inserting after section 4 the following new section:

- 617:4-a Innocent Owner. In addition to any other remedy provided by law, any person claiming to be an innocent owner of property seized for purposes of forfeiture may petition the court, after 10 days from the date of seizure, for return of the property. No item or property interest shall be subject to forfeiture unless the alleged innocent owner thereof was a consenting party to the crime. This section shall not apply to property seized as evidence in a pending criminal investigation or prosecution.
- 4 New Section; Disposition of Unclaimed Property and Proceeds. Amend RSA 617 by inserting after section 10 the following new section:
 - 617:11 Disposition of Property and Proceeds.
- I. Notwithstanding any other provision of law, at any time when unclaimed property or contraband held for evidentiary purposes is no longer needed for that purpose, the court may order the state to deliver any unclaimed property, other than currency, to the commissioner of the department of administrative services, to deliver any currency to the state treasurer, and to destroy any contraband within 30 days.
- II. If the forfeiture is granted, the court may order the state to deliver any currency to the state treasurer and any other property to the commissioner of the department of administrative services within 30 days. The commissioner of the department of administrative services shall dispose of the forfeited property at public auction.
- III. Upon motion, the court may order that a portion of the currency seized or proceeds from public auction be used to pay reasonable nonpersonnel expenses of the seizure, storage, and maintenance of custody of any forfeited items.
- IV. The auction proceeds and forfeited currency shall be forwarded to the state treasurer and shall be used first to pay all outstanding recorded liens on the forfeited property, then to comply with an order of the court to pay reasonable non-personnel expenses, with all remaining funds to be deposited into the drug forfeiture fund.
- 5 Forfeiture of Items Used in Connection with Drug Offense. Amend RSA 318-B:17-b, II(e) to read as follows:
- (e) The department of justice shall, within 60 days of the seizure, [either] file a petition in the superior court having jurisdiction under this section [or seek administrative forfeiture pursuant to RSA 318-B:17-d]. If no such petition is filed [or administrative procedure initiated] within 60 days, the items or property interest seized shall be released or returned to the owners.
- 6 Disposition of Funds Obtained by the Attorney General; Reference to Administrative Forfeiture Removed. Amend RSA 7:6-e, III to read as follows:
- III. This section shall not apply to fines received by the attorney general in criminal cases, penalty assessment funds, drug forfeiture funds as provided in RSA 318-B:17-b [through RSA 318-B:17-d] and RSA 318-B:17-c, fines or civil penalties authorized by state law as a result of enforcement actions taken by state agencies or the attorney general, and money received on behalf of a victim or the state as restitution.
- 7 Forfeiture of Items Used in Connection with Drug Offense; Reference Change. Amend the introductory paragraph of RSA 318-B:17-b, V to read as follows:
- V. Final orders for forfeiture of property under this section [or under RSA 318-B:17-d] shall be implemented by the department of justice and shall provide for disposition of the items or property interests by the state in any manner not prohibited by law, including retention for official use by law enforcement or other public agencies or sale at public auction. The department of justice shall pay the reasonable expenses of the forfeiture proceeding, seizure, storage, maintenance of custody, advertising, court costs, and notice of sale from any money forfeited and from the proceeds of any sale or public auction of forfeited items. All outstanding recorded liens on said items or property interests seized shall be paid in full upon conclusion of the court proceedings from the proceeds of any sale or public auction of forfeited items. The balance remaining shall be distributed by the department of justice as follows:
 - 8 Drug Forfeiture Fund; Reporting Requirement. Amend RSA 318-B:17-c, II to read as follows:
- II. Law enforcement agencies may apply to the department of justice for grants from the forfeiture fund. Such grants shall be utilized exclusively for meeting expenses associated with drug related investigations. The attorney general shall report 60 days after the close of each fiscal year to the governor and council and to the fiscal committee of the general court a [summary] detailed accounting of the grants provided to law enforcement agencies under this paragraph by agency, including the department of safety, and the amount forwarded to the department of health and human services,

bureau of drug and alcohol services, for the preceding fiscal year. The attorney general's report shall also include a detailed accounting of the costs of investigations, enforcement programs, and prosecutions paid under paragraph I.

9 Repeal. RSA 318-B:17-d, relative to administrative forfeiture of items used in connection with drug offenses, is repealed.

10 Effective Date.

I. Sections 2-7 and 9 of this act shall take effect January 1, 2017.

II. The remainder of this act shall take effect upon its passage.

The signatures below attest to the authenticity of this Report on SB 522-FN-A, making an appropriation to the office of professional licensure and certification for technology upgrades for the controlled drug prescription health and safety program.

Conferees on the Part of the Senate

Sen. Bradley, Dist. 3 Sen. Forrester, Dist. 2 Sen. Hosmer, Dist. 7 Conferees on the Part of the House Rep. Lynne Ober, Hills. 37 Rep. Dan McGuire, Merr. 21 Rep. Rouillard, Hills. 6 Rep. Leishman, Hills. 24

AMENDED ANALYSIS

This bill:

I. Makes an appropriation to the office of professional licensure and certification for technology upgrades for the controlled drug prescription health and safety program.

II. Limits forfeiture to cases in which, after a criminal conviction, the state has found by clear and convincing evidence that the property was derived from, or used in, the commission of a crime. The proceeds from forfeiture cases would continue to be deposited in the drug forfeiture fund.

III. Requires the attorney general to provide an annual, detailed accounting of grants and expenditures from the drug forfeiture fund.

Rep. Lynne Ober moved that the House adopt the Committee of Conference. Motion adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 523-FN

Committee of Conference Report on SB 523-FN, relative to the controlled drug prescription health and safety program and establishing a commission to study requiring controlled drugs and controlled drug analogs to be sold in tamper-proof form.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House each pass the bill as amended by the House.

The signatures below attest to the authenticity of this Report on SB 523-FN, relative to the controlled drug prescription health and safety program and establishing a commission to study requiring controlled drugs and controlled drug analogs to be sold in tamper-proof form.

COMMITTEE OF CONFERENCE REPORT ON SB 533-FN-A-L Committee of Conference Report on SB 533-FN-A-L, relative to the governor's commission on alcohol and drug abuse prevention, treatment, and recovery and making supplemental appropriations to the commission and the New Hampshire housing finance authority.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend section 10 of the bill by replacing paragraph I with the following:

- I. In addition to any other sums appropriated for fiscal year 2017, \$2,500,000 for the fiscal year ending June 30, 2017 is hereby appropriated to the governor's commission on alcohol and drug abuse prevention, treatment and recovery for the purpose of contracts for program services, within the department of health and human services. Additionally, \$2,000,000 for the fiscal year ending June 30, 2017 is hereby appropriated to the New Hampshire housing finance authority for the purposes set forth in RSA 204-C:56 through RSA 204-C:62, relative to the affordable housing fund, provided the appropriated funds are used for the purpose of funding supportive housing projects for persons with substance abuse disorders. The New Hampshire housing finance authority shall prepare a report on the status of projects funded, in whole or in part, by this appropriation to be delivered to the house health and human services and elderly affairs committee by December 31, 2017 and annually thereafter until the appropriated funds have been fully allocated.
- Amend the bill by inserting after section 12 the following and renumbering the original section 13 to read as 15:
- 13 Department of Health and Human Services; Supplemental Appropriation; Bureau of Drug and Alcohol Services.
- I. In addition to any other sums appropriated for fiscal year 2017, the sum of \$500,000 for the fiscal year ending June 30, 2017 is hereby appropriated to the department of health and human services, bureau of drug and alcohol services to support direct grants for the creation, initiation, expansion and/or operational costs for peer recovery support services. The sum appropriated shall be awarded within 150 days after the effective date of this section. For the purposes of funding said appropriations, the governor shall identify excess appropriations from sums appropriated pursuant to 2015, 275 and 276, and shall transfer said sums to the appropriate class lines. Any transfers made pursuant to this section shall not require the prior approval of the fiscal committee of the general court and the governor and council and shall not be subject to the provisions of RSA 9:16-a, 9:17-a and RSA 9:17-c. Prior to making such transfers, the governor shall certify to the fiscal committee of the general court that any excess appropriations identified pursuant to this section are in addition to the projected lapses assumed during the adoption of the state operating budget for the biennium ending June 30, 2017.
- II.(a) Existing and proposed peer recovery support services organizations shall be eligible to receive a grant, if the organization:
- (1) Is registered with the association of recovery community organizations under the Faces and Voices of Recovery:
- (2) Is accredited by, or will initiate the process of being accredited by the Council on Accreditation of Peer Recovery Support Services within 30 days of the governor and council approving the grant;
 - (3) Has an established relationship with a certified public accountant;
 - (4) Has a board of directors and has established bylaws; and

- (5) Does not receive a grant through a facilitating organization.
- (b) No more than one grant shall be awarded per regional public health network catchment area basis. The bureau shall forward information on selected grant recipients to the governor and council. No grant shall be awarded without the approval of the governor and council.
- III. Organizations that receive a grant under this section or through a facilitating organization shall file semi-annual data submissions with the department of health and human services, to prove the effectiveness of recovery services based upon addiction wellness and recovery capital index scores, or a data system that demonstrates individual addiction wellness across a continuum of care, including measurements upon the 8 dimensions of wellness criteria, or any other comparable data system recognized by the department. The department shall to the extent practical determine the cost effectiveness of recovery services and shall report its findings to the president of the senate and the speaker of the house of representatives on an annual basis beginning in fiscal year 2018.

IV. No later than December 31, 2017, the bureau of drug and alcohol services shall report to the fiscal committee of the general court the number of grants awarded, which organizations received a grant, and the total number of individuals served as a result of said grants.

14 Department of Justice; Attorney Position. For the biennium ending June 30, 2017, the department of justice is authorized, subject to the approval of the fiscal committee of the general court and the governor and council, to accept gifts, grants, and donations for the purpose of funding an assistant attorney general dedicated to prosecuting drug cases. No general fund moneys shall be expended to fund this position.

The signatures below attest to the authenticity of this Report on SB 533-FN-A-LOCAL, relative to the governor's commission on alcohol and drug abuse prevention, treatment, and recovery and making supplemental appropriations to the commission and the New Hampshire housing finance authority.

Sen. Bradley, Dist. 3 Sen. Sanborn, Dist. 9 Sen. Woodburn, Dist. 1 Conferees on the Part of the House

Rep. Kotowski, Merr. 24 Rep. Kurk, Hills. 2 Rep. Snow, Hills. 42 Rep. MacKay, Merr. 14

AMENDED ANALYSIS

This bill makes changes in the membership, organization, duties, meetings, and reports of the governor's commission on alcohol and drug abuse prevention, treatment, and recovery, and establishes that the commission serves in an advisory capacity to both the governor and the general court.

The bill makes supplemental appropriations to the commission, the New Hampshire housing finance authority, and the department of health and human services. The bill authorizes a new assistant attorney general position dedicated to prosecuting drug cases.

Rep. Kotowski moved that the House adopt the Committee of Conference Report.

Motion adopted.

MOTION TO SUSPEND HOUSE RULES

Reps. Hunt and Carol McGuire moved that House Rules be so far suspended as to permit late drafting, introduction and consideration at the present time, without the required printing, referral to committee, public hearing and report from committee of a bill relative to brew pub licenses and if said bill passes, to allow immediate third reading.

Rep. Hunt spoke in favor.

On a division vote, with 253 members having voted in the affirmative, and 87 in the negative, the motion was adopted by the necessary two-thirds vote.

RESOLUTION

Reps. Hunt and Carol McGuire offered the following: RESOLVED, that late introduction having been approved by a two-thirds vote of the House, House Bill numbered 1703 shall be by this resolution read a first and second time by the therein listed title. Motion adopted.

INTRODUCTION OF HOUSE BILL

First, second reading and referral

HB 1703-FN, relative to brew pub licenses.

CONSIDERATION OF HOUSE BILL 1703-FN

Rep. Hunt moved Ought to Pass and spoke in favor.

Rep. Weber requested a roll call; sufficiently seconded.

Borden, David

RESOLUTION

Rep. Hunt moved that House Bill 1703 be read by title only and that it be read a third time by this resolution, and that its title be the same as adopted, and that it be passed at the present time. Motion adopted.

Third Reading and Final Passage

HB 1703-FN, relative to brew pub licenses.

INTRODUCTION OF SPECIAL GUESTS

The Sergeant-at-Arms introduced House and Joint staff.

MOTION TO PRINT REMARKS

Rep. Shurtleff moved that the remarks made by Speaker Jasper be printed in the Permanent Journal. Without objection, the Speaker so ordered.

REMARKS

Speaker Jasper: I just thought it was appropriate that we take a few moments to thank our staff. They work so hard on our behalf. We keep them here many late nights. I know some of them have worked weekends, particularly during the budget season. They do a great job. On behalf of us, and we of course work on behalf of the people of New Hampshire, so that's what they do as well. I also think I would be remiss if I didn't thank the Senate staff, who works in cooperation with our staff, particularly the Chief of Staff, Kristy Merrill, who has done a great job working with our Chief of Staff this year. I think you have seen the results. We have had a smooth Session. Two years, really, doing a great job sometimes under some very difficult circumstances and we certainly owe them our thanks. They are truly the definition of public servants. Again, thank you all.

SENATE MESSAGE

REFUSAL TO ADOPT COMMITTEE OF CONFERENCE REPORT

HB 1660-FN-L, relative to appraisals of residential property, a residential owner option in a partial taking, and relocation, temporary housing, and legal expenses in eminent domain proceedings for gas pipelines; relative to intervention by the site evaluation committee in such proceedings; and relative to expenditures from the energy efficiency fund.

The House recessed at 12:15 p.m.

RECESS

The House reconvened at 1:15 p.m.

(Speaker Jasper in the Chair) MOTION TO SUSPEND HOUSE RULES

Rep. Weber moved that House Rules be so far suspended as to permit late drafting, introduction and consideration at the present time, without the required printing, referral to committee, public hearing and report from committee of a bill relative to conversion therapy seeking to change a person's sexual orientation, and if said bill passes, to allow immediate third reading.

Reps. William O'Brien and Bates spoke against.

Rep. Weber spoke in favor.

The Speaker accepted the previous question and debate was limited.

Rep. Kappler requested a roll call; sufficiently seconded.

ADOPTION OF COMMITTEE OF CONFERENCE REPORTS

HB 114, establishing beer specialty licenses and relative to rectifiers.

HB 280, authorizing multi-use decal plates and multi-use veterans decal plates, relative to special motorcycle number plates for disabled veterans, and relative to unfair trade practices targeting veterans.

HB 285, relative to discussion with legal counsel under the right-to-know law.

HB 353, relative to the governance of condominium unit owners' associations.

HB 427, relative to the definition of the New Hampshire fire code and establishing a committee to study the 2015 edition of the Uniform Fire Code NFPA 1.

HB 458, revising the legislative ethics laws and the guidelines of the legislative ethics committee.

HB 533, relative to installation requirements for arc-fault circuit interrupters.

HB 605-FN, relative to the procedure for amendment of condominium instruments and establishing a committee to study the process by which business names are authorized by the secretary of state.

HB 606-FN-L, relative to costs for public records filed electronically.

HB 628-FN, relative to indemnification of health care provider facilities under certain circumstances.

HB 1193, relative to the wellness and primary prevention council and relative to certification of school nurses.

HB 1227, repealing provisions of law regulating Sunday business activities and relative to the consumption of liquor at sports complexes.

HB 1301, relative to the issuance of youth employment certificates.

HB 1307, relative to the procedure for amendment of condominium instruments and relative to name availability for business organizations.

HB 1339, relative to the corporate governance annual disclosure act and relative to compensation of ski area employees.

HB 1377, relative to receipt of absentee ballots.

HB 1396, relative to OHRV operation on certain highways in Grafton county, relative to highway surveillance at the New London park and ride, and establishing a commission to study OHRV usage and the allocation of law enforcement and emergency response resources and responsibilities.

HB 1428-FN-A-L, establishing the clean water state revolving fund non-program fund account in the department of environmental services for the purpose of funding eligible and completed wastewater projects under the state aid grant program, making an appropriation to the police standards and training council, repealing the police standards and training council training fund, making a capital appropriation to the police standards and training council, adding a quorum requirement to the performance audit and oversight committee, relative to liquor commission revenue shortfalls, and relative to the rivers management and protection program.

HB 1503, relative to distributing campaign materials at the polling place, relative to health and dental benefits for temporary, seasonal, and part-time state employees, and relative to administration of the tobacco tax.

HB 1547-FN, prohibiting bestiality.

HB 1584-FN, relative to body-worn cameras for law enforcement officers.

HB 1590-FN-A-L, relative to taxation of short-term rentals.

HB 1637-FN, relative to school attendance in towns with no public schools.

HB 1656-FN, relative to exceptions to the real estate transfer tax.

HB 1697-FN, relative to the operation and insurance of transportation network companies.

HB 2016, relative to the state 10-year transportation improvement program.

COMMITTEE OF CONFERENCE REPORTS ON HOUSE BILLS

HB 114, establishing beer specialty licenses and relative to rectifiers. (Report printed SJ 6/1/16) Rep. Hunt moved that the House adopt the Committee of Conference Report. Motion adopted.

HB 280, authorizing multi-use decal plates and multi-use veterans decal plates, relative to special motorcycle number plates for disabled veterans, and relative to unfair trade practices targeting veterans. (Report printed SJ 6/1/16)

Rep. Steven Smith moved that the House adopt the Committee of Conference Report. Motion adopted.

HB 285, relative to discussion with legal counsel under the right-to-know law. (Report printed SJ 6/1/16) Rep. Hagan moved that the House adopt the Committee of Conference Report. Motion adopted.

HB 353, relative to the governance of condominium unit owners' associations. (Report printed SJ 6/1/16) Rep. Hunt moved that the House adopt the Committee of Conference Report. Motion adopted.

HB 427, relative to the definition of the New Hampshire fire code and establishing a committee to study the 2015 edition of the Uniform Fire Code NFPA 1. (Report printed SJ 6/1/16)

Rep. Sytek moved that the House adopt the Committee of Conference Report and spoke in favor.

Rep. Carol McGuire spoke against.

Rep. Kappler requested a roll call; sufficiently seconded.

Laware, Thomas and the motion was adopted.

MOTION TO PRINT REMARKS

Rep. Eaton moved that the remarks made by Rep. Sytek be printed in the Permanent Journal. Motion adopted.

REMARKS

Representative Sytek: Thank you, Mister Speaker. I listened attentively to the Representative from Epsom and she's quite correct in the fact that the effective date has been changed. The plain fact is that nobody is going to understand that Encyclopedia Britannica in 2018 or 2500. What we are entrusting, and it's a matter of trust, is our word from the Fire Marshal, who has not doublecrossed me in my experience here, that the enforcement agencies, including testimonies from my own Fire Chief in Salem, are that these people are willing to work with the homeowners, with manufacturers, with builders. There are exceptions in place that they will continue. The life safety code, as was passed by this House on a voice vote on March 11. While the Representative have brought up a valid point, I don't think it has any practical merit and I think that New Hampshire wants to follow the most recent reasonable codes, be it the building code, the life safety code or the fire safety code. We are accepting the life. I'll recap the blurb. We are accepting the life safety code, the Senate is. They want to study the fire safety code and what we're going to do. If I am successful here, I'm going to spoil my summer I guess on this thing to study that. How do we study an Encyclopedia like this? We bring in representatives from the building trades, from enforcement, and we as a policy committee try to find out, are the jury, try to find out what is the right thing to do. There is no way that anyone here is going to study that code so having acknowledged and respecting the representative from Epsom's valid point. The fact is we've done this kind of thing before. This works and I ask you to support the Committee of Conference. Thank you, Mister Speaker.

(Rep. Shurtleff in the Chair)

COMMITTEE OF CONFERENCE REPORTS ON HOUSE BILLS (CONT'D)

HB 458, revising the legislative ethics laws and the guidelines of the legislative ethics committee. (Report printed SJ 6/1/16)

Rep. Hinch moved that the House adopt the Committee of Conference Report. Motion adopted.

HB 533, relative to installation requirements for arc-fault circuit interrupters. (Report printed SJ 6/1/16)

Rep. Andrew Christie moved that the House adopt the Committee of Conference Report.

On a division vote, with 302 members having voted in the affirmative, and 15 in the negative, the motion was adopted.

HB 605-FN, relative to the procedure for amendment of condominium instruments and establishing a committee to study the process by which business names are authorized by the secretary of state. (Report printed SJ 6/1/16)

Rep. Tholl moved that the House adopt the Committee of Conference Report.

Rep. Burt requested a roll call; sufficiently seconded.

COMMUNICATION

May 24, 2016 Hon. Shawn Jasper, Speaker NH House of Representatives State House Concord, NH 03301

Subject: Resignation

Dear Speaker Jasper:

On the 23 of May I was selected by the Hillsborough County delegation to be the replacement county commissioner for the balance of this term. Since the position of county commissioner and House representative are not compatible offices under the laws of New Hampshire, I must tender my resignation. It is my plan to delay my being sworn in as a county commissioner until I have completed my committee of conference tasks and report to the House on June 1st. I request that my resignation be effective as of the end of the House session on June 1st.

I have found that serving the citizens of New Hampshire in the House of Representatives as a most rewarding task. I will miss the legislative challenge, but most of all the opportunity to associate with the members of the House who come from all parts of New Hampshire. I feel blessed to have been able to meet and work with this diverse group of men and women. I will miss them most of all. Sincerely yours,

Representative Robert H. Rowe

cc: Clerk, New Hampshire House of Representatives

UNANIMOUS CONSENT

Rep. Rowe requested Unanimous Consent of the House regarding resigning from the House.

(Rep. Packard in the Chair) MOTION TO PRINT REMARKS

Rep. Shurtleff moved that the remarks made by Rep. Rowe during Unanimous Consent be printed in the Permanent Journal.

Motion adopted.

REMARKS

Representative Rowe: Thank you, Mister Speaker. After 20 years this is a very emotional time for me. I'm leaving. I was going to slip out before it was read, but someone prevailed on me to say a few words. It's hard to think and feel. This will be my last time in this well speaking in this historic Chamber in this historic House. I will miss that. Another thing I will miss is the drama. The drama of passing legislation. Now, my wife, Helen and I have subscriptions to theater and we pay good money for the subscriptions, but here I get comedy, drama and tragedy and \$100 every year. Those two pale in relationship to what I really and truly will miss and that is all of you, members here now and members of the past. People from all over the state, different personalities, different views. I will miss them. Yes, I will miss those few members that are sitting here that almost gave me a heart attack in the committee and I won't mention their name. So, I thank you and God Bless all of you. Now I will slip out.

ADJOURN FROM THE EARLY SESSION

Rep. Hinch offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time.

Motion adopted.

(Speaker Jasper in the Chair) UNANIMOUS CONSENT

Rep. Cahill requested Unanimous Consent of the House regarding the passing of the member from Newmarket, the Honorable Marcia Moody.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the member from Newmarket, the Honorable Marcia Moody.

MOTION TO PRINT REMARKS

Rep. Hoelzel moved that the remarks made by Rep. Cahill during Unanimous Consent be printed in the Permanent Journal.

Motion adopted.

REMARKS

Representative Cahill: Thank you, Mister Speaker. I've asked that Representative Lovejoy and Schroadter join me down here at the well. We have a small delegation; made somewhat smaller now with the passing of the Honorable gentle lady from Newmarket, Marcia Moody. For those of you who knew Marcia Moody knew her to be hard working, conscientious, ardent, but not strident in her views and just a good person. I think that was illustrated by the attendance at her service just yesterday and I thank you, Mister Speaker and others, past and present, who joined us to say goodbye to our good friend Marcia. I'm very sorry that she is not with us. She was a wonderful legislator, a wonderful friend and we will miss her very much. Thank you, Mister Speaker.

UNANIMOUS CONSENT

Reps. Irwin and Steven Smith requested Unanimous Consent of the House regarding the passing of the former member from Newport, the Honorable Beverly Rodeschin.

MOTION TO PRINT REMARKS

Rep. Hinch moved that the remarks made by Reps. Irwin and Steven Smith during Unanimous Consent be printed in the Permanent Journal.

Motion adopted.

REMARKS

Representative Irwin: Thank you, Mister Speaker. If there are other members of the Sullivan County Delegation that would like to join us, please do. As you can see, I am not Representative Steven Smith. I am Representative Virginia Irwin and I am here to honor my friend, Beverly Rodeschin. In 1984, I served in this House and a woman by the name of Beverly Rodeschin approached me on the street in Newport and said, "So, what's it like serving down in Concord?" I said oh, it's not too

bad. At that time we only came once a year and the off year we didn't have to come to Concord. She said, "Oh, well I'm thinking I might run, but I don't really know." I encouraged her to run. I lost my seat and Beverly has been here, had been here for 24 years. She was a devoted Legislator to her community. She never took a vote without saying how's it going to play in Newport. She never cast a ballot in the Senate or in the House without calling the Town Manager to see if it made sense for our community. I had the pleasure of serving with her for 13 years on the Board of Selectmen. So, we were colleagues, although our political parties were quite distant. We were colleagues, we were friends and she did the best for our town and she will be greatly missed. In 2013, the Board of Selectmen devoted the annual report to Beverly and to her husband, Henry and the one comment that I will make from that is they are two of the hardest working and dedicated public servants that anyone has ever encountered. I can't think of two more deserving people than Henry and Beverly Rodeschin for this year's dedication, so thank you, Henry, but particularly for the people of New Hampshire, thank you, Beverly. Her service is Friday at 11:00 at St. Patrick's in Newport.

Representative Steven Smith: Thank you, Mister Speaker. Bev Rodeschin made a big difference for me. I met her a little over 10 years ago. I was a fire-breathing activist, ready to tell everybody that what they were doing was wrong and every time I tried to get my local political committee to see the light and do things different, there was Bev Rodeschin in my way, shutting me down - or so I thought. A few years later, she actually once asked me right to my face, "Steven, why do you have to be such a persistent pain in the butt all of the time?" I think five or six years ago, the Speaker may agree that's a great question. I'm just trying to do things differently and make you guys come forward and these two guys agree with me, and she said, "But they agree with anything you say and you have wonderful ideas, but you don't have any clue how to actually do them." So, a little while later, there was something that was really important to me I wanted to do and I'm trying to figure out how to schedule it when Bev's not there. Epic fail, Bev was always there. So, I did the work and I talked to the people that disagreed with me and I tried to figure out the hard work, the mechanics of how to actually get the thing done and I went in still to be shut down again and I presented it and there was crickets and then Bev said, "Well, that sounds like a good idea, let's vote," and we did and she laughed, patted me on the shoulder and walked out - lessoned learned. So, if I don't work as hard to create adversaries, I inadvertently find allies and I am eternally grateful to her for beating that lesson in to my head and giving up on me for as many years as she did it somehow. Thank you, Bev.

UNANIMOUS CONSENT

Rep. Cushing requested Unanimous Consent of the House regarding the Dean of the House, Representative Laura Pantelakos.

MOTION TO PRINT REMARKS

Rep. Hoelzel moved that the remarks made by Rep. Cushing during Unanimous Consent be printed in the Permanent Journal.

Motion adopted.

REMARKS

Representative Cushing: Thank you, Mister Speaker. Nine Governors and 38 years ago, Laura Pantelakos first graced Representatives Hall and I know that for many of us she has been kind of a constant source of inspiration. Sometimes, if she thinks you are not doing things quite the way you should be doing them, she gently will point that out to you. What she really is though, she is the Dean of the House. Something about Laura also, because she is on kind of a limited income she decided that she didn't want to get any special number plate. Thanks to the generosity of our Speaker, the plates have been made to recognize her and I just want toLaura, you want to come up and get them? The Dean of the House.

RECESS MOTION

Rep. Hinch moved that the House stand in recess for the purposes of receiving Senate messages, enrolled bill amendments, enrolled bill reports and veto messages from the Governor, at the completion of which the House will stand adjourned to the Call of the Chair.

The House recessed at 1:30 p.m.

(Rep. Itse in the Chair) ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 500, 1105, 1204, 1210, 1293, 1303 and 1589 and Senate Bills numbered 376, 439, 450, 488 and 500.

Rep. Hinch, Sen. Prescott for the Committee

SENATE MESSAGES

ADOPTION OF COMMITTEE OF CONFERENCE REPORTS

SB 66, naming the lobby of the legislative office building after former speaker of the house George Roberts and relative to naming areas of the state house complex.

SB 129-FN, allowing retired members of the retirement system to change an optional allowance election in certain circumstances.

SB 155-FN-A, establishing the Financial Resources Mortgage (FRM) victims' contribution recovery fund for victims of the FRM fraud and continually appropriating a special fund.

SB 203-FN, relative to review of eligibility for workers' compensation.

SB 239-FN, relative to application of the Internal Revenue Code to provisions of the business profits tax.

SB 310, expanding the defense and indemnification provided under RSA 99-D to certain claims filed with and investigations by professional licensing boards, committees, and regulatory agencies, and repealing the commission to study expansion of defense and indemnification rights to certain state employees.

SB 315, relative to the regulation of barbers, cosmetologists, estheticians, and manicurists.

SB 319-FN, relative to survivor benefits for families of police officers and firefighters killed in the line of duty.

SB 320, relative to non-academic surveys administered by a public school to its students.

SB 324, eliminating the land use board and requiring approval of federal land acquisitions by the governor and executive council.

SB 326, relative to the membership of the community college system of New Hampshire board of trustees.

SB 342-FN, relative to the sale or exchange of an interest in a business organization under the business profits tax.

SB 369-FN, requiring public schools to include drug and alcohol education as part of their health education curriculum.

SB 384, relative to the feeding of wild deer.

SB 391, relative to annulment of certain misdemeanor offenses.

SB 409-FN, relative to the first responder's critical injury benefit and establishing a committee to study soft tissue injuries for purposes of workers' compensation permanent impairment awards.

SB 411, relative to the merger of lots that are mortgaged and the restoration of involuntarily merged lots.

SB 466-FN, relative to the detention of youthful offenders at the youth development center.

SB 471-FN, relative to parking for persons with disabilities.

SB 495-FN-A, relative to the definition of a cigar bar.

SB 496-FN, relative to personal care attendant services.

SB 498-FN, relative to penalties for possession of certain controlled drugs.

SB 522-FN-A, making an appropriation to the office of professional licensure and certification for technology upgrades for the controlled drug prescription health and safety program and relative to the forfeiture of property.

SB 523-FN, relative to the controlled drug prescription health and safety program and establishing a commission to study requiring controlled drugs and controlled drug analogs to be provided in abuse-deterrent formulation.

SB 533-FN-A-L, relative to the governor's commission on alcohol and drug abuse prevention, treatment, and recovery and making supplemental appropriations to the commission, the New Hampshire housing finance authority, and the department of health and human services, bureau of drug and alcohol services.

REFUSAL TO ADOPT COMMITTEE OF CONFERENCE REPORT

SB 4, relative to eligibility to vote and relative to availability of voter information.

(Rep. Wolf in the Chair) ENROLLED BILL AMENDMENTS

SB 127-FN, relative to the appointment of special Medicaid representatives. (Amendment printed SJ 6/1/16)

Motion adopted.

SB 336, relative to the qualifications for obtaining a license to carry a concealed pistol or revolver. (Amendment printed SJ 6/1/16)

Motion adopted.

SB 383, establishing a commission to study and recommend improvements to the New Hampshire hiking trails network. (Amendment printed SJ 6/1/16) Motion adopted.

SB 406-FN, relative to classification of certain state employee positions and relative to the liquor commission. (Amendment printed SJ 6/1/16) Motion adopted.

SB 437, establishing a commission to address child hunger in New Hampshire. (Amendment printed SJ 6/1/16)

Motion adopted.

SB 458-FN, relative to reporting by political committees and relative to agreements to share voter information with other states. (Amendment printed SJ 6/1/16) Motion adopted.

SB 464-FN-A, establishing a statewide drug offender grant program, establishing drug courts or alternative drug offender programs in certain counties, making appropriations therefor, and transferring certain revenues to the revenue stabilization reserve account. (Amendment printed SJ 6/1/16) Motion adopted.

SB 482-FN-L, establishing a committee to study the effect of short-term rentals on municipalities. (Amendment printed SJ 6/1/16)

Motion adopted.

SB 483-FN, establishing the position of chartered public school program officer in the department of education. (Amendment printed SJ 6/1/16) Motion adopted.

SB 491-FN, relative to Medicaid home health care services and relative to the scope of practice of licensed nursing assistants. (Amendment printed SJ 6/1/16) Motion adopted.

SB 515-FN, relative to the child protection act. (Amendment printed SJ 6/1/16) Motion adopted.

SB 530-FN, establishing a commission to study volunteer health care services. (Amendment printed SJ 6/1/16)

Motion adopted.

SB 532-FN, relative to prior authorization for substance use treatment. (Amendment printed SJ 6/1/16)

Motion adopted.

SB 549-FN, relative to public-private partnerships for transportation infrastructure projects and establishing the public-private infrastructure oversight commission. (Amendment printed SJ 6/1/16)

Motion adopted.

(Rep. Hatch in the Chair) ENROLLED BILL AMENDMENT

SB 210-FN, relative to regulation of septic system evaluators. (Amendment printed SJ 6/1/16) Motion adopted.

RECESS

(Rep. Richardson in the Chair) ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 197, 430, 626, 1186, 1246, 1271, 1272, 1298, 1395, 1527, 1608 and 1651 and Senate Bills numbered 300, 329, 339, 361, 363, 364, 379, 387, 405, 419, 424, 429, 431, 438, 440, 444, 480, 487 and 521.

Rep. Hinch, Sen. Prescott for the Committee

RECESS

(Rep. Hinch in the Chair) ENROLLED BILL AMENDMENTS

HB 297, protecting individual customer data from disclosure by a public utility.

Amendment 2016-2126EBA

Amend RSA 363:37 as inserted by section 1 of the bill by replacing line 1 with the following: 363:37 Definitions. In this subdivision:

Amend RSA 363:37, II as inserted by section 1 of the bill by replacing lines 1-3 with the following: II. "Service provider" means a public utility, as defined by RSA 362:2; a competitive electricity

supplier, under RSA 374-F:7; an aggregator, as defined by RSA 53-E:2, II; a rural electric cooperative, under RSA 301:57; suppliers of natural gas, under RSA 362:4-b; and any other

Amend RSA 363:38, V(b) as inserted by section 1 of the bill by replacing line 7 with the following: access, use, destruction, modification, or disclosure, and to prohibit the use of the data for a secondary Motion adopted.

HB 512, prohibiting confiscation of firearms, ammunition, or firearms accessories during a state of emergency.

Amendment 2016-2045EBA

Amend RSA 4:46, I-a(c) as inserted by section 1 of the bill by replacing it with the following:

- (c) A law enforcement officer shall not be subject to disciplinary action or retaliation for refusing to confiscate a firearm, firearm accessory, ammunition, or ammunition component under this section if:
 - (1) Ordered or directed to do so by a superior officer; and
- (2) By obeying the order or direction, the law enforcement officer would be committing a violation of this section.

Amend RSA 644:8-g, V(c) as inserted by section 1 of the bill by replacing line 3 with the following: the body of the animal, where such penetration can be reasonably construed for the purpose of Amend RSA 651-B:1, IX(a) as inserted by section 2 of the bill by replacing line 2 with the following: 13 years of age or older but less than 18 years of age; RSA 633:2; RSA 633:3; RSA 633:7; RSA 639:3, III; RSA

Amend the bill by replacing section 3 with the following:

3 Effective Date. This act shall take effect January 1, 2017, at 12:01 a.m. Motion adopted.

RECESS

(Rep. Packard in the Chair) ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 280, 285, 378, 427, 606, 628, 1193, 1461, 1595, 1656, 1685 and 1697 and Senate Bills numbered 66, 129, 155, 203, 239, 310, 315, 319, 320, 324, 326, 342, 369, 384, 409, 466, 471, 495, 496, 498, 515 and 523. Rep. Hinch, Sen. Prescott for the Committee

RECESS

(Speaker Jasper in the Chair)

Rep. Hinch moved that the House adjourn. Motion adopted.

HOUSE JOURNAL NO. 16

Thursday, June 16, 2016

The House assembled at 10:00 a.m. and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Father Jason Jalbert, Director of the Office of Worship for the Diocese of Manchester.

Rep. Buco, member from Conway, led the Pledge of Allegiance.

The National Anthem was sung by the New England Youth Singers.

LEAVES OF ABSENCE

Reps. Ronald Belanger, Bridge, Chris Brown, Comtois, Emerson, Gagne, Kellogg, Lynne Ober, Priestley, Rappaport, Sanders and White, the day, illness.

Reps. Beaulieu, Berube, Crawford, Doucette, Flanders, Hagan, Ley, Douglas Long, Lovejoy, Massimilla, Russell Ober, Osborne, Peckham, Rouillard, Andrew Schmidt, Shattuck, Daniel Sullivan, Tamburello and Wright, the day, important business.

Rep. Booras, the day, illness in the family.

Rep. Robert Walsh, the day, death in the family.

INTRODUCTION OF GUESTS

Max Ledoux, guest of Rep. Cordelli. Janet Stevens, guest of Rep. Joanne Ward. David Coolidge, guest of Rep. Alan Turcotte. Jacob Brahm and Hamza Shahzad, guests of Rep. Simmons. Claire Hennessey, daughter of Rep. Erin Hennessey. Evelyn Seaworth, daughter of Rep. Seaworth. Joel Weinrebe, guest of Rep. LeBreche. Molly Horn, wife of Rep. Horn. Michelle and Brian Pearce, sister and brother-in-law of Rep. Weber. Robert Gillespie, and Carolee Longley, husband and guest of Rep. Wheeler. The Honorable Keith Hirschmann, former member from Manchester, guest of Rep. Infantine. The Honorable Robert L'Heureux, former member from Merrimack, guest of the Speaker.

HOUSE RESOLUTION 21

Honoring the victims of Orlando, Florida

WHEREAS, the New Hampshire House of Representatives learned with great sorrow of the tragic killings of club-goers at an Orlando night club this past weekend; and

WHEREAS, Tony award winner Lin-Manuel Miranda proclaimed hours later: "We rise and fall, and light from dying embers, remembrances that hope and love last longer and love is love is love is love is love is love solve is love is lo

WHEREAS, the New Hampshire House has a long-standing history of affirming its support for communities, states, and nations throughout the world, especially in times of distress; now, therefore, be it

RESOLVED, that the New Hampshire House of Representatives honors the victims of the shooting at Pulse nightclub and offers its condolences to the families and loved ones of the victims; and be it further **RESOLVED**, that the House of Representatives in regular session convened, stands with the community of Orlando, Florida and offers its support, love, and prayers.

Offered by the House of Representatives.

Reps. Hinch and Shurtleff moved that Resolution No. 21 be adopted.

Motion adopted.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the victims of the shooting in Orlando, Florida.

HOUSE RESOLUTION 22

Memorializing State Representative Marcia Moody of Newmarket

WHEREAS, we have learned with profound sorrow of the death of our friend and colleague Marcia G. Moody, who was serving her sixth term as a State Representative representing the citizens of Rockingham County District 17, the towns of Newfields and Newmarket; and

WHEREAS, Marcia Moody served with diligence and enthusiasm on the committees on Resources, Recreation, and Development and Election Law; and

WHEREAS, Marcia Moody worked for the Army and Air Force Exchange Service for 26 years which brought her to several countries where she experienced great opportunities such as skiing the Alps; and

WHEREAS, as an unabashed progressive who fought for causes she deeply believed in, The Nation magazine named Marcia Moody as its *Most Valuable State Legislator*; now, therefore, be it **RESOLVED**, by the House of Representatives in Regular Session convened, Marcia G. Moody be granted the highest praise and accolades and given our profound thanks for her service to her country, the state, and the town she called home, and that expressions of our most heartfelt sympathy be extended to all of her friends and loved ones.

Offered by the House of Representatives.

Reps. Shurtleff and Hinch moved that Resolution No. 22 be adopted. Motion adopted.

MOMENT OF SILENCE

A moment of silence was observed in honor and in memory of the Representative from Newmarket, the Honorable Marcia Moody.

MOTION TO SUSPEND HOUSE RULES

Late drafting and introduction having been approved by the Rules Committee, Reps. Hinch and Shurtleff moved that House Rules be so far suspended as to permit introduction and consideration at the present time, without the required printing, referral to committee, public hearing and report from committee, and, if passed, immediate third reading of HB 1000-FN-A, establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and making an appropriation therefor.

(Rep. Packard in the Chair)

Rep. Bates spoke against and yielded to questions.

The Speaker accepted the previous question and debate was limited.

Rep. Elliott spoke in favor.

Dumais, Russell

Eropar Valoria

Reps. Abramson and Sanborn spoke against.

Rep. Burt spoke against and yielded to questions.

Reps. Steven Smith, Infantine and Jasper spoke in favor and yielded to questions.

Rep. Hinch requested a roll call; sufficiently seconded.

Tilton, Franklin

CONSIDERATION OF HB 1000-FN-A

Rep. Hinch moved Ought to Pass.

Tucker, Pamela

Rep. Burt offered floor amendment (2174h).

Floor Amendment (2174h)

Amend the title of the bill by replacing it with the following:

Vose, Michael

AN ACT establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and making appropriations to the department of safety for purposes of the program and to the department of corrections for the purpose of paying increased county corrections costs resulting from the program.

Amend the bill by replacing section 6 with the following:

- 6 Appropriations; Department of Safety; Department of Corrections; Substance Abuse Enforcement Program; Correctional Costs.
- I. The sum of \$1,350,000 for the biennium ending June 30, 2017 is hereby appropriated to the department of safety, for the purpose of funding the substance abuse enforcement program under RSA 21-P:66.
- II. The sum of \$150,000 for the biennium ending June 30, 2017 is hereby appropriated to the department of corrections, for the purpose of funding distributions to the counties to pay for increased county corrections costs resulting from the substance abuse enforcement program under RSA 21-P:66.
- III.(a)(1) For the purposes of funding the appropriations made in paragraphs I and II, the governor shall identify excess appropriations from sums appropriated pursuant to 2015, 275 and 276, and shall transfer 1/2 of said sums to 2 separate accounting units as follows:
- (A) An accounting unit for enforcement activities, including grants to local and county agencies.
 - (B) An accounting unit for division of forensic science laboratory activities.

Bush, Carol

Duarte, Joe

Guthrie, Joseph

(2) The remaining 1/2 of said sums shall be transferred to the department of corrections. (b) Prior to making such transfers, the governor shall certify to the fiscal committee of the general court that any excess appropriations identified pursuant to this section are in addition to the projected lapses assumed during the adoption of the state operating budget for the biennium ending June 30, 2017. Any transfers made pursuant to this section shall not require the prior approval of the fiscal committee of the general court and the governor and council and shall not be subject to the provisions of RSA 9:16-a, 9:17-a, and RSA 9:17-c.

AMENDED ANALYSIS

This bill requires the commissioner of safety to establish a substance abuse enforcement program within the department of safety, division of state police, to assist state, county, and local law enforcement agencies in addressing the opioid crisis. The bill makes appropriations to the department of safety for the program and to the department of corrections for the purpose of paying increased county corrections costs resulting from the program.

Rep. Burt spoke in favor.

Rep. Kappler requested a roll call; sufficiently seconded.

Rep. Hinch, Sen. Prescott, for the Committee

The House reconvened at 1:30 p.m.

(Speaker Jasper in the Chair) CONSIDERATION OF HB 1000-FN-A (CONT'D)

The question now being adoption of the motion of Ought to Pass. Rep. Hannon offered floor amendment (2187h).

Floor Amendment (2187h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and making an appropriation therefor and relative to hypodermic syringes and needles containing residual amounts of controlled drugs.

Amend the bill by replacing all after section 6 with the following:

7 Sale of Hypodermic Syringes and Needles. RSA 318:52-c is repealed and reenacted to read as follows:

318:52-c Sale of Hypodermic Syringes and Needles.

- I. No person shall sell, furnish, or give to any person, under 18 years of age, an instrument commonly known as a hypodermic syringe, hypodermic needle, or any instrument adapted for the administration of drugs by injection without the written or oral prescription of a duly licensed physician, dentist, veterinarian, podiatrist, or advanced practice registered nurse. Such prescription shall contain the name and address of the patient, the date of the prescription, the description of the instrument prescribed, and the number of instruments prescribed.
 - II. The following conditions shall apply to all purchases of hypodermic syringes or needles:
- (a) Retailers and dispensers of hypodermic syringes, needles, or any instrument adapted for the administration of drugs by injection shall provide to each purchaser at the time of purchase information regarding the safe disposal of hypodermic syringes or needles, including local disposal locations or a telephone number to call for such information, if appropriate.

(b) Retailers and dispensers shall also provide purchasers with information on drug addiction

treatment, including a local telephone number to get assistance, if appropriate.

8 New Paragraph; Controlled Drug Act; Definition Added. Amend RSA 318-B:1 by inserting after paragraph XXIX the following new paragraph:

XXIX-a. "Residual amount" means an unusable amount of a controlled substance in or on a hypodermic syringe or needle.

9 Controlled Drug Act; Acts Prohibited. Amend RSA 318-B:2, IV(d) to read as follows:

- (d) The proximity of any residue of controlled substances, except for hypodermic syringes and needles with or without residual amounts;
- 10 Controlled Drug Act; Disposal of Controlled Drugs in Possession of Practitioner. Amend RSA 318-B:17-a to read as follows:
- 318-B:17-a Disposal of Controlled Drugs in Possession of Practitioner. No person other than the pharmacy board, its officers, agents, and inspectors is authorized to destroy any out-dated, deteriorated, excessive or otherwise unwanted or confiscated controlled drugs which are in the possession of a practitioner, veterinarian, pharmacy, peace officer, nursing home, manufacturer, wholesaler, clinic, or laboratory or hospital. No payment shall be made to any person or institution for any drug surrendered for destruction. A record shall be maintained which indicates the name, strength, and quantity of all drugs destroyed; the place and manner of destruction; the date and time destroyed; the name of the practitioner or institution surrendering the drugs; and the signature and title of the person witnessing destruction. Such records shall conform to any federal requirements and shall be open to inspection by all federal or state officers charged with the enforcement of federal or state controlled drug laws. *This section shall not apply to residual amounts in hypodermic syringes and needles*.
- 11 Controlled Drug Act; Penalties; Exception Added. Amend the introductory paragraph of RSA 318-B:26, I(c) to read as follows:
- (c) Except for residual amounts in hypodermic syringes and needles, in the case of a violation involving any of the following, a person may be sentenced to a maximum term of imprisonment of not more than 7 years, a fine of not more than \$100,000, or both. If any person commits such a violation after one or more prior offenses as defined in RSA 318-B:27, such person may be sentenced to a maximum term of imprisonment of not more than 15 years, a fine of not more than \$200,000, or both:
- 12 Repeal. RSA 318:52-d, recording and filing of prescriptions for hypodermic syringes and needles, is repealed.
 - 13 Effective Date.
 - I. Sections 3 and 5 of this act shall take effect July 1, 2017.
 - II. Sections 7-12 of this act shall take effect January 1, 2017.
 - III. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the commissioner of safety to establish a substance abuse enforcement program within the department of safety, division of state police, to assist state, county, and local law enforcement agencies in addressing the opioid crisis. The bill makes an appropriation for the program.

This bill also exempts residual amounts of controlled substances in hypodermic syringes and needles from the provisions of the controlled drug act. The bill also authorizes persons other than pharmacists to dispense hypodermic syringes and needles and allows them to be sold in retail establishments other than pharmacies.

Rep. Hannon spoke in favor.

Rep. Baldasaro requested a roll call; sufficiently seconded.

and floor amendment (2187h) failed.

The question being adoption of the motion of Ought to Pass. Rep. Hoell offered floor amendment (2188h).

Floor Amendment (2188h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and making an appropriation therefor and repealing the license requirement for carrying a concealed pistol or revolver.

Amend the bill by replacing all after section 6 with the following:

7 Pistols and Revolvers; License to Carry. Amend RSA 159:6 to read as follows: 159:6 License to Carry.

I.(a) The selectmen of a town, the mayor or chief of police of a city or a full-time police officer designated by them respectively, the county sheriff for a resident of an unincorporated place, or the county sheriff if designated by the selectmen of a town that has no police chief, upon application of any resident of such town, city, or unincorporated place, or the director of state police, or some person designated by such director, upon application of a nonresident, shall issue a license to such applicant authorizing the applicant to carry a loaded pistol or revolver in this state for not less than 4 years from the date of issue, if it appears that the applicant has good reason to fear injury to the applicant's person or property or has any proper purpose[, and that the applicant is a suitable person to be licensed], unless the applicant is prohibited by New Hampshire or federal statute from possessing a firearm. Hunting, target shooting, or self-defense shall be considered a proper purpose. The license shall be valid for all allowable purposes regardless of the purpose for which it was originally issued.

(b) The license shall be in duplicate and shall bear the name, address, description, and signature of the licensee. The original shall be delivered to the licensee and the duplicate shall be preserved by the people issuing the same for [4] 5 years. When required, license renewal shall take place within the month of the [fourth] fifth anniversary of the license holder's date of birth following the date of issuance. The license shall be issued within 14 days after application, and, if such application is denied, the reason for such denial shall be stated in writing, the original of which such writing shall be delivered to the applicant, and a copy kept in the office of the person to whom the application was made. The fee for licenses issued to residents of the state shall be \$10, which fee shall be for the use of the town or city granting said licenses; the fee for licenses granted to out-ofstate residents shall be \$100, which fee shall be for the use of the state. The director of state police is hereby authorized and directed to prepare forms for the licenses required under this chapter and forms for the application for such licenses and to supply the same to officials of the cities and towns authorized to issue the licenses. The form shall require no more information than was required on the state of New Hampshire application for pistol/revolver license, form DSSP 85, as revised in December 2009. No other forms shall be used by officials of cities and towns. The cost of the forms shall be paid out of the fees received from nonresident licenses.

II. No photograph or fingerprint shall be required or used as a basis to grant, deny, or renew a license to carry for a resident or nonresident, unless requested by the applicant.

III. The availability of a license to carry a loaded pistol or revolver under this section or under any other provision of law shall not be construed to impose a prohibition on the unlicensed transport or carry of a firearm in a vehicle, or on or about one's person, whether openly or concealed, loaded or unloaded, by a resident, nonresident, or alien if that individual is not otherwise prohibited by statute from possessing a firearm in the state of New Hampshire.

- 8 Pistols and Revolvers; Reciprocity. RSA 159:6-d is repealed and reenacted to read as follows: 159:6-d Reciprocity. The director of the division of state police shall negotiate and enter into reciprocal agreements with other jurisdictions to recognize in those jurisdictions the validity of the license issued under RSA 159:6. The director shall apply to every jurisdiction with which New Hampshire does not have a reciprocity agreement, at least once every 5 years to obtain recognition in those jurisdictions of the license issued under RSA 159:6. Any such agreement executed shall not expire unless an expiration date is required under the statutes of the reciprocal jurisdiction.
 - 9 Repeal. RSA 159:4, relative to requiring a license to carry a concealed pistol or revolver, is repealed. 10 Effective Date.
 - I. Sections 3 and 5 of this act shall take effect July 1, 2017.
 - II. Sections 7-9 of this act shall take effect 60 days after its passage.
 - III. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

- I. Requires the commissioner of safety to establish a substance abuse enforcement program within the department of safety, division of state police, to assist state, county, and local law enforcement agencies in addressing the opioid crisis. The bill makes an appropriation for the program.
 - II. Increases the length of time for which a license to carry a pistol or revolver is valid.
- III. Allows a person to carry a loaded, concealed pistol or revolver without a license provided such person is not otherwise prohibited by law.
- IV. Repeals the requirement to obtain a license to carry a concealed pistol or revolver. Rep. Hoell spoke in favor and requested a roll call; sufficiently seconded.

and floor amendment (2188h) failed.

MOTION TO RECONSIDER

Having voted with the prevailing side, Rep. Abramson moved that the House reconsider it action whereby, on a roll call vote of 100-214, the House failed to adopt floor amendment (2188h) on HB 1000-FN-A, establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and making an appropriation therefor.

Rep. Whitehouse requested a roll call; not sufficiently seconded.

On a division vote, with 81 members having voted in the affirmative, and 231 in the negative, the motion failed.

The question being adoption of the motion of Ought to Pass.

Rep. Hoell offered floor amendment (2189h).

Floor Amendment (2189h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and making an appropriation therefor and relative to school attendance in towns with no public schools.

Amend the bill by replacing all after section 6 with the following:

7 School Districts; Contracts With Schools. Amend RSA 194:22 to read as follows:

194:22 Contracts With Schools.

I. Any school district may make a contract with an academy, high school, private school, or other literary institution located in this or, when distance or transportation facilities make it necessary, in another state, to provide for the education of a pupil who resides in the district and raise and appropriate money to carry the contract into effect. If the contract is approved by the state board of education or the school board of the school district in which the pupil resides, the school with which it is made shall be deemed a high school maintained by the district.

II. If there is no public school for the child's grade in the resident district, the district may assign the child to another public school in another school district or to a private school which has been approved for attendance by the department of education.

III. Notwithstanding any provision of law to the contrary, a school board may make a contract with any private school to provide for the education of a pupil who resides in the school district, and may raise and appropriate money for the purposes of the contract, if the school district does not have a public school at the pupil's grade level and the school board decides it is in the best interest of the pupil.

8 School Districts; Tuition. Amend RSA 194:27 to read as follows:

194:27 Tuition. Any district not maintaining a high school or school of corresponding grade shall pay for the tuition of any pupil who with parents or guardian resides in said district, or who, as a resident of said district, after full investigation by the state board of education is determined to be entitled to have his or her tuition paid by the district where the pupil resides, and who attends an approved public high school [or], a public school of corresponding grade in another district [or], an approved public academy, or a private school which has been approved for attendance by the department of education. Except under contract as provided in RSA 194:22, the liability of any school district hereunder for the tuition of any pupil shall be the current expenses of operation of the receiving district for its high school, as estimated by the state board of education for the preceding school year. This current expense of operation shall include all costs except costs of transportation of pupils.

9 School Money; District Taxes; Estimates. Amend RSA 198:4 to read as follows:

198:4 Estimates. The school board of each district in its annual report shall state in detail the additional sums of money, if any, which will be required during the ensuing fiscal year for the support of the public schools, for the purchase of textbooks, scholars' supplies, flags and appurtenances, for the payment of the tuition of the pupils in the district in high schools [and], academies, or private schools in accordance with law, and for the payment of all other statutory obligations of the district.

10 New Paragraph; School Boards; Duty to Provide Education. Amend RSA 189:1-a by inserting

after paragraph III the following new paragraph:

- IV. Notwithstanding any provision of law to the contrary, a school board may make a contract with any private school to provide for the education of a pupil who resides in the school district, and may raise and appropriate money for the purposes of the contract, if the school district does not have a public school at the pupil's grade level and the school board decides it is in the best interest of the pupil.
 - 11 Effective Date.
 - I. Sections 3 and 5 of this act shall take effect July 1, 2017.
 - II. Sections 7-10 of this act shall take effect 60 days after its passage.
 - III. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the commissioner of safety to establish a substance abuse enforcement program within the department of safety, division of state police, to assist state, county, and local law enforcement agencies in addressing the opioid crisis. The bill makes an appropriation for the program.

This bill also allows a school district to assign a child to another public school in another school district or to an approved private school if there is no public school for the child's grade in the child's resident district. The bill also allows a school board to make a contract with a private school to provide for the education of a child who resides in a district which does not have a public school at the child's grade level.

Rep. Hoell spoke in favor and requested a roll call; sufficiently seconded.

Gagnon, Raymond Laware. Thomas

Gottling, Suzanne O'Hearne, Andrew

The question being adoption of the motion of Ought to Pass.

Rep. Rideout offered floor amendment (2190h).

Floor Amendment (2190h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and making an appropriation therefor and including a fetus in the definition of "another" for the purpose of certain criminal offenses.

Amend the bill by replacing all after section 6 with the following:

7 Homicide; Capital Murder. Amend RSA 630:1, IV to read as follows:

IV. As used in this section [and RSA 630:1-a, 1-b, 2, 3 and 4], the meaning of "another" [does] shall not include a [foetus] fetus.

8 New Paragraphs; First Degree Murder; Definition of Another; Exemption for Abortion, Amend RSA 630:1-a by inserting after paragraph III the following new paragraphs:

IV. For the purposes of this section and RSA 630:1-b, RSA 630:2, RSA 630:3, and RSA 630:4, the meaning of "another" shall mean another person, or a fetus as defined in subparagraph V(b).

- V.(a) Nothing in this section or RSA 630:1-b, RSA 630:2, RSA 630:3, or RSA 630:4 shall apply to any act committed by the woman pregnant with the fetus, to any medical procedure, including abortion, performed by a physician or other licensed medical professional at the request of the pregnant woman or her legal guardian, or to the lawful dispensation or administration of lawfully prescribed medication. For the purposes of this section and RSA 630:1-b, RSA 630:2, RSA 630:3, or RSA 630:4, "abortion" means the act of using or prescribing any instrument, medicine, drug, or any other substance, device, or means with the intent to terminate the clinically diagnosable pregnancy of a woman with knowledge that the termination by those means will, with reasonable likelihood, cause the death of the fetus. Such use, prescription, or means is not an abortion if done with the intent to save the life or preserve the health of a fetus, or to remove a dead fetus caused by spontaneous abortion, or to remove an ectopic pregnancy.
- (b) In this section, "fetus" means an unborn offspring, from the embryo stage which is the end of the eighth week after conception or, in the case of in vitro fertilization, the end of the eighth week after implantation, until birth.
 - 9 Effective Date.
 - I. Sections 3 and 5 of this act shall take effect July 1, 2017.
 - II. Sections 7-8 of this act shall take effect January 1, 2017.
 - III. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the commissioner of safety to establish a substance abuse enforcement program within the department of safety, division of state police, to assist state, county, and local law enforcement agencies in addressing the opioid crisis. The bill makes an appropriation for the program.

This bill provides that a fetus shall be included in the definition of "another" for the purpose of first and second degree murder, manslaughter, negligent homicide, and causing or aiding suicide.

Rep. Rideout spoke in favor.

Rep. Kappler requested a roll call; sufficiently seconded.

Oxenham, Lee Smith, Steven and floor amendment (2190h) failed.

The question being adoption of the motion of Ought to Pass. Rep. Hannon offered floor amendment (2193h).

Floor Amendment (2193h)

Amend the bill by replacing all after section 2 with the following:

- 3 New Subparagraph; Administrative Procedures Act; Exceptions. Amend RSA 541-A:21, I by inserting after subparagraph (hh) the following new subparagraph:
 - (ii) RSA 21-P:67, relative to the substance abuse enforcement program.
 - 4 Appropriation; Department of Safety; Substance Abuse Enforcement Program.
- I. The sum of \$1,500,000 for the biennium ending June 30, 2017 is hereby appropriated to the department of safety, for the purpose of funding the substance abuse enforcement program under RSA 21-P:66.
- II.(a) For the purposes of funding the appropriation made in paragraph I, the governor shall identify excess appropriations from sums appropriated pursuant to 2015, 275 and 276, and shall transfer said sums to 2 separate accounting units as follows:
- (1) An accounting unit for enforcement activities, including grants to local and county agencies.
 - (2) An accounting unit for division of forensic science laboratory activities.
- (b) Prior to making such transfers, the governor shall certify to the fiscal committee of the general court that any excess appropriations identified pursuant to this section are in addition to the projected lapses assumed during the adoption of the state operating budget for the biennium ending June 30, 2017. Any transfers made pursuant to this section shall not require the prior approval of the fiscal committee of the general court and the governor and council and shall not be subject to the provisions of RSA 9:16-a, 9:17-a, and RSA 9:17-c.
 - 5 Repeal. The following are repealed:
 - I. RSA 21-P:66 through RSA 21-P:67, relative to the substance abuse enforcement program.
- II. RSA 541-A:21, I(ii), relative to a rulemaking exception for the substance abuse enforcement program.
 - 6 Effective Date.
 - I. Section 5 of this act shall take effect July 1, 2017.
 - II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the commissioner of safety to establish a substance abuse enforcement program within the department of safety, division of state police, to assist state, county, and local law enforcement agencies in addressing the opioid crisis. The bill makes an appropriation for the program.

The provisions of this bill are repealed on July 1, 2017.

Rep. Hannon spoke in favor.

On a division vote, with 93 members having voted in the affirmative, and 222 in the negative, floor amendment (2193h) failed.

The question being adoption of the motion of Ought to Pass. Rep. Victoria Sullivan offered floor amendment (2194h).

Floor Amendment (2194h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and making an appropriation therefor and relative to drug take-back programs.

Amend the bill by replacing all after section 6 with the following:

7 Controlled and Noncontrolled Drug Take-Back Programs. Amend the chapter heading of RSA 318-E to read as follows:

CHAPTER 318-E

CONTROLLED AND NONCONTROLLED

[PHARMACEUTICAL] DRUG TAKE-BACK PROGRAMS

8 Controlled and Noncontrolled Drug Take-Back Programs. Amend RSA 318-E:1 to read as follows: 318-E:1 [Pharmaceutical] Drug Take-Back Programs Authorized.

I. A local, county, regional, state, or other governmental entity or private entity in conjunction with the chief law enforcement officer of a law enforcement agency may establish a controlled and noncontrolled pharmaceutical [drug] and illicit drug and drug paraphernalia take-back program. For the purposes of this chapter, ["pharmaceutical drug"] "drug" means a prescription or over-thecounter drug, including, but not limited to, controlled drugs as defined in [this chapter] RSA 318-B and any illicit drugs such as cocaine, heroin, and paraphernalia.

I-a. A registered pharmacy may establish a controlled and noncontrolled pharmaceutical drug take-back program provided it complies with the United States Drug Enforcement Administration

regulations, 21 C.F.R. part 1300 et seq.

II. A [pharmaceutical] drug take-back program established by a local, county, regional, state, or other governmental entity or private entity shall enable individuals [with dispensed drugs] to voluntarily return the unused drugs for collection, storage, and disposal in accordance with applicable state and federal statutes and regulations without penalty and with amnesty.

III. The department of justice, in consultation with the pharmacy board, the department of safety, and the department of environmental services shall establish rules, pursuant to RSA 541-A, for the collection, storage, and disposal of collected drugs in accordance with applicable state and federal statutes and regulations.

IV. The disposal requirements for controlled drugs stipulated in RSA 318-B:17 shall not apply to controlled and noncontrolled drugs collected in accordance with this section.

V. Nothing in the implementation of a [pharmaceutical] drug take-back program shall require, at the place of collection, any individual who is returning drugs to disclose his or her personal identification in order to return unused drugs.

VI. [Pharmaceutical] Drug take-back programs established under this chapter may accept public and private grants and donations of money for the purpose of covering the costs of such programs, including, but not limited to public funds appropriated for this purpose and a fee from participating individuals returning unused pharmaceuticals].

VII. Persons who return drugs or paraphernalia may be provided with the opportunity to speak with an employee, staff member, or volunteer who shall aid them in finding suitable rehabilitation assistance.

9 Effective Date.

- I. Sections 3 and 5 of this act shall take effect July 1, 2017.
- II. Sections 7 and 8 of this act shall take effect January 1, 2017.
- III. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the commissioner of safety to establish a substance abuse enforcement program within the department of safety, division of state police, to assist state, county, and local law enforcement agencies in addressing the opioid crisis. The bill makes an appropriation for the program.

This bill also adds illicit drugs and drug paraphernalia to the drug take-back programs. Under this bill, the drug take-back program may have an on site employee, staff member, or volunteer to offer aid to the persons returning the drugs in finding suitable rehabilitation assistance.

Rep. Victoria Sullivan spoke in favor.

On a division vote, with 101 members having voted in the affirmative, and 213 in the negative, floor amendment (2194h) failed.

MOTION TO SUSPEND HOUSE RULES

Rep. Phillips moved that House Rules be so far suspended as to allow consideration of floor amendments to HB 1000-FN-A that are non-germane.

Rep. Phillips requested a roll call; sufficiently seconded.

RESOLUTION

Reps. Hinch and Shurtleff offered the following: RESOLVED, that House Bill 1000-FN-A be read by title only and that it be read a third time by this resolution, and that its title be the same as adopted, and that it be passed at the present time.

Motion adopted.

Third Reading and Final Passage

HB 1000-FN-A, establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and making an appropriation therefor.

GOVERNOR'S VETO MESSAGE ON HB 512

"By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 9, 2016, I have vetoed House Bill 512, prohibiting the confiscation of firearms, ammunition, or firearms accessories during a state of emergency. "Current New Hampshire law, RSA 4:46, already makes clear that the state cannot confiscate firearms and ammunition as a result of a state of emergency. This bill had two main components. The first added 'firearms accessories' to the items that could not be confiscated – a change that I would have signed into law. The second provision

would subject members of law enforcement, members of the National Guard and even private security officers to personal civil penalties and lawsuits. This provision has raised serious concerns with the New Hampshire Association of Chiefs of Police and the New Hampshire Police Association, and it is because of those concerns that I am vetoing House Bill 512. "In a letter, the New Hampshire Association of Chiefs of Police wrote: 'This legislation endangers the safety of New Hampshire citizens and broadly overextends the State's influence on local control. This bill restricts the taking of firearms, firearm accessories, ammunition, or ammunition components during a declared state of emergency. It does not offer an exception for seizure of firearms or ammunition if they are used in the commission of a crime or part of a protective order. Furthermore, this legislation infringes on local control by legislating specific corrective and disciplinary actions historically held by the local government.' "In a state of emergency, there may still be reasons - violation of a domestic violence restraining order or criminal activity, for instance - that demand the lawful seizure of a weapon. Police officers should not fear that if they follow lawful orders during a state of emergency that they will be subject to personal lawsuits and personal fines, which could be thousands of dollars. Even if, and when, a civil court ultimately finds that they were acting in accordance with the law in a particular case, the police officer may still incur significant personal costs in defending themselves. "Current law already provides remedies, including compensation to individuals, for property taken during a state of emergency. There is no compelling reason to subject individual members of law enforcement to civil penalties, including fear of losing their lifesavings or home for doing their job appropriately and exercising their lawful duty to maintain public safety. Therefore, I have vetoed House Bill 512."

Respectfully submitted, Margaret Wood Hassan, Governor

Smith, Gregory

The question being, notwithstanding the Governor's veto, shall HB 512, prohibiting confiscation of firearms, ammunition, or firearms accessories during a state of emergency, become law? Rep. Cushing spoke against.

Rep. Hoell spoke in favor.

Estevez, Eric

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

GOVERNOR'S VETO MESSAGE ON HB 533

"By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 9, 2016, I have vetoed House Bill 533, relative to installation requirements for arc-fault circuit interrupters. "Arc-fault protection is a significant advancement in electrical system technology that helps prevent fires from overheated and arcing wires, potentially saving lives and preventing property loss. House Bill 533 would allow an exemption to the use of arc-fault circuit interrupters after repeated tripping and after determination that the branch circuit is the not cause. However, this bill does not take into consideration what the actual cause of the nuisance tripping is, potentially reducing the level of fire protection in homes and threatening public safety. "Arc-fault protection can reduce the chance of an electrical fire occurring. Simply switching the arc-fault protection to another device without this protection against fires - without understanding the root cause of the electrical system issues - takes away from New Hampshire families an important protection of the electrical code that works and helps save lives. "Additionally, New Hampshire has established a State Building Code Review Board to ensure the technical expertise of professionals is an important part of our process when considering changes to the building code. That process was not

followed in this case, and in fact, the Building Code Review Board opposes this legislation. "The State Fire Marshal, the New Hampshire State Building Code Review Board, the New Hampshire Building Officials Association, the International Brotherhood of Electrical Workers Local 490, the Electrical Safety Foundation International, the National Electrical Manufacturers Association, the National Fire Protection Association and dozens of advocates who have been victims of severe and debilitating burns have expressed opposition to this bill, rejecting the need to scale back successful technology that help save lives. "Because this measure could jeopardize the safety of our families, I have vetoed House Bill 533."

Respectfully submitted, Margaret Wood Hassan, Governor

Murotake, David

McCarthy, Peggy

Pierce, David

Shaw, Barbara

Zaricki, Nick

Twombly, Timothy

The question being, notwithstanding the Governor's veto, shall **HB 533**, relative to installation requirements for arc-fault circuit interrupters, become law?

SENATE MESSAGES CONCURRENCE

HB 1000-FN-A, establishing a state grant program to assist state and local law enforcement agencies in addressing the opioid crisis and making an appropriation therefor.

HOUSE DECLARATION

Let it be known that the New Hampshire House of Representatives, on this very special occasion, publicly does grant its hearty and sincere congratulations to Garry Rayno in recognition of his many years of journalistic excellence in covering the NH State House.

Whereas, Garry Rayno has provided the people of New Hampshire with a fair and accurate accounting of the business of the New Hampshire legislature; and

Whereas, he has covered Granite State politics as a reporter for the Argus Champion, Foster's Democrat and, most recently as the Senior State House correspondent for the Manchester Union Leader; and

Whereas, Garry Rayno is widely respected throughout New England for his coverage of both state and federal politics; and

Whereas, Garry Rayno has been a valuable State House presence having covered every New Hampshire governor since John King; and

Whereas, Garry Rayno's skills as a reporter and writer, as well as his ability to build trust with all legislators will be sorely missed in the State House pressroom; so be it

Declared, that the New Hampshire House of Representatives, by virtue of the Speaker's signature inscribed below, extends its highest accolades and plaudits to Garry Rayno for his outstanding coverage of the State House and New Hampshire politics, and offers its very best wishes for a happy, healthy, and well-deserved retirement.

Offered on behalf of the New Hampshire House of Representatives on this 16th Day of June, 2016. Shawn N Jasper, Speaker of the House

GOVERNOR'S VETO MESSAGE ON HB 582-FN

"By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on May 27, 2016, I have vetoed House Bill 582, repealing the license requirement for carrying a concealed pistol or revolver. "As I said when I vetoed nearly identical legislation last year, New Hampshire's current concealed carry permitting law has worked well for nearly a century – safe-guarding the Second Amendment rights of our citizens while helping to keep the Granite State one of the safest states in the nation. It is a permitting system that gives an important oversight role to

local law enforcement while ensuring that an appeal process is in place if a permit is denied, a law that Republican Governor Mel Thomson said was 'a sensible handgun law.' Not only has the current law worked well, I also continue to share the public safety concerns of law enforcement and citizens across New Hampshire about removing the protections that the licensing process offers. "I also continue to support the Second Amendment and the right of Americans to responsibly own guns for personal safety, hunting, and recreation, but as the late Justice Antonin Scalia reaffirmed in the 2008 Supreme Court case of District of Columbia v. Heller, states also have the ability to responsibly and appropriately regulate the concealed carry of firearms. "Nothing has changed since last year's attempt to repeal the license requirement for carrying a concealed firearm – our current law continues to work well, public safety officials have the same concerns and the elimination of this responsible, common-sense law would still compromise the safety of our citizens. Therefore, I have vetoed House Bill 582."

Respectfully submitted, Margaret Wood Hassan, Governor

Pierce, David

The question being, notwithstanding the Governor's veto, shall **HB 582-FN**, repealing the license requirement for carrying a concealed pistol or revolver, become law? Rep. DiSesa spoke against.

(Rep. Packard in the Chair)

Rep. Hoell spoke in favor.

Ohm, Bill

(Speaker Jasper in the Chair)

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

GOVERNOR'S VETO MESSAGE ON HB 1208-FN

"By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on May 6, 2016, I have vetoed House Bill 1208, relative to administration of the tobacco tax. "This bill makes technical changes to the tobacco tax laws, as administered by the Department of Revenue, including changing and adding certain definitions and removing references to metering machines. It also clarifies activities that constitute unauthorized sales of tobacco products and makes records of tobacco stamps sold and tobacco products distributed required taxpayer records. "The primary purpose of this bill was to make technical changes at the request of the Department of Revenue Administration, changes that are important for the Department's administration of tax law. But the negatives of one provision outweigh the benefits of these technical changes. House Bill 1208 would also expand the definition of 'premium cigar' to include those that wholesale for less than two dollars, thereby exempting low-priced cigars from State tobacco taxes. As a matter of public health and fairness, I have proposed requiring parity for tobacco products during the last two budget cycles, but this bill would move in the opposite direction by expanding the exemption for premium cigars. Because cutting tobacco taxes is detrimental to public health, the American Cancer Society Cancer Action Network opposes measures such as this. "While this bill makes important clarifying changes to tobacco tax laws for the Department of Revenue Administration, those changes are outweighed by its negative health and fiscal impacts. In the interest of public health and fiscal responsibility for the State's budget, I have vetoed House Bill 1208."

Respectfully submitted, Margaret Wood Hassan, Governor

The question being, notwithstanding the Governor's veto, shall **HB 1208-FN**, relative to administration of the tobacco tax, become law?

Rep. Ames spoke against.

Rep. Abrami spoke in favor.

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

GOVERNOR'S VETO MESSAGE ON HB 1266

"By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on May 31, 2016, I have vetoed House Bill 1266, relative to legalizing firecrackers. "Ensuring the health and safety of citizens is the first responsibility of state government. In New Hampshire we

have a long tradition of a balanced regulatory approach when it comes to our fireworks industry, an approach that focuses on minimizing risk to public safety and protecting all citizens' quality of life. Our current approach prohibits the sale and use of firecrackers, and none of the proponents of this bill made a compelling argument for changing current law. House Bill 1266 repeals the prohibition on the sale and use of firecrackers in the State of New Hampshire, and in doing so, threatens our tradition of carefully balancing public safety with public access to this industry. "The New Hampshire Association of Fire Chiefs and the New Hampshire Fire Marshal's Office oppose House Bill 1266, and I share their public safety concerns. According to estimates by the U.S. Consumer Product Safety Commission, firecrackers have previously accounted for up to 20 percent of all fireworks-related injuries nationwide. Additionally, because of their small size, firecrackers can also be used to create panic in a crowd, potentially resulting in disastrous consequences. "It is unnecessary to change current law — which already provides public access to fireworks while aiming to minimize public safety risks — by repealing a prohibition on some of the most dangerous types of fireworks. Because of the threat it poses to public safety, high risk of injury and the potential disruption to other citizens, I have vetoed House Bill 1266."

Respectfully submitted, Margaret Wood Hassan, Governor

Fraser, Valerie

The question being, notwithstanding the Governor's veto, shall **HB 1266**, legalizing firecrackers, become law?

Rep. Hirsch spoke against.

Aldrich, Glen

Rep. Abramson spoke in favor.

Pursuant to the New Hampshire Constitution, Part II, Article 44, a roll call, requiring a two-thirds vote of the House for approval, was taken.

PRIVILEGE OF THE HOUSE

Rep. Groen arose for a privilege of the House.

The Speaker asked the member to suspend until the vetoes concluded.

GOVERNOR'S VETO MESSAGE ON HB 1637-FN

"By the authority vested in me, pursuant to part II, Article 44 of the New Hampshire Constitution, on June 9, 2016, I have vetoed House Bill 1637, relative to school attendance in towns with no public schools. "House Bill 1637 diverts taxpayer money to private and religious schools with no accountability or oversight, a clear violation of the New Hampshire Constitution, which states, '... no money raised by taxation shall ever be granted or applied for the use of the schools of institutions of any religious sect or denomination.' Not only is the bill unconstitutional, it also has no mechanism to ensure a student's constitutional right to the opportunity to receive an adequate education and would undermine the state's efforts to ensure a strong and robust public education system for all New Hampshire students. "Under current New Hampshire law, public schools are required to provide the opportunity for an adequate education, as defined by the Legislature, and are held accountable through laws and rules that require monitoring and review by the Department of Education. Additionally, as required by statute and as a result of Supreme Court decisions requiring a statewide education accountability system, New Hampshire schools are required to participate in the Statewide Educational Improvement and Assessment Program. If House Bill 1637 is enacted, public funds would be used to send students to private schools - which are only approved by the Department of Education for attendance and not curriculum, without the same accountability standards as the public schools - violating the requirements of state law and the state Constitution. "In addition, House Bill 1637 interferes with tuition agreements between school districts throughout the state and potentially removes voters from the approval process for those agreements. It allows school districts that do not have public schools for every grade level to assign a student to or enter into a contract with a private school, but this is not necessary, because under current New Hampshire law, school districts that do not have their own public school are able to enter into tuition agreements with other school districts - many of which are multi-year contracts. It is common practice for these tuition agreements to go before the town voters to approve the terms of the contract - a provision not provided for in this proposed law. "The National Education Association, the New Hampshire School Administrators Association and the New Hampshire School Boards Association all opposed this legislation. The National Education Association wrote, 'The bill creates an unlimited and unregulated local voucher

program with enormous opportunities for discrimination and inequality,' and the school administrators wrote, 'This proposed law is substantially flawed and would expose the school districts and their citizens to likely costly litigation.' "House Bill 1637 clearly violates the explicit language of New Hampshire's Constitution. It also would undercut every New Hampshire public school student's constitutional right for the opportunity for an adequate education, with strong accountability from the school. Because it is unconstitutional, undermines our efforts to ensure a strong and robust public education system for all New Hampshire students and interferes with tuition agreements between school districts throughout the state, I have vetoed House Bill 1637."

Respectfully submitted, Margaret Wood Hassan, Governor

ADJOURN FROM THE EARLY SESSION

Rep. Hinch offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time. Motion adopted.

UNANIMOUS CONSENT

Rep. Hess requested Unanimous Consent of the House regarding reflections on not returning and addressed the House.

MOTION TO PRINT REMARKS

Rep. Kurk moved that the remarks made by Rep. Hess be printed in the Permanent Journal. Without objection, the Speaker ordered.

REMARKS

Representative Hess: Thank you, Mister Speaker.

Speaker Jasper: Member will suspend. The House will be in order. I don't know how else I can ask you to please exit the hall quietly and be respectful of the member who wishes to be heard? Please. Representative Hess: Thank you, Mister Speaker. Mister Speaker, I share fully in the sentiment of those who wish to exit this chamber as quickly as possible and after a very long session which has accomplished very little. Let me say that first of all as many of you probably know, I have made a decision not to return. With you, a year ago December, I raised my right hand and swore my oath. Unlike all but a handful of you, it was the 13th time I had done that. I have sat in this chamber for 25 years. If that sounds like a long time, let me make it sound longer. I have been a member of this House for a quarter of a century. I've learned a lot of things in those 25 years, which started in 1987. For example, I know how many lightbulbs there are in this chamber. Does anyone else? If you count just the lightbulbs on the walls and on the ceiling, there are 110. But, that is only a fraction because you also have to count the three lightbulbs in the 400 seats reflecting our voting machines. So there are actually 1310 lightbulbs in this chamber. I've thought often about that and wondered if anyone else had. Apparently, you haven't. I also know that there is only one person

who has two of his portraits in this building. Does anyone else know who that is? Governor Nat Head, who happens to be the only Governor ever to have been born, raised and died in Hooksett. I have learned a few other things. First of all, being in the House is a rollercoaster ride. You win a few, you lose a few, etc. but there are some truths I think I would like to share with you and some reflections. First of all, this institution is not a chamber. It is not an inanimate object of mortar and granite and wood and plaster. It's a living, breathing body politic. For it to survive and prosper, it needs to be respected, it needs to be honored, its traditions need to be nurtured and indeed it needs to be loved. If not by us, by whom? And if not now, when? Second thought I want to leave you with is respect. The most important thing that you as a legislator can do in this chamber is to respect all of the other 399 legislators. That is a tradition of the chamber that strongly and most deeply needs to be preserved. Not just for altruistic voters or reasons because it's nice to respect other people, but for purely crass political motives because your biggest enemy in the last bill that you either beat or lost to is going to be your most important ally in the next bill and you don't want that person to be p.o.'d at you because of the way you treated them in the previous debate. Respect is the second thing I want you to keep in mind. The third thing is to preserve, protect and defend. Protect the traditions of the House. Preserve the integrity of the House and more importantly, perhaps, do the same thing for yourself. The most valuable asset you, as a member, have is your credibility, your reputation for honesty and integrity and straight playing. I had a mentor, the best trial lawyer in New Hampshire for over 30 years, Stanley Brown from Bradford, who taught me that no case, in this case no bill, no cause, no principle, no special interest, is worth sacrificing your integrity and your credibility and your reputation. Never do that because once you lose it, it's almost impossible to gain it back. Fourthly, keep your sense of humor. Keep your sense of humor and remember you're not as important as you think you are. In fact, none of us are as good a speaker or as good as legislator or as effective or as important as we think we are. No one is indispensable. We're all going to be replaced. Two thirds of us are going to be replaced by better people than we are so don't pat yourself on the back when you win, don't go home and have an extra drink when you lose. That's a lot of serious stuff, but I have to close with a little bit of humor, which we haven't had too much of today. My first foray into politics in New Hampshire was in the 1963 Presidential Primary when as a college senior I worked for Nelson Rockefeller. Now, that is 53 years ago, two-thirds of my life or more. As I said, I have spent a quarter of a century in this chamber. The entire time, both in the House and in active politics, was as a registered, formal Republican, but now I have decided that it is time to come out of the closet. So I would like to share with you this t-shirt that I got a couple of months ago. It reads, in case you can't read it far enough, "Bernie is my comrade." It celebrates a 100 years of sharing the wealth starting in 1917 and goes back even further to Marx and Engel. So let me just close these remarks by repeating what Edward R. Murrow made so famous in his broadcast in London, "Goodnight and goodbye."

UNANIMOUS CONSENT

Rep. Oxenham requested Unanimous Consent of the House regarding the Orlando shootings and addressed the House.

MOTION TO PRINT REMARKS

Rep. Hirsch moved that the remarks made by Rep. Oxenham be printed in the Permanent Journal. Motion adopted.

REMARKS

Representative Oxenham: Thank you, Mister Speaker. Thank you all. We are the representatives of the people of New Hampshire and we were sent here to act on their behalf, not to provide yet another resolution or 10-seconds of silence in the face of yet another mass shooting and a catastrophic loss of life. The people of this state and across the nation are calling for action. We need common sense, practical reforms that address our national epidemic of gun violence. We need limits on military-grade weaponry in the hands of civilians, limits on the size of automatic ammunition magazines, expanded background checks and an end to the gun show and internet loopholes that threaten public safety. We have not acted in this session. We must do so in the next. Thank you.

UNANIMOUS CONSENT

Rep. Itse requested Unanimous Consent of the House regarding an apology.

UNANIMOUS CONSENT

Rep. Kaen requested Unanimous Consent of the House regarding the passing of a former member.

RECESS MOTION

Rep. Hinch moved that the House stand in recess for the purposes of receiving Senate messages, enrolled bill amendment, enrolled bill reports and veto messages from the Governor, at the completion of which the House will stand adjourned to the Call of the Chair.

Motion adopted.

The House recessed at 4:45 p.m.

RECESS

(Rep. Packard in the Chair) ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills numbered 458 and 1428.

Rep. Hinch, Sen. Bradley for the Committee

COMMUNICATION

June 23, 2016

Dear Speaker Jasper and House Colleagues:

It is with mixed feelings that I submit my letter of resignation to you for my Rockingham County District 17 seat in the New Hampshire House of Representatives. It has been an honor to serve the great people of Newmarket, Newfields, and New Hampshire for the past biennium, and, on the whole, the past three terms. My wife and I are ever grateful to all who were there for us at the loss of our identical twin sons, Logan & Archer, and to those smiling at this year's session-day visit of their younger sisters, Arabella & Ainsley, as our family evolves. All of our children are extending hugs and high fives in appreciation.

I wish the members and staff a very safe and wonderful summer.

Thank you,

Adam Robert Schroadter NH House of Representatives Rockingham County District 17

RECESS

(Rep. Hinch in the Chair) ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bill numbered 1000.

Rep. Hinch, Sen. Prescott for the Committee

SENATE MESSAGE

The Senate has voted to sustain the Governor's veto on the following Bills:

SB 320, relative to non-academic surveys administered by a public school to its students.

SB 324, eliminating the land use board and requiring approval of federal land acquisitions by the governor and executive council.

SB 336, relative to the qualifications for obtaining a license to carry a concealed pistol or revolver.

SB 381, relative to the combustion of the wood component of construction and demolition debris.

SB 403, relative to the sale of gift certificates with expiration dates.

SB 446, relative to requirements of the state building code.

SB 495-FN-A, relative to the definition of a cigar bar.

COMMUNICATION

June 25, 2016 Via Email

Dear Paul,

As previously discussed, my wife and I are moving to Portsmouth and I will, regrettably have to resign my seat, representing Hillsborough 30 - Nashua Ward 3.

It has been a wonderful experience representing my neighbors, the community and the state and I am grateful for the opportunity to serve.

We are moving on June 30 and the resignation will take effect on that date.

Regards,

Alan Cohen

Representative, Hillsborough 30 - Nashua Ward 3

COMMUNICATION

August 4, 2016 The Honorable Shawn Jasper Speaker of the House Room 311 107 North Main Street Concord, NH 03301

Dear Speaker Jasper,

It has been an honor to serve in the New Hampshire House of Representatives for the communities of Dover Ward 5, Ward 6 and of Somersworth Ward 2. I have accepted full-time employment and must submit my resignation effective August 18th.

Serving the people of New Hampshire as a Representative in our esteemed State House has been one of the most rewarding experiences of my life.

Thank you.

Sincerely,

Catherine Cheney

State Representatives

COMMUNICATION

August 20, 2016 Via Email

Dear All,

With regret, I must submit my resignation as state representative for Strafford District 16, Ward 4 Dover effective September 1st, 2016.

It has truly been an honor for me to serve in the New Hampshire House of Representatives, and I am proud to have worked with so many caring and giving representatives on both sides of the aisle. After spending almost 30 years in public service in the state, I will be leaving New Hampshire at the end of August to be closer to my sons and other family members in the New York Metropolitan area. I had originally wanted to wait until my term ended in December, but the timing of the move didn't work out that way.

Thank you, Paul for your expertise, for your deep knowledge base, and for your incredibly remarkable memory – you know all of our names in barely two weeks' time.

Thank you, Mr. Speaker, for your political courage and fortitude in the way you stood up to those members who tried to bully their way into disrupting the business of the House. They did not prevail. And thank you, Steve, for your friendship, guidance and leadership these past two years. One true regret I have is that I will not be part of the 165th General Court.

May the wind always be at your back, and may the road rise up to meet you.

Sincerely,

Len DiSesa

RECESS

OUTSTANDING BILLS

At the time of adjournment from the 2016 session, the following bills were not signed off in Committee of Conference.

HB 602-FN, relative to the use of drones.

HB 668-FN, relative to application of the Internal Revenue Code to provisions of the business profits tax.

HB 1182-FN, making an appropriation to the office of professional licensure and certification for technology upgrades for the controlled drug prescription health and safety program.

HB 1404-FN, relative to certain positions in the insurance department.

HB 1660-FN-L, relative to appraisals of residential property, a residential owner option in a partial taking, and relocation, temporary housing, and legal expenses in eminent domain proceedings for gas pipelines; relative to intervention by the site evaluation committee in such proceedings; and relative to expenditures from the energy efficiency fund.

HB 1661-FN, relative to conversion therapy seeking to change a person's sexual orientation.

HB 1695-FN, relative to a health system public data resource for New Hampshire and establishing a special fund, relative to cost effectiveness of programs implemented within state agencies, relative to the use of the lakes region facility property for substance abuse treatment and recovery programs, and relative to record management of abuse and neglect reports.

SB 301, relative to the consumption of liquor at sports complexes and relative to sales and samples provided by wine manufacturers.

SB 402, relative to procedures for determining and disclosing exculpatory evidence in a police officer's personnel file.

SB 527-FN-A, transferring funds from the general fund to the police standards and training council training fund, making an appropriation to the police standards and training council, making an appropriation to the department of safety for the purchase of state police cruisers, and permitting employers to pay wages to employees weekly or biweekly.

At the time of adjournment from the 2016 session, the following bills remained laid on the table in the House:

HB 240, prohibiting law enforcement agencies from using a drone to collect evidence.

HB 475, prohibiting the state from engaging in acts of civil forfeiture.

HB 1112, relative to subdivision of land.

HB 1126, limiting the authority of delegates to Article V conventions.

HB 1134, relative to open access to broadband infrastructure.

HB 1143, relative to showing a ballot.

HB 1243-FN-L, relative to storm water or sewage penalties.

HB 1263, authorizing municipalities to use form-based codes as an alternative zoning regulation.

HB 1318, relative to sex offender registration.

HB 1359, relative to the tax credit for service-connected disability.

HB 1360-FN, establishing a credit against business profits taxes for media production expenditures in New Hampshire.

HB 1402, prohibiting the state and political subdivisions from acquiring military-equipped vehicles or equipment which are not readily available in an open national commercial market.

HB 1546-FN, permitting the audio recording of a public servant performing a public function.

HB 1557-FN, relative to alcohol and drug treatment programs.

HB 1610-FN, legalizing the possession and cultivation of marijuana for personal use.

HB 1614-FN, relative to the criminal penalty for prostitution.

HB 1621-FN-L, relative to sanctuary cities.

HB 1673-FN-L, establishing a cash balance plan within the state retirement system.

HB 1699-FN-A-L, establishing a licensed alcohol and drug counselor in the bureau of emergency medical services to develop a training program for fire and emergency medical services personnel and making an appropriation therefore.

HB 1701-FN, relative to specialty care in drop-in or walk-in clinics.

HCR 10, requesting an investigation on whether benzodiazepines contribute to suicides by veterans.

SB 219-FN, relative to breastfeeding.

SB 492-FN, relative to expenditures from the energy efficiency fund.

SB 540-FN, relative to the possession, use, or sale of kratom by any person under 18 years of age. SCR 3, applying to the United States Congress to convene a limited convention for the exclusive purpose of proposing amendments to the federal Constitution concerning election reform that do not abrogate or amend the first amendment to the federal Constitution.

SCR 4, applying for an Article V convention to propose an amendment to the Constitution of the United States that imposes fiscal restraints on the federal government.

CACR 5, relating to legal actions. Providing that taxpayers have standing to bring actions against the government.

CACR 13, relating to the administrative head of the courts. Providing that the chief justice of the supreme court shall make rules governing employees of the courts and the practice and procedure to be followed in the courts.

CACR 16, relating to parental rights. Providing that parents have the natural right to control the health, education, and welfare of their children.

CACR 17, relating to domicile for the purpose of voting. Providing that only a resident of the state may establish a domicile for the purpose of voting.

CACR 21, relating to the attorney general. Providing that the attorney general be chosen by ballot of the general court.

CACR 23, relating to the warning of biennial meetings. Providing that the selectmen are not required to be present to receive the votes.

CACR 27, relating to the operating budget. Providing that the state shall not spend more on operating budget expenses than it receives in revenue plus any surplus from the previous budget period, or use the proceeds of any instrument of indebtedness to fund its operating expenditures.

At the time of adjournment from the 2016 session, the following House bills remained laid on the table in the Senate:

HB 629-FN, relative to induced termination of pregnancy statistics.

HB 1153, prohibiting a political subdivision from adopting residency restrictions on sex offenders.

HB 1156, relative to interference with traffic devices.

HB 1231, relative to school district policy regarding objectionable course material.

HB 1247, relative to poker in private residences.

HB 1252, permitting employers to pay wages to employees weekly or biweekly.

HB 1356, relative to construction of the terms "resident," "inhabitant," "residence," and "residency."

HB 1570-FN, repealing the law governing access to reproduction health care facilities.
